BEASTIALITY STORIES

The things I see on this job. I work as a maintenance splicer for the phone company. So, I'm in and out of a lot of neighborhoods. I was in this middle class neighborhood. The homes in the lower five price range. A lot of joggers, bike riders and dog walkers.

I had a side walk box open in a fairly heavy traffic area. I like these boxes, you get to see all the pretty ladies. The hot teens on their way to school and meet some interesting people.

People were going by when I noticed this nice looking lady in her late forties. She was walking pretty large size dog. The reason they got my attention was because she was overly affectionate with this dog. Kissing it in the mouth. Stroking him and the thing I thought was really odd was how the dog kept putting his nose in her crotch.

I watched them for a few and the dogs thing started to appear. Something is afoot there, I thought to myself when the dog began to bark. He was really excited, his pink cock was fully erect. She kept pushing his head from her crotch. Telling him no, bad boy, you're a bad boy. Not now, you bad dog not now as she yanked him by the chain.

Once they were out of view I just shook my head. I had heard of women having sex with dogs, horses and donkeys. But, I had never seen the act before and really didn't believe a woman would do such a thing.

Lunch time, what to eat. Think I will head to the deli and grab a sandwich. As I drove out of the neighborhood I saw the lady with her dog go to a gold and brown house. I don't know what made me stop, but, I did. I had a hunch she was getting ready to have sex with her dog.

I had to see this if I could. The gate was unlocked and I looked around to see if anyone was looking. Quite as I could I entered the yard. Praying that dog was in the house and not out back. My heart raced as I rounded the corner to the back of the house.

Good, the dog is in the house as I looked for a window. Just my luck, I found a window, it wasn't open, but, I could see into the house. When I peered in I saw the lady walking around in her panties. She was in good shape for a woman in her late forties.

Her hair was short cut in a nice style, her skin was smooth and creamy. Her breasts were full with no sagging, her hips round. Her tummy was flat, her thighs toned and her ass firm. Damn.....I wouldn't mind hitting that.

I watched as she strutted around arranging pillows in a heap. She laid back on them and I had a nice view of her twat. She teased her nipples and they became erect as her eyes rolled back in her head. I knew this was a good idea as my dick began to stiffen. As I watched her roll her nipples between her forefinger and thumb. She spent awhile teasing and pinching her nipples. All the while her thighs rocked open and close.

The creamy white skin around her nipples became red she stroke them so much. Her lips parted and I know she was moaning even though I couldn't hear her. Her right hand ran down to her waist where she pushed it under her panties waist band. Her thighs fell open as her hand found its mark. I imagine she was stroking her now wet, swollen clit. Her face was flush and her hand looked to be picking up its pace.

I guess her panties were in the way as she stood up and took them off. Her pussy was so moist it glistened when the sun hit it. She settled back on the pillows and continued to fondle her wet snatch.

She used her two middle fingers to caress her love button as the wetness ran down her inner thigh. She was so hot as I watched her and my cock throbbed. Then she sank a finger in her hungry holethen a second sank in, my penis almost leap out of my pants. Her pussy was soaked.

I had to let my prick out or it was going to burst out my pants. I loved the way she pleased her self, the care she took to rub her clit. I could tell she has been at this all her life. The experience those fingers had as she worked her self up. This caused me to grasp my meat as I eyed her every movement. My cock throbbed in my hand as I pulled back on my fore skin. Wishing it was my fingers fucking that tight looking wet coochie. Squeezing and teasing those nipples as I enjoyed the sounds of her horny moans.

Just when I thought it couldn't get any better, I saw her pucker her lips and look around. A few seconds later her dog appeared as she laid there spread eagle. The dog sniffed around her thighs then placed his I guess cold nose on her pussy. I say that because I heard her squeal out side.

It didn't take the dog long to figure out what it's mistress wanted. He began licking her wet pussy with his long thick tongue. I couldn't believe what I was. I knew it.....I knew it... that dog was just to comfortable when she was walking him earlier. Now my hunch was playing out right before my eyes.

He really enjoyed the taste of his mistress's pussy as he lapped at it like a juicy stake. Her eyes roled back in her head and she quivered with every lick. Her fingers returned to her nipples as the dog licked her cunt. She pinched and twisted her erect nipples like a mad woman. I never seen a woman shutter like that before as the dog licked her from her ass hole to the tip of her clit.

At times she had to push the dogs head back to catch her breath. But, the dog was in there now and she really couldn't stop his hot tongue. She would push and close her thighs only to have the dog force his head back between her legs. Her breathe was short and her moans became intense as the dog found her clit again.

It was the most erotic thing I had ever seen. Here was this lovely middle aged woman. Still sexy and ready with her dog licking her wet, hot pussy. Her tummy quivered as the pleasure gripped her. At times her thighs would lock around the dogs head when he was roving her world. She would guige the dogs head to where she wanted to be lick at times. Other times she would grab the pilliows and clinch them because the estascy was overwhelming.

The dog finally stop licking her and started yapping like he was hurting. I looked down to see his swollen cock, this dog was huge and ready. He was going crazy with lust as he did simi-circles while she grabbed some socks. Socks I thought..... what in the world are she going to do with socks.

She had to fight with him to put the thick socks on his front paws. The dog kept trying to hump her leg as she got the socks on him. She then grabbed his dick and stroked it a few times. I guess to make sure he was good and hard.

The lady then got on her knee's and put her face in the pilliows. She opened her thighs and the dog didn't waste any time. Putting his sock cover paws on her back and began humping. He was no where near her pussy, but, that didn't stop him. He finally manged to poke her in the thigh, but, that long cock couldn't find the pussy.

She finally reached back between her thighs grabbed his cock. She guided into her wet twat. The dog was already in full motion as his prick humped into her. She yelled ooooooooooh, yessssss as his pink meat fucked her streching cunt. The dog went rooh, rooh as he fucked her pussy very quickly.

I could see that tender pussy being streched by his massive dick. Giving in to his powerful thrust as

she pushed back on his pole. Her moans were focused while her pussy was being pounded. The dogs tongue wagged as his penis humprd faster and faster into her quivering coochie.

I pumped my own dick as I watched the action. Wishing that was my cock fucking that sweet pussy. I might not be able to stretch her cunt like the dog was, but, she wouldn't have to help me into her snatch. I could also play with her nice melons while I pumped that pussy.

Just as my nuts began to erupt the dog howled and I watched him exploded all in her cunt. She too yelled out in estascy as glob after glob pumped in and oozed out the sides of her twat. Yesss.....yesss.....I heard moan as her body was rocked with pleasure.

I came so hard, my man juice flew about ten feet to paint the side of the house. I thought I would never stop cumming as I pumped my cock. Plus I was so hard I could of poked a hole in the side of her home. Talking about being turned on.

But, the show wasn't over, the dog returned to all fours and sniffed her ass. She was still quivering from the asome fuck she just recieved. His tongue went back to work on her pussy and ass. Licking long and hard, this time starting from the tip of her clit and ending at her butt hole. Her body jerker violently when ever his hot tongue licked her clit and ass hole.

This went on for another few min until she lifted her head up and howled at the ceiling. I'm Cummmmmmmmming and for the second time in about fifteen minutes I shot another load onto the side of the house. Dayummmmmm.....I yelled out as everyone in the house scramble at the nose. The dog started barking the lady ran to the side door as I tried to force my cock back in my pants. While running for the gate, to slow as the door flung open.

There I was face to face with the lady I had been wacking off to for the past forty five minutes. What the hell you think your doing back here, she demanded? Then she got a look at my semi-hard dick. She quickly put two and two together and a wicked smile came over her face. You have two choices she said with authority!

Either come in here and fuck me or make a run for it as I call the police. She returned her focus to my cock as I thought about what to do. Should I fuck this hot ass woman, who has just been fucked by a big dick dog or should I run? I'll let the readers decide weather to continue this story. What should I do??? Part two depending on the feed back.
