## BEASTIALITY STORIES

(c) 2009 by Carolyn Matthews

If you have not read the first few stories, then let me bring you up to date. My daughter Amy and I both love large "Great Dane" dogs, so about a year ago we bought a six month old male and named him "Damien". A few months ago, my daughter and I started noticing that Damien would get an erection whenever he saw us walking around the house naked. One thing led to another and now my daughter and I are now having regular sex with him.

Anyway, Amy decided to start training him for dog show competition a few months ago and this morning we are going to her first event. It is being held at the County fairgrounds and starts about one o'clock this afternoon. I yell at Amy to hurry up in the shower because it is getting late, then a few minutes later she runs into the kitchen. She throws her skirt on the table, then starts buttoning up her blouse. I take another sip of coffee, then say to her "Amy, don't you think you should wear a bra and panties today? There will be about a hundred or more people watching you walking your dog around the arena. Amy replies to me "Oh Mom, you know I never wear underwear, and I am not going to start today."

She slips on her skirt, tucks in her blouse, then I tell her "Jesus Christ Amy, at least button your blouse up all the way! I can see your nipples when you lean over!" Amy ignores me, then we go out to the garage and put Damien in the back of our Subaru station wagon. Within a few minutes, we are on the interstate and arrive at the County fairgrounds right on time. Amy registers her dog, then we take him over the stables attached to the arena so we can brush him.

After a while, I leave Amy and walk out to the arena to watch other competitors. They all have nice dogs, but I bet they have never seen a great dane the size of Damien, and Amy has trained him well. After a few minutes, I hear over the public address system "Next is Amy Matthews with her dog Damien!" Amy comes walking briskly into the middle of the arena leading her dog. She makes a couple of passes around the judge, then another button on her blouse pops apart! Oh my God, Amy is so excited about showing her dog that she does not even notice her naked breasts bouncing around for everyone to see!

The judge waits for a few moments, then tells Amy to bring her dog over in front of him. The kind judge leans towards my daughter and says something to her. Immediately, Amy looks down at her blouse, then buttons it back up. The judge pauses until Amy is finished, then goes back to examining her dog. He runs his hands over Damien a couple of times, then stands up and writes the scores down on his clipboard. Suddenly, Damien sticks his nose underneath the back of Amy's short skirt and lifts it up! Oh my God, Amy is not wearing any panties and her white ass cheeks are on display for everyone to see!

Amy just stands there, but the judge pushes Damien away from her, then tells her the news that she is in the finals! She is so happy! She squeals with delight then runs with Damien back to the stables. I take a quick bathroom break, then get us a couple of sodas and bring them to her. When I walk into the stable, I notice that her dog is sporting a huge erection! I say to her "Oh my God Amy, Damien's cock is hard and it almost time for the finals! It will never go down in time unless you take care of it right away!" Amy replies to me "Oh Mom, I have never wanted anything more in my life to win this competition, but there is no place around where I can let him fuck me!"

Amy starts crying, then I tell her not to worry! I grab her hand and she brings Damien along while we run out the stables to a wooded area between the arena and the interstate. There are lots of trees and nobody from the fairgrounds can see us, but people on the interstate driving by will be able to. I tell Amy to quickly take off her clothes and hand them to me because I don't want her dog's sperm on them. Damien is really excited and jumps up on Amy's back and knocks her down on her

hands and knees. He immediately mounts her and after just a couple of tries, his big pink penis penetrates her pussy. Damien starts fucking the hell out of Amy and she starts moaning loudly. I tell her to stop being so verbal because there are people walking around just thirty feet away from us! It doesn't take but a couple of minutes for Damien to finish, then he stands motionless while his penis ejaculates in Amy's pussy.

My daughter looks up at me and smiles, then says "Oh Mom, I love it everytime when he pumps his sperm inside me!" We wait until Damien dismounts then Amy and she gets to her feet. Luckily I grabbed a cloth towel from the stable, so I wipe between my daughter's legs, then she gets dressed. We run back inside the stables, and notice everyone is leaving. Suddenly, we hear over the public address system "Everyone! The finals have been postponed until five o'clock! Please enjoy refreshments and get your self something to eat at one of the many vendors!"

Amy looks over at me and says "Gosh Mom, I hope Damien is satisfied enough for today! I don't want to have to go through this again!"
