## BEASTIALITY STORIES

(c) 2007 by neverumind

My name is Ken and my wife is Kaye, and we have been married for almost 33 years. Our sex life started off with a bang, and we had sex every night- but as time wore on, this activity dropped rapidly to almost zero. In fact, as I write this story, we haven't had sex in 2 years. In order for me to obtain some release, I masturbate frequently.

We both are in our mid-fifties, so it's not like we are spring chickens. So, it seems as we have settled into our non-sex lives and I guess we will live out our lives in a platonic state of existence. All this leads up to what happened about 2 months ago.

Kaye had had a severe problem with her left knee. Her knee cap would just lock up and not move as it should. You can imagine the multitude of problems that this created; and she finally decided to do something about it. She made an appointment with a surgeon, who suggested that the only way to solve this problem was through surgery. They would have to insert a couple of screws on either side of her kneecap and then stretch her ligaments in order to place her kneecap in the correct position.

Well, she went through the operation and needless to say, she was in a lot of pain. The doctor told her that she would have to wear a knee brace and use crutches for about 3 months. The thought of having to be stuck with crutches and having her mobility shut down was not something that she was looking forward to. I stayed with her for a week and waited on her hand and foot, but I had to get back to work.

I came home one day at my normal time and found her on the floor holding on to her crutches. "What happened", I asked.

"I just slipped and fell, "Kaye responded.

"You have to be careful", I told her.

Well, the next weekend our youngest daughter came home and brought her dog with her. The dog's name is Bruno, and Bruno is a great dane- very elegant, very sleek and very big. Bruno goes where he wants to go, because of his size.

Our daughter had to go back home, but she left Bruno with Kaye to keep her company.

A week later, I came home and Kaye had fallen again. As she was sprawled on the floor, laying on her butt, her legs were gaped open and Bruno began sniffing Kaye's pussy. Of course, Kaye hollered at Bruno to stop , but it seemed as Bruno was really enjoying the sweet smell of her crotch. Finally, Kaye pushed the dog off her. As she did this, she looked up and saw that I was standing there watching this episode. She blushed and just shook her head.

"It looked like ole Bruno was enjoying himself down there", I laughed.

"Oh, hush, that's disgusting", she responded.

We both laughed and nothing more was said.

It was time that I needed to wash the clothes; so I rounded up all the dirty laundry and popped them into the washing machine- including the pair that Kaye had on. As I picked up the pair that she had just had on, I noticed a spot that had a big wet spot- right where her pussy would have been. Now, this was interesting, I thought to myself- was she getting off as Bruno was licking her cunt through her panties?

That night at dinner, as Kaye was sitting at the table with her legs spread open (she had to sit like this in order that her left leg was immobile) with her left leg propped onto a chair. I notice that Bruno would get under the table and begin licking Kaye again. She tried not to pay any attention to this, but I could tell that she was being affected by this and she was slow in telling Bruno to stop. She made a few feeble attempts in getting the dog to stop until I made Bruno quit.

"I don't know what is wrong with that dog" Kaye said.

"It seems that he is horny", I responded.

Kaye just looked at me and shook her head.

I could tell that Bruno's licking was having a tremendous effect on Kaye, whether she wanted to admit it or not.

The one day something happened that would change our sex lives forever.

I arrived at the house a little early this day. As I was getting ready to open the door to the house, I began hearing some strange moans. As I looked through the window in the door, I saw that Kaye had appeared to have fallen again. She was sitting on the floor on her butt with her legs open. And there was Bruno licking Kaye's crotch with gusto. Kaye's eyes were about to roll back into her head as Bruno began to lick harder and faster. Then Kaye did something that I couldn't believe - she pulled on the crotch of her panties, so that Bruno could get to her wet pussy. Bruno - as he had an open access to her pussy began licking with wild desire.

Kaye began yelling, "OH Lick me Bruno- stick that wonderful tongue into my pussy and lap up my juice."

I then backed away so she wouldn't see me. My mind was whirling. Had I just seen my wife open herself to a dog and then for her to get off on his licking? What else would she allow him to do? Surely she wouldn't go any farther than that!

As I came out of her daze, I heard a voice talking to Bruno. Kaye was now talking to Bruno as if he was a human- and what she was saying was unbelievable. "We can't do anything now because Ken might come home at any moment, but tomorrow, we are going to have all day to ourselves and we can fuck for hours."

"What!!! my wife is going to let a dog fuck her!" I was stunned by this revelation and I had to see this for myself.

So, the next day I pretended to go off to work but I had actually called out to my job.

I got in my car and drove down the road and then parked my car and walked back to the house. Since the last episode had happened in the living room, I figured that I could find myself a good spot in one of the closets so I would have a good view of what was going on.

Within a few minutes, Kaye came in with Bruno and he was all jacked up. It was as if he knew that he was going to get her some pussy today and he couldn't wait. I could tell that my wife had no panties on as she sat down on the sofa. Bruno immediately dove for her wet pussy lips. He was lapping her cunt so hard that she was afraid the neighbors might hear it- but of course they couldn't.

After about 15 minutes, it seemed that Bruno was trying to get Kaye to turn over and get on her knees. Finally, she got the message.

"Oh, Baby, you want me to get on all fours, so you can fuck me from behind- is that right honey. Well, here it is, just for you."

As Kaye got on the carpet on all fours, I could see Bruno's dick- god, it was huge- at least 12 inches long. He will either rip her up or he will stretch her so much that she would be no good for anyone else.

As Bruno proceeded to mount Kaye, she reached around him and grabbed his cock and began to smile. She knew that she was going to have the fuck of a life time.

Then, he entered her- all 12 inches- and he fucked her like I have never seen before. His piston-like cock rammed and rammed her insides with his monstrous weapon. Kaye began screaming, "Goddamn it, what a cock!!! fuck me Bruno- I want to feel your hot cum inside my gaping cunt. OHH SHIT!!!! AAAHHHHHHHHHHSHIT!!!!!!"

I heard sounds coming from my wife that I have never heard before- high pitched screams and then low guttural groans- like the exorcist. I was hiding there watching this dog fucking the shit out of my wife. I could take it no more; I opened the closet door and stepped out to a look of terror on my wife's face- but the wonderful feeling that my wife was experiencing was far more powerful than her worry about what I was going to say.

She then looked at me with a look of "I don't care what you are going to say, I have to have this feeling forever."

Then Faye spoke, "I never knew that this feeling could exist- and I am not willing to give it up. I want Bruno to fuck me every day whether you agree or not." I knew that there was nothing that I could do, so I gave in.

Just then, Kaye began screaming again, and I knew that she was reaching an orgasm and that Bruno was shooting his sperm into her cervix- down deep

"He is still shooting up into me". Kaye said

'will he ever stop? But it feels so good and so hot," she smiled.

I may as well get in on the action as I dove into her muff and began sucking the juices from her soaked cunt with a mixture of dog cum and Kye's juices. NOT BAD I thought If you can't beat them, then join the.
