## BEASTIALITY STORIES

(c) by FOXI

The weekend came fast and Dani and her husband Karl couldn't wait for the fun to begin. At least once every month they promised each other that they would have a sex weekend where the doors to the apartment were locked, the phone shut off and they did nothing but have sex all weekend long.

They didn't have children yet but they did have Max their big dog who they spoiled and treated like one of the family. Dani loved Max and often paraded around the house naked without a thought of how it might affect the animal. But Karl could see the way it drove the dog crazy even seeing Max lick himself and then hide in some corner frustrated.

God he knew that Dani was one hot pussy. Though she was petite she was perfectly proportioned. Her body was slim and athletic. Her breasts nice handfuls with thick hard nipples. And the best tight round ass you could ever want.

Dani had few inhibitions and that really turned Karl on. They liked to share fantasies during their weekend sex romps that only heightened the pleasure they were giving each other. Karl loved her being so dirty and nasty. Any other time she was quiet and completely different to those who knew her. She loved her sex weekends because she could be a whore for Karl and not feel the least bit bad about it.

Karl bought the liquor for the weekend and any food they might consume. Though food was the last thing both had in mind. That night they quickly shut and locked the doors and shut the phone off and got naked. Karl made strong drinks and put a porn film on their big plasma set.

Dani loved to watch the girls fuck on the screen and commented on what she loved about them. How they sucked cock or pussy driving Karl wild. She made sure to suck his cock between comments making him harder than a diamond.

Tonight Karl had a plan. Mostly a desire to make something very hot and sexy happen. After they made love Karl got another strong drink for his hot wife and relaxed in front of the TV. She was watching two girls eating each other out as her hand was rubbing her clit. He knew she was so horny and ready for anything.

"Let's play dare babe," came Karl's whispering in her ear.

Dani moaned as he kissed her ear. Her fingers played upon her clit faster.

"You mean that game where if you lose you have to do whatever the person asks of you?"

The coy smile made him smile also. Her nipples were so hard and swollen. Even her cunt was soaked and her ministrations were making her vaginal lips make sticky noises.

"That's right babe. You lose and you have to do whatever it is I want you to do. The word 'no' is not in the equation."

She moaned as he leaned down to suck on one of her nipples. On the screen the two girls were now sharing a double ended dildo and taking it deep.

"Anything?" She whispered sexily.

"Anything!"

"How do you get started?" came her slightly slurred voice. The drinks were a godsend. She was always so damn fucking horny when she was drunk.

"We get a deck of cards and see who gets the higher card. If you lose..." He smiled.

He went to get the deck of cards and shuffled them and placed them face down on the floor between them. He left the living room door open on purpose in case he won.

They began. He lost the first round and Dani made him suck her clit till she came. Her pussy squirted hard over his tongue and face. Her body shook from the orgasm.

The next round was lost by her. He looked at her with mischievous eyes and she smiled waiting for her sexy punishment. Instead he whistled loudly. Dani confused saw Max come into the room his tail wagging and his nose in the air smelling the sexual heat.

Karl began to kiss her hard his tongue deep inside her mouth as he opened her legs wide. His fingers found her clit and began to pull on it making her cry out in pleasure.

"Are you ready for your dare?"

She looked at him with half closed lust filled eyes.

"What are you up to honey? Why is Max in the room with us?" She asked as her body was experiencing the ministrations of his fingers on her pussy.

"Your dare is to make out with Max for thirty seconds."

His finger slid deeply into her wet cunt as her legs opened wider allowing him better access.

"Come on honey you cant be serious." Came her breathy voice as she felt her next orgasm coming on strong.

"I am babe. I see how Max wants you and you know how much you turn him on parading around the house the way you do."

She could see Max standing close by her watching Karl's fingers dipping into her wet pussy and closed her eyes as a wave of pleasure overtook her. She knew that her body made Max crazy and he often licked himself. Tonight it seemed he had a friend who wanted to let him get his licks in elsewhere. She would do it only to play the game out to the end.

"Alright honey Ill do it. Thirty seconds?"

"That's right babe. I bet you like it too. Poor Max is been wanting to get to you for a while."

"Mmmm, I know honey, I know."

Karl called Max over and told his wife to start by kissing him. She placed both her hands on either side of Max's face and planted a wet kiss on his muzzle. But Max wouldn't have any of that and licked out catching her mouth full sliding across her lips and partially entering her mouth.

At first she drew back a bit realizing that Max was kissing her too. She could hear her husband counting down and moved close to Max again this time allowing the dog to lick her better. He was quick to respond as his tongue drove into her open mouth tangling with her own. Her body responded much more to this sexy kiss than she realized as she moved closer to him her breasts

pressing into his furry chest.

His wet long tongue licked in and out of her mouth as she pressed her mouth against his. His front paws were on either side of her and it was then that she felt the hot wet thing resting on her leg. Max's huge cock was out in full, knot and all, resting against her leg. The hot red spear of a cock made her breath catch.

Karl had gone way past the thirty seconds watching with a smile on his lips. She was caught up in the sexual heat of the moment and didn't realize he had stopped counting. Max was slowly beginning to rub back and forth against her leg leaving a wet trail.

She looked at her husband and smiled wickedly.

"You planned this didn't you, you bastard."

Max licked at her mouth and she responded in turn by taking his tongue deeply into her twisting her tongue with his.

"Yes I did." He laughed.

"My god Karl he is a handsome devil isn't he?"

Karl his hand pumping his huge cock only smiled. Max his body pressed against hers only whined as she reached down to grasp his huge doggie cock.

"It's so hot Karl... so big."

"And it's all yours babe. He's been wanting to fuck you for so long. Its time to give it up to him you hot little whore."

She smiled sexily. Her body on fire at just the thought of letting this beautiful beast fuck her. His cock was bigger than Karl's. She also noted the big knot behind it and that only made her hotter for it. She stroked his cock lovingly and Max began to hump her fist.

"You poor baby. You need to fuck a hot little bitch don't you. I can be your hot bitch Max. Want me?"

She turned around her body resting on the couch behind her and her ass high in the air. She spread her legs wide giving Max the ultimate view of her assets. Her cunt was soaked and wide open and she patted her ass and called him to her.

Max waited all of a second as he mounted her. His front paws wrapped around her tiny waist and he began to hump against her. She reached around and grasped his cock and placed it at the entrance to her wet cunt and felt Max drive deep. She grunted as he wasted no time fucking her fast and hard.

"Ughhhhhhhh! Oh god Karl! He's so fucking huge! Ohhhhh!" She cried out.

Max's cock slid wetly and deeply into her with each thrust till his knot banged against her pussy. The sounds of wet sticky cum emanated from Dani as she fucked back against the dog driving him deeper into her.

She began to cum hard squirting around the big cock. Max his body against hers pumped harder driving the big knot further and further into Dani till it popped past her opening and slid deep into her locking them together.

Dani grunted feeling the pressure of the swelling knot and then the hot splashes of his cum as he shot load after load into her hot pussy. She cried out in orgasm as she felt his cum heat her womb and slowly dribble out of her.

He remained still for about ten minutes and then pulled out of her. Hot rivers of dog and human cum oozed out of her to the floor below. She looked at Karl who also came hard and smiled.

“I hope your both happy now. I guess this means I have two men in the house to take care of?”

“Max will appreciate it babe.”
