## BEASTIALITY STORIES

## Part 1

Katy would never accuse her grandpa of being a pervert. Even when he gently pawed her young teenage body whenever no one was looking, she still loved him dearly.

He was her grandpa, but he was also a harmless lonely male with needs, so she let him play with her young body, out of a mixed combination of love, pity and a sweet pleasure she could not admit.

That was Katie's excuse whenever he would sit her on his lap and gently caress her thighs. Or when she was bending in front of the refrigerator and would caress her firm soft bottom from behind with a playful wink.

Jake of course knew how his shy granddaughter felt about his petting, she received pleasure through the need to please him, so he took full advantage of her young tender firm teenage body. But he would never hurt her in anyway, he loved the sweet girl to death. He knew Katy liked it too, or else why would she always sit still and obediently while he petted her young smooth body blushing sweetly.

"You want to come to the beach?" he asked her smiling one morning as his large hand swiped the side of her young firm boob over her loose t shirt. Katy blushed sweetly as she served her granpa his breakfast. She was staying at his farm for a week before leaving with her parents for their summer vacation.

She yelped when a large brown pup jumped on her grandpa's lap.

"Are we taking Storm with us?" Katy asked leaning forward petting the pup's soft fur. "Sure, the guys love Storm." Jake smiled staring at her boobs from the top of the loose t shirt. Katy blushed and let him take a good long look before washing the dishes.

The guys were grandpa's two best friends. Hank was playful and Tom was kind of timid in a cute way. Katy liked them, they always made her laugh. At times she would catch them stealing peaks at her body when they thought she wasn't looking. But she would never tell on them, they were harmless.

Two hours later they were laying on their beach towels under a large tree. Tom and Hank hadn't arrived yet so Katy played with the young but large pup running back and forward on the warm golden sand.

She noticed her grandpa was openly staring at her bouncing boobs whenever she ran and she blushed, even though the beach was empty. It was a little beach stretching in front of her grandpa's farm, and they were the only ones who enjoyed it since it was blocked by large rocks at both ends.

Katy sat on her towel next to her granpa panting. Granpa of course reached out his large hand and palmed her young firm boob over her bikini top. He gave it a couple of firm squeezes before releasing the young flesh. "You have grown into a lovely young woman Katy," he said softly before caressing the teenager's shoulder. Katy felt goose bumps erecting all over her skin.

Her granpa was getting bolder as she grew older. "Grandpa," she said softly, "what if your friends see you?" she asked bringing up their private little game for the first time.

Jake chuckled running a thumb over her erect nipple poking at her bikini top, making the teenager shiver. "They would be jealous." Katy giggled shyly but felt a soft throb deep in her pussy. The thought of grandpa's friends watching them made her softly rub her young thighs together. The

experienced man noticed and smiled satisfied.

"Sit on my lap sweetheart," he cooed at her like he did with the pup. Katy blushed again unaware of the affect her sweet inosence had to the old man. She knew her grandpas friends would be arriving at any moment, but her need to please her grandpa was stronger.

She timidly sat sideways on his lap and already knew she would feel his hard cock pressing on her bottom like always. Under her bicini bottoms the male flesh felt harder than ever.

Jake would run a finger over his granddaughter thick erect nipples while occasionally lifting his hips pressing his aching member on her soft bottom for some relief. "Its ok honey, I would never hurt you" he assured the blushing shy teenager before swiping his tongue over one of the hard knobs over her bicini.

Satisfied he heard the girl moan softly. Katy feeling secure her grandpa had drawn limits, felt juices soaking her pussy and hardly noticed Tom and Hank arriving. Jake did though and was softly caressing her arms and sides keeping away from her boobs.

The guys grinned noticing the blushing teenager and her grandfathers hands running up and down her arms. All three men shared the same fantasies for the girl and during an evening after some heavy drinking had confessed them to each other. After all there was nothing wrong with fantasies. Tom and Hank had suspected Jake was not limiting himself to fantasies so they were not very surprised seeing Katy on her grandpas lap.

Feeling bolder Hank this time openly looked at her boobs for a few moments before smiling to his friend. " Your granddaughter has become a beautiful young woman."Katy blushed but smiled with satisfaction. All three men had been farmers all of their lives and they still had strong hard bodies, with hard muscled chests even if their bellies bulged slightly they were very attractive for their age.

"I know,"Jake said running his fingers at the side of the girls boob. Katy eyes largened and she blushed when the guys stared with bulging eyes. But she sat obediently on her grandpas lap without moving an inch for his pleasure.

"That's a good girl," Tom praised her smiling his approval, and pleased, watched the girl smile timidly.

" Katy is the best granddaughter in the world." Jake thumbed her nipple softly for a few seconds to the guys shock. Hank swallowed hard, " I wish I had a granddaughter " he said and the men burst laughing. Katy giggled neversouly eying the mens reaction. They didn't seem discusted by her grandpas actions and her submission, so she relaxed a little.

To her relief Storm jumped on her lap and she hugged him hiding her chest from the mens lustful stares. But when Storm grabbed one of the triangles covering her tits and yanked it with its sharp teeth, Katy yelped. "Shhh, it's ok baby"her grandpa said holding the triangle from the other side, "calm down sweety you don't want him to nip your nipple," Tom said with geniune consern.

But Storm refused to let go of the little elastic material witch felt pleasing under his teeth. When it was obvious he wasn't letting go grandpa sighed. "Sorry baby, as much as I will enjoy it and I'm sure so will the guys, there's no other soloution you will have to give it to him."

Storm had already dug his teeth in the bicini top and had already torn it slightly. It was useless, she would have to take it off anyway.

"Don't mind us sweety, it isnt as if we havent seen boobs before."Hank grinned and Katy felt her face burn. She was planning on wearing her t shirt after giving them a quick view, but when she saw

the older mens eager look she bit her bottom lip.

"It's ok baby, theres no reason to be shy, no one is around."

She was glad her grandpa reached behind her to undo the strings, her hands were trembling too much. She lowered her eyes with her hands nervesouly glued to her sides when she heard the men hiss with plesure.

"Oh man I have got to get me a granddaughter," Hank groaned roaming his eyes all over the lucious young round breasts topped with thick pink nipples. Both friends had only grandsons.

Katy stole a peak at Tom, he was licking his lips. She felt her bicini bottoms soak with fuck juices. She whimpered sweetly to the mens delight when grandpa trapped one of the thick nipples between two fingers and rubbed gently.

"Don't forget the other one," Tom pleaded and Jake chuckled. "Now they are even," he said smiling to Katy. They were all staring at her cringed pink nipples with lustful eyes, and Katy soon noticed the large bulges poking at their swimming boxers.

"Sorry honey, I cant help it," Hank grinned and Katy looked down in her lap blushing. She could feel her grandpas cock throbing under her bottom and she shivered.

"Its ok," she said in a small voice but her inner females need to please a male..or three, was thrilled. "Go play with storm baby," her grandpa urged her grinning and Katy blushed again. Jake didn't even bother hide his erection and his friends grinned looking at the girl. Katy felt her face burn and ran towards the waves calling Storm. The pup barked enthusiastically.

Soon all men were drooling at the the firm bouncing naked young globes, and Tom groaned when the half naked young teenager knelt down hugging the large pup. One of the mens fantasies was to see Katy on all fours fucked by a goat or a dog.

After all they had all grown up in farms and they had watched a drunk girl get fucked by a goat once when they were younger.

She returned to her towel, and to Toms delight still holding the pup. She hugged him tightly enjoying once more his soft fur rubbing on her sensetive nubs, unaware of the affect it had on the men. It felt so nice she deliberately held the pup close to her chest pretending to be playing with him, and calling him a bad puppy when he lapped on her boobs. She didn't fool anyone though.

The men were drooling like puppies.They had noticed the young girl rubbing her thighs together unconciensly respoding to the natural need which was building inside her pussy, the need to be filled and stretched.

To the mens delight, the pup once more showed interest to what was left of the girls bikini. "Bad puppy," Katy scolded blushing furiously when Storm latched his teeth on the strings of her bicini bottoms.

"I swear that pup is hornier then we are." Hank chuckled with lustful eyes and all men burst laughing. To Katies relief and the guys disappointment the pup released it. Katy shooed Storm away and sat on her grandpas lap.

"For a moment I thought I would be lucky" Hank winked and Katy felt her cheeks burn. He looked disapointed and she bit her bottom lip. Jake already knew what that meant , so he carefully hugged his granddaughter closer to his chest. "What do you say baby, do you want to make Hank happy?" he whispered loud enough so his friends could hear him.

Katies innocent eyes largened and she looked at her grandpa surprised. But Jake felt her grind her young bottom just a little on his cock.

Hank and Tom panted not daring to believe the girl would take it off.

"Its ok babay, its just us, Im sure you have a pretty pussy and you will make us very happy if we see it." He felt Katy shiver when he mentioned her pussy on purpose knowing the girl would respond. He could already feel the heat of her sweet pussy on his cock through the elastic material.

The mens jaws dropped when Jake slowly reached for the strings at her side and undid it. Katy looked equally shocked but felt her pussy drool. She felt embarresed but her need to please the men was stronger. She bit again on her bottom lip and squirmed a little so her grandpa could pull off the bicini bottoms. All the time she was looking into her grandpa eyes and only turned away when he threw the little black bicini bottoms towards the pup.

Storm grabbed them and ran off happily.

To Katies horror the honey curls along her plump slit were matted with her juices and the males around her could see it too. She jumped in her grandpas open arms. "Shh baby" he comforted her on his wide chest, " you are so beautiful there is nothing to be ashamed off."

Katy was aware the other two men had a good view of her naked round bottom and moved to her side crosing her legs. But to her relief the men stopped looking. " I suddenly feel very thirsty" Hank anounced getting beers out of the portable fridge. Jake chuckled securing his naked granddaughter on his lap, delighting on the feel of her naked soft skin. All men purposly didn't pay her any attention so the girl would relax. The last thing they wanted was for the girl to cover herself.

It worked, Katy relaxed a little in her grandpas arms. "I cant believe what I did," she said in a small voice. "I can't believe my luck" Hank chuckled, and they all laughed hard, even Katy giggled a little.

When Hank offered her a soda she turned slightly giving the men a good view of her round boobs. Jake took the oportunity to warm up the girl again. He thumbed a nipple and felt the girl tremble in his lap. He stopped so she could sip on her soda before groping her tit flesh molding it gently. Katy leaned on her grandpas hard chest and whimpered with satisfaction.

Her need was building especially when Jake moved his large hand on her hip. " You're lovely baby" he whispered on her ear. When his granddaughter didn't move away he continued to rub the soft smoothe skin getting her all hot and bothered. Katy was aware the men were staring again with dark lustfull eyes and her pussy secreted more fuck juices.

"Jezzus baby," her grandpa said in alow voice but loud enough to be heard by his friends, "you've soaked me." Katy felt her face burn when the men grinned. She didn't understand her grandpa did that on purpose , knowing her body will react.

"I would love to see that again" Hank smirked , and her cheeks flushed. "Cummon"Tom begged , "just a quick look, it was beautiful Katy." Katy bit her bottom lip and hid a little smile from his cute begging.

"What do you say baby," Jake said in a soft urging tone, "Its not fair I get to pet you , they only get to look." Katy giggled when Hank said "Lucky bastard."

The men were staring at her with puppy eyes and she couldn't resist any more, they needed her. "Kay" she said almost in a whisper. She shifted nerversly on her grandpas lap when the men sighed loudly without hiding their eagerness.

"Its ok babay" her grandpa said softly, and gave one of her nipples and extra long lick pressing his tongue making Katy tremble from plesure. Her grandpa had never licked her bare skin before and felt really good, so good she felt her pussy drool" Just making sure you are nice and wet for the guys" he winked grinning , making the girls cheeks flush.

He moved her gently on his lap untill she was facing the drooling men openly staring at her mound. "Im here baby" her grandpa whispered on her ear placing a large hand on each thigh and spreading them softly. "So beautiful" Tom groaned, "fucking hot" Hank added smacking his lips. The girls cunt lips had parted slightly and they could see the thick glistening pussy juices leaking from between the plump sheen of her slit. "Not fair, I cant see anything," Jake complained. Katy giggled nervously at her grandpas boyish tone.

Hank moved back urging Tom to move too making space. "Get on your hands and knees so your granpa can see your pussy from behind," Hank instructed her, and delighted he watched the girl obey without a slight hesitation. Katy bit her bottom lip leaning forward crawling off her grandpas lap. She felt hot , her pussy was on fire. Without being told she spread her thighs for their plesure. Her young little hole secreted more clear fuck juices.

Satisfied she heard her grandpa catch his breath and release it heavily. "That's a hot pussy baby" he exclaimed when he saw what he has been missing. Cassie pussy was bald besides a sparce honey coloured soft fur over her plump young mound. It was a healthy pale pink , with a sheen of wetness glistening on the line of her slit. A rosy large bud poked from the top of her slit.

Katy looked at the men in front of her with flushed cheeks and lips slightly parted panting softly. "Fucking gorgeous" Tom groaned watching the young teenager on her hands and knees like a bitch waiting to be mounted. He wished there was a goat around. He furiously rubbed the large bulge in front of his swimming boxers.

Hank moved behind her and soon she felt the men's heavy breathing close to her pussy. She looked over her shoulder. Grandpa and Hank had leaned forward and she could see they were jerking their cocks. "Blushing she turned away from them but stole a peak under her belly between her spread knees. The rods looked fat and purple with huge ball sacks hanging beneath the shafts.

She imagined the large cocks buried in her little virgin hole ramming her pussy until she screamed. She swiped her tongue over her lips and whimpered her need spreading her knees further. A large hand groped one of her cheeks molding it. "Baby are you on birth control?" she heard her grandpas strained voice. She looked over her shoulder with large eyes.

"Don't worry baby we're not going to fuck you" her grandpa assured her with glazed eyes and Katy felt relief and a little disappointment at the same time. This was her grandpa after all she reminded herself, he had drawn a line. Her mother had her on the pill just in case she became sexually active, so to her grandpas excitement she nodded her head.

" Good girl" he panted kneeling behind her jerking his large cock. With a large hand on the small of her back keeping her still, he continued to jerk his cock more urgently. Katy watched over her shoulder panting waiting to see what her grandpa would do.

She watched clear fluid leak from her grandpas purple plump cockhead and she felt an urge to lick it off. She swiped her tongue hungrily over her lips, she couldn't help herself. Her grandpa groaned and lowered behind her until she couldn't see his fat cock anymore, but she felt it.

She felt the warm rubbery cockhead split her plump pussy lips and poking at her tight hole. She squealed in delight feeling the warm meaty mushroom head stretching her hole until it slipped

through the tight ring of her hole. And then her grandpa groaned loudly unloading his warm creamy load.

Katy whimpered while her grandpa blew his seed in her juicy hole, she needed to be filled completely she needed to be fucked hard but her grandpa was only using her hole to empty his balls. Her knees trembled when her grandpa let go of her back and slipped his glistening cockhead out of her pussy.

"Are you alright baby?" he asked her still panting heavily resting on his heels. She needed more but she nodded. Grandpa smiled at her, "thank you baby, I needed that badly."

"So do I," Hank groaned next to her grandpa, staring intently at the juicy pussy leaking thick white baby making milk. Jake turned towards his young granddaughter seeking her approval. Katy bit her lip, Hanks face was a deep red and he was pating heavily, he needed her hole to empty his balls. Hank groaned shifting behind her young firm cheeks when she nodded shyly.

Katy even lifted her hips higher presenting her juicy drooling hole for the older mans relief. Her grandpa smiled nodding his approval. "Good girl." He praised her and Katy beamed.

She yelped seconds later when she felt the second mans fat cockhead plunging in her hole. This time it slipped easily in her well greased hole. She watched her grandpa supervising Hank in case he lost control. Hank was restraining the rest of his length with his fist firmly below his purple cockhead. "Damn she feels so warm." he hissed.

He stood still and groaned unloading his heavy load in the very warm tight hole. To his delight the girl whimpered and thrust her hips back trying to get more of his meat in. Her grandpa gave her cheek a gentle slap chuckling. "Eager little bitch" he teased her and winked playfully.

Katy blushed but held her position for the mans relief. After all she reminded herself, she was doing this for them even if it did feel so good.

"Ohhhhh" she squelled when Hank pumped his cockhead a few times filling her little hole with more warm creamy sperm. "Jezus aren't you done" her grandpa chuckled to his friend. Hank swiped a hand over his forehead and grinned. "I need to fill your granddaughter to the brim" he half chuckled panting.

Katy stood patiently on her hands and knees and whimpered when she felt another creamy spurt mixing with her grandpas still warm load. "Feels good?" Tom asked her. He was still standing in front of her. A wide wet spot was spreading in front of his swimming boxers.

Katy bit her lip blushing "Aha" she panted and whimpered frustrated when the spongy meat slipped out of her throbbing hole with a wet plop. "Don't worry I'm hard again" Tom told her with a strained voice, "can blow in your pussy?" she asked for her permission. The men behind her chuckled when she nodded her head urgently.

Jake was pleased to hear his granddaughter squeel with pleasure when his buddy stuffed his rather large cockhead in the girls juicy pussy hole. He had Katy where he wanted to , now it was up to her. He would never make the young girl do anything she didn't like, and after all she had gave them much more pleasure then they had ever dreamed of.

He smacked her cheek again leaving a large pink handmark when she pushed back trying to get more of Toms cock in her hole, and the men chuckled. He couldn't blame her though, the girl was in heat. "She needs cock really bad" he chuckled to his friends and the men laughed. Katy blushed, whimpering shamelesly her need to be stuffed and fucked. She could understand why the men were

refusing to give her relief, they would draw that line, but they were right she was in heat and she needed cock badly.

~~~~~

## Part 2

Her clit throbbed. It was so swollen it ached. With three warm creamy loads of sperm soaking in her virgin pussy, she ached to be filled and stretched more than ever. If she was alone she would rub the engorged bud, just like she timidly did sometimes before sleeping. But she wasn't.

Her grandpa and his friends were crouched behind her raised naked bottom. After all she reminded herself, it wasn't about her. It was all about pleasing these older men. That was the point of their little game. She felt her little hole weep more fuck juices.

"Baby squeeze your pussy like when you want to pee" her grandpa instructed her behind her with a firm but gentle tone, ignoring her sweet little whimpers. Without realizing it, his controlling tone made her feel safe. She obediently tightened her pussy muscles and felt a sticky torrent bubbling in her hole before seeping from her slit.

"Good girl she heard her grandpas praise and she blushed. "Wow" Hank groaned with admiration watching a long sticky white string clinging from her pussy, and dangling a little above the sand. Katy blushed and squeezed once more. The men watched with male pride their baby making milk bubbling between the slightly opened juicy slit. The sparse little honey curls around the reddened young smooth lips, were matted and glistening with spunk.

"There is no more beautiful sight in this world, than a freshly creampie'd young pussy " Tom said with an almost poetic hoarse low voice. Hank and Jake chuckled nodding.

Katy panted softly loving their attention on her drooling pussy. She was unaware of her exhibitionist streak, but the experienced men had noticed it from the very first moment when her large innocent brown eyes gleamed and her cheeks flushed, while her grandpa petted her young teenaged juicy body in front of them.

"Time to clean up our mess" her grandpa said smiling giving her cheeks a playful slap before reaching for a bottle of water from their beach bag. The men laughed and Katy giggled shyly between soft pants as they groomed her pussy.

She timidly watched over her shoulder her grandpa pouring water over her bottom. She hissed when she felt the cool water running down her crack, over her swollen hot mound and between her frothing with sperm slit offering her little relief. "I know baby" her grandpa said with a comforting tone and an understanding smile.

Tom sliced open her swollen slit with two fingers. "Careful now" Jake warned him when he stuck the tip of his finger in her tight greased hole. They all ignored Katy's hiss of pleasure. "You don't want to pop her cherry" Jake said smiling with a hint of pride.

"Tom and Hank looked at Jake without hiding their surprise, and they all turned to look at her. Katy lowered her eyes blushing furiously.

"Good girl" Tom praised her with a smile caressing her firm cheeks softly before gently stretching them apart. Her grandpa poured the rest of the water and Hank stood next to them with a huge grin holding a beach towel.

The older men were pleased the girl wasn't selling her pussy around to horny teenage boys like a slut for the exchange of popularity, like most girls her age. The ones doing it for affection in their opinion were pitiful.

When he was done, Katy watched her grandpa move around her until he was kneeling in front of her. His swim shorts were bunched down his hairy thick thighs. His hanging member was still thick and long, and the mushroom purple head glistened from their combined juices. Jake smiled, "stick out your tongue baby as further as you can and keep it still" he ordered with his familiar gentle but firm tone.

Katy complied and felt her cheeks burn when her grandpa pulled back the skin over the swollen cockhead, and swiped the warm sticky spongy head on her tongue cleaning it from his sperm and her pussy juices. The heavy musky scent attacked her nostrils making her feel lightheaded.

He squeezed out a few beads of creamy white spunk, with a heavy sigh. Katy watched mesmerized. This was how her grandpa needed her, to use her tongue to clean his cockhead like he had used her juicy hole to empty his aching balls for his relief.

Good girl" her grandpa praised her depositing the white sticky remnants, on the warm wet pink girl tongue. All this time he watched her intently pleased by her eagerness and obedience. Katy blushed and her pussy flooded with sticky juices.

"Damn it's still leaking" she heard Hank chuckling behind her, dabbing her slit with the towel purposely avoiding her engorged bud in order to keep the girl all hot and bothered. All the while Tom held her cheeks spread apart. She watched her grandpa smile pleased at her body's response, and she felt her cheeks burn. Her pussy leaked some more.

"Swallow it baby" he instructed. Obediently she swallowed the salty male creamy remnants, he had deposited on her tongue, savouring the heavy musky taste. Her mouth watered for more.

"Good girl" her grandpa patted her head stroking her wavy curls, and then moved aside. "All done her grandpa announced to his buddies with a grin and Katy blushed. From the corner of her eye she saw Hank moving away from behind her, in order to get his slimy cockhead cleaned on her pink warm tongue. Her cute cheeks blush a deep pink and her pussy wept more fuck juices. To her grandpas delight she whimpered, softly biting her bottom lip.

Storm had lost interest in the human females' bikini bottoms when he realized it wasn't the source of an unfamiliar but irresistible scent which appealed to his instincts. After he chewed them to threads, he sniffed around and located the heavy scent behind the men. When they moved away from the human female, the pup leaped forward.

Katy squealed when she felt Toms' tongue hungrily lap on her swollen pussy slicing his tongue between her slit. Pulling her tongue from under Hanks dribbling cockhead, she threw her head back and moaned her need to be filled.

"JEZZZZZZUUUSSS, WHAT THE FUUUCK" she heard Tom groan. It took her a few moments to register, if he was talking who was lapping on her flaming hole? She looked over her shoulder and felt her head spin.

All she could see over her raised bottom was a furry brown tail wagging enthusiastically. Storm was lapping on her pussy...a pup ... a dog ... that was wrong. Her body jolted.

"Shhh kitten, calm down sweetie, jezzzus that's so fucking hot," Tom groaned trying to relax the

trembling girl, without taking his eyes of the pups long hungry tongue. "Buuuut...bbbbbut... but " Katy stuttered trying to think, but Toms reaction was confusing her.

"Its wroooooooooong" she moaned when Storms tongue sliced between the plump young pussy lips and the tip curled in her tight hole collecting more of the delicious juices which were secreting steadily.

Suddenly she saw grandpa kneeling next to her gently cupping her face with his large rough hands. He looked straight in her eyes with concern. "Is he hurting you baby?" Katy opened her mouth to say something but the only sound that came out was a long whimper of pleasure. "Aaaaaahhhhhh" Storm was lapping on her engorged bud with his warm rough tongue. She didn't know the pups tongue was covered with thousands of tiny buds brushing on her swollen flesh stimulating and, making her squeal in pleasure. Jake chuckled, "Let me guess, it feels nice?" Katy felt her face burn with shame.

"It's ok honey, you can tell me" he smiled encouraging the girl. "Ahhhhhaaa" she panted sincerely but guilty at the same time. Jake chuckled some more, and pleased that his granddaughter had not lied, she trusted him. It didn't surprise him, trust was something you earned.

"So why do you want him to stop". Katy closed her eyes catching her breath when Storm to both her relief and frustration, lost his interest in her aching hole.

"Cause it's wrong he ... he is a...dog." She panted trying to catch her breath. "So?" she heard Hank who had moved to her side to watch the pup lap on the human pussy, and she turned her head towards him shyly. Storm was pacing behind her yelping. Hank didn't look shocked.

In fact he was smiling warmly at her, still holding his now half erect cock. "That was amazing honey" he grinned confusing her even more.

"Are you kidding me," Tom panted heavily behind her bottom holding his fully erect meat, "that was fucking hot!"

"Baby," grandpa said with a firm tone. When he saw he had his granddaughters attention he continued with a gentle tone, "why is it wrong? " He asked looking directly in her large brown innocent eyes. "Because he is a ... a animal" she said ashamed.

"He's also a male who needed to feed on your pussy juices" he said smirking. Katy's cheeks flushed and without realizing she slightly swayed her bottom. Her pulsing hole drooled. When he saw the affect of his words, he smiled warmly. He could see the changes in the girls' large expressional brown eyes and luscious body, and once more envied the young man who would marry her one day, and probably never be able to fully appreciate her passions. He watched his words finally sink in when she nervously nibbled on her bottom lip. He smiled.

"You can stand up whenever you want to honey if you feel uncomfortable" he teased her, and she heard the men chuckling around her until she realized she was still standing obediently on her hands and knees with her firm young bottom sticking in the air. She had been free to stand up all this time. She felt her cheeks burn and her pussy drool.

Katy bit her bottom lip to not yelp, when Storm eagerly went back to lap on the fresh juices which attacked his nostrils.

She remained still for him, nervously whimpering, and panting softly in guilty pleasure. The men smiled their approvals, occasionally beating their cocks slowly, enjoying listening to the pups hungry

wet lapping and the human females' sweet cries. Katy lifted her head and moaned sweetly when the pups tongue thrust in her little hole.

For a moment she imagined Storms little puppy cock splitting her poor slit. Her pussy wept.

"That's it boy, eat out that juicy snatch" Hank groaned, beating his cock meat harder, listening to the sticky depraved sounds from the pups long hungry tongue. Storm barked and the men burst laughing, cheering him on.

"So hot, so hot, " Tom chanted behind her almost drooling. Her pussy ached to be filled and stretched more than ever.

Trapped in the pleasure of Storms rough wet tongue and the men's enthusiasm, she imagined Storms puppy cock pounding her tight little snatch, like she had watched dogs do when they mounted a bitch.

She spread her knees wider and she sobbed pitifully. Suddenly her grandpa was next to her groping her jiggling round firm boobs. He pinched her thick swollen nipples and her whole body quivered as she squealed like the little bitch in heat she was.

He pulled her spent body on his wide chest hugging her gently with his strong arms." That's my girl," grandpa Jake whispered his praise " You did well baby, you pleased us very much honey. "

Katy panted on his neck, resting with her hands over his shoulders, feeling deliciously dizzy. She didn't notice her grandpas strong hands sliding under each thigh, spreading her drenched with puppy spit pussy. When he lifted her higher on his chest and heard heavy breathing behind her, she stole a shy peak over her shoulder.

Tom stroked his meaty cockhead along her slick with puppy spit slit, before sliding in her slimy, with girl juices hole. Katy whimpered feeling the warm meat stretch the entrance of her snatch, depositing a fresh warm load of male cream. Tom panted with obvious relief and Hank hurriedly took his place. Storm was sitting next to the men panting, watching curiously as they spermed the female.

When Jake was done depositing his load in his granddaughters well spermed snatch, Hank picked her up and they all washed in the cool seawater. Tom dried her teenaged juicy body with a beach towel taking his time and Jake dressed her with her t shirt.

"Sorry baby" Her grandpa chuckled showing her the shredded bikini bottoms. The beach towels were damp and it was only a ten minute walk down the little path to her grandpas' farm where the guys had parked their truck. "What if someone comes?" she asked in a small voice biting her bottom lip. Katy blushed when the men grinned staring at her half exposed juicy bottom and pussy.

"You know no one else uses it besides us" Jake said and smiled when he noticed his granddaughter ever so slightly, grind her slender thighs together.

That was true, but Katy could remember a few times over the years, when a few people would end up at her grandpas' farm after a wrong turn. And even once a couple hiking around the area, ended up at their little private beach while she was there with her parents.

Suddenly her eyes widened when she realized anyone could have appeared on the beach while she was naked on her hands and knees servicing her grandpa, the men she always viewed as uncles, and a pup. Her pussy clenched and dripped.

Jake smirked, urging his granddaughter down the path, with his large hand around her slender

waist. The rest followed. Storm was running little circles around her feet. "We get it you little mutt" Hank chuckled, "she's yours." The men burst laughing at the pups' territorial behavior, and Katy giggled blushing innocently.

Katy would smile shyly, whenever the men behind her would pet her exposed juicy bottom grinning widely. She giggled blushing at their boyish games, trying to shoo their large eager hands.

Halfway down the path Hank slid his hands under her t shirt feeling up her boobs from behind. Katy's cheeks flushed when her grandpa smiled, letting go of her waist and moving aside so his buddy could have his way with her firm juicy round boobs. Hank winked at his buddies before pulling the girls t shirt over her boobs, exposing her naked body. Katy's pussy produced sticky girl paste.

The men stared hungrily at her juicy firm round tits, her smooth stomach, down to her plump mound, and long slender legs. She lowered her eyes blushing. Hank played with her puffy pink nipples for a few moments before pulling down her t shirt. "I hate those on women" he mumbled, females should wear dresses, or nothing at all" he added smirking. The men chuckled and Katy giggled blushing sweetly. Storm barked jumping on her legs.

Katy shooed him away, but after a little while he jumped on her thighs again. Katy blushed lowering her eyes when her grandpa slipped a meaty finger between her thighs probing her pussy hole. He smirked. "You'd better let him lap it baby, or it will take ages to get home." The men burst laughing and Katy's cheeks turned a deep red.

She looked around puzzled. "Squat down baby, I don't want you scraping your hands and knees on these stones," her grandpa suggested, and Katy's heart beat fast under her boobs. Her grandpa wanted her to serve the pup right in the middle of the path.

She drooled more pussy juices, and Storm whimpered and panted with his long tongue hanging out. The men laughed hard at the pups' impatience, but their smirks were quickly replaced with hungry stares as the teenager timidly squatted down on her heels and her slender thighs spread open. Before they even got the chance to see her juiced up slit, the pup leaped forward.

"Unghhhh!" she moaned holding tightly on her knees and looking up at the men. "Good girl" her grandpa smiled his approval and sat on the portable fridge until Storm was done feasting on his granddaughters girl paste. "Fuck" Tom exclaimed digging in Hanks beach bag and pulling out his digital camera.

Photography was his hobby ever since he could remember himself, and he always carried a camera with him. His old polaroid cameras had been gradually replaced with digital technology. He hadn't used it earlier to not scare the teenager.

Katy whimpered looking at her grandpa. She drool more girl juices and the pup lapped them hungrily making loud wet sounds.

"It's ok baby," Jake chuckled "Tom knows I'll kill him if he shares the photos." Tom looked at her with gleaming eyes. "I promise you kitten, no one will see them" he assured her before putting on his glasses and setting the camera to record.

"Damn thing," Hank growled and reached for her t shirt pulling it off. "I can't see" he grinned at the blushing teenager. Katy didn't move an inch and produced fresh juices for the pup. "That's better" Hank whispered watching the pup dragging up the smooth young cuntlips with his long tongue before releasing the glistening girl flesh with a loud wet sound.

Katy swallowed hard and whimpered, as Tom zoomed on the depraving feast recording every little detail of the pups tongue drilling her tight little hole, and every wet sticky sound. He even recorded Storms brown tail wagging frantically in the air, and Hanks thick rough fingers playing with her young smooth pink nipples.

The men stared intently at the blushing naked juicy teenager, squatted down in the middle of the path, with a large brown pup between her spread thighs, lapping on her snatch. "Way to go boy" Tom cheered when he saw the pups little red cock tip emerge from its hairy sheath for the first time in his life, responding to its breeding instincts. The men burst laughing with dark eyes.

"He wants to mount" Hank cried and Katy's heart skipped a beat. Jake noticed with delight, she didn't move an inch from her squatting position, though he saw a hint of panic in her eyes. It was only natural. The girl had experienced so many new sensations in only a few hours. It was too much for her mind and body to handle. But he did see the fresh sticky girl paste on the pups' hungry tongue.

Smiling he reached out for his granddaughters hand, pulling her to her feet, to Storms and his buddies disappointment. Katy stole a peak at Storms red puppy cock tip, before it disappeared back in its furry sheath. She rubbed her thighs together. They were slick with puppy spit and her juices.

She started walking next to her grandpa when the men chuckled staring at her. She realized she was only wearing her sandals. With burning cheeks she turned to Hank who was grinning widely. "You look fine just the way you are honey," he said stuffing the t shirt in the beach bag, studying the girls expression. The men watched her chewing on her bottom lip blushing sweetly, and they smiled contently.

"Almost home," her grandpa said, just in case the naked luscious teenager lost her nerve. It took them a few extra minutes to reach the farm, because of Storms frantic little circles around her feet slowing them down. "Can't blame him," Jake smirked cupping her firm young ass cheeks and squeezing them, making his granddaughters body quiver. "You are irresistible baby," he said chuckling as they reached the gate.

Hanks truck was parked in front blocking the view to the road.

Katy squeezed her thighs, when her grandpa leaned over her boobs taking a puffy nipple in his mouth, sucking it softly in front of his friends. She whimpered holding on the fence behind her. "If anyone was around storm would know" Hank said grinning to the nervous girl, while her grandpa was suckling her tit right in front of the farms wooden gate.

She groaned when he released the hard rubbery nipple, with a purposely loud wet pop. Tom took his digital camera out and took a photo of her glistening with spit, pink nub. Storm whined, and jumped on her thigh again. Katy knew why, and she blushed furiously when the men chuckled staring at her plump mound.

The men burst laughing when storm wrapped his paws around her leg and start humping. He had latched himself so tightly Katy didn't bother to shake him off. She could feel his slimy rubbery puppy cock tip rubbing on her smooth skin, and the pup whined.

"Poor fella" Hank chuckled smiling at the blushing nervous naked teenager. Tom was kneeling next to the pup recording his humping on the girls' luscious leg. "Jezus the internet is full of that stuff man." Hank chuckled at his buddy. The three older men had been enjoying the benefits of today technology to the fullest extent. Jake and Tom were widowers and Hank had been divorced for over ten years.

"Yeah, but I have seen this with my own eyes," Tom explained smiling, to the blushing girl. Jake and Hank chuckled with understanding. Even with all the bestiality porn, the internet could never come close to the real thing. Tom still treasured that one snapshot he had managed to take with his polaroid camera, of Jenny Peters, mounted by her pa's goat.

In spite of what people thought, farm girls did not mate with animals, at least as far as they knew. Jenny was in a drunken mess, like all of them after a party, and had responded to a dare game. Jake still treasured the photo and masturbated frequently looking at the scanned and improved picture of Jenny and the goat on his computer screen.

Storm whined pathetically drenching her leg with fluid. "Its precum" Tom explained recording the clear fluid, running down the girls leg.

"They produce a lot, so they can squeeze their knot in the bitch," her grandpa explained with a smile. Being an important part of their farming duties, the men had assisted all kind of farm animals to breed. Pleased he watched his granddaughter nibble on her bottom lip. Hank knelt down next to the pup and gently squeezed the pups' tight swollen balls.

"There full, poor pup, he needs to blow" he smirked looking at Katy. The men watched the girls' pussy mound spasm, as it clenched. Jake stared in her widened eyes, and pleased, heard her little whimper.

"Turn around baby, the pup needs to empty his balls in your snatch," he said in his firm but gentle tone, which his granddaughter responded too. The men held their breath as the girl half twisted her quivering body with large innocent eyes, flushed cheeks and half parted lips panting like a little bitch.

Katy bent her upper body holding onto the fence, without even thinking, responding to the pups need to use her snatch. Hank, not believing their luck, managed to unlatch the horny pup, immobilizing him on his chest. "Good girl her grandpa praised her cupping her firm cheeks spreading them gently.

Katy whimpered, embarrassed by the sticky sounds coming from her pussy, when the swollen pink lips parted slightly. Juices were seeping from her slit for everyone to see.

She panted feeling her heart beating quickly under her round boobs. She was about to serve a pup, offer him her hole to relieve its aching balls. Her pussy wept uncontrollably.

"Grandpa" Katy whimpered looking behind her. Hank was holding the large pup on his chest, with one hand firmly on its furry exposed belly, while with the other he held the base of the pups cock. Storm was thrusting his fully emerged four inch red puppy cock in the man's fist, panting steadily.

"I'm here baby," her grandpa crooned next to her, still holding her firm cheeks apart for the pups pleasure. "Is he ready?" he turned his attention to Hank. "Yeah" the man grinned, feeling the puppy thrust more urgently and its meat pulse. The experienced man held the pup completely immobilized on his chest and under his control, to Katy's relief. Tom was zooming on the pups' cock meat, puffing in anticipation.

To Katy's horror and excitement, Hank moved closer, aiming the pups cock meat at her slit. She whimpered. "Here it comes," Hank announced grinning widely. The men chuckled, when the teenager unconsciously responding to her instincts to be bred, arched her back presenting her young bottom to her breeder widening her thighs.

"That's my girl" Jake chuckled and slipped the pulsing cock tip in the girls well greased juicy hole. Katy hissed at the depraved contact, and slimy sound of the dogs' hot meat in her tender girl flesh. "Way to go fella," the men cheered the panting pup. "Your first pussy dip" they congratulated the pup, and Storm barked enthusiastically. Even Katy giggled a little in between pants, with her naked bottom presented for the pups' relief.

The men burst laughing, but their eyes gleamed as they watched the pup trying to thrust more of his puppy meat in his human bitch. Hank held him steadily, until he could only thrust the tip which had flared ready to deposit its puppy making milk. "Ahhhhhhhhh" Katy squealed from the pleasure, of his spongy cockhead drilling her greased entrance.

"Feels good honey?" her grandpa asked her chuckling at her squeals. Ahhaaaaaaaaaa" Katy squealed her response, and the men burst laughing. "OOOOOOhhhhhhhhhh" Katy squealed with wide eyes, when she felt a very warm torrent of puppy seed spray her hole filling her to the brim. It was so much it spilt out of her slit, drenching her thighs. Tom groaned recording every little detail with trembling hands.

"He's peeing in me" she cried, but to her grandpas amusement she didn't move an inch from her breeding position. "He's sperming you baby with his puppy making milk, its watery and is much warmer than human sperm" Jake smirked at his granddaughters long sweet whimper as the pup blew more of his warm watery seed straight in her womb.

A minute later Storm was still sperming her snatch yelping, his large knot had formed close to the middle of its shaft, and it was pulsing. "Dogs take longer to blow their seed," Jake explained to his granddaughter, softly caressing her smooth belly which felt a little bloated. He watched amused her eyes darting around.

He could see that the girl was starting to feel a little more self conscious about what she was doing and where. Bent over his farms gate, her juicy body completely naked with her firm bottom presented high, bred by a young excited large pup. Delighted he heard her whimper looking in his eyes, and then went back whimpering like the little bitch in heat she was.

Jake wasn't expecting anyone and if anyone did show up he would hide his naked, puppy spermed granddaughter in Hanks truck. The girl didn't know that but she trusted him.

"He filled you real good" he informed his blushing granddaughter. "Good boy," the men praised the panting pup, "fill your bitch, swell her belly boy," the men cheered him on.

Katy's face flushed, at the men's cheering and her pussy drooled more girl cream mixing with the pups sperm, and clamped down around the pups spongy cockhead sealing it. She squealed in delight, and the men cheered petting her juicy bottom, and jiggling firm round boobs, pinching her pink swollen nubs. Storm whined and rewarded her snatch with a last torrent of fresh, extra warm puppy making milk.

Katy stayed in her breeding position even when Hank dropped the heavy pup on the ground. A torrent of watery sperm flowed down her juicy thighs. At her grandpas instructions she squirted a little arch of puppy making milk on the grass. Tom recorded it.

"Good girl" her grandpa praised her petting the top of her head. Tom moved around to capture her face. The girl was resting on her arms.

Short little curls were plastered on her forehead, and her cheeks were flushed a deep pink. A little line of drool was hanging from the corner of her sweet parted lips. She was still panting sweetly, her

large eyes closed softly in the sweet serenity of her orgasmic relief. Tom groaned, and wondered how the juicy teenagers face, looked so innocent and sweet after they had just bred her to a pup.

Katy barely felt her grandpa pick her up cuddling her on his wide strong chest, and carrying her inside the farm house. Only later when she was soaking in a warm tub, she managed to ask him in a small voice. "Grandpa, am I slut?" Jake was rubbing her shoulders gently with a soapy sponge, and he stopped looking straight in her large brown eyes, "No baby, sluts try to prove their lust, you are a natural" he said smiling warmly.
