## BEASTIALITY STORIES

Vanessa has just been to her country gym. She has just turned into the single lane going through the forest; she liked the road as it is a one way system : she tried to make sure she was last out of the gym, given her the chance to stop and be naughty after a good work out.

Vanessa Started to feel horny and she found herself feeling between her legs; she was looking for an area to pull over when the car started to shudder: At first she thought she had hit an animal. The car came to a sudden stop and the lights went dim. She slowly got out of the car not knowing what she was going to see; There was nothing there, steam was coming from the bonnet. She tried her mobile it had a good reception; she thought it was lucky she could get on the web and phone for help. Vanessa found a local garage not too far away.

The guy comes from the garage to help.

“What are you wearing?”

“Sorry! I mean you look like you have just been for a run”

“I have just come from the gym” Vanessa felt she had to explain that she always jumps in the car and showers when she gets home.

Vanessa started to walk to the front of the car at the same time telling the guy what had happened. Vanessa can see the guy having sneaky looks at her ass and tits.

Wow she could feel her cunt getting moist; “he is here to fix the car you stupid cow leave it” she told herself.

She looked at his van he had a big dog sitting in the front seat. When she looked back the guy was looking right at her cunt

“are you going to fix the car for nothing then” Vanessa whispered.

No but I can take payment in kind!!!! Vanessa was a mature woman 44yrs young; a nice soft rounded face with a glint in her eyes (lust more than erotic, she looked like she was stripping you and abusing you at a glance.) Her breasts were round and so proud; they were not there to be hidden, with an ass and legs to die for.

Vanessa had no knickers on she loved to go without, this made her feel sexy all the time (and ready).

Vanessa said she could not do that sort of thing hear.

“ I need to take the car back to the yard to fix it”.

“There is a nice office there you could pay me in the office.”

Vanessa did not have to think about it; she was so wanting to be fucked her juices were trickling down her inner legs.” Let’s go” she found herself louder than she meant to be.

Off they went Vanessa sat by the dog; he was very friendly and kept licking her face and sniffing her cunt: she thought he could smell her juices (did the dog sense that her tummy was so tight with excitement and lust).

The guy looked “stop that” “that is for me not you”.

Vanessa opened her legs wide pulling up her skirt shown her glory hole “there is enough for everyone”

“isn’t there boy”. The dog was licking her cunt as she opened her lips.

“Fucking hell you dirty bitch”

“I am cumming in my jeans”.

Vanessa leaned over and unzipped his jeans and pulled his cock out he was about 6in but it looked

nice and clean and pink with a lovely Knob end, down she went swallowing that cock right to the hilt, slowly taken it out and licking the tip and going down again; she was loving it her tits were rock hard bursting to get out, the dog was well into her cunt; that long tongue getting as deep as it could. The guy could not stop; she felt the cock starting to build up to shoot.

Then it happened he exploded, that white hot cum whirled round her mouth and she swallowed with so much lust, she was shaken with waves of pleasure WOW she thought this is fucking great; her cunt was dripping and covered in doggy saliva.

She sat up and just started to shake with waves of pleasure the dog was licking her face all over she could smell her cunt on his breath. The guy said I hope you don't think that is payment in full you have to pay in the office to make it a deal!

What would happen back at the yard!!!!!!!!!!!!!!!!!!!!

They arrived at the yard. The guy told Vanessa to go into the office while he sorted her car out, this she did. The office was empty so she sat and waited. It did not take long for the guy to enter the office, he was followed by a teenage girl; must have been about 19yr or 20yr old, she was wearing blue overalls covered in grease, her hands were black with dirt and grease; her face had smears of grease all over .

She did look pretty, Vanessa thought. "Make a cup of tea Ann for me and Vanessa".

"OK how do you like it Vanessa" she asked in a very soft voice "as it comes with no sugar". Vanessa gave her a very suggestive look; hopeful the girl was some of what she was going to get later.

A guy came into the office; what do you want us to do with the car boss? It needs the leads replacing and it needs a full service. He started to write an invoice out; Vanessa came across to the counter, she whispered I thought I was paying in kind!

The guy lent forward o yes you are but you want your money's worth, don't you? Vanessa had a big cheesy grin on her face I say I do and sat down to finish her tea. It will take about an hour; Vanessa was puzzled; why could she not start to pay them back now!

The girl left the office, "what are we waiting for?" They need to tidy up for the night when they are finished. Then we can have some fun in the garage, the lads cannot wait he said as he laughed "The lads!" "Yes they are the ones doing the work and I know I could not satisfy you on my own."

WOW! fucking hell! This sounds like a long job Vanessa said (hoping she was right). The guy said no more than a couple of hours the owner is coming round to do some work tonight.

At last the car was ready and the boss said "are we going to join the team in the garage?"

"I thought we were going to do the payment in the office to make it official"

"O no need for that Vanessa, lets go and have some fun."

They went across the yard, just as they were 5 yards from the garage door it opened and two guys and the teenage girl came out to greet them. Hi boss the girl said, I have brought the blanket. She put it out on the ground, using a broom to flatten it out; just then the boss grabbed Vanessa from behind, he pulled her tight against him and lifted her skirt to reveal to the others that she had no knickers on.

smug)

A car pulled up and the owner Mike got out. What's going on here? "Another, pay as you go boss"

This is getting to be a bit of a habit. Come on tide up and go home, you two pointing to Vanessa and Ann; I need you two to help me in the garage (they could not say no could they).

Mike came over to the girls and whispered "I have two boys that need to lose their virginity" they are in the garage (Ann was puzzled she had seen no one go in the garage; there was just the two dogs in there).
