## BEASTIALITY STORIES

(c) 2017 by Blakeseven

After "[My Ex and my dog](#)" I always wanted a repeat but the dog was gone and I never got another so when I next got with a woman who was game for just about anything to do with sex I formed this fantasy. I'm sure she would have done it too if we ever got the chance!

~~~~

We were sitting side by side on the Sofa listening to a new CD, a glass of wine each and my dog sleeping through Andrea Bocelli on the floor across the other side of the room. I looked down at Jan's crotch and admired her slightly bulging vee. I reached down and gently rubbed her mound. Immediately her legs opened to allow me to stroke down between her legs. She said nothing but as I continued she slightly raised her hips and I knew she would be horny very soon. I continued to stroke gently and gradually she opened her legs wider and pushed rhythmically at my fingers. I leant over and kissed her deeply our tongues playing together and our lips grinding each other. She started quiet whimpering noises and put down her wine glass before grabbing the waistband of her jeans, unbuttoning and then sliding down the zipper. I moved my hand from outside to inside her jeans sliding my fingers down her flat belly into the top of her panties and down through her pubes to her pussy lips. She was already very wet and I easily slid two fingers into her willing cunt. I slid them in and out for a few strokes before taking them out and smearing her juice over her clit which was already hard and protruding. I gently circled it before finally rubbing her cum on the button itself. She responded with a low moan and thrust her hips forward. I kissed her again as she squirmed under my hand and when I pulled away she whispered "Please suck me".

I put down my wine glass and quickly knelt between her legs, taking her waistband both sides and pulling them down her legs and off over her feet. As soon as they were off she threw her legs back wide open and I dived down between them and put my mouth wide over her pussy lips over her panties and sucked, licking the sheer material. I always liked to do this as it gave me a stronger taste to start with although she always tasted divine, her actual cum was much milder in taste. I continued to suck and lick for a while until she asked, "Please suck my clit now. Make me cum". I lifted my head and pulled down her panties slowly down her legs and off. I then got a bit lower between her widely stretched legs so that I could get my tongue into her wide open cunt,. It always opened when she stretched wide and exposed her lovely pink insides. Her whole vulva was teardrop shaped with a big clit hood that blended into her inner lips that finished half way down the vulva opening. I looked into her eyes as I poked out my tongue and pushed it into her gaping wetness, holding her gaze as I flicked it about as much as I could. She moaned her approval and enjoyment at this and matched my tongue thrusts with thrusts of her hips. Now I moved up to her clit and after a direct suck on it which produced a scream from her, I started to circle around with the tip of my tongue. This always worked for her and I took the occasional break to plunge my tongue right up inside her and suck her pouring cum into my mouth.

Jan began moaning loudly as she as she began to get near her orgasm, rotating her hips madly. I had to grasp her thighs to hold my join to her. Suddenly I felt her body jump almost off the sofa. This was not usual and I looked up at her face to see what was wrong. "Its the dog" she said as my eyes took in the sight of Barney licking her belly. I laughed but she was not so amused that her assent to bliss had been interrupted. "What does he want?" she said sighing.

"I would have thought that was obvious" I said.

"Well he's not getting a bloody walk now!" she hissed"

"I don't think its that" I said "I think he fancies a lick too. Look, he's got an erection!" Jan peered

down around his body to see his huge cock hanging down from it's sheath.

"Bloody hell I've never seen that before". she said. Barney's head had moved down from her belly and he was now sniffing very close to her crotch and then he licked! "Oh fucking bloody christ" she shouted "Get him off!" and a second later as Barney took another lick followed by a third, "no not yet it feels" she paused "It feels fucking good!" Barneys long tongue was licking across her clit as he was at her side so I moved out from between her legs and pulled Barney around. Jan was obviously willing because she lifted her leg over him so that he ended up taking my position. He never stopped licking but now his long tongue was wetly scraping her from bum hole to clit. "Oh my God" she breathed, "Jesus bloody christ. This is unbelievable. Oh Fuck. Oh God Fuck. He's going to make me cum".

"Go Barney" I urged "Make the bitch cum. Suck her off. Taste her beautiful cum"

Jan was near now as she whispered to herself " I can't believe this. I'm being sucked off by a dog and he's making me cum. What the fuck he's gonna make me cum." then louder, " I'm cumming. I'm cumming. I'm fucking cumming". She was bucking up into Barneys nose, thrusting her way to bliss "Oh my God. I can't believe this. Ooooh!" She tossed her head from side to side breathing in short gasps. she was twitching practically all over and her flat belly sort of palpitated up and down. She pulled up her knees and held Barney's head briefly as I pulled him away knowing it was over and Jan would not want any more for a couple of minutes. He tried to get back but I moved in the way and covered Jan's body with my own and cuddled her while she calmed down. "That was bloody fantastic" she whispered in my ear " I'm so sorry"

"What the fuck for ?" I replied "You enjoyed it didn't you? Nothing wrong with that. I did too!"

"But I've just let an animal lick my pussy. And it brought me off. I can't believe it!"

"No one else will ever know. Its just between us. Just like our threesomes are. I loved it and its given me a very naughty idea" I winked

"Oh no!" I'm not gonna let him near me again!" she tried to assert, not very convincingly.

"Yeah you'll love it! It wasn't just the licking that made you cum so quick. It was the naughtiness of it. The sheer forbiddenness of it. Animal Lust!" I leered.

"Don't take the piss!" she snapped.

"Well I can't wait until next time. Now I'm so horny I want to fuck you now". I stood up and keeping in Barney's way, stripped off all my clothes as Jan took off the rest of hers. She lay back on the sofa with her arse completely over the edge. Legs open wide, I could see her lovely gaping cunt which was dribbling with her juice. I went down and licked up what I could but then wanted to get inside it so I shuffled forward on my knees my cock in the air. As I got close enough she guided me in. I immediately felt the heat and her wetness around my knob and savoured it for a few seconds before slowly sliding into her. She pushed her pelvis up at me and I responded by really slamming home until our groins were mashed together. We stayed like that for a while and Jan was squeezing my cock rhythmically with her educated vagina. "God I'm gonna cum in seconds like that" I said and she responded with "So am I. Stay still and we'll try". She began to gyrate her hips as well as sucking my cock with her cunt and very soon I felt the tingle of an approaching orgasm "I'm gonna cum very soon" I told her and she reached down to rub her clit so that she would too. I leaned forward and gave her a long grinding, wet tongues kiss which quickly sent her over the edge and she mumbled into my mouth and gave a low moan deep in her throat. At the same time I felt the rush of nerve tingles run up my cock and buzz into my groin as I came too.

We lay still.

“That was bloody quick. And bloody good!” I told her. “Barney will lick the cum out if you want”

“Will you shut up about the bloody dog. You can lick it out!” she snapped.

“Yeah but think how much nicer he would do it. Look. He’s still licking himself after you turned him on. I bet you wouldn’t say no to his great big cock” I teased.

“No!” she shouted, “I’m not doing that. No way. Forget it.” Then, “He can just lick me again if it turns you on so much.”

I pulled out and called Barney who quickly jumped up and replaced me between Jan’s legs, diving his nose straight into her crotch and started to lick.

“Oh fucking bloody hell” she screamed. “Why are you making me do this? Its so fucking rude.” She paused “Oh yes Barney. Just there. Just like that. Eat that cum!” She moaned at the dog’s ministrations. “This is so fucking horny. You shouldn’t make me do this. Oh god He’s gonna make me cum again.!”

I grabbed Barneys collar and pulled him out of her crotch. “Let him make you cum with his cock” He’s busting to fuck you.”

“Oh fuck. Quick then. I want to cum now.” she hissed. I moved Barney back toward her, then grabbed his front legs and lifted him up. He got the message and reared toward her making fucking motions before he even touched her. I reached under him and guided his enormous cock toward and into its goal. No sooner was the tip in, he sort of wiggled himself further in so that his pink, red and blue veined shaft completely disappeared into Jan’s willing cunt. She screamed that she was cumming immediately. Barney paid no attention and was fucking her rapidly. I went up and kissed her. Again our mouths ground together but she pulled away telling me, “I’m still fucking cumming. Its like another one straight away. Oh god its a long cum. Its lasting all the time. Oh fuck I can’t fucking stand it! I’m cumming all the time. Oh god. Oh my fucking god!” She trailed off to silence and I could see that she had passed out.

Barney did not care. He was still almost vibrating his cock into her. Jan quickly came round and started pushing her hips back at the dog. “Oh fucking hell I cant stand this. I’m still cumming. Make him stop!”

As if he knew what she wanted Barney stopped! “ Oh god. Whats happened? He’s getting bigger. I can feel his cock getting bigger! Oh god its stretching me. Oh god he’s cumming up me. Oh god there’s fucking loads of it! Its making me cum again!”

Barney was just enjoying his moment. Quite a long moment. His knot had grown inside his bitch and cum was pumping out of his cock and filling her vagina. It was squirting out of the sides as Jan gyrated her hips. When he finished cumming he tried to pull out of her. This brought a genuine scream of pain from Jan and he quickly realised that he could not get out yet.

“Whats happened? Why does it hurt?” She pleaded. I explained about the knot, trying not to worry her too much.

“When he calms down it will go down” I told her. “Meanwhile try and relax yourself. That will make it easier”.

"Relax? Relax? How can I relax? I've got a giant cock stuck up me and its twitching my insides out. I've lost my muscles. I cant squeeze it. Its so big and oh my good god its making me cum again! Oh please. Please make it stop. I can't take any more. I'm cumming again!" The last word trailed off as she passed out again.

Seconds later she came round just as Barney had shrunk enough to finally get his cock out. There was a loud plop as the now smaller knot came out and I saw and Jan felt a torrent of dog cum gush out of her as Barney backed away. " Look at the size of that thing." she said I cant believe he's had all that up me. Look at that knot thing! Its the size of a tennis ball. That fucking hurt me. And look at all this cum." she held her cupped hand over her cunt and then took some from it and smeared it on her boobs. " Hmmm" she hummed, "wish you could do that much!"

Then she move her hand to her lips and sucked one of her fingers. "Yuck!" she grimaced "Not as good as yours!"

Barney had retreated back to his favourite place and was busy licking himself again as Jan just lay there spread-eagled on the sofa. I went and kneeled over her and got a very gentle but quick suck. I told her I would go and turn on the shower so that she could clean up. "I'm never going to do that again" she said.

"Wanna bet?" I said walking out of the room.
