BEASTIALITY STORIES

[Back to Part 1](#)

The woman told the guys to get her on the floor. The four guys got a limb each and stretched Vanessa wide on the floor; The dogs were getting more and more excited, licking and rubbing themselves all over Vanessa's body. The juices were running like a tap out of Vanessa's love socket; two dogs were fighting to get the sticky love juice; their tongues lapping and burying deep inside her lips.

Vanessa could not move, other than squirm and wriggle like a snake; the guys were holding firm and there was quite a crowd round the outside of the sofas: Watching Vanessa and shouting for more. The woman then told the other girls to get the cushions of the sofa and put them under Vanessa's lower back and bum. This lifted Vanessa's ass off the floor and in a perfect position to be dog fucked.

"Get those dogs ready girls" The woman shouted

"WOW! She is so up for it" one girl was rubbing frantically at the dog's cock.

"Yes Mike has brought us a good BITCH" The woman had her dog out of his pouch and leading it to Vanessa's mouth.

"Two!" "Have you seen the other girl?" A young girl said as she pointed over to ANN

Ann was now tied up over a bench, with ten guys taken turns fucking her ass and love hole. The girls were lined up with their dogs at the other end. They were feeding Ann with the dogs' cocks.

"Suck you dirty whore"

"Drink my dogs cum" Two young girls were forcing two dog monsters into Ann's mouth

Ann was having human cum in her ass and love socket and doggy cum in her mouth and trickling down her throat. MMM.

"More mmmmmmmmm More" Ann was telling the crowd she was loving it at every chance she could.

"Bring the other two dogs in" Ann was puzzled but she was totally lustful; so bring it on.

The young girls moved over and allowed the new dogs to get in to Ann's warm mouth; her lips and face covered in doggy cum. The first two dogs were still cumming. So the young girls got either side of Ann's head. The dogs were squirting all over Ann's face; she looked like someone had thrown a basin full of dog cum on her.

"Get the dogs to lick her face" A young girl said excitedly.

A massive cheer rang out, the young girl was peeing herself with excitement. One of the women in the line quickly ran over with her dog; the dog was lapping up the piss and flicking his long tongue on to her clitoris. The young girl like the idea she was part of the show. The dogs were now licking Ann's face; cleaning all the cum up.

"Let the dogs in her mouth" The young girls pulled the dogs cocks out of Ann's mouth.

The dogs were squirting more of their doggy cum as the other two dogs were made to French kiss Ann and they were encouraged to bury their tongues deep in to Ann's mouth. Ann loved the feeling of the dogs' tongues touching the back of her mouth and whirling round. Mmm aaaaa huhuhh ahu ahu ahu mm. Ann found herself playing with the dogs tongues with her little tongue; they tasted nice.

"Come on it's the dogs turn" All the guys had cum inside Ann so the woman led the dogs to Ann's love hole; Ann was now going to have human and doggy cum inside her ass hole and love socket.

Vanessa was now in her own erotic world; she often dreamed of this; she was able to be free with her love for dogs. Now it was real; dogs galore and people round her enjoying the same sexual pleasure as she did. The first dog mounted her; she was so raunchy she could just feel the pleasure of the dog's big purple cock pumping inside her. The speed and the thickness of the dog's cock given her love socket a real ponding.

"O HE IS SO NICE"

"FUCK YES" "FUCK YES" "FUCK YES" "FUCK YES" "FUCK YES" "FUCK YES"

Vanessa kept repeating over and over again.

“Take that you dirty dog whore” The woman rammed the dog’s cock she had in her hands down Vanessa’s throat.

“Get the knot in her mouth” One of the guys shouted as he held the dog in place fucking Vanessa.

Vanessa could feel the dog inside her love socket stretching all her inner muscles, he was enormous and she did not know how much she could take; she was not in any position to control the situation, the dog was in control and she was his bitch.

“Ah fuck!” The dog was knotting

“Stop him” Vanessa felt like she was going to split.

“NO CHANCE YOU DIRTY DOG SLUT!” the group all shouted at the same time.

“O HE IS IN” Vanessa screamed

Vanessa could feel the puppy juice squirting inside her. The dog had stopped thrusting forward, but his monster was throbbing inside her making her cum. Her cunt muscles were twitching and grabbing the dog cock firmly and then releasing. This was setting off waves of pleasure through her body.

The woman was now forcing the dogs knot into Vanessa’s mouth; it was not as big as the dog in her love socket, so she could take it all with a squeeze; her cheeks were bulging and the purple cock was deep in her throat. Somehow she was able to breath but she was gagging to the delight of the woman and the guy.

Vanessa was feeling very naughty and loving every minute. Her love socket was full to bursting and her mouth full with the dog’s cock squirting his hot cum into her throat. The other women started to feed Vanessa’s tits to the dogs; the dogs were licking and the nibbling at Vanessa’s nipples, they were standing up hard and erect.

Vanessa was now thinking of her fantasy (she started to dream of her feeding her puppies) this was something she often masturbated over; given birth to puppies and rearing them. If only this could come true. The dogs were making her fantasy come true the way they were nibbling on her nipples.

“Look at the dogs they think she is there mother” The woman held the tit and the dog as she told everyone.

Vanessa was in a trance, she was being fucked like the slut bitch she was and feeding her puppies like a good mother bitch. Vanessa was shaking with the raunchy climax; her body was doing its own thing. Every muscle was twitching with pleasure; her body was aching and it was not stopping.

Vanessa could see people taking photos and this was making her climax even stronger. The dog started to squeeze out of Vanessa’s love socket.

“Oooooooooowwwwww” Vanessa gave out a scream!

There was an almighty cheer from the people around. The sight of the dog’s enormous red cock dangling, and spurting his puppy juice, this was getting everyone excited. The woman told the guy’s to get Vanessa on all fours, and the girls to keep feeding the dogs her tits. The dogs were now given little bites to her now raw tits. Vanessa liked this, her brood needed their mother bitch.

Aaaaaaaaaammmmmmmmmmmmaaaaaaaaaaaaaaaaaaaaaaammmmmm

One girl got down and started to join her dog; she sucked hard on Vanessa’s nipple; biting her nipple with her front teeth. The crowd liked that, Vanessa was yelping like a dog. Vanessa could feel lots of hot sticky cum splashing on her back; there were lots of guys wanking all over her.

Vanessa liked the cum shower; it was adding to her animal instincts. Vanessa was now feeling weak and was ready to faint. The guys lifted her up and lay her on the sofa. She was warm and feeling so naughty and smug; lying with her legs wide open (what a slut; she was thinking). People were stroking her and poking her holes; Vanessa thought it could not get better than this (this is what heaven is like).

Vanessa turned her head, she could see Ann across the room. She was being ravished by the dogs.

The women were getting the dogs to fuck her hard; they were not given her a rest, one after another mounting Ann. Vanessa could see Ann was dripping wet with sweat; her hair was drenched.

“You dirty slut”

“Whore”

“Dog bitch”

Vanessa was getting excited watching the dogs, and listening to the women shouting at Ann. Ann looked at Vanessa and smiled; she mouthed your jealous you dirty cow. Vanessa nodded yes (she was still being poked and prodded, but she wanted dog). Ann was looking very smug.

“What you grining at you dirty dog whore”

A woman was pulling Ann’s hair and forcing her to lick the woman’s cunt.

“You dirty fucking slut eat my cunt”

The woman was gyrating hard on Ann’s face. A guy came up behind the woman a shoved his cock up her asshole, this made the woman thrust even harder in to Ann’s face. Ann was now feeling sore her love lips were swollen and full of dog cock; her love and ass hole was flooding with human and dog cum.

Ann could not count how many times she had cum, and was still cuming. Another five dogs pounded Ann; guys and woman took turns in Ann’s mouth until Mike came across.

“OK I think she needs a rest”

“Are! Mike she is good for more, the whore loves it”

“Yes and we want the bitch keen for more”

Mike led Ann over to Vanessa on the sofa “there you go sit with Vanessa
