BEASTIALITY STORIES

(c) 2009 by ACTJ

One day as I came home from work, there was a note on the door. As I came closer it read:

Hi Hubby, sorry I am not home yet but anyways I need to go to the store however since it is a nice day stay in the back yard by the big tree and wait for me. Be naked though. I really want you in me.

I then took off all my clothes and made it too the back yard since we lived in the country away from everyone else. It was quite enjoyable since it was a very hot day out side. As I made it too the tree I saw a table there with another note on it and a chair. The table also had blind folds on it. I was wondering what the bind fold was for. So I read the note left.

Your wondering what these are for hubby simple I want you too lay on your stomach wearing these blind folds on. Go on all fours. Wait for me like this....if you do and wait for me I will give you a great oral treatment before the big bang. However don't be surprise too feel things weird. Also drink this nice refreshing lemon lemade I left for you. Love you.

Now looking over the place I saw a nicely laid out Towel I didn't see before. So I took the drink. I drunk it down, as I then put the glass down I then put on the blind folds. I then made it too the towel and went on all fours down. I wondered why I was in this fashion.

Soon I started feeling weird, however I felt like I was in a daze but my body keep in the same position. I then heard my wife come and she said "Hi Honey"

I said "Hi Wifey." As I expected too have her come too me. But I heard this bark and I said "A Dog when did we get a dog?"

She then said with what sounded like a laugh "Just today. See its my special surprise for you. See you always liked surprises and I thought this would be the best treat for you."

"Um I am not following wifey?" I asked somewhat worried "What surprise would that be?"

"Don't be worried Hubbykins. See the dogs, that I got, are going too be the ones that will be fucking you in your ass." She said with what I imagine with a smile "See you said one time you wanted too be fucked by a dog and other animals so this is just the start. And by the way. I brought two dogs for you too be fucked with. The first is a medium size one and the other is a bit bigger but I sure your do fine." She said

"Also don't be worried about feeling sore I given you something too make the pain of staying in that position for long not bother you much. Also Hubby, here is the first dog to fuck you. After he is done I will bring in the next. If you enjoy this round I have other surprises for you." She said

She then went over too me and pulled the chair she untied the blind fold as she moved too me. She then said "Honey I will be here while they fuck you. So don't worry this will be fun."

As she lead the dog behind me. I had the feeling it knew what too do as it put its nose up too my bare ass. Then it started too lick. The feeling was somewhat good. But different. She was by me and petting my head as the dog started too lick more and more into my ass.

My wife then said "He is almost ready too fuck you honey. Are you ready?"

"Sure I guess." I said

"Good." She said "He will fuck you dear."

The dog then went up on my back with its forearms on my shoulders. As I felt its penis try too hit its mark. I then felt something at first small but slimly enter my ass. Then the dog started too move more back and forth into me. I felt his penis grow in size and length. It stretch my ass more however there was no feeling of pain. It felt good actuary. Being never fucked in the ass before.

As the dog keep fucking me it felt good and I looked at my wife and said "I love this honey. How did you know?"

She said with a smile "I know you and I wanted you too feel it in you. But let him fuck you dear. Let him fill your little ass hole with cum."

This went on for a while as he fucked me and then started too mourn as he fucked me. I then started too feel him get hard in my ass. Then I knew he was close too fill my ass with his doggie cum. Then it happen he got rock hard and cum in my ass. He was still fucking my ass after he came. But I didn't mind. I liked the feeling he gave me.

Then he got small and went out of my ass. Then my wife clapped and said "Hubbykins you were just fucked in the ass for the first time by a Dog. How did you enjoy that?"

I then smiled and said with a grin and a mourn "I loved it."

"Good now for the much more bigger dog too fill you." She said "Let me show you what fucked you."

She brought around this medium size dog most of been a golden lab or something. Then she said "The next one is bigger and it is a Pit Bull. By the way it likes too fuck more then once. So your more then likely going too be fucked by it two times."

I looked a bit worried and asked "Pit bull? Would that kill me?"

She said "No. Where I get them is this place that sells animals just too fuck people. I found online. They are harmless too people."

She then took the first dog up too the house. And then she brought forth this big Dog. And she "Want too be fucked that way or do you want too change positions?"

I then said "I like it this way so far."

"Ok." She then showed me this dog more so and it was already erected. Damn It had this Huge cock. I almost thought it was half Horse or something.

I then asked "Its going too fuck me right?"

"Oh baby yes it will fuck your ass like two times. Then leave its seed deep inside your ass till you need to use the bathroom."

A little worried then she lead it in back of me. And then she had it wait till she got in front of me. She then gave it a signal as she took my hands the dog went on my shoulders like the first time. This one found my asshole fast as it went deep into me. I let out a cry of pain as it went deep inside my ass. I felt as it would go all the way deep inside me. This was just with one stoke of its dick.

As it then begun too fuck me my wife started too rub her hand on my hair. And said too me. "This is for your benefit dear. I want you too be happy and I want the dog too fuck you. He wants too fill you up like a bitch in heat. He will fuck you and fill you up."

I said with a voice of both pleasure and pain "yes dear I want him too fuck me and fill me up with his seed. Let him fuck me and make me his bitch. I want him too fuck me and fuck me hard."

"Good dear. And afterwards we will see if you been good. I will let you fuck me while one of them fucks you. Is that ok?" She said.

"Ok." I said

As the dog fucked my ass at first slowly then fast then slowly. I got too the point I loved this. It felt so damn good. I didn't want it too cum inside me. Cause after two times this pleasure will go away. Not sure how long it took. But after awhile of banging my ass I felt it cum for the first time. Then it started up again. Just as big. Fucking my ass. I mourned loud lucky for us we lived in the country like I said.

My wife then said too me "You really love been a bitch don't you?"

I then said "Yes I do and I want the dogs too fuck me every day."

"Good boy." She said.

Then she said "What type of things do you want to fuck you dear?"

"I don't know what do they have" I said panting as the dog fucked my ass

"Well I can check. I think they had horses." She said

"Wouldn't that kill me." I panted and said

"nah." She said

"What about pigs?" I asked panting

"Yeah we can do that. How many?" She asked wondering and happy too see my ass being fucked

"I don't care." I said as I was being fucked. Thinking of this made me even more enjoy it. Hell I didn't know what she was going too bring home now, to fuck my ass.

"Well I know of a place that even has guys willing too do this to. Into that honey." She asked knowing the answer she smiled and said. "You just like your ass being fuck don't you. Don't worry I think the next time I will bring three dogs too do you."

"Each taking turns?" I asked as the dog's fucking began too whine down. And I felt another explosion of cum inside my ass.

"No dear they fuck you in your ass, and you suck one at the same time. Then another will fuck you after that." She said "I think he is done fucking you now."

The dog got off me and then I felt like I could get up and as I did. All the sperm came out of my now very happy asshole. I felt very good now. I got fucked and fucked hard I was now two dog's bitch and I will become the bitch of more dogs and the fuck toy of other people, animals etc.

She gave me her hand as she lead me to the shower as I cleaned up she went and got undress in the bedroom. Then she called the two dogs. As I came out of the shower. She then said too me. "Fuck me but while you fuck me they will take turns fucking you."

Since she was laying on the bed she spread her legs out and was on all fours as I licked her pussy. I smiled and tasted so good. I was so much into it that I barely felt the medium size dog come on my shoulder and went into my ass.

I felt him fuck my ass as I licked my wifey's pussy. I didn't really care at this point. It all felt and tasted good. As I licked the dog fucked. And he fucked, as he went in and out. I felt as I was in heaven. Then I felt him fill my insides with his cum. As I went to mount my wife the Big dog mounted me and fucked me. As I fucked my wife he fucked me. God it felt good. Being fucked and fucking at the same time. MY wife enjoyed the feeling I was giving her.

She then said "See having them fuck you while we fuck is very good for the two of us. Now fill me up as he will fill you up." As I come into my wife he came into my ass. I am sure my wife came as well.

After the dog got off of me. My wife said to me. "This is lesson one. Hubbykins and you pass. The next one will be later on."

I asked "What is lesson two?"

She laugh and said "Well I think I want to see you being fucked by some pigs"

"Pigs" I asked

"yep." She said with a smile. Then she said as we got off of each other and we went to bed.

"I don't think your ready yet though Hubby for the pigs. But I think your ready for some more dogs to fuck you.

I woke up the next morning with breakfast in bed and two dogs staining me. I was still naked however they didn't feel like fucking me again. So I got up there again was a note. It read:

Stay naked hubby. I am getting a 3rd dog for you. This will be quite fun. Oh I will also be bring home a horse. Just for you. Since the office is close you have all the time today and tomorrow to be their fuck toy. I love you and I really enjoyed being fuck by you, as well as seeing you being fucked.

So I stayed naked. As I waited for her. I heard her come home. There was this stall out comes this horse. God it was big and I saw what looked like a huge cock. I then said to myself. "God that thing is huge not sure if I can have it all in me." Then I saw another dog about the same size as the big one.

The two other dogs we had, already knew what was going to happen now. They started to get excited knowing their bitch which is me is going to need to be seeded. For they sense I was in heat. I then went down stairs with them following my naked ass down.

There my wifey came inside and said excited "Hubbykins! I got you something a little bit Bigger than a pig."

"So I am not going to be fucked by a pig or pig's I take it?" I asked dumblike

"Oh don't be silly of course you will be fucked by pigs. In fact every single animal there is will fuck your ass and make their seed inside you. However we need you to be ready my dear. The horse is like everything else just the start. Besides it really needs to unload its cum. So I figured your ass is just the place for it to unload into." She said

The she got the two other dogs and the one she just got and then she said "Hubby go outside and whatever way you wish to be fucked be in that position the towel should still be out there. Lay on it while I get the dog's ready too mount you. Also honey understand to suck their cocks too."

I then said "Ok."

I then went outside and decided too lay on my back this time. She then didn't take long too bring them out. She then went over too me with the dogs and she said "You may be fucked in your ass with more then 1 at a time. So be prepared for double penations dear."

She then gave the signal as one dog went too my head and I took his cock in my mouth. While I was sucking doggie cock Two dogs were licking my ass. Knowing it was a bitches cunt. Then I felted them stop licking me and felt one of them get on top of me. Its dick hit the mark. It fucked my ass in and out like there was no tomorrow as it wanted puppies from me. I mouned with a mouth fill of doggie cock in my mouth. As I did so the dog I was sucking started too fuck my mouth.

Not soon after that I felt a warm spill of cum in my ass, knowing the first dog had dumped its load in my ass. The second dog then came on mount me. God it was Huge I near choke when it went into my ass. After a few mintues I loved this feeling of being the dog's bitch. Then the one I was giving oral too. Spilled its cum inside me. I drunk it all.

I then said too the one that was fucking me now. "Fuck my ass make me your whore and make me have your babies. I want you too fuck my ass and make me your bitch."

As I said this it was like it understood me. Even though I am a guy and I can't get pregent it wanted me too have its kids. And too make me have them. God It felt good inside me. As this was going on. My wife was bring over the horse. She then got it ready to fuck me deep.

As the dog keep fucking my ass and It started too cum. I saw the horse and want nothing more then too have its cock deep in my ass. I asked my wife "Can it fuck me too?"

She nodded with a huge grin in her face. She then said "Honey that's what I wanted you too say. Trust me honey it will fuck your ass and make your stomach filled with its cum. However I have a question for you Hubbykins."

I asked panting as the dog fucked me. "What's that dear?"

"Do you want it too fuck your ass dear? Then tell me that you will fuck three guys They want your ass also." She asked

Not sure what too say but kinda of well um. Well if these animals can fuck me then I am sure as hell these guys can fill me up. I said "Sure let them fuck me."

She then said "Good. Now when he is done with you and filled you get on all fours again. So this Stud can fill your willing hole up. Cause he wants you too. And he wants too be the father of your children that you will have. Well may have." She laugh

The dog fucked my ass hard and then he shot his load. Making my ass even more ready for it. At this point I knew after all this when I had too take a shit it would more then likely be cum but at this point who cares.

I as the dog got off me I thought I heard some people coming over but oh well. Not expecting anyone else to come. I then heard my wife talking too what I thought could be other guys. My mind was like

oh my god what is this my day too be fucked hard. I knew it meant was that she brought over the guys also.

She then came over too me and said. "They will watch while your being fucked by the horse. I told them you love it in your ass and mouth. However these men will fuck you in your ass, mouth and will make you fill like the whore you are. Let me know when your ready for the horse. Remember hubbykins they will fuck you after the horse."

"How many are there?" I asked

"There are four but there is another four waiting after them." She said with a smile. "See dear I want you prepared for whats going too happen. I want you happy and filled with desire."

"I am going too be fucked by eight men?" I said a bit worried as my wife brought over the horse. The horse then thrust into my ass once. God it was big and only half way into me. I almost felt it touch my Insides.

She said "Are you ready I needed too get it inside you first?"

I nodded then she gave a signal the horse then thrust deep inside me. And started too fuick me. God it was unbeleive both deep and very very pleasurebale. I started too mourn. My wife said too one of the men "See he is a little whore. After the horse is done with him you may fuck him also."

As I mourn I said said" Good I want my ass too be fucked over and over again."

And one of the men said "Good we want too fill you over and over again. I hope we can help in your hunger for sex"

The horse pounded my ass and went in and out I don't know neither did I care how long it was. That dog's dick was nothing compared to this. This dick filled me whole. And my ass loved the feeling of it.

"Honey I love seeing you being fucked like this." She said "Do you love me for this surprise."

I said with pants "I love it and I love you for this."

"Good what I wanted too hear." She said

The horse fucked my ass more and more I was more into the thing of being its mare. I wanted it too fill me. Then as I said that it came and it came hard. I was filled with its cum. I think I even tasted it in my mouth. It keep on cumming. Then it stopped and it withdrawl its dick out of my ass with a loud pop.

I was soaked with my sweat as well as I smelled like a horse and dogs. I then laid down on my back as I felt the horse sperm escape my ass. Panting still from the fuck. My wife then went over too me and asked "They are already naked and ready too fill you. Are you ready for them yet."

I then said still out of breathe "Almost..." I had my eyes close at the time as I felt a hand grasp me and turn me back over I felt a dick inside my ass already. Then I felt a spongy mass next too my mouth. Then I open it with a dick entering my mouth. Another man went under me. And stared too kiss my neak as the first dick went out his dick enter my ass.

The first guy in me went on top of me and fuck my ass I had two dicks in my ass as well as one in my

mouth the fourth man said. I am going to use your nice smooth skin to fuck you with. As he rubbed his dick across my back. Not sure how long after this but soon afterwards they all came inside or on me.

Not soon after that another wave of four men came to fuck me. This time I was on top of one of them while they fucked me and another one was double fucking my ass. As two took turns in my mouth.

Soon afterwards they all came also. And got dressed and left.

My wife said to me. "Honey how was that?"

I grin and I said "I loved it. What's next?"

She smiled and said "Lesson 1 for dogs is done and you pass next is lesson two."

I asked "I thought lesson 1 was yesterday and I thought I already passed it?"

"I know but I wanted to have you have a treat for it." She said with a smile. "They liked your ass and your body and want to come over more often."

"What about the animals?" I asked

"Don't worry they are ours." She said as she rubbed my naked ass with her hand and then placed her fingers up my ass. "Your ass is like a pussy isn't it?" She asked

"I guess." As she fingered my ass more.

"Good." She took out her finger which was filled with cum. "Be out here all night. But be on all fours."

The horse needs to have you more as the horse came and I smiled and said "Let me be on my back and he fuck me that way. "

"Suit yourself." She said as I went on my back the horse went and found my hole and entered it.

Then I realize he was going to sleep on me while fucking me. So I said "Ok let him off me then."

She then did so. As I got on all fours. The horse found my asshole and went deep inside it. As it went to sleep inside my ass. I went to sleep feeling like in heaven been laid. I felt during the night him fucking my ass and his loads deep inside me but I sleep well.

During the night had this dream which I will tell later....

As I nodded off I awoke in a field which was somewhat weird. I saw I was naked like when I went to sleep. As I made it through the field I find myself on this pathway. There as I went down it. A strange being came from ahead of me. The being looked like a cross between a human and a dog. As it came down I was not afraid it was naked like I was. However this being was female. She then said to me. "Oh what type of being are you?"

I answered and I said "Human"

She looked somewhat confused and said "Human? I never heard of that race before."

I looked somewhat surprised and I asked "Where am I."

She smiled and said "In the land of Nox."

She then noticed I was getting larger and asked "want me too help you out down there?"

I said "Sure why not I love sex."

"Good then you would love the sex tree. However it seems too be like your thing down there." She said

"Male?" I asked

"Yes." She said "Maybe I shouldn't do this too you. Let's see what it wants from you first." She then took my hand and lead me down the path. There was this huge tree. The brances were not wood but the thing was made like big dicks from its trunk.

I felt this voice in my head. It said "I been expecting you. You have needs and wants while I have needs and wants also." I then looked around and asked "What needs are those?"

"Simple." It then said as it felt compeled to move towards it. Then a branch came up. "Lay on this as I explain I will do what you like done too you. Don't worry no harm will come too you."

I laid on it and one of its dicks moved in on entered my ass. It felted very good. Let out a mourn. Then it said "You enjoy being fucked?"

I then said mourning "Yes I love it when penis goes into my ass, mouth even against my skin."

The dick branch went into and out and then I felt another enter my ass. I mourn more. "Good too hear. I will fuck you for so long I wanted too fill my passion with a male of another speices. Now you will be that person. Here I will fill your Hunger for sex."

I said as I mourn "Just fuck me and fill me with your seed. Take me like the whore I am and fill me up. God you feel so good in me."

It then had another one enter my mouth and it fucked me for awhile. Then I felt it pulsated and it spilled whatever type of cum it had. Then as it did this more of itself went too fill in me. This happen for some time. Then it stop and said "Your body has hunger that I can not fill. However there is one that can. However if you ever want for me too fuck you come too me and let me do what you like too you."

As I got up. I saw greenish cum come out of me. Then I looked at the tree and asked "What is this other one?"

"Are you sure you want him too do too you as I did too you?" It asked

"You said it will help my hunger." I said

"That it will." He said "However the case your body will never be the same again."

"But before you go." He said "I want you too meet a friend of my who needs some of what you have."

There came out three male versions of the dog people came out. The tree then said "They need too have their cum into something also. Can you help them out?"

I smiled and said "Sure thing."

“Good.” The tree said

The three beings then came over to me. I went on the ground for them to do what they need to have done. As the first entered my ass, another came around and wanted me to suck him. So as I took one in my ass and another in my mouth. They both fucked me slow and easy, felt too damn good. As then the one in my ass started to fuck faster and faster, soon I felt a gush of hot semen up my ass. The other in my mouth just continued slowly fucking my mouth. As the other went behind me and fucked me. He then fucked hard and then slowed down a bit.

Heck I been fucked by a tree, a horse, three dogs, and eight men I am quite prepared to be fucked by anything. I hope anyways. My wife told me I will be in surprise what she has in store for me next. Then as I was mourning away at being a their bitch. I felt the one in my ass start to cum. Then the one in my mouth left my mouth and went into my ass.

As He fucked me I felt like man I want them not to stop. I love this, being a fucking ass whore. As he fucked my ass and I mourned even louder. He then also cum inside me. As the three of them left me I got up and the sex tree said “You have one sex hunger Human.”

The one that will fuck you and fill you is a creature that has nothing but dicks and it will fuck you over and over again. I sure that will stop this hunger of yours if not then there is nothing here in Nox that will help you out. Although I am sure we all will love to fuck you again and again. But even we have limits.

I then said as I got up. “Where is this creature? For I desire him or it to fuck me.”

The tree then said in my head follow the path east and there I will find a cave. So I did so, I walked not far and the cave was there. As I entered the cave the smell of fresh semen filled the cave. I saw nothing on the floor even though it was dark I could see perfectly well.

I then heard this voice in my mind “You have come at last. I have waited for you and waited to fill myself in your body. Don’t be alarm I will not harm or kill you. But I will help you with this lust of yours. Come closer into the cave and we will begin and your cravings will stop.”

As I move closer the ground became more slime filled but it was quite good even kinda of turned me on. As I came into where I was told. I came into this round room only one way out and the way I came. All though out the room but on the floor were holes.

“let me know when you are ready to be my slut.” It said

“I am ready for you to fuck me.” I said. As I did so all the holes came alive with these long tube like things came out. They then open up, with many long penis like vine like things come out. Something went around my waist and lifted me up. Not painful or anything.

The first of these penis vine like things went into my ass. Followed by another, I felt maybe three in my ass before I started getting them in my mouth. I lost track how many went into either hole but I was filled. Up. They started to fuck my ass and mouth, they felt damn good. As I let out moans etc, they ones in my mouth let me to breathe. I didn’t notice though that these vines were actually part of a bigger penis As I felt them all go inside me deep. I then started to feel a much larger penis go inside me.

And then another one followed the first. I had two of these, each felt like a telephone pole but it did not hurt. Felt very very very good. Each of the smaller ones inside me tickled my insides, as they went in and out. The ones in my mouth left me, as I felt this huge burst of something exploded inside

me. It came out of my mouth. Didn't hurt, But I then felt another and another. As each time it happen another huge Penis went deep inside me.

The voice then said "You love this? I hope you will like me making you my slut. For I have not have had anyone too fuck like this for a long long time."

I said "I love it. Please go on."

"I will fuck you till you wake up. Then maybe we will meet again." He said

I then said with a mourn "I am dreaming?"

"Yes." It said.

"But it feels so real." I said

"I know" It said as it fucked deep inside my ass. As it said that it came again making the cum come out of my mouth in a huge burst.

Not sure how long this happen for but I was its bitch for a long long time. It was like nothing I ever felt before. I then felt like I was getting dizzy and they it said "I hope your sleep was well worth it. I love your body and I hope we will soon fuck again. You need too wake up."

As it said so I woke up. The horse that was on top of me was still inside me. I felt as though he came more then once. It was morning now. And my wife came out got the horse out of me with a popping noise as its cum came out.

She said "Morning Hubby. Ready for lesson two?"

I said "Yes I am."

She smiled and said "Good. Although we will use something totally differenty this time though."

"Like what I said." As I said that I heard the sound of pigs. I then smiled and said "They get too fuck me huh?"

"More like screw you but yes." There are two of them.

My Wifey then came over too me as I got up from where I was asleep at. She then said "See Hubbykins I want you too see the Pigs that will fuck you before they do it."

Being still naked she Beckon me too come too her. I saw these two pigs. One was a huge brown and white spotted hog, the other was a medium but still big pig. Both had these penis that were almost like screws. Making me a little worried. I said too her "Umm these will tear me won't they?"

She looked at them and me "Then she said well I talked too the people I buy these sex animals from and they said it should be fine. After all you did have you ass fucked by three dogs, eight men, one horse. I am sure it is not virgin anymore. So More then likely no."

I the sighed and she then smiled. She then said "Pet them after all they want too be a father also. And they think you are their female they will have sex with."

I went too pet them and as I did so I felt their skin, and then I said "I am one slut ain't I. You will love getting me knocked up."

She then said too me "Let me know when your ready too be laid."

I then sighed and my ass was just so horny and wanted more and more I am not sure what will help it out. I then said as I went down on all fours "I like it this way."

"Sure thing, now remember they will fuck you like how you screw in a screw. Hell I should say they are going too screw you but oh well. Anyways want me by you?"

I then said as she gave the command too fuck me "Yes please I may have pain this time."

As I said that the bigger one came over too me and went all the way on top of me its front legs touching the ground between me. I felt its huge screw like dick working its way in my ass. As it started too drill me my wife came over too me and as I looked up too her kinda of in pain. She laugh and said "Remember pleasure is a form of pain dear." She then got undress also. I looked at her and I asked

She then replied "I think I may have one of your studs fuck me too."

I laugh as it started too drill me more. Then the pain went away as it really started too fuck and drill at my ass. Soon I felt it deep inside my ass. I kinda of felt good. My wife said "If you want too fuck me come too me."

Four of the men who fucked me before came too her naked. Then she said too them "Fuck me as I comfort my husband while he is been drilled and fucked."

She went on all fours also kissing me as they took turns fucking her cunt. One went down kissing her neck as he fucked her. I am not sure where they fucked her but I know it was not in her mouth as she was tongue lock with me as I was being fucked by the first of two pigs.

Not sure how long it was but I felt the pig inside me get big and then I know what was next. My bowels will soon be sprayed with its cum. As it came deep inside me it let out a loud mourn then it went out. The next pig went and did what it was suppose too fuck me. I didn't really felt it this time. I was just trying too love my wife's face.

After awhile I felt the pig out and then my wife got up and said too the men "Your turn. Fuck his ass. He needs some love. But before you do so let him fuck me first while you fuck him."

She went on all fours as I went on top of her and fucked her. Then I felt my ass been spread apart with two Big hands, I nearly cried not sure why as A HUGE Dick entered my Ass. It went deep in me. As the man fucked me hard then slow. I started too fuck my wife hard and slow with each thrust. What ever he fucked me I ended up fucking her that way. Not really me doing it just the way we were connected.

Then I shot my load into my wife and then the she got up and said "Ride my husband while the black one enters his ass."

I was motion to get up as the other who was fucking me before went on the ground there I went on top of his cock. Facing him. As I did so I felt my ass being strenche more as another bigger dick enter. Now I had two penis in my asshole. Soon another one went into my mouth. As they all fuck me, my wife then went over too me and smiled.

She then said "This is your award for passing lesson two."

I smiled as the men fucked my ass hard. As they drilled into my ass, I felt good my ass felt like it was filled. Then they started too shot their load into my ass. Then they stopped and got out of me. As the last guy shot his load into my mouth.

They left I went and took a shower and my wife came into the bathroom where I was. She then asked "Are you still having that issue with your ass dear?"

I smiled and said "Of course. The more I get pounded the more it wants."

She then said "Good, what we will have you do is get laid by our dog's before we go too sleep. That way your ass isn't bugging you in the morning."

"No sleeping with the horse. That felt good last nite." I said

"No. You have work my dear. Can't have the office close too much." She said

"True. Either way I will have them ready for you in the bedroom. Just make sure before you go too work too be clean and smelling good for work." She said

I then heard the dog's come up they knew that their bitch was in heat and needed too be fucked. I got done with my shower. Came too see them with my wife smiling. She then said with a smile. Your boys want their pussy tonight.

I got on to the bed on my back as one of the big ones came up and started too sniff my balls and ass. I lifted my legs up as it started too lick my clean asshole. Then he came closer like I do sometime with my wife. As it came down, his penis hit the mark. I said with somewhat surprise and pleasure as he started too fuck my ass "They know where my pussy is."

My wife laugh as she watch as the first dog fucked me. Then she said "How does it feel honey? I never asked you that before."

"It kinda of feels weird at first for dogs, Horses well very big and they fill me up, as for pigs well pain and pleasure mix." I mourn as I said the answer.

"What about those men." She was combing her hair as the dog fuck me. She could hear me mourn and say to the dog "Fuck me I want too have your puppies."

"They were good." I answered

"You want them too make you a mommy?" She asked

"Well my ass is their pussy so why not." I said with low mourns as the dog went deeper into my asshole.

"Well we can't have kids the two of us." She said "And your really into this sort of thing you always told me you want things too fuck you. Like animals and such. Since we have the money now. I figure hell, give him this."

The dog started too really fuck my ass now as I started too say it spurts with a heavy breathe "So ...oh man yes fuck me like that....so what's next for me...oh yeah....too be fucked by. God fuck me like the little whore I am."

She said thinking "Well your not really done with the lessons of being fucked by dogs yet. The next really is pigs. However you have been fucked by them already. So lets see. How about horses."

I then said with being bang "I...have been fucked...by a horse already. God do that more feels good there."

"True but only one horse." She said "Or we could do pony or a Lion!"

I then said as the dog cum in me. "A Lion?!"

"Well I think our next lesson is into Pigs you need more practice there." She said. "However I am planning on getting another dog and you having all four fuck you." As she said that the next big one mounted me.

She then said as she was coming over too me "Remind he fucks three times. And btw sleep naked and like that. I am sure they will be fucking you all night long."

"Ok." As I was being fucked I then push my ass into him and he started too fuck me more. I mourned more and he fucked deeper in me. He felt good, then as he came, he started to fuck me more, same thing until the time was for the next and last dog.

This time he was in me and then came. Too quick but oh well. I then went too sleep, I felt all night long even though I was asleep the three dogs fuck my ass. It didn't bother me. I felt that I serve them as a good bitch in heat.

As I nodded too dream world I came to the world of Nox. There the thing which was fucking me was still in me. And said "We meet again. Your ass is very wet and I like it so."

"I need too be fucked. Not sure why but I do." I said

"No problem. You body is one that I desire. However, I need too get out of your shit hole and let someone else at it." It said

I was like sad when his penis's left my ass. As a very large amount of his cum went out of my ass as if I never left here. Then a light came on and this not sure what it was but it was different.

There was this chair with a hole where the ass is at and where the arms were at as well as the head was this cashion like part. In back was these devices that look weird like out of a sci-fic movie.

"This device is what I want you too try. It was made for someone like yourself. It was made for either a male or female too use it. The device will fuck you while your penis is in what will feel like a pussy. Your mouth will be free from any sort of sex. However I have too warn you, it will cum more then what I cum, and the fact is I feel you will enjoy this."

I climb onto it and as soon as I got comfortable. I felt this very soft but rubberly head go into my ass, then I felt this soft skin like thing go over my penis as my penis went inside it. The device then started too slowly fuck my ass. It felt ok, not as ok as the creature which was fucking me before. As it went into me, I just had my head back as I close my eyes.

I then felt what felt like another penis thing go inside my ass, I really didn't care as long as I won't get killed or die from this. Then they both thrust in and out at the same time. Felt very good. Then after I am not sure how long but then I felt both of them enlarge and they contined too thrust in and out of my ass.

I then raise my head and open my eyes while the device was fucking my ass. I then said "It feels like its about too cum already."

"Its not its growing too fill your ass as far as your limits are." Then after awhile it will cum. Then it will have another one join inside you. Until you have maybe five inside you. Then it will cum and they will come out at once."

I was indeed enjoying this. However not sure if it will hurt. As he said they both got quite large inside me. Then they came in me, then I felt another one of them push its way into my ass. They then all three started too thrust in and out of me. They got big again. I mourn as this happen as they got bigger, it should of hurt but felt good. Since this is a dream after all who knows. Hell I could have thirty of them in my and it would still feel good.

Then they came and this time some of it came out of my mouth. Another one joined in the fuck feast and want too make sure my ass was well fucked. As they all thrust inside me. They got bigger and bigger. Mind you I have four of them inside me. When they all came it all came out of my mouth. This was a weird look stuff too be honest. Silver in color.

"You are being fucked by a machine you do realizes that do you?" The creature said

"So I am its bitch?" I asked

"Well yes it wants too plant its seed into you. However what I want too do with you is put my whole load of sperm inside you." The creature said

"Havn't you done that yet?" I asked

"Oh no, see I havn't even really fucked you yet." It said. "But this machine will fuck you with its main dick soon."

"Main dick?" I asked

"Yes see its main dick is the size and length of those five smaller things in you. Its just preparing your ass for it." The creature said

"After it cums you will be shitting it out for along time." The creature added. "However when I get my chance too really fuck you. Cum will be coming from your ears."

As it said that the fifth one entered me. Now I felt this huge massive amount of pleasure in my ass. And it was all thrusting in and out of my ass. As this went on my own penis was beening able too fuck something not sure what but it felt good. Then the five smaller dicks came in me. They pulled out, then as they did so. The creature then said too me. "You have five second before it goes in you. Catch your breathe."

I did and good thing I did. Soon I felt this Huge head at the entrance too my ass, then it went into it very fast. No pain but it was not enjoyable at first. It started too thrust in and out like the smaller five. I started too mourn and liked it. As it contined its fucking I felt more and more pleasure as it fucked me.

Then it came into me and like the creature said I was filled with this silver colored cum. The device moved away from my dick as I saw I came also. I got down still dripping large amounts of cum from my ass.

I then as I went down I was very tried. The creature then said too me "I am going too enter you again but you will be waking up soon. As soon as I enter you, you will wake up. Then when you come back here. I will begun too fuck you as before."

I felt his first dick enter me and wake up. I went to take another shower and get dressed for work. I went out and my wife wished me luck at work. She then asked me "Honey I leave what happens next to you? What do you want last lesson with dog's or first with pigs."

"How many pigs will fuck me if I say pigs?" I asked

"Well you have already been screwed by two. So I will buy two more." She said "However for dogs I need to buy one more."

"So why did you bring in the men." I asked wondering

She smiled and said "Oh they are another lesson I will teach you. Then after I am done with you. You can teach me what I taught you."

"You mean have them fuck you?" I asked

"Well yes but not now or with these animals we have now. They only think of you as their bitch. They view me as a guy." She said.

I then left for work wondering what the next and last lesson in Doggie sex will bring to me.

I came home with another of those notes. I knew well enough to know, that my wife has now gotten four dogs now. With whose goal now in life was to fuck me, I may have had a problem with this at another point of my life. But what brought this on was the feeling that I just need to be fucked. Even the three dogs, the two pigs, and a horse as well as eight men, who have all fucked me hard and deep. I was just still feeling as if I did before but more so.

All I wanted was to fill dick and cum up my ass. The more I get fucked the more I want it. As if it is a constantly growing fire. I mean I consider myself not pinkhorse.gif however for what I have done and what has basically happen. Hell I been fucked more then I think I fucked my wife which is a lot. Man these dreams about this land of Nox is another issue I am not sure about.

The creature who seems to keep having penis to fuck me over and over again. The feelings are quite real as well as the experiences I have there. Although I am sure this creature has something much more larger and bigger in store for me. Hell just thinking of this is making me horny as hell.

In a sense I want every single animal and man to just butt fuck me and let their cum drain into my Bows however this is something that will never happen. The note reads that I need to be ready and she is in the back yard and for me to be nude. Going up stairs I undress and walk outside.

There the four dogs are waiting for their bitch. Me. I am not quite sure how I am going to be able to have them all fuck me at the same time. Perhaps if I was a girl it won't be that hard. One in my ass, one in my pussy and of course one in my mouth. However that is for three, the other will need to well still wait its turn.

I then thought maybe if I mount one of them and another of them could mount me as well as another fuck my face but then I am still not sure. As I made it with a smile, my wife said to me. "Each of them will fuck your ass then leave its seed in you. Then afterwards the eight men whom have had sex with the two of us. Wish to fuck you again. I am sure you are more then ready to have it done. However here is your choice. You can have eight men fuck you first or you can have the four dogs fuck you."

I then smiled and asked "Where are you going to be dear?"

"Hubbykins while you get fucked hardcore. I will be taping it for us. So you can see yourself be a whore too about twelve males. Of course four of them being dogs but you know what I mean." She said with a smile.

"Your going too tape me being fucked?" I asked even more arouse my dick got even harder. Knowing before I was in for a fucked of my life. But then again this was like I am really going too get a treat.

"Yes. Beside this sort of thing makes good money." She said "And I figure it will be worth the bucks you help make for us hubby. Besides you like been fucked in your asshole as well as your mouth." As she said that she put her entire left hand up my ass real nice and slowly and then she thrust as I went on my hands and knees mourning as I was been fisted.

"Now honey how would you like me too have you be fucked?" she said fist fucking my ass even faster.

"Have the eight fuck me." I said mourning

"Ok boys you heard him but don't start till I get this thing on ok." She said as she walked away.

"Ok boys fuck the hell out of my husband, Make him your bitch. He will soon be four doggies little bitch now give him the love he needs." She said

One of the men had me get up and he laid down. He motion me too mount him. As I did so he started too French Kiss me. As he started too thrust into my Rectum I felted another man enter my ass. Not sure if I was just feeling it or not but I felt a penis rubbing my backside as well as on my head.

The guy I was on top of said "No do not fuck his mouth his mouth is for me too kiss he is after all a fucking little bitch. Lets make sure he has enough dicks up his ass first."

This really turn me on. As I felted two very Large cocks thrust in and out of my ass. As it was quite hard too really mourn cause my mouth was covered I was treated too a very good fuck as after I was done with these two. I had three more that came however instead of one kissing me I had one wanting too also fuck my mouth.

They all seemed too thrust quite hard this next group. And I thought the last had huge dicks these ones were much more thicker as well as larger. I didn't care. It felt very good for my ass. As they fucked me, my wife filmed me getting gangbanged. Soon they came into my holes. The next three did the same thing but they wanted too see if it was even possible too fuck my ass all at once. Didn't work well. I was disappointed hell I wanted too feel three cocks in me. Oh well as they fucked me hard I then forget that Doggies were too fuck me also. After the man that was ontop of me was done and the one fucking my face was done.

I felted this other dick entered me. I looked behind and saw one of the doggies mounted me. And the guy I was mounted too said. "I am not going too cum till the doggies fuck you like the bitch you are. See I can hold my cum for a long time slut."

Like I said there would be a time I would care being called names but now it kind of made the whole thing much more enjoyable even made me more horny. The first dog was a smaller one so its dick didn't really make me noticed that much only when it came did I noticed it was there. The next was one of the two big dogs but I never saw the new one yet. My wife hinted it was big.

This second dog man I felt it along with the man I mounted. It was Huge. But my Ass wanted more. It just wanted more things in it. And it just wanted these dicks too fill me with their cum. As the

second dog got huge I knew it was about to let loose its cum. And it did so. The next dog came, it was about the same size as the last. Every time a dog was pounding my ass. The man that I was mounted too fucked me harder than the dog. I couldn't tell if he came or not who knows I had a lot of semen in my ass.

As the dog then came into my ass, he came out and then the next dog came to make me his bitch. This dog not sure what was taking it so long then I knew in a few seconds I felt what felt like this long slimy log like thing go into my ass. As it went into my ass I thought it was done then I felt the dog mount me even though I was already mounted to another guy.

The dog nearly knocked the wind out of me. He had a HUGE cock I felt it pass my belly button. From the feeling of it he was not even all the way in. I then said "Wifey what is this dog a freaking horse."

Everyone laugh and said "No it's a dog just very large one which very huge dick."

My wifey then said "Look honey he is horny and needs your ass to be his pussy. You are horny and need his dick. So the two of you need each other."

I laugh and said with a moan as the dog and man both at the same time started to fuck very fast into me. "Ok honey."

As the dog made me his bitch and the man I was mounted fuck my willing asshole. I smiled he then said to me "Bitch want me to kiss you while you are being fucked?"

I then said "Sure I really like being fucked by you and this dog."

"Good to hear. I love your ass man. Very tight and very very nice." He said as he started to kiss me and we both tongue lock. The feeling was damn good. As both man and beast made me their bitch.

However the fucking had to stop as both release their sperm deep into my rectum. The dog got off me and then the man stopped kissing me and I got off of him, as a gush of sperm race out of my ass. Everyone told me I had a great ass and I was a good fuck. My wife already stop filming me for she had another surprise for me.

As the eight men left now dress. I was still naked and dripping with sperm. My wife then asked me "Do you want to be fucked by two pigs or by a horse. Its my reward for what you done."

I then said "Who are we doing all this for? Me or for you?"

She smiled and said "I always wanted you to be fucked by animals and men. I think you wanted the same thing. However you want Big dicks in your ass. I am working on that but like I said a Horse is maybe the best thing for your ass."

I then said "All fuck it I will have the horse and two pigs fuck me."

Just then one of the guys came back and he said "I forget something."

As he was looking for what he was looking for my wife said "Would you mind fucking him again like you did before while two pigs and a horse fuck him?"

Since it was the last guy who I was on top, and to be honest I loved his dick inside me. It was yes please say yes. He then looked at me and said "Yes I love his pussy ass. It feel nice in there like a nice comfortable home. Want me to have him mount me again?"

My wife then said "Yes I will be taping again. I need this part."

He laid down I then mounted his dick again as my wife got the two pigs and horse. She then asked me "What do you want first the horse or the pigs."

I sighed as he was fucking my ass again. I then said with a loud moan "Have the large pig fuck me."

She then had the pig move towards both of us. The pig then mounted me as there was plenty of fucking room for his dick to go into me. The pig's penis I felt for sure as it screwed into me. Then it grew in size as it thrust, it seemed like it really wanted to fuck the shit out of me. I didn't care like I said before. As the two males fucked the hell out of me. The pig shot its load. Then came the next pig.

This one went kind of slow into my ass. But it went in. Not as deep as the other but oh well. It then soon shot its load into me as I started to kiss my favorite man. As the pig got off me. I didn't even notice until the horse cock was more than half way up my ass. Then I started to feel it, as it reached the entire length of its dick it then started to pound me hard. I moved with the thrust they were very powerful but they felt good. Soon after I am not sure how soon after the two males just fucked my ass until they wanted to both stop. As it felt like I soon went to sleep with both of them still fucking the shit out of my ass.

I awoke the next morning with them still at it. They then said to me "We came in you more than once. But hey you love that don't you my little slut. By the way your wife says that I can live with you guys as long as I fuck you. And to be honest that horse cock feels very good next to mine."

After a while they stop fucking me and then I was allowed to get up. As I did so I felt and know that a large amount of cum just came out of my ass. I felt better I even felt like I lost more weight than I did.

As I went upstairs my wife said to me. "I hope you like horse cock. Cause that's what is next for your ass."

I asked "What about pig cock?"

"yep that too." She said with a smile.

The End
