BEASTIALITY STORIES

This story is about Vania and her three closest friends. Vania is 21 years old, 5ft 8in, pitch black hair to her shoulders, brown eyes with 34-C bust.

~~~~~

My name is Vania and I am from Poland, I moved to the same city where Jen lives when I was just 5. When I was 18, I found a group of friends through mutual interests. I was already friends with one of them, Janet (18), who introduced me to Joe (19) and Julia (19). We were the sporty type, always pushing ourselves and eventually joined a gym together which we attended three times a week. The other two days of the week and Saturdays were for gymnastics and we were all at the same level. After some time, we became a very close group and did everything together.

During the summer that year, Joe informed us that her older cousin told her she could use his beach house for the weekend as he would be away from the Friday to the following Tuesday. She got his permission to bring us all along, so all we had to do was get our parents permission and somehow convince one of them to loan us a car. To my surprise, my parents agreed to loan me the SUV but I would also have to take our dog Max (German Shepard) with as they would take the opportunity to make some plans of their own. I agreed and the girls and I made our plans for the weekend. The beach house was only about 20 miles from where we all stayed so we arrived there in no time. We all settled in and took Max for a walk on the beach where we spent the rest of the day.

That night we planned to drink a lot and just have fun. We had already discussed most of our favourite topics and decided to get a porno for the evening since we were unsupervised. When we got back to the beach house, we started with three rounds of shooters, poured ourselves a drink and got into the hot tub to continue talking and just having unsupervised fun. Eventually we were all a little drunk and were laughing and chatting loudly while our favourite music played in the background. That is when Julia, the naughtiest of our group, suggested that we play a dare game. The rules were simple, if you dare someone to do something, they dare you when they have completed the dare and if anyone refused to do the dare there had to be a punishment. It took us about ten minutes to decide on the punishment but eventually agreed that anyone unwilling to do the dare would have to run across the beach to the water and back completely naked and were not allowed to cover your tits or pussy, you had to run like you would when fully clothed. As you can imagine, it started with small dares and slowly built up to more serious stuff. Julia dared Joe to play the rest of the dare game completely naked and Joe dared her the same thing. Julia looked at Janet and I and said

“You both might as well get naked too, it’s gonna happen sooner or later anyway”

So we did. We had been naked together before, in the change rooms, but this wasn’t exactly the same. For a few moments we all looked at each other, comparing ourselves and admiring each other. Then Julia dared Janet out of turn

“Janet, I dare you to finger yourself in front of us for at least one minute”

We were all drunk enough to think that was a good dare but Janet was hesitant so we reminded her of the punishment. Janet looked out the window and could see there were still a few people out there, it was only about ten at night

“Fine, just remember that I get to dare you next”

Janet sat up on the deck, the hot tub was sunk into the deck so we were at eye-level with her pussy, she spread her legs so we had a good view, she closed her eyes and she began to rub her clit, trying to forget that we were watching. Julia made it impossible for her to pretend she was alone, commenting every few seconds and telling her what a hot little pussy she had. When the minute was over, Janet slid into the hot tub with us and blushed.

"Now it's my turn to dare you Julia. I dare you to fuck yourself with the cucumber we bought for the salad"

We hadn't got around to actually making food, we were having too much fun up to now. Julia went to the kitchen and returned with the cucumber. She sat in the same place and position where Janet did, spread her legs and placed the cucumber at the entrance to her cunt. She looked at us and said

"You should see your faces right now"

with that, she slowly slid the cucumber into her cunt. When it was quite deep inside her, she started pumping it in and out and moaned quietly. We all watched in amazement, no one saying a word. After a minute had passed, Julia pulled the cucumber out of her cunt and joined us in the tub

"So what are you two gonna do to top that?" she asked Joe and I

"There is only one logical next step. You two should muff-dive each other"

We were too drunk to realise that Julia had taken over this dare game and was getting us all to do whatever popped up in her naughty mind

"Lay down on your sides, head to tail, facing each other there where Janet and I did our dares, then lift the leg on top and lick each other"

"You mean a 69er?" Joe asked

"Yes" Julia replied with excitement

So Joe and I did as she suggested. When we were in position, I realised what I was about to do.

"None of us are lesbians, we all have boyfriends. So why are we doing this?" I asked

"Are you refusing to do the dare?"

Before I could answer, Joe started licking my pussy. It felt so good I moaned at the unexpected pleasure. I decided that I might as well go along with it, so I looked at Joe's pussy, lowered my head and started to lick. Before long, we became lost in the moment. Julia came closer to me

"Don't just lick her clit, suck it too and shove some fingers up her cunt"

So I did. I was starting to really enjoy myself, especially after Julia told Joe the same thing she told me. Then Julia gave Joe the cucumber she just had up her cunt and told her to stick it in mine. It was much more enjoyable than I thought it would be.

"Ok ladies. You were only supposed to do this dare for a minute, it's already been four minutes"

Both Joe and I sat up blushing, who knew we would enjoy it so much? Julia suggested that we go watch the porno she had rented, so we all dried off and went into the living room where Max was laying on the cool tiles. We all squashed onto the three seat sofa and started the movie. We only had

our towels on and were all quite horny by now. The first scene of the movie was a lesbian scene and Julia thought it was an opportunity to continue being naughty

"Janet, have you ever licked a pussy?"

Before long Julia and Janet were in a 69 position pleasing each other on the living room rug while the porno continued to play. They didn't make each other cum, they just licked each other for about five minutes.

"Joe, if you had to take this dare game to the next level, what would you dare Vania to do?" Julia asked

She thought for a while looking around for inspiration, her dare had to be more outrageous than the ones before. Then she looked at Max

"Vania, I dare you to let Max lick your pussy"

"Are you fucking insane?"

I couldn't believe what she just said. Julia just laughed

"If you won't do the dare, you have to do the punishment" Janet reminded me

So I got up and went to the door. It was now about 10:50 and I couldn't see anyone on the beach, so I took a deep breath and ran outside. It took forever to reach the water and on my way back I saw two guys who were sitting in the dark smoking a joint staring at me. When I finally got inside we could hear those two guys cheering and whistling. I was so embarrassed. After I had regained my composure, I turned to Joe

"Now it's my turn bitch. You let the dog lick your pussy"

We could still hear the guys outside so Joe downed the last of her drink, sat on the rug next to max with her legs spread and tapped on her pussy

"Oh well I tried, he's just not interested"

"If you don't get the dare right, you still have to do the punishment" Julia remarked

Julia moved closer to Joe and, without asking or warning, shoved her finger into Joe's cunt

"Dam you're wet"

Then she put her finger in front of Max who was looking at Joe with a confused expression. Max smelt Julia's finger and started licking. He sat up from his laying position and showed a lot more interest. Julia made Joe lean back on her elbows then tapped her pussy again calling Max to come closer. This time Max took the bait and started sniffing Joe's pussy

"Remember Joe, you have to do this for at least one minute or it doesn't count"

Max started licking her pussy and she began to breathe heavily and moans were escaping her lips. We all watched in complete shock as my dog licked our friend's pussy. Julia made Joe lay down flat on her back and then, sitting next to her facing Max, took Joe's Knees and pulled it towards her chest, still spread as wide as possible. Now we could see even better and max could get to more of Joe. He licked her ass, pussy lips, into the slit and her clit. Joe was obviously enjoying the sensation.

"Your minute is over" Janet mentioned

"PLEASE NO! Don't make him stop" Joe begged

Max continued to please Joe until she erupted in what appeared to be an almighty orgasm. At the end of her orgasm, Joe put her hand over her pussy to stop the licking. She rolled onto her side and quivered and shook as she recovered. We waited in silence until Joe finally turned back to us

"That was brilliant. You have to try it"

That is when we noticed Max's dick had come out of its sheath a bit

"Janet, I dare you to suck his dick" said Julia

We were all so horny that any sexual idea was a good one. I got Max to lie down on his side and began to rub his belly, he always lifts his leg exposing himself when I do that. Janet came closer and touched his red member. Max didn't budge

"I think he likes it" I told her

Janet moved her head closer, stuck out her tongue and gave it a quick lick

"It's not like you'd expect" she said

She lowered her head again and started licking it from tip to base. Eventually she got comfortable with the feeling and taste of his dick so she put her lips around it and started bobbing her head up and down. Max's dick grew larger and larger as she sucked it. She didn't stop for at least three minutes.

"Look at the size of it"

His dick was all the way out, at least nine inches and very thick.

"Julia, it's time for your dare. I dare you to climb onto this dick and ride it"

Without hesitation Julia straddled Max, I turned him onto his back while Janet held his dick straight up. Julia lowered herself onto Max's dick and as it slid in she moaned in pure delight. Julia began to ride him just as she would when on top of her boyfriend. We took turns taking a closer look to see how Max's dick slid in and out of Julia. Joe started touching my pussy, rubbing it to Julia's rhythm with Max. Finally, Julia started to shudder as an orgasm built up and exploded in front of us. When she was done she just rolled off Max and lay next to him

"Vania, we all did something with Max, it's your turn now"

Now that I had seen everyone else do it I was eager to try for myself and now I wasn't the first to do it

"Ok, but I'll just let him lick me"

I sat on the edge of the sofa, spread my legs and called Max to me while I tapped on my pussy. Max walked over stiffly with his huge dick hanging below him. He sniffed me once and began to lick. It was better than any pussy licking I had ever received. Julia and Janet sat on either side of me while Joe sat next to Max as they watched. Julia and Joe each took one of my legs and lifted them to give Max better access to all my naughty bits. Max licked my ass, slit, clit and even inside sometimes, it

was wonderful. Max suddenly jumped up and placed his paws on either side of me. He started humping the air looking for my cunt. I was so horny that I reached between my legs and helped his dick find my cunt. I have never felt such a hot dick enter me before, it was heavenly. Max fucked me hard and fast, I came within a minute, my body shacking and I think I even screamed a little. Max was not done though, he continued to fuck, determined to cum as well. Then I felt his hot cum spew into me, I had another fantastic orgasm. Max stayed motionless until he was done. When he finally pulled out, his cum started to pour out of my well fucked cunt

"I dare all you bitches to taste his cum coming out of me" I told everyone

Julia was first, she sucked my cunt and got a good mouth full. Then Janet licked me a few times getting quite a bit on her tongue. Finally Joe licked me, she even lifted my legs up so she could get in deeper for a taste. Max returned to his spot on the cool tiles and we watched as he licked his dick clean

"When he's ready, I'm next" said Janet

"And then me. I also haven't had his dick inside me" said Joe

We had more drinks and waited for Max to recover and before the night was over, all of us had been fucked by Max.

The next morning greeted me with a slight headache and some memory loss. Janet felt the same. We were naked and in the same bed. We were both uncertain about exactly what happened the night before but one quick look at the digital camera helped remind us

"What the hell were we thinking?" Janet asked me

"I don't know. All I know is that I had the best orgasm I ever had last night"

"Me too. What now?"

We went to find Julia and Joe but found a note saying they had just gone home to get a few things and would be back soon. I let Max out but confined him to the yard to do his business, the yard was abnormally large for a beach house. I went inside and sat next to Janet on the sofa. We discussed what happened the night before and both finally confessed that we had enjoyed it a lot. We got really horny discussing what we could remember

"I'm gonna masturbate, I'm horny as hell. You gonna join me" I asked Janet

"Hell yeh"

I dropped the robe I put on to let Max out and sat down again next to Janet who was still naked. We started masturbating, watching each other's hands and pussies. Janet stopped and got on her knees between my legs

"If I lick you to orgasm, will you lick me? She asked

"Sounds good to me"

Janet licked, sucked and finger fucked me to orgasm and then I returned the favour. We took a shower together, had breakfast and took Max for a walk on the beach. When we returned, just before noon, Julia and Joe were busy preparing lunch. Both their dogs were in the yard

"So that's what you went to fetch?" Janet remarked

"I know you don't have a dog, that's why I only woke Joe to come with me. I definitely want to try what we did last night again" Julia said

We all giggled but agreed that we would definitely do it again, just sober this time. We spent the rest of the day on the beach with our dogs and returned just before dark, then we had dinner and only two drinks each before we got into a sexual frenzy with our dogs again. Each of us got licked, fucked and knotted, we all sucked dog dick and got a mouth full of cum. All in all, it was a fantastic weekend.

After dropping the others off I returned home and put Max in the back yard. I called my parents who told me they'd be home late so I called my boyfriend James. When James arrived I took him straight to my room where Max was laying on the floor

"Prepare for a new experience"

I pulled down James' pants and made him sit on the chair, I got completely naked and on all fours in front of him, I took his cock in my hand and started to suck it. James was very please and held my hair so he could watch his dick go in and out my mouth. While I sucked his delicious dick, I rubbed my pussy to get it all wet

"Vania, Max is coming closer look out"

I looked up at James and winked, this confused him, then I turned round and looked at Max

"Max, come here boy" as I continued to rub my pussy

Max came up behind me and started licking my pussy

"HOLY SHIT!" James said in disbelief

I looked up at him and saw a very pleased expression. He did not take his eyes of what Max was doing to me. Before James arrived, I had placed a mirror at an angle against the wall so James would have a better view, I pointed to it and he looked with a big smile on his face. I continued to suck his dick but stopped from time to time and just kissed and licked so that he didn't blow his load before the show was over. Max eventually mounted me and penetrated my cunt with little effort. I let out a load groan and then continued to suck and tease James' dick. Eventually Max filled me with his cum which sent me over the edge of yet another wonderful orgasm. This time Max tied with me and turned so we were butt to butt

"Take a closer look" I told James

He looked at our locked connection from every possible angle

"When can I stick my dick in there?"

"You'll have to wait for Max's dick to shrink, and that might take a while. You could always sit down and let me finish sucking you"

James sat down and I sucked him for all I was worth. I had never let anyone cum in my mouth before but this time I didn't stop sucking until James couldn't take it anymore. I swallowed every drop he squirted into my mouth.

The following week my three friends and I decided we should have a weekend like that again, this time we'll bring the boys and give them a show. During the next holiday, we got that beach house for an entire week. We all went down in separate cars and the boys didn't realise what they were in for. The girls and I gave them a strip and lesbian show and then fucked the dogs in front of them. Before the week was up, all us girls had each fucked all the dogs, all the boys and each other.
