BEASTIALITY STORIES

Note from Jen: It's been a really long time since my last post, business has kept me far too busy. Anyway; here is Savana's first time confession. Savana is in the K9 unit from another state so we only get to see her once in a while. Because of her job, she is one of the fittest people I know, when she's not busy with her physically challenging job, she's in the gym. She has the sexiest six-pack you've ever seen on a woman. Savana is 5'4", has long-blond hair, green eyes and is very attractive. Here is her story:

~~~~~

By the time I was 24, I had graduated the Police academy, got some field experience, transferred to the drug unit, was involved in a few sting ops and finally transferred to the K9 unit. I was a newbie when it came to dogs (since I had never owned one), but realised that I am totally a dog person. I had also only recently completed my training and my partner (Ace - German Shep) and I were getting to know each other.

Ace was obviously very well trained and we bonded to form a very close relationship during our training. I also made a few close friends who had a few years experience already. We had a bit of difficulty getting it right in the field but finally we made a big bust involving drugs, weapons and key arrests. I was so ecstatic about our success and so proud of Ace, I decided to celebrate.

That weekend, I invited my close K9 unit friends (4 guys & 2 girls) to my place for the celebration. We drank beer, had a BBQ and enjoyed each other's company. At about 16:00, the guys left to go do whatever guy thing they had planned, so it was just us girls for the rest of the night. Barbera (28, brunette short hair, brown eyes) was the oldest but she had quite a naughty streak and Gillian (27, Blond short hair, blue eyes) was the quiet one but really enjoyed a good laugh with close friends.

We began to share war stories, both good and bad, we spoke about past boyfriends and even the most intimate things about ourselves. I didn't think it was possible, but we were closer than ever. By 21:00(ish), we were all well intoxicated and inevitably started sharing sex stories (this is when I found out Barbara and Gillian had fucked each other). We all laughed and enjoyed the stories, eventually Gillian asked if we could change the subject

"Why, we're enjoying ourselves? Why spoil it?" Barbara asked

"I am getting horny here."

Barbara told me that if Gillian is drunk enough, she will masturbate in front of her

"If she trust you enough, we might get a show tonight"

So we continued with the sex topic, hoping to get Gillian turned on enough to give us a show. I only wanted to see her do it for a laugh, I didn't think it might turn me on or anything.

Suddenly Gillian abruptly interrupted the conversation

"Fuck you sluts, I need to get off now!"

With that she pulled her jeans and thong off, sat back on the sofa, put her feet up on the seat with her legs wide-spread and began to masturbate. Barbara and I giggled as we watched. I was very surprised when I felt wetness building up between my legs, my nipples stiffening, heart pounding

and breathing became difficult, I was getting very horny.

"I don't know why, but I'm very turned on right now" I confessed

"Why don't you join her?" Barbara suggested

As intoxicated as I was, it didn't take long for Barbara to convince me to drop my pants and masturbate next to Gillian. After a few minutes, I realised that Barbara was completely naked, sitting on the rug in front of us, eyes closely watching our hands work our pussies and working her own at the same time. At this point all that could be heard in the room was our heavy breathing. Gillian began to moan and as her orgasm hit, Barbara moved Gillian's hand from her pussy and began to suck her clit with great urgency. Gillian could not stop her as her orgasm increased into what must have been the greatest orgasm I've seen. Gillian pulled Barbara's head closer, forcing her mouth harder into her pussy as her orgasm faded

"Oh my god!" I said as I watched them smile at each other once it was all over

"If you want, I can do the same for you" Barbara offered

"I'm not sure... I've never done anything like that before"

"Oh common', it's not like we're gonna be lovers or anything, I just think you'll enjoy it"

Again, I must remind you, I was drunk.

Without a word, I leaned back as I spread my legs and offered my pussy to Barbara. I've had my pussy eaten before, but nothing compare to the way a woman eats pussy. My own orgasm began to build very quickly, Gillian watched with a huge smile on her face and joined Barbara between my legs. They took turns licking and sucking and just as my orgasm ripped through me, Gillian was sucking my clit while Barbara was rapidly pumping two fingers in and out of me and I groaned and spasmed with the best oral orgasm ever.

Barbara waited for me to recover and then sat on the sofa

"now it's my turn"

Gillian and I licked, sucked and fingered her pussy until she also had a really good orgasm. Out of breath and sweaty, we sat next to each other on the sofa basking in the glow of the moment. We eventually got up and took a shower together and then (still naked) climbed into my bed.

As if our friendship had elevated to a new level, we lay there chatting and giggling like school girls for at least an hour. We also agreed that things wouldn't be weird at work and we all wouldn't mind if this ever happened again

"now that's the craziest thing I've ever done. How about you guys?" I asked

Barbara told us about how she had three guys at once, a cock in every hole and then we turned to Gillian for her crazy story. By now we were all sober and Gillian was reluctant to share

"Common Gill, we're just sharing. Nothing you say will ever leave this room. You can trust us" Barbara said with conviction

i

"Of course I trust you guys, I just fucked you, didn't I?.. I just don't want you to think weird of me.

It's better if we just drop it, okay"

Barbara and I were very intrigued and tried our utmost to convince her to share but she wouldn't budge. Barbara started asking questions to see Gillian's reaction but she kept her mouth shut

"It's not like you fucked Bowser (Gillian's German Shep)" Barbara said frustrated

Gillian blushed and tried to hide her face

"Oh my god woman! Did you fuck Bowser?"

" No, I didn't FUCK Bowser..."

"Okay, now you have to tell us what happened" Barbara added

After an uncomfortable silence Gillian got tears in her eyes and said

"Okay, but you guys have to promise not to hate me"

"Gill, we could never hate you" I said as I put my arm around her

Gillian took a deep breathe and began to confess

"About a year ago, Bowser and I got home from work, I gave him some water and a treat and poured myself a drink. It had been a good day and I felt like going out or doing something fun. I called Barbara, but she had guests at her place, I tried some of my other friends but no one could go out with me. Dissapointed, I put in a DVD and began to watch as I had another drink. I wasn't paying any attention to the movie as I was feeling very frustrated so I decided to switch it off and take a shower.

After the shower I was feeling a little better, I slipped into my robe and headed back to the living room. I grabbed the remote after sitting down and as I aimed it at the TV, I decided I should first masturbate to get completely rrelaxed and then watch the movie. I opened my robe, spread my legs, leaned back and closed my eyes as I let my imagination go wild while I worked my clit. I have masturbated with Bowser in the room before and never gave him a second thought, but that night Bowser decided to have a closer look.

When I opened my eyes and looked down at my pussy as I worked it, I was just in time to see Bowser leaning in to lick my pussy and hand. I shot up straight with a fright and covered my pussy with my hand. "Bowser, you can't do that boy" I told him, but he just turned his head to one side and tried to get back between my legs again. That's when I decided that it felt so good when he did it the first time, I was going to let him do it again. I leaned back and opened my legs again and let Bowser lick me to an orgasm.

There, no you know. Please don't hate me"

Barbara had a big smile on her face "Holy shit Gill, you're a devient! That was a hot story"

I didn't say anything, I was still trying to process what I just heard as well as why I was so horny

"Gill, we love you, and I must admit, your story has turned me on" I confessed

"Thank god. I thought this might change our relationship. Since that day I have let Browser lick my pussy at least once a week"

"I have a confession to make" Barbar piped up. " I have also let Jet (Barbara's German Shep) lick my pussy a few times"

"What the fuck? Am I the only normal person here?"

Barbara went into the details of her experiences with Jet, the only difference to Gillian is that she also gave Jet a blowjob every time he licked her.

"So, what do you think? Wanna give it a try?" Barbara asked me as her and Gillian started me down

"I dunno you guys, I. .."

Before I could finish Gillian interrupted "Common, you never had sex with a woman before and you liked that. Do you really want to be the only one of us three that never tried this?"

"It's settled then!" Barbara said as she got up and left the room

"What's settled, I haven't agreed to anything"

Barbara returned with Ace. "Okay Savana, here's Ace"

"I'm not gonna just, just..."

"Fine! I'm really horny for this now. Do you mind if I ask Ace to lick me?"

I was stunned, I also didn't think she would really let my dog lick her in front of us, I was sure she was bluffing in her attempt to get me to do it

"Fine. Let's see you get eaten out by a dog then"

Barbara eagerly lay between Gillian and I with her legs spread over us and called Ace onto the bed. Ace jumped up and lay between her legs. Gillian and I sat up to see if he would do anything but he just lay there. Gillian started fingering Barbara and then offered her slick fingers to Ace, which he sniffed and began to lick. Gillian slowly drew her fingers closer to Barbara's pussy to get Ace closer and it worked like a charm. Ace started licking Barbara's pussy and I just watched with my jaw hanging open.

Barbara moaned and grined as Ace did a very good job licking her wet pussy. I watched his tongue slide up her slit, over her ass and even inside her cunt until she finally had another orgasm. I told Ace to sit to give Barbara a chance to recover

"Look, his cock is ready for a fuck" Gillian pointed out

"So how about it Savana? You gonna suck it?"

Before I could answer Gillian interrupted "I've always wondered what a dog's cock would feel like.., I mean, what would it feel like to be fucked by a dog"

"Well, here's your chance. I'll help you" Barbara offered, obviously having had the same thought.

Before I knew it, Gillian was on her hands and knees, offering her ass to Ace. Barbara coaxed Ace onto her back and started jerking him off. He immediately started humping and Barbara guided his huge cock to the entrance of Gillian's pussy. Gillian let out a deep, loud groan as his cock penetrated her cunt for the first time. Ace began to fuck her hard and fast, Gillian's tits were wobbling from the

furious pace of his thrusts

"I've looked into it on the internet, he can knot with you. Do you want me to prevent that or are you gonna let him?" Barbara asked

"This is sooogood... just let him" was Gillian's reply

After only two or three minutes, Gillian groaned again as Ace shoved his knot into her abused cunt

"HOLY SHIT! IT'S HUGE!" she gasped

Seconds later Gillian had a huge orgasm as Ace pumped her cunt full of hot semen. That's when I realised that Barbara and I had our fingers up each others cunts, I was clearly into this.

They were only tied for a minute or two when Ace's swollen cock slipped out of Gillian's cunt. Loads of semen and juices poured down her leg. Ace carefully climbed off the bed and lay on the floor to clean himself.

"Well this sux! Ace got you both off and I also want a go"

"Not to worry. I've blown Jet three times in one day, it doesn't take long before he's ready for action again, you'll see" Barbara added

We went to the bathroom and cleaned up and then went to the living room where we had some coffee. I was so turned on I couldn't sit still and when Ace entered the room my eyes light up

Gillian called Ace closer as Barbara pushed me back on the sofa and my knees apart. Gillian Kneeled between my legs with Ace and licked my pussy a few times while Ace watched. Ace leaned forward and started licking my pussy. Gillian and Barbara were sitting on either side of me and each took hold of one of my legs and lifted them up, exposing more of my pussy and ass to Ace. It was such a wonderful feeling having his tongue explore my pussy inside and out, my ass but especially my clit.

Before my inevitable orgasm hit, Ace stopped, hopped up between my legs and began humping the air between my legs

"Help him in" Barbara told Gillian

Gillian Kneeled next to Ace and guided his massive cock to my pussy. The sensation was overwhelming as he entered my cunt. It took less than a minute for me to climax and Ace just kept on fucking. A short while later, Ace sent me into another orgasm as he shoved his massive knot into my cunt which swallowed it and held tight as it spasmed. The heat of his semen was surprising as it filled me. Ace finally stopped moving but I could feel his cock spraying inside me. Ace decided to turn around which made me very nervous as his cock rotated inside my cunt. We were tied for over five minutes before he popped out. I was so satisfied I didn't move. Gillian and Barbara knelt between my legs for a closer look and then took turns licking my pussy as Ace's semen ran out.

Since that day, Barbara, Gillian and I have had many such weekends and have fucked each other's dogs. Sometimes we leave the dogs out of it and just fuck each other. With the work we do we have been able to fuck several different breeds but Gillian has proven to be the biggest deviant of us all, she has fucked eight different dogs from four different breeds. The next challenge will be to get a dog to fuck us anally, not high on the to-do list but we want to try. We have also fooled around with different dildos when the dogs are not involved. And, of course, when we're home alone we fuck our boys when we or they feel like it. (IT'S A DOG'S LIFE!)
