BEASTIALITY STORIES

Note from Jen: This confession belongs to Iris. She is 5' 8", has short brown hair, green eyes and not an ounce of fat on her. She has very firm 34-A breasts and is extremely gorgeous. She has a dominant presence when she enters a room, all us girls who are into girl-on-girl pleasure ask her regularly to consider sex with us, but up until Saturday, no one had the pleasure until she spent the night with Emma and I. We had a lot of fun with her and she is a great at eating pussy. She has been a member of our club for nine months already and has finally given the nod to post her first time experience.

~~~~~

It was during the summer holiday when I was 18 years old, my sister Anne and I were board out of our minds begging our parents to go somewhere for some fun. Finally my father couldn't take it anymore and agreed to send us to my aunt's farm for a two weeks. Anne and I were pleased, we both enjoyed the farm as my aunt had a beautiful house, a pool, horses and we enjoyed my cousin Jenny's company, she was is a fun-loving adventurous girl who usually got us into trouble (the fun kind).

Just to paint the picture a little, Jenny was also 18 at the time, has brown eyes, is 5'4", has long brown hair and 34-B bust and cup.

When we finally arrived, Anne and I were so relieved and settled in quickly. That evening we had a wonderful meal but my aunt was a bit sad from missing my uncle (her husband) who died less than a year before. We spent some time remembering and discussing uncle Frank until Jenny decided to go to bed. After Jenny left the room, my aunt told us that she was a bit concerned about Jenny as she had become a bit withdrawn and wasn't interested in going out with her friends or boys and pretty much kept to herself lately. We told my aunt that we would try have some fun with her to get her out of her shell again.

The next morning I woke up before 8:30 but Jenny had already eaten breakfast and gone for a walk. My aunt told me that was the norm for her as she would take an early walk almost every day and only return hours later. I didn't know where she went so I decided to catch up on some reading by the pool until she got back. At about 11:00, Jenny returned

"Hey Jen, where'd you go for so long?" I asked

"Oh, I'm sorry. I take a walk every morning and lose track of time. I'll make sure not to take so long tomorrow"

For the rest of the day we enjoyed each other's company and spoke for hours. Jenny promised to take Anne and I horse riding the next day but I could tell she was somewhere else in her mind. That night, as I lay in my bed falling asleep, I thought a lot about how much Jenny had changed and tried to figure out a way to help her. I decided to follow her the next morning to see where she went every day and maybe try to understand what she was going through.

The next morning I woke up early as planned and was downstairs just in time to see Jenny leave. I paid attention to the direction she walked and left 2 minutes after in the same direction. For about 20 minutes I enjoyed the fresh air and scenery as I followed the footpath, it was so peaceful I felt as though I was the only person in the world, I could definitely see why Jenny went for a daily walk. Suddenly I could hear Jenny's voice but couldn't make out what she was saying. I followed the sound of her voice until I came to a small stable and could tell Jenny wasn't alone, but who was she talking to? I slowly peered around the corner of the stable and saw Jenny talking to one of the farm dogs, a

Border collie named Conan. He was an energetic, fit, playful dog and was licking her face while she spoke to him. I was about to announce my presence when I thought I heard her say something about 'licking pussy'. For a moment I thought I heard wrong so I stayed put and listened closer but was shocked at what I heard

"Let's go lover boy, I don't have as much time as usual, gotta get back to the house"

She sat on a bale of hay and leaned back onto one elbow as she spread her legs. She then pulled her skirt up, exposed her pussy to Conan and smiled at him

"Here boy, have at it"

Conan went forward and started licking her pussy. I was stunned, I just stood there in silence, watching, making sure Jenny couldn't see me. After a short while, Jenny started removing her top while Conan continued licking her pussy. I whispered to myself

"What the hell are you doing Jen? I hope you're not gonna..."

Before I could finish the thought, Jenny turned around and kneeled in front of the bale of hay with her arms on top of it. Conan obviously did this before because he didn't hesitate to mount her. I watched Jenny grab his cock between her legs and guide it into her pussy. Conan started fucking her and she let go of his cock, it was obvious that they were both enjoying it. As I continued to watch Conan pound his cock in and out of her cunt, I realised that my nipples were hard, I was breathing heavily and my pussy was very moist

"What is wrong with me, how can this be turning me on?"

Before I knew it, my hand was in my pants rubbing away at my clit. I squeezed one breast while I masturbated and watched Jenny being fucked by a dog. Jenny began to moan loudly as her orgasm erupted, I covered my mouth as I had an orgasm of my own. Eventually Conan got off Jenny and I could see his huge cock hanging beneath his belly, pulsing and still spewing streams of semen. Jenny, still kneeling in front of the bale of hay just lay there with her chest on it, motionless for a few minutes. I buttoned up my jeans and watched Jenny clean herself and get dressed. As I walked away hoping she wouldn't see me I heard her thank Conan and tell him what a good boy he was. When I got back to the house I went to my room and closed the door. I sat on my bed and tried to get a grip on what I just saw. I decided to try act as if nothing happened so Jenny wouldn't be embarrassed. The rest of the day was tough, we went horse riding as promised and had a good time with Jenny but I couldn't get the image of Conan fucking her out of my mind.

That evening after we all said good night, Jenny came into my room and sat on my bed

"What's up Iris? You've been distracted all day"

I wasn't sure how to respond

"Oh, it's nothing. Just tired or I guess"

"Common Iris, you can talk to me about anything, tell me what's on your mind"

After a lot of excuses and trying to avoid the subject, Jenny left me no choice but to tell her what I saw. I told her how concerned her mom was and how I decided to try be there for her and what I saw

"Oh my god... I... um..." was all she could say

"Don't worry Jen, I won't tell anyone"

"Why didn't you say anything?"

"Once Conan started licking you I was in shock, but when he started fucking you I couldn't look away"

"You mean, it turned you on" she asked hoping I would say yes and not be disgusted

"Well... yes it... it turned me on okay"

Jenny was relieved but still very embarrassed so I eventually confessed to masturbating while I watched. Suddenly Jenny seemed like her old self again and told me how it all got started. To cut a long story short, one day she decided to masturbate by that old stable and when she saw Conan watching her she called him over and let him lick her. After she had done that a few times she got him to fuck her

"So what's it like? I mean, is it anything like fucking a guy?" I asked

"It's very different, I actually prefer Conan to the two guys I've fucked"

"Just talking about it is getting me turned on, when you leave I'm gonna have to get myself off"

Jenny looked at me with that naughty smile she's famous for

"You know, I'm also very hot right now. We could masturbate together"

Before I had a chance to respond, Jenny climbed under the covers with me and removed her shorts

"Well? You gonna join me or what?"

With that she started masturbating. I just watched her for a few seconds but then decided 'what the hell' and removed my shorts too. There we lay, side by side masturbating together and really enjoying it. Jenny put her leg over mine so she could spread her legs wider, so I spread mine wider as well. Then I felt Jenny's hand on my belly, slowly making its way to my pussy so I did the same. Before long we were rubbing each other's clits reminding each other to keep quiet

"This might seem weird but, can I go down on you?" she asked

I just nodded and watched her disappear beneath the sheets. She kissed my neck and chest as she made her way down. She stopped at my nipples and spent some time licking, sucking and nibbling them and then continued down kissing my belly until she finally got to my pussy. She slowly spread my pussy lips apart and gently licked my clit, my body was in seventh heaven. Gradually she sped up and increased her efforts until she was sucking and nibbling my clit while pumping two fingers in and out of my cunt. I had to put a pillow over my face when the orgasm hit, it was amazing and left my body limp and weak with the occasional spasm after she was done. After a few minutes to recover, Jenny said

"Okay, it's my turn. You up for it?"

I just smiled at her and followed the same course of action as she did. I was surprised at how much I enjoyed eating her out. When it was all over, Jenny and I went to sleep in each other's arms.

The next morning Jenny woke me up by sucking on my clit, it's a great way to wake up. We took a shower together and headed to the kitchen for breakfast

"Are you going to join me for a walk this morning? I'll show you where I go and what I do and then you can give it a try"

She spoke this way because her mom was close. I was afraid that if I responded I'd give her away so I just agreed. Then my aunt came over to me

"I am so glad you came, seems like she's ready to finally get close to someone again"

I just smiled and nodded, if she knew what Jenny did on her 'walks' or what we got up to the night before I think she'd have a heart attack.

Jenny and I started walking to the old stable

"Jen, I don't know if I could do something like that"

"That's okay, if you don't want to you can just watch me"

When we arrived, Conan was nowhere in sight

"Don't worry, he usually shows up" said Jenny

She started getting undressed

"Aren't you gonna get naked? You can sit on the bale of hay and I'll go down on you again"

We both got naked and I placed my top on the bale of hay to make it more comfortable. I sat down and leaned back on both elbows. Jenny kneeled between my legs and spread them wide and then started licking my pussy as if it were the most natural thing in the world to do

"Ah, Jenny. Conan's here"

Jenny could sense I was nervous

"It's okay, he knows what to do"

Jenny wasn't wrong, Conan came up behind her and started licking her pussy and ass. Jenny stopped licking me for a second and turned to Conan. She slapped her butt and said

"Common boy, fuck me"

Conan mounted her and started fucking, Jenny turned back to be, gave me a wink and a smile and then continued licking my pussy. I decided to get a better look so I got up and then kneeled next to Jenny. I had to move my head under Jenny to see Conan's cock pounding in and out of her cunt. Jenny stopped Conan and stood up. Conan's cock was so big I just started at it. Jenny took me by the hand and helped me up to talk to me and as I stood up Conan started licking her pussy again

"How would you like it if Conan fucked you?"

I looked down at Conan licking her pussy and said nothing. Jenny slipped two fingers into my cunt and then presented them to Conan. I watched Conan sniff and lick her fingers as she drew them closer to my pussy. Jenny then stood behind me and with one foot pushed one of mine to make me

spread my legs a bit. She reached around with both hands and spread my pussy lips apart. I reached behind me and put one hand on her hip and the other on her pussy. Conan came forward and started licking my open pussy. I was so amazing; warm and rough. Jenny just held me like that for a while and then whispered in my ear

“Do you want his cock in this little pussy?”

My body had a mind of its own as I looked at her and nodded. Jenny slowly pushed me down on the bale of hay and I leaned back onto my elbows again. She spread my legs wide apart and got Conan between them. At first he licked me again but instinctively he jumped up and started humping the air between my legs. Jenny crouched down behind him and took hold of his cock to guide it to my pussy. The moment his cock made contact his humping became more specific and the initial penetration gave me an immediate orgasm. Conan fucked me faster and harder than I had ever been fucked before, his soft fur rubbed on my belly and breasts as I shook from his thrusting. I looked up at Jenny who stood watching with a huge smile on her face. Then I felt Conan’s cock getting much bigger inside me and then the biggest surprise, his knot, when it slipped in I orgasmed again. Finally Conan stopped humping but I could feel his cock still spraying inside me. Then Conan surprised me again by turning around with his cock still stuck inside my cunt, it felt strange but I enjoyed it. I lay back while Conan stood there, waiting for his cock to shrink so we could untie. Jenny decided to take advantage of my position and straddled my face, so I stuck out my tongue and let her ride it to her own orgasm.

After Conan’s cock released my cunt, Jenny and I went for a swim in the creek (still naked of course). Those two weeks on the farm were amazing and I have gone back every time I have had the opportunity. Jenny and I also tried fucking one of the horses, but his cock is way too big to get into our cunts so we just play with his cock, rub it on our pussies and suck it until he drenches us in semen. We usually lick each other to orgasm in a 69 still covered in horse semen before going for a swim in the creek to clean off. Eventually Anne caught us in the act so she joined in the fun.
