BEASTIALITY STORIES

It is really hot today, so I am sitting on the back porch watching my daughter Krissy washing her horse "Brute" over by the barn. She gets him nice and wet then applies soap and brushes him good. Brute turns all white for a while then she hoses him down and brushes him again.

Krissy got her clothes damp from washing him, so she strips naked and throws her T-shirt and shorts over the fence so they can dry out. I notice her horse perk up his ears when he sees her naked body, then when Krissy takes a towel and begins wiping his face he forces his nose between her legs and begins licking her pussy!

Krissy stands there for a few moments and enjoys herself then pushes Brute's nose away from her and says, "Brute, not now, I think Mom might be watching us! You are going to have to wait until later before I let you fuck me!"

I immediately yell at Krissy and tell her to come over to the porch so I can ask her about her conversation with her horse.

She leads Brute through the pasture over to me, then I question her about what I heard her say to her horse. Krissy replies, "Oh Mom, I was just joking around! Brute doesn't understand what I am saying! It's just fun to talk dirty to him!"

We have casual conversation for a few minutes then Krissy says, "Mom, let's take a ride on Brute down to the pond and go skinny dipping!"

It is really hot outside today and that sounds like fun, so I quickly strip off my dress then go in the house to get a few big towels for us to lay on. When I come back outside, Krissy is on Brute and has him positioned so I can jump from the porch and get behind her. I hold my naked body tightly against hers and we are on our way!

We ride for about a half mile then dismount Brute and run into the clear cool water of our pond and begin splashing around. After a few minutes we get out of the water and I spread out the towels I brought on the soft grass.

As I lay down on my back, Krissy climbs on top of me and we begin tongue kissing while I run my hands all over her naked backside and gently squeeze her firm little white ass cheeks. We continue to passionately kiss each other for several minutes, then she rolls over on her side and begins fondling one of my breasts while she gently sucks the nipple of the other.

I have been noticing that Brute is has been intently watching us and after a while he gets an erection! He slowly comes closer to Krissy then lowers his head down and gently nibbles her pert young breasts with his huge horse lips!

I look over at her and say, "Krissy, your horse really likes playing with your breasts! Why is he doing that?"

Krissy pushes Brute away from her then replies, "Oh Mom, I can't lie to you anymore. That is his way of letting me know that he wants to have sex with me. He knows that kissing my breasts makes me horny and I will usually suck his cock or let him fuck me."

I am shocked by what she just said so I ask her, "Krissy, are you saying that you are actually letting Brute fuck you with that huge monster cock of his?"

Krissy replies, "Sure Mom, we do it all the time and he always gives me an orgasm! It is better sex than any boyfriend has ever given me and I can't get pregnant! You should be happy for me! Let me show you how enjoyable it is to have sex with him and maybe you will want to join me!"

Krissy stands up and reaches down to help me to my feet then we walk over to Brute and get down on our knees underneath him.

Krissy plays with Brute's massive hard cock for a while, then suddenly leans towards it. She opens her mouth and pushes her head forward over the tip and forces three or four inches inside her. She holds steady for a few seconds then suddenly gags and pulls her head back and says to me, "Oh my God Mom, this is so much fun! You should try it sometime!"

I politely decline her offer then sit in amazement while she slowly strokes the length of his cock back and forth with both hands while sucking on the head of it. After a couple of minutes she exclaims, "Oh Mom, Brute really needs to fuck me now and there is not a bench for me to lay on! Please get on your hands and knees like my girlfriend does so I can lay on your back and let him fuck me! Please Mom!"

I think about this whole weird situation for a few moments, then get down "doggy" style and let my daughter lay on my back. She opens her legs as far apart as they will go then pushes on Brute's stomach to make him take a step forward.

After a few moments Krissy says, "Oh my God Mom, you have to try this sometime! It feels so fucking great! I must have at least ten inches of Brute's cock inside me! Nothing can compare to having a huge horse cock stuffed inside you!"

I can feel Krissy bouncing around on top of me while Brute thrusts his hips forward over and over again. After a while she starts moaning loudly then begins screaming, "Fuck me Brute! Fuck me! Fuck my little pussy with that big horse cock of yours! Fuck me! Fuck me!"

After a few minutes Krissy suddenly becomes quiet and motionless. I feel warm liquid splashing on the backs of my legs, so I look over my shoulder and see a tremendous amount of sperm gushing out of her pussy!

She lays on my back for a few moments while she rests then tells me to lower myself down a little bit to let Brute's cock slide out of her. Krissy rolls off my back then we lay back down on the towels. She has a glazed look in her eyes as she says, "Oh Mom, I have just had the best orgasm of my life! I love Brute and he loves me, but I willing to share him if you would like to go for a horse ride sometime."
