BEASTIALITY STORIES

(c) 2019 by unknown

To begin with, let me tell you a little about myself. I am a middle aged lady who has a strong sex drive. I am married and my husband gives me plenty of cock, but I still crave more. I am overweight and shy when it comes to finding a man. I have a rather large ass and love a hard cock.

My breasts are very large and I love to masturbate, a lots! I love to read the stories on the internet as I play with myself, sometimes letting my husband read the stories too. The stories I like best are the ones concerning K9s. I had fantasized so often about me taking a K9 but never tried it until recently. I knew my husband would never go for it as I kept it secret.

I was reading a story on Kristen Archives about a lady who was fucking a dog and as I read it, my hand was playing with my pussy as I rubbed it, not wearing any panties and my short dress up high. I was so wet as I fantasized about me being on my hands and knees as I took that doggie cock. My fat pussy was on fire as I rubbed my clit between my two fingers.

I glanced out my back door and saw a large, black lab in my backyard. I knew it was the next door neighbor's dog from the size of him. He was a big dog and usually stayed in their fenced in yard. He had gotten out some how and was in my yard. As I got up and went to the door, I felt my wet pussy stirring from the masturbating I had been doing.

I called the dog over to me as he wagged his tail. I opened my door and coaxed him inside where I went to call the neighbor to tell them he was loose. The phone rang and the answering machine picked up as there was no answer and I left a message that I had him at my house.

I looked at his cock sheath and could tell he had a nice cock on him as I took him into the kitchen to find him something to drink. As I put the water in a dish, I took a hotdog from the fridge and fed it to him. He was hungry as I fed him another one and saw a jar of peanut butter sitting on the counter. Then an idea struck me.

What would happen if I took some of the peanut butter and smeared on my pussy? Would he lick it off? I led him to the living room as I gave him another hotdog. I sat on the sofa as I lifted my dress as I took the jar of peanut butter and spread some onto my clit. I lifted his head and guided him to the goo I had placed on my pussy.

I felt his hot tongue as he started to lick me! It was working! The big lab was licking my pussy as he lapped at the peanut butter. His long tongue felt so good! I was surprised at just how good it felt as he took long licks with that hot tongue.

I then reached down and rubbed his doggie cock as he lapped at my wet pussy. I felt his cock as it started to grow! I took my hand and slowly stroked his doggie cock as the big red end slipped from its sheath. I grasped it as my fingers went around the hot flesh, it feeling so slimy and hot! He liked me doing this as his doggie cock got even bigger.

I lay back onto the couch as I pulled him on top of me, placing his paws on each side of me as I took his cock again. I spread my thighs wide and took his hard doggie cock, guiding it to my twitching pussy. I wanted that doggie cock in me! He was so big now, almost as big as any man's cock I have ever seen. I eased the large head to my thick cunt lips as I rubbed it over my clit as I searched for his cock with my pussy. I needed it in me!

I felt his hot dick as the head slipped into me! It was so hot and felt so good! I then pulled his hunching hips to me as he thrust his long doggie cock to my hungry pussy. He was filling me with that prick as he hunched me faster, slamming his cock deeper with each thrust he made. I was

humping my ass off the sofa as my pussy fucked up to meet his every hunch. He was so deep in me as I felt his hot cock pumping in and out of my wet pussy.

There I was, a married lady, laying on my sofa and letting a dog fuck me! What would my husband say if he saw me like this? I sure wasn't going to tell him as the doggie cock pushed against my womb. He had me full of his cock! I felt it as he hit my sweet spot each time he thrust into me, making my body shake as I started to cum. He was making me tremble all over as I came so hard! I was loving this!

He pounded that doggie cock to me so hard and fast, filling every inch of my fat pussy as I continued to cum, over and over again. I could feel his cock so hot in me as I threw my pussy to his cock as he hammered me. I cum so much that the sofa was wet as my juices flowed out of me. No man had ever made me cum so hard and so much! I knew right then, I was hooked on doggie cock!

I was exhausted as I slipped my pussy from his cock. I had cum so much and needed to rest. He had not cum in me and I had withdrawn him before he could slip his knot to me. I saw his huge knot as I took his cock and stroked it for him as he lay beside me. He looked at me with those big eyes as if to say, "You didn't let me cum. See how big my knot is? I want you to take care of it."

About that time, I heard my doorbell ringing as the next door neighbors had gotten back home. I jumped up as my own cum dripped down my thighs and went to the door. I opened the door and let the boy in as he thanked me for watching his dog. I was wanting to thank him for the use of that dog, to thank him for the wonderful fucking I had received! But I didn't say a word as he left with the big lab.

After that day, I talked my husband into getting us a watch dog since there was so much crime lately. I told him I wanted to find one that was big and mean looking. I had other thoughts of what I wanted in a dog but I sure wasn't going to tell him. I placed an ad in the paper, stating that I was looking for a large male dog and that he had to be special. I got a response the very next day.

A lady had called me and said she had a large Rot that was well trained as a watch dog but that she had to give him away since they were moving out of state and into an apartment. I asked her if he was special and her answer was, "He is very special to me. He is my best friend." I went over to her house to see the dog.

As I entered her home, I could tell she really liked that dog. We sat down and got to talking as she described herself being alone lots and that the dog sometimes slept with her. Then she asked me if I ever went on the internet and we got to talking about the different sites on there.

She asked me if I had ever been to a site called Beastdating.com. I had found this site several months before, but told her no that I have never heard of it, even though it was one of my favorite sites. She told me to go there sometime and that she thought I might enjoy it.

I knew right then that the dog was well trained, well trained in fucking her! I told her that I would take the dog and offered to pay her. She said she was not selling him to me, but giving him to me, that I looked as if I needed a friend. She told me to take him and call her in a couple of days to let her know if I still wanted him.

That was when we got Buster. I took him home and made a bed for him at the foot of my bed. I petted him and he became accustomed to me after a couple of days. I examined his equipment and found he was well hung with a rather large cock.

The next day I went to the kitchen and got the peanut butter as I called him into the bedroom. I lay

back naked on the bed and took a big glob of it as I placed it around my clit and inside my puffy pussy lips. He jumped right up onto the bed and started to lick me as I lay back and held his head to me.

I saw his doggie cock as it started to swell, easing from its hidden cavern as he licked my plump pussy. He knew what to do as I took his long, thick cock into my hand and started to jack it up and down as it grew even larger in my hand!

He had a huge cock on him as I played with it, the thick head was so hot to the touch as I slid my fingers around it's slimy flesh. He was ready to fuck me as I eased upon my knees and offered my pussy to him from the rear. He took his paws and put them on each side of my wide hips as I took his cock and guided it to my wet pussy.

I felt that monster of a doggie cock slide in me as he rammed it home, thrusting so deep with that first hunch! I was full of dog cock! He was making my pussy so hot as it slid in and out of me. He wasn't as fast as my neighbor's dog as his cock went hard into me. He had me locked to his cock by his paws as I then felt it touching my sweet spot so far up my fat pussy. I was cumming so hard as he thrust into me!

Then I felt his huge knot as he slammed it inside my wet cunt, really locking me to him as his knot slid inside my pussy. His cock swelled up as his knot became so large in me! I had taken his knot and he had me locked to his big doggie cock! I was going wild from the wonderful feeling of that huge cock locked to my fat pussy. There is no way to tell you how good it felt as he pounded that doggie cock to me! His cock was so hot and was filling every inch of my pussy, all the way to my womb!

I was cumming so hard with each thrust he made, my pussy so full of doggie cock as he fucked that huge dick to me. I felt his cock as it started to swell inside me as I knew he was on the verge of cumming in me. I had never had a dog cum in me but I knew I was ready for it.

I then felt his cock as his knot throbbed in me, his entire cock feeling like a hot poker as his cum began to erupt so deep within my cunt. He was filling me with that hot doggie cum as I screamed out in pleasure, fucking back to take every bit of his cock and cum as he slammed that doggie cock to me. His hot cum flooded me as it filled my cunt, making me take that big knot as he shot what seemed like gallons of hot doggie cum up my pussy.

He stayed inside my pussy for a good twenty minutes as he filled my pussy with his hot doggie cum. My pussy was so sore as I felt his cock start to soften in me as it started to slide out. He had really gave my fat little pussy a good fucking! I felt his cock as it slipped from me, his warm cum running down out of my cunt and down both thighs as my ass was still in the air.

After he withdrew from me, I rolled over and hugged on him, telling him what a good fucking he had given me. Then I picked up the phone while his cum was still dripping for me and called the lady who had given him to me.

"I just want to let you know, that Buster will be staying here. He is just what I wanted." I told her. "He is so sweet and I am well pleased with him. And yes, I did go to that site and I loved it."

"Oh, well I am glad you liked Beastdating.com and Buster. I was well pleased with him and hated to let him go." She said. "And by the way, he loves his cock sucked too. He is good isn't he?"

"Maybe we can get together before you leave." I told her, "Just for old time's sake so Buster can say goodbye to you."

“I would love that! Let me see when I can arrange to have you over and I will call you back.” She said, “I do need to have him one last time. He is so good!”

I hung up the phone and called Buster back into the bed as I took his cock and started to stroke it once again as I lowered my lips to taste that doggie cock as it stiffened under my touch.
