BEASTIALITY STORIES

(c) 2021 by Ashley

Hi, my name is Ashley. I'm 19 years old and I have long light brown hair and I stand at 5'3 with 36c cup breasts and a nice round ass. I'm going to tell you something I've never told anyone I know because I'm a bit insecure about it. I moved into a small house I had recently bought after moving out of my parents house. It wasn't a HUGE house, simply a two story house because I was planning on moving in with my friends. I was the first to move in so I had a lot of space and my friends were going to move in roughly around 2 weeks after I did. I had brought my precious baby boy, Jewel with me. He's a large and some what aggressive Doberman I had bought from my friend when he was born. One hot summer day I was outside, basking in the sun next to the pool while Jewel was splashing and running around like crazy.

I was laid on my stomach with my head in between my arms trying to get a nice tan in my bathing suit. Jewel ran over and climbed onto the extendable chair and stood above me, with his favorite ball wanting me to play with him but I was too tired to do so. I remember the wet drops of water that fell onto my back and legs as he hovered above me. He dropped the wet and slobbered ball onto my back and he leaned down to nudge me with his nose. For some reason he nudged my ass and simply reached behind and tried to gently swat him away but he refused to leave without the ball being thrown "Jewel no! I don't feel like playing right now". Jewel lowered his head even more and shoved his cold wet nose in between my legs and onto my crotch. I quickly sat up and pushed him off the chair "Bad Jewel bad! Go away" the rest of the day I tried to ignore what happened. Later that day when it was getting dark, Jewel and I went back inside and I decided to take a nice shower from being outside all day. I opened a can of dog food for Jewel before going to shower. While I was in the shower I pleased myself just because I felt really horny. When I was done I dried myself off and changed into a large loose shirt without a bra because it's uncomfortable to sleep with one on. I also had small laced panties that were covered by the shirt.

When I went downstairs to watch tv, Jewel was already on the couch waiting for me like a good boy. While we were watching tv I noticed out of the corner of my eye that jewel was getting a bit horny because I could see the tip of his cock as rubbed his belly. For some reason I continued to rub his belly but my hand trailed down to his crotch, and I gently touched his tip. Suddenly more of his length continued to show so I pulled my hand away, not sure what to do. That day I decided to just go to sleep and get some rest but the next day when I woke up, Jewel was standing above me as I looked up at him. He greeted me with a few licks on my face and patted his head. "Good morning Jewel, are you hungry? Let's go feed you" When I stood up out of bed I couldn't see my slippers so I got down on all fours and moved my hair out of the way as I looked for them under the bed, when out of nowhere I felt Jewel's cold nose against my pussy. For some peculiar reason my pussy started to get wet as I tried to push Jewel away with my foot as I continued to look for my shoes.

When I found them I lowered my head and reached under my bed to get them when I felt Jewel mount my back. I freaked out and pulled my hand out but Jewel was too heavy to push off. I tried to crawl away from under him but he let out a very loud growl which scared me since I was in such a vulnerable position. I felt something long and wet rub against my inner thighs, when I realized it was Jewel's cock which made my pussy even more wet. Jewel wrapped his paws around me and began to thrust his hips forward, trying to look for my wet entrance to stick his hard 10" (which I later measured). I could feel the rock hard tip of Jewel's cock push against the thin fabric which prevented him from impaling me but I was so horny that a soft moan escaped my lips. I couldn't help myself and I knew Jewel wasn't going to stop until he got what he wanted so I reached behind me and slipped my panties down to my knees. After a while of many failed attempts, Jewel managed to impale me with his tip and boy did it catch me by surprise. I yelped out in surprise as more of his length began to sink in me. I spread my legs further apart as I moaned. First it was a bit painful but it soon became pleasure as Jewel began to pick up his pace.

I reached under me and touched my wet pussy and with one hand I began to fiercely rub my g-spot which made me reach my point of climax. I moaned out loudly as I cummed on the carpet floor. Jewel, on the other hand wasn't done with me so he kept on thrusting fiercely until his knot got stuck in me. It swelled up so much it hurt me when he pulled back just to thrust back in. Suddenly my body went limp and collapsed when I felt Jewel empty out his balls in me. After a while of being stuck with him, we finally managed to separate and I let Jewel lick my clit until it was clean. Jewel laid down next to me and lifted his leg up in the air and presumed to lick his balls.

I glared at him and crawled over and told him "you silly dog, let me help you out". I leaned down and began to lick his still erect cock until it was clean from both of our messes. I took in as much of his cock as I could and began to bob my head up and down. Clearly he was enjoying himself because he laid down and lifted his leg up a little higher. When I finished him off, I felt Jewel's warm cum ooze into my mouth and out of it onto the carpet. I licked my lips clean and led him down stairs to feed him. Rest assured, that I'll be trying out new stuff with my precious Jewel and I'll be sure to let you all know how it goes so keep a look out for my next post so comment some stuff I can try out with him and I'll be sure to give it a try and write about it too.
