## BEASTIALITY STORIES

Last summer was one of the most exciting yet unusual summers I've ever had. Between getting our new dog and my niece staying with us, my life was never the same.

I was an 18 year old girl who was a virgin. I've had boyfriends in the past but it never went anywhere. In order to get out my sexual frustrations I would masturbate frequently. Sometimes to my own imagination but mostly to porn and I like ALL types of porn.

One night while I was masturbating I was trying to find something new when I came across a bestiality video. I was disgusted as I watched a male German Shepard fuck a blond girl with small titties but I soon found myself rubbing my clit and cumming in a matter of seconds. I felt ashamed at first but I would very soon go back and watch bestiality. It became an everyday thing.

At the beginning of summer my parents brought home a female golden retriever. We named her Blondie. Blondie became my dog. She slept in my room every night and was by my side all the time. Just to be clear, when we got Blondie I didn't think of having sex with her because I figured she was a girl dog so she wasn't hormone driven like male dogs were. And it wasn't like she could fuck me anyways so I just didn't bother with it. Well I was wrong about the whole thing.

One Saturday, my parents went to go visit my older brother out of town and pick my niece up since she was going to stay the summer with us. My brother was really older than me. He was married by the time my parents decided to have me. And when I was two my uncle had my niece Claire. So I have a 19 year old niece.

Well anyways I decided this was the perfect time to get some alone time to masturbate. With Blondie lying next to me I took off my clothes, turned on the porn and started rubbing myself all over. Usually when I masturbate I keep my clothes on since my parents are usually home. But when they leave I get completely naked. In the middle of everything, Blondie suddenly got up. I paid no attention to her until she got directly in front of my open legs and started licking my pussy.

"Blondie no! Stop it." I tried to push her head away but she kept coming back. I really tried to make her stop but the feeling was incredible and soon I just gave up.

"Oh my god Blondie. That feels so good." She continued lapping at my pussy and licking up my juices. That's when I noticed she was swallowing! She was legit eating my pussy juices and she was enjoying it. I was seriously horny. I forgot all about the porn I had going on. This felt so incredible that I didn't even have to think to cum. Blondie was licking all over my pussy and then she brought me to the best orgasm I've ever had.

"That's it Blondie lick my pussy. Oh hell yeah. Fuck. Fuck. FUUUCK YEEAAH!" I came and Blondie licked faster to get all my juices. I was still in shock from the whole incident when I heard my parents pull up. I quickly got dressed and made it to the front door just as they walked in.

"Aunt Mel!" Claire said as she hugged me. Pressed together I could feel her breasts rubbing on my still sensitive nipples. It sent shivers through me. I will be honest, I had a hot niece and trust me, she was no virgin. She had dark hair just like me, round perky breast and a nice ass. I mean a REALLY NICE ass. I wanted to touch it all the time but I figured she'd just freak out.

"I'm so excited we get to spend the summer together! We're going to have so much fun Mel."

I loved my niece. But we were more like cousins since our age was so close together. I was excited she was staying with us but also disappointed because now I wouldn't be able to masturbate as

often. She'd be staying in the guest room but I know she'll always want to do something together.

"Let's go do something."

"What do you want to do Claire it's getting late?"

"We can go to the lake?"

They drive to the city lake was filled with music from the radio. As soon as we got to the lake Claire jumped out of the car, took off all her clothes and ran into the water. So there was my hot niece in not but her bra and panties dancing around in the water. If I was a man, it would be obvious how turned on I was.

"Come on Mel!" I didn't want to. I didn't have the smoking hot body Claire had. I shyly took off my clothes and made my way to the water. "Whoo look at that hot mama!" She yelled.

"Gah shut up." I laughed. Once in the water we splashed each other, tackled each other and rolled around in the shallow water. There were a group of three guys on the other side of the lake staring at us. "That's so hot!" One yelled.

"Hey Melanie, You wanna give those boys a show?"

"What do you mean?"

"Just follow my lead," she said.

Claire unhooked her bra and threw it off in the water. The boys started shouting. She then reached around me and took mine off.

"Claire!"

"Chill out this will be fun." She then wrapped her arms around me so our breast were touching. My nipples were instantly hard.

"Oooh is it cold in here or are your nipples just happy to see me." Claire laughed. I was so embarrassed. Then Claire grabbed my head, pulled me closer to her and kissed me. It was like electricity went through my body. They boys went crazy. They were screaming and shouting how sexy it was. Claire took it a step further and stuck her tongue in my mouth and we were fully making out. I didn't want to stop but she pulled away.

"Damn!" she said. "You're a good kisser."

"Thanks." I blushed.

"Hey y'all stay there! We'll be there in a sec!" The guys yelled.

"Shit! We gotta go Mel!"

We ran to the car and drove away before the boys got there.

"Wow that was fun!" Claire said. "I didn't know you had that in you Aunt Mel."

I was too embarrassed to reply so I just turned on the radio until we got home. We ate dinner with my parents and not a word was said about what happened. Soon it was time for bed. We said our

good nights and Claire hugged me. She pressed her body against mine and I swore I felt her hand move down to my ass but it was so fast and swift I couldn't tell for sure. That night I masturbated 3 times just replaying the scene we had together over and over in my head.

A week went by without anything random happening. Life was pretty normal.

"Melanie, your father, Claire and I are going to the store do you want to go?" My mom asked.

"No I'm good." I just wanted to get Blondie in my room.

"Okay bye sweetie."

Once I heard the truck leave I got Blondie, got naked and once I spread my legs she knew what to do. I thought of all the things I wanted to do with Claire while my dog ate me out.

"Mmmmm yeah that's it Blondie."

"I KNEW IT!"

I jumped up. "Claire what are you doing here I thought you left."

"I was going to go but I decided to stay. I'm sure glad I did. Damn Melanie you're not so innocent you nasty slut."

"Please Claire don't tell anyone. Please."

"Oh I won't tell," she said.

I was confused. "You're not?"

"Nope." She walked over to my bed. "Move Blondie." Blondie jumped off the bed and sat on the floor. "I'm not gonna tell because now I get what I want."

"What are you..." I was cut off when she jumped on me. She straddled me with her legs as she took her top and bra off. She then grabbed my hand and put each one her breasts and squeezed.

"You like your 19 year old nieces young tits don't you, you nasty bastard. Answer me!" She smacked me across the face. God I didn't know she was so violent but it really turned me on.

"Yes I love them."

"Good." She smiled. "Suck on them." She stuck her perfect breast in my face and I gladly flicked my tongue over her nipple and it instantly became hard. I put my lips around it and started to suck on it like a baby drinking breast milk from its mama. Then I gently started to nibble on it.

"You're so dirty Aunt Mel." She moaned. She stood up, took her pants and panties off and sat back down on me. She kissed me and then made her way down to my breast. She lathered my tits with her tongue then she moved down to my pussy. I knew what was going to happen next. I waited in anticipation until she spread open my pussy lips and gently stroke my clit with her tongue. My whole body shook. I thought Blondie's tongue felt good but this was incredible.

"Oh my god Claire don't stop." I moaned.

"God you're pussy tastes so good Aunt Mel." She continued to eat my pussy until she brought me to

an orgasm. "Ahh aah aaaah Claire! Shit! Mmmmm fuck me!" I came and she didn't lick up my juices like I expected her to. Instead she called Blondie up to eat it all.

"Good girl Blondie. Eat that pussy." She said as she stroked Blondie's head.

I got up and pulled Claire down on the bed. With Blondie still eating my juices I began sucking on my niece's clit. She moaned and screamed more than anyone I've ever seen.

"Oh yeah Aunt Mel. Eat my pussy you dirty whore. Damn" Her wish was my command. I could eat her pussy all day if she wanted me to. And If I could I would spend every second of each day meeting her sexual needs. Blondie had gotten done with me and moved up to where I was. I was still licking Claire's pussy when Blondie joined me. Both of us were eating the same pussy. Our tongues occasionally met and licked each other but it wasn't a big deal. It made the whole thing sexier if you asked me.

Claire loved the both of us down there. She was moaning and wiggling all around. I looked up and she had her eyes closed and her fingers rubbing her nipples. She then got quiet. At first I was confused. Had I done something wrong? But then I tasted the sweet taste of her cum on my tongue. Blondie and I fought to get all of the juices but of course I won.

"Come here. Let me taste my pussy." Claire leaned forward and kissed me. She sucked on my tongue and stuck hers all around my mouth. She then patted Blondie on the head "Good girl."

"Damn Claire, I didn't know you had this in you."

"I could say the same about you."

"I'm glad we did it."

"Me too" Claire said. "We need to do it more often"

"Agreed but I have to ask, how did you know. When you walked in on me and Blondie and said 'I knew it'."

"Oh well see I was in my room one night naked and she just came up and started licking my pussy. And I knew that was trained. It wasn't random. So I figured I'd try to catch you in the act." Ha if only she knew that it wasn't trained. We had many nights like that together over the summer. I was sad when she went back home but Blondie kept me satisfied.
