BEASTIALITY STORIES

(c) 2019 by unknown

After my first mating with Dromano, I knew that I must have more of that pony cock, so I contacted Jim and the date and time was set. I had a hard time concentrating on work on the days before my next encounter. Saturday finally arrived and Jim had requested that I not bath, remove all makeup and no perfume as he wanted his pony to get used to natural scents. Under my clothing I wore a full fishnet body suit that left my cunt and ass totally exposed. I donned my boots and collar, finished dressing and off RJ and I went.

The trip to Jim's farm was uneventful, but as we approached I was starting to get wet just thinking about Dromano's huge cock. We were warmly greeted and after some small talk it was time to head to the breeding barn. It was rather chilly, about mid-30's but he assured me that he had the heater running all morning and that I would be comfortable. Once inside he asked me to remove my clothing while he went to get my tail. When Jim returned his reaction to my outfit was quite flattering.

"Let's get my mares tail in place and get this party started," he said.

I turned around, bent over, exposing my ass to him. Lube was applied to the butt plug tail and inserted in my ass. I began to wiggle my ass and hips to make my tail swish.

"Now you're ready for Dromano."

He left and I moved into position on his breeding apparatus. Dromano came prancing in as if he knew what was going on. When he was next to me I reached out to stroke his cock and it began to drop and grow. I leaned over and gave his cock several kisses and ran my tongue up and down his shaft. Now his engorged cock was at its full 12" length and Jim move him down into position. RJ had already lubed my pussy so I was ready for that magnificent cock.

Dromano reared up and moved into position and I could feel the heat from his cock at the opening of my cunt. Jim slowly introduced several inches of that cock into me so that I would become accustomed to it. It felt so wonderful inside me and I said.

"I'm ready for more, Please give me more of that cock."

Jim let a little more inside and that's when I had my first orgasm. Dromano had begun to thrust and I told Jim to let go so I could have all of that powerful cock inside me. He obliged me and Dromano buried the rest of that 12" cock inside my burning cunt. As his thrusting continued I could feel his cock hitting my cervix, it was a bit painful but the pleasure I was getting outweighed the little pain. I kept yelling, "FUCK ME! FUCK ME BIG BOY! Your Mare needs your cock!"

As the onslaught of my cunt continued I had multiple orgasms and kept begging him to fill my cunt with his cum. Unfortunately he didn't last too long and he began to make some weird sounds and I knew I was about to receive his load.

"Give me that cum of yours big boy" I said, "Your beast girl needs her pussy filled with your cum, I need to feel it inside me."

After several more powerful thrusts he exploded inside me filling me to over flowing with his massive load. After he withdrew and dismounted, I asked RJ to hold the cup to my pussy and it began to fill without mixed fluids. I sat up and took the cup from RJ and raised it to my mouth and began to drink. The texture was a bit thicker than a man's cum but very delicious. When I had finished I said

"Now that's the best protein drink I ever had."

They both laughed and Dromano was led away. I rested for a while before Jim asked if I were ready to help him in the training of his newest pony.

"Hell Yes," I responded. "Bring him on out here."

Jim came back with a cute paint pony named Brutus (I don't know where he gets these names, but I will have to ask him next time) and brought him over to me. I began to love him up, stroking his mane and scratching his head. I slowly worked my way down and made contact with his cock and balls. Since this was all new to him I took my time as to not frighten my newest lover.

Within minutes his cock began to drop and I continued stroking his member. He was not quite as large as Dromano maybe 10" but what girl wouldn't want a 10" cock for herself. I bent down and began to lick his cock and kiss its head.

I lay back and lowered the top of my body stocking, reaching between my legs I scooped up some of the cum that was still running out of my cunt and applied it between my tits. I placed his cock between my tits and squeezed them together so he could tit fuck me. As he humped my tits I opened my mouth so that the head of his cock would enter my hungry mouth and I sucked it in.

When I noticed his cock beginning to flare I just opened my mouth more and continued. He erupted and covered my face and hair with his load, but I was able to get some of his cum in my mouth and eagerly swallowed what I could.

"Maybe next time you can fuck me" I told Brutus as he was led away "I want all the pony cock and cum that I can handle."

We sat around for a while and I thanked Jim for allowing me to use his ponies for my pleasure. "You are more than welcome to come back anytime you wish," was his reply. "I really enjoy watching you."

Just then I noticed his "Farm dog" enter the area. Smelling sex in the air he wandered over to us and immediately poked his nose between my legs. Being the horny slut I am I spread my legs and his tongue found my wet cunt. I lay back and spread my legs giving better access to my cunt. That tongue felt wonderful, lapping away to me delight.

"OH GOD, I'M GOING TO CUM AGAIN!" I screamed, and I did several times. "Now you're going to have to fuck me, I need more cock."

Jim chuckled, "This may be hard to do as my old dog is a 'Bitch'."

I was disappointed by this news. "I need to get fucked again, can Dromano do it again?"

"I'm sure he is ready for your cunt, I'll go get him."

Dromano was brought back out, I was already in position and soon I was being fucked by my stallion for the second time today. I yelled and screamed while being filled with his ever pleasing cock until he rewarded me with another pussy full of cum.

By this time I was totally spent but satisfied. After a rest and a glass of wine, I dressed, thanked Jim, and RJ and I drove home. I must have been a sight as my hair and face were still covered with dry pony cum. The smell was delightful and I went to bed that night without a shower, having dreams

about my wonderful afternoon at the farm and planning for my next visit.
