BEASTIALITY STORIES

(c) by WCowgirl

It was summer, and that only meant one thing: watching my aunt's cabin up in Colorado! I had already backed my bags a week before school ended. I was so psyched to go. I had just ended my junior year, and my parents trusted me enough to let me go alone this year. Well, they also won a trip for two to Las Vegas, so they didn't really want to miss out on that either, my older brother was away on his trip to Europe, so I was going to be left alone at the cabin! Actually, not alone. My aunt had two dogs that I would be watching too. One of them was a huge St. Bernard/Great Dane mix, Caesar. The other one was a wolf/Siba mix, Conan.

At 4:00am I had loaded my last bag into the bed of my '89 Chevy Silverado. I was so glad to finally be out on my own. It would be a long, one day drive from Wyoming to Colorado, but I was happy about it.

I drove all day long only stopping for lunch and to use the can. I finally had time to think. I thought about how I'd be all alone... well, I could probably have some guys up. The thought of that made my pussy tingle. I decided that right there and then, this summer would be one huge fuck-feast.

I drove all night until I reached her cabin. It was about 3am, and I was beat. I unlocked the door to find two very happy dogs licking me and wagging their tails.

"Hi Conan. Hi Caesar. I bet you guys are happy to see some one."

They just kept wagging their tails and trying to jump up at me. After fighting them off, I went to get my bags and take them to my room. I was finally settled in. It was about 5am now, and I decided that I'd go watch the sun rise. I went downstairs and saw a note on the kitchen table. I grabbed it and went out on the deck to read it. It was from my aunt. It told all about the things that needed to be done, phone numbers, and addresses, and about a boy that would be coming over sometimes. Hmmm, I thought this "boy" might be interesting.

I put the note down and laid back in my chair. The sky was getting lighter as some ribbons of orange shot across. I was enjoying the fresh morning air until I felt something cold nuzzle my leg. It was Conan. He came out for some attention. He was a big, burly thing. His fur was long and white. He looked like a dog you wouldn't want to run into in a dark place, but in reality he wouldn't hurt a fly.

He rolled over on his back wanting me to scratch his furry belly. I leaned over and ran my hands through his fur. It was soft and warm. I was scratching just below his ribcage, when I noticed a red tip begin to poke out from his sheath. It was coming out more and more, about 5 inches now.. It was huge. I thought I'd give him some fun, so I grabbed his cock at the base and started jerking it. With my other hand I took hold of his huge nut-sack and squeezed it.

Conan seemed to be enjoying this. He tried to hump the air on his back, which looked really funny. I kept it up. It took him a half hour to shoot this load! And the size of his dick was amazing! It got to be about 9 inches long and had a knot about the size of a freak'n grapefruit!

He got up and went to the corner of the deck and licked himself clean. I noticed that the whole thing had really made my pussy wet. I unzipped my pants and fingered myself until I came.

Caesar and Conan were out on the deck wrestling around as I watched the sun peek up behind the mountains. The rays of orange and yellow were fading to a dull blue/gray color. I laid there with a big wool blanket and slowly felt myself drift into sleep.

I was awoken around 9:00am by the sound of the dogs barking loudly. I looked up and in walked a

young man, I'd say about 19 or 20. "What are you doing here?!" I demanded as I shot up from the recliner.

"I'm Kody, didn't your aunt tell you I would be checking up on you every now and then? She left a note, and gave me this key" he said as he held up a key to the house.

"Oh yeah, you're the boy she wrote about. I'm Claire, what did you want?"

"Just came to greet you and see if there was anything you wanted. " He smiled.

I thought to myself, "Oh yeah, there IS something I want", as I studied his body. He was in a black T-shirt, which really showed off his amazing upper body. He wore baggy pants, and had a nice chiseled face with light brown hair that came down to his ears. "No, I'm okay for now" I replied with a sheepish grin.

"Okay then, I gotta head to work now, I'll be back later on today to check on you. Maybe I could show you around tonight?" he smiled at me.

"Sure, that'd be great" I smiled back at him. "I'll see you tonight"

"Okay, around 7?"

"Sure, see you then"

"Okay, bye" he said heading back through the house.

"Bye" I waved back to him.

Things were going pretty well already, and hopefully he would show me some other things tonight. I picked up the blanket and decided to go take a shower.

I walked back into the house. My aunt's late husband had a lot of money, and left it all to her after he died. And the cabin was proof of this. It was three stories, had 5 bedrooms, and 6 bathrooms. The family room was huge, with a big screen TV, two leather couches, a great big fireplace, and a bar on the side of one of the walls.

I went upstairs to the master bedroom, and into the bathroom. I couldn't believe the size of the thing. It was as big as my bedroom at home! I stripped down and started to run the water. I looked over to the full-length mirror. I admired my body. I was blonde, with size 34D tits, and had a really muscular body from weightlifting and swimming for my high school. I began to rub my tits. I really enjoyed the size of them.

After a little while, I got into the shower. The hot water felt good after sleeping on the cold deck. I lathered myself up and washed up. I got out and wrapped a towel around my body. I combed through my shoulder length hair, and headed back downstairs where I forgot my bags.

As I was heading down the stairs, I heard the jingle of the dog's collars coming to greet me. Conan was up front and Caesar followed behind. I petted them both on the top of their heads and proceeded to my bags.

I leaned down to grab one of them as I felt a tug on my towel. I looked over; it was Conan. "Stop it, you crazy mutt. " I laughed. He just kept on with it, arching down and playfully growling. Finally he got the better of me and ripped the towel away. I laughed and bent over to grab it from him. That

was when I felt it; Caesar started to nuzzle my bare crotch.

Surprised, I fell forward. I was laying on the floor with a dogs tongue licking my pussy. It felt so good. I spread my legs a bit, letting Caesar get better access. He licked from the front of my pussy all the way to my ass. Then the realization of the whole thing hit me. What was I doing? This was wrong!

I tried getting up, but that turned out to be my worst mistake at the time.

As I kneeled to get up, I felt a set of paws wrapped around my waist. I was scared out of my mind. I was going to be raped by a dog! I struggled to get away, but Caesar was too powerful and determined. He kept jabbing his cock at my pussy trying to get it in. About after three tries, he hit home. I screamed as I felt his hot cock go inside me. It was so huge. He kept pumping away as I yelled at him to get off me.

His cock was so big I couldn't take it anymore. I had my first orgasm. He just kept on rapidly fucking my aching twat. He went on for another good fifteen minutes and another orgasm later, I felt his knot rubbing against my pussy lips. I was so scared. I knew what happened when the knot entered a bitch; they would become tied together. And he was making me his bitch. I didn't want to be tied to this beast! Then it passed in. My pussy was so sore, but Caesar kept humping away.

Finally he stopped, and I felt a rush of doggy cum spill into my pussy. I orgasmed again. We sat tied together for about ten minutes as I had yet another orgasm. His huge, limp cock popped out of me and he headed to the corner to lick it.

I was sobbing on the floor as I felt another set of paws wrap around me. This time it was Conan, and he was ready to claim his piece too. I was too weak to get away as he pushed his doggy dick into me. Conan took it slower than Caesar. He made long slow thrusts into my violated pussy. He licked my back as I kneeled below him. He was definitely a gentle lover. I was even beginning to enjoy this. I started to push my twat back up against his throbbing member. He started to pick up the pace at this. I was moaning with pleasure now. Then the best orgasm I had ever had hit me.

It seemed like forever. We were just two creatures fucking on the floor. I was so into that I didn't notice anything until I saw eight Polaroid fall down in front of me. It was Kody. He had a camera in one hand and his well-sized cock in the other.

"Oh my god, please... don't tell anyone!" I pleaded with him.

"Well, I bet your aunt would love to see this. " He sneered.

"Please," I begged, "I'll do anything you want!"

"Suck my cock, bitch. " He said pushing his erect dick in my face.

I looked up at him and then at his cock. Conan was still fucking my pussy. I started to lick the tip of Kody's cock. Then he grabbed my head and pushed it all the way in. Not even waiting for me to do anything, he started to fuck my face. Now I had two cocks in me, pumping away.

Kody shot his load much sooner than Conan. Kody pulled up his pants and looked down on me, "You stay right here, bitch. I'll be back soon. " And with that, he left.

I was left on the floor of the living room again with Conan still pumping away at me. Seven minutes later, Conan stopped and started cumming in me. I moaned with pleasure as I heard the door open.

In walked Kody with one of his best friends. His friend's jaw dropped as he saw me, a naked 17 year old with a huge dog on my back, and his cock buried deep inside me.

"This is Sean. He's going to join us. " Kody smiled.

"Holy shit, I can't believe this!" is all Sean could get out.

I looked up at both of them and demanded "If we're doing this, no word gets out about what happened"

"Fair enough," Kody nodded.

They both started to strip down; both sporting huge erections. Kody's prick was about 7 inches long, and Sean's was a little bit bigger than his. With perfect timing, Conan's cock popped out. Kody wasted no time. He rolled me over and sank his penis into me. He began to pump long and hard. I moaned with pleasure. Sean sat over me and stuck his cock in my mouth. Again, I had a cock at both ends.

I was enjoying this gangbang. A little while after, they both shot their loads into me almost at the same time. I had my 6th orgasm of the day.

I was still on the floor when Conan came to lick my pussy clean. Sean came back over to me and started to lick and play with my tits. I couldn't believe it all. I started out the day as a house sitter and by noon I was a slut. I was enjoying it all though.

Kody left the room and came back with Caesar. "Get on your hands and knees, bitch"

I turned over and got up. Kody was masturbating Caesar. After Caesar's cock was hanging a good 8 inches from the sheath, Kody put Caesar on my back. Caesar jabbed his cock right in and fucked me again. He only took 25 minutes this time.

After that, Sean ordered me to get up on the leather couch. I laid down on it. The leather stuck to my sweaty skin. Sean lowered himself on me and plunged his huge cock into my soaking pussy. He fucked me for about five minutes until he came.

I was fucked eight more time that day. I've never came so much in one day. I had a great time that summer, at my aunts cabin, with Caesar, Conan, Kody, Sean, and their other friends.
