## **BEASTIALITY STORIES**

Even Horses love watersports...

Andrea, called Andy, drove on the highway through the woods with Sandra, or Sandy how she called her. It was a beautiful and warm day in the mid of august. She had something special in her mind for her, so far Sandy already knew. Andrea was a beautiful woman in her 26th year.

She had long dark brown hair, which today she had tied together in two ponytails on the sides with cute pink ribbons. "With this hairstyle she looks insanely cute - like a teenager," Sandra thought looking at her. "I would like to love her now here in the car. But I have to be patient. In these things she's strict. What a pity." Indeed Andrea looked younger than Sandra today, though she was 7 years older than Sandra.

This impression was even intensified, when you looked at her current outfit: she wore a school uniform, which often appears in certain Japanese Animes. That was a blue (very short) miniskirt and a white blouse, which was too small for her breasts, because she couldn't button it above her breasts. To the uniform also belonged a red tie, which she had tied directly on her neck. Of course she wore no underwear, she never does. Her breasts are not as gigantic as Sandy's, but they are wonderfully firm and round.

The second noticeable characteristic of Sandra (besides her gigantic breasts) is her long waving blond hair, which today she had tight together in a ponytail. Today Sandy wore her favourite jeans. She had cut off the whole left leg of it. Furthermore she wore a red T-Shirt, which was tied together in a knot above her bellybutton; otherwise you couldn't see her nice piercing. Today she also didn't wear underwear. Andy preferred that.

They had almost left the woods, when Sandy felt her bladder again. She rather would have held it back until later, but it was impossible.

"Andrea, please stop, I have to pee urgently!"

"Is that really necessary just now? Later we could take advantage of your champagne much better!" asked Andy.

"Yes, I'm holding it back quite a bit; I myself would rather have waited longer. I already thought a full bladder would be useful today." They smiled at each other. "Obviously I drank a little bit too much, but surely you have more in stock, I assume?"

Andy drove a little bit into the forest and stopped. "Of course I have. Have I ever not had supply?"

Both got off Andy's red Cabriole. Sandy squatted down and put aside the rest of the cloth on the crotch of her jeans, so her smoothly shaven cunt could be seen. Because she was able to do that so easily was the reason that these were her favourite jeans.

"Stop, wait a moment!" she heard Andrea shout at the last second. "Since you have to piss here, we're gonna make the best out of it. We cannot waste a single drop of it."

Sandy began to hope having her cunny licked now. And perhaps she could even have some of her girlfriend's cuntjuice.

"And off with your fingers on your pussy," Andy said in a commanding voice.

"But then I'm gonna pee all over my pants!" Sandra complained, but she obeyed and thought: "Who cares out here?"

"Well done, and now lean on the tree, so you can relax and see everything."

So Sandy leaned back on the tree, spread her legs and Andy laid down under her pussy. In the next moment Sandy pissed through the cloth of her jeans in Andrea's wide opened mouth in an infinite flood. Andy could swallow only the least of it, so her hair, as well as a part of her blouse got soaking wet. Of course Sandy's jeans were really wet, too (Thank god it has only one leg).

"Waste no single drop", hm? And, did you like it? In return you could lick my pussy a little, couldn't you?"

"No, I won't. You'll have to be patient, even when your cunt is itching. But because you drenched me with your golden juice, I'm gonna pay my bills with the same. Please sit down."

"So I presume I'm not allowed to lick your pussy? OK, if I don't get Cuntjuice, at least I'll have Champagne, that's an identical pleasure. Besides, there's no better way to refill a bladder."

With a smile in her face she sat down, closed her eyes and waited for her friend's yellow stream. Andy remained standing and lifted her skirt. She opened her slit with both hands, so she could piss in Sandy's face in an almost vertical stream.

She made sure, that Sandra's red shirt was well drenched in piss, so she could see her tits and her nipples through the now transparent cloth. After emptying her whole bladder, for a moment she thought about allowing Sandy to eat her cunt, but she was able to resist. This should take place later with an additional "Team-mate". Sandy opened her eyes and licked over her lips, which made Andrea even hornier.

"That tasted fabulously as always, thank you very much. But look, what you've done to my shirt. Have you forgotten how to aim? Now I have no dry clothes left, even my shoes are wet. They were filled up by my own pee. I should have taken them off."

Andy grinned at her, bent down to her and kissed her. When she put her tongue in her friend's mouth, she could taste a scent of her own piss. "They're going to be dry like this," she said when they got back in the car.

Both of them have become even hornier as they had been before.

"Why didn't we bring Max along with us? However, that would have been horny with him here in the woods. And can't you finally tell me, what we're gonna do and where we're going? That must be something special, as you were just resisting so much. Your pussy was begging for my tongue," Sandy said with a meaningful smile.

"You noticed that? You know me better than I thought," Andrea answered and added: "But know stop asking. It's a surprise, which makes it even better. Max will be with us next time again. Besides, we're almost there. At least our first stop." Max is Andreas Doberman and they already had some pleasures with him.

At this moment they left the woods and Andrea turned onto a small path. They drove towards a farm, which could already be seen in the distance. When they came closer, Sandra saw it was some kind of a riding-farm, because there were large grasslands with many horses and ponies. Andrea parked the car on the parking lot.

"Wait for me, I'll be back at once!" , before Sandra could answer, Andy lovingly placed a finger on Sandy's lips. Immediately Sandy took it into her mouth and sucked it.

"Hey, you horny slut, stop that and wait here. And leave your cunt alone, otherwise we'll return home" joked Andrea, went to the main building, rang the doorbell and entered it.

"What shall we do on a riding-farm? She knows I can't ride, at least not on a horse!" She thought about some things Andrea and herself did with Max and got horny again.

"Are you sleeping or what? We're going to have a ride."

Andy's voice brought her back to reality.

"Oh, finally you're back, it's about time."

Then she noticed the dark brown muscular stallion Andy had on a bridle. "Hu, what do you have in mind? You know I can't ride and that's only one horse anyway."

"Don't panic, Lucifer carries both of us. Perhaps later we even have enough time to teach you riding so we can ride out with two horses next time."

"But I thought we...", but Andy disrupted her: "Come on, mount the saddle, I help you. It's constructed to carry two people, at least when the two are two slim ladies like we are, hihi."

Andrea was so cute, when she giggled, that fitted to her present outlook. "You're sitting behind me; hold on my back."

"OK, but I'm still expecting something today. Apropos, what about the "supply"?" she asked while mounting the horse.

"The beverages and the other stuff are already packed in these big saddlebags." Then they set off.

Sandra felt quite a bit uncomfortable on the horse behind Andy, because she had never really sat on a horseback. But Andy gave her a feeling of security. As time went by she weakened her grip more and more. They rode slowly towards the woods, but they left the road. Sandy cuddled on Andreas back.

"Obviously you already became accustomed to riding, so I'm gonna increase speed, ...that way we'll be there earlier," Andrea said.

Sandy wasn't able to see Andrea's joy-expecting smile, but she felt Andy's growing tension. And that made her hot again. At gallop they arrived at a small crystal- clear forest-lake and demounted the horse.

"That is beautiful, I guess it's your secret place?" asked Sandra. After all they had left all paths quite some time ago.

"Yes, I often came here in the past with Lucifer."

Andy took the saddle off the stallion and saw with joy that he went to the water to drink.

"If the old farmer knew, what I did here with his horses in the past... he surely would have followed us to peep," she thought and stripped naked.

Sandy smiled and got off her clothes, too.

"Puh, now I'm really thirsty, first we gonna use the beverages we brought," Andrea said and gave Sandy a big bottle of ice tea.

They were indeed very thirsty, "like Lucifer" Andrea thought. She was looking forward to what she had planned for today. Of course she had "prepared" the animal. She had given him a medicine, which strengthens the urge to pee. It had a side effect, which was in this case very good: it increases thirst. She had it from Tina, a friend of her who was a veterinary. Tina had helped her before with her bestial passion, because she liked sex with animals herself. In fact she was even more experienced in it than Andy, and that is not easy.

"Now I'm gonna show you something new. I had the pleasure when I was 21, but I wanna give you this joy just now."

Andy called the stallion that also had quenched his thirst now.

At that moment Sandra understood.

"You already fucked a horse? Isn't that dangerous, he's so big.

I don't know. He certainly has a really large cock!"

"Yes, that's the very reason for it is so good," Andy answered with a smile. "I'm gonna give you a little show first, I bet you'll get super-horny then. The same as it was with your first Max-time."

So Sandy sat down on the warm Sand, which built a nice beach along the lakeshore. "OK, show me, I'm already fucking horny."

Andrea caressed the horse's cheeks and spoke with a calming voice: "Do you still know me? Then you know what's gonna happen now." She continued caressing him. His neck, his back, his chest. So she worked herself down to where she wanted to be. "I knew you'd still know me, my dear."

His penis was already coming out of his shaft. Sandra closed in a bit, she wanted to see that. Andy touched his cock carefully and caressed it gently, by that it grew larger and harder. Now she began to stroke his dick with both of her hands. Sandy was very interested. This dick was gigantic. Andy caressed his glans and his huge balls.

Sandra became more and more horny, her cunt was soaking wet. She started to caress her whole body without taking away her gaze at them for a single moment. Andy opened her mouth and licked the tip of his glans like it was a lollipop. Then she swallowed as much of his dick as she could into her mouth and started sucking it. The slurping noises she made almost made Sandra, who had nearly the whole hand in her hole, cum.

The stallion clearly enjoyed the "treatment". He began to fuck her mouth with gentle humping movements. But he was very careful; it was very obvious that he was well- trained. Andy took his dick out of her mouth and licked it again. Then she began playing on his pisshole with the tip of her tongue. She inserted the tip of her tongue as far as she could into the little slit. Then she worked with her tongue her way down to his balls, which she also sucked with great pleasure. Now she noticed Sandra who had come very close. She was licking over her lips.

"And now you wanna try, too?" Andy asked her.

"Definitely, I almost came just by the look of it!" Sandra replied.

"OK, then simply take it in your hand."

She did and it was hot und it pulsated in her hand.

"That's horny, isn't it?"

"Fuck, yes, it's great. But that will never fit into a human pussy."

"I'll show you, but now enjoy playing with it."

Sandra started to stroke Lucifer's cock like Andy did before, but she couldn't hold back for long. She had to taste it now. So she put it in her mouth. It was wonderful. She started to caress the glans with her tongue inside her mouth.

Again Lucifer started to hump. Andrea also drew her attention back to the horse and continued licking his balls. But abruptly she stopped and pulled Sandy's head off her toy.

"Stop or he will shoot his load too early," she said before Sandra could protest. "We have to wait a moment till he calms down. Otherwise we would have to wait longer until he's ready again for a little fuck."

She kissed her and Sandy still noticed Lucifer's scent in Andy's mouth and said: "I think now I also wanna fuck him or else I will explode!"

"Do you even wanna do first? After all I did it many times before."

"No thanks, first show me, how to do it, but hurry."

"OK, I think we can proceed now."

Lucifer's dick now wasn't so hard anymore. Sandra could see the joyful anticipation in her girlfriend's face.

Andrea guided Lucifer to a big stone on the shore of the lake and put two blankets on it. The stone had the perfect width and height to build a seat with the blankets. When a girl was laying down on it, her cunt was in a perfect position to fuck the horses prick.

After Lucifer stood on the right spot Andy laid down and spread her legs to expose her cunt to Sandy. Because Lucifer's dick had been softened, Sandy had to place it at Andrea's entrance so she could grab it. But Andy didn't take it immediately and so Sandy started to rub the dick on her clit. While doing that she raised her ass demandingly towards her.

Andy understood, searched with her left hand to find Sandy's cunt and asshole and penetrated the two holes with her thumb and her middle finger. Sandra moaned out loudly and rubbed Andy's clit faster and faster with the now again hard-as-steel dick. Andrea's body reared up and shivered when she came in a giant orgasm. Almost simultaneously Sandra came, too. Her fluids poured over Andy's hand. Andrea wanted to have it inside her now, so she took her fingers out of her friend's holes and grabbed Lucifer's dick with both hands.

With wide opened eyes Sandy watched every move of her friend carefully, who slowly shove the tip of the cock into her cunt until its glans disappeared abruptly in it. Deeper and deeper Lucifer's cock glided into her soaking wet crack. Andy began to rotate with her hips. Lucifer answered that with

hard thrusts. Andrea had to move back a little to prevent being pierced by this huge cock.

Soon she came again. "Oh, fuck it's so big. I'm cumming again, fuuuuuuuuuuck!" she screamed out. The second Orgasm was even bigger than the first one. As she came, the cock slid out of her cunt. She had to remain on the stone a few moments being so exhausted by this fuck.

But Lucifer tried to penetrate her again so she rolled off the stone to make room for Sandra, who shivered with excitement. In an instant Sandy was laying under the stallion, but Andy calmed him down and he stopped humping.

"Hey, what's up? I wanna have my pussy stuffed with horsemeat, too!" she complained, but Andy smiled and said: "So horny? No more fear of this being a piece of horsemeat? Let's slow down a bit. You're gonna fuck him soon."

She began to rub her girlfriend's cunny with the cock just like Sandy did before to her cunt.

"We have to make sure it's well lubricated again, it all flowed out before, hihi. - Lay back, close your eyes and relax, I'll do the rest."

Sandy complied and she soon started to moan lustfully. When the juices started to pour out of her hole again, Andy set Lucifer's cock to the entrance of her pussy and began to shove it in slowly.

"Tell me when it hurts and I'll stop it."

"No, not at all. Don't stop. Deeper, deeper, pleaaase!" she heard Sandy answer. "That is the horniest dick, I've ever had, Ohhhhhh fuuuuck!"

Lucifer began humping again, but Andy slowed him a bit, until Sandy get accustomed to his movements. After Sandy moved back up, too, Andrea let the stallion fuck at his own pace. She knew he was careful. Andy turned to her girlfriend again. She kneaded her huge tits and sucked her nipples.

Sandra screamed out loudly, when she experienced the most gigantic orgasm she ever had. It even transferred to Andy so she also came once more. As before the horse's cock slid out of the cunt of his mate, but this time they wouldn't try to calm him.

Andy just pulled him away off the stone, kneeled under him and let him hump in her hand.

"When you're "alive" again, come to me. We're gonna let him cum into our faces. You've never seen such an amount of sperm. And it has a fantastic flavor."

Hearing that, Sandy hurried over to Andy.

"And now the big surprise. I never did it before myself, but I'll let him piss all over us. In the past he mainly pissed after cumming. And today I even supported that behavior," Andy said, hoping for a positive reaction from her girlfriend. Relieved she saw a happy smile on her face.

"So today, it's champagne in all variations. Let's go!"

Sandy helped Andrea to jerk off the horse's prick. They could feel the stuff rising inside his cock before a huge torrent of hot horse sperm flooded all over their faces and bodies. They could swallow only a little amount of it, as much as it was. It tasted great. They kissed each other while another load poured on their fused lips. He seemed to squirt without end.

When it ended at last, they licked the horse's ooze from each others faces, tits and necks. They didn't forget to clean the dripping pisshole of Lucifer's dick. Now all they could do was hoping for his yellow juice.

Lucifer didn't move an inch, while his prick was slowly sagging. The girls wanted to have his piss desperately. At the moment when Andy grabbed the cock to aim at their faces, all floodgates were opened. They were pissed all over with the pressure of a garden hose. They didn't stop drinking. His piss tasted even better than his sperm. The piss washed all the remaining sperm off their bodies.

Both of them came again just because of the feeling and tasting of the hot horsepiss, for what they couldn't hold back themselves. So they pissed while Lucifer's urine drenched them. When it was over they sank back into the completely soaked sand. Lucifer trotted away and began to graze.

"That was the fucking best experience, I've ever had!" Sandy said wearily.

"Same for me, at last it was my first horse pissing."

"You mean your first animal pissing."

"No, I did it before with Max."

"You did what? And you kept it secret from me? You are a bitch!"

"It wasn't quite often. There was simply no opportunity to do it with you. Actually the first time was by accident. But next time with him we'll try to give you some of his doggy champagne, I promise!"

"OK, but I can hardly wait."

"Perhaps we can have some more of Lucifer's urine later. At least I wanna fuck him once more."

"Oh yes, me too. By the way, I have a little confession to do," Sandra said ashamed, "while he pissed at us, I came and then I also had to pee."

Andrea smiled, "Me, too. But finally we already refilled our bladders with golden horse juice." Embracing each other they fell asleep.

After one hour of sleeping they felt very refreshed. They decided to take a cool bath in the lake. Afterwards they towed each other and put a large picnic sheet on the ground to eat a thing and of course to drink (ice-tea again).

Happily they noticed Lucifer also got thirsty again. He went down to the water to have a big drink. After lunch they laid themselves down side by side and began caressing and kissing each other. In an instant they became very horny again, so they sucked each other to orgasm 69 style. It seemed that Lucifer realized what was going on and came close to them. Obviously he was ready again, because he already had a hard-on, and the girls noticed that with joy.

"So you're also horny again, boy?" Sandy asked him.

"Then we should give you some blowjob, shouldn't we?" Andy added and caressed his forehead. "I hope you'll give us a load of hot sperm in return. And don't forget to piss later on!"

Sandy was already playing with his cock again, which almost had its full size by then. His glans disappeared in her mouth, just as Andy was looking at her. "Hey can't you wait for me?" she asked pretending indignation.

But Sandy just shook her head without taking the cock out of her mouth, to show her that she couldn't. So Andy took care of his balls first. She licked and sucked them lavishly and started to rub his dick. This time Sandy tried to stick her tongue into his pisshole, too. The taste was excellent.

Meanwhile Andrea made her way to the glans with her tongue, so their tongues touched each other what made them even hornier. The juices dripped off their pussies. Sandy hadn't sucked his balls before, so she did now. That also stimulated her, because these were the first balls she couldn't swallow completely. She likes licking balls. She does it to Max while Andy sucks his dick. Suddenly Andy asked, if she was able to pee now.

"I think so," Sandy replied. "Why do you ask?"

"I want you to pee on his dick while I'm licking it, so I can have the taste of your pee and his cock together," she answered.

"OK, but one condition: you'll do the same for me afterwards."

Andy promised and Sandy put herself in front of her and raised her left leg, which faced to Lucifer. With a bend knee she leaned on Lucifer's chest to be able to spread her cuntlips with both her hands. So she could piss on his cock in a sharp stream. Most of it flowed down the cock directly in Andy's mouth, who swallowed greedily everything she could get.

"Sorry, that's all, but now it's my turn," Sandy said after emptying her bladder.

They changed places and Sandy got Andy's pee served on horsedick. That was a great combination, it even felt a little like Lucifer peeing in her mouth; it just wasn't the right amount and pressure. And of course it was Andrea's taste. Until then she was able to detect the scent of her girlfriend's urine (apart of her own one, the one of Tina the vet and a few other friends of them.)

"And now let's fuck!" Sandra demanded.

"Exactly, that's what I need now!" Andrea added.

They already were on their way to the stone when Sandra had an idea: "Wait a moment! What about doing it in the water. I think it would be a nice feeling to be fucked while floating."

"Hey, that's a great idea, let's do it!"

Luckily Lucifer didn't complain at all when they guided him into the water. They looked for a spot where the water had the right depth so his cock would be just a few centimeters above the surface of the water. This time Sandy was first to fuck. She put herself under Lucifer's chest and Andy helped her into the proper position. Because his chest was already underwater she had to raise her head on his side. She did her best to hold herself in position with both her arms clutched around his chest. Andy stabilized her by holding her ass with her left hand.

Now Sandy could bend her legs a little so Andy was able to suck her pussy, because the water had washed away all the lubricant. With her right hand Andy rubbed the cock so it would stay hard. In an instant Andrea had this wonderful taste in her mouth again, which told her Sandra was ready to take in the cock. She put its glans to the entrance and shoved it in. Sandra moaned out and pushed herself on his cock until several inches of it disappeared in her pussy. Immediately Lucifer started humping again. Andrea almost didn't have to help her anymore, it worked perfectly.

"How is it in the water?" she asked her.

But she only heard Sandy saying "Oh, yeeees, your cock is so goooood! Faster! Deeper! Yes, yes, yeeeeeees!" She cried out of lust when she came.

The waves created by the fucking hit Andy's hips, what made her even hotter. She thought the water was about to boil. But Sandy didn't stop, the cock still went in and out of her pussy and though it hadn't been touching the water it was dripping wet.

"OK, once more, but then it's my turn!" Andy said and began licking the liquid from Lucifer's prick.

After a few minutes, when she finally put two fingers in Sandy's asshole, she came a second time. Breathing heavily she swam up from under Lucifer's chest and leaned on it to prevent herself from drowning by exhaustion. He slowly stopped his thrusts. He knew he could continue fucking right away.

"And now you!"

"Wait a moment, I don't want him to cum at the moment I put it in, although that is a fucking great feeling. Before he shoots his load I wanna cum twice, like you did," Andrea said, despite the fact that she could hardly wait.

They cooled his cock in the water and Sandra helped her girlfriend into fucking-position.

"Put it in without delay, the water can't wash away my juices as fast as my cunt is producing them."

Indeed the cock slid in without any difficulty. It wasn't even wholly inside the cunt when Andy came with a loud moan.

"Fuck, she must have been really hot," Sandy thought.

Yet Andrea answered Lucifer's thrusts immediately. Sandy wasn't even able to hold her, because she was fucking him so fiercely. So she began to lick the juice off his dick, while she massaged his balls to be able to feel when he was about to cum. She learned that with Max. But she didn't feel that before Andy had another orgasm. Quickly she released the horsecock from the grip of her pussy and swam up. She was heavily breathing, too, but in the cool water she quickly recovered.

"And now another load of sperm in the face, don't you think? In the water or on the shore?"

But obviously Sandy had something different in her mind. "You said how good it is to feel him cum inside. You made me curious. Would you mind to give me the chance to try it? You can drink it from my cunt then. But let's go out of the water for that."

"OK, but I want to have something in return. I want to put his cock into my cunt after he came, so he would piss inside me. Until now I did that only with humans."

They both agreed and guided Lucifer out of the water back to the stone. Because his cock was getting soft again they sucked it once more. Sandy even gave him a short titfuck with her huge tits from what he got hard as steel again. Then she laid herself on the stone and Andy started rubbing her clit with the tip of his cock again.

But Sandy said she should put it in right away. "Or else I'll cum right now. I wanna cum with him."

She grabbed the cock herself and inserted it. Lucifer began humping at the moment he could feel her hot cuntmeat. Andy sat down to be able to swallow anything that would come out of Sandy's

cunthole. She licked the underside of his cock and Sandy's cunt simultaneously.

The stallion fucked Sandy faster and faster and her moans got louder and louder until Andy could hear her shout: "I can feel it, he's about to cum. Yeees, fill my cunt with your sperm."

Sandra felt his cock contracting. In the next moment her cunt was filled with hot horse sperm. She felt like exploding when she was also cumming. The large amount of sperm and the big cock was too much for her cunt. The sperm was pressed out of her cunt along the shaft of the cock and was swallowed by Andy.

Lucifer stopped humping but Sandy kept his cock in her cunt for a moment. When she finally let it go a blast of sperm flowed over Andy's face. Sandy appreciated that.

"Let me clean your face with my tongue. This time it won't be done by horsepiss."

First Andy laid on the stone to be ready, then Sandy licked all the sperm that was inside her moments ago from her girlfriend's body and face.

After Sandy had swallowed every little drop of sperm off Andrea, she helped her to put the now softened cock into her cunt. Sandra had to hold it so it would stay inside. She sucked Andy's nipples.

"I hope he's got to pee," she could only just say before it began.

Quickly Sandy changed place to be able to drink the piss, which was about to spray out of Andy's pussy. Andy put her thighs together to hinder the piss from flowing out. The hot pee shot in her pussy and couldn't leave it. Because of the pressure inside her pussy Andy came like she never had before.

Therefore all the tension in her body was released, Lucifer's cock was pushed out of her pussy and she had to piss herself. But Andy couldn't note that, because she got the whole content of Andy's pussy in her face in one blast.

Lucifer's urine mixed with Andy's urine came from the front and from above Lucifer continued pissing on her. Though she had this mega-orgasm Andy was able to make a quick turn to get as much of Lucifer's piss as possible. When the pissing came to an end, Lucifer trotted away and the girls kissed each other lavishly.

"Did you notice that I also peed?" Andy asked.

"No, first it was such a blast and then I looked up to drink his piss," Sandy replied. "But I got to pee now. If you lick my cunt again I'll give it all to you."

She wouldn't have to say that again and Andy laid herself on the ground. Sandy sat on her face and Andy put her tongue inside her cunt. Soon she could sense the salty taste of piss. Just a little at first, but then the champagne of her girlfriend poured in her mouth. This time not a single drop was wasted. When Sandy was done Andy sucked her to another orgasm, the last one for that day. At least the last one at the lake.

Then they fell asleep once more and when they woke up, it was late afternoon. They went into the water once more to wash themselves. While packing their stuff Sandy said: "That was fucking great today. We got to do that again soon. But then I also want his pee in my pussy."

"Of course, the summer is not over yet," Andrea answered, while saddling Lucifer.

On the ride back to the farm Andy said: "Now we have no time left to teach you riding."

"Doesn't matter," Sandy replied. "I'm gonna handle that! I paid attention before."

She grinned when Andy said: "So next time with two stallions!"

The End
