BEASTIALITY STORIES

(c) by Wonder Mike

Jennifer Lopez was on the Hollywood fast track. She was everybody's choice to be the next young superstar. Then she made the movie Anaconda. It was supposed to be her big break, instead it was a disaster.

Now Catherine Zeta Jones and Selma Hayek were getting first crack at all the good Hispanic roles. Jennifer was relegated to B movies.

She sucked off 30 men on camera at her audition for Entrapment, but it wasn't enough, the producers told her she was yesterday's news.

Jennifer saw the casting call go out for a new Mexican soap opera. She decided that it was better than not working so she headed for Mexico City.

Jennifer put on her tightest leather miniskirt and silk tube top and walked into the producers office. They told her to spin around so they could check her out.

Jennifer slowly turned then bent over so they could get a look at her best side. She then sat down with her miniskirt riding up.

The producers saw right away that she was wearing no panties when she crossed her legs. of course she couldn't have been in that tight a dress.

They asked her for a resume, Jennifer hadn't even bothered to bring one. She pulled off her top and exposed her breasts, her nipples were already completely erect.

She started to rub her tits, the producers asked her again for a resume. Jennifer then slowly pulled her skirt down over her ass. She turned and bent over again giving them the view she knew they couldn't resist.

They told her if she didn't have a resume they would have to end the interview. Jennifer climbed on the desk in front of them and spread her legs. She slipped two fingers inside of her pussy.

Jennifer through her long legs straight up in the air and started ramming her fingers faster and faster inside her cunt. She still got no response from the men.

She slipped a third finger into her pussy, then she reached around and shoved two fingers into her ass hole. The producers told her she would have to leave.

Jennifer slipped a fourth finger into her pussy and shoved them all in to the knuckle, she then slipped a third finger into her asshole. She started humping her hips up and down matching the thrust of her fingers. Surely this would get her the part.

The producers told her she was the fourth woman that they had interviewed today and they were spent. She would have to come back tomorrow. Jennifer jumped up, got dressed and went running out of the office. She hated giving them the show for free.

Jennifer ran out of the building right into a huge man in a trench coat. She bounced off him and fell backwards. He reached down and picked her up.

The first thing she noticed was that this man was huge. At least 6' 8 300 pounds. She hoped that he wasn't mad at her.

She stood up and dusted herself off, the man just walked away without saying a word. Jennifer was grateful. She waited until he turned the corner and was out of sight, she then reached down to pick up her purse, but it was gone. She started to run after the man but she quickly realized he could kill her if he wanted to. So she just sat on the curb and started to cry. He had taken everything that she owned, including her plane ticket. She had no way to get home and no money to pay hotel bill, now she couldn't even get her stuff out of the hotel.

She sat there for 10 minutes when another man walked up to her. He stood over her for a couple of seconds then said "Money troubles? I can tell."

Jennifer looked up at him and told him to "Fuck off." The man grabbed her by the hair and pulled her into a waiting car.

He told her he knew she was a homeless hooker and probably a drug addict. He told her if she did what he said he would give her \$200 and let her go. If she didn't, he had a gun and a shovel, he didn't think anybody would miss her.

Jennifer really needed the money and she really didn't have a choice. She agreed to do whatever he said.

The man blindfolded her and drove her around. They stopped and went for a short walk. They went through a tunnel, she could tell, then out into the sun. Jennifer heard a crowd erupt as the sunlight hit her.

The man laid her on a bench and pulled her skirt up over her waist. Jennifer figured she was going to put on a show, it would be just like one of her parties, she wondered how many people were watching though.

The man spread her legs and put her feet up on the bench. Then she felt a long warm tongue lick her pussy. She squealed and the crowd started cheering.

Whoever was licking her must have had the longest tongue in the world. It was buried at least two inches inside of her. She had a couple of men holding her down. She wanted to wrap her legs around his head but they wouldn't let her move her legs.

She quickly started to cum and the men let her go. She reached down to grab his head, but she felt fur. She ripped off the blindfold and saw a Saint Bernard lapping at her cunt.

She couldn't believe she had gotten off on a dog, but the thought of it caused her to have another orgasm. She looked around and saw a crowd of about 200 watching her.

She reluctantly pushed the dog away, he was still trying to lick her juicy cunt. The men returned and told her she was not done yet. The dog couldn't leave until he had cum, and neither could she.

She told them she didn't want the dog to cum inside of her, she wasn't sure if she could get pregnant but she wasn't going to take that chance. They told her they didn't want the dog to cum inside of her anyway.

Jennifer rolled over and knelt on all fours. She put her head down and waited for the huge dog to mount her. The Saint Bernard put his front paws over her shoulder and shoved his 8 inches into her pussy.

She let out a grunt as the doggy cock was rammed home. A hush fell over the crowd — the dog

quickly had his entire cock buried into her dripping pussy.

The crowd started a rhythmic clapping as the dog started humping faster at her cunt. Jennifer couldn't help but start to rock back onto the beast's shoving cock.

The dog eventually forced Jennifer flat on the bench. She wrapped her arms all the way around it as the dog fucked her even harder.

Jennifer could feel the knot of the dog start to form, she screamed for the men to get it out, she didn't want to be stuck to the dog until he came inside of her. The men ran over and pulled the dog off of her.

They stood him in front of her and pointed his cock at her mouth, she knew what they wanted to see, the crowd was yelling "Suck it" but she had some pride left. They told her they would shove the knot back in her pussy if she didn't suck him off. If she got pregnant, it was her problem.

Jennifer grabbed the doggy cock and started licking up and down the shaft, she was still laying on her stomach the men were holding the dog up on two legs. The Saint Bernard shoved his cock into her mouth. Then he started to fuck her face.

The men told her it would be easier for her if she was blindfolded. She agreed. They placed the blindfold back over her face again.

The dog shoved his entire cock down her throat and pumped as fast as he could. It was minutes before he shot his load into her mouth. Jennifer held her mouth open and let the cum drip out. She was disgusted and started to spit the dogs come out onto the ground.

When Jennifer started to get up and leave the men told her she was not through yet. She saw that she had worn out the dog, the men told her they had another one. She was still horny so she laid back on her stomach.

A couple of seconds later, she felt the cock at the tip of her pussy, then pain as it entered her. She ripped off the blindfold and saw a huge stallion standing over her. He had placed the tip of his two foot long cock in her cunt. She tried to scream no but just then the stallion thrust and buried a foot of cock into her formally tight pussy.

Jennifer Lopez threw her hands up in the air a screamed in pain. This caused the beast to thrust again even harder. She was filled with 18 inches of cock.

The stallion was well trained and had a taste for human females, he pulled his cock out all the way to the tip, then he let his weight drop. Jennifer's cunt was stretched enough now to accept the whole thing.

The stallion had all two feet of cock buried into Jennifer, she laid weeping, perfectly still. The beast tried to shove his cock even further inside of her. Jennifer screamed again at the top of her lungs as the bench began to buckle. The stallion again pulled his cock out all the way to the tip giving her release then rammed it back in.

The stallion pulled his cock all the way out on the next stroke, Jennifer reached back, grabbed the cock and shoved it back in. She arched her back to make sure she got all of the cock inside of her.

The horse started to ram his cock in and out of the screaming starlet now. Jennifer raising her ass up and down trying to match his thrust.

The stallion fucked her until she passed out, then fucked the unconscious woman for another 10 minutes. He then shot his load inside of her. The men stood her up and let the cum drip out of her gapping cunt.

They threw a bucket of water in her face to wake her up so she could take a bow. They gave her the \$200. Jennifer gave it back to them and told them they could keep it if they took her across the border and let her come back next week.
