BEASTIALITY STORIES

Teri entered the bedroom and pushed the door shut behind her. She stood against the door looking at the bed, looking at her lover... A magnificent, gigantic black Great Dane - named Jett.

As she started towards the bed Jett rolled onto his side, his hind-leg raising into the air offering her his cock, already showing and growing.

Teri smiled, typical male, she thought... But with Jett she didn't mind - almost nothing made her hornier than the thought of sucking his huge pink penis.

Standing at the base of the bed she removed her panties, never taking her eyes off Jett's cock, and allowed her robe to fall to the floor. She climbed onto the bed and knelt down, bending forward and licking the tip of Jett's dick, slowly sucking on the tip as she stroked her fingers up and down the shaft. She tasted the thin watery pre-cum, licking it delicately from her fingers and shuddered with excitement.

Sucking him deeper into her mouth she wrapped one fist around the shaft of his cock just above the knot, her head moving back and forward faster, her sucking harder... She was almost losing control, wanting him to cum in her mouth, but not before she'd had his meat inside her cunt.

Jett was not moving, he knew from experience to stay still whilst she pleased him.

After several minutes of good hard sucking, and having swallowed what felt like a quart of pre-cum, Teri released Jett from her mouth and - still gripping his shaft - repositioned herself astride his dark furry body...

She held the slippery tip of his cock to her wet pussy lips and rubbed it up and down the outside of her slit.

Moaning as she slipped the head of the dog's cock into her cunt, she lowered her firm body, feeling her pussy walls stretched as Jett's nearly ten-inch cock squeezed into her. "Oh shit yes!" Teri wailed as she took his entire shaft - right to the knot - inside.

Teri started to bounce, rising and falling slowly at first, then building up a good speed - firm breasts bouncing as she fucked herself hard with the dog's cock. This was so good...

She bent forward, moving her body closer to the dog, her titties dangling forward brushing against his smooth hairy chest. His front paws pushed against her, one planted firmly against her face, his claws scratching gently across the side of her cheek as she moved even closer to him, moving to his mouth...

"Come in me Jett..." She whispered, just the right tone to excite the dog. "Cum in my cunt."

She moved her hips even faster, short fast strokes - just the way Jett liked it. Her face was inches away from Jett's mouth, his hot breath in her nose, his mouth open, tongue slapping about - lapping her face.

Teri opened her mouth and caught Jett's tongue, started sucking on it, taking his tongue into her mouth and not releasing it.

She could feel Jett's cock spasming in her pussy, here it cums' she thought... And boy, did it cum!

Hot dog cum shot into her pussy, so much of it... She could feel her cunt being filled up with spurt after spurt of cum swilling around inside her. Teri orgasmed hard as the dog came in her, screaming

out loud, "God yes!"

Teri continued to ride Jett's cock, milking every drop of cum from his balls with her tight pussy.

Once she felt she had as much as she was going to get, Teri picked up a glass from the bedside table and held it next to her cunt. She slowly slid up off the dog's meat, looking down between their bodies to watch the fat middle of his cock pop out, positioning the glass under her cunt to catch the steady stream of dog-cum that dribbled from her pussy.

She moved her legs about, opening her pussy to get as much of the dog-juice into the glass as possible... Once she was sure she was 'empty' she rolled off Jett altogether and lay on her back, her legged spread wide open. Jett immediately started to lick at her cunt, his tongue exploring her hidden insides, the most skilled of all her lovers... Teri brought the glass to her lips and sipped at the dog-cum whilst Jett continued to lick out her pussy.

Teri took half of the cum from the glass into her mouth and swilled it around, savoring the taste, before swallowing it back in one gulp... Then poured the rest of the glasses contents over her face and tits. She dropped the glass and started to rub the cum into her flesh with her hands. Smearing the thin fluid over her mouth, her neck, tits, belly, covering herself as Jett continued to lick her cunt until she came again.

She fell asleep, sexually satisfied by the Great Dane, her body covered with his cum, her pussy still tingling from his hot cock and tongue action.

The End
