BEASTIALITY STORIES

(c) by Doggie2

I am a 38-year-old woman who was raised on a farm in the Deep South. Ever since I saw one of our horses fucking a mare, I have fantasized about a horse fucking me. I am married, and my husband has no idea of my cravings for a horse cock. I love to masturbate and do several times a week. At night when my husband is fucking me, I let my mind wander to my secret fantasy, me being fucked by a huge horses' cock.

We live in a big city, and there was no way we could have a horse. I love to ride horses and finally talked John, my husband into finding a stable where we could ride. Little did he know the secret reason behind my wanting to ride. I just wanted to be around a male horse, to see those lovely cocks.

I had gotten to where I would go to the stables every week and finally found a horse who I liked, named Blaze. He had a very long cock on him, and I would talk to him whenever I rode him, telling him how much I wanted him to fuck me with his cock. I would cum as I sat in the saddle riding him as I whispered to him.

Then one day, I had stopped on a small bridge and was resting him as I talked to him. My hand was on my pussy as I started to whisper in his ear.

"You are so big. I bet you would like to slide that huge dick to my pussy, wouldn't you?" I was saying, "You make my pussy so wet looking at your huge cock."

Little did I know the stable man was under the bridge and was listening to every word I was saying! As I started to rub the side of the horse, I saw his cock and reached down to feel it. It was so huge in its sheath!

"I would love you to fuck me with his cock. Would you like to fuck my horny pussy with it?" I asked, not knowing the stable man was right under me.

I was rubbing his cock as I watched it grow longer and longer. It was so big! I felt my pussy cum as I rubbed his cock for him. Then I heard a noise behind me!

"If he doesn't want to, I would love to!" came the answer from the stable man.

I looked up to see him staring at my hand inside my riding pants as I played with my pussy while my other hand was stroking the horse's long cock. I had been caught playing with my pussy and the horse cock!

I tried to hide my hand and was so embarrassed as he smiled at me. I did not know what to do or say.

"He is a special horse, you know. His owner has him trained to please her." He said, "I know because I help her with him. She loves his long cock."

"You mean she lets him fuck her?" I asked, "She really takes his big cock?"

"We can go back to the stable and I can show you." He said smiling at me, "But it will cost you."

"What do you mean, cost me?" I asked.

"You will have to let me fuck you first." he answered, "You are so lovely, and I have wanted some of that pussy ever since I saw you."

I smiled back at him as he took the reins and led us back to the stables. As we went inside, he pointed to a stall that had a lock on it, telling me that it was a special stall.

“This is where the owner has me bring him to her.” He said as he opened the lock.

As we went inside, I saw a padded bench and several bales of hay arranged around the bench. I also saw a couple of clean towels, a blanket, and a jar of lotion sitting on a stand close to the bench. Just to look at it, no one would think anything about it, but I was looking closer. I could see there was a lot of use to the bench and that the hay was arranged in a certain way in order to have the horse on them with his front feet. That would give anyone access to his cock as he would be above them. It all fit in as I observed the stall.

“Do you think I could take his big cock?” I asked the man. “He looks too big to me. Won’t he hurt me with that long dick?”

“That is why I am here, to see that he is gentle and you enjoy yourself.” He replied, “And we will get you good and wet first! That is what the cream is for, and you will be wet from me!”

I looked around to make sure no one was in sight as I pulled the young man to me, my hand going for his cock. He took me into his arms, and I felt his cock as it hardened, my groin area being pushed to it as I took his hips in my hands.

“You have a nice cock too,” I said, “It feels quite large. Is this for me?”

He took the blanket and lay it on the bench as he then eased me down to the bench on top of the blanket. I raised my hips as he helped take my riding pants off as he also unzipped his pants and let them fall to the concrete floor. I looked to see his lovely cock as he held it for me in his hand, the thick head looking so huge as my hand went to it.

I lay there on my back and took his cock as we both guided it to my wet pussy. I felt his big dick as it entered me, making little rapid thrusts as he went into me. I wrapped my legs around his hips and pulled his ass cheeks to me as he slid further up my hot little pussy. He started to fuck me harder and harder as he thrust that nice cock to my cunt. All I could think about was that big horse and his cock as I started to cum!

“Oh, yes! That’s it! Fuck me!” I cried out, “Cum in me! Fill me with that hot cum! Fuck me! Fuck me!”

I felt his cock as he started to erupt, his rod throbbing in me as it started to spew forth its love juices. Filling my pussy with his hot cum. My ass was bouncing off the bench to meet each thrust he made into me; I was enjoying this cock as the sight of that horse cock I was to get made me cum that much harder.

He pumped me full of cum as he shot a big load into my hungry pussy. I was working my hips up to take every bit of his cock and hot cum as he fucked me. Then I felt him start to slow down and knew he was spent. His cock started to soften as I felt him withdraw from my wet pussy.

“Just lay there like you are while I go get Blaze.” He told me, “Now you are going to have that horse cock! So don’t clean yourself up.”

He led the horse into the stall as I lay on the bench under him as the man put his front feet onto the bales of hay. I watched as he took his cock and started to play with it, making it longer with each stroke of his hand. The horse’s cock was so long and big! I had second thoughts as I felt his cock

slide between my thighs.

“Now, open your thighs so we can get him in. Spread your lips apart too.” He said as I felt that hot cock against my pussy lips. “You are going to love this!”

Then I felt that huge horse cock as it parted my lips, as it lunged into my tight pussy. He was so big! My pussy was spread so wide, and I was so full of his cock as I felt it going deeper as he eased that monster to me. I had my legs spread wide for him as his long horse cock continued to fill my throbbing pussy. He was making me cum as he stabbed me with that monstrous cock! His horse cock must have been two feet long!

There I was, laying on a bench in a horse stall, letting a horse fuck me! “What kind of woman was I?” I was thinking as my entire body trembled from the climaxes that big cock was giving me. He was just too good! The man still held his cock as he fucked that horse cock to my cumming pussy. I was throwing my cunt to him to take every bit I could as he started to cum.

I felt that huge horse cock as it throbbed inside my tight pussy, then felt the hot cum from him as he started to fill me with his horse cum. It was so hot! He was shooting his horse cum so deep in my pussy as it filled my every crevice! That hot cum was feeling so good to me! I loved this huge horse’s cock as he filled me!

I had cum so many times that I was almost senseless as his cock continued to pump me full of his hot horse cum. He must have shot 5 gallons of that hot juice to me! My body was still trembling as I felt his huge cock start to withdraw from my aching pussy. I watched as his horse cum flowed out as he took that monster out of my well-fucked pussy.

I lay there without moving as the man helped him down from the hay, his cock limp now but still so long as it flopped to the floor. I waited until the man came back into the stall to help me from the bench.

“See. I told you that you would like it!” he said, “You did like it, didn’t you?”

“I loved it! That was the best fuck I ever had!” I replied as he helped me to my feet, “He shot so much cum in me! See it running out of my pussy?”

After that day I became a regular visitor to the riding stable, and the stable man would fuck me each time before I had him help me fuck Blaze. I would then go home to my husband and let him fuck my well-stretched pussy, not knowing that a few hours earlier it had been filled with a huge horse cock.

The End
