## BEASTIALITY STORIES

## Chapter One

I spent most of my morning reviewing applications for my latest modeling job. I was surprised at the response of my newspaper ad. Finding one attractive girl to model swimsuits would be an easy task, out of the 100 applications I received. The magazine publisher was in a hurry and needed someone by next week. With the pictures submitted, choosing the best ones for interviews was going to be difficult. I reviewed the pictures and all the information the girls wrote. There was one girl who wrote some comments that I couldn't believe. This 21 year old blonde named Barbara was 5' 6" tall, 105 lbs., 38 D cup breasts with a slender well developed build that accented her bust. She was very attractive. On her application she wrote, " I desperately want this modeling job and will do anything to get it. And I do mean anything. Please let me show you how I look in person. I will be yours to do with as you please."

How could I resist calling this girl. In all my years of photography, I never had an offer like this. I have contacts for pornographic material, but never thought I would have a willing model. I wonder if that's what she had in mind? Well, I called her to come in the next day for a photo session.

Barbara arrived right on time. She was an extremely attractive young girl. Her picture didn't do her justice. We chatted for awhile, finding out this was her first time modeling, but was looking forward to it. She insisted, " I meant what I wrote on my application."

I replied, "OK, let's take some pictures and see what you look like on film." I gave her a tiny pink string bikini and directed her to my studio to get ready.

A few minutes later I entered the studio. There was Barbara, standing next to the stool in front of the beach backdrop. She was gorgeous. Her long blonde hair fell across her shoulders just touching her breasts. My eyes scanned up her perfectly tanned legs to her incredibly tight ass. My heart was pounding as I thought about this beautiful girl's offer to get this job.

I told Barbara to have a seat on the stool as I started snapping some pictures. I spent about 15 minutes taking various poses when I asked Barbara, "What did you have in mind with your comments earlier."

"Are you interested in more erotic modeling?"

"Sure, why not," she replied. "Okay, then", I said, "pull those bikini bottoms aside. Let me see your pussy." Without hesitating Barbara took one finger and pulled the flimsy bikini bottoms aside exposing her cunt for me to see. I snapped a couple more shots. " How about your top." Barbara had it off in seconds. What a body on this young girl. I asked Barbara if I could start my video camera to save some time shooting pictures. " Go right ahead," she replied. " I said anything goes."

I started the video and went to Barbara asking her to remove her bikini bottom completely. Now, with Barbara completely naked, I spread her legs wide exposing her young cunt for the camera.

"Play with yourself," I ordered." I will if that's what you want, but I'd much rather you play with me." Well, that was her final invitation for me. Barbara obviously was looking for some action.

I gently stroked one finger across her slit. As I did, she leaned forward to kiss me burying her tongue in my mouth. I kept fingering her cunt until it was nice and moist, but I didn't insert it into her. Barbara was becoming aroused from the kissing and fingering. We moved over to the couch where I removed my clothes as Barbara stroked herself. When I finished undressing I went back to Barbara's

now wet slit and continued my massage of her clit. Barbara was beginning to moan as she was really getting turned on.

I spread her legs wide, grabbed my now hard cock and lightly stroked it up her slit and back down. Then again I massaged her clit up and down with my cockhead. I continued sliding my cock around her juicy slit. Barbara was enjoying this. "Oooooooh!!! oooooooh!!!! That feels good," she moaned. I stood up to wipe my cock across her lips leaving them glistening with her cunt juice. Then I returned to her wet slit to continue with her clit massage. As I slid my cock up and down her slit, Barbara tried to push forward to get my cock inside her. "Put it in me," she said in kind of a begging voice. "Put your cock in me."

"Not yet," I replied with a grin.

I went back up to her mouth, smearing my cock across her face and lips again. Each time I neared Barbara's lips her mouth opened trying to suck me, but to no avail. I was going to make this horny little slut beg. Again I went down to her cunt sliding my hard cock down her slit and back up. I gradually slid my cock down her slit and kept going this time to her asshole. I paused for a moment right on her bottom hole. I pushed my cock up and down her ass crack and stopped again on her puckered little asshole. Then I rubbed the head of my cock around her anal hole. "How about in here," I urged. "Yes, please. Put it in any hole, she answered. "No, maybe not," I said and returned to her juicy slit again smearing my cock up and down her soaked pussy.

Oooooooh!!, baby!!! please put it in!!!! Pleeeeeeease.....!!!! Pleeeeeeease fuck me!!! Barbara was almost in tears as she quietly cried her plea. "Don't do this to me, baby!!" "Please put your cock in me!!"

I pushed the head of my cock just in Barbara's cunt and stopped.

"That's it! That's it!, she cried out.

I pulled out and laid my cock across her clit. I thought she would break down and cry as my cock left her hot wet hole. "Put it back in, please! Baby, Please"

I slipped my shaft back in and gave her about two inches this time. "All the way, baby. "All the way," she kept pleading.

I pulled out again. I looked into Barbara's eyes. She was on the verge of tears. She was reaching for my cock, trying to shove me back in her dripping wet cunt. Again, I gave her two inches. "Please, baby." "Please, baby." I started pushing slowly. 3 inches, 4 inches. Barbara let out a deep low moan,

"Oooooooooooooooooooh. Ooooooooooooooooooooooooooooooh. Deeeepeer. Give me moooore."

5 inches, 6, 7 inches, 8, 9 inches. I was in all the way. As soon as I had her fuckhole stuffed full of my hard cock, Barbara's cunt tightened around it as she went into an incredible orgasmic state. Barbara grabbed hold of my waist pulling me trying for deeper penetration. Her body literally shook as her orgasm rocked through her body. For almost a full minute I could feel waves of pleasure shaking her as she continually cried out, "I'm cuuuming, I'm cuuuming. Ooooooh!! Baby!"

Finally her orgasm subsided as she began to relax. I didn't cum yet so I started pumping her in and out. Her cunt was soaked with her fresh juices. My cock felt like an iron rod pistoning in and out of her hot box. Again, Barbara tightened up as another orgasm started.

"Oh! Fuck!!, Baby" "Ooooooooooh!! Fuck me, Fuck me." "I'm cumming again."

In her delirious state I whispered my request. "Can I cum in your mouth?"

"Oh! Yessss, Yessss, cum in my mouth," she begged. "I want to taste it."

I yanked out of the tight grip of Barbara's cunt and jerked myself at her face.

"I'm cumming," I said to her. A tremendous stream of cum hit her in the face splattering all over her. Barbara quickly opened her mouth to catch three more strong thick wads of my cum. I could see the white sticky jism all over her tongue and inside her mouth. Barbara closed her mouth and swallowed. While she tasted my sperm I continue to flood her face with my thick hot cum. With only a few drops of sperm dripping off the end of my cock, Barbara licked her lips. I slid my cock in her mouth for her to suck any remaining cum out of me and in the process she licked my shaft clean. Her face was covered with my white sticky spunk and Barbara made no immediate attempt to clean it off. She took a deep breath saying, "That was so good."

"Why did you make me beg like that, you fuckin' tease." I scraped the cum off her face with my fingers and fed it to her until I had her face cleaned up. She ate every drop lingering to enjoy each mouthful.

We finally got up and dressed. I turned my video camera off telling Barbara to stop by tomorrow to watch it with me. "I can't wait to see it," she said. "Maybe we can do another?"

"Well, I have something else in mind." I said. "I'll fill you in on it tomorrow."

## **Chapter Two**

I was in my photo studio early the next morning when I heard the knock on the door. It was Barbara. She sure was early today. "I was wondering if I got the modeling job and to see what else you had in mind for me like you said last night." she asked. I told her the job was hers, but "I also want to know if you might be interested in a side job for one night. A friend of mine is having a fraternity party at the college Saturday night. He's looking for a girl to entertain, if you know what I mean? You seemed to enjoy yourself yesterday, so I wondered if you would be interested?"

"What exactly would I have to do?" she asked.

You would be paid to be the entertainment for nineteen men at the frat house. Whatever they want, you would be expected to do. Do you think you'd want to handle nineteen guys?

"Sounds like it could be fun," Barbara replied. "What time should I be there." I gave Barbara all the details and to ask for Mark when she arrived. I told her I would be there to take pictures of her performance.

Barbara arrived Saturday right on time at 8:00 PM. I was already there when Mark met Barbara at the door. After Mark saw Barbara, he assured me that no one would be disappointed tonight. Barbara was one great looking piece of ass. Mark escorted her into the next room where nineteen guys were waiting for Barbara's arrival. As we walked into the room whistles and yells started as Barbara's appearance met with their approval. Barbara stood in the middle of the room surveying the group to see what was in store for her. There were all shapes and sizes of men all with drinks in their hands. Most of them in the room were pretty good looking she thought. Two guys in the corner were rather heavy, and three of them were black. There were beer bottles, wine bottles and glasses everywhere. Barbara had a slight fear on her face that they may get a little rowdy and nasty. She

took a deep breath, smiled at everyone and said," OK guys, what are we going to do first.

Mark went up to Barbara first. He started unbuttoning her blouse and unbuttoned her skirt which immediately fell to the floor. Silence came over the whole room as Barbara stood there now with just her bra and panties left on. Mark began kissing her while rubbing his hand in her crotch. As Barbara became aroused from the hand massaging her slit, she relaxed and looked like she was going to enjoy tonight's session.

Barbara slipped her bra straps over her shoulders and while Mark unhooked it in back. When her 38 inch tits fell free the hoots and hollers started again from the crowd. Then Barbara slipped her panties off and knelt down in front of Mark unbuckling his pants pulling them down. She pulled out his cock which had grown to about eight inches and she started licking the head. While Barbara began sucking Mark into her mouth, another guy named John came up from behind her and started licking her cunt. John's cock grew in no time and he inserted it into Barbara's cunt. Barbara continued sucking on Mark slurping his hot meat in and out of her mouth as John was now fucking her pretty hard. Mark put his hands on Barbara's head guiding it up and down his shaft. "I'm Cummins," he yelled out. Barbara didn't quit, but kept sucking Mark's cock in her mouth swallowing his entire load. When Barbara was sure she had all of Mark's sperm she let his cock slip out.

John's pace had picked up considerably fucking her cunt. He let out moan, and pulled out of Barbara's hole. Barbara quickly turned around grabbing his cock guiding it to her mouth to take the second load down her throat. She licked his cock clean telling John," That cum sure tastes good."

There were already two to take their places, but they were so excited from seeing Barbara swallow two mouthfuls of jism, they were ready to explode now. They quickly moved, one on each side of Barbara's face. Barbara held her head back and opened her mouth ready for more hot white spunk. They both blew their loads at almost the same time. A few spurts managed to make in Barbara's mouth, but most splattered on her face. She cleaned them both up, licking any remaining cream left on their cocks and then ate what she could dripping from her face.

The three black guys strolled up to Barbara next. "Hi guys." Barbara said. "Your the first black men for me." Tony the biggest of them told Barbara, "Well, baby your the first white cunt for us, too. And your one hot piece of ass. Can you do all three of us at once?" Barbara thought, all three holes filled at once. It sounded rather exciting having never done that before. Barbara replied, " Sure, sounds like fun."

Tony's one friend laid down on the floor. "You sit on his cock, baby," Tony instructed Barbara. Barbara squatted over his nine inch cock and sat right down on it taking it all the way up her cunt at once. "Ok, Mike, you fuck her in the ass." Mike's cock was about ten inches long with a very large cockhead. When Tony told Mike to fuck her ass, Barbara was a little worried how that fat cock was going to fit in her tiny little asshole. But, Mike knew what to do. He licked her butthole, lubricating it with his saliva, then spit in his hand and rubbed it on his cock. He squatted over Barbara's ass, placed his cock at Barbara's anal entrance and started pushing slowly. Barbara was surprised how Mike was being gentle and going easy. She was able to relax now, since he wasn't going to be rough.

As Barbara relaxed, Mike's big cockhead slipped right in. Barbara let out a little whimper, not from pain, but from the feel of this giant knob which just entered her ass. Mike pushed his shaft the rest of the way up Barbara's bunghole and slowly began fucking her ass.

With two black cocks in Barbara, that left Tony standing in front of her. Tony was stroking his cock as he waited for Barbara to get used to the first two penetrations. Barbara couldn't believe the size Tony's cock was growing to. His cock had to be at least thirteen inches long, maybe more. "Like

what you see baby? " Tony asked. Barbara said, "I've never seen any cock that big." "Well, it's all for you baby." And I want you to take it all the way down that beautiful throat." Barbara immediately had a scared look on her face as she replied to Tony, "I can't." "I can't take that big thing down my throat." "I've never been able to deep throat any cock much less yours." Tony tried to convince Barbara. " I KNOW you can. You just have to try. It's just like taking it up the ass. Once you relax it goes in easy. Just try it. Then if you can't it's ok". "All right." Barbara thought for a moment and replied, "OK. I'll try."

Barbara took the monster cock in two hands and started sucking it. She took the head of his cock in her mouth and held there. She mouthed and tongued it to see what this big black cock tasted like. She continued sucking harder and deeper while her cunt and asshole were getting stuffed with the other two black cocks.

As the cunt and ass fucking continued, Tony fucked Barbara's mouth while gently running his fingers up and down her neck massaging her throat muscles. "Keep your head up and relax those muscles," he said. He kept massaging her neck while he gave her reassurance. Tony pushed a little deeper filling Barbara's mouth. His cock was at the entrance of Barbara's throat and there was at least nine inches left to go. I don't know if Barbara knew what was happening at this point with one cock driving in and out of her cunt and the other black cock still drilling her asshole.

Tony pushed some more and the big black piece of meat started down Barbara's throat. She was doing it. Barbara's mouth was wide open with her head tilted back and Tony was shoving his long black schlong down her throat. Inch by inch it disappeared into Barbara's mouth stretching her throat to the limit to accommodate his massive tool. With about ten inches in, a quiet gurgling sound came from Barbara's throat as Tony was literally stuffing it the rest of the way in. Finally, Barbara's lips were pressed against Tony's balls as all thirteen inches of hard black meat lay lodged in Barbara's throat. "Ooooh, Baby." Tony yelled out. "you're some fucking slut." Barbara's eyes were wide open as Tony gave a couple short in and out strokes working his tight fitted cock in her throat. " You're some white fuckin' cocksucker, baby. Your throat is so..... tight."

Tony quickly pulled his cock from the depths of Barbara's throat so she could get a quick breath. Then he positioned himself right above Barbara's mouth and lowered himself into her again, shoving his giant black cock all the way down Barbara's throat in one motion. Barbara actually helped by working her lips and throat trying to swallow the big black piece of meat as Tony pushed it down. Then Tony began working that big black tool up and down, fucking Barbara's throat with thirteen inches of hard black cock. Barbara grabbed Tony's ass with both hands pulling him towards her forcing his black rod all the way down her throat. With Tony's crotch in her face and balls slapping her chin, she kept him lodged there in the tight depths of her tiny throat.

That was all Tony could take. He quickly pulled out of her throat and while Barbara gasped for breath, the biggest wad of cum she's ever seen burst from Tony's cock into her mouth. Barbara had no choice but to swallow the big load of jizz. She grabbed the big black cock and with two hands and milked it onto her tongue before gulping it down again. Looking at Tony, Barbara said half out of breath, "that was a big load. You sure had a lot of cum in there." Tony asked, "How did you like it?" "Do you like the taste of black cum?" Barbara smiled, "I want more." Mike who was still in Barbara's ass pulled out, walked around to Barbara's face and deposited his spunk in Barbara's mouth too. Once Barbara devoured his load and licked the taste of her own ass off Mike's cock, she backed off the other black man's rock hard shaft just in time to take his hot black spunk in her face too. Barbara smeared it all over her face then licked her fingers to get a taste of his cream too...

## Chapter Three

Barbara sat back on the floor to catch her breath after the black pounding that just took place. Two more guys were unable to wait any longer after the show they had just seen. While Barbara rested on her elbows with head back, they just shot their loads over her face drenching her with their hot cream. Barbara just stayed there as they emptied their cocks on her face and watched their spunk drip down her cheeks and chin. Each one of them smeared the fresh cum around her face with their cocks pausing from time to time to feed the cum to Barbara with their glistening rods. She licked it from their cocks until most of jib was somewhat cleaned off. The little that was left started to dry on her face.

There was one guy sitting on the couch taking this all in and enjoying it as he jerked himself off. He was wearing a condom as he stared at Barbara jerking himself off. She figured he would be the next one to fuck her. But then as Barbara watched, he leaned back, groaned and filled the end of the condom with his sperm. She could see the end of the rubber sack fill up as his sperm drained from his twitching shaft. He sat up, carefully removed the tight fitting condom from his cock and walked over to Barbara.

“Open up and eat this, you fuckin’ cum hungry whore. Let me dump this in your mouth too.”

Barbara didn’t say a word. She just tilted her head and opened her mouth. He took the cum filled condom and proceeded to dump the contents into Barbara’s mouth. The white jism slowly oozed its way out of the sack. Barbara stuck her tongue out to catch the dripping white condom scum in her mouth. It slowly dripped onto her tongue and drained to the back of her throat. Then she returned her tongue back in her mouth as she gulped the load down. Barbara then took the condom from him, turned it inside out and put it in her mouth sucking the remaining cock cream off the used condom. She licked her lips and told him, “I don’t want to waste any. It tastes too good.”

The two heavy men that were in the corner earlier were next. But, before Barbara could get over to them another fellow ran up to Barbara with his cum in his hand. “What a shame you couldn’t hold on any longer. I would have sucked it out of you.” Barbara told him. She took his hand and lapped up the sticky goo, licking every finger to get it all. Then Barbara went over to the two men in the corner who obviously were rather shy. They had been there all evening watching her performance. Barbara encouraged them on, “Come on guys, don’t you want to cum in my mouth too?” Barbara unzipped both of them and alternately sucked on their cocks. A couple minutes later Barbara had sucked down their cum too.

Barbara turned around to see who she could do next, when the front door opened. In walked a beautiful brunette. She was about 5’ 7” tall, very slim build with very large tits. She wore a short black skirt, which exposed a lot of her nicely figured legs and a white blouse straining from her well-endowed chest. As Barbara found out later she was the part-time maid. Unfortunately she walked in on this gang bang.

Two guys met her at the door and before she realized what was going on her clothes were off. One man was in her cunt and the other in her ass. They couldn’t wait for Barbara any longer so Michelle the maid was getting her two holes fucked at once. This diversion gave Barbara a little break. Everyone’s attention was on Michelle the maid getting cunt and ass fucked. Barbara watched the show too, but didn’t want to come down off her orgasmic high. While the maid fucking continued, Barbara used an empty beer bottle on her cunt. She shoved it about half way in and bottle fucked her own cunt until she could get another hot cock. After about ten minutes both guys pulled out, having deposited their cum inside Michelle. The one guy Tom looked at Barbara saying, “Sorry, but we just couldn’t pass her up. We’ve been wanting to screw her for a long time. Now why don’t you

get over here and suck our cum out of our maid."

Barbara moved over to Michelle who was lying on the floor recovering from the fucking she just received. "Come on, slut. Eat our cum out of her. Suck our sperm out of her cunt and asshole." Barbara really was enjoying tasting everyone's sperm. Actually, she had become obsessed eating it. So, Barbara buried her face in Michelle's cunt gobbling the cum oozing out of her just fucked hole. Then Barbara pushed Michelle's legs up high so she could get access to her asshole. Barbara spread Michelle's ass cheeks, forced her lips onto her puckered little hole and with a noise heard across the room, sucked and slurped the cum out of Michelle's asshole. A couple times Barbara back off, stuffed her index finger in Michelle's tight asshole, twisted it inside her ass and ate what she pulled out. Confident that she had gotten as much of the cum as possible, Barbara sat back. "I need more cum, guys" Come on, who's next."

Two more guys reported for duty to start with their turn. One immediately drove his cock into Barbara's cunt and began fucking her. The other squatted over her face so Barbara could tongue his balls. She jerked his cock as she sucked his balls into her mouth. Shortly he started cumming. Barbara was able to catch his sperm in her mouth, but the guy fucking her shot his load up her cunt. When he pulled out he told Barbara, "Your cunt felt so good I just had to fill it. Am I the only one you haven't tasted?" With that Barbara sat up, shoved a couple fingers up her own cunt and came out with them coated with sperm. She licked them clean and went back for more.

Barbara was down to the last two guys. It was about time to call it a night, so Barbara grabbed their cocks, jerked them off until they came in her mouth. Barbara had eaten nineteen loads of cum. The last two guys remarked to Barbara, "You're a real fuckin' slut, Barbara." "You really like suckin' down the cum, don't you?" "How about something to wash it all down." They had had so much beer to drink their bladders were about to burst. Both of them started pissing all over Barbara. One stream hit on her chest splashing all over, and the other was soaking her long blonde hair. Barbara sat on the floor with legs spread as she was told, "spread your cunt and open your mouth, you fuckin' slut."

Barbara did as ordered so they could piss directly onto her spread open cunt and into her mouth. She felt the strong piss stream hit her open fuckhole splattering all over her thighs and legs. Then one brought the flow up, watering her body in piss. Finally, he was up to Barbara's face, as the second piss stream poured into her mouth. "Swallow it cunt. Swallow it."

Everyone was watching. Piss was running down her chin as her mouth filled up. There was no end to the flow entering her mouth. "Swallow it," they demanded again. Barbara closed her mouth and gulped. She felt the hot piss gush down her throat. Again she open her mouth just to have it filled with the endless flow of hot piss. Another gulp and down it went. Barbara could hear them talking as they finished pissing on her, "This fuckin bitch is incredible. She'll do anything" Barbara just sat there totally drenched in their hot steamy piss.

Several of the horny guys collected some of their empty beer bottles and emptied their bladders in them. Three of them went to Barbara as she sat there exhausted. "Have a beer, sweetheart. You deserve it." Barbara put the bottle to her lips and started slugging it down. Stopping after one mouthful she looked at them saying, "You fuckin' bastards." "What's the matter, cunt," one said. "Our piss not good enough for you. You like it and you know it. Now drink up." Barbara put the bottle of hot piss back to her lips and drank the rest without stopping, while the other two each poured their bottle of hot urine on her head and face watching it drench her entire body. When the bottles were empty they jerked off again shooting their cum on her tits and chest. Barbara's hair was matted, piss was dripping from her face, and rest of her body had a mixture of piss and cum clinging to it. Barbara just lay there recovering from the humiliation, but deep down knew she was enjoying

these new sexual pleasures.

Tony, the big black man strolled back up to Barbara as the two finished emptying their bottles on her. Tony took Barbara's head in his large hands pulling her mouth onto his black cock. He pushed it about half way in and stood there with his head tilted back. Tony took a deep breath and then yellow fluid began gushing from around Tony's cock out of Barbara's mouth. He was pissing right her mouth. He was forcing Barbara's mouth to be his human toilet.

Tony looked down at her, "swallow it down, you little whore." "Or I'll shove it all the way down and piss right into your throat."

The piss stopped escaping from Barbara's mouth. Her lips were clamped around Tony's urinating cock. She was drinking it, gulping the hot piss as it drained from his big black cock. Tony held her head in place, forcing her to swallow all of his urine. With all the beer Tony had, it must have been a full minute that Barbara drank from his cock. Finally he pulled out letting Barbara fall back to the floor with her stomach full of hot yellow juice.

It took awhile for Barbara to get up. For sure I thought she'd be puking her guts up by now. She stood up as Mark approached. Mark thanked her for the incredible evening and offered her a parting surprise.

"We have something special for you before you leave," Mark said. All the guys were really horny watching you all night. Since they couldn't get seconds with you they've been jerking off and saving the sperm. They thought you might want a last taste of them. Mark handed Barbara a glass that had white thick cum. Barbara smiled, put the cup to her lips and slowly began swallowing down the cup of hot sticky sperm. Without stopping she gulped every drop of the sticky jism, licked the cup with her tongue then thank everyone for the terrific evening.

## **Chapter Four**

The next day I was in my photo studio reviewing many of my pictures from the night before. Barbara was truly amazing last night. Only a couple days ago she was here being photographed and agreed to entertain at the frat party. I couldn't get her out of my mind. What I thought to be a nice, innocent model trying to break into the profession, turned out to have a wild sexual appetite beyond my wildest imagination.

Then a knock came to my door. When I answered, there was Barbara. Was this the same girl, the same cute blonde in the picture she submitted a week ago. When she showed up a couple days ago for her photo shoot, she was nicely dressed in a blouse, not too revealing, but provocative enough to show off her incredible figure and the fact that she had nice full bust. She wore slacks that day, nothing tight, but loosely fitted. Still it was obvious how attractive her figure was underneath. Her straight blonde hair was loose around her face which hung down her back about half way. Barbara has beautiful facial features no matter what she did to it, even though she didn't wear a lot of make-up. She's one of those girls that's a knock-out regardless of her choice of clothes or how she fixes her hair or how she does her make-up.

Now what was this at my front door? This was Barbara? Her blonde hair was done curly, still long down her back, but very full with a lot of body. It looked like she had twice as much hair as before. It looked great. I looked beyond her hair into her eyes as I invited her in. Full eye shadow and liner accented her beautiful eyes. Her make-up was perfect with deep red lipstick to show off her full lips. And "wow" did she smell fantastic.

She had on a short tight halter top. And I mean tight. It hugged her breasts making it impossible not to notice her incredible tits. She must have had on a very sheer bra since I could see her hard nipples protruding under the material of her top. I scanned down her body. There wasn't much to the black short skirt she had on. It rose half way up her thighs. The white fishnet stockings stopped just up underneath her hemline of her skirt. When she walked by and lean over a bit I could see some bare skin of her upper thighs exposed, as the tight skirt rode up higher. And of course, she wore high heels to give her a little more height. She was incredible. She was more than incredible. She was the most beautiful intoxicating thing I've ever seen. If she was trying for the slut-look, she found it and found it real good. Looking at her beauty made my cock begin to grow and I wanted to fuck her right on the spot. And I knew I probably would be very shortly.

Barbara told me how much she liked last night at the frat party.

"As the night went on, I wanted more and more," she told me. "I just couldn't get enough cock. I wanted their cum. I wanted it in my mouth, on my face, down my throat. The more I got the more I wanted." I liked that I was able to arouse so many men. And did you see how crazy they got when I started swallowing their piss? It actually turned me on that I was doing such slutty whorish things with them. And I know they liked watching me do it too. I couldn't get enough and I still can't. I thought about it all last night. I liked doing those things for them. Every time I think about the nasty things I did, I get crazy with desire and lust to do it again. As I drove over I thought about what I wanted to do with you when I got here. And I remembered you saying that you had contacts in the porno industry. Maybe you get me in one, a movie I mean."

Barbara had turned in to sex craved slut alright. Sex was the only thing on her mind. She wanted to live a life of fucking and sucking and doing any kinky thing a man could think of.

"Do like the way I dressed?" She asked. "What do you think?"

"Who wouldn't," I replied. "In fact, if you don't strip so we can fuck right now, I'm going to rip them off you."

Barbara pulled her halter top off and unzipped her skirt letting it fall to the floor. There was no bra or panties underneath. She stood there in just her white net stockings held up by a garter belt. I quickly removed my clothes and pulled Barbara to the sofa where I sat down with my cock at full attention. I held her by the waist guiding her up onto the sofa so she could sit on my cock. Barbara sat down on my lap impaling herself fully in one motion. We kissed searching each others mouths while she fucked herself on my cock. Over and over she drove my cock all the way in her. She broke from my kissing and put her lips to my right ear while she still fucked herself on my hard shaft. Barbara whispered what she wanted.

"I want to suck your cock." She said.

"Then, I want to feel it in my throat."

Barbara slid down off my lap and in no time had my cock in her mouth taking deep down her throat. There was no doubt about it, Barbara was a real pro. She could suck anything down her throat. She didn't struggle at all. She just took my hard shaft and sucked it down deep. She used my cock to fuck her throat just like she did in her cunt, poisoning up and down it's full length. She sure was enjoying my cock. Then she pulled it out and moved her mouth down lower as she pushed my legs up and spread them wide for me. I helped her by pulling my legs up higher as she pushed.

"I'm going to lick your asshole. Would you like that?"

Barbara didn't have to tell me or ask. I knew what she was going to do and I wanted her to do it. I was so excited watching Barbara's beautiful face sliding down between my legs knowing soon that her gorgeous face and warm tongue would be probing around my ass. Barbara didn't hesitate in the least. She placed her mouth right in my asscrack putting her tongue to work immediately teasing me by gently licking and probing my asshole. She was an incredible woman relentless with her oral talents. She positioned herself kneeling in front of my spread open legs giving herself access to every inch between my legs. Her tongue searched and found every corner and crevice hidden between my legs. Her tongue carefully licked and cleaned every inch of my crotch. It felt so nice feeling her wet warm tongue down in the crease of my crotch and delicately licking on my balls. I was enjoying the warmth of her mouth as she sucked my balls in and out. Then down lower she licked across the sensitive flesh under my scrotum. And it wasn't just a tonguing either, she enjoyed this. She licked and tasted and probed then swallowed, then tasted some more as if eating from me.

Then, she forced my cheeks apart with her hands making my anal hole stretch. I could feel the pressure on my anus as she pulled hard on my behind trying to expose as much of my asshole as possible. Then she buried her face between my cheeks and I felt her tongue contact my puckered brown hole. She pushed trying to force her tongue in. It was a little tough, my hole was closed up tight. She wouldn't give up. Her tongue pressed and pushed and licked. I couldn't take it, she was making me nuts. Her hot tongue buried against my anus was making me insane.

Barbara kept licking on my asshole and pushed in her tongue just a little more. God that felt good. Then she pulled on my asshole making it open a bit. I thought I'd go berserk when she pulled harder opening my ass more and leaned her face in sticking that warm wet tongue into my opened ass. I don't know what kept me from cumming when I felt Barbara's beautiful tongue dipping into my asshole. Her tongue felt so soft and moist as she stuffed it in me. She started swirling her tongue around on the soft dark flesh she had exposed. What an incredible woman. She was making love to my asshole, to the musky flesh of my anus and she was in ecstasy doing it as much as I was enjoying the feel of it. At that moment, Barbara became my anal slut. She was my anal licking whore servicing my private hidden anal hole. I didn't want her ever to stop, just keep licking on my asshole. She was putting me over the edge. I couldn't take any more.

I grabbed my hard cock, jerked a couple times then pushed Barbara back away shooting sperm at her face as I exploded in a tremendous orgasm. My cum shot at her with such force, it splashed all over in her eyes, on her cheeks, across her nose and dripped to her breasts. Then another blast of sticky jib erupted out soaking her face. Barbara then grabbed my cock and sunk her mouth on it letting me drain the rest in there. She collected the rest of my load in her mouth, and once I was done, swallowed it in one gulp. The rest of my sperm covering her face I smeared around with my cock.

After we finished, I told Barbara what an incredible woman she was and that I would be happy to make a few calls and get her an interview with some people I knew in the porn film industry. About a half hour later I had her interview arranged. I told Barbara she should dress like today. If that outfit didn't make them crazy, nothing would. She liked that and thank me before leaving.

The next day Barbara met me at the studio and I drove her to the interview. She was dressed just like yesterday. We arrived about an hour later and went right in to see them. There were two men, Bob and Peter, waiting for us in their office. From their initial reaction just looking at Barbara I knew they liked what they saw. They chatted with Barbara awhile to get the feel of what she was willing to do in the movies and see how serious she was about becoming a new porn actress. After 15 minutes, Bob said, "okay Barbara, let's see what you look like and what you can do." Barbara starting removing her clothes stripping completely while Bob and Peter did the same.

Bob went down on Barbara licking her slit while Peter moved closer letting Barbara suck him. His cock grew larger and larger as it moved across her lips. Shortly thereafter, Peter had grown to full ten inches. Barbara was pretty aroused by now with Bob feverishly working her cunt. Barbara then started swallowing Peter's dick. She didn't wait anytime, she just grabbed hold of his buttocks and pulled Peter towards her while she took his ten inches in one gulp. Peter nearly blew his load right then, "my God, Bob, she's got a hot mouth." "What a fuckin' tight throat." Bob looked up seeing Peter completely buried inside Barbara's mouth. She didn't let him back out either. Barbara kept him deep for awhile before pulling away only to swallow him again and again.

In between throat drilling, Bob managed to get Barbara onto the floor and seated on his now hard 8 inch shaft. She rode him while continuing to get her throat fucked. Peter was close to unloading in Barbara's mouth and Barbara knew it. But she wasn't ready for that yet so she let him slip out. "I want your cock in my ass," she begged Peter. He was only too willing to oblige her. While Barbara continued taking Bob's cock in her cunt she leaned down to kiss Bob exposing her asshole to Peter. Peter went behind her, placed his hard tool on Barbara's backdoor and started his journey up Barbara's tight anal hole. He pushed on her puckered entrance and it opened right up for him. Barbara had become expert on taking a cock up her ass. She knew how to relax and allow her ass to stretch and be penetrated. Besides, she loved feeling the hardness as it traveled deep into her rectum. And after the frat party the other day, this ten inch cock was easy to take.

"Oh fuck, what an ass." Peter exclaimed in his glory.

Peter pushed all of his meat in Barbara's ass. His cock was gone inside completely and Barbara loved it. She moaned telling Peter how good his cock felt in her ass.

"Fuck my ass, fuck me hard."

Peter began pumping her sliding his ten inch rigid cock in and out. Barbara's asshole hugged Peter's cock tightly. He fucked her hard and deep over and over.

"Oh God, yes, fuck my asshole," Barbara cried in her now lustfilled frenzy. "Fuck it hard." "That's it, ram it all the up there." "Harder!!!! Harder!!!!"

Meanwhile Bob started moaning loudly as he listened to Barbara coax Peter on. He was cumming. He pumped Barbara's cunt and he filled her hole with his sperm. That set Barbara off into an orgasm making her clench her cunt and ass. Peter jammed his cock deep in her ass one last time and cried out that he was cumming too. He flooded Barbara's ass with his hot seed and feeling his thick stuff flowing into her ass only made Barbara's orgasm more intense. She wiggled her butt squeezing his cock with her ass milking out every bit of his hot sticky cum, until he was drained. Then Peter pulled out leaving Barbara begging for more as her orgasm continued to consumed her body.

Barbara, still in her orgasm, wanted Peter's cock. She didn't care that it had just come out of her ass.

"Give me your cock, let me taste you."

Peter having just pulled out, had a pretty heavy coating stuck to his shaft. I could see his cock glistening with a slimy brownish slime, apparently from being so far up Barbara's ass. Peter told her, "no it's kinda messy, I have to clean up here first." Barbara didn't say a word. She twisted around grabbing Peter's slimy dirty scum covered cock and brought to her mouth. Then down it went, all the way. "Oh my God," Peter cried out. "What a nasty little cunt you are." Barbara sucked him down cleaning his cock in the process of every bit of the scummy substance that came from her own ass. It was the nastiest thing Peter ever had done to him. I know I've never seen any girl be that downright

nasty and whorish. It aroused Peter again. Seeing Barbara slurping and cleaning his dirty scum covered cock made him start cumming in Barbara's mouth, giving her a big mouthful of sticky jib to swallow to go along the with the brown mucous that she already ate.

Bob had already pulled out and was sitting on the sofa watching Barbara clean his buddies cock. When Barbara finally finished with Peter she crawled over to Bob and sucked his cock cleaning the little bit of sperm that was left on it. Then she pushed his legs up and went down lower licking his buttocks. Bob was in for a real treat.

"Want me to rim you?" Barbara asked. "How would you like me to stick my tongue up your asshole?"

Like Bob was going to refuse that offer. Barbara spread his cheeks burying her mouth in his crack. Bob let out a loud moan as Barbara's tongue licked around the hairy flesh of his crack and forced its' way in finding his asshole. She licked him, probed him and tongued his anal hole making Bob crazy. But that wasn't going to be enough for Barbara. Bob was about to get more than a simple rim job. Barbara was going to see to it that he got the anal licking of his life. She forced his cheeks apart to stick her tongue on his asshole and get it good and wet from her saliva. Then she put a finger in his ass up to the second knuckle, then inserted another finger from her other hand. Bob was going nuts moaning as he watched this gorgeous girl inserting her fingers in his ass. Slowly she began pulling his asshole open. As Bob relaxed his anal hole opened wider and wider for Barbara. She had his hole stretched wide when she looked up at Bob saying,

"Bob, I've got your hole pulled wide open." Then she whispered in a low sexy voice, "Now I'm going to stick my tongue in there and licked inside your asshole."

Then down Barbara went. Her tongue went right in Bob's asshole. Her face was buried in his crack, but I knew where her tongue was from Bob's delirium of pleasure he was experiencing. Even with the waves of electric pleasure running through Bob, he managed telling Barbara what he thought of her performance.

"My God,..... you're the dirtiest fuckin' slut I've ever had."

"Ohhhhhhh!!!!!!!" What a nasty filthy cunt you are."

"Ohhhhh!!!!..... Ahhhhhhhhhhhhhhh!!!!!!!"

"You're a fuckin' anal whore." "Ohhhhhhhhh!!!!!!!"

"That's it." "Lick my asshole you slut, c'mon, lick it."

Watching Barbara was making me crazy too. I had my trousers down and jerking myself off. I was ready to cream as I watched her eating on Bob's asshole. I saw a glass on the table next to me, so I grabbed it and shot my load in it. When I was finished cumming, the bottom of the glass was covered with my sperm. I figured when Barbara was done with Bob she might want my jism too. A few minutes later Bob was ready to explode again. Barbara's anal licking had driven him absolutely over the edge again. She backed off when Bob annouced his impending climax taking a blast of his juice in the face as it gushed from Bob's cock. Spurt after spurt shot right at her splashing all over showering Barbara's face with white hot sperm. She was covered in jib by the time Bob was done. Sperm was dripping and running down all over her face.

Barbara looked over at me smiling, enjoying herself. I showed the glass of sperm and offered it to her. She crawled over to me next saying she was getting thirsty from all the licking and sucking. That gave me an idea that I knew would drive Bob and Peter nuts. While they watched I took the

glass holding down in front of my cock. I started urinating in the glass. I hadn't gone since we left the studio so emptying my bladder managed to fill the glass. Barbara watched too the whole time as I pissed in the glass. When I finished I held the warm glass of my pee up to the light, so every one could see the big globs of my cum that were on the bottom, now were floating around in the yellow tinted piss. I handed the glass to Barbara. She turned around so Bob and Peter could see what she was about to do. She brought the glass to her lips and began tipping it, pouring the hot piss into her mouth. The urine started disappearing through her lips as she tilted the glass more and more until all of the piss-cum mixture was gone. When she removed the glass from her mouth, she still had a thick strand of yellow tinted cum hanging from her upper lip. Her tongue came out and lapped it up. I thought Bob and Peter were going blow a load a third time as they stroked themselves and watched in astonishment as Barbara swallowed every drop of my hot piss.

Barbara sat back on the sofa to relax. I was confident that Barbara was going to be the next porn queen. I doubt anyone put on a performance like she just did. Once we all were cleaned up, Bob told Barbara how great she was and how he never experienced anyone like her. He wanted to get her on film the next time. He was going to have Barbara star in his next movie. So all the arrangements were made. Barbara was set ready for her first pornographic movie. And I'm not going to miss this. I almost couldn't wait for that day.

## **Chapter Five**

Barbara was really excited about being in a pornographic movie. She liked having sex with different guys and enjoyed having a cock just about anywhere. It seemed like a good time to purchase a new wardrobe, now that she was going to star in some movies. So off she went to the mall the next evening. She spent all evening shopping and bought a lot of different styles for herself to wear. She bought some of the sexiest and skimpiest skirts, extremely revealing blouses and a variety of high heels and different colored stockings. She had a terrific time trying on and deciding what to buy. By the time the mall closed she decided on what she wanted and had her arms filled with all her purchases.

The mall was about to close, it was nearly 10 P.M. It was time to head home after an exhausting night of shopping. Barbara left the stores heading to her car in the mall parking lot. She got all her purchases into the trunk and was ready to hop in her car to head for home. Suddenly, she was grabbed from behind around the waist and neck and held tightly. She was startled at first and then struggled to get away yelling at her attacker. The parking lot was nearly empty, only a few cars left and no one was in sight. She was all alone and defenseless. Then she felt another pair of hands grab her feet picking her up off the pavement.

They carried her across the lot to a van parked nearby as she struggled and screamed to get away. They opened the back of the van and both pushed her inside where she got her first look at her assailants. She sat on the floor of the van looking at two black men eyeing her up. She still had on her short skirt and low cut blouse from earlier in the day and they certainly liked what they saw. Their eyes literally devoured her body. Then one of them went up to the front seat and started the van.

Barbara found herself in a terrible predicament. She was somewhat excited at the prospect of having sex with black men. She had fucked a black cock before. But she was a bit apprehensive that they might really hurt her. She had no idea where they were taking her or whether she should try to reason with them and let them fuck her. Perhaps that way she wouldn't get hurt.

When the one drove off the other handcuffed her to the back of the front seat. "C'mon Jake, find a spot to park." "This bitch is hot, I wanna start fuckin' her."

"Alright, alright." I'll be right there." Jake parked the van in a secluded spot along a back road and joined his friend back with Barbara.

"You won't hurt me will you? Barbara asked. "Just shut up you white bitch." "I wouldn't worry about getting hurt, I'd worry about how many times you're gonna get fucked." With that they both began ripping her clothes off. Her halter top ripped down the middle and they yanked her bra up over her head leaving it dangling next to her handcuffs. Then they both grabbed her skirt pulling it off her legs along with her panties. She was naked in front of them as they gazed at her beautiful body.

"Fuck me, man." "What a good looking white cunt." They both hurried to undress and Barbara stared at two of the biggest black cocks she's ever seen. She swallowed the lump that formed in her throat knowing that soon enough she probably would be forced to take those black shafts in every hole. They stroked themselves while staring at Barbara. Jake's cock was getting larger and larger until finally it grew to over a foot long. His friend's cock was nearly the same size as he yanked on it moving closer to Barbara. There was no point in fighting them, Barbara thought. I may as well let them have their fun and I'll be out of here soon enough with out getting hurt.

"Okay, babe. Open up. Feeding time." The black man held his big black cock in front of Barbara's face waiting for her to open her mouth. He put it against her lips and she could feel the warm hardness of his black shaft. She parted her lips slightly and he pushed in. "Oh, yes baby, eat it." He pushed in her mouth more. "What a hot mouth, Jake." And in further he went until he hit the back of Barbara's throat. Then he grabbed her head roughly in his hands with his fingers entwined in her beautiful blonde hair holding her still. Barbara knew what he was going to do and she prepared herself for it. He pushed in more forcing his black cockhead past the entrance of her throat as it started its' way down. He kept an even forward thrust feeding Barbara inch by inch his hard black meat. Barbara had deep throat before, but it was somehow different this time because she had no control of the situation. He was forcing himself on her with whatever he wanted. She was handcuffed and couldn't do anything to help herself. She was at his mercy while he force fed her his cock and prepared to fuck her throat.

He pushed further down until all of his nearly footlong cock was buried in the depths of her tight throat. He stayed there enjoying the feel of Barbara's throat gripping his big black cock. He gave her head little pumping motions fucking himself with her face as he told Jake how good it felt. "Man, this bitch is good." "What a tight fuckin' throat." Still he danced around with her mouth plastered into his groin. Barbara was running out of breath and was afraid of passing out as the fear displayed on her face. But he didn't pull out. He stayed in her throat longer, still fucking her face until Barbara moaned and whined making him look down at her to see her near fainting. He pulled out of her throat and Barbara gasped for air, coughing and choking. They both laughed at her remarking, "you'd better get used to it, we aren't near finished with you yet."

Jake, turned her over on her knees putting his hard foot long cock on her slit. In it went, penetrating her cunt as far as he could go. Barbara let out a loud moan from the rapid insertion that caught her off guard. Then Jake pumped her, ramrodding her hard, making her grunt with every penetration as he hit bottom inside her wet cunt. "C'mon Jake, let me see you fuck her in the ass while I make her swallow me again." Jake pulled out and moved up to Barbara's asshole. All he had was the cunt juices on his cock when he pushed on her backdoor swiftly, opening her asshole up and slipping inside. Barbara let out a yell from the pain of her anal hole being forced open so abruptly. Jake didn't let her get used to his massive tool either. Immediately upon entering her anus he pushed hard forcing his hard black cock all the way in her ass. Barbara screamed in pain.

"Ahhhhhhhhhhhhhhhh!!!!!!!" Her asshole was still too dry and unlubricated to take anything so large inside. But Jake didn't care. He started fucking her ass right away, removing his cock almost all the way and ramming back in. And not just once or twice, but kept on going over and over as Barbara screamed and screamed.

She had always like it in the ass, but not this way. Once she got used to a cock inside her rectum it felt so good. Sometimes she would even orgasm from a good anal fuck. But now, she couldn't relax enough, her asshole was too dry, it hurt. She could feel every inch of Jake's hard meat slide in and then out, then back in and back out. The pain rippled through her entire body starting at her asshole and traveling all the way up until it registered in her brain.

Jake's friend moved in front of Barbara and when she opened her mouth to let out another scream he stuffed her mouth with his cock again. Barbara had no choice but to take him in her throat again. They both started fucking her one in and one out. Jake would slam her asshole as his friend pulled from her throat. Then her throat would get stuffed as Jake withdrew from her ass. For ten minutes they put Barbara through the double fucking torture. She had to quickly take a breath when her throat was clear for that fraction of a second. Her throat was getting sore and her asshole felt raw. Finally Jake's friend announced he was cumming. Thank God Barbara thought. He pulled back slightly and flooded her mouth with his sperm. He gave Barbara a tremendous load that filled her mouth. It was a heavy and thick load that felt like big globs in Barbara's mouth. When he finished he pulled out ordering her to swallow it down.

"You'd better swallow it." .....C'mon bitch, swallow." Barbara looked at him and gulped it down. It felt like one big glob in her throat as she felt it slide all the way down.

Meanwhile, Jake was ready to blow in her ass. He was still slamming into her pretty hard. Her asshole was red from taking twelve inches in so many times. "Make her eat yours too." Jake liked that idea. "Yeah, okay." "I'd like that. I fuck her in the ass and make her eat it." Jake withdrew and quickly came around in front of her making her take his black cock in her mouth. He pumped his cock a couple times and began unloading in Barbara's mouth. She opened wide letting it drain in her mouth all over her tongue covering it completely. When Jake finished he stared at her waiting. Barbara closed her mouth and swallowed his load too. Then he smeared his cock around her face making Barbara lick the remaining sperm from his cock. "Oh, man, she's a good cum eater." "You like it, huh baby?" Barbara didn't reply, hoping they now would let her go.

"You are a hot little thing," Jake commented to Barbara and his friend. "You know,..... I know a bunch of guys who'd love to have some fun with you." "What you say, want some more black cock?" "I can get you cock for every hole and keep you busy all night."

"Please let me go," Barbara begged. "You had your fun, now let me go, please!!!"

"No way, baby." "We ain't done with you yet." "We're gonna get you more black meat than you've ever seen." "And they're gonna love fuckin' a good looking white cunt like you." "And you know, they ain't had no lovin' for a long time."

"Where are you going to take me?" Barbara asked.

"We're going up to the prison work farm." There's about 20 brothers ain't had no pussy for a long time. They're sure gonna like a nice white one like yours."

"No, come on, please!! let me go." "Please!!!" Barbara begged again.

"No way, bitch." Jake replied.

"Stop calling me bitch, you bastards." "And let me go, Barbara yelled at them.

"Shut up you fuckin' little whore." "You'll do exactly what we say." Jake got real mad at Barbara for swearing and yelling them. "I'll teach this little white cunt a lesson," Jake commented to his friend. "This fuckin' white bitch talks too much." "I'll give her something to keep her busy."

With that Jake reached under the front seat and pulled out an empty beer bottle. He held it up showing Barbara. "What's biggest thing you've ever had up that pearly white cunt of yours." "You've got to be kidding," Barbara replied to Jake. "You white bitches don't know what a good fucking is." Jake held the bottle by the neck and put the wide end down to Barbara's slit. "Hold on, here it goes." He jammed the bottle onto her cunt lips and pushed. Harder and harder he applied pressure against her pussy. Barbara screamed as the discomfort grew and the pain began to register in her brain. Her cunt lips spread and then her tight fuckhole opened letting the bottle inside. Her stretched cunt hugged the bottle as Jake forced it in. The bottom of the bottle disappeared inside her hole. Jake pushed more as Barbara screamed at the top of her lungs. When half the bottle was buried inside her cunt, Jake stopped leaving it implanted inside her hole. Barbara gasped and groaned trying to expel the bottle from the clutches of her cunt, but it was lodged in there.

Jake then flipped her over with the bottle still buried in her cunt hole and started fingering her ass. First he pushed one finger in her asshole inserting it all the way. Barbara's anal hole was a bit dry so Jake spit a couple times on her ass and smeared his saliva around her anus until he could easily fuck her asshole with his long black finger. Barbara felt one finger probing around her rectum, then a second one and a third. Jake was stretching her asshole pretty wide once her got his fourth finger in. He wasn't too easy about it either. He fucked in and out of her anus fast and hard making Barbara grunt from the force and pressure each time he jammed his fingers in. Then he pulled out and began twisted his fingers in her asshole trying to penetrate her ass with his whole hand. Barbara was letting out a continuous loud groan and grunt as she knew he wasn't going to stop until his whole fist was inside her ass. He pushed harder and harder and harder until finally Barbara's asshole stretched wide, almost feeling like it would rip right open. Jake's fist entered Barbara's ass. The pain was excruciating when his hand passed through her anal opening. Her cunt was already forced open, occupied by a beer bottle and now her asshole was full too with a black man's fist.

Barbara felt Jake probing around in her ass and could feel his hand touching and bumping the bottle that was in her other hole just on the other side of the thin membrane separating her ass and cunt. Jake thought it was cute when he tried to push the bottle thinking he might force it out of her cunt from inside her ass. But every time he tried Barbara screamed as it hurt the inside of her delicate rectum walls. Jake laughed at her, "what's a matter, bitch?" "Can't handle a fist up your ass?" And he laughed at her again.

Jake's friend was going nuts watching Barbara in her discomfort. He obviously wanted in on the fun too. He reached down grabbing the beer bottle by its neck and pulled it from her stretched out cunt. Barbara twitched when her yanked it out. The other black man then reached up between Barbara's legs and started inserting his hand up her cunt. Barbara tightened up trying to keep him out but in it went. His hand disappeared inside her fuckhole. She was impaled on both ends, a fist in her asshole and a fist in her cunt. "Hey man, I can feel you in there," Jake remarked. "God, I like this bitch. What a fuckin' whore." "Let's give her a real fist fuckin'!"

Jake began pulling his fist from her asshole and then plunging it back in. All Barbara could do was let out loud groaning sounds as Jake pistoned his fist in and out of her tight asshole. Her anal hole opened and closed repeatedly to accommodate Jake's fist. A couple times Jake pulled his fist out leaving a giant gaping hole where his fist had been. "Look at this fuckin asshole, man." And they both stared into Barbara's wide open rectum. "Nice ass, baby," he would remark. Then he would

plow his fist back in before Barbara's asshole closed up.

Then Jake's friend started doing her cunt the same way. His fist emerged from her slit then got swallowed up again as he rammed it back in. He continued in and out of her hole while Jake did the same in her ass. Then they began ramming her holes together, both forcing their fists in at the same time making Barbara take a pounding like she's never had before. It hurt at first, it felt like they were ripping her apart. But then, crazy as it seems, Barbara became aroused as the movement of his fist kept going across her clit. The excitement built and became unbearable. Barbara was being raped. She already had had black cocks in her mouth and her ass. Now she was being brutally fisted and she was getting turned on. What was happening to her. Why was she feeling so aroused. It happened all so fast, but she was almost there. Barbara was near an orgasm while being fisted by two black men at the same time. Then it happened, she gripped their fists while inside her and convulsed in a violent orgasm. "The bitch, is cummin' Jake." "She likes it." "What a slut, what a fuckin' slut."

Barbara's orgasm lasted a full minute before subsiding. When it did the black fists were pulled from her soaked holes. She looked up and stared at her rapists. "You're a hot one, aren't you?" Jake asked. Barbara just continued to stare at them saying nothing and was on the verge of falling asleep from her exhaustion. Jake and his friend moved to the front seats and drove off leaving her in the back as they traveled toward the prison farm. "The boys are really gonna like her," Jake remarked.

Barbara thought to herself, "Jake mentioned twenty black men, in prison. Who knows how long it's been since they've had a woman. Would they hurt me? How rough would they be with me?" The prospects didn't seem pleasant. Barbara was going get fucked like she's never dreamed of. Actually, this was going to be a brutal gang rape and no one would be able to help her or stop it. But still there was an excitement to it. "What is wrong with me," Barbara thought. "I've just been raped and I had an orgasm." "My pussy hurts and my asshole is so sore, yet it was so exciting. What's wrong with me?" Barbara fell asleep.

## Chapter Six

When Barbara awoke she looked out the front window to see where she was. The van was parked at what looked like a farm. There was a barn off in the distance and from the van Barbara could see plenty of open fields, some planted and some not. There wasn't a house as far as she could see. This place was in the middle of nowhere. This must be the prison farm Jake spoke of where all the inmates worked. Jake and his friend weren't around, she figured they must be off getting their friends for the good time he bragged about. Still Barbara was handcuffed to the van seat and still naked from the night before. There wasn't much to do but wait. The clock on the dashboard read 8:00 am and Barbara was getting uncomfortable from being restrained all night.

About an hour passed when she heard some voices approaching. Gradually they became louder and louder and sounded like quite a few people. Finally she could tell they were directly behind the van and Barbara could see the rear door lock being opened. It was Jake opening the door and behind him stood five black men staring into the van at Barbara's beautiful nude handcuffed body.

"Fuck," "where'd you get her," one of the men yelled out. "Nice piece of ass," another added.

None of them could take their eyes off Barbara's gorgeous nude body. Even after being raped last night and handcuffed since yesterday she still looked great with her 38" inch breasts jutting firmly from her chest and her nipples large and soft waiting for a warm mouth. She had her shapely legs

crossed and she knew how much they wanted to see her blonde slit. And Barbara's hair had become a little disheveled from sleeping in such awkward positions last night, but it only made her blonde appearance that much more sexy and slutty.

"Now listen up," Jake told them. "Everybody will get a turn with her. We have to go in shifts so the guards don't see us. So you guys are first then we'll get the next group until everyone gets a turn with her."

Jake jumped up in the van and unlocked Barbara's handcuffs. He led her out of the van around to the side where there was a row of trees. The location was perfect for being secluded as the trees blocked the view on nearly all three sides and the van blocked the view from the front. Jake laid out a blanket on the ground putting Barbara on it.

"I'm not putting the cuffs back on you," Jake told Barbara. "If you try to run or get away, it'll be the sorriest thing you ever did. We're parked out in the country near the prison work farm. There's about twenty friends of mine that work here everyday on the prison work program. They all get here around 9:00 and have to go back to their cells by 5:00. The guard always stays up by the farmhouse so you'll get five guys at a time, this way everyone's not missing at once. They won't even notice. Now you'd better be good to my boys. They ain't had no loving for a long time."

"Listen Jake," Barbara said. "If you promise to let me go when we're finished, I'll see to it all your friends have the best time they've ever imagined. And you can have seconds with me too. What do you say? You and your friends want a willing white pussy to fuck? You want me to gobble your cock down my throat without forcing me? You want me to beg your friends to fuck me up the ass? How about it? Just promise to let me go afterwards."

It didn't take long for Jake to make up his mind. The thought of a willing white piece of ass that looked like Barbara was more than slightly appealing. "You got it, baby. It's a deal," Jake replied with a tremendous smile on his face. "Here that guys, this gorgeous white cunt wants our black cocks real bad. Are you ready to give it to her?" Everyone cheered and yelled their approval and started pulling their clothes off.

Barbara already naked waited for them to undress. All five finished about the same time and headed to Barbara stroking their cocks preparing themselves for the first fuck they've had in a long time. Barbara knelt up on the blanket grabbing the first black cock that neared her. He was about ten inches long and rock hard. She jerked him a couple times with her hand as he moaned in pleasure with the touch of a woman's hand for the first in a long time. Barbara guided his cock to her mouth and took him in. She sucked on the big head of his cock, then slowly took him deeper inside her wet mouth. His cock hit the back of her throat and Barbara wasted no time as she pushed her mouth further on to his cock taking him in her throat. He let out long loud moan to the others. "Fuck, she's great. What a hot mouth."

Two others joined the first with their cocks at full attention and nearly the same size. Barbara began sucking on all three taking turns swallowing their hard black shafts. Meanwhile another slid his body between Barbara's legs. When Barbara saw his cock align up with her cunt she lowered herself taking his black meat up her waiting slit. She sat completely down on him impaling herself fully with his hard eleven inches. Barbara let out a moan herself feeling her hole fill up, but she quickly returned to deep throating the three cocks in front of her.

As Barbara sucked on three black pieces of meat and rode a fourth, the fifth was eyeing up the only hole Barbara had open. He stood there stroking his foot long cock. Barbara looked over her shoulder at him, "Go ahead,.....shove that big black cock up my ass." He didn't need a second invitation. He

positioned himself over Barbara's ass and put his cock on her back entrance. He pushed on her back door and his cock head slipped in. Barbara let out a moan of pleasure, "oh yes, fuck my ass." "Deeper, deeper." He pushed into Barbara's bottom until he buried his twelve inch meat inside. Then he began riding her asshole, pistoning in and out in unison with his buddy fucking her cunt. "This bitch loves it in the ass man," as he spoke his enjoyment to the others.

The pounding continued, but only a short time before one of the cocks erupted in Barbara's mouth. She backed off his throbbing member letting him milked it into her mouth. It was a tremendous load that kept spurting from his cock. This black prisoner was in heaven as he filled Barbara's mouth with his thick load. When he finished he watched her opened mouth, overflowing with his fresh hot sperm. Her mouth closed and she gulped it down. "Fuck, man, she ate it." "She swallowed it all." The other two in front of Barbara seeing what she just did, that was all they needed to blow their loads. Almost simultaneously they began cumming. Barbara held her mouth open so they could empty their cocks into her mouth too. The cum spewed like crazy from their black cocks all over Barbara's face and in her mouth. She swallowed once to make room for more as her mouth filled up again. They jerked every drop they could on her face and mouth and then Barbara gave them a last suck and deep throat to get the last drop clinging to the end of their cocks. And their black shafts glided down so easy from the cum coating stuck to her throat.

As soon as Barbara finished her snack, she realized the cocks in her cunt and ass were about ready to go too. They were still double teaming her hard when both buried their cocks, one deep in her cunt and the other deep in her ass. They both yelled out "I'm cumming," at the same time. Barbara could feel two cocks begin spasming deep in her body. She was getting filled with black cum. Her cunt walls felt blast after blast of hot gooey sperm hit and send a wave through Barbara nearly making her orgasm. And the same time she felt streams of hot jism squirt in torrents into her bowels. Barbara let them fill her holes with their pent up cream until finally they were both spent and pulled from Barbara's lovely body. Barbara just rested there on the blanket enjoying the warm feeling that came over her from being filled with all the black juice. "That's was great," one replied. "Yeah, what a hot bitch," another joined in as they got dressed.

"Hurry up," Barbara told them. "Go get the next group, I'm still horny for more."

The next group showed up five minutes later and Barbara did her swallowing and fucking routine again. She received three more massive loads of sperm in her mouth and greedily gulped them all down. And again she took loads in her cunt and in her ass. She was getting pretty full and sperm was beginning to ooze from everywhere, especially her cunt. Her asscrack was getting pretty slimy too from the overflow of sperm in her rectum and from the excess that dripped from her slit and ran down through her crack. Nevertheless, Barbara was becoming excited at being the cum receptacle for all these black prisoners. Now that group two was finished she could hardly wait for the next five black cocks.

Only minutes passed and Barbara had five more fresh hard black pieces of cock to service. As soon as the first undressed and she saw another foot of black meat, she laid down on her back with part of the blanket folded under her head and she beckoned him to straddle her face. "Fuck my throat with that big thing," she ordered. His massive tool parted Barbara's lips and pushed down penetrating her throat as he sat on her face. Barbara kept her mouth open wide so he could fuck her face with his full length. And that's what he did. He began sliding his hard black tool slowly in and out of Barbara's throat and then started picking up the pace. He was fucking her throat like it was her cunt, while Barbara laid with her head tilted back allowing her gullet to be continually stuffed. Finally he just buried it deep, all twelve inches down her throat, and pumped his jib directly into Barbara's belly. When he finished he withdrew and Barbara just licked her lips.

The second man replaced the first in Barbara's throat, but he pulled Barbara's legs up high holding them so he could access her cunt and ass too. He began fingering her pussy while he fucked Barbara's throat. He started with a couple fingers in her hole which easily slipped in from all the slippery sperm still inside Barbara. Then he stuffed in four fingers and they went in easily too. "Hey, honey," "Jake tells us you can take a whole fist." "I gotta see you take me." Barbara was too busy swallowing his cock to reply, but it was fine by her. He pulled his fingers out and proceeded to shove his whole hand inside Barbara's sperm lubricated gash. Barbara's cunt stretched and opened for him as he pushed on her hole. Barbara groaned with his cock deep in her throat as his black hand penetrated her pussy. He was in. "Fuck, man." "The bitch did it." "What a fuckin' hot cunt." He made a fist inside her and started fucking her cunt on the inside. Barbara gasped for air every time his cock slipped out, but she kept on sucking him while he fist fucked her.

The third one of this group now came up to Barbara's wide open legs to get a better look at this delicious white woman getting fisted. The other two still watched stroking themselves waiting a turn. He started playing and fingering Barbara's asshole. He poked a couple fingers in her butt and found how juicy she was from his earlier buddies dumping their loads in her. Barbara didn't even realize the entry in her ass as she was on the verge of cumming from the cunt fisting. She swallowed the cock in her mouth and tightened her cunt on his fist going into a shuddering orgasm. Before her climax ended she had received a mouthful of his sperm. That was her twelfth load so far. He pulled from her mouth and backed his fist from her sloppy cum oozing cunt. That left just the one working on her asshole.

The other two now joined in holding her legs apart while watching her asshole get fingered. "Hey man," "think she can take a fist in her ass?" Her asshole was certainly slimy enough from all the sperm, so the third black man's hand began pushing on her anal hole. It stretched,... she moaned,... it widened more,...all fingers were in up to his knuckles. He pushed harder,...Barbara whined,...he pushed still harder,... it stretched,...and he was in. Her asshole wrapped around his wrist as he implanted his fist in Barbara's rectum. "This is one motherfuckin' slut," he commented to the others. He began working his hand inside her moving it, twisting it, pulling and pushing. Barbara just moaned and groaned nearly ready to have another orgasm. Then he backed his fist out until it was positioned right in her anal entrance, stretching her hole wide open. He twisted his fist back and forth rimming Barbara's anal ring. Barbara grunted out as he kept her hole stretched causing her to feel ripples of pain. Then he sunk his fist back in. He tried pushing deeper into Barbara's lovely body and his wrist inched in further. How much could she take? How deep into her ass could she handle? It didn't look like she wanted him to stop, in fact it looked like she wanted more. He pushed in deeper, inserting more, until half of his foreman disappeared into Barbara's stretched open asshole. He could feel the bottom of her rectum with his fingers. Barbara was nearly insane with her moaning,..... "oh God,... oh, God.....yes,....yes, fuck my ass."

Then he closed his hand making a fist inside her giving him a little more room to make an even deeper entry. Again he pushed and another three inches of arm entered Barbara's ass. It almost looked like he had his whole arm inside Barbara. Her asshole had to be stretched four inches across to accommodate the thick fleshy part of his arm that approached his elbow. Then with his other hand he flicked Barbara's clit a couple times and she went wild into an earthshattering orgasm that nearly ripped her body apart. She screamed at him to fuck her asshole harder while her body twitched and rocked while impaled on his arm.

"FUCK MY ASSHOLE." ..... "Ram it in my ass, harder,.... harder." He pulled back out of her ass a little and rammed it home up her anal chute until he hit bottom again. Then again he pumped his arm up her butt bottoming out deep in her ass. He repeated his anal fist fuck into Barbara's ass over and over slamming his fist as far as it would go, forcing it until he hit the soft flesh in the deepest part of her rectum. Ramming her asshole like this was so arousing he was in a frenzy too and ready

to cum. He ripped his arm out of Barbara's ass. Barbara screamed from the instant surge of pain as his fist passed through her sphincter so abruptly. He grabbed his cock quickly moving to her head and dumped his load all over her face. What a load it was too? She was drenched in thick sperm. She actually had to wipe some from around her nose in order to breath without sniffing the gooeey stuff in.

Meanwhile her asshole was still wide open staring at the other two black men. It looked so inviting that they both went up to her ass and both shoved their ten inch cocks in at the same time. Barbara was getting double teamed. Two black cocks anally fucking her at the same time. They pumped her as best they could with both inside. But it was only seconds and they began creaming inside her asshole. When they finished and pulled out her anal hole had a reservoir of cum contained inside. One of them stuffed his fingers in scooping out a few fingersful of the combined cum load. Then he offered it Barbara. "Like to have a taste of us, honey," he asked extending his fingers dripping with cum. Barbara opened her mouth and accepted his offering of the several varieties of sperm enhanced with the taste of her own ass.

She had finished with the third group. There was only one more group to go, plus she promised Jake and his friend another fuck too. She couldn't wait for the next group even though her cunt and ass were full of jib and she'd lost track of how much cum she had eaten. Only her ass hurt a little. Actually, her ass hurt on the inside. The one black man really had fucked her hard and deep with his fist. She really didn't want to be anally fucked anymore today. Hopefully she could just suck the rest of them off or let them cunt fuck her.

Awhile went by and no one else was showing up. Barbara was wondering what the delay was. Jake poked his head from around the rear of the van telling her it was lunch time and the last group would be here once the guards let the inmates go back to work. Barbara stretched out on the blanket relaxing. Her insides were beginning to hurt a little more. But as she rested she began feeling a little better.

## **Chapter Seven**

The next group finally arrived and they stripped down right away. Barbara surveyed what they to offer as they all stroked themselves eyeing up Barbara's body. And she still looked great even after having serviced fifteen cocks already. Four of this group seemed to have average size cocks about eight ten inches, if that could be considered average. But the last one had the longest piece of meat she's ever seen hanging down in front of him. It was so long and big that it couldn't possibly stand out straight and erect. From his groin it hung down almost to his knee. Barbara couldn't take her eyes off it and he noticed her eyeing it up. "What's a matter, there, cutie?" "Ain't never seen anything that big, huh?"

Barbara looked away and grabbed two of the other cocks and started sucking. She did her normal swallowing routine which drove them wild and soon she had two more mouthfuls of hot black sperm. Then she started on the third one engulfing his shaft deep into her throat. While she sucked his meat the fourth went behind Barbara placing his cock in her crack. Barbara stopped her sucking asking the other not to fuck her in the ass as she already was quite sore. That didn't make him too happy. "Hey, bitch." "I wanna fuck your ass too, like the others did."

Barbara had to do some fast thinking because he was ready to drive his tool up her ass regardless of what she wanted. "Listen, I'll tell you what." Barbara said. "Let me just suck you off. Then when were all done, you know what I'll let you do?"

"What's that," he replied in a very unhappy tone.

"Ever piss in anyone's mouth?" "You can piss in mine, and I'll swallow it." "I'll do it for all five of you." "I just don't want it in the ass anymore today." "Okay?"

"You got a deal, honey," he replied coming around front to let Barbara started sucking him to. Fives minutes later Barbara had two more loads of sperm flying into her face and in her mouth. She swallowed what she could, but a lot wound up on her face and in her hair.

Now there was just one left to go. But what a one it was. Barbara stared at this black cock hanging so massive in front of this inmate. How would she ever handle this cock. Surely he wouldn't be expecting her to take it down her throat. It couldn't possibly fit. It might rip her throat open. If he fucked in the cunt, how much would fit? Certainly not all of it. For the first time Barbara was actually nervous and a little frightened.

The big black man walked up to Barbara and to her surprise turned around sticking his ass into her face. "Go ahead, you sweet little thing." "If you're gonna drink piss, you must lick assholes too." "Lemme feel that hot young tongue in my ass." It kind of caught Barbara off guard. She was only thinking about how she would handle sucking his big cock. But she did his bidding. She spread his black ass cheeks exposing his crack and anus. She stared at his ass. He wasn't very clean back there. She hesitated and that brought a response from the big guy.

"C'mon cunt, you expect I'd take a shower before I come out here." "Now dig in, give you something to taste anyways."

Barbara leaned forward and shoved her tongue in his crack. She started licking and tonguing his asshole giving him a rimming while cleaning his ass of the dried caked residue stuck all over his crack and buried deep in his hidden crevice. When the taste settled in her brain, she realized what a gross thing she was doing and Barbara thought she'd puke all over his ass. But she controlled herself and continued rimming him until he pulled away from her face.

Then he turned around and offered his prize piece of meat to her. Barbara took hold of his giant black cock using two hands to hold it and work the skin back and forth keeping him hard. Then she took the head in her mouth. It was gigantic. The head alone nearly filled her mouth and she had to stretch her lips wide open to accommodate its size. She had two inches in her mouth and already she felt full and that no more would fit. She sucked on the head and licked it hoping her efforts would make him cum right away. But that was not going to be sufficient for this big black man.

"C,mon there honey, you can do better than that."

Barbara told him, " It's so big, that's all I can do."

"Bullshit," he yelled. "I've seen you in action and your a pretty damn hot cunt. I've never had my cock down anyone's throat and you're probably my best chance to have it done. And you're gonna do it or I'll do it to you."

Before Barbara could respond he told the others, "hold her for me." The other four held Barbara as she knelt. Two took her by the shoulders while the other two pulled her head back. Then the big black man straddled her head with his cock hanging over Barbara's mouth. For the first time she was scared of a cock. It was tremendous hanging over her mouth and she was frightened at what he was going to do to her. He yelled at Barbara to open up..... and she did. His big black tool entered Barbara's quivering frightened mouth and hit the back of her throat as he pushed it in. Perhaps three inches were in her mouth with more than a foot of meat to go and the biggest thickest part still

was outside her mouth. This was not going to be pleasant.

He began lowering himself pushing into Barbara's throat. She was being held tight by the others so she couldn't back away. The head of his cock began forcing open her gullet. It stretched wider than ever before. Barbara was becoming afraid he might split her throat open, but somehow it stretched and stretched and she could feel the big head of his cock squeezing in and moving down. He pushed on and went deeper. His cock was extremely hot squeezing down the tight walls of her throat and despite its length it was incredibly hard and rigid. Still he pushed downward except now she no longer felt the engorged head of his massive tool. It must have passed beyond her tight entrance and now she just felt the giant shaft pushing and penetrating deeper and deeper as it slid through the tight confines of her throat.

Barbara opened her eyes hoping to see he was in all the way, but still there had to another six or seven inches to go. She thought for sure his cock would reach her stomach it was so long. He pushed more again and Barbara's gag reflex tightened on his cock, but she was unable to expel the massive intrusion in her. Barbara wasn't going to make it this time. She was ready to pass out. She wanted to gag but couldn't and she needed air real soon. He pushed down more and Barbara felt his balls on her chin. He did it, she did it. He stuffed all of his fifteen inch cock down her throat. "Oh, fuckin' A," he yelled out. "This bitch's got a deeeeep throat." Barbara was getting dizzy and her throat felt like it would burst apart. She was becoming frantic trying to push him out of her mouth, but he was locked in her throat tight and loved it. It was the greatest feeling he ever had. He had his fifteen inch black cock in a beautiful white cunts' throat. Even his black girlfriends couldn't do that.

He felt Barbara begin to go limp and he pulled his cock out. It slipped from deep with in Barbara like a giant snake emerging from her throat. She gasped for air sucking a huge quantity to stem her from passing out. But, no sooner had he cleared her lips and cum started gushing from him. There was more cum than Barbara could handle. She was still recovering, gasping for air and still half gagging from her throat being so severely stretched and stuffed. But the cum flowed and flowed fast, before Barbara could react. Her mouth filled almost instantly with sticky cream and her gasping sucked it down her throat making her choke on it. Trying to clear her throat, the jism sprayed from her mouth onto her face as she coughed. Still he was cumming, giant streams pouring from his black throbbing meat. Barbara's face was becoming saturated as cum collected in her hair, her eyes and across her forehead. He moved his cock to her cheeks and deposited heavy amounts there until it began dripping down towards her chin. Barbara opened her mouth again to breath and he sunk his cock in spasming the remaining sperm left in him. He pulled out and Barbara swallowed, but her face was covered in jib. He stood up and stepped back from Barbara. "Great throat, honey." "Knew you could do it."

Barbara was exhausted and covered in sperm. She lay there awhile trying to regain her composure. Her throat felt like it was on fire. It felt like she still had his meat stuck in her. Then she remembered what promise she had made earlier. She wasn't done yet by a long shot. And the five inmates didn't forget either. She had to rest for a little while longer. But a minute is all she got. They stood there waiting for Barbara to live up to her end of the bargain. She was going to have to drink their piss. That was what she offered them. She motioned for them to move closer and they walked back over toward her. When all five approached her, she looked up at them and opened her mouth offering herself, her face, her mouth as their urinal.

One at time they took their turn standing over Barbara's open mouth and urinated in it. By the time the fourth one finished pissing in her mouth, her face was pretty drenched. Their aim wasn't the best. Barbara's stomach was a bit upset too. She had swallowed a lot of cum and now four bladders of piss with one still to go. That one left was the guy with the big cock too. Well it was his turn now and he walked up to Barbara. She open her mouth for him and he placed his long but flaccid tool just

in her mouth with the head resting on her tongue. "Wanna make sure you get all of it." "Don't wanna waste any." "Ain't that right, honey?" His piss stream started and flowed right across Barbara's tongue to the back of her throat. She swallowed as her mouth filled and the warm flow of urine continued. She swallowed and swallowed keeping up with his piss as he emptied his full bladder in her eager piss drinkin' mouth. Finally drained, he removed his cock. "You ARE good, honey pie." "Never met a piss drinkin' slut before." Then they all dressed and were gone. Only Jake and his friend remained behind.

Barbara, Jake and his friend sat there a bit. Then she looked toward them seeing they were waiting for more.

"Listen guys," Barbara said. "I know I promised you guys some more, but I'm really not up to it right now. How about a raincheck."

"No way," Jake said. "No way." "But I'll tell you what. We'll settle for a simple blow job, if you'll do one more thing so we can watch."

"What's that," Barbara asked.

"See that horse over there in the field. I wanna see you suck it off."

"Are you serious?????" Barbara replied.

"Fuck yeah," Jake answered back. "The way I figure, you'd suck anybody or anything." "I think you'd suck off that horse rather than let us fuck you in the ass again."

There was silence for awhile. Her ass was sore and especially her insides. She was going to remember that anal fisting for a long time. Then Barbara answered Jake. "Go get the horse."

"Son of a bitch." "She's gonna do it."

Jake's friend returned a couple minutes later with the horse and brought him behind the van. Barbara reluctantly knelt down alongside the animal and reached for the horse's cock. She grabbed it with one hand and began pulling on it. After about a minute it started to grow. And it kept on growing until Barbara needed two hands to hold it. The horsecock grew to over three feet long. Using both hands she massaged its' cock and Barbara could feel it stiffen and become rock hard.

"Don't be afraid of it," Jake commented. "Lick it. Put it in your mouth."

Barbara whispered to herself, "I don't believe I'm doing this."

Barbara brought the horse cock to her mouth and licked the head. It smelled terrible and tasted just as bad. Nonetheless, she licked across the top portion of the big thick shaft. The end of the horse cock had to be nearly four inches thick and got thicker further down the shaft. She kept licking it and then took the head to her lips and pushed it against her mouth tonguing it some more. When she removed it, it glistened from her saliva and she wasn't so sure she like the idea of sucking on this horse's dick.

"Rub it on your cunt, Barbara." Jake demanded.

At this point Barbara really didn't care what she did anymore. She had degraded herself even beyond her own imagination. She had just put a horse cock in her mouth for the entertainment of her kidnappers. She stood up and put the hard horse cock between her legs rubbing it across her

wet gash. She pushed her slit back and forth across the hard shaft. The roughness of its' cock was making her pussy tingle. She continued stroking the hard meat on her slit until eventually Barbara was getting excited. The hard meat scraping on her clit was turning her on. It was so large and hard, it felt so good. She closed her eyes and started to forget what she was really doing. Then in her frenzy of playing with her cunt using this beasts' hard meat she pushed hard and the horse cock slipped into her cunt hole. She let out moan, "oh, God it feels good." She humped the end of the fat cock a couple times in and out of her cunt and then fell to her knees in orgasm while stuffing the horse cock in her mouth. Her eyes were still closed as she held the animal's shaft between her lips and kneaded it, stroked it and massaged the long shaft with both hands. For five minutes she worked hard and fast, then harder and faster continually increasing the pace. She was determined to make the horse cum. She sucked hard slurping the horse's meat in her mouth. Then a tremendous gush of white thick cream emerged from around the horse's cock through Barbara's lips. The horse was cumming, blasting her mouth with an ocean of horse sperm. It flew all over Barbara as she couldn't handle the huge quantity of cum. She back off in reflex and got drenched in the next spasm as it hit her in the face covering her instantly. Horse sperm was running off her face and down her chest. She opened her mouth and caught some of the next huge spurt. That mouthful she swallowed gulping it down. Jake went wild seeing that. "Fuck, she's eating it. She swallowed the fuckin' horse's cum." "Fuck."

The animal's orgasm stopped, but Barbara was covered in horse jib that it just ejaculated. The two black men were so turned on they were jerking themselves off and eventually they starting cumming. They shot their cream at Barbara's face. Their sperm spurted out joining the cum from the horse that already covered her body. Barbara was some sight. Sperm covered her body from her beautiful face down her breasts and chest, her legs were splattered with the white stuff and cum oozed from her cunt and asshole. Her whole body reaked from the smell of dried piss and her hair was straggly and matted from the combination of sperm and urine. She was a slut in every respect.

She was supposed to star in a porno movie. She wondered what they would think of her if they knew what she did today. Swallowing sperm and anal sex was standard in the porno field. But what about drinking urine and actually liking piss flowing down her throat. And what about sucking off a horse. She really did swallow its' sperm. And she fucked the horse's cock too and enjoyed it. If they found out they certainly would see her as the lowliest whore and slut ever. Barbara dressed and Jake drove back to where they first picked her up. Barbara headed home.

## **Chapter Eight**

The day finally arrived. Today was the day Barbara would be in her first porno movie. She was up early to dress and put on make-up and had to be at the studio by nine AM. She was excited at the thought of having sex in front of a camera. How great this was she thought, fucking and getting paid to do it. She left early, anxious to get there and arrived early at the studio.

After a short wait she met the director, John, and he described how the scenes would take place and what Barbara would be expected to do. She was in a scene with two other porn stars, Mark and Lisa. Mark was a very handsome tall man of maybe twenty five. He had slender build, yet still somewhat muscular. Barbara was looking forward to getting some of his cock. Lisa was extremely attractive with a great figure of 36-22-34. She had beautiful curly brown hair down to her shoulders. Barbara admired how firm Lisa's breasts were, although not quite as large as Barbara's. And Lisa had a real nice rounded ass. She wondered how many times Lisa had been fucked there.

Barbara was to play the part of the newly hired maid who walks in on her new employers in bed

making love. Barbara understood exactly what to do as the director instructed her. But first she was off to the dressing room for make-up and her costume. She received a skimpy little black maid outfit that showed off Barbara's gorgeous legs. Of she got a tight fitting pair of panties to wear that exposed most of her cute ass. The black lacey top was nearly see through and with no bra to wear under it her nipples were easily visible. The girl fixing her face put plenty of lipstick on Barbara's lips and arranged her hair flowing nicely across her face and shoulders. Barbara was gorgeous, just what any man would want in a maid. The kind of maid that you didn't care if she knew how to make the bed, only that she knew what to do on it, that being to fuck.

Well, Barbara was ready. Everyone was in their place and ready to go to film this scene. Barbara started doing her dusting and cleaning thing through the upstairs hallway. She opened the door to the bedroom and there was Mark and Lisa on the bed in a sixty-nine position with Lisa furiously sucking Mark's eight inch cock. Barbara watched awhile eventually starting to stroke her fingers in her own crotch. Then she slipped one of her tits out of her skimpy outfit exposing an already hard nipple to the camera. She began playing with it, squeezing it making it obvious she was turned on by the activity in the bedroom. Then she removed her top completely freeing her 38 inch breasts while she continued watching and massaging her chest. Then her bottom fell away showing off her shapely legs and she pulled panties down stepping out of them. Barbara watched Lisa nearly deep throating Mark's cock now. Her hand worked harder in her crotch, her fingers penetrating her now wet slit.

Quietly she walked into the bedroom and crawled onto the end of the bed between Mark's legs. Lisa looked up quickly, a little startled, but continued her cocksucking. Barbara moved in closer caressing Mark's legs moving up to his inner thighs. Barbara followed with her tongue up Mark's thighs ultimately reaching his groin area. She extended her tongue licking Mark's balls while Lisa kept sucking her lover's cock. Barbara then moved her head closer carefully sucking his balls one at a time into her mouth, then gently letting them pop out for the camera to see them wet with her saliva. She repeated the process, not just sucking his balls in and out for the sake of the movie, but giving Mark an incredible lustful ballsucking. On camera it was an incredible scene seeing Barbara eating Mark's nut sack getting a good taste of his scrotum.

Then she went down lower underneath Mark's sack letting her tongue wander across the skin under his balls. She worked her tongue teasingly lower and lower until she entered Mark's asscrack. She playfully licked around his crack before giving him a tonguing on his asshole. Mark didn't expect that, an anal lick wasn't in the scene script. But he wasn't about to object to a beautiful blonde licking on his asshole. If that's what Barbara wanted to do, then it was fine by him. After tasting his ass, Barbara got up and Lisa turned around to mount herself on Mark's stiff erect cock.

Lisa impaled herself on Mark's cock and began fucking herself with his shaft. Then Barbara turned her attentions on Lisa's exposed rear end. Barbara never had any relations with another female. This was going to be her first lesbian experience. Barbara looked at Lisa's asshole just above Mark's pistoning cock penetrating Lisa's slit. It was so nice and tight. Her puckered anus was staring Barbara in the face begging to be eaten. Barbara placed her hands on Lisa's asscheeks spreading her apart slightly while watching Mark's cock sliding in and out of Lisa's cunt.

Barbara first starting licking Lisa's cute asscheeks gradually moving closer to her crack. Then she moved inside her crack running her tongue through Lisa's back crevice. Finally, she gave a long lick, deep through Lisa's asscrack going across her asshole. Lisa moaned out loud from the incredible sensation as she neared an orgasm. Feeling Mark's cock deep in her cunt and her asshole getting tongued by Barbara was going to make her cum very soon. Barbara buried her face in Lisa's crack as she continued her anal licking. Barbara was getting excited too. How sweet and soft Lisa's ass was compared the many men she had done. The skin was so soft on her cheeks and Lisa's asshole was so warm and tender to touch with her tongue. Barbara couldn't help herself but to bury her face

deep and get a real good taste of her female lover.

Her tongue worked hard on Lisa's puckered asshole pushing against it, licking it, tasting it. She pulled harder on Lisa's asscheeks spreading her wider. Then taking her fingers, Barbara pushed them in to Lisa's anal hole and with both hands began pulling her hole open. Barbara pulled on Lisa's anus until it stretched open to her. Now Barbara had Lisa's asshole exposed, opened, gaping wide for her inspection. But inspecting and admiring wasn't what Barbara had in mind. Down she went again inserting her tongue inside Lisa's ass. Barbara licked her open hole tasting the musky slim on the inside of Lisa's rectum. Lisa went wild in an orgasm tightening and clenching her cheeks. Barbara kept buried in her hole letting Lisa experience an anal tongue fuck while her body shook from the orgasm. Then Mark began to explode inside Lisa's cunt. Lisa was delirious in an unending orgasm. All her body felt was a tongue probing her asshole, licking inside her rectum and a cock throbbing in her cunt, dumping hot sperm deep in her womb.

When her orgasm finally subsided Barbara backed off and Lisa dismounted Mark. Barbara sat there licking her lips for the camera showing how much she enjoyed licking and eating another female's asshole. Lisa still lay there trying to calm herself and become relaxed after shuddering so much from the incredible orgasm that just rocked her body. It was a movie, but what she just experienced was real. Never had she experienced such a sensation. Who was this new uninhibited girl Barbara. This wasn't how the movie was supposed to go. What other wild nasty things does she do? This was no longer just a movie. What was being filmed was now real. Barbara wasn't acting, she liked what she was doing and wanted to do it.

Barbara laid back on the bed and Lisa began returning the favor licking Barbara's cunt. Meanwhile Mark kneeled over Barbara's face letting her suck his cock making it hard again. Then Mark replaced Lisa between Barbara's legs burying his cock in her cunt. Mark fucked her hard and deep pumping her wet slit until he came inside Barbara filling her hole with his second load of sperm for the day. Mark pulled out and little cum starting trickling from Barbara cunt.

Lisa, having left the bedroom while Mark fucked Barbara, returned back between Barbara's legs only now she had gotten a banana from the kitchen. Lisa was going to show Barbara that she could improvise and get into some kinky sex too. Lisa knelt on the bed showing Barbara the banana as she slowly peeled it. When she finished, Lisa took the peeled banana and placed it on Barbara's slit. It was cool on Barbara's hot moist cunt entrance. Lisa twisted it and turned it around collecting some of Mark's fresh cum on the end of the banana. Then Lisa pushed lightly penetrating Barbara's cunt with the fruit. Barbara relaxed taking a deep breath as she felt the banana enter her hole. Lisa pushed more inside. It slipped in easily from the cum coating inside Barbara's cunt. Lisa pushed even more until half the banana was inside. Barbara was squirming with the pleasure of feeling the cold banana being inserted in her hot cunt.

Lisa continued fucking Barbara with the banana. She pushed more inside going deeper into Barbara's wet hole. Now only the tip of the banana was left showing from Barbara's slit. Then with her fingers Lisa pushed the last remaining exposed piece of banana into Barbara's fuckhole. It was gone, buried deep inside Barbara. Barbara moaned how great it felt. "Oh God, it feels so good, it feels so good." Lisa then found Barbara's clit with her fingers and massaged it bringing Barbara to a new heightened sense of pleasure. Lisa kept fingering her, feeling her clit grow harder. She grabbed Barbara's clit between her fingers massaging it harder, squeezing it, pinching it, making Barbara squirm uncontrollably on the bed. Lisa maintained her masturbation of Barbara's hard clit knowing soon an orgasm would begin. Lisa then put her other hand on Barbara cunt and pushing on it, making the banana go deeper hitting the bottom most part of her cunt. That caused Barbara finally to loose control, tense and tighten her body, clamping her legs together in a violent orgasm with the banana still deep up her hole. It seemed like Barbara would orgasm all day. Her body kept shaking

and shuddering as the orgasm rippled through her. Just when it seemed like she was coming out of it another wave rocked her through her body. Barbara was cumming over and over in multiple orgasms one after another.

When Barbara's orgasms eventually subsided, Lisa went back to Barbara's slit. She spread her cunt lips pulling them apart wide until she could see the tip of the banana. Barbara's hole was dripping wet from the her own fresh cunt juices that were mixed with Mark's sperm. Lisa's went down on Barbara sucking on her hole. After licking up the overflow of juices Lisa sucked hard on Barbara cunt. The banana began coming out. It glistened with sperm and cunt cream. Lisa bite off the end of the banana eating the creamy coated piece of fruit. Then she sucked some more out while Barbara wiggled her hips from the sensation of the banana slipping out of her hole. Lisa ate the cum and the cunt cream coated banana piece by piece as it passed out of Barbara's hole until it was all gone. Barbara lay on the bed rubbing her banana fucked hole and tasting her fingers of what remained of the flavored cum and cunt juice. Lisa licked her lips thoroughly having enjoyed her creamed banana. Mark just watched enjoying the show.

The three lay back on the bed in each others arms. Barbara the maid has found some new duties to add to her daily list. The scene was over. Barbara had finished her first movie. Once Barbara dressed she stopped to see John, the director, in his office to see how she did. She knocked on his door and went in. He was alone in the office.

"I was just curious what you thought of me," she asked.

"You were great," John replied. "I've never seen anyone suck on balls like you did." "And you really enjoyed licking Lisa's asshole, didn't you?"

"Yes, I did," Barbara responded smiling.

Barbara glanced down and saw John's bulge in his pants. "Am I doing that to you," she asked. John just smiled back at Barbara. Barbara put her hand to John's crotch feeling his hard shaft. "Would you like me to take care of that for you?" Barbara asked. She didn't wait for an answer, she just dropped to her knees and unbuckled and unzipped him. His cock sprang free standing at full attention. She sucked him into her mouth giving John the best head he's had in a long time. Then she licked his balls like she did with Mark only a hour earlier. John just moaned his delight to Barbara. "You're fuckin' incredible, Barbara." "What a good cocksucker you are."

Once Barbara finished bathing his balls, she returned to sucking his hard tool. She took it deeper and deeper until she stuffed all of his ten inch prick down her throat. Barbara sucked knowing she wanted to feel his sperm running, gushing down her throat. John could tell she wasn't going to stop until he unloaded in her mouth. He knew he didn't have to ask if she wanted it in her mouth either. It was obvious to him that Barbara was an experienced cocksucker and cum eater. John looked down at Barbara's beautiful face swallowing his cock and relished in the thought of his cumming in her beautiful mouth, cumming deep in her throat, cumming deep down making her swallow all of his load.

Barbara was an expert on making a man cum. She swallowed John's cock again and again, and deep, until his balls rested on her chin. She held him down there and looked up at John. She gave a little smile and with her face impaled with cock, she began tightening her throat on it. That was enough for John. Feeling Barbara tightening her throat muscles clutching his shaft was all it took. The sperm started flowing down Barbara's throat. His cock throbbed spurting into Barbara's mouth and down her throat. He held Barbara's blonde head to his groin while he unloaded the contents of his balls directly into Barbara. When he finished, Barbara pulled off licking the head of John's cock cleaning

up what little sperm was left.

"Thanks," Barbara said. "I needed that. I love a hot load of cum in my mouth." John was spent from the fantastic suck Barbara just gave him. Barbara stood up and walked out heading home.

## Chapter Nine

Barbara took a leisurely drive towards home, daydreaming about how much fun she had doing her first movie. But still, she wasn't satisfied, at least not sexually. Over the past few weeks her appetite for the bizarre sexual gratification had grown to where normal fucking and sucking weren't sufficiently stimulating to her. Yes the movie was exciting and fun to do, but she needed more to satisfy her. She didn't know exactly what it was she needed, but her body lusted for more cock, more sperm, more excitement.

She saw an adult book shop on the side of the road and thought about buying a large dildo. How nice a big cock would feel once she got home, even if it wasn't real. Barbara pulled over into the parking lot and went inside the shop. It was 2:00 o'clock and only a few cars were in the lot. She felt a little awkward going into the sex shop dressed the way she was. Her short tight skirt that showed off her long legs and the halter top that exposed allot of her breasts made her look rather whorish. But she thought it would be a quick in and out just to buy a toy to play with.

Once she got inside there were two men at the counter by the register. One was a somewhat heavy black man, rather scruffy looking, unshaven, and wearing dirty old clothes. The other man was black too, only he was tall and much younger more of a clean cut teenager. There was a third man in the room adjacent where the movie booths were, but Barbara couldn't see him because it was so dimly lit.

Barbara walked into the store where the books were sold and hanging on the wall was an assortment of sex toys including various sizes and shapes of dildos. After a few minutes deciding what to buy and feeling the eyes behind the counter fixed on her, Barbara chose a long twelve inch black rubber dick. She brought it up to the counter to pay.

"Hey, baby," the big burly black man said. "I'm George." "Why does a beautiful lady like you have to buy a rubber dick?" "Wouldn't you rather have a real one?" Barbara didn't say a word. There was a moment of silence. "I see you like a black one too, huh?" Again Barbara said nothing. "Hey Ray, George called to his helper." "Look at this, the young lady likes black dicks." Ray stood there waiting to see what Barbara was going to do next as George keep teasing her. "Listen honey," George replied. "Mine is a big as that, and looking at you is making it grow." George walked around in front of the counter while Barbara finally spoke up to him. "Can't I just pay for this?" Barbara asked. Now George stood right next to Barbara. "You know,..... I think you want a nice hard, hot, black cock, don't you?" Barbara remain dead silent again.

George placed his rough hands on Barbara's shoulders staring directing into her eyes. Still Barbara didn't say a word. She was getting excited though. She knew he was going to force himself on her. And she was going to let him. She was even getting wet between her legs thinking about his cock and Ray's too. Was this the excitement she was looking for, being treated like a common street whore. George pushed on her shoulders forcing her down and she allowed him to do so. She went to her knees in front of him. She could see the bulge in his pants and knew he had a lot to offer her. George pulled her face to his crotch and she could feel his hard shaft on the other side of his trousers. She backed away, looked up at him, then reached to unzip him. Barbara pulled out his

eleven inches of black meat already hard and ready for her. She gave the black head a quick kiss and suck, then stood up beginning to remove her clothes. While she undressed she stared at George saying, "I hope you're good at using that thing." George smiled, "don't you worry honey, there's plenty here to take care of you."

Barbara finished undressing while George stripped too. Then he grabbed hold of Barbara's delicate 38" breasts with both of his rough hands. He squeezed them feeling Barbara up. She closed her eyes letting him manhandle her prize possessions. He was rough with her, squeezing, pinching and pulling on her tits. It hurt a little, but she let him have his way. Her nipples began to grow hard, so he grabbed them between his fingers. Barbara became more excited as he played with her erect nipples. Then suddenly, ""pain"" screamed through her body. George pinched her nipples between his fingers hard, real hard. He squeezed with all his might keeping Barbara wincing with the pain as it continued traveling through her. She cried out to him to stop trying to pull away, but that only made it worse. His grip was firm on her hardened nipples. Her tits were filled with excruciating pain. Barbara looked at George. He had a smile on his face enjoying Barbara's pain. Then he let go and bent to suck her breasts and nipples. They were hard as rocks protruding from her tits.

Barbara then resumed her position kneeling, sucking George. By this time, Ray wanted in too, so he began peeling his clothes off. When Ray finished undressing, Barbara was already taking most of George's cock down her throat. George was holding her head and fucking her face, his cock sliding in and out of Barbara's mouth. Then Barbara would open her throat letting him push down and she would help by grabbing his buttocks pulling him towards her taking his big black tool deeper and deeper until she swallowed the whole thing. Ray couldn't believe what he was seeing and George was moaning how great it felt. "God, this bitch is hot." "What a sweet deep throat you got, baby." George kept cramming his cock down Barbara's throat until finally he let loose and starting cumming. Barbara forced his cock deep so she could feel his spasming cock in her throat as it throbbed filling her belly with his hot black jib.

Once George finished and pulled out, Ray took his turn with Barbara. He pushed her down on hands and knees and planted his ten inches up her cunt. He rode Barbara for awhile until she begged for it in the ass. "I got to have it in the ass." "Fuck me in the ass, please." Ray was more than happy to stick his aching cock up Barbara's asshole. Once he placed his cock on her anal entrance, he easily penetrated her fully, planting his black cock all the way up her back chute. Then he fucked her hard, ramming himself over and over up her asshole. Barbara starting panting from the fast assfucking she was getting and she was getting close to cumming herself. She begged Ray for it harder. "Fuck me harder." "Ram me harder." "That's it, that's it, fuck my asshole." "Ahhhhhhhhhh!!!!!!!" Barbara started cumming and Ray began pumping sperm in her ass. In her splendor she could feel the jets of jism striking the inside of her ass. His cock felt so hot, his creamy sperm felt so wonderfully warm and his balls were like fire as they rested on the skin of her soft buttocks. Finally Ray finished filling her rectum and pulled out leaving Barbara resting on the floor.

George was not about let Barbara go, he wasn't finished with her yet. She was the hottest thing that ever walked into his store. As she lay on the floor, he attached a collar and chain to her neck. She was now his slave awaiting his orders, awaiting his commands, ready to perform any whim he may think.

Once Barbara sat up she realized that she was bound by the neck and on a least like a dog. George saw she recovered from the assfucking and told Barbara what he had in mind. "Can't let you go yet, my love." "You're what I've always dream of, my own personal slut." "You'll be with us for the rest of the day."

Barbara just sat there, not in any sort of position to do anything about her predicament. "So what

were you going to do with this big twelve inch dildo?" George asked. Then he opened up the package and held the rubber cock in front of Barbara's face. He pushed the end of it in her mouth letting her get it wet with her saliva. Then George rolled Barbara over on her stomach. He put the big black rubber cock in her asscrack and started rubbing up and down her back crevice. "Kneel up," he ordered. Barbara got up on hands and knees. George took the massive fake cock and twisted it around her anal hole until the head pushed in. Barbara let out a deep groan. He pushed inward maintaining a force driving it deeper up her asshole. He continued on determined to fully inserted the rubber cock in her rectum. He pushed it in until all twelve inches had penetrated her anal hole. Only a tiny portion remained sticking out of her ass. "You like it up the ass don't you?" George asked Barbara. Barbara just kept moaning. But George was right, she did like up her asshole. It was big and hard and made her feel so aroused. "Now you keep it in there until I say you can take it out." George commanded.

George then took the leash and began leading Barbara toward the backroom. "Crawl, bitch," he told her not letting her stand. Barbara crawled on hands and knees behind him. Once they entered the back room Barbara saw the third man that she had seen when she entered the store. He was an older black man, apparently working there cleaning up the booths from all the men that watched the xxx rated films and masturbated. "Her Jasper, lookie here." Jasper didn't talk, he just turned around, looked at Barbara and began undoing his zipper. Barbara then realized that Jasper was mentally retarded, but he knew a good looking white woman when he saw one. "C'mon cunt," George said leading Barbara by the leash, "looks like Jasper likes you." He led Barbara up to Jasper as he took out his black cock and stroked it. He was beating his meat pretty fast aimed right at Barbara face. Jasper had been working in the back room and was pretty sweaty. As Barbara got closer she could smell his body odor. His hygiene obviously was very poor for he smelled like he hadn't seen a shower in months.

As Barbara crawled closer his pants dropped to the floor. Jasper's cock was maybe nine inches long but his balls were immense. He continued jerking his meat toward Barbara as she got closer. The dildo in Barbara's ass was beginning to work its way out as she crawled. George reached down pushing it swiftly back up her asshole. He hit the rubber cock hard jamming it in Barbara's ass. The force of it hitting deep in her rectum made her lunge forward right into Jasper's crotch. His crotch reeked making Barbara turn her head. "Looks like Jasper wants to give you a face full," George remarked. George pushed Barbara face to Jasper's cock and it hit her lips. The stench was incredible. "C'mon cunt, open up. Jasper's never been sucked off before." "You'll get used to his smell." Barbara took Jasper's black smelly cock in her mouth. She sucked it and tongued it. It tasted unbelievably foul. Barbara thought she might heave her guts up. "Clean them big balls too." George added. Barbara just kept the cock in her mouth. George yanked on the leash, "let's go you filthy fuckin whore, suck them balls too." Barbara spit out Jasper's cock and started licking his sweaty dirty balls. George pushed her face against Jasper making Barbara suck his big balls into her mouth. Then she released them and licked his crotch of all the sweaty smelly scum that was encrusted between his legs. George didn't let Barbara go until he saw that Jasper was ready to blow his load. Suddenly sperm erupted from his cock splashing into Barbara's face. Jasper's load of cum was huge, covering her face with spurt after spurt of hot thick gunk. Then he rubbed his black tool over Barbara smearing his load around making certain every inch of her face had a coating of his hot cream.

"C'mon bitch, let's see what else we can find for you." George led Barbara around the movie room looking in the various movie booths. "Hey, look what we have here." George had opened one of the booths and the floor was covered in sticky sperm. Jasper hadn't yet cleaned this one. The floor was an ocean of cum from the previous viewers jerking off while they watched the porno movies. "Get in there and crawl around in that jib," George ordered. Barbara did as she was told. She crawled into

the movie booth. She could feel the sticky gooey substance on the floor as it stuck to her hands and knees. "Lay down in it, slut." George was making Barbara act out and feel what it was really like to be a cum hungry slut. What woman would obey orders to crawl and wallow around in a dirty cum infested adult shop. Barbara laid down on the floor feeling the slimy sperm on her gorgeous legs and soft buttocks. It was slippery and she kept sliding around on the cum covered floor.

"Look at that," my dear, "a snack." George pointed under the bench in the booth to a condom on the floor. "Go ahead, eat it." Barbara looked at him. She had done allot of disgusting things, but this was the ultimate. Was he really expecting her eat the slimy old cum from a used condom of an unknown man. Was it a white man or a black man's sperm. How long had it been laying there? She reached for the used condom picking it up from the floor. It was still warm and full of sperm. Actually, there was allot of cum in it. Whoever filled this condom had released a pretty big load. "Drink it down." George ordered. "I know you want it, so eat it." "We both know you're a cum eating whore, so go ahead." Barbara took the rubber and brought it to her mouth. Then looking up at George and still sitting in a pool of sperm, she sucked the condom inside out inhaling the cum of a man whom she never met. The slimy dirty condom hung from her mouth as she attempted to clean the sack of its contents. She swallowed it and licked the rubber condom clean getting every last drop of jib that was spent in it. George, Ray and Jasper watched as Barbara did the dirtiest thing they'd ever seen.

Suddenly, it didn't matter anymore to Barbara. She needed cum no matter whose it was or where it was. She ate it and swallowed it all like it was her favorite food. And it was. Whose cum was it running down her throat? It was still somewhat warm and still had a thick consistency inside the rubber. She kept slurping it, sucking the old condom in her mouth determined to thoroughly suck out every bit of jib. It was then Barbara finally came to the realization that she would eat cum, eat sperm, jism, eat jib from anyone or anything. She truly was a cum hungry whore. A beautiful cum eating slut. And she liked it, especially the way George and Ray and Jasper watched in utter amazement as she performed her dirty disgusting acts.

"What a fuckin slut," George commented. "Suck that stuff down, whore." "Show me your mouth." Barbara opened up showing the men the sticky gooey stuff on her tongue. Then she closed her lips to slowly and deliberately swallow the old jib. "Fuck, man." "What a disgusting cunt you are."

When Barbara finished her cum meal George made her crawl back to the other room. As she crawled back he reached down extracting the big dildo from her asshole. When Barbara entered the other room she sat on the floor. George held the dildo out to her showing how slimy the rubber cock was from being in her ass so long. "Okay, you fuckin' slut, open up." Barbara opened her mouth to him. George put the cock on her tongue pushing some of the sticky shaft in her mouth. Barbara opened her mouth wider to accommodate the huge black scummy dildo. George pushed more in. Barbara didn't resist, she took it. George pushed more making Barbara tilt her head up as it hit the back of her throat. Then George forced it deeper making her swallow the big black rubber cock. It entered her throat and George pushed it down, all the way down, forcing into her throat until all twelve inches of the slimy stick was lodged in her gullet. Then Barbara wrapped her lips tight around the cock while George slowly extracted it. All of the slime covering that coated the shaft, the scum from deep within her ass, Barbara cleaned off with her mouth and lips. Then in one gulp, she swallowed her own dirty asshole gunk down. George took the dildo and shoved it back up her ass telling her it was his present to her for such a great time.

"I ain't never seen any white woman so down right dirty and disgusting like you, honey." George remarked. "You can come back here anytime, you hear."

George told her to dress and she began putting he clothes back on her sticky, sperm covered body. Her white silky panties clung to her thighs and rear end as they became saturated with slimy cum.

Her legs glistened from the stickiness and her face and hair were crusted with jism. And she had the taste of her own asshole still in her mouth.

Barbara left that way, still covered in the black men's sperm and still with a twelve in rubber cock in her ass. It wasn't until she got home that she cleaned up with a shower and laid down for a nap. Barbara had enjoyed another day of exhausting nasty dirty sex. But now she was satisfied. Her sexual lust lay dormant, at least for now.

## Chapter Ten

Barbara sat at home daydreaming about the last few days. She had changed allot since a week ago. All she thought about was cocks and cum. She remembered the feel of them sliding down her throat and erupting with sperm while buried in her. And how much she enjoyed her mouth full of the sticky stuff, the slimy feel of it on her tongue, the salty taste as she swallowed it, and the look on the men's faces when they unloaded in her mouth. Then she thought of how she loved a cock in her ass. Feeling a hard shaft penetrating her asshole was as pleasurable as having it up her cunt. She knew men were real turned on at the idea of sticking their cocks in an asshole, especially in a beautiful girls' like Barbara. It made her feel good that she gave so much pleasure to them.

Barbara knew exactly how she acted this past week. She had turned herself into a pure slut. But she didn't view it that way. She like cock and sperm and any kinky sex that would turn her on. And she wasn't about to stop. She wanted more and allot more. Most of what happened to Barbara was merely by chance. Now, she was planning how to continue getting what she wanted, desired and craved.

Barbara decided to head downtown tonight and go after what she desperately wanted. She had seen many prostitutes hanging out on the streets, only now she was going to be one of them. Except she wasn't looking for money, she just wanted a hard cock to satisfy her lust.

Barbara dressed herself in a short mini skirt and a short tight top, no bra, no panties. Her smooth creamy white legs were irresistible. She desperately wanted a man's hand running up her soft thighs, under her skirt in search of her pantyless crotch. Her 21 year old breasts stood out from her chest even without a bra. Barbara was proud of her firm 38" tits. And she liked have them fondled and her nipples pinched. She fixed her gorgeous blonde hair nicely in curls with it touching along her cheeks. It seemed to drive men wild when her blonde hair danced on their groins when Barbara sucked them off. She put on some make-up and slipped on her high heels. She was magnificent. No man in his right mind could resist the way she looked.

Once Barbara arrived downtown she parked in a parking garage and walked out to the street. It was nearly 10pm and the streets were starting to quiet down. Barbara wasn't exactly sure what to do first, so she hailed the first cab that went by. Upon entering the cab she noticed right off the big black man that was driving. There was something about black men that stuck a nerve in her. She liked the way they reacted to fucking her, like she was a forbidden piece of fruit. There hadn't been a black man yet that hadn't really gotten off fucking her tight blonde cunt. Now she was in the same car with another black and she wanted him. She could feel her lust building inside her. It didn't matter to her what he looked like, all she could think of was his cock. Maybe he had some friends she thought, to keep her busy the rest of the night.

"Where to," he called back to Barbara.

"Anyplace where a horny girl can find a good time?" She asked with a question.

The big black driver turned around staring into Barbara lovely eyes, admiring her long blonde hair and gazing at her exposed legs as she sat in the back seat with her skirt almost up to her waist. "I can show you a good time here, baby" he replied. "I don't know," Barbara answered coyly. "I'm going to need more than just one black cock tonight."

"Don't you worry," he said. "I know where to git you plenty more once we git done."

The black driver got out of the cab and jumped in the back with Barbara. "So you want some black meat, huh?" "You sure are pretty." He reached toward Barbara feeling her long smooth legs running his hand up her thigh until it disappeared under her skirt. "Shit, babe, no fuckin' panties?" His eyes almost popped out of his head when his hand touched her exposed pantiless pussy. Barbara's slit was already wet anticipating his touch. She was crazy with lust and now feeling his strong black hand probing her made her even more nuts.

His fingers ran along the folds of her slit at first. Barbara closed her eyes enjoying his touch as much as he enjoyed feeling up this gorgeous white slut that happened into his cab. Then she felt his fingers spreading her hole open and a finger slipped in. Barbara felt her cunt juices dripping down her crotch into her asscrack as she slouched down more on the back seat spreading her legs open wider. Then another finger entered her pussy and he started fucking her with his fingers. Barbara moaned out loud it felt so good. She grabbed his hand between her legs helping him finger fuck herself, driving his fingers deeper and harder into her cunt. Barbara wanted to cum desperately.

The black cab driver stopped momentarily to pull Barbara's skirt off, tugging on it as she wiggled out of it. Then he yanked the halter top off freeing her perfect tits for him to inspect. "My God, what fuckin' tits," he remarked. He squeezed both of them in his hands while licking her soft dark nipples taking turns back and forth. They immediately responded to his tongue growing hard and taut. It felt so good feeling his warm mouth on them and when he bit her nipple tips, it was like an electric shock that struck through her. Then her return back to her slit shoving his strong fingers inside again.

Frantically she keep his fingers working between her legs. She had hold of his hand helping him fuck her, guiding him up her slit, jamming it further and further inside. "More," she whispered ever so softly. At first the cab driver didn't know exactly what she wanted. But he quickly figured it out when she took his hand and helped him insert another finger. She wanted more fingers in her. Her juicy cunt easily accepted his three fingers all the way in her hole. Barbara's frenzy was at the point of being out of control. She was ramming his hand against her crotch shoving his fingers inside her hot hole. No matter how much Barbara got, it seemed like she wanted more. In her lust driven frenzy and nearly panic stricken voice, again she whispered loudly, "all of it.....go ahead.....shove it all in."

Barbara grabbed his hand squeezing his fingers together pushing his curled- up hand into her sopping wet gash. She pushed him into herself. The cab driver couldn't believe it, but he help her. He pushed his fingers hard into her cunt trying to open her up. She wanted all of him inside her. He had never done anything like this before. He had seen pictures of women with fists in them, taking a whole hand up their cunts, but never thought he would get to do one. He pushed harder and Barbara was helping him push in.

"Shove it in, c'mon, push it all in," Barbara begged of him with lust of a depraved slut.

Barbara was making some display of herself. But this is what she wanted. Barbara was driven completely by her sexual desires now. Whatever pleased her body, she would do. She dressed like whore, she acted like whore, she solicited herself like whore, and now she was letting herself,

actually making herself be treated like a whore.

Barbara was out of patience. The cab driver was being too cautious in his penetration of her pussy. And Barbara was too caught up in her lust. She grabbed his wrist tightly and pulled him hard against her wet slit. His hand spread her cunt wide and passed through. His hand was in her, buried up her hole. Barbara began wiggling her butt enjoying the feel of his hand inside her.

"Oh, that's it." "Yesss." "Yesss." "Ahhhhhhhhhh!!!!!!!" "Fuck my cunt."

"C'mon, fist me." "Fuck my cunt with your fist."

The cab driver started moving his hand inside Barbara back and forth fucking the inside of her cunt. Then he made a fist and tried to withdraw it stretching Barbara's gash wide, then he shoved it back in. As he noticed how much Barbara liked having her snatch fisted he began journeying deeper inside Barbara. He started feeling around inside her cunt touching her delicate cunt lining, probing at it, stretching it. He forced inwards until Barbara winced in pain, then he back off only to repeat his probing and the search within this slut's cunt. Barbara was squirming on the back seat impaled by the black drivers arm up her cunthole. She was in ecstasy as he fist fucked her with only an occasional wave of pain from his deep probes. The feeling built and built, stronger and stronger. Barbara's cunt felt like it was on fire. She couldn't stand it any longer. She had to cum or go crazy. She grabbed his wrist, ramming it hard into her hole. The cab driver's fist bottomed out deep in her cunt with at hard impact. Barbara's body then burst into a violent orgasm. Her cunt gripped the cabby's hand flooding it with her fresh juices. His wrist felt her hole tighten as if to snap it off. And Barbara held him inside her, letting herself enjoy the fullness inside her cumming hole. When she came out of her delirious state, she spread her legs and helped him extract his big black hand from her dripping slit. She kissed his hand, licking her juices from it, tasting her own cum.

Barbara wasn't finished with him by no means. She had a deep seated lust and one orgasm, although incredibly gratifying, was not nearly enough to satisfy her. She reached for his crotch touching him, feeling his already hard shaft through his pants. He wasted no time then, his cock had become rock hard while he was playing with Barbara fisting her. He unbuckled himself and yanked his pants off including his underwear. His big ten inches stood out from him shining, reflecting some of the light from the street lamp overhead.

Barbara had been waiting all day for this. Finally a hard cock to suck on. And with a little luck, it will be the first of many tonight. She took it deep in her mouth gobbling it up in her own slutty way until it hit the back of her throat. The cab driver just knelt between her legs letting her suck his cock with her beautiful soft lips. He hadn't expected Barbara to be so aggressive, rather he figured she might need some coaxing. But this wasn't Barbara's first black cock by no means. She knew exactly what she wanted.

She grabbed his buttocks with her hands and pushed her face into his groin swallowing his ten inch tool. "Fuck, bitch." "What a goddamn good cocksucker." She backed off him, looked up, smiled, and down his cock went again into the depths her throat. Barbara loved deep throating and she knew men loved it too. It sent a strange sensation through her body when she swallowed a hard cock. She could feel her throat stretch open to accept the hard meat and it always felt so warm. And when a man started cumming while deep in her, Barbara nearly would cum herself. The throbbing in her throat as a cock pulsed dumping sperm down her gullet was pure enjoyment to Barbara, yet the men think they're doing a nasty degrading thing to her.

Now she had the cab driver's cock down her throat, ten inches of hard black meat. It was easy, Barbara swallowed it without a hint of any difficulty. She took him in and out, all ten inches,

repeatedly, over and over. She fucked her own throat with his shaft as if it were a loose cunt, no pushing, no forcing, just cock swallowing.

Once she felt he was really horny and couldn't take much more, she backed off him again, knelt up to him looking him in the face, and gave a delicate little teasing lick on his lips before saying, "Fuck me in the ass."

"Oh, fuck me man." He replied trying to restrain himself from creaming right then all over Barbara's face and tits.

Barbara turned around to kneel on the back seat, but it was too cramped in the small space. So she opened the door to the cab and knelt on the edge of the seat with her ass up in the air facing out the door. Quickly the driver went out walking around the cab to the other side. Barbara's ass was ready and waiting for his cock. He positioned himself right on her back door and Barbara beckoned him again.

"Go ahead, fuck me in the ass with your hard black cock."

He wasted no time. He pushed on her anus and penetrated her back hole. Once inside her and hearing Barbara moan in enjoyment of his stiff tool, he grabbed her around the waist and pulled her back as he pushed forward. His cock forced through her tight asshole in one motion. He was buried completely up her rectum. This black man was in heaven. He never ever had a white woman before. Now he had his hard cock stuffed up the asshole of a beautiful blonde and she loved it.

"Oh, God yes," Barbara cried. "Fuck me." "Fuck me." "Fuck my asshole."

Barbara was making him crazy with her slut talk. This black man couldn't believe such a beautiful looking white woman would beg so desperately to be fucked, much less in the ass. But that's what was happening. Barbara was begging him to fuck her tight anal hole. He stayed buried in her for a moment trying to come to his senses that this was really happening. As he looked down he saw that he really did have his ten inch cock inside an incredibly beautiful blonde's asshole. And her words kept echoing in his mind, "fuck me, fuck my asshole."

He withdrew his tool slightly and shoved it back in several times until Barbara's hole got accustomed to him. He was going to give her what she wanted. He picked up the pace fucking her faster and harder with longer strokes until eventually he was able to extract all of his cock from Barbara's ass and re-penetrate her hole in one quick motion.

"Oh, God yes." Barbara repeatedly cried out. "Fuck me, fuck me hard."

He was holding Barbara's asscheeks with his hands keeping them spread apart as he bucked his hips back and forth driving his ten inch cock over and over up Barbara's ass. The cab rocked each time he bottomed out when his body slammed into Barbara's rear end. When he did, Barbara let out a grunt from the force of him slamming her. He was relentless fucking her hole, his cock pistoned like a machine driving both him and Barbara to the brink.

He tried to keep reaming her asshole longer, but he kept thinking of this being the first time in a white ass and she was so beautiful, he couldn't hold back. Watching his black tool sliding in this beauty's rear end was making him crazy. In his excitement he finally yelled out, "I'm gonna cum, I'm gonna cum."

Barbara quickly responded in an almost begging voice, "NO!! NO!!" "Not yet, not yet!!" "Do it in my mouth." "Cum in my mouth."

Barbara's incredible pleas would make any man cream right away. And this cab driver was no different than any other. His cock was ready to explode inside her ass. But he wasn't about to deny this beauty's request, so he pulled from Barbara's ass in a hurry letting her turn around just in time to position herself in front of his hard throbbing black cock. She grabbed it in her hand just as he let loose with a giant stream of sperm. The cum hit Barbara in the face so she quickly moved closer wrapping her lips around his throbbing meat. Now she was ready.

The cab driver shot again unloading a tremendous spurt in Barbara's mouth, then another and another. He ejaculated with incredible force. Barbara felt the spurts hitting the roof of her mouth and literally splashing all over inside her. She kept her lips clamped around his throbbing cock while she stroked his shaft helping him empty the built up contents of his balls directly into her mouth. His slimy jib was unbelievably thick, it felt like it formed one big glob inside her mouth and there was allot of it. This had to be the biggest load she'd ever had from one man. Her mouth was almost full and she had missed the first spurt, that was all over her face.

When she felt he was done, she looked at him holding the sperm in her mouth. He looked down at Barbara seeing her face spotted with his first blast of cum. Then she opened her mouth giving him a quick show of his sperm load in her mouth. He could see his white jib all over tongue, in fact you couldn't even see her tongue, her mouth was a giant pool of fresh hot thick sperm. With her mouth opened for just a second a little ran out the corner and down her cheeks. But, as fast as she opened her mouth she closed up again and swallowed his glob of jism making a gulping sound for his benefit. Then she licked the end of his cock getting any remaining cum making sure his cock was clean.

"You're fuckin unbelievable," he whispered loudly trying to regain his composure. "Do you do this often, I mean do you fuck black men allot?"

"Sometimes," Barbara replied. "Actually, I've just realized how much I like black men." "I know you think I'm probably a slut. I know it. But I don't care, I like what I'm doing. I like sucking black cock and there cum."

"Now, I'm just getting warmed up. You said you could get me more cocks. Did you mean that?"

"Lady, if that's what you want, then that's what you'll get." "How game are you," he asked.

Barbara replied, "as many as you can find, and as long as they can get 'em up. I'll bathe in their cum if they can give me that much."

They both got in the cab and off they went in search of cock and cum party for Barbara.

## **Chapter Eleven**

The cab driver's name was Randy as Barbara found out as they sped off into the city talking to each other while driving through the downtown area. Randy knew exactly where to go to get Barbara more of what she wanted. There weren't many women like Barbara in the world. She was one in a million seeking the wild times and kinky adventures. Randy's friends were in for a real treat tonight.

It was almost midnight now as Randy parked the cab in a narrow alley off a deserted street next to what looked like a bar or pool hall. This area of the city wasn't the best, most people wouldn't be caught near it, much less a young white woman, especially at night. But Barbara wasn't afraid, this was what she wanted, what she craved. It was exciting, a strange place, strange men, and the

unknown of what would lie in store for her in this building.

It was a pool hall and bar patronized mainly by the locals in the area of the city. It wasn't a real big place, it had the bar along one wall with ten stools, seven or eight tables with chairs and an area off the back with a pool table. As Randy and Barbara entered Barbara looked around. Even at midnight the place was crowded, there had to be thirty people in the smoke filled hall. Some were seated at the bar, some at tables and some playing pool. There were a couple young black girls apparently with their boyfriends sitting at a table, a couple young unshaven scruffy looking white men at the bar and the rest were middle aged black men spread throughout the room, all of them were eyeing up her delectable body. Everyone of them was undressing Barbara with their eyes and wishing they could reach out to grab her firm thirty eight inch breasts that jiggled as she walked toward the bar. How they would love to rip her halter top off exposing those luscious tits and get a chance to see her hard nipples that protruded through the material. Then to run a hand up her thighs feeling those long, long legs that went on forever disappearing under the shortest of tight skirts, that would be like heaven. They all were thinking the same, rip her fuckin' clothes off and let's see this hot bitch naked. Then fuck her, fuck her hard, give this white cunt a royal fuckin'.

As Randy and Barbara approached the bar while all eyes remained fixed on her. Barbara went to the closest open bar stool and sat down while Randy spoke to one of the two bartenders. He was a big black man of about forty years old maybe six foot five tall. His body had a tremendous build, he was big framed and very muscular. As Randy whispered to the bartender a big smile grew on his face as he glanced toward Barbara. Then they walked over to her where she sat.

"Hi there, honey." "I'm Mike, but my friends call me "Bull." "Randy tells me your hot stuff, looking for some fun." Barbara nodded her head giving Bull a soft "yes, that's right."

"Aren't you afraid being here, or what we might do to such a gorgeous young thing like yourself?" Bull asked.

"No, I'm not afraid" Barbara replied brazenly. "I'm not afraid at all." "What I want is for you to fuck me, fuck my whole body with your black cock."

Bull was a bit surprised to say the least, he never heard of a white girl begging for a black cock. He remembered a year ago, a couple white girls wandered into the bar when they were lost, and wound up with two of his black brothers forcing themselves on the girls. It was nearly rape until the girls started getting into it and enjoyed the black fucking. But this was unheard of, especially with such a gorgeous blonde like Barbara. She could have any man just for the asking. But instead she was going to get herself gangbanged by everyone in this place. Bull hoped she knew that.

"Do you realize once I start with you, every man in here will right behind me waiting for his turn?"

"I'm ready for them," Barbara replied.

"You asked for, honey." Bull answered back to her. He led her to the center of the floor out away from the bar. Then he pointed to her halter top and skirt. Barbara pulled it up over her head letting her thirty eight inch tits fall free. "Fuckin' nice tits," Bull exclaimed as did a number of others. Then Barbara slipped her short skirt down her legs and she was naked in front of a room full of horny men. Bull reached out, at first gently caressing her lovely white breasts, then began squeezing them enjoying how nice and firm they were, yet still so soft. Her nipples responded growing hard. Bull pinched them and pulled on them, then he took them one at a time to his mouth sucking on her beautiful breasts.

Bull quickly ripped off his shirt, then dropped his trousers and underwear. Barbara's eyes lit up.

Now she knew why the nickname "Bull." He had a monster cock. It was thirteen inches long, about five inches thick around, very smooth and shiny and best of all, already hard. It was a gorgeous black cock in Barbara's eyes. And she knew black cocks. She dropped to her knees, grabbed it jerking it a couple times working the skin of his shaft, then brought it to her mouth. She took the head and started sucking it, then taking more and more until she had to begin swallowing the hot meat. Barbara was wasting no time. The smooth cock glided down her throat so easy, how she loved it. Barbara took all of it, deep throating Bull as he watched in amazement how this blonde honey could so easily do what his girlfriends couldn't.

Barbara backed off Bull leaving his cock glistening with saliva. She asked, "want to fuck my ass?" "Hell, yeah, sweetheart," Bull answered. He let Barbara kneel on all fours. Then he stooped behind her rubbing his cock between her legs. He slipped his black shaft in Barbara's cunt first, collecting some juices from her moist slit. Then he went to her asshole. He pushed on her anus and she let him push in. Her little anal pucker sucked the black head of his cock inside. Barbara let a deep sigh out, signaling her approval of how nice Bull's big cock felt. "You like it in the ass, don't you honey?" He asked. "Oh, God yes, yes," she replied in a loving it voice. Then Bull squatted down impaling her ass, driving his hard tool deeper and deeper until he had penetrated her asshole completely and was buried inside. "Oh, yesssss," Barbara cried out. "Fuck my asshole." And Bull did. He started pumping her, fucking her asshole with his thirteen inch cockmeat. Barbara thoroughly loved his huge black meat pistoning her white ass.

After a couple minutes he pulled out and quickly returned in front of Barbara's face. He was so excited from fucking this blonde piece of ass his cock was ready to burst. Barbara wrapped her hands around his engorged black prick and immediately the cum started pouring from his cock. Barbara was ready for it. Her mouth was opened and ready to take Bull's sperm as it gushed in torrents from his stiff throbbing meat. He had a massive load that sprayed nearly out of control. Thick heavy streams of cum shot in Barbara's mouth and lined along her cheeks and forehead. A couple spasms generated big globs of sperm that dropped onto her tongue and slid to the back of her throat. It was a great load to start the evening off. The jism on her face felt warm and slimy and the mouthful she swallowed she savored, enjoying the taste of the big man's love juice. Then she cleaned his cock with her lips sucking out what little he had left.

Meanwhile another black man was at Barbara's back door. In he went and started fucking her asshole, wasting no time in pumping her back chute. Then another cock replaced Bull in front of her face, a white one this time. Everyone was getting into it now. Even across the room Barbara could see the two girls that were at the table with their boyfriends earlier, now were naked and getting fucked too. Then the cock in her ass exploded, filling her ass with sperm and another took its' place squeezing through her tight sphincter. Then her mouth fill again with cum, she had to swallow, and another cock spasmed in her ass. She looked around seeing a line of men waiting their turn for a chance at her beautiful ass and another line waiting to give her blonde face a mouthful. It was going to be an all night anal and oral fuckfest.

About a half hour into her gangbang she looked up seeing one of the young black girls standing in front of her with her boyfriend. She seemed a little hesitant as she approached Barbara, her boyfriend was coaxing her on. "Go ahead, sweetheart," he coached her. "Let me see her do it to you." Barbara wondered what he meant. Then the boyfriend pushed his girl moving her closer until she was standing right over Barbara's face. The girl reluctantly reached between her legs spreading her pussy. Barbara could see the cum starting to seep from her cunt. They obviously had just got done fucking and he had pumped his girl full of his seed. Now he wanted to see the white slut Barbara suck it out of his girl.

Barbara pulled the girl down to her face by placing her hands on the girl's waist as a guide. Then

Barbara made contact with the black girl's fucked cunt. She licked through her slit collecting a little of the sperm that was seeping out. The black girl moaned from the soft feel of Barbara's wet tongue searching her pussy. Barbara probed the black cunt deeper, sticking her tongue inside, feeling the slimy load her boyfriend pumped in her. She sucked on the cunthole pressing her lips to the black girl's wet gash. She sucked again, harder, and the sperm passed into Barbara's mouth. The black girl went wild, never having felt the pleasure of another woman eating her slit before. She orgasmed, shaking while Barbara ate the cum from her hole. The black girl's love juices flowed into Barbara's mouth too, as she sucked and sucked on the young black cunt.

Finished sucking out the sperm, Barbara looked up at the girl, her boyfriend holding his girl's shuddering body, and asked. "Do you suck your man's cock?" "Nnnnn....ooo," she shyly answered almost in shame. "You don't know what you're missing," Barbara replied back.

Barbara grabbed for her boyfriend's semi erect cock putting her mouth over it while his girl watched. Barbara sucked him, lick him, suck more until he grew hard. She sucked him deep in her throat showing the girl how to give her man a good blowjob. His cock grew stiffer and he moaned his pleasure as his girl watched the enjoyment in his face. Then he cried out, "oh fuck me," and he came. His sperm filled Barbara's mouth. Then Barbara pulled his shaft out momentarily, showing the girl her man's sperm before she gulped it down. Then Barbara cleaned up his cock, lifted his shrinking shaft to lick his balls and give them a quick suck into her mouth, then she twisted his body around and gave him a fast lick up his asscrack pausing a second or two just to be sure he felt her tongue tickle his asshole. Barbara looked back at the girl standing there in astonishment. "You got a tasty boyfriend, honey. Better try him before you lose him." Then barely able to walk both the young black girl and her boyfriend returned to their table.

At least an hour went by, Barbara's face had taken many loads, some was in her hair, all of it she swallowed. Her ass was pretty juicy too, she knew her rectum must be full of sperm, it was running down her crack and down the insides of her thighs. The next black man up complained, "this bitch is gettin' damn messy, can't we clean her ass up?"

Bull thought for a minute and sure enough had the solution. He came out from behind the bar carrying what looked like some sort of pump. Actually it was some sort of penis enlarger. It was a pump that had a clear tube to insert your cock and a plunger that when pulled would suck on your cock in an attempt to stretch it longer. It even worked good as a masturbating device, like getting a blow job. Bull had doctored it up some covering the open end of the pump with a tapered cap that had a hole in the end. Well, Bull brought it to Barbara placing the end of it on her asshole. He pushed the tapered end of the pump in, then once the clear tube portion entered her ass, he forced a couple more inches in making sure it was well planted in Barbara's rectum. Then Bull pulled on the plunger. He was siphoning the jib from Barbara's ass. The clear tube began filling with a whitish brown sludge as Bull extracted the plunger. It was all the sperm that had been deposited inside Barbara's ass, only tinted from mixing with traces of her own excrement. Slowly Bull kept pulling until he filled the tube and pulled the pump out. There must have been at least a pint of the cum swill in the tube.

"Okay," Bull exclaimed. "She's ready for more. Another black cock went up Barbara's asshole, driving into her, reaming her hard. Bull walked in front of Barbara showing her the pump full of sperm. Bull just wanted to show her how much cum she had taken out of her. But Barbara looked up at him and even while being assfucked looked for more. She opened her mouth in a begging fashion to Bull. She wanted his cock in her mouth again.

"Oh, fuck," was all Bull could say. He couldn't believe how much of a slut Barbara was. It was hard to believe a woman would degrade herself to such a level - This wasn't any ordinary whore. You

couldn't pay any whore to do this. No, Barbara was special. She was a lustfilled slut driven by her own desires for nasty dirty sex and the need to be a willing partner in her own humiliation. Bull knew now she would do anything and let him do anything to her.

Bull put his cock into her mouth and started to fuck her mouth. He pushed his cock deep into her waiting throat over and over again filling her mouth repeatedly as he pushed his hips back and forth and with it his cock into her mouth. And then he screamed out as he came in her mouth. Seeing all the men fucking her and all the cum in her pussy and ass and all over her body was amazing. It was the most disgusting thing any of them had ever seen. Barbara's mouth filled with Bull's cum. Bull stopped and Barbara closed her mouth to swallow. And swallow she did, eating the his sperm. Her mouth opened again, it was empty.

"You're one fuckin' nasty little white bitch, honey." Bull exclaimed to her as she continued getting plugged from behind and tasted the remains of the cum that lingered in her mouth.

Another hour passed, with cock after cock fucking her ass. Some gave her asshole a rest, giving a turn to her cunt. Some came back for seconds letting her suck them hard before giving Barbara a mouthful or a sperm facial. Even Randy the cab driver took another turn with Barbara, this time shooting his load in her ass. Barbara was every man's dream, at least she was tonight in this bar. Over thirty men drained their seed in or on her. Some of them twice.

But for Barbara the night was only beginning. Bull wanted to see just how much this blonde slut could take, how much humiliation could she stand, how nasty and dirty could she be. He knew she was capable of doing more dirty deeds, performing filthier acts, and become more downright degrading as a fuck machine. And that's what she was, a machine taking on cock after cock in any hole they wanted. She was their cum depository and loved being it. She couldn't get enough, in her cunt, in her ass, or in her mouth. She was their queen of all sluts.

## **Chapter Twelve**

Barbara had cum just about everywhere on her. Her cunt was seeping with sperm, her asshole was flooded with jib and her face and hair were sticky and slimy from all of it. She knelt there in the middle of the floor. She was like a human condom, her body had received and contained nearly all of the sperm in the room. The two young black girls had taken care of their boyfriends, but everyone else's cock cream was somewhere on or inside Barbara.

A few moments passed while Barbara rested. She caressed her own body feeling the slippery substance on her. Her breasts glistened as she smeared the sperm into the soft skin of her tits. She played with her nipples trying to squeeze them, but the slimy cum made them slip from her fingertips. Even after so many cocks, still she aroused herself, playing with her cunt, fingering her bottom and tasting the mixture of love fluids dripping from her body.

Bull came up to her carrying two empty one liter whiskey bottles. Barbara couldn't imagine what he was doing with them, or for that matter what he planned to do with them. He gazed down at Barbara's sperm drenched body and she looked up like at him in wonderment of what was next for her.

"Lie down, my dear slut," he ordered.

Barbara obeyed lying down on her back while a couple of Bull's friends walked up joining Bull at her side. Bull pulled Barbara's legs up in the air spreading them apart at the same time. Each of Bull's

friends held one of her legs keeping her spread open. Bull also had a big tube of KY jelly. He squeezed it laying a long line of the lubricant along Barbara's slit. Then he smeared it all over between her legs and through her pussy. He stuffed a big glob up inside her cunt with two fingers making sure the folds of her slit and the inside of her hole was well oiled up. Bull wiped the residue of the jelly left on his hand onto the bottom of one of the whiskey bottles.

"All right my slutty little sweetheart, I'll bet this is going to be the biggest thing you've ever had in there." Barbara watched as Bull positioned the bottom part of the bottle at her cunt entrance. He was going to fuck her with the bottle, and with the big end of it.

Only a slight hint of fright went through Barbara as she looked between her legs at Bull. But then she thought, "what the fuck, go for it, shove it in me." She laid back submitting her body to Bull's whim. Bull wiped the bottom of the bottle up and down her slit letting her feel the largeness of what was about to enter her hole. "Open her up boys," he asked of the other two men. Each man holding her legs then reached down sticking two fingers in her slit and proceeded to spread her cunt lips apart. They pulled on her cunthole exposing the delicate pink flesh inside her. They stretched her wide, holding her open while Bull placed the bottle against her exposed inner cunt. Bull twisted the bottle and rocked it slightly back and forth. The lubrication made it easy moving the bottle around. Bull pushed the bottle and Barbara's cunt stretched wider. "Ahhhhhhhhhh!!!!" Barbara groaned, the pressure on her soft cunt tissue was becoming tremendous.

Bull pushed and twisted again, and her hole gave way sucking in the bottom portion of the bottle. "Ahhhhhhhh!! Ahhhhhhhhh!!" Barbara groaned twisting in discomfort, but she let him continue. Bull pushed some more and the bottle started passing into his submissive blonde slut. Barbara felt her cunthole stretched apart like she's never experienced before. She actually could feel the bottle scraping along her pelvic bones as Bull penetrated her body, violated her precious love box with the whiskey bottle.

Bull pushed deeper with the bottle. "Ahhhhhh!!" Barbara moaned out loud as her hole filled with the inserted bottle. Deeper, deeper it went, Bull pushed it more, Barbara moaned, screamed louder, the bottle was going deeper, "AHHHHHHH!!!....., AHHHHHHH!!!.....her moans echoed through the room.

The bottle was gone,..... except for the neck sticking from her hole. Bull had shoved the whole thing up inside her gash. Barbara's cunt lips were wrapped around the neck of the bottle sticking out. It was lodged in there, buried inside her body and would remain in there until Bull or someone extracted it from her hole.

"There we go, my dear. How's that?" Bull asked. Barbara just laid there moaning slowly, deeply, "Ahhhh!! fuck... Ah..h...h...h!!!!!!!!!! Ah..h..h..h..h!!!!!!!!" Barbara was in a dream land. It didn't hurt, at least not any more. It just felt so big in her cunt, so full, it was nasty. Oh, God she thought, "I love it."

"Well, we're half way there," Bull announced. "Now for the other one up your ass." "Turn her over boys on her knees." The two men rolled Barbara over positioning her on hands and knees.

Barbara said and did nothing, her body belonged to Bull. He was controlling her now and she allowed it, rather she wanted it. No matter how bizarre, she was ready and willing.

"This slut's unreal, think she can take one up the ass too," Bull's friend asked. "Sure she can," Bull replied. "This white bitch can handle anything, I just know it. And when I get it in, then we'll bottle fuck her both holes at once. Get her ready."

Again they squirted KY jelly all over her, this time in her asscrack. They smeared it around liberally working it in the soft crease of her buttocks and shoving some well inside her asshole. Then with the first bottle sticking from her cunt the three blacks started on her brown hole.

The two inserted their fingers in Barbara's back door. They probed her puckered little opening working their fingers in her. This was going to be a little tougher getting the bottle in back here. Their fingers began pulling her tiny little anus open. Gradually her tight anal orifice started to spread creating a tiny little dark opening that gradually grew bigger. They pulled harder and the opening grew larger, but it was not nearly enough to get that huge bottle in there. "A little more," Bull commanded. They pulled on her asshole more stretching her anus wider, and it yielded to them. What was once a tiny little cute pucker was now a tautly stretched ring with a gaping hole in the center. Barbara's asshole became enlarged becoming an open cave ready for Bull's whiskey bottle. "AHHHHH," Barbara yelled, her asshole hurt, her anal ring was overstretched. The two pairs of black hands were a little rough spreading apart Barbara's soft round ass and forcing her anus open, wide open for all to see, preparing her ass for the ultimate insertion. It felt like they would split her apart. Bull placed the bottle at the opened anal hole, twisted it, and pushed it part way in. The two men let go and Barbara's asshole gripped the large end of the bottle. It was in her. Now to see how deep Bull could push it in, how much could she take.

Bull pushed and twisted, occasionally feeling contact with the other bottle in her cunt. "Ahhhhhhh!!!!, Ahhhhhhhh!!!!, fuckkkkkk.....," Barbara moaned deeply as the bottle journeyed deeper in her rectum. Barbara's breathing rapidly increased. She was experiencing a panic and pleasure simultaneously as Bull stuffed her second fuckhole. Her anal ring scraped inch by inch up the bottle, as it went deeper and deeper inside. There was only a little left when Bull felt the resistance. He bottomed out in her rectum. He was so close and he was so crazed, he had to get it in. Slowly he pushed again maintaining his pressure and the bottle slowly disappeared. Barbara was gone again, in her dream fuckworld, moaning non-stop as her inside rectum walls were stretched as much as her anal opening. But he did it, fucked Barbara completely with the whiskey bottle up the ass, only the neck stuck out. What an incredible sight. Barbara knelt with her head on the floor with the two bottles stuffed up her cunt and asshole, only the necks exposed.

"Ready cunt," Bull yelled down to Barbara. She didn't even hear him. He rolled her over on to her back again pulling her legs up high. Bull grabbed the necks of the bottles one in each hand. Then standing over her he pulled on them. They started pulling from her holes both at once. They were tight inside her, but her holes started pulling open as the bottles came into sight again. When Bull got both bottles partially out, he sunk them back in with a quick push. Barbara let out a loud cry as the each bottle hit bottom deep in her holes. Then again Bull pulled them partly out and buried them back in. Each time Barbara whimpered and cried out with some of the pain she felt, but also of the pure pleasure knowing she was getting the fucking of her life. Again Bull pulled them about halfway out and then he fucked her, pushing and pulling, pushing and pulling the bottles. Barbara screamed in a frenzy as the cunt bottle rubbed hard back and forth against her clit. She was going to cum. And she did, violently, like an explosion went off inside her.

When Bull saw her body tighten, slipping into her orgasmic state, he shoved the bottles back up her burying them deep in her body again. Barbara's body convulsed, it shook, it shattered her as she came over and over. Bull became overwhelmed with excitement with what he was doing to this lovely creature, his cock was ready to explode again. He moved up straddling Barbara's face jerking his thirteen inches of black cock. Barbara was still out of it, deep in her body wrenching orgasm when Bull's cock spewed on her face. Barbara felt the hot slimy stuff hit her, making her open her eyes and instinctively her mouth. She gobbled at Bull's pulsating meat trying to suck up his fresh sperm as it drained from him. She grabbed his tool milking it with both hands, sucking at it, swallowing as much of his load as she could get in her mouth. She was an out of control hot cum slut

slurping up every thing Bull had.

Then her orgasm died down, she lay there cum covered, totally drained, still impaled with two whiskey bottles.

While Barbara lay recovering and a break in the action, it looked like a rest room stop for most of the room. Actually a line formed out the men's room door. One of the black men had to go pretty bad from all the drinking he had done. He walked over to where Barbara was lying asking Bull. "Can I piss on her?" "She's only a slut whore, right, she won't mind." Bull pulled Barbara's legs up again and spread them, "Piss in the bottle," Bull said pointing to the whiskey bottle sticking from her cunt. Instantly the man whipped his cock out and started urinating between Barbara's legs. At first his piss hit Barbara's thighs splashing all over. But then he brought his aim up hitting in her crotch, then up to the opening of the bottle. Everyone could hear the sound of the bottle filling as his piss poured into the bottle up Barbara's cunt. When he finished another black man took his place, first hitting Barbara with a stream of hot piss on her belly before directing it in the bottle. Then the whiskey bottle was full and the foam and excess piss overflowed it running down to her cunt and between her legs. Barbara actually felt the bottle get warm inside her cunt as it filled up with their hot urine. He finished, the bottle was full and Bull placed the cap on the bottle.

Bull then pulled her legs back over her head touching her toes to the floor behind her. "Who's next," Bull asked. We got another bottle to fill. It didn't take long to get another urinating black cock emptying itself on Barbara. Piss splashed on her ass while a couple men succeeded in filling the other bottle stuck in her ass. Bull capped that one off too and let go of Barbara's legs.

Barbara got up, she could barely walk with her holes filled the way they were. She managed to get to the bar. She was some sight,.. a whore, a tramp, a cum covered, piss covered slut. Her hair was straggly, sticky with sperm, her face was loaded with cum most of which was already drying. Her chest and breasts were spotted with jib and urine and her legs were wet with fresh piss.

"Wanna sit, honey?" Bull asked.

"Yes," Barbara answered in an exhausted tone.

Bull went to Barbara running his hands up her beautiful white legs eventually getting to her rounded ass. The neck of the whiskey bottle protruded from her rear end and Bull grabbed hold of it. He held Barbara around the waist bracing her against his own body knowing that pulling the bottle from her ass would require a steady strong pull. He didn't want to just rip it from her ass. Barbara had given them all a great time and he didn't want to deliberately hurt her. Bull tugged on the bottle. Barbara's asscheeks began to spread as the bottle expanded her asshole again. Barbara's eyes closed, her face grew distraught, it was a grin and bear time. Her asshole hurt as Bull slowly extracted the huge insertion. The bottle appeared inching its' way from within Barbara's rectum. Then a quick little pull and it was out. A sigh of relief escaped Barbara's lips as now only the bottle in her cunt was left. But that wasn't nearly as uncomfortable as the one that had been in her ass.

Bull set the bottle on the bar. Barbara slid her sore butt up on the edge of the bar stool with the other bottle sticking down out of her slit.

"You're an amazing girl, honey." Bull commented. "You're definitely the hottest thing I've ever seen or had." Barbara smiled, too tired to say anything, but she knew how much she enjoyed the fucking, her own orgasms were the strongest she's ever experienced.

Bull set a glass in front of Barbara next to the bottle of piss he just extracted from her ass. Bull stared at her wondering what she might do. Barbara knew what he wanted and what he expected to

see her do. This was the ultimate test of how much of a slut she would be for him. And Barbara was going to show him how disgusting she really could be. She unscrewed the cap on the bottle and poured some in the glass. She looked around, saw all eyes on her, then clutched the glass in her hand bringing it to her lips. She swallowed it down, all of it, gulping the glassful of piss. "Fuck, honey," Bull remarked shocked, "you're a piss drinker too?"

Barbara poured another glass. Before she picked it up though, one of the black men that was fucking his girlfriend strolled up to Barbara at the bar. He dumped something in the glass splashing some of the urine onto the bar. There were two condoms floating in Barbara's glass. "Watching you made me and my girl pretty horny. I fucked her twice, once in the cunt and once in her ass. First time, too, she let me in her ass." Barbara stared at her glass and the used condoms floating around in it. They still had this guy's sperm in them. She could see the sack at the end of them with the creamy jib. "Thought you might want to flavor it up some," he commented and walked away.

Barbara lifted the glass and began pouring the second glass of piss in her mouth swallowing, gulping it down. Then as she neared finishing the condoms flowed through her lips. She set the glass back down. She sloshed the condoms around in her mouth trying to extract the cum from them. She mashed them with her tongue against her teeth and she felt the jism ooze out onto her tongue. She let a little dribble out over her bottom lip so the men could see she succeeded in emptying the cum sacks. Barbara pulled the rubbers from her mouth sucking on them, swallowing the jib. She was enjoying her little snack. She sucked the condoms clean inside and out, even the one that was up another girl's asshole, eating every drop of sperm and slime that coated them. Then she poured the remaining urine from the bottle to wash it all down.

Bull returned from around the bar to remove the other bottle out of her cunt. Barbara swung her legs around on the stool opening them for Bull. He grabbed hold of the bottle and started pulling. Barbara held tight to the bar as her cunt expanded letting Bull extract the bottle from her hole. He placed that bottle on the bar too. Bull then got a bottle of beer for himself, opened it, and told Barbara, "chug-a-lug time." Bull tipped his beer pouring it in his mouth, not stopping till he consumed it all. "Your turn, honey." Barbara's belly was already pretty full. She had swallowed a whole bottle of urine already, not the healthiest thing to do, but she loved the way the men reacted to such a foul deed. Barbara grabbed the bottle anyway, uncapped it, and tipped it to her lips. She began gulping. The men began cheering her. The piss disappeared from the bottle with each gulp, each swallow. She continued until she drank the entire whiskey bottle of piss. She replaced the bottle on the bar, wiped her lips and gave a little cough.

"Fuckin' cunt, honey." "What a fuckin' cunt you are." "A piss drinkin' cunt." "No...., a piss and cum drinkin' slut cunt." "Fuck." "I love this white blonde bitch." "You can be my whore anytime, honey."

Barbara finally had enough for the night. It was five thirty in the morning. Where did the time go. Barbara put her skirt and top back on her cum and piss infested body. Randy was still there, watching her amazing performance. He drove her back to her car in his cab. Then Barbara drove the rest of the way home. She stunk and reeked from the cum and urine all over her. Barbara couldn't remember how many cocks unloaded on her and in her. Nor could she remember how times she was fucked in her ass. But the orgasm when she was bottle fucked lingered in her mind. It was a brutal fuck, and painful one, but it drove to a new height, it was fantastic. She loved fucking, she loved cum. The sun was coming up now, time to rest. Tonight would begin another adventure.

## Chapter Thirteen

Barbara finally decided, since she enjoyed sex so much and was willing to do anything, that she could easily get paid for doing what she liked. She may as well earn a living with her body. Since men enjoyed fucking her so much and enjoyed watching her do incredibly nasty things, then why not get paid for it. It almost seemed criminal to her to get money for what she liked doing so much.

Well it didn't take long. Barbara answered a few ads from an adult newspaper and found one to be rather interesting. She called regarding the ad to find out about this man John wanting a woman willing to participate in some kinky sex. He would pay \$1000 for a night of her services provided Barbara met with his approval. Barbara accepted and arranged to meet him later tonight.

Barbara wanted to look extra good this evening. She started right away preparing herself for another night of wild sex. She spent a lot of time fixing her hair, making sure it was full and curly surrounding her smooth soft cheeks. She went real heavy with dark red lipstick and blue eye shadow. When she finished she stared at herself in the mirror admiring the look she created. What an amazing sight, she outdid herself this time. Her body looked and said "fuck me hard, I'm a whore and I want it bad." She decided on wearing underwear this time. Her frilly white lace bra pushed up her 38" breasts making them look even fuller. You could see her full dark nipples through the flimsy material. She pulled out a tight short pleated black mini-dress from the closet, but before that, next was white fishnet stockings attached to a frilly white garter belt. The white panties were the skimpiest, a tiny little G-string with a small patch covering her pubic hair and a little string going up her asscrack. She slipped on the dress that rode half way up her thighs which nearly exposed her garter. Then when she slipped on her six inch heels, they accented her long shapely legs making them look like they went on forever up underneath her dress. Barbara was happy with her final look. She was truly a whore looking to get laid.

She left early to arrive at John's home. When she entered she obviously met with his approval, as if there would have been any doubt, and John introduced her to another couple, already there, Tyronne and Kelly. Tyronne was a tall slender black man and Kelly was a young, very young blonde girl. John explained that he had expected to be alone with Barbara tonight, but Tyronne, his friend, dropped in to show off his new girl Kelly. Kelly, as John explained, was a runaway 16 year old teenager whom Tyronne convinced that she could make a lot of money working for him. They both agreed that the best way for Kelly to learn how to work the streets was first to learn how to please a man in bed. John figured the best thing to do was to see a pro in action. That's where Barbara came into the picture.

Barbara looked at Kelly seeing a somewhat frightened little girl unsure of what she was about to do and what she was getting herself in to. Kelly was only 5'1" tall, a small body, very slender maybe 100 lbs. if that, short sandy blonde hair, and extremely attractive facial features. Still, you could tell she was just a kid. Her body was just beginning to blossom. Kelly had a stunning figure even in the simple blouse and skirt she had on. Her cute pert breasts stood out so proud and firm and her gorgeous smooth legs were a delight to look at in her short skirt. She would have no problem getting men into bed with her.

Barbara made the first move pulling Kelly to the sofa and started removing her own clothes then started pulling Kelly's off. Kelly let Barbara strip her naked. Barbara sensed the shyness in Kelly's body as she peeled the young girl's clothes away. As Kelly stood there naked in front of everyone Barbara knew she was embarrassed and somewhat afraid. She wondered if this frightened young girl knew what she was getting herself into. Barbara kissed her gently, then licked her gorgeous delicate young breasts. They were so soft and tender just beginning to develop. Barbara sucked on the soft tissue making Kelly's nipples respond growing large and puffy on the tips of her breasts. They were one beautiful sight. Kelly certainly was developing into a gorgeous young lady. Barbara then spread open Kelly's legs to play with pussy. When Kelly responded and relaxed, then Barbara

went down on her harder licking and probing her tiny slit.

John and Tyronne jumped right in undressing, stripping down to their shorts. Barbara then went to John and began caressing his balls and cock through his underwear. The bulge grew larger as she continued. Then she dropped to her knees pulling his shorts down to begin sucking his now nine inch hard cock. She wasted no time giving him a good blow job. His cock easily slid down her throat repeatedly, as Barbara made him moan while she pleased him. Then, in no time Barbara was on her hands and knees with John alternating fucking her cunt then her asshole.

Kelly was a bit hesitant to do anything with Tyronne, while watching Barbara, and in amazement on how easily she took John in each of her holes. Meanwhile, Tyronne had dropped his shorts and stood there stroking this enormous ten inch black piece of meat. Ten inches of black cock is a bit intimidating for any girl much less a sweet young little blonde like Kelly, who has had little sexual experience. But Tyronne's cock was incredibly thick. In fact, Tyronne's own hand didn't reached around it as he jerked himself. It had to be eight inches around his hard black shaft.

Tyronne moved between Kelly's spread open legs. He looked down into her frightened eyes as he placed his massive black tool on her slit. He pushed against Kelly's tight cunt and it stretched open wider and wider attempting to take his cock in. He leaned forward pushing harder and Kelly's cunt stretched taut as Tyronne's cockhead slipped in. Kelly whimpered from the pressure of her hole being opened so wide. Tyronne penetrated her deeper getting a couple inches inside. Kelly let out a little school girl cry as her hole filled up with black cock. But Tyronne still had at least six inches of cock yet to plant inside Kelly. He pushed on, five inches, six inches, seven. Kelly squirmed in discomfort as Tyronne's cock hit bottom inside her tiny cunt. But he was determined to get all of his huge tool inside this cute teenage body. He forced himself in deeper stretching the inner walls of Kelly's cunthole. Kelly felt her insides tighten from the pressure being exerted by Tyronne's giant cock pushing deeper up her hole. It became almost unbearable for Kelly to take such a huge thing inside her petite body. It felt as though his cock was pushing into her belly. She was scared, his cock was so big. She feared he may rip a hole completely through the soft tissues of her cunt. Then Tyronne lunged forward falling on top of Kelly jamming the last inch inside her. Kelly screamed as somehow her cunt managed to stretch enough to accommodate all of Tyronne's monster thick meat. All she could think of was how full her tiny body felt with this cock inside her.

Tyronne realize he wouldn't last very long in this tight teens fuckhole. So he quickly pulled out to keep from cumming so soon and held it motioning for Kelly to start sucking it now. She hesitated, a little afraid as to where to start with such a big cock. After all, she was only sixteen and had very little sexual experience. Barbara motioned both Tyronne and Kelly closer to her as John kept pumping away up Barbara's ass. Barbara grabbed the big black cock and sucked it slowly showing Kelly there wasn't anything to be afraid of. But this cock was even a challenge for Barbara. She popped it in and out of her mouth, stuffing as much as she could inside, then held it for Kelly. Kelly took the big cockhead between her lips, backed off, then did it again. She licked it, wiping some of the precum off with her tongue gingerly tasting it. Then she went down on it a little deeper taking a few inches inside her mouth. Kelly had to literally force her mouth wide open to get it in. She was getting the hang of it though. Barbara thought she probably never had a cock in her mouth before, and she was right. This certainly was Kelly's first time. Kelly was working Tyronne's black meat with her hand now, jerking it while she sucked.

Then, all of a sudden, John was ready to explode. Fucking Barbara's ass and watching this cute blonde learn the art of cocksucking was just enough to set him off. Quickly he pulled out, Barbara turned around taking his cock in hand and took him to her mouth. The sperm gushed onto Barbara's face and into her mouth. She collected all his fresh jib from his spurting cock, letting her mouth fill up. When he ran dry, she turned to Kelly showing off her mouthful of thick white sperm, then

swallowed John's load. Of course afterwards she cleaned up his cock getting every bit of his sperm off him.

Now it was Kelly's turn. She really didn't know what to expect and without warning Tyronne just let it go. He grabbed Kelly's head holding it in place on his cock. The cum poured from him. It started running from Kelly's mouth as she tried to back away, but Tyronne held her head there until he finished emptying his balls of all his jib and made sure it went in her mouth. Kelly's face was dripping with cum as it dribbled from the corners of her full mouth. Tyronne pulled out, "swallow it," he ordered. Kelly looked up at him a little scared not to obey. It was evident she never had sperm in her mouth before. Now she was covered in it and her mouth was loaded with the hot sticky stuff. She could feel the warm thick fluid covering her tongue. She wasn't sure if she was going to like the idea of eating it. But she was afraid to spit it out. Tyronne certainly wouldn't like her to do that. Then she closed her mouth and her throat contracted. Kelly swallowed the thick slimy juice down. "Good girl," Tyronne commented. Barbara leaned over to Kelly and kissed her lightly on the cheek, then licked some of the sperm still dripping from her chin. "That wasn't so bad, was it," Barbara asked Kelly? "Just wait and see, soon you won't be able to get enough of it."

Barbara took Kelly and positioned her on her hands and knees with her face in the sofa. "Barbara asked, "are you guys ready to try out a virgin ass?" Kelly looked back over her shoulder scared at what Barbara proposed. "Just relax honey, you'll love it, trust me." John was already hard at the prospect of fucking this cute blonde's precious little asshole now staring up at him. Barbara spread open Kelly's asscheeks, licked up through her crack pausing on her anus to get it good and wet. Then she fingered Kelly's asshole probing inside with one, then two fingers to get her used to being penetrated up the ass. Once Barbara felt Kelly relax, she spread her asscheeks wide apart holding them open for John.

He positioned himself over her darling little ass placing his cock on her tight puckered backdoor. While he started pushing in, Barbara began fingering Kelly's cunt. John penetrated Kelly's ass quickly, jamming his cockhead in swiftly, then slowly plunged his hard cock deeper and deeper. Kelly was getting a little panicky from John's big meat stretching her anus so wide. It hurt a little. Barbara fingered harder pushing her fingers deep inside Kelly's cunt. That seemed to work pretty good. Kelly was getting turned on, which gave John a chance to start pumping her super tight asshole. Kelly at sixteen was getting her first assfuck. And she was getting it hard and deep. But it didn't last very long. Her tight ass made John cum quickly. He pumped his load in her ass while Kelly moaned her approval feeling his hot cum dump into her rectum.

When he finished, it was Tyronne's turn. This was going to be much more difficult, at least that's what Barbara thought. And she was right. Tyronne's monster thick cock could easily split Kelly's asshole apart. Tyronne's cock was so huge next to Kelly's petite little anal pucker, it didn't seem possible that it could fit inside. Even though John had loosened her backdoor up, Tyronne's cock was going to have a tough time getting in. Tyronne knew it and so did Kelly. She was already apprehensive and showing signs of fright.

"Hold on honey," Tyronne commented, "this is going to hurt some." But before Kelly even reacted to his comment, Tyronne had his huge cockhead positioned on Kelly's asshole. He pushed his fat cockhead around on her cute anal pucker smearing some of John's sperm that had oozed out all over her anus. Then he pushed forward and rammed it in. Kelly let out scream as his big cock head forced it's way in, stretching open her tiny anus. Kelly felt like her asshole had surely ripped open, but it somehow it managed to stretch apart to accommodate Tyronne's huge black cock. Her anal hole hugged the fat bulging head of his huge black tool as it passed into her rear hole. Barbara could see the tears roll down Kelly's cheeks from the pain, but she held back screaming any more. Her anus was stretched open incredibly wide. Barbara was surprised that Kelly was able to take such a huge

cock in her tiny behind.

Tyronne pushed in deeper, forcing his thick meat through Kelly's asshole and up inside her tiny rectum. Kelly was breathing heavy almost in a panic as the thick black log between Tyronne's legs disappeared deeper and deeper inside Kelly's precious little ass. "Oh!!! it's so big,..... ahhhhh!!!!....."

"It's.... soooo.... b..i..g!!!" "ahhhh!!!!!!...it hurts....."

Kelly had his black cock stuffed in her, buried in her ass and it was hurting. She was afraid to cry out to express the sheer torture and agony her asshole felt. It didn't seem like it would have done much good anyway. Tyronne was going to fuck her ass and that was it. Then she felt his cock begin to slowly piston in and out. Tyronne drove his tool back and forth, deeper and deeper with each thrust. Tears were running down Kelly's cheeks. Her virgin ass was getting reamed by the biggest cock she's ever seen. Then from the tightness of Kelly's asshole, he too was ready to explode. He pushed all the way down burying his entire thick length inside. Kelly felt the big tool ram inside her until her asshole hugged the core of his cock and the head pushed on her insides deep within her body. Then Tyronne blew his load, into the deepest part of Kelly's ass. He grabbed Kelly around her waist pulling her body hard onto his, forcing every bit of his spasming cock inside Kelly's rectum. Judging from Tyronne's movements he was having an incredible orgasm and thoroughly enjoying Kelly's tight teenage asshole. Stream after stream of cum flooded her tiny rectum. When Kelly eventually felt the throbbing stop and the hot spurting subside, Tyronne withdrew from her stretched asshole, leaving her moaning from her second anal fuck of the night.

For Barbara, watching this was just too much to bear. Seeing Kelly kneeling there with her anal hole still spread open and knowing that just inside that hole was a big pool of fresh cum. It seemed such a shame to waste all that sperm. She just had to have it. Barbara moved over to Kelly's behind and licked her just fucked asshole feeling on her tongue the slimy cum residue that coated Kelly's anal opening. She licked the entire anal opening clean before continuing her efforts to get the rest of the load that Tyronne's cock dumped inside. She spread Kelly's cheeks further apart forcing them open wide and stretching her anus. Barbara tongued Kelly's asshole more, smearing the sperm around her asscrack using her lips and face. Barbara was lapping up every bit of jib she could find. Then she pulled Kelly's tiny buttcheeks open even wider making a large tunnel entrance to the blonde teens rectum. Barbara pushed into Kelly's ass with her tongue trying to scoop out Tyronne's sperm. Barbara actually scoured deep into Kelly's anal opening with her tongue licking the soft dark hidden flesh inside the anal entrance of Kelly's ass. But she really couldn't get at the rest of it, it was too deep inside Kelly's bowels. The nasty slut within Barbara was now emerging. Her lust and frenzy for cum brought out her filthy whore side.

With her face still buried between Kelly's asscheeks, Barbara placed her lips onto Kelly's stretched open asshole, grabbed her around the waist and pulled her down onto the floor until Kelly was seated on Barbara's face. Then Barbara started sucking, sucking hard on Kelly's anal opening. She held Kelly's tiny butt cheeks in her hands keeping them spread apart. Barbara stuffed her face deep in Kelly's behind placing her lips on the sixteen year old's gapping asshole. Then she sucked and sucked. Kelly was going wild with the incredible feeling of her asshole getting sucked and rimmed. Tyronne and John couldn't believe what Barbara was doing, sucking the cum from this teenagers tight ass. They listened to the loud slurping noises from between the blonde's asscheeks as Barbara accomplished her task. Occasionally Barbara would pause to express a "Mmmmmmm" "Mmmmmmm" as the sperm passed from Kelly's ass to Barbara's mouth and down her throat when she swallowed with sheer enjoyment. The sperm continued dripping and oozing from Kelly's ass with the help of Barbara's cum vacuum mouth until Kelly's rectum was sucked clean.

Barbara pushed Kelly off her face. She sat up looking at John and Tyronne. Her lips glistened with

white sperm and some brown slime running down her chin. Her face was a mess covered with Tyronne's spunk and some sticky slimy filth that she sucked from inside of Kelly's ass. But Barbara merely sat there tasting the nasty sticky stuff she extracted from the teens behind. She ate everything that she sucked out, swallowing several times to get all the residue clinging to the inside of her mouth.

"What a fuckin' whore," John exclaimed. "Look at you."

"Clean yourself off, you disgusting bitch.".....

"So you like it nasty and dirty, huh?"

Barbara licked her lips, and used her fingers to remove the sticky scum dripping from her face, pushing it into her mouth to eat that too.

"I had no idea what a slutty cunt you really were," John remarked in utter amazement.

Barbara lay there somewhat exhausted from her last activity.

"If you'd do a filthy thing like that without being forced, I wonder what else you would do for us.?"

"I'll bet I could treat you like a real cheap slut."

"Is that what you want, you filthy whore?".....

Barbara still sat there cleaning up her face.

"Do you hear me you fuckin' slut?"

Barbara was still recovering and out of breath from all that sucking, but yes, she wanted to be treated like a whore, like a slut. She wanted to do more nasty vile things. That's what she likes and what gets her off. She was ready for any disgusting thing they could think of.

"Get up," John ordered. "Get your fuckin' ass up off the floor." "I'll show you what it's really like to be a whore. I'm gonna treat you like a piece of shit, you little slut cunt."

## **Chapter Fourteen**

John led Barbara into the bedroom where he tied her arms over her head to the headboard and legs to the kickboards of the bed. She was spread-eagled flat on her back. Kelly and Tyronne followed to see what John had in store for Barbara. Barbara now lay helpless looking up at John.

"I've been thinking, I know just the right thing for you." John began speaking to her. "I want my whore to look and feel more like a cheap tramp. You should wear some jewelry. Such a beautiful body should be decorated with some fine gold or silver, especially those fine looking breasts of yours. Don't you think a nice ring hanging from such lovely nipples would just enhance your beauty?" John asked looking at Barbara, then to Tyronne, Kelly and then to Barbara again. John held up two gold rings about an inch in diameter. They looked like large earrings with a little heavier post where the ring would penetrate through the earlobe, only John had plans of hanging them on Barbara tits.

Barbara squirmed on the bed begging, "oh no!! please don't do that, please, it'll hurt, besides I don't

want them in me there.”

“Don’t worry,” John replied. “When you leave tomorrow morning I’ll remove them and in a day or two you won’t even know they were there. The hole will heal up by itself. And it’ll only hurt for a second or two when I first penetrate your nipples. I’m going to enjoy watching your body twitch with pain when I puncture those cute tits to make a hole for these nipple rings.

Hearing John just say it sent chills through Barbara. The thought of him piercing her nipples really scared her and he knew he was lying “only a little pain.” It was going to hurt and allot.

John jumped up on the bed straddling Barbara’s body positioning himself in front of her chest. “Okay, my sweet darling slut, ready? Ready to be treated like a cheap whore? For the rest of the night your body is for my pleasure only,... got that you scum eating slut?”

John motioned to Kelly, “why don’t you get her mind off what I’m doing. Play with her cunt.” Kelly obeyed crawling between Barbara’s spread open legs and began fingering Barbara to get her aroused. Barbara was rather tensed up in anticipation of what was to come. But Kelly did her best even to the point of pushing her tiny little hand partially inside Barbara’s wet hole.

John laid the first ring on Barbara’s belly. He grabbed Barbara’s left breast squeezing it making the nipple protrude out. Then he pinched the nipple, then pulled on it making Barbara’s breast extend from her body. He pinched it again and again until Barbara’s nipple was rock hard. Then he took her hard nipple between two fingers pulled it gently to extend it taut. He picked up a large needle that almost looked like a crocheting needle. It was nearly seven or eight inches long and it was very thick. A cold sweat came across Barbara as she realized that soon that needle would be passing through her tender sensitive nipples. She closed her eyes and seconds later she felt the sharp tip touch her taut nipple. She twitched on the bed, but John hadn’t begun penetrating yet, he only touched it to her tit. Then he pushed and the large sharp needle punctured her left nipple. Barbara cried out in pain, “AAAWWWHHHHHHHHHHHHHHHHHHHHHH.....” and twisted, twitching her helpless body on the bed. The scream just echoed through the room non-stop. The bed squeaked and rocked back and forth from her fighting against the restraints. Barbara was a prisoner, unable to break free of her bonds. Her body movements only made the pain worse as the needle shifted around in her nipple flesh. The pain was already unbearable in her breast and yet she knew John had only begun his torturing and sodomizing of her body.

John pushed the sharp tool further into her delicate tender tit. Barbara’s nipple tissue was hard and difficult to penetrate making John twist the needle in an attempt to gouge it through her hardened, now bleeding nipple. John was enjoying seeing Barbara’s body twitching and convulsing in pain as he poked around in her tender nipple meat. He didn’t seem to be in a hurry to finish the penetration either, instead, he just calmly kept twisting, pushing, and digging slowly, forcing the long needle millimeter by millimeter through her tender hard nipple. Then it finally broke through the skin on the other side. Barbara knew John was enjoying her pain when instead of pulling it back out, he shoved it all the way through her bleeding nipple letting her feel all eight inches of steel pass through her. Once the needle passed all the way through, the hole closed up leaving a pool of blood trickling down her breast. Then John quickly took the ring and forced it into and through the tiny puncture hole in her pierced nipple. Again Barbara wailed in pain shaking violently on the bed as John finished his decorating of her tit with the gold ring.

Barbara’s screaming stopped for the moment, but her breathing was deep and uncontrolled, quite normal for someone feeling like her tit had just been ripped off. She opened her eyes to see John dabbing her breast with a tissue sopping up the blood. Her nipple was red and swollen, covered in blood. She could see the gold ring attached to her breast, pierced through her nipple. She saw Kelly

between her legs and felt her fist stuffed up inside her cunt. During the whole ordeal Barbara never even realized that the teenage girl had stuffed her, fisted her fuckhole. She also noticed John's cock was rock hard. "Oh God," she thought, "this guy is getting off on giving his victim pain."

"Ready for the next one, he asked?"

"You know, you scream an awful lot for whore." "I thought you could take a little pain."

"A little pain," Barbara thought, "who's he kidding."

"Well I don't want anymore screams and I'll help you with that." Before Barbara even realized what was happening, John repositioned himself in the other direction squatting over her face. Then down he went stuffing his hard cock into Barbara's mouth. He lowered himself all the way down making Barbara swallow his hard meat. He just sat there on her face with his cock impaled down her throat. He looked up at Kelly. "Shove your other hand up the whore's ass." "Make her cum." Kelly was afraid not to do as he ordered. The last thing she wanted was to have the same thing done to her.

Carefully, Kelly stuck a finger in Barbara's asshole, then another and another. Then she pushed hard, hoping she wasn't hurting Barbara, until her whole tiny hand passed through Barbara's anal hole. Barbara squirmed on the bed. Kelly didn't know if she was causing her discomfort or if it was John's cock down Barbara's throat or even the brutality John caused to her nipple. Kelly was in an awkward position now with both her hands inside Barbara's cunt and asshole. But her head was right between Barbara's legs for a perfect view of John with his cock totally down Barbara's throat and ready to proceed with the next nipple ring. Kelly leaned down to lick at Barbara's clit hoping to arouse her and take her mind off the pain. Kelly licked hard while twisting her hand inside Barbara's cunt. Barbara started to respond moving her bound body in enjoyment of the feeling Kelly was giving her. Kelly played inside Barbara's ass too, wiggling her fingers allowing Barbara to feel the probing of the walls inside her ass. Then she did more fist fucking in her cunt and harder clit licking. Barbara was nearing an orgasm despite the pain in her breast.

John quickly withdrew his cock from Barbara's throat giving her a chance to breathe, then plunged his cock back down burying it again deep in her throat. Barbara orgasmed, tightening her body, clutching Kelly's fists inside her with her cunt and asshole. It felt so good, her body enjoyed the waves and waves of orgasmic energy rippling through her. The pain was all gone now, it pure pleasure.

In her mind she thought, "Oh God, yes." "that's sooo... good." "oooooooooh!!!!"

Kelly fucked her fist a couple times in and out of Barbara's slit making her delirious with the pleasurable feeling. John pulled from Barbara's throat again to let her breathe. Barbara barely could get the words out as her orgasm ripped through her body. But in a half panting and half moaning voice she managed to beg her request.

"I...www...ant .....Ty...ronne's....."

..cock....in.....my...asssss....."

"F....ucck.....my.....assssssss..ho..le....."

Barbara drifted off again into her continuing orgasm, and Tyronne immediately untied her legs and crawled between Barbara's legs. Kelly pulled her fist from Barbara's ass letting Tyronne push her legs up high. Tyronne plowed right into Barbara's ass stuffing his tremendous tool all the way inside Barbara's rectum in one motion. She whimpered and moaned her enjoyment even though Tyronne

jammed her hole so hard. But that's exactly what she wanted. She wanted his big black cock in her ass. She wanted his fat piece of hot cockmeat to assfuck her hard, and make her cum again and again. Then he started pumping her ass like a jackhammer, reaming Barbara's anal fuckhole. Kelly could feel his massive black cock through Barbara's soft tissue separating her ass and cunt, pistoning in and out. She almost felt like she could grab hold of the monster piece of fuckmeat as it kept passing by her hand on it's way deep into Barbara's bowels. She couldn't believe how Barbara could enjoy such a brutal ass fuck with such a big cock, and while a fist was up her cunthole. Barbara's assfuck continued, John sunk his cock back down her throat and Kelly continued to play in her cunt. John grabbed the needle, took Barbara's right breast, pulled the nipple tight and proceeded to puncture Barbara's other tender piece of flesh. He pushed and twisted working the needle slowly again as the blood trickled from her nipple. Barbara's pleasurable orgasm immediately merged with pain, but her body craved the conclusion of her orgasm. Pleasure and pain rippled back and forth through her, as Kelly licked Barbara's throbbing clit and Tyronne fucked her ass and John throat fucked her while he continued torturing her nipple. He was deliberately taking his time on this one making sure Barbara endured as much pain as he could possibly inflict. He slowly wiggled the needle back and forth digging his way through Barbara's sensitive nipple flesh. It seemed crazy, but the pain and torture actually heightened the deep rooted orgasmic feeling. Her orgasm was building, growing stronger. As John dug into the meat of her nipple and Kelly fisted her cunt hard and licking her clit, Barbara's orgasm reached a new height. John applied more pressure, forcing the needle a little further through her delicate flesh. The additional jolt of pain set off explosions within Barbara's body causing bursts of pleasure and pain as her whole body shook and convulsed into another more intense orgasm. She bounced on the bed against her bonds for what seem like minutes, enjoying the most amazing orgasm ever. Deep grunts came out of Barbara, muffled by John's cock, expressing the overwhelming lust that was being flushed from her body. Barbara wildly tried to free her hands. Kelly now was fucking her dripping cunt rapidly with her fist. John was digging in her nipple with the needle, not trying to push it through, just deliberately gouging, jabbing, picking at her tender flesh, inflicting pain. Tyronne reamed through her asshole harder and harder implanting his meat far up inside her body. And Barbara orgasmed over and over and over, cumming endlessly, her body feeling like it would explode from the sheer pleasure.

The wonderful feeling seemed to last forever. The incredible orgasm rocked through Barbara even with the growing waves of pain as John continued his nipple mutilation. Barbara's moans and screams continued, only muffled by John's cock lodged in her throat. You couldn't tell if it was screams of pain or moans of passion trying to escape from deep within her. At one point John stopped with the needle lodged in her nipple, tipped his head back to remark, "oh God that feels good, Oh God yes, yes... yes....." Barbara's moans from deep within her were vibrating on his hard cock buried deep in her throat. He was going to cum. For about fifteen seconds Barbara's moaning stopped. She was contending with an ocean of sperm flooding her throat. She had to let him finish emptying his balls out first, even though the orgasm continued and the pain still lingered with the needle stuck in her tit. Once she felt the cum stop spurting from his cock, the pain intensified again, he was pushing on the needle once more and finally broke through.

Barbara was nearly out of air. All the pain, struggling, and orgasmic energy she released, required more oxygen and she needed it soon. And her orgasm was coming to and end. John once again pushed the needle all the way through her nipple, and the pain just repeated through her body. He put in the ring and then got up pulling his cock out of her face. Barbara gasped for a breath sucking in air as soon as his cock dislodged from her windpipe. She coughed up some of his sperm, choking on it, then looked down at her breasts now with two big gold rings hanging from them. There were still drops of blood oozing out from around the rings where they punctured her nipples.

"What do you think of my whore now, he asked Tyronne?"

"I think the cunt's hurtin' a bit." Barbara had tears running down her cheeks, half from the pain and half from cumming so violently. "But, you know what I'd like?" Tyronne added. "I'd like the bitch to lick my ass." "You know, a good rimming."

"Go right ahead," John replied.

Tyronne pulled from her ass, climbed over Barbara's face and lowered his black ass onto her mouth. "Okay, you fuckin' whore, let's feel that hot tongue." Tyronne grabbed one of the rings giving a tug on it pulling Barbara's nipple and sending a shock wave of pain through her breast. Barbara whimpered and immediately buried her tongue between Tyronne's asscheeks probing right into his anus. She licked his crack and anal hole hard, probing at his asshole making sure he derived as much pleasure as possible to keep him from touching the nipple rings again. She kept licking his sweaty black ass hole and all through his crack. Tyronne reached to spread his butt cheeks apart so Barbara had better access to his anus. And she obliged him by giving Tyronne's asshole a first class rimming. She licked every inch of his black puckered anal hole and even stuffed her tongue inside when he sat harder on her face. Even Tyronne's best sluts didn't give an anal cleaning like he was getting from Barbara. Then he finally got off dismounting her face. "Damn, what a hot slut."

"Kelly are you learning how to be a good whore for me," he asked? "Here, clean my cock up." Tyronne had just fucked Barbara deep in the ass for quite some time. It still glistened with a slimy coating from inside Barbara's rectum. Now he wanted his young teen slut to eat it off. Reluctantly, Kelly took the head in her mouth. It was so nasty doing this. Only moments earlier this hot black cock was inside Barbara's ass. Now Kelly was getting a taste of it. She sucked it deeper and deeper. She licked every inch of his cock down to his balls cleaning his black shaft of all the smelly scum.

Tyronne stood up and remained standing over Barbara's body and watching Kelly with her fist still inside her. Then Tyronne did the unthinkable. He began urinating on Barbara aiming at her breasts. The hot piss struck her open puncture wounds on her nipples and sent Barbara into a wild frenzy. The salty hot piss burned through her tits nearly making Barbara pass out. Then Tyronne brought the urine stream up higher pissing into Kelly's face. "Open your mouth you filthy slut," he yelled at Kelly. Kelly instantly obeyed scared to death of Tyronne, yet afraid of taking the disgusting hot pee in her mouth. But she did. Tyronne pissed in her mouth filling it before he finished. Kelly couldn't move with her arms impaled up Barbara's holes, so she remain half lying there between Barbara's legs with her mouth full of Tyronne's hot piss.

Tyronne squatted down to her level, "swallow you whore," he demanded. Tears started from Kelly's eyes. Tyronne grabbed hold of Barbara's nipple rings tugging on them. Barbara jumped uncontrollably. Her breasts hurt from being penetrated and even more from the salty urine. Tyronne's pulling on them only worsened the pain. "Listen you filthy little slut," he swore at Kelly, "swallow it or I'll rip her tits right off." Tyronne tugged on the rings again making Barbara twitch in pain. Kelly had no choice. She couldn't let Tyronne mutilate Barbara's beautiful breasts. Kelly closed her mouth,....."gulp!!!" Tyronne heard the sound of his piss gushing down his teen slut's throat. He stood back up holding his cock to Kelly's face wiping it across her lips. He milked his cock extracting the last few drops of urine and made Kelly lick them off as they formed on the end of his cock.

"That' my girl." "You're really gettin' the hang of it now, honey." Tyronne relished in the fact that Kelly was so obedient to do his bidding without question.

Once Tyronne finished his humiliation of Kelly and turning her into his obedient piss drinking slave, he let Kelly remove her hand from Barbara's cunt. Barbara lay there totally drained, her body aching with pain. For the remainder of the night John and Tyronne turned their attentions to Kelly to finalize her transformation from a sixteen year sweetheart to a sixteen year old obedient whore.

Through the course of the night she got fucked three more times including another time in her ass by Tyronne. Each time they finished, Kelly had to squat over Barbara's face so Barbara could suck out the sperm from her holes. And just insure Barbara got it all, they both yanked and played with the nipple rings making Barbara bounce on the bed in pain as she sucked on Kelly's cunt and asshole removing the jib pumped into the young teenager.

Then to finish the night, John wanted a turn pissing into Kelly's mouth. John knew Kelly wouldn't like that idea, so Tyronne stood directly over her holding her head while John inserted his cock into her mouth. Kelly nearly got sick from the last mouthful a few hours ago. Now John was about to empty his full bladder in her mouth expecting her to swallow it all. At first Kelly thought John just wanted a blow job, but when he stood there relaxed with his semi hard cock resting on her tongue, she knew what he was up to. She couldn't back off, Tyronne held her head firmly. Then she felt the warm yellow fluid gush from John's cock hitting her tongue. Her mouth filled up in a matter of seconds. Kelly let it dribble out around his cock which got Tyronne mad. "Drink you bitch." Tyronne pushed Kelly's head hard into John's groin. The force caught her by surprise making her swallow and now John's cock was pushed into the back of her mouth. His piss was gushing into her throat and there was nothing she could do to stop it. She had no choice but drink it down or drowned in his urine. Kelly's stomach was already turning, she was going to get sick from it. John's hot piss seemed to stream endlessly from his cock as Kelly swallowed six maybe seven times taking his hot fluid into her belly.

When John finally finished relieving himself he pulled from Kelly's mouth and began jerking himself off while he watched the teenage girl get that flushed sick look on her face. Defiling her sweet young mouth this way really got John horny again.

"What's the matter honey, bad taste in your mouth?" John chuckled.

"You'd better get use to it."

"You've got such a nice sweet mouth, it's just made for cock." "And you're gonna be drinkin' allot of piss and cum working for Tyronne."

John's cock was growing again as he stroked it in front of Kelly's pretty face.

"Let me give you some of my sweet cream. That should help you out." Kelly thought he was going to jerk off in her face and make her eat his load. But John had other plans.

"I'll bet your throat is even tighter than your ass." "Let's give it a try."

He stuck his erect hard tool back into Kelly's mouth. The fright of swallowing John's cock swept through Kelly and mixed with the sick feeling in her belly. Kelly wasn't in the mood for anything right now. Her gut was churning with the hot acidity piss she just swallowed. But John was insistent to have his way with her. John grabbed her head and began pulling her towards his groin. He was going to force his cock down her throat. Kelly never did any deep throating before. Now she was going to learn the hard way, by force. John's cock hit her throat entrance and he squeezed it down. Her first instinct was to gag, and she did. But his cock was already going down her tight throat passage. Had it not been for his hard meat pushing down her, Kelly surely would have thrown up everything. However, her gagging reflex in her throat merely tightened on John's cock giving him a rather enjoyable sensation while Kelly knelt there in total discomfort, gagging from the impaling of her throat. John managed to stuff himself all the way down into Kelly. Then while holding her head tight, he fucked her mouth up and down trying to make himself cum one more time. Kelly gave up the fight, her desire to gag was gone despite the sick feeling in her stomach, it was useless. She

became almost like a rag doll in his hands becoming nearly limp, accepting his cock down her throat over and over. She became his willing slut, his willing piss drinking, cum eating whore.

John went wild with Kelly's throat fucking, ramming his cock in and out of her young teen throat.

"C'mon cunt, suck my cum out."

"Oh, yes, yes.... eat it!!!...eat it!!.....eat it cunt!!!"

His pistoning in and out continued faster and faster.

"C'mon you fuckin' little whore, take it deeper,... deeper."

"Swallow it bitch,... swallow it."

Only gurgling came from Kelly's mouth as John's cock entered and re-entered her throat. She only had a split second to get a breath each time before John's cock lodged itself all the down her again and again.

"Take it cunt," ..... "Take it." ..... "Take it...."

"Ahhhhhhhhh!!! suck the cum out of me, you fuckin' whore."

"That's it...that's it....I'm gonna cum right down your piss drinkin' throat, you fuckin little slut."...

"Whore" ..... "Fuckin Whore..." "You nasty filthy fuckin' whore."

John screamed obscenities at Kelly while he violently raped her tight throat. Then John achieved his climax. He rammed deep down into Kelly letting go a thick hot stream of sperm into her young virgin throat. There was no need for her to swallow, his cock was buried, jammed as deep as it could go. Kelly felt his cock pulsating deep within her, throbbing in her throat, pumping thick jib into her piss filled belly. She couldn't take much more. Surely she would lose consciousness soon. Then he pulled out letting Kelly go. She just leaned over clutching her stomach and prayed she would either pass out or throw up. Meanwhile John and Tyronne laughed at her. "That young bitch has got some tight throat, Tyronne." John remarked. Then she laid down falling asleep exhausted, with her belly full of piss and cum.

Finally morning arrived. John climbed onto the bed with Barbara to remove the nipple rings. Carefully he removed them, poured some antiseptic over her tits and gave them each a little kiss. "You were worth every penny," John remarked as he handed Barbara her payment for using her body. Tyronne and Kelly were already gone. Barbara dressed and off she went towards home too. Amazing as it seemed, Barbara realized she had only cum once through everything that happened. Her body hurt, still in pain, yet she still had the urge, wanting to orgasm again. She wanted another one like last night. As she walked to her car the feeling intensified. She wondered why she felt this way even with the pain and torture she endured. When she got home, she thought, she would take a nice hot shower and masturbate to orgasm.

As she approached her car, she heard her name called. Barbara looked back, it was Kelly. When she caught up to Barbara she explained how she left Tyronne. She wasn't quite ready to work for him. At the moment Kelly had no place to stay. Barbara offered to let her come stay are her place and she accepted.

## Chapter Fifteen

Barbara and Kelly lived together for nearly two weeks. During that time Barbara told Kelly about her many sexual encounters and how she slowly developed herself into the slut she was. Barbara didn't really see herself that way, as a slut, but rather that she just enjoyed a sexually uninhibited lifestyle. Kelly, being a sixteen year old beautiful blonde, was fascinated by Barbara's stories. The more she heard, the more she wanted to become like Barbara and do some of the same things.

Kelly explained to Barbara that she didn't have much experience sexually. Her only boyfriend had moved away a month ago from her hometown and coupled with the problems she was having with her parents, it prompted her to run away. Kelly was such a pretty young girl, she could have had any boy in school she wanted. She had such a cute attractive face, sandy blonde hair to her shoulders and such perfectly formed, petite pert breasts. Kelly was only five feet, one inch tall with a small framed body. But the way that body was shaped was an incredible sight. She had such a tiny cute ass, a slim waist and beautifully shaped legs. One look at Kelly and you knew that getting in bed with her would result in nothing but the time of your life and for sure an incredible fuck. Now, Kelly wanted to learn from Barbara how to use her body for her own enjoyment as well. And Barbara was the right one to teach her.

Kelly and Barbara spent most of the two weeks learning about each others bodies, especially Kelly. Kelly seemed to enjoy Barbara's 38" breasts tremendously. She loved sucking on them and burying her face between them. And she loved sitting on Barbara's beautiful blonde haired face, getting her cunt eaten while she would fist Barbara's cunt with her tiny hand. They wound up being lesbian lovers all day and at night became man-crazy whores, looking to get a goodnight or an all night fuck.

Last evening, Barbara was offered a job for both her and Kelly at a bachelor party for twenty men. It had been awhile since Barbara participated in an all night orgy, so this sounded like a lot of fun. She planned on giving these guys a time they would never forget. Also, it would be Kelly's true test of how much she learned from Barbara. And how much of a whore she really wanted to be. Kelly had come a long way over the past two weeks, but could she handle a crowd of men. Fucking one man was no problem, she even had two men for a whole night a few days ago. But twenty horny guys all night long, looking for nothing but how many times they could do it. It truly would be a test for Kelly to see if her young teenage body could keep pace with Barbara's and all her wild fantasies.

The night of the bachelor, both Barbara and Kelly made sure they dressed extra special. They wanted to be sure to arouse all of the men as soon as they arrived at the party. Each had tight short skirts to show off their legs and slim waists. Also, skintight pullover tops with no bras, so their nipples would poke through the material. Of course, they had a lot of makeup on to make them look like high class sluts begging for a fuck. Once they were ready, off they went.

Barbara and Kelly arrived at the bachelor party around eight o'clock. Everyone was there waiting for them. There were twenty men ready for a good time tonight. They had heard about Barbara and how good she was in bed. They had heard she would do anything. As the night would progress, they would find out first hand. Kelly was coming along pretty good too. Over the past couple weeks Barbara managed to corrupt nearly all of her. The only thing Kelly still had a tough time with, was having someone urinate in her mouth. She still remembered how brutally she was treated last month and how she was forced to swallow the hot disgusting urine, as her mouth was pissed in. Everyday Barbara introduced her to new things and new experiences. Even tonight was something new for Kelly. There were twenty men at tonight's party, which was more than she ever had before at one time. When they arrived there, already the men were drinking pretty heavily and for sure once they were drunk up, they all would be looking to fuck all night long.

Barbara and Kelly wasted no time. They went to the center of the room and playfully stripped each other. Once they were both naked, they kissed and fingered each other caressing each others breasts and legs working towards the growing wetness between their legs. Two of the guys decided to join in right away. They stripped down too and joined Barbara and Kelly who now were on the floor, Kelly laying down with Barbara eating on her slit. One of the guys straddled Kelly's head wiping his cock across her face until she took him in her mouth. The other guy went for Barbara, first giving her a taste of his cock, then moving around behind her to insert his tool in Barbara's wet cunt. The night's action was in progress.

Barbara's hole got pounded for a good ten minutes while the others undressed. Once his cock was ready to start throbbing, he withdrew and Barbara swung around taking him in her mouth to receive and swallow her first load of the night. At about the same time Kelly got creamed too. She got some tremendous heavy spurts of hot cum poured on her face and in her mouth. She licked and swallowed it, getting to taste most of the jib he unloaded.

After they finished, Barbara and Kelly split up. The next man up wanted Kelly's tight little ass. This guy, John, seemed real anxious to squeeze his nine incher up Kelly's cute, tiny puckered asshole. Kelly could overhear a lot of the conversations on how they couldn't wait get a crack at the little girl's ass. She knew her backdoor was going to get a good workout tonight.

John lead Kelly over to the sofa. She stood in front of him as he caressed and pawed at her 5'1" 90 pound body. Kelly's small petite figure just made him and the rest of guys that much more horny thinking about fucking her tiny holes. John spent a lot of time playing with Kelly's cute breasts. Just looking at them was a real turn on making John's cock hard as a rock. Kelly's young tender breasts, although not large, were just perfect for her small framed body. As John caressed and touched them, her nipples responded becoming incredibly large and puffy. Kelly's adolescent breasts and nipples were still in the process of developing. But she knew she liked they way John was fondling them, making her young delicate flesh tingle.

His caresses made her nipples protrude out more from her breasts making them feel like they were growing larger and larger. John then delicately kissed and sucked on her dark red 16 year old tits. The young tender flesh puffed out even more from her breasts and he remarked on how soft they felt on his tongue. As John licked and mouthed the nipple meat, her dark puffy tits really did grow larger, actually bulging into his mouth. It was so incredibly arousing seeing and feeling her body respond to his advances. He aroused Kelly too, tremendously, as he sucked on them, almost making it feel as though he could suck off her tender sensitive nipple meat from the rest of her breast. Kelly closed her eyes enjoying his mouth, his tongue, his teeth scraping across her breasts alternating between the two. He took her whole tit in his mouth, sucking on her nipples, pulling them into his mouth and tonguing her enormously bulging tit flesh. Occasionally, John would stop to admire her young dark flesh, then grab her bulging nipple between his thumb and finger pinching it, squeezing the thick soft tit meat, sending a little wave of pain through Kelly's small pert breasts. That only made Kelly moan louder. John squeezed and pinched harder as Kelly became more aroused. He yanked and pulled on her tits, to the point of mauling her sweet beautiful breasts. Her body felt so alive and so aroused. Kelly got the point where she couldn't take it any longer and begged for him to fuck her.

"You gotta fuck me...." "Now!!!!!!" "Please!!!"

"C'mon, fuck me in the ass."

"That's what you wanted, right?"

“Stick that cock up my asshole.”

Kelly just knelt down thrusting her tiny ass in the air and to let John drive right in. Immediately, he poked his cock around her anal pucker and pushed it right in. His cock hurt penetrating her asshole, as he slammed in without any lubrication. He dry fucked Kelly’s bunghole for five minutes while he hugged her petite body wrapping his arms around her, squeezing those fantastic swollen nipples. Even though pain rippled through her anus from being fucked dry, it felt good. And her nipples hurt from his pinching, harder and harder, but it felt good too. Her whole body felt good, she was getting fucked, assfucked, and fucked hard. Finally he was ready to shoot his load, and he did. It burst in torrents into her rectum, shooting most of his sperm in her ass and dripping some down her asscrack as he withdrew. His big load of jib was going to make it easier for the rest to fuck her backdoor hole. And a few others were already waiting for their turn to fuck the teenager’s tight little asshole.

Meanwhile Barbara had her own following. There was a line in front of her as she kneeled on the floor, each of them waiting for a blowjob. She sucked their cocks one at a time, deep throating them, letting each one feel the tightness deep down her throat. She teased them, at first, slowly swallowing their hard cockmeat an inch at a time until her lips pressed against their groins. Then she fucked her mouth on their cocks taking their meat in and out of her throat so they could feel their cocks squeezing down and then out and back down her sweet throat. She loved hearing their different comments each time their shaft disappeared through her lips.

“God, what a tight throat.”

“What a hungry fuckin’ bitch.”

“She’s a great cocksucker.”

“Take it deep, honey.” “Yess.. God, yess....swallow it.”

Then, when she knew they were ready, she let them blow their loads in her mouth and all over her face. She swallowed every drop from each man, cleaning her face up in between so as not to waste any of their precious sperm. Then she thanked them for their delicious hot cum and sucked them one last time before moving on to the next.

There was only one black man in the whole crowd. When he approached Barbara he was somewhat hesitant, fully expecting Barbara to shy away from sucking his black cock. But Barbara looked up at him saying, “black cock....my favorite.” “I can’t wait to taste your cum.” Then she sucked him right in while he got the biggest smile on his face. A few minutes later, Barbara paused to give him an extra special treat. She lifted his cock and began licking his black balls. She licked them fully, underneath his scrotum soaking his balls in her saliva. Then gently she sucked his sack into her mouth getting a good taste of his sweaty black balls. Then before resuming his blowjob, she licked his crotch, working her tongue between his legs all the way in his groin. She licked under his nut sack too, tonguing his sensitive skin leading back to his black asshole. He nearly shot his load feeling her tongue back there. But then his cock wound up back in Barbara’s mouth and seconds later he gave her a mouthful of his black seed.

Barbara looked over toward Kelly seeing her still on hands and knees. Over an hour had passed and the young teenager still had a cock in her ass. There were still three more guys waiting their turn to fuck Kelly’s asshole. Kelly was just whimpering as they pounded away in her ass. Barbara watched the man pull from Kelly and dump his load on her face. Kelly was doing a good job and enjoying herself. She swallowed most all of their loads when they came on her face. And she wasn’t shy about

cleaning up their cocks after they'd been in her ass either. Kelly had learned to like the taste of her own ass. She liked the musty anal taste on the men's cocks. As she cleaned this one up, another took his place inserting his cock in Kelly's rectum. Her asshole barely had a chance to close up. It just gaped wide open waiting for the next hard piece of cockmeat to fill it.

Barbara was just finishing with the sixth or maybe seventh cock, she had already lost count. Already she was at the point of being so turned on, so horny, she would do anything. Her face was loaded with sticky, half dried cum and some of the last load was dripping down her chin. She sat there relaxing in the middle of the floor with her head tilted back, mouth wide open, waiting for the next cock to fill her throat. Moments later, the next man named Bill positioned himself standing over Barbara.

"Here goes honey." "All the way down."

He lowered himself down bringing his cock to Barbara's face. He was the biggest one yet. His cock was easily twelve inches. She licked at his cock, then licked and tasted his balls. Then he slipped his cock in her waiting mouth and plunged himself all the way down Barbara's throat in one motion. It didn't phase Barbara in the least. She swallowed his twelve inch tool without any difficulty at all. Up and down he throat-fucked Barbara, pistoning in and out of her tight gullet, fucking her beautiful face. She sat there taking it over and over, faster and faster, letting Bill's big hard cock ram down her. She loved the way it felt squeezing down, forcing her throat open to take in the stiff cockmeat. And how turned on it made Barbara feel, as it traveled deep down inside her throat, gripping his hard cock so tightly that it grew hotter and harder inside her mouth preparing itself to fill her up with sperm.

"You got a nice throat honey." "I sure love fucking it."

"You're first one to handle all of me."

Barbara felt his cock getting stiffer and stiffer. It began to feel almost like a steel rod stabbing in and out of her. And she was getting so horny from the cock swallowing, she knew she had to make herself cum. She just couldn't take it any more. While Bill kept fucking her throat, Barbara began furiously fingering herself, jamming two then three fingers up her cunt. Within seconds she was ready to orgasm. She began tightening her throat around Bill's cock. The added friction squeezing down her throat made Bill go wild. He was ready to cum too, and Barbara knew it. Then Barbara's orgasm burst through her body. She locked her mouth around Bill's big cock squeezing his hard shaft with her throat. Bill actually had to squat on her face with his cock and force the remainder of his long shaft down, impaling himself in her throat. Then he came. His cock throbbed like he never felt before, blasting wads of cum deep inside her.

"Ahhhhhhh!!!! Fuck!!!!"

"Start swallowing, bitch."

Barbara's throat merely twitched as her own orgasm shook through her and Bill's cum poured into her throat. She swallowed his load trying to gulp it with her throat muscles, helping milk the cum from his throbbing twelve inch cock. When he was drained, he slowly extracted his tool. It glistened from the cum and saliva that coated Barbara's tight throat. She felt so good as remnants of her own orgasm still lingered in her body. Barbara grabbed the shiny gleaming cock and licked it like a lollipop to clean up all of his fresh jib. She jerked it with two hands squeezing out another small cum glob which formed on the tip. Then she sucked his cockhead cleaning up that last bit of his sperm. Bill just shuddered as he stood there watching Barbara suck him dry.

"That was the best fucking blowjob I've ever had." Bill commented as he stepped away from Barbara. "You sure can take it deep, honey."

## Chapter Sixteen

Bill and Barbara stood there staring at each other. Bill was totally drained from the fantastic blowjob. All he could do was gaze into Barbara's beautiful eyes in amazement that this gorgeous creature of a woman had such a talented mouth. Barbara too was somewhat drained after swallowing Bill's long cock. She always did enjoy a big cock down her throat. She knew guys with big cocks didn't often meet someone that could deep throat them. And that thought excited Barbara that much more.

Bill started walking away announcing that he had to go to the bathroom. All the beer obviously was getting to him and to everyone else. As he moved away Barbara asked, "wouldn't you rather piss in my mouth?" He stopped dead in his tracks looking back at Barbara. "Are you serious?" He asked. "Of course I am." Barbara replied. "Give me some in a glass." "I'll drink it."

"I don't believe this," he commented grabbing a glass off the table. "Are you really going to drink my piss?" He aimed his cock in the glass pausing for a moment all excited at the prospect of seeing this gorgeous blonde do an utterly filthy act. He took a deep breath and let go a steady stream filling the glass about three quarter full before cutting his flow off. Barbara reached for the glass of the warm yellow fluid. She looked right at him as she brought the glass to her lips.

"You're really gonna do it, aren't you?" Bill asked again in disbelief. She tipped the glass sipping a mouthful. Then she swallowed and licked her lips. "Ahhh!!! That's good," she commented.

"God damn, you're a nasty bitch." Bill replied. "you've done this before haven't you?" Barbara just smiled while she took the glass and slowly tilted the glass drinking the rest. Bill stood there holding his cock watching her. "What a fuckin' slut." "That's it, drink, you whore."

By the time Barbara finished the glass she had an audience watching her. "Want some more?" Bill asked. Barbara answered by setting the glass down and opening her mouth. "Fuck!!", was the only thing Bill could say. Bill put his cock aimed right into her mouth and let go a little stream. It trickled into her mouth until her tongue was covered and Bill squeezed his cock stopping the flow. Barbara closed her lips, swallowed the hot piss and opened up for more. "Ahhh..., that's good," Barbara reassured. Then again Bill aimed into her opened lips, releasing a piss stream that filled her mouth more quickly and Barbara swallowed that too. "Ahhh!!!, that's so good, give me more." Barbara opened up once more and collected another mouthful of his hot yellow piss. "Gulp!!!" And that was gone too. Four more times Barbara took a mouthful of Bill's piss as he emptied his bladder a mouthful at a time. She drank every drop, flushing it down her throat into her already cum-filled stomach.

Then one of Bill's friends took his place. It looked like everyone had to take a piss and they were waiting to give it to Barbara. This time Barbara simply took the cock in her mouth and mumbled, "okay, let it go." Seconds later Barbara was gulping as fast as she could as this guy's cock flooded her mouth with his hot gushing piss. Barbara drank it down as it filled her mouth like drinking from a garden hose. Every so often the quantity was more than she could handle and it overflowed her mouth. The urine dribbled out down her chin onto her breasts and down her chest.

Then a third guy was up in front of Barbara and he began urinating into Barbara's mouth. While his cock drained another was jerking off watching Barbara. By the time she finished her third bladder of

urine he was ready to cum. No sooner had Barbara swallowed the last mouthful of piss, she got a mouthful of his cum. And the load was tremendous, blasting in torrents from his cock. Barbara had cum plastered all over her face and dripping down her cheeks in addition to a mouthful of the thick hot sperm.

Barbara's whorish activities took some of the attention away from Kelly. This was the longest stretch that Kelly's asshole was empty. There were just too many of the guys waiting for Barbara. One guy had to pee so bad, he ran over to Kelly, stood over her cute ass, that he fucked not more than ten minutes earlier, and pissed right on her. "Spread that ass open," he barked out to Kelly as his piss hit her rear end. He was drunk up pretty good and was really getting nasty, yelling at Kelly. Kelly reached around spreading her cheeks apart. She had been fucked so many times in her ass it was easy making her loose asshole open. As she stretched her cheeks apart her anal hole opened up forming a gaping cave. He aimed his piss stream right in her ass. His aim was impeccable as it entered Kelly's anal hole splashing and gurgling inside her, filling her rectum with hot pee. When he finished Kelly let her hands go and her filled up ass closed holding in the hot urine.

"How's that feel in there, bitch?"

"Ever have you ass pissed in?" Kelly's bowels were full of his urine. It felt so warm inside her, actually feeling pretty good.

"Looks like you like getting a piss enema, don't ya, little cunt."

Kelly didn't answer, in fact she didn't care that he pissed in her ass. If that's what turned him on then fine. As long as he didn't want to piss in her mouth. She just couldn't bring herself to do that again.

"I'll bet your slut girlfriend will drink it from your ass." "What'd you think?....."

Kelly knew Barbara enjoyed taking it in the mouth. And she actually liked swallowing it. Barbara always did get off on doing things that her men thought were nasty. But this, releasing an assful of piss into Barbara. How utterly disgusting, Kelly thought.

"Let's go see your girlfriend," he demanded.

He led Kelly over to Barbara where she was just finishing another bladderful.

"All right you filthy little whore," he commanded to Barbara. "Lie down." "I got a surprise for you." "I just pissed in your girlfriend's ass, let's see you drink that too."

Barbara eagerly laid down on her back and Kelly positioned herself squatting over Barbara's face. Barbara opened her mouth awaiting Kelly to release the stored up urine from her rectum. Kelly was shocked that Barbara so willingly obeyed. She surprisingly enough, wanted to do this. Kelly settled herself over Barbara's open mouth. In her squatting position, it looked like Kelly was ready to take a dump in Barbara's mouth. Then a couple little squirts came shooting out into Barbara's mouth. She swallowed it right down. A couple more squirts escaped and Barbara swallowed them too. Then she stretched her neck up licking Kelly's tiny asshole trying to relax her so she could expel the rest of fresh hot fluid.

Suddenly, the piss started gushing out of Kelly's asshole. The urine splashed all over Barbara's face, most of it going into her open mouth. Barbara gulped quickly swallowing it all and then caught another mouthful. Her face was drenched in the hot fluid, As the urine continued flooding Barbara's face, some stuck on Barbara's face. Barbara took everything until Kelly finished, swallowing it all.

Then she licked her lips showing the guys that she like the taste and enjoyed drinking piss from Kelly's ass. Finally, the flow from Kelly's rectum stopped and Barbara again, leaned up to Kelly's ass and thoroughly cleaned her puckered asshole licking it clean.

Then if Barbara's filthy perversion wasn't enough, she proceeded even further. Barbara pushed Kelly off her face and made her kneel on hands and knees. Barbara then quickly disconnected the clear plastic hose from the empty keg of beer and returned to Kelly. Barbara took one end of the plastic hose and inserted it into Kelly's asshole. She forced the tip of it in, then started pushing it deeper and deeper and deeper. Barbara must have shoved about a foot of the plastic tube inside Kelly's ass and still she was trying to get it further up inside Kelly's rectum. Kelly was wiggling her butt as she felt it sliding deep inside her. It almost felt as though it were all the way up into her belly. Then Barbara stopped inserting it, placed the other end in her mouth, and began sucking on it. Barbara was going to get the last drops of piss out of Kelly. She was going to suck it out and clean Kelly's insides.

Barbara sucked hard and Kelly could feel the strange sensation of her rectum getting vacuumed out. A little fluid passed through the hose and quickly entered Barbara's mouth. She stopped momentarily to swallow it. Then she did some more sucking and the hose filled with a thick tanish slime that slowly oozed through the tube and into Barbara's mouth. She swallowed, then she sucked, then swallowed and sucked everything that was inside Kelly. It was hard to believe there was still that much of the piss mixture still inside Kelly. But finally the tube emptied leaving Barbara sucking air and making Kelly go wild from the unusual internal suck job she was getting. Barbara gave Kelly's asshole one last lick, burying her face in Kelly's crack, cleaning it up one more time. Barbara sat back smacking her lips as Kelly turned over pulling the tube from her butt and watching Barbara finished her anal treat.

"Now this is what you call a slut, guys." One of the guys remarked. "She's a real hot, piss drinking whore."

"She's the nastiest, filthiest cunt I've ever seen," said another.

Then Barbara commented, "I think I should clean up a bit, guys." "I must look a mess."

Barbara really was mess. Her face was covered in a sperm and piss mixture. It didn't really seem to bother her that much, though. She wasn't in much of a hurry to clean herself off. Actually, she continued licking her lips.

"Why don't you guys wash me off."

Barbara held her head up high as she sat on the floor offering her filthy body to the room full of horny men. They got the idea real quick. Three guys with full bladders moved in place and began pissing onto Barbara. They aimed at her head first blasting their hot urine in Barbara's face. Quickly all the scum washed from Barbara and ran down her lovely body. Then she caught some piss in her mouth, gargled with it, and gulped it down. Barbara was being more than just a piss drinking whore. She was the dirtiest, filthiest cunt any of the men had ever seen. They called her every name you could think of as they urinated all over her. The more they defiled her the more Barbara like it.

"You fuckin little whore." ..... "Piss drinking bitch." .....

"Little ass whore." .....

"Filthy cunt." .....

Two men were pissing on her head soaking her beautiful blonde hair. Another was shooting his stream right in her face.

"Piss slut." .....

"Drink our piss, you cunt,..... you slut,..... fuckin' whore."

"Swallow it, you fucking whore,....you fucking whore.....FUCKIN' WHORE."

When they finished urinating, Barbara crawled to one of them and licked his cock clean. She sucked every drop from his cock. Then, to his surprise, she moved around behind him to lick his ass. She tongued into his asscrack eventually forcing him down on the floor with her. Barbara buried her face in his ass licking him feverishly as she slipped deeper and deeper into her world of the nasty and dirty to satisfy her filthy lust. She was already soaked in piss, her hair was drenched and her belly was full. But still she wanted more, her lust drove her crazy. And the guy Barbara was anally licking was going wild too. Barbara licked and sucked in his crack and on his asshole. Then she pulled his legs up and back down to his head exposing his wide open crack. She spread his cheeks even wider as she licked him. He moaned in pleasure as Barbara tongued his asshole.

"Oh yes, baby, lick my asshole."

"That's it deeper deeper." "Lick my ass."

He relaxed enjoying the anal tongue bath allowing his puckered anus to part open for Barbara.

"God, you're a nasty bitch."

"Yes, lick my asshole, honey." "Lick it." "Lick it, deeper."

"Get that tongue in there, you filthy whore."

"Lick it." "Deeper, deeper."

She dipped her tongue into his hole licking the dark pink flesh. It wasn't a playful tease at licking either. Barbara was dining on his asshole, probing and slurping on his bunghole. It was so nasty tasting his hidden anal flesh, she loved it. She licked and bathed his back hole tonguing deep inside and pausing at times to relish in the forbidden taste.

Her tongue disappeared through his soft anal tissue penetrating his hole. Over and over she tongue fucked his asshole. She lapped hungrily with each probe inside his rectum on the soft anal flesh licking up the slimy coating inside his ass.

"Ahhhhhh!!!!....Fuckin' dirty cunt," he bellowed out.

"Nasty bitch." "Ahhhhhhh!!!!....."

"Lick it." "Yes, that's it, Lick it."

"Lick from my ass, slut." "Lick my asshole."

"You nasty fuckin' slut whore."

To the others it looked she was trying to suck the shit right out of him. And if she did, in her present state, she would have eaten that too. She sucked on him for nearly ten minutes, panting and slurping

in his rectum. Then she rolled him over. Barbara immediately went down on his hard cock, deep throating him. That exposed her beautiful ass to the rest of the guys. The men watching were so horny from seeing Barbara's anal licking, it was a race to see whose hard cock was getting into her ass. The lucky guy getting there first sunk his nine inch prick right in her asshole. The other four watching had to be content jerking off as they watched Barbara deep throating one cock as the other drilled up her ass. Both cocks were kept fucking her simultaneously until the one in her ass neared his orgasm. Then he went wild buttfucking Barbara violently. She swallowed the cock in her mouth holding it down her throat while she waited for the other to shoot his load in her ass. But then the cock in her throat swelled and in a matter seconds flooded her with his load of jib right into her belly. And then, at the same time her ass got filled with hot cum.

When they finally finished with her the four jerking off were ready to cream. When Barbara saw them she immediately invited them to her face. "Cum on my face, guys." "All of you." "Shoot it all over me." And they did. First one shot his jib all over her face, across her nose and in her eyes. Then two at the same time, one with several hard blasts of heavy sperm plastering her beautiful face and the other shot a couple big globs on her cheek that began to drip down the side of her face. Then the fourth one came, Barbara already had a faceful, she was covered in cum. But he deposited more, cumming on her forehead, nose and spread some across her lips. You could barely see Barbara's face from all the sperm. But she methodically licked her lips and slowly began scraping the white cream from her face and eating it off her fingers until she was all cleaned up.

Everyone was so busy either watching, fucking or pissing on Barbara, they forgot about Kelly. Now that Barbara finished her anal tonguing show, had her piss bath and a cum facial, Barbara and the rest glanced over toward Kelly sitting on the floor leaning against the sofa.

"Get a look at the teen whore, guys. She's fisting herself."

Kelly had her own fist buried up her own cunt. Her whole entire hand was gone, completely inserted inside her own tiny cunthole. She was in a delirium as she fisted herself too. She was almost near an orgasm as she kept jamming her hole with her fist, her eyes half closed and unaware that all attention was now on her. Kelly fucked herself harder and faster and faster, fisting her cunt, while a fellow named George moved over to her jerking his cock. When George stood over her, Kelly looked up but kept right on working her cunt.

"That's it honey," he urged her on. "Jam it up there." "Ram that fist up your young cunt."

With his encouragement, she orgasmed, tightening her body and moaning out loud as she convulsed in pleasure. "Ohhhh!!!!"....."Ohhhh!!!!" "Ahhhhhh!!!!!!" "George was ready now too, seeing Kelly enjoying herself so much and watching her small fist disappear through her moist slit. He let go a blast of sperm in Kelly's face. Kelly loved it, feeling the sticky load all over her as she slowly removed her fist from her cumming cunt. Then she reached for George's spasming cock. He had already covered Kelly's face with his load. Kelly only used his shaft to smear the hot cum around her face and push some of it into her mouth. It felt so nice feeling his hot cum splattering her face, running down her cheeks, and seeping into her mouth as she came at the same time. Her orgasm subsiding, Kelly just leaned back and relaxed as George walked away. She made no attempt to clean up. She left her face covered in sperm, occasionally playing with it, rubbing it into her soft skin.

Kelly rested a little while, which she needed after that last orgasm. Her whole body felt drained. Just a little rest and then she would be able to continue on.

## Chapter Seventeen

Kelly laid down on the floor taking her well deserved rest. Barbara got up making a trip to the kitchen. When she return it was apparent she was still horny as hell and looking for more crude nasty things to do. Barbara returned with a pint of chocolate milk and a small plastic funnel. She helped Kelly back up on her knees, even though she wasn't quite ready for more yet. Barbara took the funnel and inserted the end into Kelly's asshole. She inserted the whole shaft portion in Kelly's ass, first slipping in the tip, then shoving the rest of the plastic funnel shaft deep up inside her rectum. Once fully inserted with the flared out portion of the funnel resting on Kelly's butt cheeks, she started pouring the container of chocolate milk into the funnel. It gurgled around slowly pouring into Kelly's rectum. Barbara had to shake and wiggle the funnel a bit in order to get all the milk inside her. Kelly knew what Barbara was up to, and like before, she attracted everyone to watch. Kelly even wiggled her cute butt around shaking the milk inside her. With her ass so high up in the air and moving around, she could feel the milk seeping deeper inside her body.

Next, Barbara took the clear plastic tube she used earlier, and as before shoved that up Kelly's ass. Again she pushed it deep inside Kelly until it stopped deep up inside her rectum. Then using it as a straw, Barbara starting drinking the chocolate milk from Kelly's ass. Everyone was crowding around closer to Kelly and Barbara to watch the ass sucking performance. The clear tube turned brown from the chocolate milk as it flowed through into Barbara's mouth and down her throat. She kept sucking on the tube drinking all the milk from Kelly's ass.

Barbara finally got to the end of her snack as her big straw emptied. She gave a couple more pushes on the tube, wiggling it around, and actually was able to shove it deeper inside Kelly. Kelly squirmed a little as it must have moved further up her anal channel traveling deeper inside her body. Barbara sucked a couple more times again and got out a little more thick brown stuff. Barbara was finished. Then she let some dribble from her mouth for everyone to see. She sure knew how to show off her slutty talents. Barbara was getting all the guys aroused again watching her give Kelly her second anal cleaning of the night and drinking it.

"She's got to be the filthiest whore alive," was the first comment.

"Damn right." another agreed. "She'll do anything." "What a fuckin' slut."

The comments continued, and Barbara was loving it.

"You're such a slut whore, baby." "Nasty cunt."

"She makes me so horny, I want to piss on her again."

"Go ahead do it." Barbara replied. "Piss on me, then fuck me."

A few seconds later piss was splashing all over Barbara. The horny guy showered Barbara with his full bladder washing off her face. Barbara grabbed a couple quick mouthfuls to wash down the heavy paste in her mouth. And by the time he finished urinating on her, all evidence of her anal meal was gone. Her face, hair, and chest were all wet glistening from her golden shower. But that didn't matter, she was ready to fuck now.

Barbara took the top position making one of the guys lay down while she sat on his stiff cock. The single black man was back again. He was going to take Barbara's backdoor. He stood over Barbara's ass and guided his black meat in Barbara's anal hole pushing all the way in. "Yes, that's it, two at once." Barbara exclaimed. Both men fucked her hard, bucking wildly, driving their cocks over and over in both holes at the same time. Barbara screamed in pleasure from the double penetration. She

loved it in both holes at once. Their cocks felt so hard stabbing in and out of her body. She was going to cum as she always did when she got double teamed. A few moments later two cocks were spurting inside Barbara while she enjoyed a body wrenching orgasm making her shiver in delight as her body filled with more cum.

"I want more."

"I want everybody to fuck me."

"Fuck my cunt." "Fuck my asshole."

"Ram it in me hard."

Two more men took their turns fucking Barbara, one in her cunt and one in her asshole. And again she had two cocks at once pumping her, fucking her and filling her. It became a savage fucking of her body, both men brutally ramming her fuckholes until they came. Then two more men took their places and the animalistic fucking continued. Barbara screamed as they literally sodomized her, not in pain, but in the ecstasy she felt from it. "Oh yes," "God yes" .....deeper in my asshole." "Fuck my ass deeper." For anybody else this would have been rape. But for Barbara, this was her pleasure, to be fucked nearly senseless. She demanded a brutal fucking, especially in her ass. Then more cum filled her and two more cocks penetrated her.

It took nearly an hour for Barbara to get double fucked ten times. Her asshole felt like it was on fire and both her cunt and rectum were full of sperm dripping with cum. During the session she came three times herself, each one more intense than the one before. When they finally finished her, it was definitely time for a little rest. Barbara sat back stuffing her fingers in her cunt pulling out some of the cream and eating it. "God I love cum, it's so good." Then she returned in for more. "Mmmmmmmmm, so good." When she finished all she could from her slit, then Barbara stuffed a couple fingers in her asshole doing the same, eating the cum deposited in body. "Tastes so good." And back in her ass again this time offering some to Kelly who licked it from her fingers. Finally it was her time for a little rest.

For a half hour they all merely chatted, mostly about Barbara and Kelly and how incredibly great they were. It was nearly 3 A.M. now, and everybody was pretty spent.

After about a half hour Barbara and Kelly both resumed work on their hands and knees slowly sucking a semi hard cock, trying to bring it back to life. Bill was just coming back in from outside after letting his dog out that had been in the kitchen all evening. When Bill's German Shepherd came in and saw two butts up in the air, he couldn't help but to wander over and investigate. Rusty approached Barbara's butt first sniffing her behind. Then he gave a few licks on her ass. Barbara looked over her shoulder, wondering about the strange new feeling. It felt a lot different from all the men who had licked her this evening. Seeing Rusty there didn't phase at all. She just went back down on the cock she was servicing to finish the job.

Once she finished with Bill's friend, she turned her attentions to Rusty. The dog's cock was starting to protrude from it's sheath. It was a deep dark red and growing and growing longer and longer. That gave Barbara an idea to wake up this group of guys.

"Want to watch me suck the dog?" She asked the crowd.

The room was silent. No one said a word. Barbara didn't need them to answer, she was going to suck Rusty off. She knew it would make them go nuts watching her suck on a dog cock. How much more filthy could she be for them? Barbara reached underneath Rusty, touching his cock, feeling it grow

in her hand. Finally it reached almost eight inches long. Everyone in the room stopped what they were doing to watch Barbara. Kelly stopped sucking too, to see Barbara's next nasty demonstration.

Barbara stroked Rusty's hard red cock in her hand. Then she laid down sliding on her back under the dog's hind legs until her mouth was inches from Rusty's dark veiny meat. Barbara took the tip to her lips and gingerly licked the end of the cock. Then a couple inches disappeared inside her mouth with her lips wrapped around it. She jerked it a few times in and out of her mouth. Barbara felt how slippery and slimy the dog cock was passing through her lips. She took a couple more inches in her mouth. Rusty didn't move. He let Barbara suck him. At the base of his shaft a large knot was beginning to grow larger and larger. Rusty was getting quite aroused as Barbara sucked on his meat.

Kelly decided since Barbara was getting all the attention now, that she would help her out. So, Kelly quickly went to find her purse and pulled out her favorite ten inch dildo. It was a huge rubber cock with a giant fat cock head on the end. Over the past few weeks, Barbara had learned to love the way it felt when Kelly would stuff it up her cunt. Once she would get it inside her slit, how wonderful it felt penetrating deep up her cunthole. Kelly crawled up between Barbara's spread open legs and as Barbara sucked the dog cock, Kelly inserted the dildo up Barbara's cunt. She teased Barbara awhile, slowly wiggling the fat rubber cockhead in, then pulling it out, reinserting it, and reinserting it again. The huge balled tip drove Barbara nuts as it stretched her slit open over and over. Then Kelly drove it deeper and deeper fucking Barbara hard with the rubber cock. Barbara was loving it too. The giant head traveled deeper inside Barbara as Kelly forced it all the way in until she felt it hit bottom in the deepest part of Barbara cunt. Kelly drove Barbara crazy when she kept jabbing it harder and harder against the back walls of her womb. The harder Kelly fucked her deep cunthole the harder Barbara sucked Rusty's growing animal meat hanging between his hind legs.

Now about six inches of dog cock was sliding in and out of Barbara's mouth. She backed off for a moment to get a few breaths and comment on her new experience.

"I like dog cock, it tastes good."

"Can't wait to taste the dog cum."

Then she swallowed it back in her mouth, this time all eight inches up to the giant knob that had grown almost to the size of a tennis ball. Rusty's cock was down Barbara's throat and her lips were pressed against the dog's hard knot in his shaft. Again, Barbara pulled out and swallowed it back down her throat. She fucked her face with Rusty's cock over and over, swallowing the slimy red shaft countless times down her throat. Rusty was helping her too. He was fucking with his hind end helping impale Barbara's throat. Then Barbara held it in down her gullet by actually pulling on Rusty's hind end with her hands, holding him in place down her throat. By this time Kelly's dildo fucking was really making Barbara insane. It wouldn't be long before she came. She starting working her lips opening them wider trying to take more dog cock. But there was no more, all of Rusty's cock was down her throat. She pulled harder on Rusty's hind end. Her lips began stretching up over the shaft's big bulging knot. Everyone was astonished watching what she was trying to do. Was Barbara trying to swallow the whole big knot? Was Barbara so vile that she would swallow and engorge her throat entirely with a big hard dog cock. Could she open her mouth and throat enough to take the whole thing in?

She pulled harder and her lips wrapped around more of the red knob inching it's way in her mouth. Kelly rammed the dildo up her hole. Barbara pulled on Rusty again and a little more cock disappeared. Barbara felt the dildo again ram up her, hitting bottom deep inside her. Then, she made a quick pull on Rusty's hind end and she went over the half way mark, her lips slipping over

the back half engulfing the whole knot. Rusty's cock had penetrated deeper down Barbara's throat as the cum engorged knot filled Barbara's mouth. The whole eight inches of dog cock were in Barbara's throat and her mouth was stuffed full with the giant knot. It seemed like it would have been impossible to do. But she swallowed the whole thing. Everyone couldn't believe she did it. And still Kelly ram her hole determined to make Barbara cum while she had the dog cock in her mouth.

"This cunt's just too much."

"What a whore." "Sucking off a dog."

"And she likes it too."

Rusty was whimpering trying fuck for all he was worth, but his cock was lodged in Barbara's mouth. Rusty continued trying to fuck Barbara's mouth and his wining increased. Barbara knew he would cum soon and didn't want him to shoot it down her throat. She wanted to get a good taste of the dog's hot jib. Besides, she was ready to cum herself any second. She slowly backed off the knot allowing it to slip through her lips and then began sucking hard on Rusty's cock. In a few moments she just held the stiff dog prick in place with the cockhead just inside her mouth. Rusty was cumming. Everyone knew it too. Then Barbara came, her body twitching and convulsing on the floor with Kelly keeping the dildo pushed deep inside Barbara and Rusty unloading his animal sperm into her mouth. Barbara drained Rusty of every drop of his dog sperm without ever taking it from her mouth. She felt the thick strands of cum hitting her tongue and splashing off the roof of her mouth. The bottom of her mouth was filling up with Rusty's hot cream forming a heavy, thick, slimy pool of dog cum covering her tongue.

Then, once the dog finished, she pulled Rusty's cock out, sucking off the red shiny meat and held her head back. Her own orgasm was dying down and Kelly pulled the dildo out. But the tremendous feeling lingered on. Barbara opened her mouth wide showing everyone in the room her full mouth of the fresh hot dog sperm. When most of the guys got a look, she closed her mouth, looked over to Kelly, then crawled over to her. Then before Kelly knew what Barbara was up to, Barbara planted a kiss on Kelly's lips giving her a giant opened mouth liplock. It caught Kelly by surprise as Barbara transferred some of Rusty's hot dog cream into Kelly's mouth. Barbara wanted Kelly to share in the taste of it too. Once Kelly got a taste of it, she joined in willingly, sharing the creamy load. The slimy white jib dripped down their faces from their mouths as they slobbered in it while they kissed each other. They pressed their lips together and shared the hot dog cum licking it from each others faces until they had eaten it all.

Barbara and Kelly were rolling around for quite awhile on the floor locked in an embrace, kissing each other, hungrily sharing Rusty's sperm. At one point Kelly was on top of Barbara and the teenagers tiny ass was sticking up in the air. Rusty became curious again and still being horny, jumped up and mounted Kelly. Quickly, Rusty wrapped onto Kelly's back locking his legs around Kelly's waist. He started fucking his cock on Kelly's soft behind. Then as his cock grew, it found Kelly's cunt. Rusty drove into Kelly fucking her furiously. Kelly peeled her lips from Barbara. "The dog's fucking me," she whispered to Barbara. "It must feel great," Barbara replied. "His cock is so big and so hot" Kelly answered back obviously enjoying it. Kelly then went back to kissing Barbara and tasting the remnants of Rusty's cum while he plunged away in her hot cunt.

Kelly was really getting into being a total slut. She was acting like a complete whore. She didn't care that a dog was fucking her cunt. In fact, she was liking it. Rusty's hard slimy cock felt good pistoning in and out of her and put Kelly on the verge of cumming. The thoughts rushed through her mind that it was a dog making her feel this good. A dog cock was going to make her cum. And at any moment her cunt was going to be filled with thick dog sperm. Rusty fucked harder, jamming Kelly's fuckhole

over and over making Kelly lose all sense of control. It felt so good. Kelly kissed Barbara harder smothering her with kisses, moaning louder how good it felt.

"It's so good, Barbara." ..... "It's so good."

"The dog cock feels so good."

Rusty's hard cock was so hot inside her, it was burning up her cunt. Kelly broke her lips apart from Barbara's as she still moaned uncontrollably. She looked up at the crowd of men watching her. She didn't care that what they saw was a beautiful teenager getting dog fucked and liking it. Barbara stared up at Kelly seeing the cute young thing aroused more than ever before. Barbara whispered to her, "do it know." "Let them do it to you now." ..... "C'mon, go ahead, do it, Kelly." Kelly's body felt like it was on fire as Rusty humped her faster and faster. "Kelly tell them." ..... Again Barbara urged her on. "Go ahead, do it." ..... Barbara's words were like a dream and Kelly was about to make it become reality. Then Kelly pleaded to group watching her, in a gasping voice as her cunt continued getting drilled by Rusty's animal cock.

"Someone, piss in my mouth." .... "Now,..... please."

"Please!!!.....Please!!!!.....Piss in my mouth."

"I want to drink your hot piss." ..... "I want it."

This was the one thing Kelly wasn't able to do ever since she had been forced to swallow urine once before. Now she was submitting her body totally. She wanted to be completely degraded in front of everyone, especially to show Barbara how much of a whore she had become. She begged for one of the men to piss in her mouth while she was being cunt fucked by a dog.

"Please!!!" "Piss in my mouth."

One man quickly came up to Kelly holding his cock. Kelly was ready to orgasm and so was Rusty as he pumped away in Kelly's fuckhole. The timing was incredible. Kelly's request was answered. Hot piss started flowing into her gasping mouth as Rusty rammed his cock all the way in forcing his giant knot through Kelly's slit and burying it inside her tiny burning cunt. Kelly's teenage cunt swallowed up the whole length of hard dog cock and once the big knot slipped in, her hole closed up around it locking the shaft inside Kelly. Rusty began humping her cunthole achieving only a slight in and out motion within Kelly. But it was enough to make Rusty's cock erupt and begin depositing his thick dog jib. Kelly let out a sigh, "he's cumming." "Oh, God, he's cumming inside me." Rusty's flow of hot cream then set off Kelly's orgasm. She convulsed while kneeling atop Barbara with the dog cock pumping sperm in her cunthole and one of Bill's friends pissing in her mouth. Rusty continued filling Kelly's cunt with his thick dog sperm. The hard dog cock throbbed in the teens hot hole injecting her tight twat with it's hot animal cum. When Rusty finished, he backed off Kelly ripping his thick cock from her tight hole and then wandered away leaving her stretched gash dripping with dog cum.

Meanwhile, Kelly had already gulped countless mouthfuls of urine just to keep from choking. Then she tilted her head back taking another full mouthful. Bill's friend managed to cut off his stream momentarily allowing Kelly to lean down to Barbara and spit the hot urine into Barbara's mouth. Barbara swallowed it, gulping it, all of it. Kelly looked back up. "Give me more," she demanded. He let the flow start up, pissing again into Kelly's mouth. Kelly swallowed this time. Then again, another mouthful, and Kelly gulp it down too. And then another mouthful, and Kelly spit it into Barbara's mouth kissing her deeply sharing the strong acidity urine taste. A few more drops of piss trickled from his cock splashing on Barbara's face. Kelly licked them off and Bill's friend moved away.

Then a couple guys noticed the dog cream oozing from Kelly's slit. They picked her up off Barbara and placed her squatting over Barbara's face. Barbara was going to get herself another snack, another load of dog cum. She licked and sucked Kelly's slit, slipping her tongue up Kelly's gash, extracting all of Rusty's load. Then Kelly rolled off laying next to Barbara somewhat exhausted after her piss drinking, dogfucking encounter. She lay back smiling and remarking to Barbara how good it was. They both had enough for the night, as did the all the guys at the party. There wasn't one unsatisfied man there. When morning arrived, they all couldn't thank the girls enough for the sensational time.

Barbara succeeded in completely transforming Kelly. At sixteen years old, Kelly was certainly the hottest piece of ass around. Well, maybe the second hottest. Afterall, Barbara's thirst for kinky sex is certainly insatiable. There is absolutely nothing that Barbara wouldn't do. And now, Kelly was on the road to follow in her foot steps. What a sex team they make together.

*The End*
