## **BEASTIALITY STORIES**

This is a totally new experience for me, but when I found your website I had to share it with you. My name is Jenn and I'm 24 years old. I'm 5'7" and weigh 115 lbs. I consider myself attractive so I don't know why I'm dabbling in this fetish.

It happened early one morning. I woke up extremely horny. As I lay there half awake and half asleep I reached down and started stroking my pussy. I kicked the blankets off so I could explore every inch of my naked body. Well, one touch of my finger and my love juices started flowing. I probed deep into my love hole and pulled my fingers out to get a taste. That's when TJ, my 3 year old Rat Terrier, licked my pussy!

He always sleeps with me and has never done anything like that. The smell of my pussy juices must have gotten him worked up. At first I let the waves of pleasure take me as his tongue probed my pussy lips. Then I pushed him away because it made me feel a bit uneasy. The feeling his warm tongue gave me made my pussy ached for TJ to eat me out good. He must have read my mind because he went right back to lapping up my love juices. It felt so good I spread my legs wide to let him get all he wanted.

Just as I was about to explode with an orgasm, I thought to myself, 'What are you doing! This is a dog!' I quickly pulled TJ's head up. He was panting as hard as I was, but I was still uneasy about letting him get me off.

I pulled him up between my legs and placed his front paws on my tummy. TJ pushed forward to get the rest of his body up on me, and I felt the warm, hard tip of his cock rub my clit. The sensation sent a wave of orgasms running through me. My pussy contracted wildly and I screamed with pleasure. Once I caught my breath, I picked TJ up and saw a thick, pink, 6" cock throbbing between his legs and squirting precum.

"Wow TJ! For a little dog, you sure carry a big package." I wondered what kind of orgasm I'd have if I let him fuck me with it. My mind kept saying, 'It's a dog! Snap out of it!' My pussy, though, ached for more of what TJ had. I gathered myself together, took a shower and headed for work.

I didn't get much work done that day. I kept thinking about TJ's thick doggy dick all day. I was surprised how easy his dick matched up to my pussy. I thought about how easy it would be for me to lay on my bed, put him between my legs and let him fuck my honey hole to his little heart's content. I was so horny that I reached between my legs at my desk and rubbed my pussy.

By lunchtime my panties were so wet I had to take them off and put them in my purse. I continued to play with myself the rest of the day stopping just short of orgasm. At the end of the day, I was so horny I could hardly wait to get home. I walked into the house and dropped my clothes at the door. TJ was just as happy to see me. As I carried him to the bedroom, I could see the tip of his pink dick sticking out of its sheath.

I lay down on my bed, and TJ wasted no time in picking up where he left off that morning. He probed my wet pussy with his tongue. I arched my back and let the waves of pleasure take over my body. I let TJ lick my pussy until it was close to exploding and then I pulled him up. My hands were shaking with nervous anticipation as I reached down and pulled the skin back behind the knot on his dick. I lay back again and guided his thick prick into the opening of my pussy.

As soon as TJ felt my wet pussy he lunged forward. His thick cock slid into my well-lubricated love hole and then nature took over. TJ started fucking me hard and fast. I clenched the blankets on my bed; spread my legs wide and moaned with ecstasy as he pounded my honey hole.

"YES! YES! OH FUCK IT! OH MAKE ME CUM!" I screamed.

I began to feel the sensations of an orgasm building deep inside my pussy as TJ fucked me wildly. Then my pussy exploded with contraction after contraction of an intense orgasm. My twat clenched down taking every inch of TJ's rod as he continued to pound me. As my orgasm subsided, I heard TJ whimper and felt his cock begin to swell inside me. He was going to cum! As he thrust forward one final time I felt his dog knot slip inside me. TJ began to shoot his load. His swollen cock pulsated fast and with each pulsation I felt huge gobs of warm doggy cum squirting in me.

The thickness and quick pulsating of his cock must have hit my G-spot. Unlike the first orgasm, this one hit me so fast and hard that my entire body quivered. And then, something happened that had never happened to me before. My pussy began to squirt my love juice with each contraction of my orgasm. There was so much that it felt like I was peeing. Huge globs of my pussy cum mixed with dog cum was pouring out of me. My pussy was gushing.

With each gush, I screamed at the top of my lungs, "OH MY PUSSY! MY PUSSY! MY PUUUUSSY! OH! OH! OH! OH! UHH MY PUSSY!"

When it was over, TJ slid his limp love pole out of me and licked himself clean of our little cum bath. I lay in bed exhausted and satisfied. Over the next few weeks, TJ and I continued to get each other off.

I was disappointed when I had to go out of town to house sit for my best friend. I couldn't bring TJ along because she had just moved into a new house in the country. I didn't know if she'd like a dog in the house. I was pleasantly surprised when I walked in to see Julie standing beside a large, tan bullmastiff. "Oh my gosh! Where'd you get that horse," I said.

"This is Goliath. I rescued him from the pound," said Julie, "He's a big teddy bear."

After Julie showed me around her new house, she took off for her business trip. She'd be gone for three days. It was just me and Goliath.

Later that afternoon, I was sun bathing in the backyard. Since she lives in the country, I didn't worry about anyone seeing me, so I laid out nude. As I lay there with my eyes closed, the warm sun caressing my body, I started to think about TJ. Then I felt a shadow come over me. I thought the sun had gone behind a cloud. I opened my eyes and saw Goliath standing over me. His front paws were positioned on either side of my shoulders. I looked back between his legs and wondered. TJ was a little dog and had about 6-inches. "What do you have hanging big fella?"

I was a little scared because Goliath didn't know me, but I slowly reached back and stroked his sheath and balls. To my surprise, he stepped forward. I continued to stroke him and was shocked when I pulled back his sheath and out popped the most massive cock I'd ever seen. It started to get longer, harder and thicker. It was all of 14" if not more. My pussy instantly got wet.

Goliath reacted by lowering his head and exploring my wet honey hole with his tongue. By now his cock was rock hard and hanging right in my face. I'd never sucked a dog dick before, but Goliath's tongue licking my pussy made me lose all my inhibitions. I rammed as much of his cock as I could into my mouth and started sucking. The whole time I was excitedly thinking, 'I am doing 69 with a dog!' I continued to please his rod as he lapped up my warm love juices, but I wasn't going to let him cum yet. I wanted him to fuck me.

I've always liked fucking doggy style and Goliath was big enough that he could mount me. I slid out from under him and crawled on all fours around him. My pussy was totally wet. I could tell by the

way his thick prick was throbbing that he wanted to get deep inside me too. I positioned my ass in front of his face. Goliath took a step forward and then I felt the weight of his chest land on my back.

With me only weighing 115 lbs and Goliath weighing at least 140, I didn't know if I could support him. I propped myself up on my elbows and forearms and looked between my legs. I could feel him humping and trying to find my sweet spot with his massive cock. I reached back and guided his cock in front of my tight pussy. He thrust his hips forward and sliced into me. The feeling of pain and pleasure was more than I could stand. I thought I was going to pass out. He didn't go in all the way on the first thrust, but it was all I thought I could handle.

I braced myself for the rest of him by clenching the wet grass. With Goliath's second thrust, he slid his entire 14" love muscle deep inside my pussy. The sheer length and thickness of his prick caused me to erupt with a gushing orgasm.

I screamed, "OH! OH! OH! MY PUSSY! MY PUSSY! OH! OH! FUCK IT! MY PUSSSSSYYY!" I was gushing huge loads of pussy cum. The warmth and extra lubrication plus the contraction of my pussy sent Goliath over the edge. He began to fuck me fast, deep and hard.

I was breathless from the waves of pleasure running through me. I looked between my legs and could see his massive rod penetrating me with each thrust of his powerful hind legs. My breasts were jiggling back and forth with each of Goliath's thrusts. I began to gyrate my hips in rhythm with his fucking motion.

"FUCK ME! OH YES FUCK MY PUSSY! YES! YES! TAKE IT MAKE IT CUM AGAIN! YES!" I yelled.

Goliath pounded my pussy for what seemed like an eternity. Then I felt his thick dick begin to get thicker. "SHOOT THAT LOAD IN ME!" I screamed.

He thrust his hips hard twice to try and get his knot in me, but I couldn't take anymore. He gushed a wave of dog cum. It squirted into me with such force that it broke the tight grasp my pussy had on his cock and spewed out of me. The violent throbbing of his dick cumming in me drove me crazy. My body quivered like I was going into convulsions and I began to gush again.

"HHHHUUUAH! MY PUSSY! OH YES MY PUSSY! OH FUUUUCK YESSSSSS!"

I looked between my legs and could see the dog's cum and my cum dripping from my love hole. I reached back and took some on my fingers and licked it off. My juices mixed with Goliath's tasted salty and bitter, but I liked it. Even though Goliath hadn't gotten his knot in me, he kept his swollen cock in me for another five minutes.

I liked the feeling of his cock filling me up. Goliath and I became the best of friends for those 3 days. Now, I've opened up a dog sitting business.
