BEASTIALITY STORIES

It was a dull day at school, and the closer it got to hometime, the less I could concentrate on anything the teacher was trying to educate me. My mind was already home, lying on my bed, relieving some tension. I had already had an orgasm that morning, but it wasn't enough! As soon as the bell rang, I ditched my friends and ran home, hoping for a good tongue fucking from my beloved dog Benji, but I discovered my bitch of a mother had taken him out for a walk.

I flopped down onto my bed in a petulant teenage huff and decided I had to take matters into my own hands. I unbuttoned my school blouse as I kicked off my shiny shoes. Hitching up my boring black skirt, I could feel my clit tingling with the excitement of what was to come. I began teasing my nipples through my bra, getting them nice and firm while I rubbed my mound over my cotton panties. Although I was in my early teens, puberty had blessed me with ample breasts and beautiful puffy pink nipples. Oh, I loved rubbing and pinching them!

I freed my teenage tits from their wired prison and had them hanging over my bra, then slipped my knickers down to my ankles. This made me feel very naughty indeed. As I was rubbing and teasing myself, I was thinking of all the things that turned me on when suddenly a thought popped into my head. I had 'accidentally' walked in on my stepdad, stroking his cock and watching porn a few days prior. This got my juices flowing, even more so when I wondered if the VHS was still in the player. I sprinted to their bedroom to check, and sure enough, the porno video was still in there, so I grabbed it and quickly scanned the house to ensure I was still home alone.

I knew dad had a massive collection of VHS in the loft but hadn't been brave enough to watch any until now. It's incredible what lengths you will go to for an orgasm when you're horny as fuck. I slipped the video into my player and watched in awe as it played. Before I had interrupted him, he had been enjoying watching big black cocks fucking small white girls. Dirty, perverted, old bastard! I soon pinched my nipples again and had my knickers around my ankles with my thighs spread, rubbing my little swollen clit. God, I was dripping wet!

I could only manage two fingers inside myself but imagined it was my stepdad's fat cock stretching my virgin hole and fucking me like the girls on the television. It wasn't long before I could feel my orgasm building; I was moaning loud and enjoying not having to be quiet, rubbing my swollen clit, when suddenly I became aware of something from the corner of my eye. My bedroom door was open, and my father was standing in the hallway.

I panicked and covered myself up while frantically trying to switch off the TV, but he was looking at me, and then I saw the bulge in his jeans. He had been there for quite some time and enjoyed the show. It felt like forever had passed. I could feel my heart beating out of my chest, waiting to get into trouble but secretly hoping he would walk in and teach me how to suck his cock. Neither of those things happened.

Eventually, he said, "Your mother will be home soon," and then went down the stairs.

That was it! No row, no grounding, nothing. I was baffled, and orgasms were the last thing on my mind. I get changed out of my school clothes into a summer dress, snuck back to return the porno video, and hide in my room.

About an hour later, my mother returned with Benji, and I thought, 'This is it. All hell is going to break loose.'

Instead, all I heard was chatting and laughing, then two sets of footsteps coming up the stairs. I braced for the wrath, but the footsteps continued into their bedroom. Usually, I would have music or something on, but I was too scared and hiding out, so I was sitting in silence which meant I could hear everything. So when I heard my mother ask where I was, my stepdad informed her that I was out with friends...I was even more confused!

That was until I heard the familiar sounds of kissing and giggling. I knew from all my hours of secretly perverting that my dad enjoyed taking charge in the bedroom, and today he was very horny. He knew I was directly next door, and I knew he had been erect for quite some time. I opened my door a fraction as quietly as possible to hear through the walls and door.

Benji recognized the sounds, too, as he came trotting up the stairs and pushed into my room, clearly excited about the scent of my horny cunt. When I had slipped the dress on, I took off my knickers as they were soaking wet anyway, so as I lay on my bed listening to events unfolding next door, I hitched up my dress, and Benji assumed his position between my spread thighs. There were plenty of juices for him to enjoy from earlier, and he got straight to work lapping away with that delightful rough tongue.

I look remarkably like my mother. People often say we are peas in a pod. As I lay there being licked out by the dog, I wondered if my dad was thinking of me as he ate her pussy. It wasn't long before he was fucking her. I heard her gasp as he shoved his cock into her well-used cunt. I loved hearing their bed squeak and the sounds of skin slapping as he pounded her. She thought I was out, so her moans were louder, and she was enjoying herself laying there being used by the man that had been aroused, watching me with my knickers around my ankles. I could hear him grunting like an animal. He knew I was listening.

Listening and laying there in silence, enjoying being pleased by the big sloppy rough tongue, was both thrilling and scary. I had heard it many times before, but this was the first time either knew about it. Usually, when I was perverting on them, I would try and time my orgasm with my mother, but today, I was cumming over and over, making Benji lick me more and more as I flooded his snout with my juices! I wondered what my horny daddy would think if he could see me now?

The squeaking of the bed stopped, and I heard dad command mum to suck his dick and taste her juices. I loved tasting my sweet juices. Imagine that fat daddy cock stretching my virgin cunt and then licking it clean for him like a good girl. Mmmmm! I could hear her slurping and gagging on his big cock as he moaned for all of our benefits. Benji had stopped licking me, and his doggy cock was hanging out of his sheath. I was so tempted to get on all fours and let him pound me like the bitch I'd become, but that was a risk too far at this moment.

The cock sucking stopped, and the fucking resumed. From what I could tell, she was bent over with her big arse in the air, and he was slapping it as he slammed his cock into her. He called her a filthy slut, a little whore, a cum dumpster, and the one that made my final mind-blowing orgasm rip me. He called her daddy's good little girl as he roared like a bear and emptied his balls into her.

I have no idea how many times I came, but I was exhausted! I was very excited to be caught again in the future.

The End
