BEASTIALITY STORIES

(c) by burndock

John was sitting at the bar having a beer minding his own business and enjoying his time off. On the opposite end of the bar, there was some laughter, and a woman yelled, "OH DAMN!"

John looked to see what had happened. The girl had spilled her drink on the bar. No big deal this happens all the time in a shot and beer joint.

People had moved away from the woman so the clean up could be taken care of and she could wipe off her dress. John watches and notices when the woman stood up that she was very tall somewhere about 5-feet 8-inches and maybe 140 plus pounds, very slim for her height.

She was not one of the regulars or even seemed to fit into the neighborhood class of working people that frequent the bar.

What he did notice was her clothing. She dressed expensive her shoes, jewelry and the dress she was wearing. Her dress was a satin type short dress just above mid thigh. She didn't have any nylons on only strapped high heels.

Very Long brown hair with blond highlights that were professionally done. As she wipes her dress, she turns to face John, and the cleavage she showed was huge. She had to be 36 FFF and also very beautiful. They made eye contact for a moment. John smiled at her then turned to finish his beer then he ordered another.

The laughter and talk continued at the end of the bar with the big-titted lady and her friends.

While John enjoying his beers and the listening to the music on the juke box at the other end of the bar.

Later without any warning threw all the smoke and liquor smell a strong sweet smell of perfume enter his nostrils. As he turned toward the smell of the perfume, he heard her voice. "Have a drink with me, sir?"

John looked up at the lady, she was the one from the other end of the bar and now was standing next to him. Her sweet smelling perfume and big tits aroused his curiosity.

John was not a person that liked formalities, he just spoke what was on his mind. He said. " My name is John I like beer and porn movies and sex." What can I do for you lady? Sit down and take a load off your feet."

She sat down on the stool next to John. "My name is... Kelly."

"Lying bitch!" John said. "You had to think before you said your name."

John spoke to the bartender. "I'll have a beer with big tits because she asked me to but, that's all we do."

Kelly now pissed off for what he said about being a liar. "I am here because of a friend. We stop to have a few drinks." Kelly said. "Don't talk to me like that I'm one of your friends."

Kelly was a top executive in her company and no one ever talk to her like that.

Kelly picks up her purse removed herself from the bar stool and angrily told John you have no respect for people. She headed back towards her friends at the other end of the bar.

"Hey Kelly, fuck you bitch," John said in a loud voice.

Kelly went back to the end of the bar and began drinking very heavy also, giving John the middle finger trying to insult him. She kept drinking to the point where she passed out.

Kelly woke up and found herself naked and tied spread eagle on a bed. She had no idea how she got there or why. She yelled and tried to get loose. A few minutes later the door swung open.

"Hi bitch," the man said. She looked at him standing in the doorway with a German Sheppard at his side. "They call me Hammer and my pal here is Nail. He laughed. "Do you get it," he said. Hammer and Nail and laughed more.

Kelly could not imagine what was going to happen or why. She asked, "What are you going to do to me?" As she surveyed the surroundings thinking of some type of escape and how she was going to get free. Hammer now answered her question.

"Kelly honey, I'm going to fuck you while we wait for my buddy Cal to get here. Then sweet lady Cal's going to fuck you then my dog Nail will fuck you like the bitch you are."

Kelly was scared, she knew she would be raped by these men and had to do something to get free.

Hammer came to her and untied her. Kelly quickly jumps up and tried to run from him.

Hammer caught her arm and jerked her back and with a huge slap across the face sent Kelly back on the bed. "You fucking whore," Hammer said. "You will be Johns' bitch whore that's for sure. After we're done with you honey, you'll be glad to be a bitch whore."

Hammer now put a dog collar around Kelly's neck with a leash attached and made her crawl naked on her hands and knees. He leads her around crawling like a dog and into another room on her leash.

"Nail!" he called to his dog. "You want to fuck her? Come on smell your bitches cunt."

Kelly was scared, no this can't be true. Hammer wants the dog to fuck me.

Her knees were sore from crawling, and her big tits hanging with no support were aching. As much as she loved her big 36 triple F's she wished they were small ones now. She was still on her hands and knees. Nail was now sniffing her cunt and licking at her hole.

"Lay on your back bitch and spread your cunt with your fingers." Kelly obeyed as Hammer stripped out of his clothes. "Nice cunt hole you have honey," Hammer said.

Hammer began to jack off. Kelly watched his cock become hard, and Kelly knew she was going to be fucked by Hammer.

Hammer threw her an old stained pillow to rest her head on and was told to put her ass in the air. Kelly knew and waited for Hammer to fuck her cunt from behind. She knew now the abuse was to begin.

Hammer slammed his hard cock into her cunt from behind. "Take this you whore, you're a fucking slut," said Hammer.

Kelly hated his abuse. Yet she couldn't remember the last time a cock was in her, it had to be months maybe even longer. She was to wrap up in her career wanting the top jobs in her company, and she had no time for sex.

Hammer was fucking her hard and merciless from behind while her tits swaying back and forth. She could see Hammers' dog in the doorway sitting on his haunches. His cock was half out of its sheath and watching her getting fucked. Just when she felt Hammer was about to cum. A hard knock on the door stops Hammer from cumming in her.

Hammer left her on the floor to open the door and Cal his friend entered. "Hey look what I brought for the party," Cal said. Opening a bag that contained beer. The two men opened their beers began to drink.

Kelly could see the label on the beer it was the same beer that John drank. She knew now that John was behind all of this. Why? she asked herself. How long was this to go on, she wonders.

Kelly knew her escape was not going to happen not with the two men watching over her. Hammer was strong and heavy set man with faded tattoos of naked women on his forearms. She also notices an old faded navy anchor on his bicep.

Hammer now sitting on the chair facing her with his legs apart his cock was still hard and wonder when he was going to fuck her again.

Cal was taller and slimmer than Hammer but, also muscular.

Cal now stood up and looked at Kelly. "Get up cunt, I want to see your body." "Show me your tits and fuck hole," Cal said. Kelly obeyed Cal, She knew this man was mean, and she was not going to upset him. She stood and spread her legs exposing her cunt to him.

Cal took the leash hanging from her collared neck and pulled her to him. He looked deep into her eyes and spoke firm and direct.

"You will be a bitch whore, your cunt, ass and mouth every hole on your body will be fucked." "Just like you fucked over all your people and use them treating people like a piece of shit."

Kelly knew her ordeal was not to end for quite some time. she knew it was because of all the things she told John about her career. How she used people, hired and fired them, sometimes without cause just because she could.

Relentless the men took turns forcing her to suck their cocks and fucking her asshole and mouth over and over. Her mouth was sore, and so was her cunt. Her asshole was stretched and gaping. Sore from being fuck by both men and had no idea how many times a cock was in one of her three holes. From her ass to her cunt to her mouth over and over.

Kelly now laying on the floor her cunt was wet with cum.

Kelly was no longer mad or upset with John for treating her like a bitch. She was a bitch and understood now what she had done to hurt people. This was a pay back for her because, of the

power she had and abused.

Kelly realized she was jealous of the women that knew John. He was always nice to them. What she couldn't understand is why women would let him have his way with them always feeling their tits and taking feels of their pussy while he would talk dirty to them at the bar.

Were they all his whores, his fucking cunts as he called them? John always talks dirty to them and smiled about his hold on them. Yet these women always came to him. He loans them money or would just buy them drinks, and they were always kind to John.

"Okay, Nail it's your turn," Hammer said. Hammer called the dog over to where Kelly was lying on the floor. "Now you're going to be Nails Bitch."

"On your knees and suck his cock, you whore." Cal was very forceful in his tone and his demand. "Yes, yes, I will suck his cock Kelly answered."

There was nothing she could do to stop the men. The thought of sucking a dogs cock gave her an empty sick feeling in her stomach as she looked at the dog laying on his side.

Cal had worked the dog's cock out of its sheath and ready it for Kelly's waiting mouth.

His cock was red and thick, long and wet. She closed her eyes and began to lick the tip. His cock was hot now opening her mouth and slowly taken the dog cock deep in her mouth.

Kelly thought the sooner she gets this over with the sooner she would be released from her captors. She began to suck the dog's cock and found it felt just like sucking a man's cock. She again remembers it was a long time since she gave a blow job or had a cock in her mouth. Within minutes she had a rhythm going and found herself enjoying this long thick beast's cock in her mouth and didn't want to stop.

She was actually enjoying this dog cock and began to move her tongue around the hard shaft. She felt Hammer entering her cunt from behind and filling her cunt with his hard cock only this time she was enjoying the hard thrusts of his cock in her cunt. She moaned with delight and wanted him deep in her hot wet, sore cunt.

Cal forced Kelly down hard on Nails cock as she sucks his massive dick. OH no, his knotting my mouth she began to choke and breathe heavy through her nose just as nail exploded his hot cum in her mouth. She gag as the hot cum filled her mouth the dog was fucking her mouth as if it was her cunt all she could do was swallow the hot load he gave her. Choking with the cock deep in her throat she waited for him to release her mouth.

The dogs' cock knot softened and released her mouth, and remaining cum ran from her well-fucked mouth.

Cal turned Kelly's face towards his cock. Cal had been jacking off while she was sucking Nails cock. Cal gave Kelly another face full of hot cum. "Fucking slut, whore, eat my cum," Cal said.

Kelly swallowed Cal's cum and laid on the floor exhausted from all her fucking and sucking and hoping this was the end of her sexual encounters with her three captors.

Cal and Hammer went back to drinking their beers while Kelly tried to relax on the hard floor. Nail the horny dog was trying to lick her cunt even after he faced fucked her he wanted more of her. She decided if this dog wants her cunt then she would give in. Kelly spread legs so the dog could have

her cunt. Nail licked her cunt and the cum from inside her hot hole that Hammer left in her. Kelly didn't care anymore, and she began to have a feeling of sexual freedom. She wanted more cock and wanted to be fucked more.

Hammer and Cal finished the last of their beers. Hammer spoke, "Kelly are you ready to Johns bitch whore?"

Kelly knew what she had to say. "Yes, yes," Kelly said. "I'm Johns' bitch whore."

"Great," Cal said. "Now fuck nail you big-titted cunt. Get on your knees and let Nail fuck you in the asshole you cunt, fuck him like the bitch you are."

Kelly went into the doggie position so Nail could mount her. Nail didn't waste any time he was on her back and poking his bone hard cock at her cunt.

Kelly closed her eyes this time she wanted that cock. "Come on Nail fuck me, give me your cock," Kelly said. Nail enter Kelly, and he took her like a bitch in heat.

Hammer was encouraging Nail to fuck her hard.

Cal was laughing at the site of her being raped by the dog. Nail now in wild heat and passion knotted Kelly. Kelly knew what had happened as she felt the bulge of the dog's cock. She just let the dog have his way with her she loved the knot in her his hard cock she didn't care she was enjoying something she never felt before an orgasm a hot body shaking orgasm. "Fuck me Nail, Fuck me. Nail, I love your cock." Nail unload his hot wet cum in her waiting hot cunt.

Nail's knot soon went down, and she was released from his cock. Nail moved away, and Kelly laid on her back on the floor her cunt, asshole and tits were sore from being fucked.

"Hey, Kelly would you like to take a shower?" Hammer asked.

Hammer and Cal now stood over her and with out warning both men started pissing on her. She tried to move, and Hammer grabbed her hair and forced her face to look up at Cal while his hot beer piss splashed on Kelley's body and face. Cal ordered her to open her mouth. She did, and Cal's' hot beer piss hit her wide open mouth. Forced to drink hot piss from the two men was more than she could bear. She felt sick.

Cal roughly laid Kelly on her stomach. With his knee in the middle of her back she felt a sting on her ass cheek, she felt dizzy, and things were spinning she could hear Cal calling her Johns whore, cunt and bitch. Kelly felt a hot flash then passed out.

Kelly came too naked on her apartment floor smelling from beer and piss she could smell her own body odor her tits and body smelled of sex. Hard, dry cum all over her body and in her hair.

She slowly went to the bathroom wondering how she got into her apartment. She really didn't care all she could think of was that hot orgasm she had early.

Looking in the mirror at herself seeing she was a total mess. Her long beautiful hair full of cum and knotted with no makeup on her face and a body that was totally abused by man and beast she looked at herself, and she began to laugh.

"Kelly you are a fucking cum slut whore she said to herself." She remembers the hot body shaking orgasm she had and loved the feeling. "I want more she whispered to herself I want to fuck and suck

cock." She loved the dirty words she heard from the men fuck, cunt, cock. Yes, cock, "I want cock more cock I'm a whore I want to be fucked," Kelly said to herself.

She looked in the bathroom, and a nice silky dress hung from the bathroom door and a pair of black strapped heels sitting next to the tub with a note attached saying wear nothing but, the two items. I do hope we understand one another.

She knew it was from John and now she had to confirm that he had won.

Kelly stood in the shower with the hot water falling on her sex filled body loving the feeling. As the water ran down to her crotch, she began to feel aroused something she hadn't felt in a long time and as sore as she was she loved her new feeling of sex. She fingers her cunt hole and smiled.

"I love fucking," she said.

Kelly did what was asked of her. She wore only the dress and heels.

Her dress was tight and showed her body and huge cleavage and being thin silky material her nipples were piercing the material as if they wanted out. With no panties on under her dress, she felt really sexy.

She left her room and quickly drove to the bar knowing that John would be waiting for her.

Kelley's empty feeling that she had for years was about to be gone, and John was the reason.

Kelly enters the bar and found John sitting at a high bistro table having a beer. She walks towards him smiling. John turned to face Kelly with his legs spread apart on the bar stool.

She walked in between his legs and pressed herself to him. Johns' right hand cupped her big left tit and pinched her nipple while his right hand went under her short silky dress. He felt her bald wet cunt and placed one finger in her wet cunt. He leaned forward and kissed her softly on the mouth only a small kiss. Then asked a simple question.

"Kelly, who are you?"

"I'm your whore bitch, your fucking cunt and Nails whore bitch."

"Good girl, honey," John said.

That night in a small hall Kelly proved to John she was his whore. Kelly performed live for a group of people. She fucked all the men that were there and wanted to take a cock in every hole. Asshole cunt and face. Every cock would leave their hot cum in one of her holes. Every time a load of hot cum hit her face, she smiled in approval enjoying her whorish ways.

The night for Kelly was a new experience, and she loves all the sex she had and all the hot cum on her body all the cocks that entered her fuck holes. She loved being a whore.

Most of all the face fucking she got from Nail. Yes, Nail was there for her. The dog cock she loved so much. After she fucked and sucked Nails hot cock and took all the cum, he had she wanted more a totally true fuck whore she was and loved the feeling of the orgasms she had.

Kelly ended the show with exposing her wide open cunt of herself for the people and throwing kisses to her guests that watched her perform.

The best reward for her. All of Johns' whores came on stage and gave her wide open cunt sweet kisses telling her she was accepted as one of the girls.

These were ladies that were John's whores and sluts that fucked and sucked for pleasure. She loved them all and told them so.

All the girls now on stage totally naked instructed Kelly what they did at the end of the show. Standing in line loudly saying to the mixed group of people. WE ARE CUNTS, WE ARE WHORES WE WANT YOU GUYS TO FUCK US TONIGHT! The guests applauded giving approval to all the women.

Kelly loved the next meeting with John at the bar. John played with her tits and cunt in the corner of the bar room out of sight of customers and talk dirty to her just like he did to all of his other women.

When John shoved a wad of money in her cleavage. She knew her performance was good and couldn't wait till the next time she could perform. Kelly had found her place with people she liked being around. Also, she loved fucking and sucking and being a whore. "look over on the other side of the bar," John said.

Kelly turned and faced the other side of the bar. All the girls were there and with raised glasses toasted Kelly and then removed their panties and threw them at her.

"Thank you, sweethearts," Kelly said.

The End
