BEASTIALITY STORIES

A week has past since she did her dog gang bang show. She seemed quite pleased with how well it went other than her ass being soar for a few days.

Mistress Kim gave us our share of the profits and it was a considerable some of money that added to the money coming in from her first video. She said she was finishing up the editing from the show and said that video would be on the market later next week. We should reinvest some of this into a fund for future endeavors.

I totally agree.

I told my slut slash pornstar that with all this money coming in I wouldn't have to pimp her out anymore. Her face dropped. What I asked?

But I like being a whore for you. Being surprised at who ever you chose to be using my holes. Can we keep it as a sideline please Master.

I don't see that being a problem. In addition We could even work it into your performances at the end of a show for an additional fee for select customers. How would you like that ?

Very much so thank you Sir.

Mistress called and asked if she was ready for another dungeon Sean. Oh and She talked to the Stable Master and he told told me he had several stallions that were suitable for what I had in mind. However I think we should take up for a trial run. To see give her some training for a horse. Don't you agree?

That would probably be a good idea I replied.

We need to do this during the week as the stables are a bit busy on the weekends. So with that in mind let me know when is a good time for you.

See if you can set it for Thursday?

Will do she replied.

I neglected to tell her about this plan

Thursday rolled around . Instructed her to get dressed I have a surprise for you today. She quickly got dressed and said I'm ready Sir.

You look great, but I don't think heels are a good choice for today.

She quickly changed into some low heeled boots.

Much better. I told her. She excitedly got in the car and we headed out of town.

We pulled in through a large arched gate down the fenced dirt road with horses grazing in the fields.

Are we going riding Sir?

We pulled up to the stable and Mistress and the stable Master were chatting.

A look of surprise came over her face.

Oh I guess we are not going riding are we Sir?

I got out of the car. Let's go I told her. We greeted our host . Mistress told the rough looking gentleman this your new mare today.

They tell me this is your first time at this. I saw your video and I think you are going to be just fine.

A shaky , Thank you Sir.

We entered the stable door and walked down the line of stalls. We came to a stall with the gate open. He turned and said this one is reserved for you.

There was fresh hay on the floor and was empty except for a low bench.

Make yourself at home he told her.

She stood there nervously as the sound of hooves approached. In through the door was lead a large tan stallion. This one's for you he told the horse. Get your things off dear this can get messy .

She undressed and hung her things on a hook on the wall. He was tethered to the wall. Now be careful of his hooves you don't want to be stepped on. And if you walk behind him put your hand on his rump so he knows where you are. Being stepped on is one thing being kicked really sucks.

She looked at the massive cock hanging below him. Thinking to herself.

How is that gonna fit in me?

Go ahead grab it, there is more to come when you get him going.

She started to fondle his huge member and sure enough it started to grow. Not so much in diameter but in length. Thinking to herself it's not as big as some the knots I have had in me. I think maybe I can do this. She bent down and brought it to her mouth and started licking it. The taste is not real bad at all. She opened her mouth as wide as she could and stuffed it in. Well I may not be able to throat it but I can jerk it and suck the hell out of it.

By now she was just about dripping from her crotch. She turned around. Well here goes nothing. She spread her legs backing up to him. Rubbing his giant member up down her clit. She kept working it pushing it into her . Oh my god he's in me. She pumped into her as best she could. She couldn't believe she was fucking a horse. Oh my god I have never been so full. Even the biggest black cock did not compare with this.

You know this bench wasn't designed for sitting. The large man told her. And it gives you the opportunity to stuff more of that cock into you.

As much as was enjoying herself, laying down would be more comfortable., She pulled him out and let them set up the bench. Sliding herself underneath him find just the right spot to take him into her. Oh god this feels amazing as she pumped him into her stretched pussy. Within minutes she was coming all over that giant organ filling her like nothing she had ever imagined. She laid there Motionless for a few moments. She got back out from under him. I want to taste horse cum she said. She got down on her knees so she could suck him off. Took him into her mouth and jerking him off until he exploded into her mouth she tried her best to swallow what she could but the access gushed out and down her chest bathing her in cum. Gagging slightly trying to catch her breath. Oh my god that was amazing I love it.

By this time a gathering of ranch hand were gathered outside the stall enjoying the show.

Ok the show is over boys, let's get back to work.

Mistress looked me in the eye and said , well I guess I need to start planning her next show then.

It would seem that way I replied.

We took her down to the tack room . They had a bathroom and shower there. Got her cleaned up and dressed.

Upon leaving the stable. Mistress thanked the stable Master and told him we would be in touch when we were ready for her next show.

We got in the car. Driving back out to the main road. I asked well ?

I have really learned to love when you have a surprise for me. Thank you Master.

That next week we were back to visit our friends for drinks again.

Had a seat and got a round of drinks.

We were disappointed we couldn't afford tickets to the show you did. But we get the video. Holy shit that was hot. We were fucking like rabbits that night after watching it. We have also caught a couple of you pod casts from the dungeon. That shit is awesome.

Yes it was quite the event. The next show I will comp you some tickets.

Next show? Let's hear about this one. Are you doing canines again? I can't wait.

Well we kind of up scaled it a bit.

Ok you have my attention his wife kicked in. Up scaled how? I can't imagine what could be hotter than the dog's.

Well how about a horse?

O h hell no she said. You are going to fuck a horse?

Actually I already have. Mistress lined it up in readiness for an upcoming show. I was a bit hesitant at the sound of it. But in the end it was totally awesome. I loved the way he filled me. Stretching me to beyond my limits. He came in my mouth covering me in delicious hot sticky cum. Between Master and my Mistress I beginning to wonder if I even have any limitations. And I am loving every minute of it. Not to mention how much it has increased our income.

Well you have been an inspiration to us to try new things. Do you think Eve here could accompany you to the dungeon sometime and meet the Mistress. Maybe participate in a scene?

I would have to run that by the Mistress.

Have you talked about this in depth? This is not a game to take lightly. It a life changing adaptation to a relationship. If you are not totally secure and both totally onboard it could destroy your marriage. I urge you to use caution before you take the first step. From there everything changes. It's like a drug the more you explore the more you want.

We have been in a rut and just the exposure to your lifestyle has put the spark back into our sex life. Yes you are correct and we want more.

Well don't say I didn't warn you.

Eve chimed in. Thank you for your concerns. You are good friends and we appreciate your advice. I loved the video I am fascinated with being knotted. Your honey has really sparked my interest. I understand that Mistress Kim is running a business and would have to schedule a proper time to take on a Newby like me. But what about Blue could I possibly get to try canine sex?

Ok here is where it starts. Denny has made arrangements for Blues services with my honey and myself. He has free use of her for her to have access to Blue. Are you willing to let another man you never met use your wife? Everything comes with a price.

As long as I get to watch. I don't have a problem.

Fine I'll set it up for tomorrow evening. As far as the dungeon. I will find out when she can attend but I can't guarantee you will be able to be present. Things can look pretty rough and she can't allow an outsider stepping into a scene however I will set it up for you to watch online.

That works for me I guess he replied. I could see how that would complicate things.

Eve returned with another round of drinks and announced. Now that we've got that out of the way. Can we get down to some girl on girl action. As she started peeling off her clothes. Look what I got as cupped her breasts nipple rings we love them. She came over and started undressing my honey sticking her tongue down her throat. I can't wait to taste you again as she lifted her skirt put her legs on her shoulders and buried her face between her thighs. Coming up for air let's move to the coffee table and give the boys a show. She laid her down on the table straddling her face while playing with her nipple rings . Then dove down into 69 position . They ate each other for at least twenty minutes. With each other's cum covering their faces she got up .Whip that cock out baby I want to watch her swallow it. Look at how she can stuff that big cock down her throat. You have to teach me that if I'm ever gonna be a proper slut. With that she knelt down behind her parted her cheeks and started eating her ass. Rimming her and then started fucking her ass with her tongue spreading her asshole with her fingers and stuffing her tongue as deep as she could into her shit hole . She could hear the familiar sound of her husband dumping his load. My honey pulled back just in time for her to catch his cum on her face using his cock for a brush to smear it over her. She grabbed a handful of hair. Let me see that pretty face covered in cum.Oh yes that's hot . She licked her face clean. Now you sit there and watch me fill my tight little ass with your man's dick.

She pulled my hard dick yanked my pants down and slobbering all over it . That should do turned around and eased her sweet ass onto my dick. Oh yeah baby how's my ass? Is it tight enough for you? Enjoy it now cause I am going to find all kinds of ways to stretch that fucker out. And you , you like watching his dick disappear into my little shit hole. Oh yeah I'm gonna come from his dick in me. Oh god yes I'm cummmmg . Oh yes your turn baby now you fill me full of your spunk. I want it dripping out of me. Give it to me. I need it.

Got to say there is nothing like a filthy talking slut to get a guy off. You want here it comes as I emptied my balls into her ass.

Putting our clothes back on. Well I must say I thoroughly enjoy our little visits here. I will talk to Denny and we see you tomorrow night.

On the way back I asked . Do you think they are ready for this?

Well she said she is more than ready. If there is going to be a problem it will be if he can handle letting her have her freedom and trusting in there and trusting in their relationship. Sir.

The difference between us and them is I place my trust in you . You know my limitations better than I do. You have control of my actions and have never failed to unleash desires I have denied myself. I trust in you to guide me through this journey. And I have no regrets. I love you with my whole being and know that you will always be there for me. I can only hope that there bond is that strong. Master.
