## BEASTIALITY STORIES

I thought I would give everyone an update on what I have been up to over the summer here in England. The full lockdown ended in June, so we have been free to meet and mingle with people and go to pubs and restaurants. Colleges had been open since early March, but most of my courses remained online, so I still had not seen many of my friends until lockdown ended.

My last update ended with the shock news that not only did my Mum like girls but that she also enjoyed being fucked by dogs. I had seen Mum in a new light, and even though our mother/daughter relationship got better, our mother/daughter sexual relationship really flourished. Mum didn't know about me that I had previously had sex with Patch, the family German Shepherd, as had Dad, while I loved being licked by Patch and wanking him off. I wanted to fuck Patch in front of Mum, but I had to try to convince her that I had never done it before and somehow get Patch to act naive to the licking of my cunt juices that he so enjoyed.

One morning after Dad had gone to work, Mum and I were having passionate lesbian sex, and I was licking her wet pussy when I said, "Mum, can you show me how to have sex with Patch?"

As she was in the throes of a massive orgasm, I thought this was the perfect opportunity, and she couldn't say no. To tip her even further over the edge, I inserted two fingers deep into her sopping twat, and said: "Please, Mum, I want to be just like you, I have never wanted anything more in my life, and there is no better teacher than you."

Her naked body continued to writhe on the bed to my touch, shouting, "Yes, yes, yes."

I knew that this was due to her orgasm, but I could hold this against her. When she had come back to Planet Earth, I said, "So when are we doing it?"

She knew I had her and wouldn't let it go, so she said, "After that orgasm, now is as good a time as any, go and get Patch."

The problem I had was that my pussy was so wet with my sex juices. 'Patch' would have gone mad as soon as I got on the bed and opened my legs, so I decided I had better go into the toilet to clean and dry myself up. I did this, then went and fetched Patch to take him into the bedroom. Mum had put her knickers back on to not attract Patch's tongue, but this didn't stop him from trying to lick her through her panties. Mum told me to lie on the bed and take all of my clothes off. You don't have to ask me twice! She then told me to stroke my pussy to get it wet to attract Patch. I opened my legs wide, and in a flash, Patch was on the bed licking my wet cunt.

After not feeling it for a few weeks, his coarse tongue on my cunt felt amazing. I knew that he was an expert pussy licker, and it wouldn't be long before I would be having my first orgasm. His long tongue was licking me down my pussy lips, and I pulled my cunt lips apart so that he could get even further in. I saw his cock getting bigger in his sheath, and I was desperate to feel it in my mouth. I asked Mum if she had ever given a dog a blow job, and she said, "No."

I said, "How about we both try together for the first time?"

She looked at me and said, "You are bad. You are a sick young girl."

But all said with a stupid grin on her face. Mum took Patch's cock in her hand, started stroking his thin big cock, while I opened my mouth, ready to take Patch deep. I made a tentative move to put

Patch's cock in my mouth, not wanting to alert Mum that I had done it before, and swallowed all of his dog jizz in my throat. I can be a very good actor at times, so I made a gagging noise as I took the first few inches of the big dog cock into my mouth but then got into a steady rhythm enjoying every inch that got further in my mouth.

Mum's eyes were wide, and she started stroking her knickers that were now very wet again. My cunt was now dripping wet, juices starting to dribble down my leg. After a couple of minutes sucking, I asked Mum if she wanted her turn.

She said, "I thought you would never ask."

I removed my mouth, gave Mum a big kiss to get an initial taste of Patch's cock, then she took Patch in her mouth. The sight of this really turned me on, so I started to frig my pussy with a couple of fingers. I noticed that Patch's knot was getting bigger, which meant he was ready to cum. Did I want to take all of his cum myself, or was I ready for Mum to take the initial load? I enjoyed watching her so much that I didn't have a decision to make as Patch began to explode inside Mum's mouth and deep into her throat.

It was all over her, seeping out of her mouth, down her face, onto her chin, and dripping onto her pert tits. She looked a sexy fucking mess. I wanted some of the jizz, so I took Patch into my mouth and cleaned him up. It tasted so good. Patch looked exhausted, so I thought a doggy fuck was out of the question, so I went over to Mum, gave her a big French kiss, exchanged cum with her, then licked the excess jizz off her body.

Mum's eyes looked glazed. Then she surprised me by saying that it was the first time anything, human or animal, had cum in her mouth before. She said that she had sucked Dad off when she was younger but had never let him cum in her mouth, but now she had experienced it, she would definitely let Patch do it to her again. I said to Mum that it had been an amazing experience and we would leave the actual fucking until another day, she agreed.

\*\*\*\*

The following weekend I arranged to go to the pub with two of my best female friends, Mia and Jenny. We had not been to the pub together for over six months due to the Lockdown conditions. We were also going to stay over at Mia's house as her parents had gone away for the weekend. As I had not been out for a while, I decided to glam up and wore a short little black dress, one of my best push-up bras that accentuated my big tits but no knickers. I was rather overdressed for the pub, but it had been so long since I had dressed up that I wanted to feel sexy, and to be honest, a little naughty. Mia wore usual pub attire of top and jeans, but Jenny did make an effort by dressing smart, but I was sure she would be wearing knickers.

We were only allowed to sit at tables, and all orders were taken at a table, so you could not flirt at the bar or get touched up at the bar, unfortunately. The drinks started to flow, and very quickly because we were out of practice, we started to get tipsy, or in my case, horny. A group of lads was sitting at a nearby table, so I decided to give them a bit of a peep show, gradually opening my legs, and with my dress only coming halfway down my thighs, very soon my freshly shaven pussy was on view. I felt eyes peering at my pussy which was getting wetter by the minute. I wanted cock but knew that it was unlikely as we were not allowed to mix with other tables, so my flirting would end up fruitless.

We got a taxi back to Mia's house, and I sat in the middle seat of the taxi, giving the driver a good view of my sopping cunt. I felt so turned on that I pulled my dress up to my waist and put a finger in

my twat. The girls were shocked at what I was up to but didn't stop me. I think they were enjoying the show as they were giggling away together and couldn't stop staring at the finger in my pussy. I am sure that if I had been alone, I would have paid for the taxi with a fuck on the back seat. However, unbeknownst to me, the night was going to take an unexpected turn.

When we arrived, we were greeted by the family Labrador, Murphy. I had forgotten all about them having a dog. He greeted Mia first, then me, and he started sniffing my thighs, smelling my sex, just like Patch does. Without thinking of the consequences or where I was, I lifted my dress to give Murphy access to my cunt, and he started lapping my pussy juices. Do all dogs instinctively know what to do?

I loved it, but the girls just stared and said, "What the fuck are you doing?"

I pretended not to hear because I was in sexual bliss and just carried on ignoring them.

"Kate, Kate, do you know what you are doing? Are you fucking sick?" shouted Jenny.

I just looked at them with a stupid grin, partial orgasm, partial guilt. This may take some explaining. Anyway, why are they shouting at me and not the dog?

Finally, I pushed Murphy away and said, "Fuck, that was good. A dog's tongue is amazing on your clit."

The girls seemed to understand what I was saying, and Mia said, "I take it this is not your first time."

I just laughed and said, "I will tell you all about it when we are in bed."

We made ourselves some drinks and went up to the bedroom. In there was a double bed and a foldaway bed. The girls laughingly told me that I could have the foldaway bed because they didn't want to sleep with a dog's bitch, to which I replied, "At least I won't be a lesbian in the morning," knowing this to not exactly be the truth.

However, my comment got a strange look from the girls, which made me think there was something the girls weren't telling me.

The three of us got on to our respective beds, me on the foldaway and Mia & Jenny on the double. They were dressed in bra and knickers, but I was just dressed in my bra because I had forgotten to put on my knickers to go out in. Jenny said to me, "So are you going to tell us all about you and dogs?"

To which I replied, "Yes, I will if you promise to tell me the truth about you two."

Both of the girls had a quizzical look on their faces, looked at each other, then together said, "Yes."

Then they kissed each other passionately. Jenny said, "We have been having an affair during the lockdown. It just happened, we were both bored, got together, and we have seen each other ever since. We didn't expect it, but I suppose we got bored during the lockdown, and things just developed."

They kissed each other and started to fondle and play with each other. Fuck I was getting jealous. My pussy was feeling red hot.

"We are sorry we didn't tell you," Mia said, "But anyway, you dirty fucker, it looks as if you have

been keeping some secrets from us. I suppose you got bored during the lockdown as well."

My face went instantly red, and my slightly pissed brain thought, 'How much do I tell them? This could end up so embarrassing if I tell them everything I have been doing.' So I decided just to keep it to the dog licking. Well, that is my plan.

So I said, "Well, girls, this is all rather embarrassing. During the lockdown, I fell asleep on the sofa in my nightshirt, and I was awoken by feeling something on my pussy. I thought that initially, I was dreaming, but when I looked down, I saw Patch licking my pussy. He was giving me a right good licking, and it felt so good. I didn't even think that it was wrong. I was just loving having my pussy licked after so long. I was getting wet and turned on. My pussy was so hot. I let him continue for a few more minutes until I felt an orgasm coming on when I pushed him away."

"So it happened just the once?" Jenny said.

"No, actually, it has happened quite a lot, and I fucking love it. One day I was on a Sex Forum chatting to a guy when Patch was licking me, and he told me to pull my knickers to one side so that Patch could lick my wet cunt," I told them. "That took me over the edge, my legs were over the side of the chair, my cunt was soaking, I was orgasmic, and I nearly passed out through the pleasure I was getting. I made a huge mess all over the chair, stains that I knew wouldn't come out, so I had to say I spilled a drink."

"How does a dog tongue compare to a human tongue?" asked Mia.

I replied, "There is no comparison. I said, it is rougher and a lot bigger, you should try it. I was hoping that Murphy would lick my pussy again, I was so fucking horny, and then I could watch the other girls getting doggy tongue fucked."

"No way," said Mia.

"I'd like to give it a go one day," Jenny said.

I could see the look of disgust on Mia's face when Jenny said that. So I said, "Well, Mia, it looks as if Murphy knew what he was doing when he licked me, so he is either a very randy dog, or he has done it to someone in this house before."

The bedroom went quiet for a while, thinking I had pushed someone's guilty secret. I suggested to Jenny that we could try now as we were all pretty drunk, and we could blame the drink in the morning. Jenny seemed well up for it and asked, "How do we start?"

I said, "Dogs seem to love the smell of sex, and they seem to know when you have a wet pussy, so you need to get it wet if it is not already."

Jenny pulled Mia closer to her, started kissing her, then said, "Lick my pussy baby, make me wet."

Mia went down on Jenny, pulled her knickers to one side, and started licking her twat despite her reservations. Fuck, I was getting my very own sex show from my two best friends, who I only found out was lesbians thirty minutes ago. I so wanted to join in, not that I am a lesbian but thought that would be taking it too far when Mia surprised both of us by saying, "Kate, don't just fucking sit there, get your cunt lips over Jen's mouth."

I didn't need a second invitation, I moved over Jen's head, and she took my pussy lips in her mouth. She pulled and chewed them as only an experienced lesbian could, so I was sure she had been a

closet lesbian before she got together with Mia. My juices were dripping all over Jenny's face, but I wanted to save some for Murphy.

I took the plunge and said, "When is Murphy going to join us?"

Jenny and I looked at Mia with pleading eyes, and she said, "OK, I will go and get him."

She threw on a nightshirt, went downstairs, and returned with a four-legged friend.

"So what happens next?" asked Mia.

I told Jenny to take off her knickers, get on the edge of the bed, open her legs wide and let nature take its course. It didn't take long for nature to take its course. Jenny was getting her first doggy lick within a few seconds, a big tongue licking her wet pussy.

"Oh fuck, this feels so good, amazing, keep going Murphy, fuck, fuck, aaargh, fuck, I am cumming," shouted Jenny, her eyes rolling in the back of her head. "I have never had anything like this in my life. It is fucking amazing, fuck."

At that point, Jenny was writhing on the bed, having a massive orgasm, the biggest one she had probably ever had in her life. Mia was looking on in amazement seeing her girlfriend out of control. She stripped off and said, "My turn, you have had your fun, Jen, but I want it, doggy."

'Dirty fucking bitch,' I thought, as she lay down on her stomach on the edge of the bed with her ass in the air. Murphy got behind her and started to lick her cunt, inciting gutter language to spew out of Mia's mouth. I thought there was only one way to stop the language, so I got on the bed and pushed my cunt into Mia's dirty mouth. The look of delight on her face told me that she had always secretly wanted to fuck me as she continued to lap up my Sex juices. I felt my first orgasm coming, and I exploded all over Mia's face. She just continued to lick when I suddenly thought about what was happening with Murphy's big cock as I didn't want Mia getting a big surprise. I got off the bed, much to Mia's disappointment, and there it was, a full 10 inches of erect dog cock with a bulbous red knot.

Jenny noticed me looking and went, "Oh my fucking god, that is enormous."

I so wanted the dog cock inside me. I was the bitch in heat, but I had to resist in front of my best friends. This would be a step too far.

"Jen, Jen, get the dildo. I need my pussy fucking now. Get it quick, please," screamed Mia.

At this, my ears opened wide, and my eyes lit up, dirty wicked thoughts crossed my mind. "I have an idea," I whispered corruptly to Jenny, "How about we put that big cock to good use."

Jenny looked at me in disbelief, giving me a what the fuck are you talking about look, but I could tell that I had pricked something in her brain. Without saying a word, our combined sick minds decided to club together, and the plan to get Murphy to fuck Mia's cunt was quickly instigated. I didn't know whether this would work or whether Murphy would know what to do but seeing how he licked all of our pussies I think he would have a good idea what to do. Mia was thinking where Jenny was with getting the dildo when we pulled Murphy off her, repositioned him over the bottom of her back, put his front paws to the side of her, and thrust his cock into her cunt.

Her reaction surprised both of us. She wasn't angry. She didn't go mad. She just said, "Oh fuck, that feels so fucking good, give it to me, Murphy as you know, fuck your bitch, come on boy, you know I

love it.”

Jenny and I looked on in disbelief, but this confirmed my very initial thoughts when Murphy licked my wet cunt as we arrived that he was an experienced dog at fucking. However, I would not put my money on Mia as Murphy’s fuck buddy as she seemed the most inhibited of the three of us. What other dirty secrets did she have in her closet, just like I had many more. Jenny had never seen her girlfriend being fucked by anyone else apart from her, and she loved it after the initial shock. She couldn’t believe how big the cock was and seemed scared for her girlfriend when his knot went inside her cunt.

Mia thrashed about on the bed, shouting obscenity after obscenity, she got a right sweat on, and when Murphy started to pump torrents of jizz in her womb, she was in heaven. I knew exactly how she felt. When he had finished, Murphy dragged her off the bed as he tried to release his knot, but we both knew this would take a minimum of ten minutes. Jenny got scared when this happened, thinking her girlfriend was getting hurt, but Mia reassured her, gave her a big kiss, and said, “Hopefully, Baby, you will want to experience this one day.”

To which she replied, “I would love to. I want to share everything with you.”

My friends were in love even more than I imagined, but it looks as if our mutual love of dogs could become an amazing three-way experience. Our night out had not turned out in the way I had expected. I had been shocked, even I, by what had happened during the night, but I couldn’t wait to discover more secrets. I doubted that we would get much sleep during the night, but for now, we all needed another drink and to reflect upon what had just happened.

*The End*
