BEASTIALITY STORIES

Part One

Jill received a call from Mistress Kim.

It seems you let quite an impression on the stable master the other day. He has requested we revamp your status to the headliner in your show. With Eve and Candy to be your supporting performers. You will be using all five of the animals you have had experience with. How do you feel about that?

Too be honest Mistress it would take a lot of the pressure off me being the soul attraction. Not to mention working with people I know and feel comfortable with. I am sure it will be less tension for Eve and Candy also.

I was kinda thinking along those lines also. I will have to do some changes to the promotion, but it should make for a larger crowd. Do you want to help me handle the line up of the order of who goes first. Of course you will be saved for last.

Thank you, yes Mistress.

See if Eve and Candy would like to do a dungeon scene on camera next Friday. They can make some money get a start on their formal training. While we discuss some the details for upcoming performance. Then we can go over it with them when they are done.

Yes Mistress. I'll talk to them today. Eve has been dying to do that.

Hello Eve. I just got off the phone with Mistress Kim. It looks like we are a three woman five horse show. Are you in?

Wow sure I will let Candy know.

She wants to know if we can be at her place Friday next week so we can workout the format for the show. She asked if you and Candy would like to do a dungeon scene on camera while we plan the show and we will fill you in with the results.

Wow Eve replied, I'm excited. That would be great. I can't wait. Why don't you come over for dinner tonight at around six and we tell the guys and celebrate.

I'm pretty sure we don't have any plans. But I'll have to run it by the Master. Jill responded. If you don't hear from me by two we will be there.

Dan was pleased that she was to be performing again. K

Six o'clock came and the doorbell rang. Candy answered the door in heels and harness. Please come in.

So this is the harness you worked so hard for. I must say it looks really hot on you.

Thank you Sir, I would hardly call hard work though. Giggling.

The table was set and everyone was seated.

I have an announcement to make Eve stated. Candy would you fill the champagne glasses. I am happy to inform you that I will be performing once more, but I will not be alone. Mistress Kim has expanded the show to include Eve, Candy and five horses. So raise your glasses to our endeavors.

Here, here. Bob resounded. Five horses you said?

Eve took a large swallow. Yes we kind of sealed are fate at the stables this week. So Mistress upped our game. But the good news is we all get a share in the profits.

The dinner conversation was a recap of their day at the stables. After the table was cleared Dan announced that all this talk has gotten me in the mood for some attention. Looking Candy in the eye and I think you look like desert as he picked her up and put her on the table. Grab her legs and spread them wide. Eve and Jill complied with his demand. Tomorrow I want this slut pierced.

Yes Master Eve replied.

He buried his face into the tender folds of her tender snatch. She moaned oh yes Master. Bob then climbed up on the table.

Suck my ass you little whore as he lowered himself onto her mouth. That's it lick it. Nice, now I want to that little tongue in my ass. She pulled his cheeks apart and inverted her tongue as far as she could into his butt hole. Ah yes that's a good little whore.

Dan now had her dripping inserting a finger into her ass. That pony has loosened this up quite nicely. He stood up and pulled out his cock. He stuffed it into her butt hole. Grabbing her harness to aid his penetration. I like this he said pounding into her. Eve the next time you are at the stable you need to get you one of these.

Bob decided it was time to fill her throat. With a handful of red hair had her gagging on him. The other hand molesting her nipples pulling and stretching. Your right Dan these nipples need piercings. He filled her mouth with hot sticky cum.

Dan played with her clit while plowing into her butt.

May I cum Sir.

Not yet. Beg whore beg.

Please Master Please let me cum.

As he felt his own climax building. Yes you may cum

Aaaah yes oh god yes.

That was all it took Dan emptied himself into her bowls.

Bob get that empty champagne bottle let's see what your horse fucking wife an take after that black stallion stretched her ass. And Candy bring in

D. O. G for Jill.

Eve was placed in the middle of the room her hands were bound behind her. Jill was beside her also bound. Dan produced a pare of sizers. Starting with Eve he began cutting her blouse and tearing it from her body.

Bob joined him he handed the sizers to him and pointed to Jill be my guest. They continued till they stood naked before them. But hose and heels.

Candy assist Jill to sit on that bottle. I want to see her make it disappear into her ass.

She lowered herself down as Candy pulled her ass open to receive the neck into her.

Eve held by a handful of hair lowered to the floor her face on the cool tile. Nuzzle. The large shepherd lapping at her exposed crotch. Her softly moaning as his tongue worked deep into her.

Mount. He was on her in an instant. No more than three humps and he had found his target. He was in her ass. He pounded her his knot entered her rectum and started to swell locking him deep in her ass.

Jill was now inches from the floor bouncing deeper and deeper.

I don't know how big that black stallion is but I don't see her having a problem with her handling him. What do you think Dan?

I think she could handle just about anything at this point Bob.

Eve now fully knotted could feel him his hot jizm emptying into her. Oh god Master please may I cum.

Seeing as you asked nice. Yes.

Her squirting shot out onto the floor. Now waiting for the knot to shrink.

Jill ass was now on the floor the bottle was not in sight.

Lay her down Candy and fist her pussy while lick her clit. All you could see was the bottom of the bottle impelled in her ass. Candy working fingers into her till her fist disappeared into her. Tears filled Jill's eyes as her mascara ran down her face. Oh god it's so tight Jill exclaimed. Candy now fist filling her her. Wow I can feel the bottle in your ass.

She came without asking.

That is going to cost you. Dan took his belt from his pants and proceeded to whip her breasts and belly. She gasped with each strike. When the red welts appeared he figured she had enough. Ok Candy let see her shit that bottle out of her.

The bottle popped out leaving a gapping ass hole.

D. O. G. Dislodged from Eve also leaving a gaping hole.

Take the cuffs off her Candy so she can lick him clean.

Yes master.

Now Jill. Please and get her some clothes for the walk home.

Jill barely able to stand. Don't forget Candy you're getting pierced tomorrow. Thank you for an eventful evening. As they headed for home.

**Part Two**

Morning came. Jill was there for breakfast. Damn I am really feeling last night. Here I thought Candy was going to ease the abuse on us. What the hell? Where is anyway?

She already ate, she's getting ready. I had an idea. What if we get us both fitted for harnesses. We could use them for the show Eve suggested.

Actually that sounds like a great idea. Let's call the stables and see if the harness maker is working today. Candy, let's get going.

On the road Jill found out the harness maker was actually working today and could see us this afternoon.

Sounds great. Ok let's get Candy pierced so she can be healed up in time for the show. They arrived at the tattoo parlor. They picked out what they thought was right for her. Got her pierced and were off to get some lunch.

Over lunch, Man I love the way they look but that shit hurt. Candy remarked.

Before long the tenderness will go away and it will be something to intensify your stimulation. Just make sure you apply that cream he gave you. Eve told her. Now when we get these harnesses I think Jill's should be a little something extra seeing as she's the headliner. Don't you agree?

That would make sense Mistress, Candy chimed in.

Hopefully the harness maker will have some suggestions. Jill interjected.

Pulling up to the stables they ran into the stable master. Hello girls your show is scheduled two weeks from Saturday. You will have rehearsal the week prior to the show. Bill is waiting for you in the tack room. And leave the help alone this time, Candy laughing.

Hello ladies, more harnesses I am told. I hear you have a big show coming up. The place is all a buzz about it. He could tell looking at Candy's revealing outfit that some additional jewelry had been added.

Yes, we love the one you made for Candy. I would like one just like it for the show. However Jill is the star could you do something that would make her stand out.

Instead of the black leather that you two will have. I have some red leather and I will trim it with brass hardware. Would that be to your liking?

That sounds perfect Bill, Jill answered.

Ok then if you would be so kind as to disrobe we can get started. Well looks like you all have matching jewelry also.

Candy lifted her blouse and skirt. I just got mine today. What do you think? Very sexy young lady. Bill thoroughly enjoyed taking his liberties groping the two attractive women throughout the process of fitting them. Ok I have it all laid out they will be ready next week for your final fitting. They will be ready for your rehearsal.

Thank you Bill, I can't wait to see the final product. See you next week then.

When they got home. Mistress Kim called Jill. I'm in a spot and was hoping you would be able to help me out. My cam girl is down with the flu, would one of you be able to fill in tomorrow for her. I was

kinda hoping to get Candy.

Candy has new piercings I don't think she would be ready to preform just yet. But Eve is chomping at the bit to work with you.

Do you think she would be able to bring her canine? I would like to see if that would be a worthwhile expansion to things around here.

Is it alright if I give her your number? I am sure she would be thrilled.

Yes but please let her know that time is of the essence. If she can't I need time to find another replacement. And I need time to reconfigure the cam booth to accommodate her dog.

The next evening Eve and D. O. G arrived for their cam show. Mistress greeted them at the door. Are you ready she asked?

Yes I just hope I can figure out the equipment. Eve replied.

The only thing you need to handle is at the end of that leash. There is a prompter in the booth and and a microphone to converse with the clients. There are multiple cameras in various locations to monitor all the action. Let's get you started your live in 20 minutes.

They entered the booth D. O. G was a little disoriented but soon settled down.

I'll be in the control room picking the outgoing feed . You need to do some teasing till the money starts to roll in before you start the real action.

That sounds simple enough, Mistress.

Eve was dressed quite slutty. Stockings heels with a short low cut black dress.

You're on the promoter read.

She took a seat on a small bench and fondled herself. As her viewing audience grew she hiked up her dress spreading her legs while checking the promoter for the Mistress's instructions. She would make lewd suggestive comments pertaining to the things she could do with her dog until she finally got the ok to get started. She lifted her dress over her head cupping her breasts and taking her nipple ring between her teeth. Lowered herself to the floor fondled her companions sheath till his member came into view. She then took him into her mouth deeper and deeper till she was deep throating him. She continued this for minutes then lifted his tail to give him a rimjob. Do you want to see more? Well fill my tip jar.....

Mistress messaged her your doing great. We have enough proceed.

She got on her hands and knees. Mount. He was on her back and into her, jackhammering into her buried his knot sealing her cunt shut. That was when she had her first orgasm. Oh god yes fuck your bitch boy, fill me with you hot cum. Fuck me like the Whore I am. She could feel him filling her full of his warm cum. That's a good boy that's right empty your balls into me she groaned. That was when she came for a second time. Oh god it feels so good.

He now slow his pace trying to pry himself out of her. But his knot wasn't ready to let him break free. The cameras showed it stretching at her tight hole. Within a few minutes he was free the juices poured out of her puddling beneath her. He licked her clean. She laid him down and took him into

her mouth returning the favor. She dipped her fingers into her self and licked her juices from them. Mmm it tastes so good.

Thank you I hope you enjoyed our performance. Keep an eye on our website for the our next show. See you next time. She read from the screen.

The lights went down.

Our next show? Really?

Mistress appeared you are now a sensation. That was the highest paying cam-show to date. I hope you are willing to be back? Either weekly or monthly.

Really I would love to.

It was Friday evening. The trio headed for Kim's. Upon arriving Mistress introduced a large black hooded man. Ladies meet Master Tom you will serve him as you would me. While Jill and I work on the details of the show next week.

To the dungeon my little Whores. He marched them down into the dungeon. While Jill and the Mistress went to her office. There were screens across the wall streaming video of the dungeon. We can keep an I on them while we workout the details.

Strip you will find wrist and ankle cuffs on the table. You will keep your heels on for the time being.

He suspended them from chains hanging from the rafters. Spreader bars were attached to their ankles. Leather hoods were placed over their heads. I have been informed not to leave any lasting marks on you as you have a show to do next week. That will not save you from the pain I will subject you to this evening. He produced weights for their piercings and started with Eve's nipples then moving down to her vaginal rings. He then moved on to Candy. Having been informed her piercings were new he lightened the weights of hers. He retrieved the zapper and proceeded to torment his captives with small electrical shocks making them dance to his touch.

Next a wooden paddle to brighten up their ass cheeks.

Being deprived of sight not knowing what was to come next added to their stimulation. More weights were added to Eve again he spared Candy. However the tenderness of her almost healed rings was quite relevant.

The cat of nine tails was the next weapon of choice being careful not over do it he pummeled his victims. Relishing in the bounce of the weights they wore.

I would love to teach you how to submit to your pain this evening but that will have to wait for another day. He removed the hoods to reveal their faces painted with mascara from the tears. Removed the weights. Released them from the bindings.

Now let's get to the pleasure part of the evening. On your knees I need to assess your oral skills. He produced a massive cock. I hear you have been working with horses so you shouldn't have a problem with this twelve inches in your throat.

They devoured the massive cock easily throating him. He withdrew open your mouth red and stick out your tongue and don't swallow. His sperm filled her mouth. Eve crowded in and they swapped it back and forth. He then produced a sixteen inch double ended dildo.

Butt to butt on your knees and fill your asses.

They inserted it into one then the other and started rocking it into them.

Deeper bitches I want to see those cheeks touching.

They followed his command and grinding it deep into each other. They continued this for a few minutes.

That's enough now up on your knees facing each other and taste your asses.

They again responded to his command. Deeper I want to see your throats bulging. They now mouth to mouth. As he took the cat to their backs. He then took his place behind them and announced to the cameras. That's our show for the evening. I hope you enjoyed it as much as I did. Videos are available just click below. See you next time.

Jill and the Mistress appeared nice job ladies. If you are interested we can make this a part of our program. I feel it fair to warn you, I am not as lenient as Master Tom so take that into consideration. We have the show pretty much figured out. We can tweak it when have the rehearsal.

Part Three

They are on the way for the final fittings of their harnesses. Bill was tinkering around the tack room. This one's yours, Eve. Try it on.

She quickly removed her clothes. Eves fit perfectly.

Ok now for our Star, Bill stated. He pulled out a box and placed it on the bench. Here you go Sweetheart.

Oh it's beautiful, she quickly she'd her clothing to try it on. All in red leather that straps framed her breasts with a ring in the center that connected to a second strap that belted her mid section To another at her waist this had straps that ran between her legs framing her ass connecting to garter collars on her thighs framing her ass cheeks all the connections were brass rings. In addition there were cuffs for wrist and ankles with a thick red collar. All trimmed in brass.

Oh it's beautiful thanking him and it fits perfectly. How much do we owe you.

It is all being covered by the production he replied.

This is awesome. Let's stop at the emporium and pick out some thigh boots on the way home. Eve suggested.

I like that idea. I think my body jewelry needs to be gold colored also. Jill responded. Let's go find the Mistress she is probably in the office here.

We are going to have the event at a indoor equestrian facility not but a half mile from the ranch. Mistress and the Stable master informed them. Follow us and we can go over the details on-site.

Everything was set up already. Cameras a large screen similar to a concert. As to the audiences advantage to have the full effect.

Candy will open she will be led out riding her pony to the carpeted area. Some for play followed by

Intercourse followed by her deep throating him. Eve next same scenario with the tan. Barring the throating. Then Jill with the black next, Eve again with the white. Saving the draft for last with All three of you. He may not be as endowed but his sheer size will impress the crowd. Eve and Candy will frame Jill with the Cowboys. Any questions.

Sounds great Eve resounded. I can't wait. Candy nervously agreed me too.

Ok see you back here in two days. The show starts a seven be here by five.

Saturday came the ladies took one car the guy's were to follow in a separate one. It was a seemingly quiet for the first part of the ride. The nervous tension was finally broke by Jill. Well no backing out now. Are you two ok?

Candy replied I'm scared shitless if you really want know Mistress.

It will be fine, I must admit I am a bit nervous myself. Eve stated.

Don't worry with the lights on you you won't even be able to see the audience. Just enjoy yourself you will be fine.

They parked around the back. One of the stage hands met them at the car follow me ladies. He led to a back door to a makeshift dressing room. They put on their outfits.

Did you bring the bottle of lube? Mistress asked.

I have it right here. Eve replied.

Alright we decided that you all will be doing anal for this performance to take in as much as you can. So get to prepare yourselves I want to fist each other with plenty of lube to ensure no complications during the show.

Yes Mistress.

Candy you are up.

Two Cowboys dressed in hats, boots, chaps and banana hammocks escorted her out and put her on her painted pony. Then led her to the staging area. As she was told she couldn't see anything through the stage lights.

She did a curtsy and turned to her pony taking his cock in hand got him to size. A bit shock to see her image on the large screen behind them. But got back to her performance she turned and inserted him into her well prepared butt. Everything else disappeared as she relished him filling her. Her knees weakened as she reached her first climax. Oh yes resounded through the sound system that she was not quite prepared for. She continued to another orgasm more prepared this time. Oh fuck this feels so good. She went on to her finally to taking him into her mouth deeper and deeper till the bulge in her throat was captured on the screen.

Cat calls and applause making her aware there was indeed an audience watching. He came filling her beyond capacity the access running down her chest. Cheers again from the darkness. She took her bow and got back on the pony and disappeared into the darkness.

The spotlight now illuminated Eve riding the tan to the stage. The Cowboys helped her dismount she curtsied took him in hand and fit the end of him into her mouth jerking him off. She then was placed

on a bench under him and took him into her anal passage her first orgasm was almost immediate. She continued for two more until he filled her ass with his own. It poured out her upon him being removed from her ass. She took her bow and rode him back into the darkness.

The light now showed down on Jill. Riding the black being led by the Cowboys. She looked stunning in her red harness and thigh high boots. Applause came from the crowd as she dismounted. She took his massive cock into her hand. It was near as long as her arm. She laid on the bench and with the assistance of the Cowboys the massive member was stuffed into her. It took three stages of inspection for her to receive all of him. With mixed groans of pain and pleasure. She fucked the beast for twenty minutes sustaining multiple orgasms. She finally removed him from her master battering him till his load covered her face and body. She spread the hot sticky juice to cover her completely. Her body glistening in the spotlights. The crowd cheers and applause. She took her bow and rode into the darkness.

Eve returned riding the white. She dismounted. Stroked his member running her tongue the length of it. She stood and stepped behind licked his testicles lifted his tail and began rimming his ass. About five minutes later she returned her attention to his member. Stroking it they moved the bench into place and she took him into her butt jerking him to orgasm she also came. Applause from the crowd. She rode back to join Jill and Candy.

All three rode the monstrous draft horse led by the Cowboys. They dismounted and stood before the horse. Eve and Candy led the Cowboys back into the stage lights caressing them. Then dropped to their knees giving them a head. Jill in the center doing the same for the horse. Eve bent over taking him into her. Candy and Eve stood and bent over to take the Cowboys from behind. The three finished off their mates. Candy and Eve licked the excess cum from Jill's thighs licking their way up to her lips the three of them kissing. They broke from the kiss arm in arm to their last bow. To the raves of the crowd as the lights faded.

They got themselves cleaned up. Mistress commended them on a fantastic job. I don't think this will be your last of this type of show for you. We did very well on the profits and we will be releasing the video for sale as soon as I complete the editing. For even more revenue for us to share. Congratulations.

Bob and Dan found their way backstage and joined the ladies. Bob was blown away. Your description of your horse play did not prepare me for this. I had no idea of what you are all capable of receiving. That was amazing.

Dan reiterated I must agree that was quite the production. Are you ladies in any shape to go celebrate? I brought some champagne to get us started. He popped the cork and poured a round of drinks.

Jill raised her glass. Here's to the hottest trio this town has ever seen.

After downing her glass. Eve stated I don't know about you two but I just want to soak in a hot tub and relax. I'm going to pass on a night of celebration.

Jill added I'm going to have to agree. How about we all go out to dinner tomorrow and party afterwards then.

Sure thing. Good night gang see you then Bob replied.
