## BEASTIALITY STORIES

Hi, my name is Jennifer. Everyone calls me Jen. My husband, Todd, and I have been married for ten years. We have a good sex life and have some good sex toys.

I love watching Todd fuck the sex doll I got him a few years ago. Well, it all started when I was horny one evening. Todd was still at work, and I got on my laptop. For some reason, I typed in BITCH IN HEAT.

What popped up was not what I expected. There were clips of guys fucking big bitch dogs. I had never seen anything like it. I thought how hot it would be to see Todd doing that.

For some reason, It turned me on more than anything I had ever seen. I watched on and fingered myself to a massive orgasm.

I was afraid Todd would think I was a pervert, so I didn't tell him. I hinted about it one night, and Todd said that he heard stories about it. He said dam. A person would have to be hard up to do that.

What if it felt so good they liked doing it? I asked. I don't know, maybe, but I don't see how it could feel good, he said.

I knew he would think it was weird, so I dropped the subject. I would watch the clips and masturbate a lot. I couldn't keep my mind off it, and not being able to talk to Todd about it was making me crazy.

I felt like another woman as I started to try to plan a way to fulfill my wanting. And that was to see Todd with his dick in a dog's pussy.

The first thing I thought was to find a big bitch dog, preferably on coming in heat. I called about five kennels before I found what I was looking for. There was a female Great Dane that had one litter of pups.

The owner said she was coming in heat soon. She only had four pups in her first litter. She was for sale because she wasn't good enough for breeding stock. I went and looked at her and paid the owner.

I told them I would have to leave her there for a while.

She was a big brown heavy-looking dog. Her tits were still a little saggy, and her pussy was the size of my fist. I started faking headaches when Todd wanted sex. I planned to make him need to cum so bad he would get involved in beast sex.

After two weeks, Todd was horny as I ever saw him. When he went to work, I went after the dog. She was in full-blown heat and swelled up and wet. I took her into the back yard and put her in the shed.

I brought her a bowl of water and some lunch meat. I closed the door and went to the house.

As soon as Todd got home, I told him I had a sexy surprise for him. I told him to take a good shower and get ready for some kinky sex. He said, aww did you get me a new sex toy, baby.

Yes, but it's a surprise, so take a shower.

As soon as I heard the shower running, I went and got the dog. I tied her in the bedroom and grabbed a bandanna from the dresser. Before Todd got dressed, I went in and blindfolded him.

He was really excited as I led him into the bedroom. I took some pantyhose and tied his hands

behind his back. I made him kneel on his knees and started sucking his dick.

I got him hard and stiff as my mind wondered if this would even work. I was shaking as I moved the bitch next to him. I squirted some lube on her pussy and slipped a finger in her.

Holly shit. Her pussy felt like it was on fire. She humped at my hand, wanting more, and I wanted to give it to her.

I grabbed Todd's cock and pulled it down. He waited as I pushed her pussy to his cock. He said, it feels warm baby, you must have got a heated one. I said yes, it's the best kind and wiggled his cock and pushed her back more.

Her puffy pussy wadded up, smashing her body from the pressure. I wiggled his cock, and her big pussy stretched open and slid over his cock head. Todd humped his hips at her and pushed in her all the way.

OH FUCK BABY, THIS IS THE BEST FUCKING ONE I EVER FELT. I said fuck it, baby. You know how hot it makes me. AAHHH SHIT, THAT'S SO FUCKING GOOD OOH, OOH. OOH FUCK.

She was pushing back and fucking him as he started slamming in her.

I felt my pussy explode as I watched my husband fucking the bitches pussy. OOOHHHH JEN ITS THE BEST THING I EVER FELT BEFORE IM GOING TO CUM. I pulled her away and said, oh, no, not yet.

Oh, baby, stop teasing me. I want some more.

I said, beg for it, baby, and you can have some more. Please, oh please, I want to fuck it so bad, baby, stop teasing me. I grabbed his cock and bushed her back on it.

Is that what you want, baby? Is it.

He said OH FUCK YES. I WANT IT BAD OOOHHHH YESSSS. He stabbed his cock deep in her and said It was going to make him cum. I pulled her away from him again before he cum.

He still thought it was a sex toy of some kind, and It had him so turned on.

Please, baby, untie me and take off this blindfold, and I will fuck it for you good. I grabbed his cock and smacked it hard against her pussy. I guided him back to her swollen pussy, and he pushed.

OHHHH FUCK OH FUCK OOH HH SON OF A BITCH THAT'S SO GOOD.

He was going crazy. He loved how it felt as he stabbed his cock in her. Just when he said he was going to cum I pulled off the blindfold. When he saw he had his cock in a dog's pussy he froze.

His eyes grew wide, and he looked at me.

He looked at his cock, still halfway in the swollen pussy. I reached and untied his hands and said, now get all you want. I cum so hard it squirted my hand when Todd started fucking the bitch hard.

OOOOHHHH FUCK AAAHHHHHHH SHIT IM GOING TO FUCKING CUMMMMM INNNNN HERRRRRRRRRRR. He tensed up and slammed in her hard as he pumped her pussy full.

He pulled out his limp slick cock, and his cum oozed out her pussy. She spun around and licked

Todd's cock clean. Then she lay on the floor and cleaned her pussy.

Todd looked at me and said, I can't believe I had sex with a dog. It felt so good I just lost it.

I loved it, baby, I said; it's so fucking hot watching you fuck her. Well, I went into the kitchen and got a drink. I got Todd something to and went back to him.

When I stepped in, Todd was behind the dog with two fingers in her pussy.

I just sat and watched as his cock grew as hard as a rock. He grabbed his cock and pushed the head in her pussy. She humped at his cock, trying to get more of it. It really turned him on, and he started fucking the hell out of her.

AAAAHHH FUCK YEH YOU WANT THAT HUH YEH OOOHHHHH FUCK YOUR PUSSY SO FUCKING GOOD. OOOHHHHHHH SHITTTTTTTTTTTTTTTTTTT IM GOING TO CUM IN YOU AAAAHHHHH.

He tensed up and slammed in her hard. CAN YOU FEEL THAT HUH OOOHH FUCKKK? He didn't stop. He fucked her like a mad man shooting his cum in her several times. Well, a week later, I bought two more female dogs. I love watching him fuck them, and he knows it. I can't even tell when he will call one of them to him and fuck them in front of me.

He pulled out of her, and like before; she cleaned him than herself. It changed our sex lives forever, and Todd acts like a new man.

*The End*
