BEASTIALITY STORIES

It had been around 1 year and 5 months since I was able to have a dog pound the living daylight out of me. My friend's dog, C (his choice of name, don't ask) a Half German Shepard Half Golden Retriever, had fucked me the last time I dog sat and I was fortunate enough to get spit-roasted by 2 dogs on 2 different occasions. However as I sat in my living room wondering when my dry spell of dog sex would finally be over I received a knock on the door.

It was my neighbor, Mrs. Frankson, she had told me that she needed someone to watch her Beagle, Tom. My ass immediately began to throb in pleasure since it still remembered being fucked by Tom, so I automatically and enthusiastically said "Of course". Mrs. Frankson snickered a bit, since she not only knew about Tom and me, but was the one who trained him to fuck people, but then asked another question "Well I know Tom isn't going to be a problem, but we've gotten a new dog since then and was wondering if you could watch her as well?"

"Wait, you got ANOTHER dog?" I asked wondering what kind of dog they had when a beautiful husky came around the corner and Mrs. Frankson said "Ah, here she is now. This is ginger" the dog immediately began sniffing and licking me to which Mrs. Frankson replied that "Well, it seems she likes you" Before I could even laugh at her antics my phone began to ring.

It was my friend, C's owner. He was in a panic, he asked me if I would mind watching C for about 2 months. His new job was sending him overseas and he didn't want to leave C in a shelter or worry about crating him to take him with him. My eyes lit UP and I told him that C was MORE than welcome to stay at my house for as long as needed. He told me that he would drop C off in about 2 hours so please stay at home if at all possible. I told him I had nothing planned for today other than house work, so feel free to bring him by.

By this time my cock had gotten quite erect and Mrs. Frankson was blushing a bit. I didn't notice her staring at me until after I got off the phone with my friend and she asked if I was in a "good" mood. I had quickly apologized for that when she suddenly palmed my cock and started to tease me. She had told me that she didn't mind one bit. Mrs. Frankson was only in her late 40's, yet she didn't look a day over 30. Big E cup tits, nice soft ass, cute stomach, she definitely took care of herself, yet everything went white when all of a sudden we heard her "Hey does he mind??"

It was MR. Frankson, her husband. "No he doesn't mind, I'm just making sure he knows how many days we're going to be away"

"Days?" I asked

"Oh" She realized "Right. Well you see My husband is having surgery and is most likely going to be admitted to the hospital for at least 3 days. We were wondering if you wouldn't mind watching our dogs for that long?"

"No, not at all" I told her

"Thanks dear." she said "We'll be back in a few days. Take care"

I couldn't believe my luck. Not only did I have Tom for a few days but my friend was going to leave C here. By this time, Tom was wagging his tail in anticipation, and barking to head inside. Mrs. Frankson had told Tom to stop barking, which he listened and quit, then helped her husband load the car and took off.

I finally took Tom and Ginger into the house and they began to sniff everything in sight. Tom then

got on the sofa and that's when I noticed that he had began to get erect. Unfortunately I told him that I couldn't do anything until C had gotten here. If I had began fucking him, not only would my friend find out what C and I had been doing but I would probably piss off C to no end.

Tom just stood there barking for nearly an hour, all the while Ginger had began sniff me more and more. I couldn't read what she was thinking. She sniffed my head, my legs, my boots, and any and everywhere she could. I thought that she was trying to initiate something but every time I tried petting her, she just wondered off, so I let her be.

Tom kept trying to get me to fuck, but I kept telling him to wait. Although truth be told I don't know IF I could wait any longer. Tom's cock had gotten quite hard and just as I was about to grab that delicious dog cock, my friend had knocked on the door. I had told Tom to wait there and surprisingly he listened.

It was him and C, boy were they glad to to see me. As soon as I opened the door C ran up to me and began to lick my face. My friend laughed as he handed me all of C's stuff.

"Hey sorry about the last minute thing" he said as he piled everything onto my front porch

"Don't worry about it. C and I get along pretty well" I said 'Especially when he has his big cock buried in my ass' I thought to myself.

"Well hey thanks again" he said as he loaded the last of C's things out "I'll be gone for only 2 months, if anything changes I'll call you and let you know"

"Alright" I told him as I waved goodbye

With that said he pulled out of the driveway and was off. And the instant that he was out of sight, C put his nose into my ass and began huffing deeply. I could feel him panting from outside of my jeans and I nearly came right then and there, but through sheer willpower I resisted and brought him and his things inside the house.

It was then that C had noticed both Tom and Ginger, he and Tom sniffed one another but Ginger ran off, I still couldn't figure out what was up with her, but then again I didn't pay it any mind.

As soon as I had finished unpacking all of the things and putting them away, I noticed C and Tom standing behind me wagging their tails in heavy anticipation. Well I was NOT going to make them wait any longer.

I had peeled away my clothes and no sooner did I do that did C knock me down and began licking me everywhere. Tom soon followed suit and I was in pure ecstasy. My favorite dogs licking me all over preparing me for an afternoon of animalistic pounding that would leave me sore for weeks to come. I nearly came right there.

But C, knowing me as he does, began to nibble on the tip of my hardened cock and brought me down. He then began to resume licking me with Tom, and each and every time I nearly came, C would be there to gently bite me and restrain me from climaxing. Somehow I could just tell that C wanted to make the most of the first day all of us had together and didn't want me to waste anything.

So I laid there being teased to near climax over and over again by C and Tom for what felt like forever when all of a sudden C drove his cold, wet nose into my ass and began huffing once again. The contrast between his hot breath and cold nose make me see stars and once again I practically

came. However THIS time it was Tom who came over and started to nibble on my hard cock, bringing me down from the brink of cumming. It was bliss and torture at the same time, I had been so close yet so far away.

C kept huffing my ass when he suddenly stopped and before I could even wonder why he began to lick and lubricate my ass. I very nearly came, when Tom grabbed my cock in his mouth sideways and began to put more pressure on it practically feeling like he was going to bite it off. I wanted to cum so bad, but the two of them constantly kept me at bay. Sharp teeth on my cock ready to snap at a moments notice while a soft, wet, flat tongue kept exploring the crevices of my ass. I was begging them to let me release at this point because I couldn't take much more of it.

As soon as they had me practically screaming and begging to let me cum, C stopped eating out my ass and began to turn me over. Tom finally let go of my cock, but before I could even grab it to give myself much needed release C knocked me on my knees and pushed my face into the ground. As I managed to get my face out of the floor, I had seen that C's cock was fully erect and dripping with sweet juices. I tried to grab his cock but Tom had nibbled on mine instead and made me lift up and yelp. And as soon as that happened C took full advantage and thrust his cock down my mouth and into my throat. There I was barely able to breathe with a big dog cock in my mouth and another dog nibbling my cock. As C began to start pounding my mouth Tom had began to lick my testicles and ass trying to desperately enter me.

I wiggled and shifted my body all the while C pounded my mouth mercilessly and maneuvered myself into a position where Tom could finally enter me. And without missing a beat Tom had plunged his cock straight into my awaiting ass. Once again I had been turned into a dog's fuck toy to be used at their leisure and I loved every second of it.

Tom and C had pounded away at me for nearly 10 minutes when they each let out a howl and shot their cum deep into me. And the instant they came my cock found its much needed relief and shot out cum so hard I nearly blacked out from the pleasure alone. That's when I felt the two of them begin to knot in me, and it was heavenly. There I was being spit-roasted by 2 dogs yet again all the while trying to breathe and kept from passing out from pleasure.

We stayed there for nearly 20 minutes when they both popped their knots out of me and began to clean me up. I had thoroughly enjoyed being fucked by Tom and C yet something was in the back of my mind. "What had happened to Ginger?" I looked around and couldn't find her. I started to worry, since I was responsible for her I needed to at least make sure she was in the house.

No sooner did I turn my head did Ginger appear in front of me. Truth be told I was a little embarrassed, seeing as I was covered in C's and Tom's Cum as well as has a small pool of my own next to me. But I stayed still to see what Ginger would do.

Tom and C were a little bit away from us resting from their orgasm, when I heard a lapping noise. It was Ginger, she had started to lap up my cum from the floor and was wagging her tail unbelievably fast. I guess she has liked the taste because no sooner had she finished licking up all of my cum from the floor she had began to lick my cock, still dripping with cum, and gently caress my testicles with her tongue.

I couldn't believe it, I had just finished being a bitch for 2 male dogs, and now I had a genuine bitch licking every crevice of my cock and testicles. I was once again seeing stars.

All of a sudden Ginger had stopped, and began to stare at me. I stood there wondering what she was thinking when she turned around and practically pressed her pussy into my face. She then

proceeded to lap at my cock, getting me harder than I thought possible. God she was actually better at using her tongue than C or Tom!

The More she licked, the less control I had and that's when she felt my nose hit her pussy and began to grind herself right on my face. So I grabbed a hold of her hips and started to lap at her burning hot pussy digging my tongue in as deep as it could go. We went at it like this for nearly 15 minutes when she suddenly stopped and tried to grind herself on my engorged cock. She had a bit of trouble putting it in at first but once I got on my knees and met her at her level, she caught onto the signal and impaled herself on my cock.

The heat and tightness were like nothing I had ever experienced before, it was all I could do to not drop to the floor from pleasure alone. At this point, the only thing that keeping my body up was Ginger pounding her pussy away on my cock trying with all her might to milk me dry, panting all the while. However I wasn't going to let her have all the fun.

Once I gathered up enough strength, I grabbed her hips, clenched as tight as I could and rammed her with all of my might, causing her to pant even harder, lift up her head and push back with even more force to get my cum.

There I was being on the giving end of fucking my first female dog and all I could think about was giving as good as I was getting, and BOY did she give good. I didn't know if she was in heat, simply got aroused from the smell of cum, or was trained well, but the both of us were thoroughly enjoying it so I didn't care. Yet just as we were getting even more into fucking each other I noticed something as I turned my head while rest on her back. Tom was still resting off his climax, yet C was nowhere to be found. I began to wonder where he scurried off to when all of a sudden I feel a familiar wetness caress my anus. It was C's masterful tongue.

C dug his nose and tongue into my ass and began to follow the rhythm Ginger and I were setting when all of a sudden she barked and C immediately stopped. I had never seen any dog give C a command, So I was in a slight shock. I thought she told C to stop until she had gotten hers, but that thought was quickly thrown out the window when all of a sudden C grabbed MY hips and rammed his diamond hard cock into my ass.

I couldn't believe it. Not only was I able to get spit-roasted between 2 male dogs, but NOW I was sandwiched between fucking a female dog's hot, wet pussy and having my ass fucked by a male dog's rock hard, hot cock. I was in pure ecstasy as Ginger and C began to fuck me in perfect rhythm. There was only one problem, my mouth and throat felt empty.

Fortune had been on my side that day because no sooner did I think that did Tom come next to the 3 of us with his cock hanging out hard as a rock. Being that Tom was a Beagle and shorter than C or Ginger, I couldn't just get him into my mouth, but I noticed that the sofa was about the right size to prop him up. So I used all my will power and strength to shimmy the 3 of us next to the couch, trying desperately not to cum before all of us got to enjoy my body. It was only a few feet away but it felt like it may have been miles, C didn't want to stop pounding my ass nor did Ginger wish to stop drilling herself on my cock. Needless to say they didn't make it easy.

Luckily after about 5 minutes I managed to get the three of us to the couch and Tom quickly got up rammed his cock in my mouth and down my throat.

I was nothing more than a fuck toy for both male dogs and a humping post for the female, and I LOVED IT. We all began to fuck in perfect rhythm and just when I thought it couldn't get any better. Something happened.

All 3 dogs let out a deep howl of pleasure, C and Tom's cocks knotted up in me like never before I could barely breathe and my ass felt as it was being ripped in half. Ginger squeezed my cock so tight I thought she was literally going to tear it off. BUT as soon as pain hit, it was immediately replaced by pleasure and ALL of us came.

Tom filled my stomach, C filled my ass, and I filled Ginger with so much cum I thought all of us were going to die from dehydration. I don't even know how long we all stood there cumming and cumming and cumming, but eventually C and Tom popped their knots out of me and Ginger finally released my cock from her pussy and all of us feel in pure bliss.

I couldn't believe my luck. Not only was my dry spell over, but I couldn't even imagine ending it like that. Yet once my head had begun to receive blood again I had heard something I never anticipated to hear.

"My, My. I leave for a few hours, and look what I find"

As I turned my head to see just who it was, I was nearly mortified to see Mrs. Frankson standing in my living room. I didn't even know how much she had actually seen, never mind how she got inside in the first place. All I could do is stare at her and wonder what I should even do.

"So" Mrs. Frankson said smirking as she noticed all the cum splattered in the living room "Would you happen to have an explanation for the cum or was it just from the four of you fucking like crazy?"

"Well you see..." I tried to explain, yet before I could Ginger and Tom went over to Mrs. Frankson and began wagging their tails

"Awww" she cried in typical baby like voice most owners talk to their dogs with "Did mommy's little doggies have fun fucking the neighbor?" She looked at Tom "Was he a good bitch, Was he?" then she looked over at Ginger "Did he fuck you good, Did he?"

That was when something hit me. Mrs. Frankson had said earlier that day that she would be out with her husband while he was having surgery and that they wouldn't be back for a few days. So WHY was she here?

"Why are you here?" I asked, hoping to get SOME kind of explanation on why she was back

"OH" she said "Right, I forgot to mention, My husband told me to head back home. He's going to have the doctor's call me when he's out of surgery. He wanted me to make sure Ginger was alright." she then stepped closer, slipped off her shoe, and started to play with my cock and testicles with her toes. "But I'm surprised and a bit mad that you fucked Ginger first."

"Ahhh" I said as I tried to hold back a moan, still extra sensitive to pleasure at this point "First?"

"That's Right" she said now putting more pressure in the movements of her foot "Neither me or my husband have gotten the chance to fuck her and here you are fucking her like she belongs to you" She then parted her big toe from the rest and began to slowly stroke my cock "I think you owe me some kind of an apology. I wanted to be the one to fuck her while my husband fucks me."

"IIIII'mmmm" I said trying to gain some kind of composure "Ssss-orrery for..." then Mrs. Frankson lightly stepped on my testicles which immediately shut me up.

"I don't want an apology with words." she said as she bent down and grabbed my cock with a vice

like grip "I want to join in on the fun" she then reached into her purse and pulled something out. It was a pair what I assumed were sexual restraints for cocks and testicles, which she then began to put around the base of my cock and my testicles. "Actually what I SHOULD say is that I want to join the dogs in their fun"

After she put the restraints on me, she then began to suck my cock. I couldn't believe it, I was getting a blowjob from Tom and Ginger's owner, yet I didn't realize the extent of her punishment until she started to suck even harder and faster. With those ties on me, she kept getting me harder and harder, and it was right around when I felt like cumming that I knew something was wrong. I felt my cum staying in one place as though it was stuck. As I tried to slip the restraints off of myself, Mrs. Frankson grabbed my testicles and began squeezing them pretty damn hard. To which she then took my cock out of her mouth and said "This is a punishment sweetie, You DON'T get to cum until ALL of us cum FIRST!". She then grabbed me by my cock, threw me on my back onto the sofa and sat on me lifting up my legs up in the air.

That's when the real punishment began. She called C over in the sweetest voice she could and told him to dig into to his bitch, which he took FULL advantage of and dug his nose and tongue into my ass as far as he could get it once again. At this point all I could see was here ass and part of her back when C dug into me and once again he sent me to the moon seeing stars in my eyes.

C dug his face in deeper and deeper and my cock got to a hardness I didn't even think was possible. The worst part about it was that every time he dug deeper I wanted to cum but those damn ties held everything in and back.

By this time Mrs. Frankson had turned her head to see how I was doing and she noticed that I was rolling my eyes in the back of my head. She then said "Toooooommm, Come here baby" to which Tom immediately replied she then grabbed his cock and started to get him hard. Mrs. Frankson then began asking him "Do you want to cum Tom, Do you want to Cum?" all the while still stroking him. Tom barked happily to which Mrs. Frankson had responded with "Okay boy, then let's make this bitch of yours finish you off, huh?"

Before I could even protest and beg her to let me cum first she rammed Tom's engorged cock into my mouth, where he instantly began to fuck my face and Mrs. Frankson started to tighten the restraints. "Oh I bet you'd love to cum right now, would you?" She said as she started back at me. "Don't worry I won't just let you NOT cum, You'll just have to do it when I say so." I could barely breathe, see and at this point I felt that my cock was on the verge of literally exploding. "IF you can hold out until then, I promise to make sure that when you cum it feels so good that you pass out" At this point I knew I really didn't have much of a choice. SO gathering up what strength I could I mutter a "Uh Huh" with Tom still pounding my mouth and C still eating my ass.

Mrs. Frankson then looked back around at C and told him "Okay sweetie, I think you've lubed up this bitch's ass enough it's time you tear it in two." C must have liked this game because no sooner did she say that did I he him pant and bark happily.

I then noticed that Mrs. Frankson got off of my chest, kept my legs up, and then helped C get onto on me. C had fucked me plenty of times in doggy style, but this was the first time that he fucked me on my back. To be honestly I was extremely turned on at the thought of it. Once she had C on top of me she then guided him into my ass and that's when She fell back.

"Oh my" she said "He must REALLY love pounding you. The second he felt your ass on his cock he plunged that thing into you so hard I ended up on the floor." C knew EVERY single spot in me and knew where to hit, how hard to do it and how long to do it for, I never wanted to cum so badly.

"You boys can't have all the fun" Mrs. Frankson said as she got up "You've got to include us girls in it or else we'll be mad" She then whistled for Ginger, who showed up almost immediately and then Mrs. Frankson took Ginger's nose and guided it to my testicles to which she began to lap up in a frenzy.

I needed to cum. I honestly thought I would die from sperm backup at this point. "WHEN is she going to let me cum, DAMN IT I NEED TO CUM" I kept telling myself

Luckily no sooner had I said that, did Mrs. Frankson hover over me "Don't worry sweetie, You'll get to cum in a moment, BUT since YOU'RE getting fucked in the ass it's only fair that I get it as well" That when she removed all her clothes, got back on my chest and slowly put my diamond hard cock into her tight, blazing hot ass. She moaned harder than Ginger did as she put it in and then she, C, Tom and Ginger all began to move in rhythm.

They must have fucked me for about 20 of the longest minutes of my life, when I noticed that C and Tom began to knot inside of me. They began to cum in me harder than I had ever felt them, and I began wondering when it would be my turn

That was when Mrs. Frankson began riding my cock with her ass even harder and said "Are you finally ready to cum in my ass?!!" Words I had been waiting to hear for what seemed like an eternity. I couldn't move as I was full of dog cock, but she felt my cock get even bigger and took it as a Yes "Then CUM IN MY ASS!!!!" She then released the restraints on my cock and testicles. And as soon as she did that I exploded with cum, pumping what felt like 2 gallons of my sperm into her ass. Mrs. Frankson then moaned louder than I have ever heard a person moan and screamed "CUM IN MY ASS, THAT'S RIGHT CUM IN MY ASS". I very nearly blacked out when I felt some of my cum leak onto my testicles, to which Ginger still licking immediately lapped up and nibbling and THAT sent me into another orgasm cumming for everything I was worth into Mrs. Frankson's Ass.

The only thing she could muster was an incredibly loud "OOOOOOOOO" and as the two of us came, My mouth and ass tightened around Tom and C so hard that it sent them howling towards the moon.

I don't know how long all of us were there cumming, but I do know that I did in fact blackout. When I finally came to, Mrs. Frankson was lying next to the dogs looking at me. She then said "Welcome back" which made me blush a bit. I honestly didn't think she would make me black out from cumming, but she did.

"Damn" I said "That was unbelievably great"

"I figured you'd like that" she said as she petted the dogs "Me and my husband do it things like that a lot. In fact a few months ago he did something like this to one of the girls we like fucking"

"So, if you don't mind me asking Why'd you chose to do this to me" I asked

"Well, I know you like the same kind of things I do" she said "PLUS My husband and I agreed that I could have some fun time alone while he's in surgery. And said after all you've done for Tom, I should at least see how good you were."

"And" I asked, a bit curious to know

"I haven't had an orgasm like that since I was gang-banged by 12 German Shepards." she responded.

"Wow" was all I could muster

“Yep” she said as she came closer “Well my husband won’t out of surgery for another few hours what say we have a little bit more fun?”

I instantly nodded my head and all of us continued our fun for the next few hours. Each of us fucking one another and using up any and all of our cum as much as our bodies would let us.

A few days passed and Mrs. Frankson had picked up her husband from the hospital and had to take back Tom and Ginger. BUT the time the 5 of us spent fucking each other was the best possible way I could have ever imagined ending my dry spell. Hopefully it would keep going that way since I still had C for a few more months.
