## BEASTIALITY STORIES

It's a beautiful day here in Florida. I had my coffee took a shower, and now I'm debating if I should go to the nude beach or stay by my pool. I love to be naked and like the nude beach, but it's hard to go there alone. I'll spread my towel, get naked, and lay down after putting lotion all over my body. Some of the men there are just plain rude. They'll come up to me, jerking their cocks, asking what I was doing there alone. Some even ask me to go to the back of the dunes. This is where people have sex. I guess I just talked myself out of going. I grab my robe, put in some music, and begin to put some lotion on as I will be by my pool. My dog Lucky will probably be happy also. Ok, I'm lying down, and the sun feels so good on my naked body. Lucky is lying next to me. We've been outside for a while, and I'm getting horny.

I love playing with my big tits, squeezing and licking my big nipples. I stick two fingers inside me as I'm about to cum. I moan and cum all over my fingers. I need to be fucked, and the next thing I know is a wet nose and a tongue licking my dripping pussy. I look, and it's Lucky. I grab his head and start to hump his face. I was ready to cum when he jumped up and started to hump my leg. I get on all fours, and Lucky mounts me. I feel his big red dog cock enter my waiting pussy.

I turn and say, "That's right, Lucky. Fuck mommy. Make her cum."

Lucky is filling my pussy up with his dog cum. I cum, and Lucky knots inside me.

I hear a voice say, "Carol, what are you doing?"

It's my little Latin landscaper Abel. He has his cock in his hands, jerking off while watching Lucky and me. Oh my God, I'm so embarrassed. Abel has his phone up, and he's filming me being fucked by Lucky. I ask him, "Are you filming us?" and he says yes. Lucky's cock plops out of my pussy, and Abel now stands beside me with his big cock almost in my face. I ask him, "OK, Abel, what do you want?"

He says, "Carol, I want what your dog just had."

I say, "You want to fuck me?"

"Yes, and more, a lot more."

"You're crazy."

Abel says, "Carol, do you don't want me to show people what you just did?"

I said, "You wouldn't dare?"

"Yes, I would."

I wouldn't want anyone to see what I just did, so I say, "Do what you want."

Abel says, "First, I want you to grab my cock and suck it."

He's all sweaty as I put his sweaty cock in my mouth. I love sucking a sweaty cock, and Abel says, "Lick my balls."

I lick his balls, and he's humping my face.

"Put my cock back in your mouth."

I'm sucking his cock once again. Abel turns around and says, "Now lick my ass, you dirty dog fucker."

Oh my God, he spreads his ass cheeks, and I put my tongue in his ass. I can't believe this is happening.

Abel says, "Now lay on your chair and spread your legs."

I tell him, "I can't let you fuck me."

"You will fuck Abel and enjoy it. You don't have a choice."

I lay on my chair, spread my legs, and Abel slams his big cock inside me. He doesn't care that my pussy was filled with Lucky's cum. Oh my God, I'm starting to enjoy Abel's big cock. He smiles at me and says, "My cock feels good in your pussy, doesn't it?"

I moan, "Yes, make me cum, Abel. Don't stop. Make me cum."

I cum all over Abel's cock, and I can't feel it running down my ass. Abel pulls out of me and says, "Roll over and get on your knees."

Ok, I do it, and I feel Abel's cock enter my asshole. I love anal and always have, as Abel is all the way in. Mmmmmmm, he's fucking my ass, and I love it. Abel cums in my ass, and I cum also, very hard.

We lay there for a minute, and he grabs my hand, and we take a shower outside. Abel loves playing with my big tits and says, "Carol, I'm getting hard again."

He bends me over and puts his big cock inside me. We're fucking and moving at the same time. We return to my chair, and Abel pulls his cock out of me. He opens my pussy, and I feel Lucky mount me. His dog dick is now inside me.

I scream, "Yes, Lucky, fuck me. Fuck your mommy. Oh, he's fucking me so fast, hard and deep. I love his dog cock inside me. Don't stop. Make me cum again."

Lucky again fills my pussy with his cum, and I cum again. Lucky gets off me, and Abel slams his cock into me. My pussy is getting sore, but I don't stop him. Abel lays on my chair, grabs me, and says, "Be a good slut and ride my cock."

I grab his cock and lower myself on it.

Abel says, "Carol, I'm going to enjoy all the fucking that we are going to do."

I say to him, "No more after today."

"I will fuck you anytime or anywhere I want."

'Oh no,' I thought, 'This man is blackmailing me.' I cum again, thinking about what Abel just said. Abel says he wants to cum all over my tits. He pulls out of me and cums all over my tits. I lick it off my tits, and we lay there for a while.

Abel asks me how long Rocky is away. I told him two weeks. Abel laughs and says, "Carol, Abel, and Lucky will be fucking you for two weeks." Then he says, "Every time I cut your grass, you'll let me fuck you."

Oh my God, what am I going to do?

I shower, wash all the cum out of me, put my robe on, and go downstairs.

Abel sits at my kitchen table and says, "OK, what's for dinner? Cook me a steak. I'm going to need plenty of energy."

I cook him a meal, and as I put it on the table in front of him, he unties my robe, and it falls to the ground. Abel grabs at my tits, and I tell him to eat first. He grabs me, lays me on the table, and says, "Yes, Carol Abel will eat first."

He's licking and sucking my pussy. He puts two fingers inside me and starts to fuck me with them. Oh God, I don't think I can cum anymore. Now Abel is sucking my clit, and I cum all over his face.

Abel says, "OK, Carol, now I'm ready to eat."

"What do you want me to do while you're eating?"

He says, "Get on your knees and let Lucky fuck you. Give Abel another show."

I get on all fours and call Lucky. He mounts me, and I feel his big red dog cock enter me. Oh my God, I can't get much more of this. We both cum, and I collapse on the floor. Abel picks me up, brings me upstairs to the bathroom, sits me in my tub, and runs the water.

Abel says, "A good hot bath will do you good."

Abel goes in the shower, and I ask, "Are you leaving?"

He says, "Carol, I'm not leaving when we're just starting."

'Oh God, he's serious. Why didn't I fuck Lucky in the house?' I wondered. 'I'm going to be used and abused for two weeks, and my pussy is getting wet thinking about it.'

*The End?*
