BEASTIALITY STORIES

Stacy is 21 years old, a natural blonde with shoulder-length hair. A size 12 figure and is five foot seven tall.

Stacy is a total nympho (hence the story title) and will suck any cock she can get her lovely hands on. She has blown roughly 500 different men of all ages, shapes, sizes, and colors, as well as about ten dogs and two horses. She doesn't have sex with everybody she blows, and I would say she has slept with about 300 of the guys she has sucked off.

Sucking cock and drinking cum is her real passion.

I am Steve, a 45-year-old truck driver who, as you can imagine, isn't jealous of my wife's amazing sex life. In fact, I encouraged Stacy to enjoy herself as I have always been into slutty girls and have a huge collection of gangbang, bukkake, and exhibitionist porn. One of my hobbies is photography, and I met Stacy through this when she answered an ad I placed for girls to flash in public as I took their pictures. We quickly fell in lust and realized we shared the same passions sex-wise, and our relationship was as strong as ever.

This story begins one afternoon when I was at work and had to take one of my scheduled work breaks. I pulled over into a layby and had my usual sandwiches for lunch, and after about 20mins had to go to the toilet. The toilets were not the cleanest, and as I sat down, I read the graffiti on the walls and back of the toilet door. It was all the usual stuff: football slogans and vulgar jokes. Still, I noticed a few were invitations to meet people for all sorts of sexual adventures with phone numbers to call.

This got me thinking, and as I returned to the truck, I called Stacy to see what she thought about me putting my mobile number on the toilet wall and inviting guys to be there at a certain time and date to get a blowjob from her. She was thrilled and told me to go straight back and do it now. So I went right back and wrote this: *'21 yo blonde slut wants to suck your cock. She will suck any cock. Be here at 1330 on [Date], and she will make you cum in her mouth and swallow your jizz.'*

After about an hour, my mobile rang, and a guy at the other end asked my name and if this was a wind-up. I told him about Stacy, and he said he would be there. By the time I finished work, I had taken five calls, all eager to be there. That evening, I let Stacy answer the phone and watched as she got all excited at the number of people who said they were going to turn up.

The day arrived, and as I woke up, I noticed Stacy wasn't beside me in bed. When I went downstairs, Stacy was watching 1 of my American bukkake DVDs. She often watches my porn films. In this particular film, a blonde girl drinks about 75 guys cum from a large beer glass, and Stacy told me she was going to take a glass with her and do the same thing. As we got dressed, Stacy told me she was really wet and couldn't wait for some cock, so she sucked me off. Still, she wouldn't let me cum, telling me that I was to be the last to come and that I was to cum into her mouth after she had drunk all the other guys' cum from the glass.

Stacy picked a red blouse and a knee-length black skirt with black high heels and hold-up stockings but no bra or panties to put on for the day. Instead, she took a tiny black thong in her handbag to cover in her pussy juice when she had orgasmed. This was to give to the oldest guy who turned up just a little thing she likes to do. She also took a dildo to masturbate with as she sucked on cock.

And I took my camera!

As we arrived at the public toilet, there were already a few guys walking about and about 10 or 12 cars parked up. I got out, left Stacy in the car, and went into the toilets. There were already six men in there, and 1 of them asked me if I was there for the blonde girl. I explained who I was and that Stacy was my wife and told them the rules.

- 1. Stacy was there to give blowjobs only, no intercourse.*
- 2. Touching her pussy and breasts only aloud with her permission first.*
- 3. Only two guys in the cubicle at a time.*
- 4. No cumming in her mouth, only in the glass.*

Of course, all the guys in the toilet at that time agreed, but there was still more outside and in their cars, so I wrote the rules down and pinned them to the cubicle door. I went out to the car to get Stacy, and a crowd of guys had gathered around my car. I got closer. I could see Stacy's high heels on the dashboard. As I looked in the car, she had lifted her skirt around her waist and was spreading her legs and pussy lips open for all the guys to look at. I let her do this for about 10 mins, and a couple of the men already had their cocks out stroking them. Stacy's eyes were fixed on the swollen members.

I told the crowd of about a dozen guys that Stacy was going to suck off anybody who wanted it in the gents' toilet starting at about 1.30. Looking around, about 20 guys were waiting to be sucked off, and a few were on mobile phones telling friends what was going to happen. As we walked to the toilets, Stacy flashed her stockings and pulled her skirt up so that I could take some photos. She also sat on a bench and spread her legs wide, exposing her hairy pussy as I took pictures and the other men looked on.

Once inside the cubicle, Stacy sat on the dirty toilet and took a piss. This got a loud cheer from the crowd of guys, which by now was about 30 strong. She got up from the toilet and sat between the two dirty sinks. She asked the guys if they were all horny and if they would like to see her cunt and arsehole. She lifted her legs so that her feet were in the sinks on either side of her and let her legs fall wide open, and began to rub her pussy, which was still a bit wet from her piss.

With her pinky on one hand in her mouth and her middle finger from the other in her hairy pussy Stacy let out a little giggle as she finger fucked herself in front of all the strangers. She reached into her handbag and took out her dildo. She began to suck on it as she frantically fingered her now-soaking cunt. She moaned loudly as she eased her pinky into it beside her three fingers.

By now, nearly all the men had their dicks out and were wanking off. And I had closed the door of the toilets so that we wouldn't get caught. I looked round to see Stacy on her knees between the sinks, her lovely arse in the air, and her face on the cold, dirty worktop. Plunging her dildo into her arsehole as her other hand worked on her clit her slim fingers occasionally darting in and out of her fanny hole. She asked a young guy at the front of the group to put his dick in her mouth as she stayed in the position she was in. Then she asked another guy if he would fuck her with the dildo and told another to "fist her cunt"

Here I was taking pictures of my wife in a gents' public toilet with her arse in the air, a stranger's cock in her mouth, another stranger fucking her arse with a dildo, and another stranger fisting her as 30 strange men we have never met before had their cocks out wanking over the sight of this. I was in fucking heaven!

After about 10 minutes, Stacy decided she wanted to suck cock, so she got down from the worktop and sat down on the dirty toilet seat again. With her legs open, she put her hand down the gap between the seat and her pussy and began to rub her pussy again as the men queued up, eager to get their cock licked and sucked by this horny slut they had only met about 20 mins previous. As I handed Stacy the glass that the guys were to come in she gave me a big smile and told me she was a dirty slut and was going to enjoy this experience.

I only caught a couple of the guy's names, and there were too many guys to remember anyway, but the first to go was Alan, a guy in his forties. Stacy licked the pre-cum from the tip of his cock before licking the full 6 inches of his cock before taking the length easily down her throat. Having sucked so much cock Stacy could tell when a man was about to cum, and it wasn't long before she took his cock from her mouth and wanked him off into the glass. He came really hard, his sticky cum running down the inside of the glass. Stacy smiled and thanked him as another guy took his place. A young Asian guy around his mid-twenties with quite a large cock only had it in Stacy's mouth for about a minute before shooting his load into the glass.

Two older guys in their fifties were next to go. They went into the cubicle together, and Stacy took turns sucking their old cocks and wanking them off. It was taking them a while to cum, so Stacy let them finger her cunt at the same time. This seemed to work as the two dirty old men came into the glass that Stacy was holding between them in both hands at the same time. A little drop of spunk missed and went onto Stacy's thumb, which she licked off and began to play with, spitting it out onto her chin and then sucking it back up into her mouth and blowing bubbles with it. This was too much for the next three guys, who wanked off straight into the glass. After they had cum, Stacy sucked the remainder of their cum from their limp cocks. She won't waste a drop. Or the opportunity to suck three more cocks.

Stacy's glass was now starting to get quite full as she told the guys she needed to orgasm. Lifting her legs, she sat back on the toilet and began to rub her clit with one hand as she fucked her cunt with the dildo. Moaning really loudly, Stacy came really hard, squirting cunt juice over the toilet floor. Now I know she only ever squirts when she is feeling really horny. Sitting back up, Stacy gestured with her finger to one of the four black guys who were there to come into the cubicle. His cock was massive, about 11 inches, and thicker than my wrist.

Stacy went to work on his cock like a porn star bobbing her head up and down on it, spitting on it, licking his balls, sucking his balls, and wanking it with both hands as the glass of cum sat on the floor between her legs. As his face contorted, Stacy quickly picked the glass up and guided his swollen cock end into the top of the glass, making him come more than I have ever seen in my life. There was as much cum from his big black balls as four of the other guys put together.

Stacy put his cock back in her mouth and began to gag as she forced it down her throat. Making sure she got every drop of his black seed. He introduced himself to me as Benjamin, and he had a proposition for me, which I will tell you about at the end of the story. As I looked around, another guy was cumming in the glass as Stacy sucked on another man's cock. By now, about 12 of the men had cum, and the glass was about a third full. Stacy was really enjoying it now, and occasionally she would let a guy finger her cunt or asshole as she sucked off another. The majority of men there were over 40, but Stacy didn't mind as she loved to suck off the more mature men anyway.

It was quite a sight as the three other black guys stood around Stacy's face with their impressive cocks shining with the mixture of their pre-cum and Stacy's saliva. I had seen this picture a thousand times on my DVDs, but here was my sexy young slut wife doing it for real right in front of my eyes. One after the other, Stacy sucked their cock and balls. At one point, she managed to fit the three big black cocks in her hungry mouth at the same time. Eventually, they all came in the glass, which by

now was in danger of overflowing.

With only a hand full of guys left to cum, Stacy was still smiling at each man who came and politely thanked them for cumming. As Stacy struggled to stop the cum spilling from the glass, the last few guys came on her face and in her mouth. One of them was an old gent of about 70 who Stacy really had to work on to make him come. She let him lick her pussy and arsehole. She even teased him by rubbing the tip of his cock along her pussy lips and rubbing his grey-haired ballbag onto her cunt until, eventually, he came in her hand, which of course, she licked from her fingers and swallowed. But not before she had stuffed the black thong up her cunt, covering it in lady cum and giving them to him.

A total of 28 guys had cum in the glass. There must have been about three-quarters of a pint of cum in the glass, and five guys had cum in Stacy's mouth before the time had come for Stacy to drink the cum from the glass. Getting down on her knees in the middle of the toilet floor, Stacy prepared to drink the glass of cum. But before she could lift the glass from the floor, one of the guy's dogs that had been sitting patiently in the corner jumped on Stacy's back, its big canine cock bright red and angry. Stacy looked up at me, then looked back at the dog, its big eyes shining, pleading with Stacy to let it fuck her.

Stacy got on her knees as all the guys cheered for her to let the dog fuck her pussy. She had never let a dog fuck her, but she had sucked some k9 cocks before. As the dog's big red cock eased its way into her pussy. Stacy told Benjamin she wanted his cock in her mouth, or she would stop the brown Labrador from banging her. He got his huge cock out again and started to fuck her mouth as the dog fucked her furiously. Stacy was in total ecstasy as the black man and the brown dog fucked her from both ends on the gents' public toilet floor.

With all the men watching. Stacy screamed as the dog's bulbous knot disappeared into her swollen cunt. Benjamin's nutsack was now banging on Stacy's chin as she gagged on his meat. He told Stacy that he was going to cum as he shot his second load into her mouth. There was so much of it again that it began to leak from either side of Stacy's mouth. And down her chin.

The dog was really fucking Stacy hard now as she screamed in pain. The dog started to jerk violently as it shot its cum into her cunt. It jumped down from Stacy's back, its knot still stuck in her cunt. After about a minute, it pulled away as what seemed like a gallon of dog cum cascaded from Stacy's cunthole. Stacy put her hand round to her pussy and put three fingers in her cunt, coating them in the dog cum, then licked them clean.

Picking up the glass of cum Stacy put it to her lips and took two good mouthfuls from it. She then crouched down and put the glass underneath her cunt, and started to use her cunt muscles to push out the last of the dog's cum. What was left of the dog's cum easily filled the glass again as she swallowed the cum that was in her mouth. Again she put the glass to her mouth and began to drink the sticky mixture from the glass pausing now and again to take a breath and show the men and the dog the cum in her mouth. It took her about 5 minutes to drink it all, and even then, she used her fingers to get the last drops out.

Stacy looked at me and told me it was my turn. Crouching in front of me, she took my cock deep in her mouth, sucking like a pro. I looked down to see the dog licking Stacy's pussy clean. This made me cum instantly, and I shot in Stacy's mouth. Stacy then lay back on the floor as the dog licked her cunt and arsehole. She fingered her clit to orgasm again as the guys got ready to leave.

As we were leaving the toilet, Benjamin came over to speak to us about the possibility of Stacy doing something like this again but more professionally. He was interested in making a porn film that

involved a white girl doing a bukkake with only black guys to be filmed in America. He told us he could get up to 100 guys to do it. I think Stacy had another orgasm when he said it. We fly out soon. I will post a story if you are interested.

Stacy also took the number of the guy who owned the dog.

The End
