## BEASTIALITY STORIES

Rachel walked into the club with some friends. Rob, a 35-year-old club manager, noticed her right away and went to the doorman to ask if he had carded her. When the doorman saw who Rob was referring to, the doorman said, "I did, boss. Her ID said 25."

Rob had always fantasized about fucking a teenager, but with a motto like '15 will get you 20,' he never dared fool around with a teen. This, however, was different because Rachel was legit but just looked like a teen. He had to meet her and hope to score with her. After waiting around awhile, he noticed that the other girls with Rachel were all dancing. Rob decided to take a chance on asking Rachel to dance. To his good fortune, she said yes, and they started dancing.

Rob started talking to her, and after exchanging names, Rob mentioned how young she looked. Rachel just laughed and said she gets carded everywhere she goes. Rob said he thought it was cool that she looked as young as she did, and Rachel smiled and said thanks. When the dance was over, Rob bought Rachel a drink and sat with her. Her friends were still dancing, so it gave Rob more time to talk to Rachel. They found they had quite a few things in common, including having a dog. Rachel said her dog Rusty was her best friend, and Rob laughed and said his dog Ali was his best friend as well.

They had a good time at the club, and Rob asked Rachel if he could take her home. She said yes, and when they got to her house, she invited Rob inside. Rob already had a hard-on thinking about the possibility of fucking and sucking this teenage-looking young lady. Rachel got them some drinks, and they sat on the sofa. Rob leaned over to kiss Rachel, and she leaned forward to meet him. Rob planted a passionate kiss on her lips and slipped his tongue in her mouth. Rachel responded, and Rob slowly brought his hand up her leg and inside her short mini-skirt.

Rachel spread her legs, and Rob started kissing his way down her body and pulled Rachel's skirt off. Rachel then slipped her panties off, and Rob dove in. He placed his mouth on her muff and started licking her cunt with passion. Rachel was moaning, "Yes, yes, yessss."

Rob took time to chew on her clit and drove a couple of fingers in her pussy. This set Rachel off, and she moaned through an orgasm. As she was cumming, Rob got on top of her and drove his cock into her with no mercy. Rachel moaned louder as another orgasm hit her when Rob penetrated her. As he was fucking her hard, he felt something lick his ass which startled him. He looked back and saw Rachel's dog, Rusty.

Rachel scolded the dog, but Rob told her it was ok. He continued to drive his cock into Rachel as she began to meet his thrusts. Meanwhile, Rusty began to lick Rob's ass again and then climbed up on his back. Because Rob lets his dog Ali fuck him, he isn't afraid and lets Rusty mount him as he keeps pounding Rachel. When Rusty penetrated his asshole, Rob came hard inside Rachel.

He stayed in her awhile while getting fucked by Rusty. He then moved off, and Rusty slipped off, shooting some pre-cum on Rob. Rachel, knowing Rusty was horny, got on her hands and knees, and Rusty came up behind her and mounted her. He began fucking her. Rob got hard watching this and got up and walked in front of Rachel. He put his cock in her mouth, and Rachel started sucking it while being pummeled by Rusty. Rob was thrusting in her mouth, watching Rusty fuck Rachel. As he saw Rusty grip Rachel tighter, he knew he was ready to come inside her, which made him begin to shoot his load down her throat just as Rusty was shooting his load into his mistress.

Rob asked Rachel how long it took Rusty to recuperate and be ready to fuck again. She said he is always ready in an hour if she is. Rob said he wanted Rusty to fuck him again but wanted him to knot

him this time while he fucked Rachel again. They had a few drinks, and an hour later, they started making out. Rob placed Rachel on the floor. She spread her legs for him as he got between her.

He slipped his cock in her cunt and started a slow fuck while ramming his tongue down her mouth. It didn't take long for Rusty to get curious as he came up behind Rob and started sniffing his asshole. Rachel could see Rusty's cock starting to show. Rob started fucking Rachel harder, which got her moaning. Rusty had his whole cock hanging out now, and he quickly mounted Rob. As he started humping and found the mark,

Rob lost it and shot his load into Rachel as Rusty penetrated him. Rob quickly moved forward, which made Rusty slip out of him. Rob quickly went down between Rachel's legs and started eating her out, tasting his cum. This put his asshole even higher as Rusty again mounted him and quickly penetrated his asshole. Rusty started humping for all he was worth as Rob kept eating Rachel, who was moaning, "Oh God, make me cum."

He kept eating and stuck a finger in Rachel's cunt as he felt Rusty's knot at the edge of his asshole. "Drive that knot in me, Rusty," Rob moaned.

As he felt Rusty grip him tighter and lunge forward, he lunged back on Rusty's cock, and the knot slipped inside.

"Oh yeah. Fuck me, Rusty. Cream me..." Rob moaned.

He began finger-fucking Rachel harder as he chewed on her clit. Rusty kept pounding Rob as his knot grew to lock him inside his ass. Rob felt Rusty start shooting his load, which caused him to shoot his load onto Rachel's legs as she shouted out when her orgasm hit her.

"Oh fuck yeah," she squealed.

Rob kept licking her clit and finger-fucking her for the 10 minutes Rusty stayed tied with him shooting his come deep into his ass. When Rusty plopped out, a gob of cum spilled out of Rob's ass as he finished with Rachel.

When they finished, Rob got dressed and said: "We will have to do this again at my house so I can introduce you to Ali. I know he would love to fuck you."
