## **BEASTIALITY STORIES**

One day I was in the horse barn doing my normal work, feeding the horses, cleaning the box stall and brushing the breeding stallions down. After about an hour, my girlfriend came in the barn, feeling a bit naughty and only wearing her bath robe, and looking very sexy and making me very horny.

I was only wearing a light pair of coveralls, since the day was getting hot and humid.

My girlfriend grabbed me from behind and gave me a very tight hug, rubbing her beautiful breast in my back, and it felt so wonderful to have done.

I turned and gave my princess a very passionate kiss, looking in her eyes and see a tingle, seeing her smile, and moaning with so much passion, so much pleasure, I NEED YOU DONNIE - OOOHHH, I NEED YOU SO BAD.

The horse stallion was standing in his cross tie, and seem to be watching us, and getting a bit excited. I put a couple of bales of hay down on the floor of the barn, led my princess to them, we both undressed, laid her down on the bales of hay.

I began to give my princess a very passionate kiss, and slowly moved to her beautiful, smooth, soft breast, kissing and caressing each beautiful breast on the sides, on top, in the middle, and rubbing my face under-neith each beautiful, smooth, soft breast, and then, I began to kiss and caress each beautiful, smooth, soft nipple, till each beautiful, smooth, soft nipple were firm and stood like a small mountain.

To everyone, this is true and love when I see my princess, training my horses to have sex with her.

If a lady has sex with a horse, she will never, never hardly go back to a man, the reason why, look between a stallions back legs – then you will know why.
