BEASTIALITY STORIES

[Back to 1st Part](#)

If you read part 1 of our best friend I hope you enjoyed reading my story and thanks kindly for your ratings I totally appreciate it.

I think it's time to share what happened after I left my story on part one.

Well like I said in part one my girlfriend Candy was a fuckin sex freak and the fact that we both shared a very kinky sex life together.

Well when Candy found out that she was pregnant with Mandy we were so excited.

I totally love that girl I would do anything for her and it's almost difficult for me to say no to her.

I have to say we spoiled her rotten and she's got me wrapped around her finger as mommy would say.

Don't get me wrong Mandy is a good girl and gets good grades in school and doesn't give us to much grief or any kind of trouble just a spoiled little brat lol.

Mandy was a handful when she was in her terrible twos.

Now Mandy is a preteen with very good manners.

We raised her to be respectful to people but yet demand respect back.

Well let's move on with my story.

It was friday Mandy had been on her mom's laptop and came upon one of Candy's doggy sites that she views.

When I caught her I said Mandy you're not supposed to be messing with your mom's laptop you have your own she said are you and Mommy into this stuff I said to Mandy no we're not we're just curious.

Mandy backed out of the site and quickly closed the lid and didn't say anything more about it.

Mandy asked me if she could spend the night at her girlfriend's house.

I told Mandy I have no problem with it as long as you are not running the streets late at night.

Mandy gave me a hug and a kiss on the cheek as she was running out the door she said daddy you're the best.

I watched as Mandy ran out the door and into her girlfriend's parents car and drove off.

I thought to myself I can't wait for Candy to get home because I knew we were going to have some well needed sex together.

Candy was always ready for sex and I knew that.

So I decided to make dinner for Candy.

I put on some soft music on ran some bath water in the hot tub and I put rose petals around the hot tub.

On the table I had some candles lit and put some wine glasses on the table and a nice bottle of red wine.

Candy arrived home and thought that no one was home because the lights were out.

When candy walked in the house she seen the table all set up and the music playing.

She said to me wow what's this all about what did I do to deserve this she said.

I said because you make me the happiest man in the world and I just wanted to do something sweet for you.

She gave me a big hug and gave me a long passionate kiss and said thank you.

I said dinner is in the crock pot and it should be done in about 35-40 minutes so why don't you go upstairs get undressed

I started some warm water in the hot tub for you baby.

Candy asked me where Mandy was and I said she is going to spend the night at Susie's house.

Candy said to me oh baby you don't know how much I need that so she went upstairs while I watched dinner.

About 40 minutes went by I yelled upstairs to Candy that dinner was done and I told her I would make a plate for her she said she would be right down and that she loved me so much.

When she came downstairs she was wearing her black short Victoria's secret satin robe with the words pink on the back.

I love when she wears that robe because she usually doesn't wear much underneath usually just a silky thong panty.

I had the table already all set.

We sat down and eat she said to me yummy pork chops and mashed potatoes and corn.

I also told her there was some nice warm dinner rolls.

Candy joked and said what are you trying to get me fat I said hell no I love your body as she is a size 6 with a perfect sexy ass Candy has a small c cup but her ass makes up for it she keeps her body in really good shape.

We sat down and ate.

Candy didn't eat a real lot and I asked her are you feeling okay and she said to me oh baby I didn't want to eat to much can we have leftovers tomorrow.

I told her absolutely baby she said she planned on having some kinky sex tonight and didn't want to get to full.

I had a shit-ass grin on my face and said I knew it the daughter is alway and daddy Mama play.

Candy said yes baby you know me better than I know myself sometimes.

We blew out the candles put the food away and the dishes in the sink and went straight to our bedroom.

Candy said come on Bully Mommy needs you tonight.

I was so excited I love watching bully fuck my girlfriend.

When we got upstairs Candy immediately dropped her black satin robe.

I would also like to add candy wore nothing but satin because she knows it drives me nuts when I see her wearing satin lingerie before she met me she said she never owned any satin lingerie now she has at least three drawers full and many more hanging in her closet.

She was standing there wearing a red satin g-string that I never seen her wear before.

Candy moved about in front of me she turned her back to me and she took the tiny strap of her g-string ran her finger underneath the thin strap and pulled it out of her ass and she said to me do you like my new g-string.

I said hell yeah baby she said she stopped at Victoria's secrets the other day she told me that she picked up a variety of pairs.

I said to Candy yummy butt floss I said I'll probably want to lick your silky butt floss tonight.

Candy said ooh baby I love when you eat and lick out my ass.

Yes I have eaten her ass before she loves when I stick my tongue deep up her ass and she returns the favor which drives me nuts when she licks my ass like a dog.

Candy looked at me and said I bet you would love some sloppy seconds tonight I said hell yeah baby I love sloppy seconds.

Candy bent over a little and tapped her ass cheek.

Candy leaned over the bed with her legs and ass hanging off the bed.

Bully walked up and started licking her ass she said to me oh baby that feels so good he is pushing my g-string strap with his long tongue straight up my ass crack.

Candy said bully your turning Mommy on. Candy kept saying lick me Bully lick me.

Bully licked her ass crack for a while so she lifted her ass just a little more so he could actually get to her pussy.

Bully went right for her sweet pussy.

It didn't take bully very long and he was mounting her from behind because of the thin satin strap he was able to get past it and plant his big doggy cock deep inside her pussy.

Candy was begging for bully to bang her when she said to me oh my in a lustful voice she said he's got my g-string strap so far up my ass and I'm loving every minute of it.

Candy was moaning pretty loud I figured no one could hear us.

Bully was really hammering her good.

Before you knew it bullies doggy knot disappeared in her pussy.
I was laying on my back and Candy was blowing my cock as she was getting hammered doggy style by bully.
I was getting super close I wanted to blow deep down her throat.
Well the most embarrassing thing that ever happened to us happened.
We both were so fuckin horny that we didn't even close the bedroom door behind us.
We were really getting into it and all of sudden there was my little girl standing there at the door watching us.
Mandy said I knew it you two are really into this doggy stuff.
I couldn't even speak I was so nervous.
Candy tried to explain but Mandy said I think I'll just sit here and watch and maybe I can use this for my benefits.
Well partially clothing was never a big deal at our house Mandy has seen me walking around the house wearing a t-shirt and my satin panties and she seen her mom usually in some sexy lingerie or the same as me as well we have seen Mandy walk around in her panties and lingerie many times.
Mandy had never seen us totally nude nor have we ever seen her nude.
Well there wasn't much we could do we couldn't cover up bully was tied to Candy's hot ass as he was pumping her behind and I was laying on the bed like I said with my cock hanging out right there for my daughter to see.
I looked at Mandy and I said I thought you were spending the night at your girlfriend's house she said they we're arguing about a boy that they both liked and Mandy said Susie can have him I don't care.
Mandy said so what the hell's going on here I said well I guess we're busted.
I told Mandy to go downstairs or to her bedroom and we will talk about it later.
That little devilish shit ass said nope I am not going nowhere she sat in a chair at Candy's makeup table.
I said baby you don't need to see this you you need to go downstairs and watch TV.
Mandy said nope I ain't moving an inch I said listen little girl I'm about to get up and spank that butt of yours.
Mandy said oh pops you ain't big enough to spank me I said try me little girl.
The next words that came out of Mandy's mouth floored me that little shit said well go ahead and try daddy I may enjoy it.
I just shook my head and said little girl you're getting on my nerves.
Mandy said chill out old man.
I could not believe the words that were coming out of my daughter's mouth
So I said to candy well she's got us and if she wants a show I guess we'll give her one.
Candy said to me well she's got you wrapped around her damn finger and you always give in to her so it's all your fault.
I said you spoil her as much as I do.
Well we were both getting pretty turned on so we just went on like she wasn't even there.
Bully started really pumping his hips into Candy's ass you can hear his balls smacking against her tight little ass.
Candy was moaning and she kept saying yes bully drill mommy drill Mommy give me your doggy cum.
I couldn't believe the words from my girlfriend's mouth in front of her own daughter but I said I guess what the hell so I just continued I had moved to the end of the bed under Candy with my legs hanging off the back of the bed so that her nice soft tits were in my mouth her nipple was rock hard.
Mandy just sat there and watched.
My cock was in perfect view of Mandy.
I couldn't see what Mandy was doing.
Suddenly bully started to slow down until he was completely still and he started pumping his doggy

cum deep inside Candy's pussy.

Candy and bully stay tied together for at least 20 minutes while I snacked on candy hard nipples.

When bully finally pulled out you could see all his doggy cum pouring out of Candy's pussy.

I decided to get up to see what Mandy was doing and she was sitting there with her hand inside her shorts playing with herself and she had the look of lust on her face I knew she was one horny little girl that needed to get off.

I looked at Mandy and I said sweetie it's okay to masturbate because masturbation is completely normal we all do it.

When bully was done he got up and went into the corner of the bedroom and started licking and cleaning himself.

Mandy watched Bully licking himself and she made a sound of pure pleasure as her fingers brought her to an orgasm.

Candy sat on the bed facing Mandy as Mandy continued fingering herself inside her shorts.

Candy said to Mandy that her friend Jen gave bully to her for a birthday gift and that Jen had trained him to make love to women.

Mandy said I knew you were into this Mommy because I seen it on your laptop.

Candy was lost for words.

I was so turned on I didn't care anymore so laid candy down on her back on the bed and I got up between her and guided my cock right to her pussy and I started fuckin her mommy right in front of her.

Mandy moved over to the bed before she sat down she removed her shorts and her panties as I was fuckin her mommy I watched as my hot little slut fingering herself bringing herself to a orgasm again.

I so much wanted to help her out but I was scared and nervous this was my little girl and I knew it was wrong I couldn't control myself anymore and I ended up cuming deep inside mommy.

When we were done candy and I went to take a shower together and Mandy went to her room to finish herself off and then she headed for the shower in her bedroom.

When we were sitting on the couch downstairs that is when Mandy laid it on me.

Mandy said to me remember last week when I asked you if I could go to my friend's party next weekend she said you know you never did answer me well maybe you well now.

I looked over at candy and I said well what do you think and she said well I guess we have to give in to her then she looked at her daughter and said you better not drink do drugs or get in any trouble because it will be your last time you ever go to a friend's party.

What did Mandy do she gave us a smile and said I knew I would win I said damn that girl.

Like I said I love that girl and I would do anything for her but now she's going to use this to her benefit.

Yes Mandy got to go to her friend's party and she was perfectly straight to the point when she got home.

She started saying that her and Susie made up and the guy that they were fighting about wasn't worth it.

Mandy did tell me that there was a boy there that was a couple years older than her she knew him from school we asked her so what happened she came straight to the point and said that they were playing spin the bottle and the bottle pointed to him and she had to kiss him.

She said it was really a nice kiss and they danced and talked and she said that she made love to him my job dropped about to my feet.

Candy looked at me and said I knew she was sexually active she knows to stay safe I said did you guys use a condom and she said well of course daddy and I said good because I don't want some idiot to knock you up and leave you.

She said so what are you guys going to do tonight are you going to play with bully tonight I said probably not tonight.

That is when Mandy said so why don't you guys do it tonight maybe I'll stop by and watch then she

just smiled with her stupid devilish look and said well I'm going to my room see you both later before she left she said oh by the way keep your bedroom door open for me.

Candy and I looked at each other and we both kind of chuckled and I said boy she went from a brat at 2 years old to a good girl and now she's being totally devilish.

Well I don't want to make this story too long so be watching for part 3 coming soon I'm pretty sure you'll enjoy it.

please rate I appreciate all the ratings I received for part one thank you very much Mike.
