BEASTIALITY STORIES

[Back to 1st Part](#)

Candy just recently received a big promotion at work she will actually be the new CEO of the company where she works at.

She received a very large bonus and a very generously raise to go along with it.

Right before her promotion we were both searching for a much bigger house because candy and I are planning on having another kid so that Mandy has a little sister or brother.

The house that we were living in was nice but to small for a growing family.

Candy and I fell in love with a house that had 20 acres of land and the nearest neighbor you actually had to drive to their house it was that far away from our house We had so much privacy the house came with a very large tall privacy fence in the very big backyard and a swimming pool.

I told candy as long as we have a much bigger house and such a huge backyard I was going to purchase my own dog.

So we went to the nearest dog pound we looked around I felt so bad about all the dogs there it was a no-kill shelter but still I am such a dog lover I finally found the dog that I wanted.

The lady that worked at the shelter said that the dog was brought there by animal control after they made a drug bust and the lady said they weren't sure the dog's name but the dog was still pretty young.

I love German shepherds I think they're the most beautiful dog of all breeds.

Well we purchased the German Shepherd got him home and Candy was in her office doing some work that she had to get done because of her promotion.

Candy was chasing my new dog that we haven't given a name yet around and she said come here you little bastard and give me my favorite pen.

He dropped it by her foot and took off running.

Candy said he needs to be trained he's a dumbass and she walked away.

I rubbed his head and said it's okay buddy you're not dumb she's just a crab I gave him a kiss on the head and headed off doing my fixing chores.

I was fixing a broken cabinet door all of a sudden Mandy was chasing my new dog around the house I looked at them and I no said what does he have in his mouth she said she was going to take a shower and the little shit stole her silky panties.

I told Mandy to make sure that she puts her dirty panties in her hamper and close it because I said male dogs love the scent that's left behind on women's panties I said to her I have heard of some dogs ripping the crotch out.

I was able to get them from the dog and I handed them back to Mandy.

Later that night we were sitting watching TV and I said to both of them I got it I know what we can name him candy looked at me and said yeah dumbass I said don't be so cruel to him.

I said you gave me an idea when you called him a little crook I told her that you know I am such a big true crime fan from the old days and I said I think we'll name him after my favorite criminal so we will call him Dellinger AKA John Dillinger.

Candy said well I'm going to call Jan my friend and see if she can work with him like she did with bully.

Well the next day candy called her friend and her friend said that she would take him and work with him get him completely trained for us.

I was teasing Mandy I said out loud maybe Dillinger will make you his bitch.

Candy laughed and said yeah we could work with that right young lady.

I couldn't believe my ears Mandy had said sure I would love that I kind of wanted to try bully but he is so big and so rough.

Candy said yes he was really rough on me the first time but I grew to love it.

Well anyways Jan picked up Dillinger and we filled her in Jan said if you are serious sweetie you can come over to my place over the weekend and will work with him Mandy was more than happy to work with the two of them.

The weekend came Mandy was gone for the weekend with Jan and Dillinger.

Candy and I had the whole house to play around with bully we had a doggy threesome that we so much fun.

But I was already missing Dillinger I had a sad look on my face and Candy said what's wrong baby I said I missed Dillinger and my Mandy bear.

I said I really fell in love with him hard she said I know and I'm so sorry for calling him a dumbass but I was so busy getting my work done and that little prick stole my favorite pen and then on top of that he was running around the house sniffing and playing with my daughter's panties we both laughed about it and Candy said yeah he is starting to grow on me and it was only a week since we brought him home.

Mandy went away every weekend to Jen's house to work with Dillinger.

Mandy would not fill us in on how everything was going with them three all we knew is that it was going to take a while to get him trained.

Candy wanted to try him out so bad and I was really missing him I wanted him back I didn't care if he wasn't able to be trained I just wanted him back I really missed him.

Finally Jen brought him home to us and said I think he's ready.

Later that night candy had put bully outside because bully got along with Dillinger just fine but when bully would go to sniff candy's pussy bully would go after him that was his bitch and he was not going to allow another dog taking over his bitch.

Well anyways we decided to try Dillinger out.

We let Mandy start with him because she was working with him.

Mandy had him lay down on his back we were amazed he listened to her she started playing with his doggy cock it was hot as hell.

Mandy went down and started licking and kissing his doggy cock.

I couldn't believe how hot it was watching my preteen daughter servicing Dillinger's doggy cock it wasn't long and she had opened her mouth and went down and was actually giving Dillinger a blow job.

I couldn't believe how horny I was getting watching my young daughter suck on Dillinger's doggy cock.

I actually had to start to play with myself I was getting majorly turned on Candy was coaching her.

Candy grabbed ahold of Dillinger's cock and they took turns sucking his doggy cock once in a while when they would switch off they would kiss on the lips I seen some tongue action as well it was hot.

I knew Dillinger was getting close to blowing in my daughter's mouth.

I was past horny by now watching my fiance and my daughter making out and taking turns sucking my puppies cock.

I blurted out baby that is so hot I want you to suck him dry then I said I'm jealous Daddy's cock needs to be sucked next.

I didn't think Mandy heard me because she was really getting into it all a sudden I could see her jaw action as she was trying to swallow Dillinger's doggy cum it was pouring out of her mouth when she was done her and candy started making out sharing Dillinger's doggy cum with each other.

To my amazement Mandy crawled over to me grab my cock from my hand and I couldn't believe my preteen daughter went down on my cock and started licking and sucking my cock.

Mandy's mouth was well lubed from Dillinger's cum it felt totally awesome this girl really knows how to suck cock.

Let's just say I couldn't last long I ended up blowing my wad into her mouth she swallowed all my cum it was so sexy seeing my daughter looking at me with a face full of cum.

I got up and I grabbed the bottom hem of her satin pajama top over her head I was now staring at my daughter's titties they were so hot very pointy and her nipples were hard as a rock I had to suck on them I was turning her on.

Just then candy got on all fours and I couldn't believe my eyes Dillinger mounted her this was the first time Dillinger was going to fuck my fiance and I wanted it so much for her.

Candy said oh he feels so good in me then she mentioned one good thing bully's not here because if he was he would rip Dillinger a new ass hole because Dillinger is actually fuckin his doggy bitch. We both laughed and said we have to work on that because I would love to see a doggie tag team on you baby she said she would love that.

Dillinger was really going hard on candy she said oh baby I can feel his knot entering my pussy I said go for the baby let him tie you up with his sexy cock.

I thought I would return the favor to my sexy hot daughter I reached for the waistband of her satin jammy bottoms underneath her bottoms she had on a pink satin thong after I removed her Jammy bottoms I turned her around and I started licking her little tight ass with the strap of her thong going up her ass she was loving it.

I gave her one good ass cleaning I moved the thong strap out of her ass pulled it to a side and I stuck my tongue as far as I could up her ass crack.

Mandy was moaning and said that she loved it I said baby you're going to love something else I said Daddy needs it really bad.

I turned her around I grabbed the waistband of her satin thong and actually removed her panties I laid on my back and I lifted her by her little hips she was very light and I lowered her down onto my cock I couldn't believe I was now balls deep in my preteens fertile pussy.

She rode me like a professional bull rider.

I watched my daughter in total lust as she was having multi orgasms on my cock.

Her young pussy was swallowing my whole cock I was loving every minute of it.

I was thinking to myself that I better not cum because I'm actually fucking her fertile pussy bareback I love skin on skin I don't like condoms.

I looked over and I seen Dillinger starting to slow down and get still I said to Mandy check that out Dillinger's going to shoot his very first load of his doggy cum deep in mommy's pussy she said yes even if mommy didn't want his doggy cum she's got no choice he's got her tied up with his knot.

Candy said yes Dillinger fill my pussy with your doggy cum you sexy animal you.

Candy said he is such a beautiful dog isn't he I said yes he is but you think his doggy cock is beautiful as well.

Candy said yes he does but he's not quite as big as bully.

All of sudden Dillinger started pumping his doggy cum deep in his Mommy's hot wet pussy.

After Dillinger was done with candy they were ass to ass and she was waiting patiently waiting for him to pull out.

Candy looked at me and said are you getting close to cuming baby I said in half spoken words yes baby I'm getting super close that is when Candy said are you going to pull out I said I'm going to pull out and wherever I shoot is wherever I shoot because I don't know how much more I can hold on to before I start blowing cum everywhere.

Mandy said to me Daddy if you want you can cum inside me I replied by saying oh baby that would be totally wrong because you are Young and the fact that you are fertile.

Candy said oh what the hell let her have your cum I don't give a shit I want you to cum deep inside your daughter's pussy.

Then Mandy said please Daddy I want to fill you shooting inside me more than anything she kept begging me.

Well let's just say I couldn't control myself anymore I thought what the hell I'm going to give her what she wants.

So I tried to control myself for just a little longer as I pulled out of my daughter I lifted her up spun her around on her back and then I re-entered her Young fertile pussy.

I would do the same thing with her mommy because we so much want to have a second child and I want to make sure my baby makers are having free access to her womb and not running out when she gets up off of me.

Candy said oh I see what you're up to you're going to blow your wad deep inside her womb ain't you I shook my head yes let's say I was at the end of my rope I couldn't control myself anymore so I

started shooting my baby makers deep inside my daughter's fertile pussy.

When I was done and I pulled out candy told her to lay there for a while she said if you want you can lift your legs a little bit so none leaks out I said you are such a naughty girl that is when candy said well you want a baby so bad one of us will give you what you want I smiled and said I don't know about you.

After some time went on Candy said that she was still fuckin horny and she needed more doggy cock.

So I went downstairs and let bully in bully probably could smell the smell of sex he flew up them steps and before you know it bully went right for Candy he mounted her instantly and started hammering her with his doggy cock.

I looked at Mandy and I said your next you bad girl I had her get down like her mom with her hanging over the bed with her tight little ass in the air I demanded Dillinger to get behind her I couldn't believe Dillinger knew exactly what to do I was watching him as he was entering my daughters soaking wet cum filled pussy.

Mandy looked at me and said well you know Jen and I were training him she said now I know how to train dogs for this reason I said cool.

Before you know it Dillinger actually knotted my daughter.

The morning was extremely loud as candy was moaning as bully was pounding her my daughter was moaning just as well with Dillinger pounding her.

Let's just say I was extremely horny again and hard as a rock I was rubbing myself with Mandy's wet satin thong that she was wearing before I removed it from her hot body I watched as mommy and daughter are getting fucked very hard by the family dogs.

It was time for bully to start blowing his load into Candy's pussy then I noticed shortly after that Dillinger was starting to slow down I believe the dogs almost shot their loads at the same time which was extremely hot watching my two girls getting filled up by doggy cum.

I slowed down on my motion of masturbating in Mandy's panties.

When bully pulled out of candy she came over and took Mandy's panties stuck them in my mouth and said it was her time to fuck me I couldn't believe my cock had slipped out at least three or four times because Candy's pussy was soaking wet and slippery from Bully's doggy cum.

I noticed Dillinger was getting ready to pull out of my daughter's fertile pussy.

Mandy's Young pussy was dripping wet from Dillinger's doggy cum.

I picked Candy up flopped her around on her back and I did the same thing to her as I did to Mandy I didn't want any of my baby makers to escape.

After our love making that night we fell asleep in the bed I was in the middle with Candy to my left and Mandy to my right.

I woke up in the morning to Mandy sucking my cock I love being woke up like that I guess candy had told her one time that daddy likes being woke up by having his cock sucked so Mandy took it on her own all I remember is laying there half asleep and feeling my daughter's sexy mouth with sucking me like a vacuum cleaner.

I could hear her swallowing my cum I was now feeling her mouth with.

when she was done I said baby you're such a good girl she said daddy your cum is too yummy to waste I said that's what your mommy said then we fell asleep again.

Went all three of us woke we all decided to go shower and clean up.
