BEASTIALITY STORIES

Chapter One

On the outskirts of town just off route 626 the huge farmhouse stood isolated and surrounded by the yet to be harvested fields. For as far as the eye could see, Ed the Farmer's land consumed the vision. Ed, the 55 year old widower had worked the land since he was old enough to drive the plow and took over after his parents died in a road accident over 25 years ago. The lanky, tanned farmers stood over 6' 5" tall and looked much younger than his years. He was often mistaken for one of his sons; Tim, Blond husky, with thick forearms, muscular calves and rough hands the size of baseball mitts, and Buck, 27, the spittin image of his father's lanky frame, blond hair, blue eyes and thin, tall, muscular build.

Each Friday as the three men rode into town to trade and sell their produce, the men strutted through town saying their hellos and drinking a few quick beers before heading back out to the farm. the women fold wet their pants at the sight of the three men and many who had been lucky enough to get fucked by either or all of them dreamed of marriage and settling in to the farmhouse. Ed had taught the boys about sex at an early age and before long had enjoyed man sex with each of them separately and together. It was common to catch the sunrise at the farmhouse and in the still dark morning hours hear the rustling of bed covers, the screaming of bedsprings and moans of delight as the men gobbled cock and laid on their backs to get a deep ass plowin before heading to the fields. to them it was just another enjoyable part of life with each other but they were aware of the secrecy involved.

Ed's long 10" mushroom headed, uncut prick had stretched many of the town's men's holes and mouths over the years and occasionally the sheriff who Ed had known since childhood joined them in Ed's huge bedroom on cold dark nights or in the hay loft on those steaming hot summer days and nights. Buck, the oldest had been fucked by sheriff when he was still a teenager after he was caught jerking off behind city hall late one night. Sheriff took him back to the jail and after feeling the boy up, pulled his overalls down and pushing him face down onto the cot in the cell, proceeded to fuck the shit out of him. buck came back often and was good at gobbling the sheriff's prick down in one gulp. In the heat of summer, the men worked bare back in the sun and walked around the house in the nude. The cocks swinging with each step, resting on the couch cushions between spread open legs, bull balls bouncing around and hands groping a passing cock in the kitchen or sloppin off the cum on knees while one shaved in front of the mirror in the morning. Ed and the sheriff had been loving each other for years and had an unspoken but pronounced partnership. Many times the sheriff would arrive with a county prisoner in shackles and having already sexed the man up, allowed the farmers to join in for a man sex orgy that lasted till the early dawn hours.

The barrel chested sheriff could be seen patrolling the highways and parked off the road waiting for speeders. If one stopped to look closely, one would have noticed that more often than not, the huge man had his hands on someone's head pushing their face down into his crotch sucking him off. He enjoyed long sucks in the hot afternoon sun out on the road and with his teeth clinched and his shirt open massaging his huge quarter sized tits, he would hiss "suck it boy" to the transient he picked up or the quarterback of the high school football team.

Sheriff liked them old or young and enjoyed fucking them with his uncut, fat, 9" club cock. He lied to be fucked, but only by black men and the town was full of big dicked black bucks who craved the sheriff's bull round butt encased in his khaki uniform. On those nights he was not at the farmhouse, he could be found out by the railroad tracks behind town on his knees getting plowed by one or more of his obliging black men with huge horse cocks, who he opened up his puckered ass to. Big Ben, the forty five year old farmer, coal black, farmer, 6'4", married with 6 kids had a 12", fist thick black fuck

stick that the sheriff discovered when he saw him nude, cooling off in the pond one day years ago. The sheriff joined him that hot day and let Ben slide his horse meat up his ass until he almost passed out. It took a week before the sheriff could take his cock up his ass fully and even now, fights the urge to beg him to pull it out when Ben begins to fuck the sheriff on his knees in the cell or out behind the town late at night.

Ben had joined the sheriff and Ed on several occasions out at the farmhouse. The first time Ben had gone out to see Ed about buying a piece of his land. Ed could see the huge black man approaching as he stood in the hay loft. He especially noticed the log hanging down Ben's leg as he approached Ed in the cool dark cavern. Ed's cock flopped around his overalls since he didn't wear underwear as he walked up to Ben with greetings. The two men discussed their business with aching cocks and after they shook on the deal, Ed reached down and began to massage Ben's cock through the thin material of his cotton pants. "Let me suck yer dick" Ed growled in his deep voice. Moving over to the horse stall, Ed sat on the milking stool with Ben in front of him. Ed unbuckled Ben's big brass belt buckle and began sliding the pants down his tight ass and let the huge black prick pop free. "Suck it white man" Ben commanded and proceeded to slap Ed with his horse dick and spread the slimy precum juice around his face before grabbing the man by his hair and feeding that bull cock to him. Ed sitting on the stool, pants around his ankles, massaged his thick cock in one hand, and sucked Ben's dick with a hold around the base of the black man's cock with the other. The huge back dick stretched Ed's jaw's and brought tears to his eyes as he choked and gagged on the fat black dick. Ed swallowed the black man's; cock and after about 25 minutes of chewing on his dick stood up and said "let me fuck you, boy". Ben quickly dropped to his knees to get the lanky farmer's prick wet and juicy while farmer Ed looked down and watched his huge white prick slide in and out the black man's mouth. Ben turned around and standing in his mud covered construction boots placed his huge hands on the top slat of the horse stall with his glistening black ass offered to Ed. "Eat it" Ben commanded to which Ed spread the man's tight black cheeks exposing his puckered hole, Ed kissed and licked, probed, nuzzled the black ass and when it was sufficiently wet began to slide his cock up the big black man's ass. Ben let out a low moan as the white shaft invaded his hole and urged the farmer on. "Fuck me man, plow mah black ass". Ed slammed his cock in and jerked it out the black ass and lining the fat crimson head up to the black farmer's asshole slid all 10" of his fat, cowfucking, white cock up the black man's ass. Ed wrapped his strong lanky, tanned arms around the huge black man and pumped his cock deep up inside. Ed's strong hands massaged the tar black man's nipples and twisted and pinched them hard in his rough callused farmer's hands, while Ben growled and moaned in heat.

The sheriff had pulled up a while ago and used to seeing such scenes in the barn, stripped and massaged his stiff prick off to the side and watched the white farmers assault on the black farmer's ass. Walking in his size 14 mud encased cowboy boots, the sheriff moved toward to two men with his club cock swinging ahead of him. He got behind Ed's ass which plowed that club cock into Ben's ass and spreading the cheeks began to eat the sweaty musty man's hole clean. Ed pulled his cum and shit covered cock out of the black man's ass with a pop and pushing sheriff onto the straw covered floor straddled the man's chest with the slimy covered cock, dripping onto his face. Ben spread the sheriff's legs and while farmer Ed pumped the sheriff's mouth full of the cum and shit covered fuck stick which he had pulled out of the black man's ass, Ben slowly fed the sheriff lying on his back the black bull cock while he choked on the slimy dick being fucked in to his mouth. The sheriff began to pump his cock releasing the huge amounts of cum which landed everywhere while farmer Ed pumped his cum down the sheriff's throat. The black farmer shot his hot cum up the sheriff's ass and after laying around sweaty and covered with cum for awhile, the three men showered and shared a beer before heading off.

## Chapter Two

Ben had fucked around with the boys all throughout high school. The 6"4" star athlete had gained the attention of the Football coach as a freshman. Coach Tanner had spotted the hulking young man the first day on the job as the new coach when Ben strutted across the stage to accept his honor roll award in the auditorium. Coach sat in the back in his warm-up suit, spread legged and eyed the young man in his tight fitting suit pants and white shirt while his cock expanded in his musty jock strap. The next day after practice, Coach made sure Ben was the last one off the field and gave him the job of carrying the equipment in. By the time Ben got to shower, the rest of the team had gone already and in the dimly lit locker room, the coach heard the water running in the shower. Undressing in his office the coach padded towards the shower, towel flung over his broad shoulders and spotted Ben soaping up. The suds contrasted with his ebony skin and his man cock stuck out soft but firm in an arch away from his body. The coach stepped into the shower and while Ben soaped up and let the water wash the film off his body, he eyed coach with a nod and potted the horse cock hanging between the coaches muscular black thighs. Ben's cock swelled up and moved toward coach he reached out and flicked coaches right nipple which had hardened with excitement. Coach grabbed Ben by the back of the neck and pulled the man-boy toward him planting his full puffed lips against the boys mouth. Having fucked around before but never having been kissed, Ben tasted the sweet, salty taste of coach's tongue as it probed his mouth and sucked on the pink snake in a deep kiss. Embracing coach, Ben rubbed the muscular back and ran his huge hands around the mans tight round butt as he kissed back and felt the man's arms surround his body with a bear like squeeze. Moving out of the embrace Ben circled coach's right nipple with his tongue and proceeded to suck, bite and lick the man's tit as coach pressed the boys head harder onto his chest, moaning with pleasure. "Yeah, boy, work that man tit. Suck it boy, bite it harder" the coach commanded as he felt the boy's black fuck stick pressed between their bodies. Coach dropped to his knees on the tile water covered floor and grabbed the many-boys huge black prick by the root and began to lick the plum sized head dripping pre-cum. Pulling the foreskin back over the huge prick, coach nibbled then chewed the foreskin while his fist pumped the boy's meat. Even with his huge hand on the back cock there was plenty of room left, the hand barely covered half of the king sized fuck rod. Backing off the prick, coach began to jerk the boy off. "You a man" the coach grveled. Grabbing the boy by the shoulders the coach led them out of the shower room into the musty dimly lit locker room. He sat on the bench in front of the lockers and with the coach standing in front of him, reached out and grabbed the man's forearm thick black cock in his hand. Pulling the coach towards him, Ben stretched his mouth to accommodate the fist sized head and began to suck the coaches dick from top to bottom. Choking on the bull cock he looked up to the coach's face "Yeah, boy, suck that man cock" the coach commanded and Ben began to swallow the meat, gagging, with tears welling in his eyes, the coach had him by the back of his head pushing the fat cock deeper into the athlete's mouth. "Yeah baby, suck that cock". After chewing on the coach's fat horse dick for a while, with his jaws stretched and aching, Ben pulled off the cock and grabbing it by the root said to the coach "Fuck me, coach. That's what I want, man. Make me your bitch boy coach". The coach aware of his size not wanting to hurt the man-boy thought maybe not. "Fuck me now coach. I want to feel you in my ass, man. Fuck me". The coach knew if he entered slowly he could fuck the kid without ripping his ass open. Lying on his back, heavy muscular black thighs straddling the narrow bench, Ben jerked on his fat black cock as he watched the coach grease up his cow fucker. Coach straddled the bench and grabbed the athlete's ankles in his huge hands, lifting his legs up and spread out around his ears. Slowly coach rested the boys heavy calves on his broad shoulders and placed his cock to the entrance of the boys asshole. "Easy boy, I'll be easy". Coach lined up his cock head to the man-boy's puckered hole and slowly pressed his cock up against the eye of his manhood. Relaxing his ass muscles Ben winced at the pressure and moved his ass around to make the entrance easier. The moaning came out of his lips low and quiet at first and as the coach pressed the plum head in to his ass the moans became deeper. "Ooohhhh man, hoooolllll, man, aahhhh, oh man" As the coach's cock

pushed through the tight muscle guarding the athlete's manhood. "Shhhh, baby" the coach whispered into his ear, nuzzling his lobe, "relax baby, I ain't gonna hurtcha" and pressed further up the virgin hole. "Oh man, Noooo man, ahhhh,,hold up man, hold up" Coach rested his cock at that spot, the head barely inside, until Ben gave the go ahead to push deeper. Coach had all ten inches of his horse dick up Ben's ass before he knew it. Ben liked that stuffed feeling of dick up his ass and felt the weight of the coach on him. Legs spread wide, wrapped around the coaches back Ben contracted his ass muscles to squeeze the man's dick in a vice. "Yeah, man" the coach whispered, "it's yours baby. Come git it, boy". "Fuck me coach, make me your man" Ben said looking deep into the man's brown eyes. Both men drenched in a glistening sweat, dripping off their faces, down coach's back filled the locker room with sex. Coach fucked in and out of Ben's ass and massaged the man-boy's rock hard cock with his left hand while he plowed into the stretched ass, pounding it into the bench, drenched in sweat. Between clenched teeth the coach howled "I gonna cum, I'm gonna cum" and pumped his fat cock harder and faster into the athlete's begging ass-cunt. Coach shuddered as his cum shot deep into the bowels of the sweating boy beneath him and he grabbed Ben's cock harder and felt the man-boy's cum push out the dilated purple cock head, hitting him in his mouth, eyelashes, and nose, pumping his cum up watching, him buck and shake in orgasm like never before. After laying on top of the boy for a while with his softening tube of cock meat still in him, coach led the athlete back to the shower. That was the beginning of their fuck life. Sometimes the coach would grab him down in the basement boiler room and suck his dick between classes. He would pull the man-boys sweat-pants down and with the boy leaning against the row of pipes pull his fat cock out of his jock strap and chew on his cock. Be wore the jock straps coach had given him and like to keep them funky and smelly of his cum and piss. Other times they met at the coach's house or in the field house. One time Coach fucked Ben in the pool after practice. The janitor, a huge Irish man with a fat uncut cock joined in on the bleachers. Dirty Mike, the janitor like to suck on the coach's hairy bull nuts while jerking on his own fat prick til he shot off. He especially enjoyed the coach's cock right after cumming up Ben's ass and would suck it while still warm and drippin shit and cum form the fucking. After, he would suck Ben's ass and grab and play with the boys bull balls as they swayed between his legs while his ass was in the air. The three would often show up at the farmhouse together or separately and it was quite a sight to see Ben getting plowed by Buck's fat white cock while on his back, legs over Buck's shoulders, while Ed the father got fucked on his knees by coach. "Fuck me boy, make me yer fuck, man. Stick that black cock up mah ass, boy".

Chapter Three

Throughout high school, Buck had many of his friends over to spend the night. Most of the athletes were unaware of the heavy man sex goin on and limited themselves to jerking off with Buck out in the barn. On several occasions, Buck invited Bo over to spend the night but did not engage him in the sex parts of life on the farm. Bo was a quiet running back on the high school football team. The athlete stood about 5' 10" tall, with broad shoulders, narrow waist, size 13 feet and coal blackskin. Buck had often thought about his big black lips sucking on his fat white cock but did not approach Bo knowing he was deeply religious.

One summer night while Bo slept over in the same room as Buck, after everyone had gone to bed, Bo awoke to take a leak. Leaving the bedroom the black athlete carefully made his way down the darkened stairs to the bathroom. His light blue pajamas picked up the light from the t.v. set as he made his way through the livingroom to the bathroom. After relieving himself, Bo continued into the living room where Ed, the father laid sprawled out on the couch snoring while the t.v. played. In the light of the T.v., Bo could see the lanky farmer laying face up on the couch. Lying in his white boxer shorts, Ed's body stretched his full 6'5" along the couch with his arm covering his face. The tanned farmer breathed and snored in a heavy sleep. Bo felt a stirring in his crotch as he watched Buck's

father sprawled out and noticed the lump in his underwear. He could see the outline of the man's cock laying over his right thigh underneath the thin cotton boxer shorts. He thought back to earlier during the day when Ed was peeing out behind the barn and how much he wanted to see the man's cock up close. Moving towards the couch on tip toes, Bo knelt down between the man and the coffee table and making sure the man was still asleep, placed his face closer to the hidden dick. Bo could smell the man's uncut dick and weatyballs and the aroma turned him on further. Bo took his right hand and carefully placed it over the soft tube. Gently Bo moved his hand up and down the soft dick and placed his nose closer to the opening of the man's fly.oving his nose into the opening, bo pressed his nostril into the sleeping farmer's blond pubic hair and gently rubbed his face and inhaled the man's smell. Bo's own cock had started to swell and he released his cock out the pajamas. His fat black dick dripped precum onto the carpet as he inhaled the farmer's crotch. The black athlete pushed the farmer's cock gently closer to the opening and when the foreskin covered dick head was at the slit, he stuck his tongue out and licked the white dick. Bo gently nibbled the foreskin and chewed it very tenderly. The juice that covered the white man's dick collected in the folds of skin and Bo licked the salty slime with his tongue. Ed's prick had started to respond to the nibbling and Bo checked to make sure the man was still asleep. With the lengthening and fattening prick poking out the underwear, Bo looked at the white dick and noticed the veins pulsing through the dick and licked the underside of the cock as it stretched towards the sleeping farmer's stomach. Reaching inside the man's underwear, Bo lifted his bull sized hairy balls out and inhaled the sweaty, musty odor. Bo licked at the hairy balls and took one of the fat egg shaped baby makers into his mouth. Salty and full, Bo gently sucked one and then nuzzled his face into both of them until his face was covered with his own saliva. Ed's huge prick now extended up to his navel and Bo moved up to lick the head while he fondled the farmer's huge hairy ball in his hand. In the light from the t.v. Bo could see the man was still asleep though he moved from time to time as if in a pleasant dream. Bo now licked the swollen red dick head which poked out the foreskin. Kissing the crimson head of the man's dick, Bo opened his mouth and lightly chewed the pulsing dick. He gingerly put the head into his mouth and moved his tongue around the head and began to move his mouth up and down the farmer's white fuck shaft. As he increased sucking in his mouth, Bo was determined to swallow the man's cock whole and pushed his face down onto the white cock until it slid deep down the athlete's throat. That woke Ed up and keeping quiet, Ed watched his son's black friend suck and choke on his fat white cock in the light from the t.v. Shifting around and pretending sleep, Ed gave Bo better access to this cock and moved his own hand down close to Bo's black cock hanging out his pajamas. Without a sound Ed grabbed the boy's fat dick. Bo looked up, startled and caught the wink Ed gave him. "Go to it boy, suck my dick". Ed said while he began to massage the black boy's cock in his huge calloused, knarly hand. Lifting his ass off the couch, Bo slid the white farmer's underwear down and off. Ed placed his right leg onto the floor and Bo moved up closer to the white man to suck his dick better. Grabbing Bo by the back of the neck, Ed watched the black boy open his mouth and suck his dick like a bottle. Lifting his legs up, Ed presented his sweaty ass to the boy and Bo obliged by sticking his hot pink tongue up the man's asshole. Ed held the black boy's head to his asshole while he moved his ass around the boy's face. "Eat that ass boy", Ed hissed while Bo slurped and sucked and bit at the hairy white asshole. Removing his pajamas, Bo stood up and placed the head of his 10" fuck stick to the farmer's lips. Ed greedily sucked the black athlete's cock into his mouth while he jerked on his fat white cock. Bo faced the white farmer's face with his cock and pulling the fat black dick out, knelt on the couch between the outstretched farmer's legs and sucked the white cock down his throat.

Buck had come downstairs and watched his buddy suck on his father's cock while kneeling on the couch. Buck's throbbing white prick was sticking out his pajamas as he watched his father force the black athlete's mouth up and down his swollen, white cock. The room filled with the smell of seat and ass and cock cheese. Buck moved behind the black athlete sucking his father's dick and put his face to the black boy's upturned ass. Buck nuzzled the black ass and kissed and licked the boy's

but before he plunged his pin tongue up his ass. Buck licked his buddy's ass and herked on his own throbbing cock, while the kneeling athlete sucked and choled on the farmer's cock. Ed commanded to Buck "Fuck him, boy", and Buck lined up his slick precum covered cock and pushed his hard white prick into the black boy's ass. Bo jered at the intruding cock up his ass but Ed held his head down on his cock with his strong arms. Bo liked the thought of being fucked by Buck while suchin his buddy's father's cock and soon wa moving hais ass back to meet every thrust of cock Buck threw into him. Buck twsted Bo's tits in his fingers whle he fucked the black athlete and fucked him as hard as he cold. "Gimme some a that ass" Ed said and standing up, voved to the back of the couch. Buck sat on the top of the couch and with his cum, shit and piss covered white cock, watched his father sled his huge hwite famer dick up the black boy's ass. "Fuck em pa", Buck encouraged his father awhle Buck placed his shitty cock to the black athlete's lips. Bo suced the cock in fornt of him while Buck moved his head up and down the shaft until in was clean and coveed with saliva. "I'm gonna cum, shit man, I'm gonna shoot" Ed bellowed, "Yeah, pa, me too. Imma fuckin cum" cried Buck and bothof the men shot load of ot sticky cum into the servicing black boys holes.

After pullin his cock out of Bo's mouth Buck quickly got underneath the athlete and planted his mouth on the balck dick and shcked him dry while the father let his softening cock slip out the black boy's ass. Sliding down, Buck took his father's cum, shit and piss covered dick between his lips and sucked the throbbing cock clea. Ed held his muscular son's head in place and let loose a stream of hot yeally , stickypiss into his mouth. Buck drank it down without spilling a drop. All three men went upstairs.

The next morning, Bo went downstairs to take a leak. Ed was in the bathroom, nude, shaving and saw the black athlete enter the bathroom. Bo's dark skinned face was covered in dried cum. Bo look at the man and Ed planted a huge, deep kiss on the encrusted black lips and grabbed the athlete, pushing him down to his knees. "Wontcha suck ma dick again befor ya go, boy". Bo sucked the lenghening smelly, white prick woen and sucked the white farmer's prick until Ed released his hot cum into his mouth

## Chapter Four

While driving through the new development under construction on the edge of town, Sheriff Mitchell got out of the cruiser to check around. The huge red headed cop walked around to one of the housed and entering one, found to black construction workers fucking around. Walter the oldest, 35 years old, coal black skin, with a slight beer gut was standing in the unfinished bedroom with his pants around his ankles. Kevin, the younger black worker, tall, thin and lanky was on his knees sucking on Walter's fat black dick. Walter had Kevin's head in his hands and guided the beer can thick dick in and out his throat in a deep power face fuck. "Hey sheriff" Walter said while Kevin continued to suck the black cock, "Want some". Sheriff had his cock out and walked toward the huge beer gutted black man and reached into his shirt to twist his man tits. Sheriff rubbed the thick, coarse hairs on the man's chest and twisted his nipples while Kevin continued to suck and lick the rat black fuck pole. Dropping to his knees, sheriff grabbed the man's dick out of Kevin's mouth, gave Kevin a deep sloppy kiss and proceeded to suck on Walter's cock. He had sucked his cock many times and liked the fatness and heaviness of the black construction workers dick. Moving behind the sheriff, Kevin pulled the man's uniform pants down, looked at the pale freckled ass. Kevin licked the sherriff's hairy white ass and placed the head of his dick to the hole. "Go head, boy, stick that black cock on up there". Kevin spit on his hands and wet his cock. Lining up the cock head to the man's puckered hole, he pushed past the muscle and into the sheriff's tight, hot pussy hole. The long thin black pole fucked in and out the sheriff's hole. Walter looked down at the sheriff below him suckin on his dick and pumped his cock in and out. "Get ready to eat" Walter said and unloaded his thick, salty, bitter

cum into the sheriff's mouth. Kevin pumped his cock harder and deeper up the sheriff's tight ass and began to shoot his cum up the hot, grabbing man-cunt, pulling out and shooting the rest onto the freckled back. After a momentary breather, Kevin left saying he had to meet his wife. Sheriff, while pulling up his pants told Walter to meet him at his house later that night.

Walter showed up at the sheriff's house around 8:00 that night. Sheriff answered the door wearing only a graying jock strap, greeted Walter at the door and grabbing his crotch, told him to go to the basement. The dimly lit basement had a huge mattress on the floor and an assortment of dildoes, cock rings, tit clamps and manacles that they and others had used before. Dropping his sweat pants, Walter pushed the sheriff onto the mattress and straddled the sheriff's chest with his soft black cock at his lips. "Get it hard" Walter commanded and watched as the Sheriff licked and took the black cock into his mouth. Reaching around, Walter grabbed the sheriff's fat white cock and twisted and pulled his fuck stick getting it hard and fat. After getting Walter's dick hard the sheriff rolled him off and getting on his knees offered his ass to the black man. Walter pushed the sheriff's legs open and licked the white man's hairy ass. Reaching underneath the swollen white, hairy, bloated bull balls, Walter grabbed the sheriff's dick and pulled it between his legs to suck on. The huge beer gutted black man sucked on the sheriff's white engorged dick and massaged his own black fuck rod. Releasing the sheriff's cock Walter moved behind him and with out lube or warning, shoved his entire fat black horse dick into the sheriff's puckered hole. The sheriff grunted at the assault on his hole. Walter quickly pulled his shit covered dick out the begging hole and reached over to grab one of the huge black dildoes. Walter licked the head of the dildo which was twice as long as his own cock and twice as fat. Pushing the sheriff's face into the piss covered, smelly mattress, Walter rammed the fat head of the huge black dildo into the sheriff's dry asshole. The sheriff grunted as the cock invaded his hole and moved as if to get away. Grabbing the red-headed man around his waist with his huge left arm, Walter held the bucking sheriff still as he plunged and pulled the fat dildo in and out the man's ass with increasing speed and force. The sheriff covered in sweat and loving the assault on his ass by the black construction worker cried out "Fuck that ass, man. Fuck my ass you big black nigger. Make me your pussy boy. Fuck man. Take it man. Show me who's boss". The beer gutted black man slammed the whole fat rubber dick into the red-headed sheriff and after twisting it and plunging it around for a few more minutes yanked it out the man's ass. Reaching over, Walter grabbed the motor oil can, and slathered his huge ham hock fist and arm with the black goo. Slapping some of the oily goo onto the sheriff' ass, Walter slipped two of his cigar thick fingers into the pursed hole. Adding a third finger and fourth, Walter added his thumb to the well stretched asshole and firmly pushed against the protesting hole. As the black man's knuckled passed the sphincter, Sheriff's ass closed around the huge hand and Walter made fist inside the sheriff's ass and began to slide his fist further into the ass as he had done many times. before. The sheriff groaned in pain as Walter fist fucked the sheriff's ass. Walter began to move and rotate his fist faster and harder and punched the sheriff's ass with his fist harder and faster, ;punching the sheriff's bowels while he thrashed about the pissed on cum stained mattress in hot pleasure. The huge black fist punched around the inside the sheriff's hole as Walter breathed heavily, black skin glistening with sweat. Reaching around the sheriff the black man pulled the man's fat white cock. As Walter's huge black fist and arm assaulted his ass, his other fist jerked and pulled on the white cock. Sheriff's cum blasted all over the mattress and Walter could feel the spasms around his arm shoved deeply up the sheriff's asshole. Slowly the beer gutted black construction worker pulled his shit covered arm out the stretched asshole. Reaching around the sheriff Walter aligned his fat black dick to the stretched hole and put the hit covered black fist and arm to the sheriff's mouth. "Clean it off mo'fucka" Walter snapped and felt the white man's tongue lick at the shit encrusted knuckles and between his fingers. Walter began to fuck the sheriff with his fat Blake horse dick while the red-headed sheriff licked, kissed and sucked his shit covered fist. After Walter shot his stick load into the sheriff's ass, Walter placed his lips to the sheriff asshole and let the cum and shit drip into his mouth. The sheriff let go the stored up cum and shit into the sweating black man's mouth. Walter

forced the red-headed barrel chested sheriff onto his back and laid his tar black body on top of the pale freckled, muscular man. The sheriff lifted his head up and licked the remaining shit and cum out of the man's mouth in a deep kiss. The two men fell asleep like that for the rest of the night.

Chapter Five

Buck enjoyed life on the farm and could not imagine living anywhere else. The big blond farm boy had been popular in school and fucked all the girls in the senior class, anytime he wanted. Many nights he could be found in the backseat of his old Chevy with one of the cheerleaders bounding up and down on his donkey dick. He loved watching them fuck themselves on his cunt-stretcher while he sucked and played with their tits. Many nights after the fuck fest with his father, Buck awoke with his thick white cock straining at his pajamas and jerked off thinking about one or the other scenes he enjoyed.

There was the time Buck was in the horse barn and was watching the studding of one of the mares. The stallion was slipping its huge slimy cock into the cunt of the mare. Buck watched as the dick, covered in slime slipped in and out, fucking the mare like a piston. Buck's own cock was out and he pressed it up against the stall, humping it as he watched the two animals fuck. He often wondered what a cock that size would feel and taste like in his mouth or up his ass. He had carefully examined the horse's cock on numerous occasions. He would put the horse in its stall and secure the legs in restraints. Buck would pet the animal and brush its back with the stiff haired brush and gradually work his way down to the underside of the beast. Buck would gently massage the sheath where the horse cock was hidden and increase the rubbing with his huge gnarly hands. Moving from the side of the horse, Buck would get beneath the animal on his knees and get his mouth closer to the sheath opening. As he massaged the horse's still hidden cock he would get his mouth right to the opening and inhale the horse meat aroma funk that lay hidden.

At first the cock head would appear; black, slimy, shiny and the size of a man's fist, dripping oozed and smelling of raw sex. he loved the strong animal sex odor that emitted from the dick and with one hand on his own fat white cock and the other on the cock sheath, he would purse his full lips to the slimy head as it came out of the funky opening. Kissing the meat, he got the bitter, salty taste of the cock and moved his lips around the slime covered head, inhaling the animal smell and jerking on his own cock. As the massive cock continued to lengthen and come out the sheath, Buck would crawl backwards with the horse's cock head at his lips and grab hold of the dripping horse cock with both hands. The cock was slimy and his hands massaged the juicy horse cock and spread some of the funky juice onto his own prick. Buck had measured the huge horse dick before and it measured well over 20 inches in length and 8 inches around. The fat head barely fit in his mouth so he would place his spread wide lips over the head and suck as much of it as he could while he massaged and rubbed the dick hanging down from the horse. The barn would reek of the animals sex smell while Buck jerked the huge horse, slimy dick in both of his gnarly hands while he chewed, licked, sucked, kissed, and loved the fat purple head. The horse above would be moving around in excitement and Buck urged calm words up to the Beast, massaging the dick and under belly of the stud horse. "Gimme ya cum, baby" he would murmur as he sucked on the horse's slimy cock and rubbed the ooze covered dick over his face and hair, covering himself with the slimy, sticky prick juice.

One time Buck had pulled a small oak table under the horse and laying himself face down on it, was able to get close enough to work the head and about 8 inches of the horse's dick up into his ass. Having been fucked by his pa and others, his ass muscle, though still tight, could accommodate the horse dick. He had sucked the horse's dick to erection and laying down on the little table, moved his ass down a little at a time til the slime covered head of the horse's dick was at his asshole. The

muscular blond farm boy got on his knee on the table and pressed his ass up against the horse dick head. Slowly he moved his ass around the head getting the slime off and lubricating his hole, Buck gently began backing onto the fist thick head of the horses cock. It took a while and the pain seared red hot through his body. The head of the dick pressed Buck's asshole ring wider than ever. The continued the assault on his ass until the whole head of the slimy dick was inside his ass. With a deep breath the kneeling farmboy backed his ass slowly down the horses dick until he had about 8 inches of horse dick up his ass. The restraints kept the horse from shoving the whole, gigantic thing up inside him so Buck was able to let the horse shove the eight inches in and out his stretched asshole. Fuck me, oh yeah, fuck me, and yelled as the hose fucked in and out the puckered hole as Buck twisted and pinched his tits while getting his ass plowed by the horse's dick. The horse was not able to hold back and spilled its seed deep into his bowels and seared the tender ass walls. Buck could feel the hot cum gushing around his asshole and jerked himself off as the horse unloaded its seed into the kneeling, begging farm boy. It took awhile for the horse to unload all its cum and Buck would rest his head on the table as the horse spilled the copious smelly hose cum up his ass. The cum had sprayed out of Bucks ass and dripped onto the table, there was so much of it. After resting awhile, he would stand up and push his ass muscles to expel the cum from inside his hole. The gusher of horse cum, shit, and slime sprayed onto the hay covered floor like a hose. The horse always gave Buck a good ass stretchin.

The best part was sucking on the horses dick head until the horse dumped its cum into Buck's mouth. The blond farm boy would jerk the dick in both his hands and fasten his mouth to the horse's prick as it shot horse cum into his mouth. Buck would gag and choke on the horse dick swallowing as much of the slimy, smelly cum as he could, choking on the thick, slimy stuff, most of which dripped out his mouth and down his chin to cover his hairless muscular chest, arms and his prick which was straining erect and pointing towards the ceiling of the barn. Buck enjoyed the taste of the cum and sucked the horse's prick several times a month.

Buck also liked to suck Tyrone's dick. Tyrone was the mechanic in town and Buck had sucked the black man's 10 inch donkey dick many times. The short, muscular mechanic called Buck his nigga dick sucker and liked to get Buck on his knees in the stall and watch him choke on his big black dick. The black man had fucked Buck in the hayloft many times and urged the blond farmboy to swallow his whole fuck stick. "Put my huge black cock down ya throat, dick sucker". Sometimes Tyrone would be sucking on Ed's big ole white prick while choked on his fat black pole.

## **Chapter Six**

Tyrone had owned the service station for years and was the best mechanic in the county. for travelers and locals in a jam he offered his expertise and in no time had them on their way

One day an older gray haired white man pulled into Tyrone's shop. The steam rising from the hood of the gigantic Mercedes spelled trouble. Tyrone sized the man up, a city man, slightly gray, good shape, sharp suit. the man watched as Tyrone began to fix the car and paced around the garage smoking a stogie. Tyrone had his shirt off and his dark black skin shined with sweat and grease. The short muscular black man's blue work pants hung off his ass showing his crack and bunched around his soiled, ripped work boots, caked with grime. The black man grunted and strained with the car while the gray haired man watched. After a while, Tyrone came out from under the hood and watched the man go into the men's room. Tyrone wiped his grimy hands off and headed towards the stalled bathroom. When he opened up the door, the stench of the smelly room hit him like a fist. The door was closed to the stall nearest the urinal and Tyrone could hear the white man taking a shit. Tyrone, walking up to the stinking urinal, pulled out his mammoth black cock and took a leak,

looking at the man's shoes that showed beneath the stall wall. He noticed the man had leaned over and put his eye against the hole in the wall and watched him handle his black dick. Shaking the remains of piss off his dick, Tyrone faced the hole and let his dick hang out his pants. The man groaned in the stall and Tyrone walked forward, grabbing his cock in his grimy hand, whispered "you want it?". The white man stuck his pink tongue through the hole and Tyrone grabbed his fat cock and pushed it through the hole. On the other side of the hole, the gray haired man was stoking a nice cut fat cock and watched as the big black dick filled the hole and poked out towards him. Leaning forward, he sniffed the black dick and got the whiff of Tyrone's unwashed funk covered dick. He stuck his tongue out and licked the drop of precum off the purple head. Pulling the skin back on the black dick, the cocksucker opened his mouth and began to suck and kiss Tyrone's dick. "Yeah, bitch" Tyrone moaned, "Suck that dick, boy." The white man moved his lips up and down Tyrone's dick covering it in spit and kissing it, filling his mouth on the black dick while on his knees jerkin his own fat white cock. Tyrone pulled his dick out of the sucking mouth and came around to open the stall door. The white man was on his knees breathing hard covered in saliva. Tyrone stood in the door way with his fat black dick sticking straight out away from his body towards the man on his knees. The white man got back up on the reeking toilet and Tyrone moved towards him, grabbing the back of the man's neck and brought his lips down onto the black dick. Grabbing the man, Tyrone forced his cock down his throat and held his head down around his dick while he choked and gagged on the black cock down his throat. Gasping for air, the man leaned back on his haunches admiring the black man above him and the dick which bobbed in front of him. "You like that dick, dontcha white trash?" "gotcha sitting here sucking my big black dick, gitin me all hot and shit. You like that white boy?". The gray haired man, breathing hard and flushed smiled and played along. "Yeah, nigga. I like to suck big black dicks like yours. Now eat mah ass, boy!" Tyrone pulled the man up and turning him around, leaned him bent over the toilet and dropped down to smell the white ass in front of him. Hairy and tight, the white man pulled his ass cheeks apart. "Eat it nigga." and Tyrone stuck his pink tongue around the man's funky hole and began to lick the ass. Slurping and biting the white hairy ass, Tyrone jerked his own cock as he ate out the ass in his face.. "yeah boy, eat my ass, you fuckin faggot". Turning around, the man pushed Tyrone on to the dirty tiled floor on all fours. "Imma fuck you good, boy." And kissed the upturned shiny black ass. Lining his pulsing cock up with the black man's puckered asshole, Nick pushed and slammed all ten inches of club cock up the mechanic's hole. "Ahh, boss, you got a big dick, easy man! Fuck it slow, boss". Tyrone received the ass pounding, moaning on his knees on the cold tiled dirty floor of the men's room. After a short while, Nick pulled his cock out of the begging hole and turning Tyrone onto his back, straddled his massive black chest, and with his cock dripping, pushed it into Tyrone's sucking mouth. "Eat it, punk". As he slammed his cock in and out of the mechanic's mouth. The shots of cum dribbled out of Tyrone's mouth and after pulling his cock out, Nick bent down and kissed the mechanic, cleaning his mouth out of the cum and funk juice.

As it turned out, Nick was the warden up at the penitentiary. He told Tyrone how he liked to suck and fuck around with the prisoners and guards up there and invited Tyrone up sometime.
