## [Back to 1st Part](#)

Well it finally happened candy and I are expecting a new addition to our family.

Mandy is so excited she wants a little brother but Daddy wants another little girl.

Mandy said to us I'm the only Daddy's girl in this family.

Bully and Dillinger are finally getting along in the last episode we had to keep bully away from Dillinger when Dillinger was fuckin Candy and Mandy bully never allowed Dillinger to go around candy because candy was his bitch.

Well candy got her fantasy she wanted to have a threesome with both dogs while Mandy and I played together.

We sat there and watched bully take his bitch doggy slut while candy was blowing Dillinger doggy cock.

It wasn't long and Candy brought her head up to give me a kiss and her face and mouth was full of Dillinger's pre cum.

Bully knotted candy from behind and she went right back to work on Dillinger's doggy cock.

Mandy and I were playing with each other I had two fingers inside her hot preteen pussy and she was playing with my cock in her hand.

When bully finally was done he pulled out and you could see all his doggy cum pouring out of her hot pussy.

It wasn't much longer and Dillinger was blowing down her throat she swallowed all his doggy cum as fast as it was coming out.

Candy and I were kissing and I could taste my dogs cum all over her mouth and tongue she swapped a little bit of it that she had been holding in her mouth down my throat.

I said to Dillinger buddy your cum is so delicious tasting.

Dillinger was ready for candy so she positioned him behind her.

Candy raised her tiny ass in the air and let Dillinger drill his doggy cock deep into her soaking wet pussy.

Candy went down on bully and started licking the rest of his doggy cum up.

Candy is one hot bitch that loves her doggy cum it's like she can't get enough. Dillinger now had her knotted up and she was starting to blow Bully waiting to get her second blast of doggy cum in her hot mouth.

Mandy and I were so freaking hot watching Mommy get a three way with our two family dogs.

I lifted Mandy up and guided my cock to her preteen pussy.

Mandy didn't hesitate she lowered herself down until me I was now balls deep in her preteen pussy.

I love when Mandy rides me like a bronco.

She said Daddy I love your cock it feels so good inside me.

Then Mandy looked at Candy and said when I'm done with Daddy I want to have a threesome with Bully and Dillinger.

Candy said anything you want baby.

Candy was really getting into it she went right back to blowing bully waiting for his doggy cum so she could swallow his doggy cum.

Mandy was driving me nuts she was really pounding on my cock.

Mandy was telling her mommy swallow bullys doggy cum.

It was so awesome.

Dillinger started pumping his doggy cum deep inside Candy's hot well used up pussy.

Mandy was getting me super close to cuming I flipped her on her back because I wanted to fill her young fertile preteen pussy with every drop of my cum.

I said to Mandy baby daddy is going to cum right now.

Mandy just stayed still as I was pumping Daddy's fertile soldiers deep inside her fertile preteen pussy.

We just stayed in position that we were in just then bully started shooting his doggy cum in Candy's

mouth it was like we all came very close together.

When we were done we decided to take a break.

I asked Mandy if she would take the dogs outside so they could relieve themselves.

Mandy took them outside only wearing her black satin panties that were now collecting my cum from her hot preteen pussy.

We didn't mind that Mandy wasn't wearing a shirt because we have a very large tall privacy fence around the pool and backyard.

I looked out the window to see what was going on if the dogs were done relieving themselves.

Dillinger had just started peeing and to my amazement Mandy was laying on the ground and letting Dillinger piss all over her.

I told candy to come to the window as we watched our hot daughter getting soaking wet from Dillinger doggy piss.

We didn't let Mandy see us watching her but I have to say it was a major turn on it didn't take long I had thrown candy down on the bed and I started hammering her soaking wet doggy cum pussy.

I guess Mandy jumped into the pool before she brought in the dogs.

Mandy came into our bedroom with her beach towel wrapped around herself and she was watching me take messy thirds. Mandy dropped her towel and she was completely nude.

Mandy got down and let bully for the first time mount her.

See Mandy fuck's Dillinger all the time but she's never been with bully and bully is much bigger when it comes to doggy cock.

I decided to get into a 69 position with Candy and I was licking and eating bully and Dillinger's doggy cum while Candy was sucking my cock damn she sucked my cock just like she would suck the dogs cocks.

We seen that bully head tied Mandy up with his knot.

Candy told Mandy not to leave Dillinger out so Mandy started blowing Dillinger's doggy cock.

Candy and I had start fuckin again and I started blowing deep inside Candy's pussy

As time went on bully had overflowed my preteen daughters hot pussy.

Mandy was swallowing Dillinger's hot doggy cum.

When bully pulled out of Mandy's pussy.

I couldn't believe it watching my preteen daughter hornier than a mother fuck.

Mandy took Dillinger inside her right away and she kept saying fuck me Dillinger I love your doggy cock so much I

want your doggy cum inside me.

Well let's just say it wasn't much longer and Dillinger was filling her up with his doggy cum both of my girls were so used up by all three of us.

I was so proud of my girls they took all mine Dillinger's and bullies cum.

We all decided to go clean up and get ready for bed.

Mandy crawled in bed with us and once again I was the meat between both of my girls I fucked both of them before they fell asleep.

Well I had the week off work and Mandy didn't have school and she was off for the week for teachers conference.

All I know is I never got a week off for teachers conference.

Will candy was going to be busy and I asked her if it was okay if Mandy and I went up to the cabin up north to close it up for the winter and to get some fire wood that I have already chopped up prior.

Candy said sure why don't you take Dillinger with you and bully and I will stay home and I will get my work done.

Well it was time to head up to the cabin I told candy she could drive my new Dodge charger with a bad sss hemi.

I laughed and said just don't get any speeding tickets she does have a lead foot.

I was taking my pickup up as long as I was getting firewood.

We each gave candy a big hug and kiss and we headed for the cabin.

On the way up I had mentioned to Mandy you know sweetie we don't have to do that anymore. Mandy looked at me and said why don't I turn you on anymore I said it isn't that baby it's the fact that we have been lucky so far and with you not taking any protection or the fact that we both hate condoms.

Mandy had a sad look on her face and she said to me let me think about it I didn't even say another word other than just common talk.

It was starting to get dark out and we were still a good an hour from the cabin.

Mandy lifted the center column in my truck up as it goes between the bucket seats and another compartment underneath.

Mandy turned and rotated the map light right to my crotch I said what are you doing baby girl she didn't say anything then she laid her pillow on the column and she reached over and started playing with my belt and on fastened my jeans and then the zipper and moved open my fly.

Mandy started rubbing my white satin panties she squeezed my cock through my white satin panties.

I was completely rock hard in my white satin panties she started rubbing my satin cock faster and faster I couldn't believe as I was trying to keep my truck on the road she continued to masturbate me.

Mandy said to me in a sexy little voice come on Big Daddy I want to see you soak your panties.

I knew I couldn't control myself and I didn't want to go off into the ditch so we pulled into a rest stop that is about 35 minutes from our cabin.

Mandy reached in the backseat and grabbed a towel and told me to sit on it.

I didn't care if anybody seen what was going on it was dark outside but we had the map light and you could see into the truck.

There was a guy parked next to us but it looked like he was sleeping.

Mandy said Daddy should I turn off the light so if that guy wakes up he doesn't see anything I told her no leave it because I don't care I'm way too horny to care and if he wakes up we'll give him a show.

Mandy made me blow my wad into my white satin panties she rubbed me off right until the time I was done pumping my delicious cum yes I do love to taste of my very own cum.

I kicked my jeans off and toss them in the back seat.

Mandy looked at me with that devilish look of hers and said well does that answer your question I knew exactly what she meant she's still wanted to mess around with Daddy and I was loving every minute of it.

I was now sitting there in the driver's seat on a towel only wearing my white cum stained satin panties.

Before getting ready to pull out back on the road I happen to look over and the guy that was parked next to us was looking at us he could clearly see into the pickup truck as he watched us.

He was staring at us with a big smile on his face I think we turned him on.

He started his SUV and started backing out.

I started my pickup and headed out back onto the highway.

I happen to pass the gentleman that seen Mandy jacking me off he waved to us we waved back with a big smile on our face I said yep you turned him on little shit.

I said to Mandy let's stop and grab a bite to eat because we didn't have a lot of food up at the cabin because it was time to close it up for the winter.

When we pulled up to the small Cafe in town luckily it was still open for another hour.

We went inside and sat down I looked out the window and I said to Mandy oh shit that guy you turned on just pulled into the lot.

As he walked into the door he just decided to sit at the table in front of us he turned around and said hi my name is Jack and I'm not ashamed to say I seen everything that was going on inside your vehicle with a big smile on his face.

We invited him to sit with us finally the waitress came up and took our order.

I told him my name was Mike and her name was Mandy.

Jack said wow you're a very beautiful girl Mandy said thank you sir.

Then he asked her how old she was I was so fuckin nervous I thought to myself I am in so much trouble right now.

When she mentioned her age he had a gigantic smile on his face and said hey dude is she your girlfriend I didn't know what to say I could barely choke out the words as I knew I was fucked from that moment on.

I couldn't believe my ears when Mandy said to him no he's not my boyfriend he's my daddy.

Jack said so she's your daughter and I couldn't say anything I was so nervous I almost pissed myself right there.

It was like Mandy didn't care she said yes he's my daddy and I'm his daughter for real she said.

I couldn't believe my ears Jack said to me hey dude don't worry about it.

I said well she started playing with me and I was too fuckin hot to stop her.

Jack said well if she did that to me I wouldn't stop her either.

Our food showed up and we were eating and then all of a sudden he said I realized you are really nervous and scared that I will say something or turn you in.

I said yeah I am super nervous.

He threw the conversation off by saying well where are you two heading I didn't want him knowing where we were going but Mandy said we're going to our cabin he said where I was shaking my head at Mandy not to say because I didn't want him knowing where our cabin was.

Mandy told him anyways and he said really I have my motorhome at the park I believe that's right down the road from your cabin.

That is when he said I would love to stop by and chat with you guys for a little bit if you wouldn't mind he said you have no reason to be nervous or scared I will not say anything about your situation he said matter of fact I think it's kind of hot he said that he had been with his own preteen niece he said his sister doesn't know but his niece has the hots for him and they play together.

We both said that's awesome.

Well it was time to get up to the cabin and he followed us when I pulled into the lot of our cabin he pulled in behind us.

I couldn't believe my eyes as the outside intruder light went on I could see a gigantic wet spot in my jeans from my cum filled satin panties.

I tried to hide it and Mandy pulled my hand away from my soaking wet jeans and said nope bad daddy you can't hide your wet spot.

She said this weekend I'm in control.

I looked at her and said yeah right well we walked into the cabin and he sat down I looked in the refrigerator and had a few beers.

I grabbed one for him and one for myself Mandy said I want one I said yeah right she went to the fridge and said yes I'm going to have one with you guys.

Well we got talking and I started to feel a little more comfortable and didn't care anymore he was looking at my wet spot in my jeans and he said I bet she did that to you huh I said yep she did I said she masturbated me right through my underwear.

Mandy said Daddy show him I said no she said please he looked at me and said she said please I do want to see what she did to you.

I didn't want to show him even though he was turning me on because the fact that I was wearing white satin panties.

Mandy said to him he's too nervous because he thinks you're going to laugh at him so I guess I will have to show you.

I couldn't believe my ears Mandy walked up and started on fastening my jeans she told me to lift up my ass I have to say I was so turned on I didn't even care if this stranger was going to see me wearing women's satin panties.

I lifted my ass off the couch and Mandy removed my jeans leaving my white satin panties on.

Matter of fact I couldn't believe what Jack said damn I love your underwear he said do you wear them often Mandy said all the time that's all he wears he wears mine he wears my mommies and he owns his own.

Jack got up and sat on the couch next to me I couldn't believe he grabbed my cock and started rubbing it in front of Mandy.

Mandy said wow that is so hot.

Jack said to Mandy would you like to see my cock sweetie she said yes I would love to he said is it okay with you I said I guess I don't care.

He got up and he started removing his clothes when he pulled his underwear off I looked at Mandy and we couldn't believe how huge he was he had to be at least 8 to 9 in Long and at least 4 in around.

Mandy licked her lips and said wow you have a huge monster there.

Jack with one hand was rubbing me through my white cum filled satin panties and his other hand was stroking his huge cock.

Jack reached inside my panties and freed my cock he was rubbing my cock it felt amazing just then Jack said to Mandy hey sweetie why don't you suck my cock he looked at me and said can she I was so fuckin horny I didn't care I said yes I would love to see her suck on that monster.

Mandy couldn't wait to get her mouth around it I couldn't believe she went down on him he grabbed the back of her head and she was gagging on it to my amazement that little girl was a major trooper she didn't miss one beat on his cock he started rubbing my cock faster and faster as he was getting close he said don't stop little angel I'm going to blow my nut sack deep down your throat he had a hold of her head and said I'm going to force you to swallow me he said come on you hot little bitch suck my cock make me cum.

I wanted so much to blow inside his hand but I held back as much as I could because I wanted to see my hot young daughter swallow that monster.

Jack was really grunting and then all the sudden he said okay I'm getting super close he said my nutsack is aching to blow.

All the sudden he said that's it baby I'm going to cum no more than he said that I could see her Jaws as he was blowing deep inside her mouth and she was swallowing every drop.

When Mandy was done with him he let go of her head and she pulled her mouth off.

I could see Jack's cum dripping down the sides of her mouth it was like she couldn't swallow it fast enough.

Mandy said wow you cum a lot as she was wiping it off her face and into her mouth.

Jack said it had been at least 6 months since he has been with anyone because his wife left him and he hasn't seen his niece in months and that his nuts were aching to blow.

Mandy got in front of me and went down on my cock I could feel his gooey mess all over my cock and she had some left over in her mouth.

He watched her suck off my cock.

He just relaxed as he watched us it was probably like 15 minutes later I was blowing my wad in Mandy's mouth she was swallowing it as fast as I could cum.

As we looked at Jack he had a smile on his face and he was rock hard once again he said that he needed to get fucked real bad.

Jack looked at Mandy and he said hey little baby I would love for you to sit on my cock and ride me then he said come on baby give it to me I need it so bad he told her.

Mandy looked at me and I said well baby girl do you want to she shook her head yes and it didn't take more than a few minutes and she was straddling him as he guided his bare skin rock hard monster deep into my daughter's preteen pussy this was the first time I actually got to watch my daughter fuck another guy I always wanted to watch her fuck her best friend Ricky.

I started playing with myself I was still wearing my white gooey satin panties I had my cock out and was playing with myself as I watched my preteen daughter's pussy fully inhale his massive cock.

I couldn't believe it was already like 35-40 minutes and he still hasn't came.

But my little buckaroo rode him like a bronco for me.

He had her by her hips and he was guiding her up and down along the length of his massive cock.

All of a sudden Jack violently came inside my preteen daughter's pussy remind you there was no protection no condoms and she was on no birth control.

When they were done I was so fuckin horny I didn't care I decided I wanted to taste that monster in my mouth.

Without any warning I reached over placed my hand around his soaking wet cock and I went down on it I didn't care about the fact that I was sucking off another man.

He actually let me do it he had me by the back of my head and I was licking him clean all a sudden I could start to taste something salty and tart I couldn't believe what he was doing he started peeing in my mouth but I was so horny I didn't care I actually swallowed his piss Mandy was watching and she said Daddy are you swallowing his pee I shook my head yes but I continued swallowing I couldn't believe I swallowed every drop of his yellow nectar when he was done pissing in my mouth I pulled my mouth off and licked my lips I even wiped some of his piss that was on my face and licked my hand I was truly in love with the taste of his piss and cum.

Mandy said to me Daddy that was so hot I said I kind of figured you would like that she looked at me with a big surprise look I said yes baby I know you like the taste of pee she couldn't believe what I was saying she knew that I seen her drinking Dillinger doggy piss.

Mandy was turned on again so she walked over and guided my cock deep inside her preteen pussy Jack was coaching her he said hey little angel fuck your daddy fuck your daddy good let your daddy cum inside your juicy young pussy.

I looked at Jack and I couldn't believe this fuckin stud was hard again he walked up and got behind Mandy and he grabbed my head and placed it onto his monster I was loving it very much I couldn't believe how huge he was inside my mouth he grabbed a hold of my head and he violently fucked my head I mean I could barely breathe his cock was so big and I could still taste his cum and piss mixer in my mouth.

I tried to pull my head off but he refused to let go of my head by now I didn't care I was so horny I continued sucking that monster off just then Mandy started moaning and whining she said Daddy I had the biggest orgasm of my life now I want you to shoot your baby makers into my hot pussy.

I couldn't control myself I started shooting my wad deep inside by preteen daughter's pussy.

Shortly after I blew my wad I started feeling the feeling of his nut sack tighten up in my hand as I was gripping his rock hard nuts I could feel they were about to explode a hot messy tasty load just then he said okay bitch swallow me swallow every drop I will not let go until you swallow every drop you little cunt he called me.

Jack started exploding his load violently into my mouth he made me swallow every drop he almost made me gag to the point of throwing up but I kept swallowing him.

Well time went on and we were resting and he was sitting on the couch as I sat on the chair and he was making out with Mandy he had his hand inside the panties that she was wearing now.

He was whispering something in her ear and she was giggling I didn't know what they were talking about.

She had him rock hard once again I couldn't believe this guy I have to rest for at least an half hour before I'm hard again but this guy had endless hard-ons it was amazing and kind of hot.

Mandy told me to get on all fours over the couch she said she wanted to lick my ass like Mommy does no way I was I going to say no to her so I did what she asked.

Mandy got between me and started licking my ass I could feel her tongue into the crack of my ass she really was working it with her tongue she had my ass all wet with her saliva it was like she was almost spitting inside my ass crack all of a sudden she quit she got on the couch spread her legs and had me eat her dirty cum filled pussy.

I started eating her pussy it tasted so awesome I love eating her young pussy

Suddenly I felt something poking at my ass and I knew exactly what it was remind you my back door has never been opened as I am a virgin there.

Jack was trying to get that monster inside my ass I tried to move around and prevent him from ripping my ass crack.

He was a very strong man and he had a good hold of my hips and he was pushing me against his rock hard monster all of sudden I could feel the head enter my opening it hurt like hell he had his complete head of his monster in my opening all a sudden he pushed a little harder and a little more entered he stopped for a few seconds and he pulled out and spit on his hand and lubed up his cock I knew I was real fucked I knew he was going to take my virginity back there all of a sudden I could feel a wet finger enter my ass he dug around and kind of stretched me before you knew it he had three fingers inside me as he kept lubing up his fingers then he went back to lubing his cock with his saliva then he guided his cock right back at my crack he spread my ass cheeks apart as far as he could and he kept pushing and pushing and pushing until he was halfway inside me it hurt like hell all of a sudden he gave one last huge push and was now balls deep inside my ass he broke my anal ring it hurt like hell but it was starting to feel really amazingly hot he fucked me real good and then all the sudden I could feel him feeling my ass up with his hot tasty cum.

When Jack was done it was like no problem he got dressed and said he had a great time he gave me his cell number and said give him a call sometime and then he left very satisfied.

Mandy and I went to bed we didn't even clean up we were spent the next morning to my amazement I thought she would be so sore that she wouldn't fuck for a month I couldn't believe my eyes there she was on all fours and Dillinger had her knotted up and she looked at me and said hi Daddy I had so much fun last night and I woke up super horny and I didn't want to wake you up so it's Dillinger's time to fuck me.

I said that's fine baby let him finish and then we'll go get something to eat for breakfast after we clean up.

We went back to the little restaurant in town to have breakfast and Candy had called I don't hold secrets from her I thought she would be majorly pissed off about what we did so I went into the bathroom to talk to her the bathroom was empty and I filled her in on everything I was scared she would be pissed off and to my amazement candy said holy shit that sounded like a lot of fun I said you're not mad she's a nope I want to meet this guy I said well I do have his cell number and she said good will give him a call sometime.
