## BEASTIALITY STORIES

Before I tell my story, let me tell you about myself. First, the story I will tell you happened when I was 20 or 12 years ago. I was a college sophomore and, believe it or not, a virgin! Not that I wanted to be, but I had never had the chance to be anything else. I'm not ugly, but not a model either. I'm an everyday girl. I had dated some, and guys seemed to like me, but they never tried to go to the next level with me. They treated me more like one of the guys.

Back to me, I'm about 5'1" tall and weigh around 85 pounds. I do think I have pretty hair and a nice enough face. My problem begins as you drop it down. Let me say it; I have tiny tits. How small? Okay, they are 32B. I know, I know, that's little! I have heard all the jokes, so let's not go there.

My story started on a Friday evening when I got home from college. I found a note on the table telling me my parents were on a trip and wouldn't see me this trip home. Sorry, it said. As I came in, my brother was on his way out, saying hi as he passed. I asked where he was going, and he said, "See ya tomorrow."

Great, I thought. I should have just stayed on campus. It looks like it will be just me and our German shepherd, Rocky.

Later in the evening, after my shower, I put on my nightshirt, an old dad's flannel shirt. I developed a habit of sleeping in old, long-tailed flannel shirts when I was about 14. In fact, for years, that has been all I wear to bed. I sleep commando, as the guys call it.

I shoved over and snuggled in my bed with my TV on. Rocky was sleeping on the floor next to my bed. Feeling lonely, I said, "Come here, boy," and he readily leaped into my bed.

The TV was playing an old movie that I had seen. Gradually, I slipped asleep. At first, I thought I had a sex dream. I could feel myself becoming aroused. Then I awoke suddenly to find Rocky licking my pussy. I shrieked and tried pushing Rocky away. My attempt was met with an angry growl and a quick nip. It scared the living hell out of me! Rocky showed aggressive behavior some, but never at me. I froze, not knowing what to do, and Rocky continued licking. Although I was scared shitless, I was also just a little turned on. I tried again to push him away, and again, he growled a menacingly low growl.

I thought: my God, I'm being molested by my fucking dog!

As I lay there, I couldn't help but raise my hips a little. It did feel good, and I was feeling hot inside. I had experienced mini orgasms a few times while masturbating, but I had never felt what I felt now. My little nips were rock-hard. I couldn't help but moan, and then it happened. I cum harder than ever before. This seemed to send Rocky into a frenzy when he tasted me. His licking became faster, and his long tongue was stroking my ass too.

God, I was hot!

I got some pussy juice on two fingers and rubbed it on my tiny tits. I encouraged Rocky to lick them, which wasn't a problem. As he moved his hairy and heavy body on me, I felt his dick on my skin. It was long and rock-hard! No pun intended. He was becoming frantic, and so was I. His long rough tongue licked my tits until all was gone, then he moved back to my pussy. His hard dick was hanging down at least 7 or 8 inches. I didn't want to be fucked, but I knew it didn't matter because Rocky was going to fuck me whether I liked it or not.

I rolled my hips over, and Rocky growled a little, but he seemed to know what was coming.

Soon I had my elbows down on my bed and my ass and pussy in Rocky's face. He licked some more, getting my pussy and asshole. I was so hot! Then he mounted me but couldn't find my pussy while humping blind. So, I reached back and took his dick in my hand. It was hard and wet, and I could feel his heartbeat. As I held it, it even got bigger. Not longer, but thicker. He began humping my hand. I guided him toward my pussy, and after a couple of misses, he found the spot. At first, he penetrated just a couple of inches. Then he went wild! His humping was hard and fast. He was driving his dick further and further into my wet pussy.

I had seen dogs mate before and knew that they develop a knot at the base of their dicks near climax. The purpose is to hold the sperm in the female after they ejaculate. Rocky was going as fast as he could, and I knew I was close to orgasm. Then I start feeling the building of his knot. It grew fast and big. Maybe as big as an orange. It felt good and hurt at the same time. I couldn't delay any longer. I cum, and I cum hard. I'm glad no one was home to hear me scream.

At the exact moment, Rocky stopped humping. And then I felt it, stream after stream of hot doggie cum. He was filling me with it. It just kept coming. Although we were still knotted, he finally stopped. As he relaxed, he raised one leg over me, and we were ass to ass. It was maybe 15 minutes before he relaxed enough to pull his dick out.

I was raped, raped by my fucking dog, and I loved it!

I have had several men since, and even a girl named Lacy, after drinking too much one night. I still have Rocky, although he is 14 now. Occasionally Rocky will give me a lick, but no more fucking. The poor old boy can't get it up anymore. Thank goodness for little Bruno! Before Rocky passed his prime, I bred him into a good-looking bitch with the stipulation that I got the pick of the litter.

Here Bruno, come on, boy, momma going to fuck you.

*The End*
