## **INTRODUCTION**

My wife Jessie and I met during Texas State University freshman orientation in San Marcos, a mandated one day course even though we both were entering the university as sophomores, both of us having taken advanced placement classes in high school. We got engaged after just three months of dating but Jessie's parents made us wait to get married until we graduated three years later. Jessie and I graduated with not only our undergraduate but also master's degrees Summa Cum Laude!

Back in high school Jessie was very popular, the head cheerleader and voted the most beautiful. Jessie stands five feet three inches tall, long cascading blonde hair, emerald green eyes. Jessie is also a hard core fitness freak with great curves on her toned athletic body, a hard as steel taut abdomen with great washboard muscle definition! Her hips are slim, her waist small and her breasts were a slightly upturned extraordinary firm double Ds with small nipples and almost nonexistent areolas, and a cute, firm tight ass that just wouldn't quit!

During the three spring breaks during our three years at the university, twice we went to the Texas Coast and once to the Florida coast. We were both greatly annoyed by sponsors of bikini and wet t-shirts contests as well as recruiters for beer companies who repeatedly came up to Jessie to enter contests or apply as a model for beer companies.

With all this Jessie on the other hand had been very reserved sexually...

Actually she had only had sex with one guy before me and that was only one time back with her serious high school boyfriend near the end of their senior year at prom night.

After Jessie had several alcoholic drinks her boyfriend pressured Jessie into having sex, she only consented to do so because they were supposed to go to the same university together and get engaged. Sadly he lied, he was just trying to finally get into her pants and Jessie later found out he had already been accepted at another university.

Her boyfriend had popped off in his condom just trying to get the head of his dick into Jessie's very tight pussy!

They immediately broke up the following week after he started bragging to his friends that he had fucked the hottest girl in school. Jessie thought about retaliating, letting it truthfully be known that he popped off just trying to get his dick into her, that his dick was well below average in length and thickness - a real pencil dick, but Jessie was and still is not a vindictive person.

However, after Jessie and I realized how serious we were quickly becoming and knowing this was going to be a permanent FOREVER relationship, her sexual inhibitions quickly dissolved and she became a wildcat in bed!

I swear she could fuck better than any porn star I have ever watched!

Jessie even suggesting trying anal but quickly realized she would have to be quite drunk in order to take my nearly two inch thick eight inch long cock in her fabulously tight ass!

Jessie loved buying sexy "Fuck Me" lingerie to surprise me with and she shocked me greatly when one evening we drove by an Adult Megaplex in Austin and Jessie told me to turn around so we could go inside!

Damn she and I both were amazed at all the wide variety of sex toys for sale, some freakishly outrageously large! Self-thrusting dildos, anal toys, and the sex machines setup for operational display. I couldn't believe it when Jessie gave me a coy grin and selected for purchase a self-thrusting triple joy rabbit with a vibrating four-inch long beaded anal tail!

Jessie's parents were upset with her choosing to go to Texas State University instead of her mother's alma mater, Wellesley College. While we were at the university we didn't moved in together - another of her parent's stringent requirements, threatening to cut off her education funding if we got married or moved in together before we graduated.

My parents were made aware of this and thought it was pretty petty of Jessie's parents. My parents assured us they would pick up Jessie's education expenses if we did decide to move in together. However Jessie was certainly more considerate than her parents. To keep harmony between us, my parents and her parents, we kept separate living arrangements.

Her parents wasted a lot of dorm money because Jessie spent half the week at my fairly new off campus condo which was a hell of a lot better than any dorm room or apartment, and I didn't have nor want any roommates! My parents could afford to buy the condo without hardly any thought as an investment property the way real estate prices were drastically escalating in the San Marcos area.

On visits home inevitably Jessie's parents would bring up the subject of her transferring to Wellesley College. You would think her parents didn't like me, a cowboy from far West Texas and Jessie being a big city society girl from Houston, hell, her parents didn't even want to meet my parents for nearly two years and only then did they have too because we started wedding plans to be married immediately after graduation.

Boy were her parents ever surprised when Jessie announced she wanted to be married at my folk's ranch in the Davis Mountains!

Her parents wanted a high society wedding at the River Oaks Country Club, Jessie did not. She had been forced all her life to attend Houston's high society pretentious events that she never cared for. Jessie had long wanted a quiet rural life away from all the city traffic, noise and crowds and wanted a slower pace in life. Upon her first visit to the family ranch Jessie had immediately fallen in love with the ranch nestled deep in the quiet Davis Mountains with the wind sighing thru the pine trees, and she wanted a small intimate wedding.

With reluctance, Jessie's parents made a trip out to the family ranch in their Mercedes SUV. They were obviously quite shocked and surprised at how large and beautiful the ranch was! All the support structures on it built from native stone materials, the ranch having been in the family since the early 1880's, and consisted of 39,500 acres.

The ranch house is a nearly eight thousand square foot modern custom stone and timber frame with six bedrooms, a large master bath for each bedroom, with two half baths for visiting day guests.

An elaborate large custom free-form swimming pool with waterfall and swim grotto with an outdoor kitchen and BBQ grills and gas fireplace was situated on a slightly lower elevation near the ranch house, with a changing room and restroom/shower facilities.

The ranch tour of the more accessible parts of the ranch by ATV for Jessie's parents included the 200 foot long climate controlled stables that were also of timber frame and native stone construction that matched the ranch house. Entering the large stable office her parents couldn't suppress their visible amazement seeing all the blue ribbons and trophies that nearly covered one wall of the ranch's prize winning Arabian horses and Wagyu cattle. Then the tour went by the matching large custom stone and timber frame bunkhouse for the employees before taking her parents to the ranch's 2000 square foot matching stone and timber frame three bedroom guest cottage.

After seeing all this, Jessie's parents were forced to accept the fact my folks were rather quite very well off, way more than Jessie's Houston high society parents!

## **A NEW ADDITION TO THE FAMILY**

During our last year at the university I kept noticing a pregnant stray dog roaming the neighborhood. Despite repeated calls to the local animal rescue league they were unable to catch it. Feeling sorry for the dog I started leaving dog food out to befriend it so it could be eventually caught and find a home for her and her soon to be born puppies.

One evening Jessie and I were barbecuing at my condo and I went to leave some dog food behind the garage where I knew the stray had found an area to curl up in a protected area where the fence and the back of the garage met. There in the corner the stray had just had her puppies. She just laid there looking up at me with an exhausted look...

I called the rescue league and they immediately came. We blocked off the area and were able to coax her into a portable kennel with hardly any trouble after she allowed us to pick up her puppies and place them inside - except for one white and tan puppy that Jessie had immediately fell in love with.

Five weeks later we went to the animal shelter to get the puppy that we named Bandit because of his

tan mask banding across his face. We learned all the puppies have already been quickly adopted and when the momma stray quits nursing she will be spayed, and a couple already wanted to adopt her as well.

During our last year at the university, we were surprised that Bandit was growing as large as he did. His mother was a medium size dog of about fifty pounds but it appeared that Bandit would grow well beyond the size of his mother.

After graduation Jessie and I temporarily stayed in the San Marcos area for a year. The university had recruited me to do wildlife research and range management at the university's 3,485 acre Freeman Ranch. Jessie had been recruited to teach at a Montessori school. After this we had planned to move to the family ranch for me to take over the ranch operations so my parents could start to enjoy traveling more frequently.

Well Bandit's first year of life he did grow to a bigger than expected size! Heck his daddy must have been a Great Pyrenees! Bandit had a short hair coat like his momma but the white hair and size we guessed came from his sire. Bandit eventually got to a weight of 135 pounds and had a shoulder height of 32 inches, very tall and powerfully muscular.

Bandit went everywhere with us! Our camping trips, floating the San Marcos and Comal Rivers, horseback rides on the family ranch and on the Freeman Ranch, daily he went out with me to the Freeman Ranch and the kids at the Montessori school loved it when he was brought to visit.

At the condo Bandit was an inside dog, only let outside to the fence yard to take care of nature or on cool days when Jessie and I were outside relaxing or barbecuing. Unfortunately as Bandit matured he became quite nosy and a bit of an embarrassment, always greeting people by sticking his nose in crotches of people he met. Jessie's girlfriends when they came over to the condo had become quite aware of Bandit's nosy greetings, sometimes quite persistent when Bandit sensed one or more were ovulating as Jessie explained after one highly embarrassing moment with one of Jessie's girlfriends who showed up at our condo wearing a miniskirt and miniscule G-string panties. And of course this was not limited to just Jessie's girlfriends...

During Jessie's monthly ovulation cycle Bandit became quite a pest...

Jessie had learned to be careful when taking a shower or walking around nude else Bandit would try to intimately poke his nose you know where, even a few times catching Jessie unawares sneaking a lick against her nearly hairless pussy making her shriek in surprise earning Bandit a scolding!

Tired of shaving and waxing Jessie had undergone laser hair removal of her pubic area leaving just a hollowed out V design on her pubic mound - as if pointing the way to her most erogenous areas! We also learned to keep the bedroom door shut when we were having sex after Bandit tried to join in a few times!

Despite his troublesome behavior we never considered getting Bandit neutered because he had such a gentle disposition, he was never allowed to roam freely except on the family ranch and only when we were with him, and didn't want him to get overweight and sedate as neutered dogs tend to do.

## **THE UNEXPECTED EXPERIENCE**

One evening Jessie and I went out with friends for dinner and dancing. Plenty of places to go dancing in this area of Texas, especially San Marcos being a large university town.

Jessie wore a sexy white ruffle mini dress that highlighted her gorgeous toned body and beautiful face, with white silk mesh G-string panties. Despite having double D breasts, Jessie did not have to wear a bra with the dress because her breasts were so extraordinary firm! People thought she had implants! Still, she had to use double sided tape to keep her breasts from popping out from the deeply plunging dress.

Returning home from the night out Jessie was more than a bit tipsy - and horny!

She had done plenty of dirty dancing with me and with her girlfriends, and during a slow dance just before leaving the club she had groped me! During the drive home at a couple of stoplights she had given me soul-sucking deep kisses while groping me again! Heck, she gave me a leering look I had to come to know so well then she started unzipping my jeans and was going to give me a blow job but we were close to getting to the condo so she didn't but she took my hand and placed it under her short dress letting me feel how steamy hot and wet she was encouraging me to finger her!

Arriving and entering our condo Bandit eagerly greeted us - going straight for Jessie...

Forcibly poking his nose up under her dress against her scantily clad soaked open mesh panty!

Jessie drunkenly laughed and shied away from Bandit telling him what a naughty boy he was, yet Bandit persisted and kept following his nose and repeatedly pushing it into Jessie's crotch! Jessie had to continually tell him to sit and push him away. At one point Bandit almost knocked Jessie over as he went behind her and forcibly shoved his head between her legs to sniff her crotch! Jessie drunkenly yelled at Bandit to sit yet still laughing at his persistent antics.

I then remembered Jessie was ovulating, well duh, remembering then how insatiable horny my wife gets during these monthly times, and how aroused and wet she was on the way home encouraging me to finger her insanely tight pussy as we got within a couple miles of our condo. Yeah, no wonder Bandit was being more pesky than usual. I couldn't resist chuckling and jokingly stated,

"I think you have a new boyfriend!"

That earned me a half-hearted laughing slap from Jessie, who told me to take Bandit for a walk around the block to calm him down and that she would have a surprise waiting for me when we got back!

So I did as instructed and took Bandit for a walk around the block, wondering all the while what my sexually imaginative wife had come up with as a surprise, reminiscing how sexually adventurous Jessie had become once we had become engaged, all the while my thick eight-inch long cock painfully throbbed in my tight jeans with anticipation imaging my gorgeous wife and her wildly creative uninhibited sexy antics.

When Bandit and I returned, upon opening the front door there was Jessie in the main room sitting on the couch completely nude! Jessie had her legs widely spread apart, her self-thrusting triple joy rabbit with the four-inch long beaded anal tail in her happily buzzing and thrusting away!

A sci-fi porn movie was playing on our 8K UHD 120 inch television showing alien creatures ravishing women with huge cocks filling their pussies and asses up with gobs and gobs of white slimy goo - another of Jessie's sexually uninhibited transitions since we became engaged as on occasion liking to watch porn movies as part of foreplay!

Interestingly was the genre of porn genre's Jessie liked - not only conventional boy-girl porn but also girl on girl, parodies, anal porn, sci-fi fantasy porn with aliens and alien creatures, mythological porn

with fantasy creatures ravishing women - even horror porn with monsters!

Giving me a big grin Jessie drunkenly stated slurring her words,

"Sorry honey, I couldn't wait to get started! And I'm just drunk enough tonight to let you fuck my tight ass with your long wonderfully thick huge cock!

I took the leash off Bandit and let him go get a drink if he wanted. Bandit took a couple of laps of water while I was shucking my boots, pants and shirt off as quickly as I could. While I was doing so Bandit decided to check out Jessie...

Bandit walked right up to Jessie who had pulled her dildo out of her pussy and ass waiting for me to take over. Jessie started to pet Bandit and rub behind his ears but then Bandit took the opportunity to suddenly push his head and nose between Jessie's still widely spread legs pushing his nose against her bare pussy!

Jessie yelped and drunkenly laughed pushing his head away and ordered Bandit to sit but he didn't listen and started licking her pussy! Jessie tried to push him back to no avail...

I told Bandit in a loud commanding voices to sit but Bandit ignored me keeping his focus on Jessie's pussy! His large broad head between my gorgeous wife's lithe tanned legs kept her legs spread widely apart! His long powerful tongue repeatedly swiping up her pussy splitting her aroused swollen labia apart and lashing her hard, fully protruding clit over and over and over...

I just gotten my shirt off then my boots and socks and my jeans partially off just past my knees then in my haste trying to get my tight jeans fully off to pull Bandit away from Jessie I fell to the floor - tight jeans partially off, momentarily tangling my lower legs and feet!

Looking up I saw Jessie weakly trying to futile push Bandit's head away, but even more surprising I saw her physical reactions from Bandit's oral...

Jessie was biting her lip, her beautiful face was flushed, her tiny nipples diamond hard in her see-thru lingerie as her large firm double D breasts heaved with rapid respirations, and the main give way - her taut stomach muscles were fluttering like they do just prior to Jessie having an orgasm...

Bandit's tongue had her aroused!

And Jessie's arousal was clearly obviously encouraging Bandit who even as I stared forcibly pushed his nose further into her pussy vigorously licking her!

Jessie saw me on the floor, jeans tangled around my lower legs and feet staring at her and Bandit with a jaw dropping expression upon my face at the highly erotic and *very* taboo scene in front of me - and *me* not trying to stop Bandit...

"Cody..." Jessie weakly said slurring her words "make him *stop...*, *uhhh!!! stoppp...*"

Now Jessie and I were not naïve about this type of thing, hell nobody is in this day and age...

We all have had heard stories and rumors at high school and college parties bandied about by catty girls trying to embarrass other girls. As all young liberated educated women of this age with raging hormones and modern media on the internet, as I had seen more than once with my own fiancé now wife cruising the web looking for porn movies for us to watch, we had come across or been automatically redirected to bestiality websites.

Despite the highly erotic scene, I knew I would have to make Bandit stop. Bandit wasn't listening to me, yet it seemed I deliberately took my time even though I was consciously trying to hurry getting untangled and finish getting my tight jeans off to pull Bandit away. Yet while getting my jeans the rest of the way off I heard my gorgeous wife softly moan out,

*"uhhhhh, ummmm...."*

*Finally* getting my jeans off I rose up and pulled Jessie to her feet, Bandit still going after her pussy even after I help her to stand up. I pulled Jessie to me and Bandit immediately went behind her and stuck his nose between her generous thigh gap and resumed licking making Jessie again moan out as she got weak at the knees...

"Cody, please make him *stoppp*..., I can't, can't take it anymore, he's, he's going to make, make me...*ohhhh, ummmm...*"

Jessie was upset with me as Bandit continued going after her as I held her up in my arms however I couldn't deny the effect it had on me watching my intoxicated incredibly gorgeous wife being aroused by Bandit's long, powerful tongue wishing I had a tongue like that - aka Gene Simmons!

Despite my wife's prostrations she spread her legs more and tilted her cute firm ass up to Bandit's lascivious oral as her body began trembling which I well knew she was on the verge of an orgasm!

And from experience when Jessie got close to peaking any further stimulation would send her over the edge...

I countered by stating, "Honey, I don' see any harm and you seem to be enjoying it..."

Jessie blushed at that because it was very obviously true it felt good even if she didn't want to admit it.

What happened next I can scarcely believe...

I guess I had just enough to drink myself to embolden what I said next, along with my incredibly beautiful wife had just enough drinks to somewhat lower her inhibitions and her being on the verge of an orgasm as Bandit continued lavishly slaving away at her hairless cunt...

I suggested to Jessie that she lay down across the ottoman and enjoy Bandit's' tongue...

I fully expected Jessie to freak out at me over the suggestion. Expecting that green eyed witch that resided deep within my sweet oh so intelligent gorgeous wife to arise and strike me with unleashed fury! Instead Jessie stared at me..., puzzled look upon her face whether in disbelief with my absurd suggestion or something else I didn't know...

I took Jessie's hot sweaty hand and guided it across my nearly two inch thick, eight inch long throbbing cock. Jesse looked up at me and began caressing my pulsing cock, then a little drunken mischievous grin appeared upon her incredibly lovey face as Bandit had his nose back at Jessie's pussy...

I managed to get Jessie away from Bandit. Then without any further encouragement from me Jessie then knelt down on the floor and laid across the ottoman...

Jessie then beckoned me to kneel in front of her. Bandit seemed to be confused by Jessie's position at first. Jessie started sucking my cock...

Once again I was amazed how expert she had become for she had never done it before meeting me and she actually enjoyed doing it as much as I enjoyed feasting on her glorious tight pussy!

Mesmerized I stared at Bandit as he again nosed between Jessie toned tanned legs licking her upper thighs, then he began licking the open cleft of her cute tight ass! Feeling his long powerful tongue caressing her tight anus I watched incredulously as Jessie tilted her ass a bit upwards so he could easily lick her pussy and ass both, spreading her knees widely apart granting Bandit full access!

Several times Bandit licked my incredibly gorgeous wife's ass and pussy as I alternated watching Jessie blow me and Bandit licking between her widespread knees making Jessie repeatedly moan out around my cock. Then Bandit put his head across Jessie's back from the side then put his paws on her back... When Bandit did this his protruding dick slid into view...

I had heard about women having sex with dogs, hell Jessie and I both had come across those bestiality websites of women with dogs - even with horses, miniature horses and donkeys so we knew it was true, and I knew what could possibly happen with Jessie being as horny as she was with her intoxicated state and her lowered inhibitions....

Again I knew I should stop it but both Jessie and I were too aroused and certainly too drunk to stop anything!

I irrationally thought that if Jessie wanted to stop things she would, after all she did *voluntarily* kneel and laid across the ottoman and *voluntarily* allowed Bandit to start licking her again...

Bandit again repositioned himself. Jessie had stopped blowing me to check what Bandit was doing...

Bandit got down off Jessie and then got back between her widely spread legs again and resumed licking Jessie's pussy making Jessie instantly moan as she parted her knees as widely as possible. Jessie started to lick my cock, then resumed sucking me and began slowly jerking my shaft...

Bandit pushed his nose hard against Jessie's pussy. Jessie squeaked then loudly moaned desirably as Bandit continued lasciviously tonguing her pussy. I could tell she was on the verge of an orgasm, losing concentration blowing me instead concentrating on her burgeoning climax...

Since Jessie was no longer paying attention to me I moved around so I could watch the action more closely...

Bandit was pushing his nose into Jessie's pussy over and over as he continued licking deeper into her! It was quite a sight to see Bandit's big nose pushing into Jessie, spreading her swollen pussy lips open. Jessie moaning louder and louder and then she climaxed LOUDLY!

Yep! My incredibly gorgeous passionate wife is one of those women who is extremely vocal during sex, and she also becomes multi-orgasmic once she had her first orgasm so I knew with continued stimulation more climaxes were forthcoming ...

Bandit continued hungrily lapping Jessie's pussy but suddenly stopped. Bandit raised his head over Jessie's cute firm butt and then jumped up on her causing Jessie to let out a loud OOPH! as 135 pounds of dog landed on her back forcing her back to bow and her cute firm ass to further tilt up!

I watched as Bandit slowly began jabbing his protruding red rocket against the crease between Jessie's leg and her cute shapely firm ass! Jessie was still in the throes of orgasm and didn't seem to notice how intimately close his red rocket was to her pussy. Bandit continued slowly jabbing his red rocket against Jessie as he moved his feet to the right. Now Bandit's dick was slowly jabbing

between Jessie's legs..., then Bandit moved a bit forward still slowly humping, trying to find that hot tight target. Suddenly Jessie let out a Yelp and an *owww!* Bandit's dick was now poking against the tenderness around Jessie's pussy! Well this evidently made my wife aware of how dangerously close he was and in a loud panicky slurred voice said,

"Cody! Don't Let Him *FUCK* Me!

Licking Me Is One Thing But Not *FUCKING!!!!*" Jessie desperately cried out.

I ordered Bandit to sit, come, leave it, he ignored me...

I went to half-heartedly pull him off Jessie but he had his front paws tight around her slim waist!

I was in a dilemma!

I really wanted to see Bandit's dick enter Jessie's amazingly tight pussy and watch her reaction as it did so yet afraid of my wife's wrath to come if things continued. Yet as aroused as my wife was I suspected once Jessie felt that hot cock inside her she would instantly climax again and then being multi-orgasmic continue to climax unable to stop Bandit from fucking her! Then an idea popped into my head that would hopefully absolve me if things went as I hoped it would...

"Honey, I'm afraid that if I tried forcefully pulling Bandit off you he would scratch your sides with his claws and hurt you, why don't you reach under you and grab his cock to keep it from going in and let him thrust through your hand till he gets off?"

Jessie reached one arm under her and captured Bandit's cock. Still Bandit continued to slowly thrust, surprising me he didn't start furiously banging away feeling my wife's hot little hand encircling his red rocket. As Bandit continued to slowly thrust I noticed his 135 pound weight behind his thrusts was forcing my petite wife's encircling hand to repeatedly hit against her pussy, with each thrust the tip of his cock would emerge from her encircling fist the tip of his cock then grazing against Jessie's hard protruding clit, and my incredible wife feeling this, it didn't take long for Jessie to start moaning again...

I didn't know whether in her highly aroused intoxicated state my wife was fully consciously aware of what she was doing as I watched as her encircling hand kept incrementally moving a bit down, then a bit more down allowing Bandit's protruding swelling red rocket to begin sliding up through her swollen parted labia and then over her protruding clit...

As I continued watching mesmerized wondering how much further this would progress Jessie hand moved a bit more..., bringing the tip of Bandit's red rocket down even closer to her tight vaginal opening as my wife continued to let out deep pleasurable moans...

Each time Bandit would thrust the tip of his visibly swelling cock would emerge from my wife's encircling hand and slide between her swollen parted labia. Jessie's knees were widely spread apart, Bandit behind her between her legs, a lot of his weight bearing down on my beautiful wife laying across the ottoman forcing her cute ass to tilt up! As I watched, closer and closer the tip of his cock incrementally crept ever closer to my wife's insanely tight vaginal entrance! I also noticed my wife's encircling hand had become carelessly relaxed to allow *a lot* of his swelling cock to press and slide against her...

Then, for just a brief scant instant, I saw the tip of his cock just fractionally of an inch, dip into my wife's vaginal opening then just as quick come out...

Instantly Jessie moaned upon feeling the brief penetration yet I was amazed she didn't instantly jerk his cock away!

Over and over Jessie allowed just the inhuman heated tip of his cock to just barely enter her, her moans growing ever more audible with each brief shallow penetration, then Bandit began to shoot precum...

The first hot jet blasted directly against Jessie's vaginal opening instantly Jessie moaned loudly! Then the tip of Bandit's cock again briefly dipped into my wife's tight vagina directly injecting a blasting jet of hot precum up into her making Jessie moan even louder...

Bandit pulled back and thrust forward again, instantly I noticed this time about an inch of cock went into my wife making Jessie moan loud and deeply! Again he thrust more than an inch of his cock into Jessie, then pulled out then thrust in again! Jessie repeatedly allowed the tip of Bandit's dick to dip into her, each time a bit deeper I saw!

Jessie desirously moaning each time his dick slid in until eventually nearly two inches was going in and out of her! Then Bandit obviously blasted another hot jet of precum up into her as my wife suddenly climaxed!

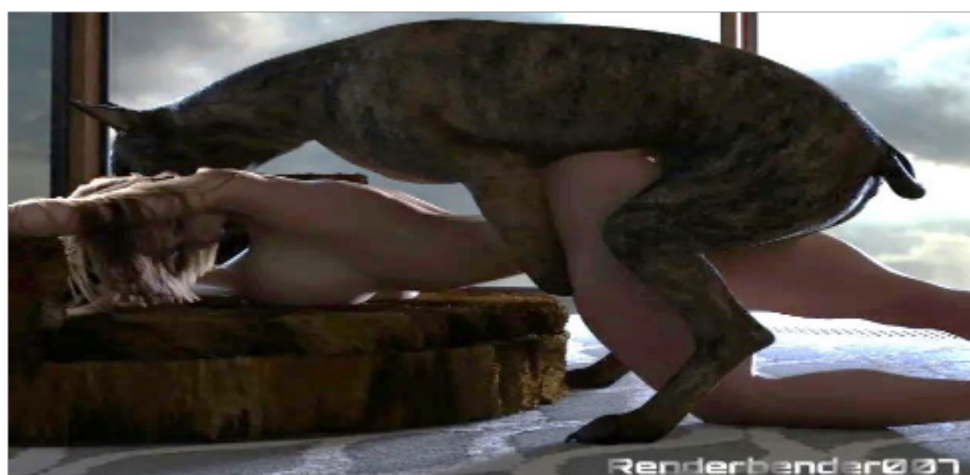

With my wife's body racking orgasm Jessie's encircling hand grew slack and Bandit's red rocket thrust forward jabbing his cock even farther into Jessie intensifying my wife's orgasm! Then I guess Bandit sensing further penetration than he had been previously allowed, he went to town...

With lighting fast jackhammer thrusts and violent frenzy Bandit began plowing the full length of his cock into my wife's insanely tight wet cunt! Jessie jerked her head up with the first full penetration letting out a loud scream!

*"NO NO NO!!! DON'T LET HIM FUCK MEEEEEE!!!"*

Jessie let out a shriek followed by a curse! Bandit's cock rhythmically hammering back and forth inside her well lubricated sex making loud slurping noises! His thrusts so powerful he was jolting Jessie and the ottoman she was laying on! Jessie began yelling at me to stop Bandit!

*STOP STOP HIMMMM!!! HE'S HE'S FUCKING MEEEEEEEE!!!!*

Then amazingly Jessie climaxed! I mean *hugely*! A body racking screaming climax! Her whole fantastic beautiful body trembled and shook like an earthquake! Her hips bucking up hard into the rampaging doggy cock reaming her amazingly tight cunt furthering penetration!

Coming off her orgasmic plateau Jessie looked at me, Her face a mixture of expressions; of disbelief, embarrassment, of *shame*...

Yet scant seconds later my incredible wife began climaxing again! Then again! Each time loudly yelling out each time an orgasm slammed through her gorgeous fit trembling body!

Stunned I watched as my gorgeous petite wife tilted her cute ass further up into Bandit's rampaging cock as he continued ravishing her tight cunt with his swelling cock as she continued climaxing!

Then Jessie started yelling "OW OW OW!" Then she screamed out,

*"DON'T LET HIM KNOT ME!"*

Too Late! Bandit slowed his humping but still kept right on humping my wife's upturned pert ass pushing and pulling her with each thrust as he repeatedly attempted to pull back as his red rocket had swelled up and I could see what looked like what could be best described as a red tennis ball just inside of Jessie's insanely tight pussy!

Jessie's cursing turned into moaning as Bandit continued with little humping motions as he ejaculated into my wife making her climax yet again! His hugely swollen knot rubbing and pressing hard against her G-spot invoking additional involuntary orgasms!

Jessie moaned louder as she drunkenly muttered, "Oh my god that's hot! He is filling me up so much!"

Amazed I watched as my wife's pussy repeatedly clenched around the deeply embedded canine cock actively *milking* it!

After several minutes Bandit pulled back a little but with a groan Jessie came with him and Bandit stopped and waited. Jessie was getting nervous and started to wiggle. Bandit moved off of Jessie's back so he had all four feet on the floor but his swollen cock remained well seated and locked into Jessie's insanely tight pussy! Jessie moaned from the Bandit's continued movements, then once again my wife climaxed! I couldn't resist...

I reached a hand underneath my wife finding her clit still hard and protruding and began rubbing her highly sensitized swollen clit...

"No Cody DON'T! Please Don't! Ah! Ahhh! You're, You're Gonna Make me.... *cummmm*...

And Cum My Incredible Wife Did!

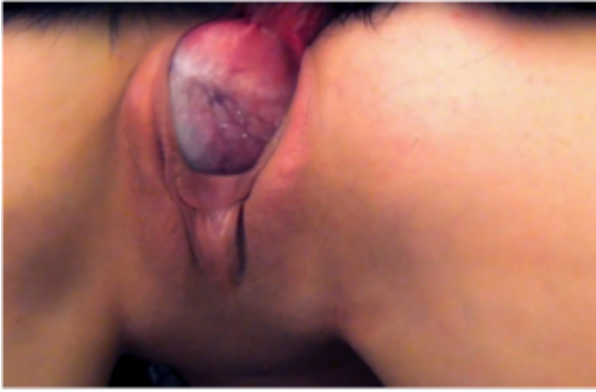

Coming off her orgasmic plateau I could see that Jessie was near tears as she groaned unsuccessfully trying to pull free, now fully aware of the *unnatural* sex she just did...

As I stroked her head I assured Jessie that Bandit's dick would shrink eventually...

It was a good ten minutes before Bandit began to finally pull free...

As Bandit began pulling his still way too swollen knot out of my wife's tight pussy Jessie began moaning, the moaning became groans as his knot began appearing, then a pained keening gasp erupted from my wife's sensuous lips as his knot momentarily got hung up partly out of Jessie's insanely tight vaginal entrance! His still too swollen knot had spread her vaginal opening obscenely! The knot wider than my own near two inch thick cock! Jessie frantically reached under her to grab

his knot to keep it inside her until it reduced in size but she was too late...

With a loud POP! Bandit's knot suddenly came free followed by a gush of watery dog cum!

Exhaustedly Jessie remained laying across the ottoman, her hand holding Bandit's cock against her, my wife's tight pussy oozing copious watery canine jizz onto the floor forming a puddle...

Then I made the mistake of looking over at Bandit, seeing what had so thoroughly ravished my petite wife's insanely tight pussy making her repeatedly have *huge* body-racking climaxes..

The ugly vein-ridged bloated redness and the still huge knot dangled garishly beneath Bandit...

Knot and all it had to be just over eight inches in length - slightly longer than my own eight inch long cock!

The still swollen knot, now down to the size of a large lemon to enable passage back out through my wife's insanely tight vaginal entrance, seemed to punctuate its sexual power...

Incredibly slammed me knowing that his knot had swollen to even larger proportions inside her to at least tennis ball size!

I couldn't even begin to understand how it was possible for my wife to even pass something the size of a large lemon thru her insanely tight, narrow vaginal opening but she had done it!

I could only rationalize it was the combination of Jessie being drunk that had allowed Bandit's still swollen too large knot to pass thru - and had allowed her inhibitions to be lowered in the first place to allow Bandit to lick then fuck her...

I couldn't help but let out a sharp intake of breath,

"Unreal..." I softly breathed...

No wonder Jessie had been loudly moaning!

Suddenly, I was jealous!

While Bandit's cock was just a bit longer than my own eight inch cock! And while my cock still had a much thicker girth than his - that blasted huge tennis ball sized knot rubbing Jessie's G-spot had caused her to erupt in one of the biggest orgasms I had ever seen a girl have!

The thought of my beautiful wife's immense ecstasy being the result of a large dog using her for sexual gratification and release was more than a bit humbling!

With that final sexual act Jessie exhaustedly passed out laying on top of the ottoman! Her knees still on the floor spread apart as copious canine spunk continued oozing out of her red ravished pussy...

But for a while now I myself have had painful raging hard on!

I looked at my wife's cute firm ass as she knelt there on her spread knees, her upper body resting on the ottoman, her cute muscular ass cheeks were openly parted and I could barely distinguish her tight anus...

Well, earlier Jessie did state I could fuck her tight ass...

Jessie became somewhat awake when I began trying to get my thick eight inch long cock into her very tight ass! Yet she began tilting her cute hard muscular ass up and she began groaning as I began slowly breaching the tight rings of her sphincters...

Jessie's groans became guttural as my cock began going into her, her groans became moans as I went ever deeper...

Jessie tilted her cute firm ass further up and then reached a hand under her and began rubbing her clit as I fucked her ass deeper and deeper!

My incredible sexy horny wife came twice more while being ass fucked then again she climaxed hard as I fully penetrated her with eight inches of cock! Her colon spasming around my cock in vise tight rippling waves up and down my thick shaft triggering my own long delayed orgasm blasting my load deep up into her! Jessie feeling my pulsating ejaculations inside her my incredible sexy gorgeous wife once again climaxed even harder making me yell out as her colon repeatedly spasmed *milking* my cock...

With that last orgasm my wife passed out...

I picked Jessie up and took her into the master bath. She came barely awake enough for us to get in the shower together. The shower had a secondary nozzle she could douche with. We got out and I dried her off and then helped her into bed where she promptly fell asleep.

## **THE NEXT MORNING...**

Jessie was unusually quiet the next morning, just answering or commenting in short sentences. Bandit kept coming over to her but she pushed him away. Finally she asked me why *I* made *her* do it...

Stunned I momentarily sat there before I could compose a reply, realizing my sweet wife was trying to put 100% of what happened on ME!

"Honey, I didn't force you to do anything!

While you were pretty drunk - you weren't that drunk! Yes, your inhibitions were lowered last night, however you and I both know on several occasions you have been a lot more intoxicated than you were last night, and you didn't do anything wild and crazy then except jump my bones and wear me out in bed!

When Bandit was licking you, you certainly seemed to be enjoying it a great deal! And you didn't put too much effort into stopping him - nor did you tell me 'No' even after I said to let him lick you some more...

And while you did ask me to not let him fuck you after he had mounted you, it was very obvious by your instant physical responsive actions and moans you greatly enjoyed feeling his thrusting cock rubbing up against your pussy and clit, and besides it was YOU who was holding his cock against your pussy!"

I then reminded her that she well knew Bandit's pesky sexual attentiveness to her and her girlfriends and why we had to start shutting the bedroom door when we had sex. That she was the one sitting on the couch using her dildo knowing we would come in.

That she was the one who voluntarily laid across the ottoman. That it was she who was holding Bandit's red rocket allowing it to rub against her pussy and clit. And that it was SHE who had moved his cock downwards to where just the tip of his cock repeatedly dipped into her letting his precum to shoot inside her pussy...

I then calmly pointed out the facts to her,

"Honey, watching what you were doing and YOU not stopping it, I rationalized that YOU could have just let him continue dry humping his cock against your pussy but YOU were the one that actually decided to let him fuck you by positioning your hand holding his cock to let the tip of his cock to barely dip in and out of you..."

*"All Right*, I confess, I shouldn't be putting all the blame on you." Jessie responded. "You know how horny I can get when I'm aroused..., I, I don't want to talk about it anymore right now. I still trying to process your role and my role in what happened..." Jessie frustratingly stated with exasperation.

Later that afternoon Jessie and I continued our delayed discussed...

"Cody, when you and Bandit came in I was already too far on the verge of having an orgasm using my dildo. Then Bandit started licking me, and it felt so damn good I couldn't stop or resist it..."

Then when he started dry humping me he was thrusting his swollen hot cock up between my parted labia and hitting my clit over and over and over further stimulating me, but when his hot precum started jetting out and hitting the entrance to my pussy, it just felt *sooo* amazing!

As his squirting tip got closer and closer to my pussy it felt even more amazing! I couldn't resist wanting to feel just the hot squirting tip in the entrance to my vagina, squirting all that liquid hotness jetting into me..."

Cody, what happened with Bandit, most people consider it not morally permissible or acceptable...

We both are highly intelligent people who graduated with our undergraduate and master's degrees in three years with honors! Yet as you and I both know there are tons of websites devoted to it on

the internet, so it must not be than *uncommon*...

I would have preferred not being under the influence of alcohol so I could have made a rational self-determination decision whether to allow it or not, instead of letting my escalated libido and lowered inhibitions decide for me...

Cody, if it matters, it could've have been one of those mechanical fucking machines doing me instead of Bandit, except a machine can last as long as I want!

While I did get incredibly fucked and had several intense orgasms, still, it wasn't human, and it wasn't you, my love...

The emotional attachment wasn't present...

What was missing was the intimate tie and the intense abiding love that exists between us that binds us so close and dear that we promised to spend the rest of our lives together and with no other!

Only you, Cody, can fully unleash my unbridled lust and passion that is reserved only for YOUR enjoyment, and it always will be, just for you, my forever love..."

## **TWO MONTHS LATER**

Jessie and I went out with friends for dinner and dancing. Jessie was again in one of her flirty teasing moods making me fantasize of what was to come once we got back to our condo! Later that night when we got back to the condo Jessie had changed into a sexy see thru robe that just barely covered her cute firm ass, then she suggested we go into the main room and watch an adult movie for some prelim.

"Okay, let me put Bandit in his kennel"

'No Cody, it's okay, leave him out..."

*Okayyy...*, my mind began swirling, pondering what she was thinking...

I went to change out of my clothes then went into the main room where Jessie was. She had just finished linking our 120 inch 8K ultra-high definition smart television to the internet in the living room and had selected a movie for us to watch. Jessie also had one of her rabbit thrusting vibrators with her...

My incredible wife is one of those who still craves more sex long after she had made me pop off despite my staying power, and she usually has two or three more orgasms with one of her dildos while I lay there recharging watching her until I can go again!

Jessie had selected a high-end European porn production with elaborate sets, costumes and special effects that obviously was expensive to produce. The movie theme was a mythological fantasy of werewolves, unicorns and centaurs ravishing maidens...

*Hmmm*, highly erotic vivid thoughts flashed through my head...

Interesting why my wife would select a movie like this...

As with the other high-end European adult movies we had previously seen, this movie's special

effects were extremely realistic as far as what werewolf canine and equine cocks look like, even though the werewolves canine penises were overly large that actually swelled in thickness and developed bulges to knot the women with! The only exception that was not realistic was the pints of artificial equine and werewolf white thick cum pouring out of the maiden's pussies and anuses but it made for extremely stimulating viewing!

We got engrossed watching the movie and playing with each other. With my fingers I brought Jessie close to climaxing then teasingly I backed off, the movie was really interesting with spectacular realistic special effects of a very explicit sexual nature!

Jessie too kept me teasingly on the verge of nearly popping off! While engrossed in the movie I once again had just brought Jessie on the edge of a climax as I was way beyond ready to jump her but then Bandit detecting the musk of a horny woman came over...

Bandit started licking Jessie upper inner thigh and I made a move to get up and put him in his kennel when Jessie stunned me by softly saying,

"I'm, I'm *not* against trying Bandit again if I can avoid some of the painful parts, that is if *you* are okay with it..."

Needless to say honestly I was shocked, not that I wasn't pleased too, besides, the movie had stirred up all kinds of fantasies imaging my wife in the movie we were watching...

Jessie slowly spread her legs wide and Bandit got between her legs...

Bandit immediately began licking then pushing his nose into Jessie's pussy!

As I sat beside Jessie and caressed her amazingly firm double D breasts and sucked on her tiny diamond hard nipples further arousing her, Jessie was cumming like crazy in no time at all! Then suddenly Bandit mounted Jessie while seated on the couch!

I moved onto the floor to get a great view of Bandit' seeking red rocket and Jessie's wet, highly aroused pussy - her labia was swollen and openly parted, her clit hard and fully protruding! Bandit humping furiously searching for that hot, ready and *willing* target!

Jessie reached down and guided Bandit' dick with her hands to her pussy. With one full thrust Bandit furiously humped his red rocket into Jessie's pussy making her cry out and arch her back inadvertently enhancing even deeper penetration!

Jessie slid herself closer to the edge of the couch putting Bandit's dick even deeper into her and enabling Bandit to fuck her better! After just a few brutal pounding thrusts Jessie climaxed hugely!

Several more thrusts I watched as the developing bump in Bandit' dick rapidly start disappearing and then reappearing in and out of Jessie's tight pussy, her pussy making loud wet squelching noises as the slowly enlarging bump went in and out growing ever larger!

Bandit was humping furiously still as the entire length of his dick was inside of my petite sexy wife! Jessie grabbed Bandit and pulled him tighter to her as her heels locked behind his thrusting hips as she started cumming again!

Jessie suddenly yelled out in a strange mixture of pain and pleasure and I looked down to see that Bandit had knotted my tight wife!

Slowly Bandit stopped humping... Jessie cried out again in pain and orgasm!

*"Oh God, I Can Feel Every Squirt!"* Jessie husked out. "Every time his cock pulses I can feel his hot cum shooting out..."

Stunned and amazed I watched as my incredible wife climaxed one after the other feeling Bandit's hot cum continued to blast into her! His huge knot tightly locked inside rubbing and pressing against her G-spot provoking more orgasms! Jessie helping by humping her pelvis up and down! I couldn't even see Bandit's tennis ball sized knot it was lodged so far inside of Jessie's tight pussy!

Jessie kept her heels locked together behind Bandit and held on to his collar until she could feel that his knot had reduced in size enough to pass through without too much discomfort, still it was almost fifteen minutes before Bandit was able to dislodge his knot from Jessie's tight pussy, and during this time Jessie experienced two orgasms sneak up on her...

Again, I couldn't help feeling a little bit jealous seeing how my wife exuberantly reacted having multiple orgasms not caused by me, and what she had been fucked and knotted with...

A minute later, Jessie sat up, and gave me one of her wonderful soul sucking deep kisses and began stroking my raging throbbing eight inch long cock. Then she turned around and knelt on the couch with her arms out bracing herself against the back of the couch. Wiggling that cute, hard as steel pert muscular ass at me she said,

"Come on Cowboy!

You get to fuck my tight ass again tonight - and I'm not all that drunk this time!"

The next few months Jessie allowed Bandit to fuck her a few more times...

Irrationally but justifiably I still got a bit jealous each time Bandit fucked her knowing his cock was fractionally just a bit longer than my own, but that blasted knot of his made Jessie have such incredible orgasms and she experienced such immense pleasure each time that I kept my trap shut.

However my resentment increased a little bit each time even though Jessie fucked me afterwards with wild uninhibited abandon. Yet I knew it was a matter of time it would eventually get to a point I would have to ask her to stop if it continued...

Luckily, I did not have to say anything. Jessie decided to stop on her own. She and I both noticed that each time Bandit fucked her he got a little bit more aggressive than the previous time. He also became even more intimately persistent with Jessie and her girlfriends when they were over, even trying to mount two of them when they were sitting down! Their laughing comments about what a real horn dog Bandit has become were perhaps worse, visibly embarrassing Jessie and I. Eventually his aggressiveness grew to a point of scaring Jessie, brutally fucking her with unrestrained bestial lust, thoroughly rampaged and ravished her tight cunt, making her cry out in pain bringing tears to her eyes.

The last time was when Bandit forcibly initiated sex...

We were on the bed and Jessie was on top of me cowgirl style riding me and Bandit jumped up on the bed and mounted Jessie. He wouldn't listen to her or my loudly repeated commands of "OFF!"

His seeking red rocket briefly found the only unoccupied area he could go and Jessie shriek with pain and fright as his cock fully thrust into her tight ass making her lurch off my cock! His next

stroke he went into pussy and he began fucking her so hard it could only be called rape!

Then Bandit knotted her..., and despite tears running down her beautiful distressed face, Jessie again couldn't help having involuntary orgasms from that blasted hugely swollen knot of his locked inside her pressing and rubbing against her G-spot.

Afterwards, Jessie said she had become afraid of his sexual aggressiveness and his single-minded brutal fucking, which was causing more pain than pleasure now, and he was no longer listening to commands when he has sex on the brain, stating,

"Cody, as an example of what happened tonight, if he went into my ass again, as powerful and aggressive and as hardheaded as he had become when he is single-mindedly solely focused on sex, you and I both would be unable to stop him before he knotted my ass! That would be extremely painful and sure to tear my anal tissues causing me to bleed when he pulls his still too swollen knot out... and what about my girlfriends when they come over or spend the night? There have already been a few way too close calls..."

That's the last time that Jessie let Bandit fuck her...

A few months later our year in San Marcos ended. As planned, we moved to the family ranch in the Davis Mountains where I took over operations allowing my parents free time to travel to dressage, hunter jumper and ranch horse competitions with their Arabian horses, and Jessie continued as an educator.

~~~~~

## **EPILOGUE**

For several years now my parents had expressed their passion for wildlife and the local area by allowing the ranch to be an outdoor classroom for other ranchers, nonprofits, local schools, state and federal conservation agencies and graduate students conducting research.

With Jessie and I moving to the ranch my parents wanted to expand into ecotourism which, among other activities would include one day horseback trail rides, and two or three overnight trail rides deep into the more rugged areas of the Davis Mountains where pine trees and Aspen trees flourish along with hidden springs.

As noted above, my parents had their hands full with the ranch operations. Jessie would take over the educational aspects of the ranch and conduct outreach while I took over the ranch operations with the cattle and horses and the breeding program freeing my parents to travel and go to cattle and horse competitions.

Before I took over as operations manager for the ranch, my parents decided that on a trial basis they would get into a very limited program of breeding miniature horses and selling semen. There was a growing demand for miniature horses for children, dressage competitions, and people wanting a horse on small acreages that would not support a full size horse, kind of like the miniature breeds of cows now in vogue.

Jessie, being a big city girl who loved camping and hiking, pretty much all outdoor sports, was not very knowledgeable about horses and she was confused about the differences between ponies and miniature horses. Of course since she had met me we have gone horseback riding many times on the ranch, to rodeos, even a multiday pack trip on horses in Colorado.

I explained to my bride "there are two main types of miniatures, the refined and sleek Arabian look and the stockier Quarter Horse look, and of course with the ranch breeding, raising and showing Arabians we kept to the refined Arabian look.

The miniature horses have the same conformation as the Arabians, it just looks like someone used a shrink ray on an Arabian and reduced it down! The 'A' division miniature horses are 34 inches or less in height, while the 'B' division allows for slightly bigger variations: 34-38 inches in height at the withers. Miniatures weigh around 150-250 pounds when fully grown." I explained.

My parents decided on three miniature mares and two miniature stallions. Of course they consulted me and Jessie beforehand. I agreed since it was going to be a limited trial basis and if unprofitable the five miniature horses could easily be sold for a profit since high quality stock was in big demand, or the ranch could keep them as pets.

The ranch has a large modernized stable complete with insulation and climate control, with a separate wash station with hot and cold water, a separate breeding station room for our existing Arabians equipped with a thickly padded rubber floor, the separate breeding room contained holding devices and breeding mounts and the room was kept antiseptically clean.

There is a large and detailed amount of work involved in cleaning and preparing horses for breeding or semen collection to prevent injury, infections or contamination, especially when semen is to be collected, preserved and shipped to other breeders.

One long weekend my parents had gone to a horse show in Santa Fe, New Mexico, and our two full-time ranch hands, both women college graduates in their late twenties (and very attractive!) were also away for the three day weekend.

As we and a lot of other ranchers have found out, cowgirls made for more reliable employees than men in the ranching profession and were just as capable as men and were more conscientious! Dad paid them well, having starting them off at \$53,750 dollars a year each, with annual raises dependent on the ranch profits which was always very good even in drought conditions, plus provided good insurance, retirement, and lodging on the ranch with a stipend for groceries, or they could choose to eat with the family as often as they liked.

Upon leaving Dad had instructed me to make sure one of the miniature horse stallions, Turbo, was looking his best as a potential client was coming early the following week to check his qualifications and conformation in person. Jessie volunteered to bath and groom Turbo knowing I already had a pretty full workload tending to the stock.

I went down to the barn to load range cubes into the truck for the horses out in the pastures. Jessie was already there giving Turbo his weekly bath. When I walked in the stables Jessie had Turbo in the bath stall with the thick rubber floor mat so the horses and now Turbo could not slip when getting bathed and groomed.

It was a hot day, in the 90's, and Jessie was wearing old loose-fitting low-rise three button faded hip hugger Daisy Duke denim cutoffs that sat well below her hips, they were cut so short they allowed her curvaceous firm cute ass cheeks to peek out!

Jessie was also wearing a cropped white tee-shirt that just barely came below her extraordinarily firm busty double D breasts! Her tee-shirt was wet and had become translucent hugging and conforming to the contours of her firm DD breasts leaving nothing to the imagination!

I was not surprised by Jessie's attire...

When my parents and the ranch hands were away for the day or the weekend, Jessie would wear sexy things like this to get me stirred up, which included wearing miniscule Wicked Weasel micro bikinis at the pool or in the hot tub, leaving tiny sexy tan lines on her gorgeous athletic and marvelously toned body!

Jessie bent over, I did not know where to direct my attention – the generous expanse of Jessie’s small extremely firm bare ass cheeks peeking out from her shorty short cutoffs or the bottom swell of her amazingly firm breasts!

Jessie’s teeny wet tee-shirt and her extremely worn hip hugger low-rise daisy duke cutoffs allowed an extremely generous amount of tanned bare skin to be exposed, showing Jessie’s hard, ripped and shredded midriff and her lower abdomen with its equally well-defined muscle definition!

Silently I wondered how those cut-off jean shorts managed to stay up!

More than once I thought to myself there isn’t a wet tee shirt contest anywhere in the world that Jessie would not win let alone a beauty pageant!

I felt a definite stirring in my pants as I watched her full very firm up-thrust voluptuous unfettered breasts slowly shift repeatedly with her exertions bathing Turbo, Jessie’s small diamond hard nipples looked like they would cut thru the thin wet fabric of her tee-shirt!

I noticed the top button of her three-button low-rise cutoff shorts was unfastened, and the top of Jessie’s shorts were parted in a wide V. For a moment Jessie stood straight up and stretched out a kink. I watched as a long thick trickle of soapy water ran down from between her breasts, down her hard flat abdomen, then disappear into the V of her partially unbuttoned cutoff shorts...

Jessie saw me looking at her and gave me a grin. Then she turned that sexy cute firm tight ass toward me and slowly bent over with her legs spread apart to soap up the sponge from the wash bucket. Her loose fitting Daisy Dukes cut up into her and a generous amount of her bare firm ass cheeks showed clearly, more than a hint of her bare hairless labia revealed Jessie was not wearing any panties underneath...

Jessie proceeded to wash Turbo’s belly then his penis sheath causing Turbo to instinctively begin to drop his penis, then Jessie rinsed the sponge and resoaked it and began washing Turbo’s semi-flaccid light pink penis, which quickly began being not so flaccid...

“Be careful Jessie, you’re giving him an erection...” I told her.

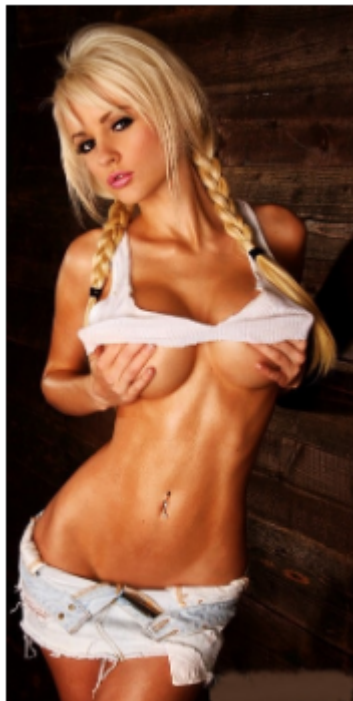

In a husky sexy voice Jessie replied,

“Hey cowboy!

How about coming over here and giving me a hand...”

As I walked over to Jessie, she looked at me with a gleam in her eye and a saucy smile upon her lips that I have learned so well that a surprise is forthcoming...

As I walked over to Jessie she gave me a sexy coquettish come hither look as she slowly raised her hands up her flat stomach, then under the curve of her breasts, tantalizingly she then hesitated briefly holding those astoundingly firm double D breasts that she so loved having me suck and lightly pinch...

Jessie then slowly pulled off her wet tee-shirt freeing her firm bountiful breasts, then Jessie unbuttoned the remaining two buttons of her Daisy Dukes and she slid them down, her slim, lithe hips squirming and her shapely tight cute ass wriggling, then she skimmed off her cutoff daisy dukes and stepped out of them...

I stared at my petite five foot three inch sexy wife in all her nude glory!

Tiny tan lines enhancing her incredible sex appeal as Jessie reached down and picked up a plastic bottle. At first, I thought it was horse shampoo but then I recognized it as a bottle of Bad Dragon lube...

"You're not thinking...." My words died out...

With a twinkle in her eye and a quirky smile Jessie responded,

"Why not? It would be lots of fun trying - if it is okay with you!

After all, while Turbo's cock is only about four inches longer than your own wonderful eight inch long cock, his shaft is nearly as thick as your own wonderful thick cock!

Jessie rocked me back in my tracks with her statement - the sudden erotic visualization of it!

I thought seeing Jessie getting fucked by Bandit was an erotic dream fantasy come true but this would be absolutely mind blowing!

My incredibly sexy wife - one of the world's most beautiful women...

Getting Fucked By A Miniature Horse!!!

My mind reeled with the possible erotic images as my cock suddenly surged in my pants!

Then I sobered up as I realized it was probably an impossibility...

"Jessie honey, that would be the hottest, wildest most erotic thing I could ever imagine or wish to see! But you are way too tight! You can barely handle me!

The head of Turbo's cock, while spongy and pliable, is slightly broader than the head of my cock, and your vaginal entrance and your vagina is super tight! You have a hard time just getting me into you!

Then when a miniature horse starts fucking, their cock will swell to a comparable girth as I am, and you can't forget the head of their cock! Just before a horse ejaculates his cock head will suddenly flare to three times its normal size ensuring all their copious ejaculation is *forced* up into the uterus..." I cautioned.

"Cody, after the second time with Bandit, you and I watched some videos of women fucking large dogs, small donkeys, ponies and even horses the size of Arabians..." Jessie sultrily stated,

"and they sure seemed to enjoy it..." she added.

"But still, Jessie, your vagina is abnormally tight! Much, much tighter than most women..." I replied.

Jessie sexily grinned at me as I stared at her exquisite perfect nude wet form as she responded,

"Well honey, I can manage - just barely!, your unnaturally, overly large nearly six inch girth and eight-inch length and what we've seen on those websites with women fairly easily handling a mini stallion fucking them, I might be able too!

Just once I would like to try..."

"So, dearest studly husband and most wonderful lover, are you going to help me???" Jessie coyly asked as she squirted some Bad Dragon lube in her hand and started playing with herself...

A could see a bright gleam of anticipation sparkling in Jessie's eyes as she mischievously looked at me and added,

"Even if I can't get his cock in, it still will be soooo much fun trying!

Think how horny you will be watching me trying!

How incredibly hot and aroused I will be to be fucked, HARD!

Right Here! BY YOU!

I bet that even if I can't get his cock in, if I can just get Turbo to ejaculate against my pussy,

It would feel so incredibly sensual having him explode a huge load against and up into my pussy!

Cody, I'm insanely horny and really curious to feel and see how much he could shoot up inside me!"

Then Jessie gave me a saucy grin and added,

"And from what I see happening from that anaconda of yours snaking around in your tight jeans, you are silently acquisitioning to what I want to try!"

There was no denying that I had developed a painful raging erection!

Watching my incredibly sexy wife saying all this while she was playing with herself, I could see her smooth hairless labia already quite swollen, as was her clit, also swollen and fully protruding from her ministrations as Jessie alternated playing with her clit and thrusting a lubricated finger in and out of her marvelously tight pussy!

“Okay honey, if you really want to try...” I said. “You can rub the head of his cock against you till you’re ready to fuck me...”

With a coy seductive sexy look Jessie knelt on her knees and applied a generous amount of Bad Dragon lube to her hand and began thoroughly and thickly coating Turbo’s semi-flaccid erection, quickly getting his cock to its full twelve-inch erection...

Then Jessie squirted more Bad Dragon lube onto her hand and smeared it on her pussy...

As if in a dream, I watch Jessie get on all fours and crept under Turbo, Jessie positioning herself under him...

Kneeling further, Jessie placed her head and chest down, her knees spread widely apart, her cute firm ass tilted up high, naturally spreading her cute firm ass cheeks apart fully exposing her highly aroused swollen sex...

Bad Dragon cum lube was hanging in thick white sticky strands from her highly aroused pussy...

Jessie reached under between her widely spread knees for Turbo’s thick, long erection and began rubbing the head of his broad cock through her swollen openly parted slick labia...

Up and down, up and down Jessie rubbed his broad glans through the open furrow of her slick swollen labia and over her swollen, protruding clit, over and over...

Then Jessie began closing her eyes, moaning, as she began centering his head against her insanely tight vaginal opening, intense concentration developing on her face as she began pushing herself against the broad head of his cock...

Jessie’s swollen labia were spread wide as she pushed against the broad tip of Turbo’s swelling cock. Her taut flat belly heaved as every muscle in her slim athletic body stretched and tensed as Jessie continued to push the broad head of his cock against her valiantly resisting pussy as she jacked his cock trying to get the mini stallion to cum.

Turbo began little humping motions..., Jessie’s mouth opened as soft cries of ecstasy began escaping from my incredibly beautiful sexy wife as the broad, yet pliant head of his cock actually began moments later incrementally entering her abnormally tight vaginal entrance!

With loud lustful moans, Jessie began bucking her hips further facilitating penetration...

“OHHHHHH!” Jessie cried out!

Her taut, lithe body began shaking mightily as she felt the bulbous tip forcing itself into her abnormally tight clenching pussy!

I could easily tell when the broad pliant head of Turbo’s cock fully breached Jessie’s insanely tight vaginal entrance after the muscles ringing her pussy collapsed surrendering to the huge cock’s

immense pressure!

Jessie's mouth had suddenly opened in a wide silent 'O' and her bright emerald green eyes grew incredibly wide! As his cockhead fully entered and slowly disappeared into her Jessie her pussy lips clamped around his swelling cock shaft behind the buried broad head, clinging and clutching his shaft in a taut collar! His thickening shaft stretching her outer labia lips pushing them apart, forcing them into a wide oval!

**"UHHHHHHH!"** Jessie groaned.

Turbo Was Actually In Her!

Jessie's eyelids fluttered open as she spread her knees as far apart as she could in a futile attempt to ease the massive pressure she was feeling within her tight pussy.

Then Turbo slowly began to fuck...

Jessie loudly groaned again as the mini stallion's swollen cock began incrementally sliding into her tight pussy inch by slow inch...

At first the fit was too snug...

When Turbo drew back preparing for another gentle slow thrust, instead of his cock sliding out, despite all the Bad Dragon lube, his cock pulled Jessie back a bit making Jessie grab his front legs! Slowly, the huge cock slid out of her, until only the fat cock head was still stuck up just inside the entrance of Jessie's abnormally tight pussy!

Then Turbo slowly fucked in again, burying three inches of his twelve inch long cock into her. With each successive thrust he slowly buried a bit more of his cock into her! Jessie's pussy started to cream with each successive thrust...

Turbo took another stroke. His huge cock began fucking in and out more easily making Jessie gasp in gulps of air! My wife's nostrils were flaring, her eyes wide while that huge twelve inch long mini-stallion cock thrust ever deeper into her! Jessie's eye had a wild look in them while her cheeks and the rest of her sexy body flushed red with the beginnings of Turbo's hard fucking...

Jessie's lean, lithe athletic body was bucking and hunching now against his thrusting cock! Jerking backwards! Feeding her tight pussy to the fucking mini-stallion as he began driving into her! They began to fuck each other furiously!

My wife's extra firm double D breasts jolting in short arcs! My incredible sexy wife came once in a screaming orgasm, then again, immediately!

Jessie was being tilted and lifted on his huge swollen cock as the mini stallion fucked her! Her hips and cute ass lifted off her knees with each hard brutal thrust! Jessie cried out and whimpered as she pumped her heated loins wildly on that long twelve-inch rock-hard cock as she fucked his massive cock with frenzied twists of her slim athletic hips and upward thrusts of her tight cute ass!

My wife's incredibly tight pussy was generating copious lubrication as the long, thick equine cock brutally pumped in and out of her, a white froth foaming and dripping from her pussy.

Turbo's powerful flanks thrust in and his haunches bucked! Fucking his twelve-inch long cock into the halfway mark! Pulling his cock out slathered with my wife's frothy pussy lubrication and Bad Dragon cum lube then burying his cock head again and again over and over!

Turbo rammed himself into Jessie with an unmatched brutal force by either me or Bandit!

Despite the bestial brutality of being fucked, having six to eight inches at a time slammed into her with thrusts that lifted her elevated hips upwards with each thrust, Jessie was emitting a loud *UMPH* with each inward thrust! There was no denying my gorgeous sexy wife was immensely enjoying being fucked hard by the mini stallion! Her breath was now coming in short bursts as each thrust hammered her overly stretched tight pussy as Jessie came in a succession of loud screaming body racking orgasms that spurred her on to fuck even harder to intensify her climaxes!!!

This was no quick 30 second horse fuck!

As with the rest of the Arabian stud stallions on the ranch, Turbo was a stud mini stallion and frequently has his semen collected one to two times a week so he had staying power!

Jessie's brutal fucking by Turbo had been going on for at least three minutes when Jessie began emitting guttural yet lustful sounds that quickly built in volume as the force of the mini-stallions pace increased heralding that Turbo was fixing to unload!

The mini stallion was now fucking eight inches of his thickly swollen twelve inch long cock into my wife's insanely tight pussy! Jessie could not take any more in having been accustomed to my eight inch long cock!

Jessie's eyes had become glazed over, rolling around in her head. Sweat streamed freely from her

forehead and her body as she slid her tightly clenching pussy up and down the Turbo's thick stiff, throbbing rod meeting each thrust!

Suddenly Jessie screamed loudly!

Her green eyes grew huge as the head of Turbo's cock massively flared three times its normal size as he held eight inches of his swollen thick cock deep within my lovely sexy wife! Then Turbo explosively unleashed a torrent of hot copious equine cum deep within her making Jessie scream yet again as her taut lithe body shuddered with a massive orgasm!

Despite Jessie expecting the flare followed immediately by Turbo's ejaculation, it obviously caught Jessie unprepared for the amount of equine semen being explosively *forced* up into her nor the intensity of the massive climax that overtook her! Jessie's entire lower body tensed up! She shivered, shook, and loudly screamed in ecstasy from the force of her release as it burned through her trim, athletic lithe form!

I watched Jessie's vagina powerfully convulsing in contractions as it *milked* his throbbing pulsing cock as his huge nut sack emptied! The mini-stallions cock bobbing up and down repeatedly lifting Jessie up off her knees, then dipping down again - Jessie riding that huge embedded cock as if it were a seesaw!

As Jessie's scream faded to whimpers Jessie folded to the padded floor panting hard, her hips held high up by Turbo's flared cock still impaling her!

I watched mesmerized as Jessie's powerful vaginal muscles repeatedly clenched and re-clenched the massive cock! Her pussy still actively *milking* it of every drop! Her vulva pulsating powerfully around the thickly swollen equine shaft that was buried in it; with each milking contraction her vulva gripped and slid in and then slide out around the shaft, sucked in and then slid out, sucked in and then slid out, over and over again!

Kneeling there on the floor, my wife with her cute firm ass still held up by Turbo's cock, Jessie was in a mixed state of exhaustion and sexual overload covered in sweat! Finally Jessie laid still, breathing heavily, that is, until Turbo started extracting eight inches of deeply embedded cock...

The mini-stallions cock began slipping from Jessie's thoroughly ravished pussy...

His still immensely swollen cock slowly, sinuously, began snaking out of Jessie's tight pussy...

Inch after slow thick inch slowly emerging from my wife's abnormally tight vaginal sheath until just the still hugely flared penis head remaining embedded in Jessie's abnormally tight pussy...

Turbo tugged backwards raising Jessie's pelvis higher and keeping it held up, then the hugely flared head began incrementally easing out of Jessie's insanely tight vaginal entrance...

First one edge of his flared pliable glans slowly appeared, and then the other edge...

Jessie began continuously groaning in increasing discomfort as the still hugely flared head slowly emerged from her too tight overly stretch vaginal entrance as the flared penis head stretched her opening to its maximum dilation!

Jessie's extreme abnormally vaginal tightness slowed the withdrawal of the still immensely flared spongy head of his cock from her vaginal entrance. Then suddenly, the immensely flared head came free...

With an obscene 'plop', the mini-stallion's flared knob slid free from Jessie's overly stretched pussy. Then, like a champagne bottle being uncorked, an immense flood of cum came exploding out of her abused, battered pussy squirting out of her and streaming down like a waterfall between her widely spread knees forming a large white puddle of fluid on the padded rubber floor as copious cum drizzled from between her swollen open labia! The spongy cock head still hugely flared to the size of her fist!

Unlike a canine knot which remains hard and inflexible, the flared glans penis of an equine remains pliable so despite Turbo's temporarily expanded size he was able to extract the swollen head of his cock without causing too much discomfort for Jessie, unlike her first experience with Bandit. With Bandit she had learned to hold him inside her until his knot had reduced down to a manageable size.

I moved Turbo away from Jessie. Breathing heavily she fully collapsed upon the padded rubber flooring heedless of the large puddle of equine cum she laid in.

Several long moments passed as she heavily breathed in and out. Finally, Jessie stammered,

"That, that was... intense" Jessie husked out, "Perhaps *too* much..."

"It felt like his cock swelled a bit thicker than your own wonderful nearly six inch girth, but the head of his cock was broader still..."

When his cock suddenly flared deep inside me it stretched me further and further till it hurt! I thought he was going to rupture me!"

"But then he held still, the head of his cock had grown so big that he was unable to move it in and out of me!"

"Then I felt his hot cum volcanically explode deep within me!"

"Felt it stream seemingly unending into me! A sensation like having an enema or a water hose up me the quantity was so much! With his head flared tightly sealing my vagina it was forcing all his ejaculations directly up into my uterus!"

I felt every explosive jet of cum repeatedly shooting in filling me up! I swear I could feel my flat belly bloating he was pumping so much into me!

While Turbo didn't fuck me fast like Bandit did, Turbo thrust harder, I'm incredibly sore but as you well know I stay incredibly horny for a long while but I'm too sore and exhausted to have sex with you, and I'm not drunk either to have anal sex to get you off...

"Come Cody, I can at least give you a hand and blow job..."

Yes, to describe what I just witnessed by one of the world's most beautiful and sexiest women left me with perhaps the most painful erection I had ever experienced is an understatement!

Afterwards, Jessie adjusted the water temperature and gingerly inserted just the tip of the nozzle inside her pussy to flush out all the copious equine cum still within her. She winced upon insertion and then winced more as the water stream inside being as sore as she was from the brutal hard equine fucking...

Then I helped my wife into the ATV and took her back over to the ranch house where she took a long shower then fell into bed for a long afternoon nap so exhausted and sore she was from her experience.

Late afternoon Jessie came into the kitchen where I was cooking dinner, walking unsteadily then sitting gingerly in a chair. I cocked an eyebrow at her then poured my wife a glass of wine handing it to her.

"Cody, I'm afraid that my higher than normal libido got the best of me again, like the few times before with Bandit, but this time I wasn't intoxicated ...

When I started washing Turbo's cock before you came into the stables I vividly recalled watching those videos on the web of women getting fucked by small horses and ponies, and a few of the stories I had read when you were not home were pretty stimulating too!

It seemed as if I couldn't control the insane crazy thoughts going through my head!

The cinema of my mind repeatedly played the erotica of the internet movies and the stories I had read! I felt an unbearable arousal as I got Turbo to drop his penis and began washing it, felt it stiffening and swelling, again the semblance struck me how his solid, light pink cock looked just like a human one, and almost four inches longer than you!

When you came in and saw what I was doing, initially I figured I try to convince you to let me rub my pussy against Turbo's huge erection, especially with Bandit fucking me a few times in months past - and YOU not stopping it...

I figured I would do it just long enough to where both you and I couldn't stand it any longer then we would fuck each other's brains out!!!

However, with the extreme, unbearable arousal I was experiencing, I got totally lost in just feeling the sole sensation of Turbo's thick, twelve-inch-long cock sliding against my pussy...

My clit was painfully hard and throbbing with each pulse of my heart. It was fully protruding from my clitoral hood and sliding against the slightly rough texture of his cock...

Then that crazy Tijuana donkey story again flashed into being that one of the female ranch hands joked with me about when I was helping her do a semen collection, and the videos you and I had watched of women greatly enjoying being fucked by dogs and small horses - I felt myself become totally absorbed and fully focused on the undeniably erotic images of the videos we have seen and

the indescribable intense sexual sensations coursing through my body.

But Cody, while the few times with Bandit, and now Turbo, were sexually intense, it was not you...

With Bandit, and now Turbo, while incredibly intense, it was over way too quick! Over in a matter of just a few short minutes! And painful in the end!

And while I did get incredibly fucked and had several intense climaxes, the amazing feeling of Turbo's cock flaring inside me exerting an enormous spreading pressure in my pelvis, then the explosion of huge amounts of hot cum blasting directly into me up into my uterus inducing me into having another huge orgasm - Turbo pulling his still flared head out was uncomfortable!

Honey, like I explained to you before, it could've have been one of those mechanical fucking machines doing me instead of a mini stallion or Bandit, except a machine can last as long as I want and doesn't hurt!

With you, you can last far much longer and bring me to more incredible orgasms than either Bandit or Turbo!

Most importantly, it wasn't human, and it wasn't you my love...

With you, we can do different things sexually to our great mutual benefit!

With you, we make love!

Like I told you before with Bandit, the emotional attachment wasn't present, it was just, *sex*...

So, all in all, it's YOU I prefer - I Always Have! Always Will!

A year had passed since the event with Turbo, Jessie and I are now age twenty-five. Jessie hasn't let Turbo fuck her again, one time indicating that while she had a few fleeting desires to do so it was too uncomfortable with his flared head pulling out of her tight vagina.

Nor has Jessie allowed Bandit to fuck her again even though Bandit still persisted in trying to mount Jessie when an opportunity presents itself, and he tries to seize opportunities to lick Jessie when she is naked, Jessie slowly pushing his head away with light scolding's.

And there was still occasions when Bandit would try his luck when one or more of Jessie's girlfriends would come to the ranch for a visit especially when Jessie and her girlfriends were laying around the pool in their very brief micro bikinis or in the evening in their lounging booty shorts, and based on the piercing shrieks I heard Bandit almost scoring a few times!

I also noticed Bandit would pester our two attractive cowgirls during certain times of the month, the girls laughing and pushing Bandit away or off. They have also learned to be careful around Bandit when they were using either the pool or hot tub.

Recently, Bandit successfully mounted Jessie immediately after we had sex but she managed to roll away before he could get more than a few thrusts inside her, lightly scolding Bandit. We both had a good laugh about it, again Jessie stated,

"All in all, it's YOU I prefer - I Always Have! Always Will My Dearest And Only Forever Love!

## END NOTES

Okay readers, time to dissect this story. The following is a brief summary of information from research articles and from medical, mental health and drug websites. Any medical, mental, social, alcohol or drug effects mentioned in the story are based on scientific research.

**CONSCIOUS and SUBCONCIOUS LARGE PENIS ATTRACTION** - Numerous research studies over the years show women have a conscious and subconscious attraction to large penises. Researchers theorize that this is a natural effect of human instincts, emotions, evolution and survival, and that this trait is engrained into the female psyche. To prove this hypothesis some research studies have used computer generated images of nude men of various heights, builds, and penis sizes but not in other qualities like facial attractiveness and hair to make the subject as asexual as possible to gauge women's responses. Other studies have women reading or listening to literature with characters with, small, average and large penises and gauging their physiological responses.

These studies concluded penis size along with body shape is influential in determining attraction. Women's apparent interest in penis size explains why human males have penises that are larger in proportion to body size than the penises of other animals.

The hypothesis is that since penises would have been readily visible for much of human evolution, prehistoric women would have selected for larger penises through sizing in addition to being associated with more orgasms, and this trait is still engrained by evolution into today's female psyche subconsciousness. Everyday examples of this evolutionary remnant:

being at the beach or at the swimming pool and observing women surreptitiously checking out a guy's 'package', or women checking a male model advertising close-fitting underwear. It is naturally instinctive for women to do this upon seeing an attractive man, or a man with a much larger than normal bulge in his swimwear or underwear.

This evolutionary large penis size preference and associated primal sexual excitation trait, along with sexual inclinations, proclivities, thoughts, urges and impulses are part of our female heritage and genes, deeply embedded within our brainstem and limbic brain, often termed our "reptilian brain."

Both these brain structures are the oldest and most primitive parts of our brains and are largely unchanged by evolution - and they control our most base primal urges, including sexual arousal. Since early humans didn't wear much clothing, male penises were obvious to women. Women chose their mates based on their physical size and the size of their genitalia. Thus sexual competition was and still is a key evolutionary driver via natural selection. These evolutionary decisions influenced the promulgation of bigger penises in the human species via natural selection. Longer penises evolved to deposit semen in the deepest parts of the vagina to promote more effective sperm retention. Other studies indicate that evolutionary preference for a larger penis might arise because penis size is associated with higher rates of vaginal orgasm, thereby creating deeper bonds and enhancing reproductive success.

When compared to other primates and other species not of the primate family, humans by far have the longest penises relative to body size. A wide penis puts more pressure on the vestibular bulbs situated on either side of the vaginal opening, which gives a pleasurable feeling of fullness at the vaginal opening. A wide penis also creates more tension on the labia, which, in turn, causes more tugging and movement at the hood covering the clitoris. This adds stimulation to the clitoris in addition to the surrounding tissues.

Women who use or on occasion use psychoactive sex enhancing drugs, these drugs synergistically enhance sexual arousal as well as their drug-altered perceptions of an over-sized penis. Women are even more affected when these penises began achieving erections, women then are substantially greatly affected feeling these oversized erect penises touching and rubbing against their bodies while dancing, evoking primal sensations of extreme masculinity and power – a natural autonomic sexual reaction still ingrained within the female body from their earlier primitive selves. Subconsciously their thoughts are attaching themselves to the supersized penis a man possesses and therefore its inherent ability to give pleasure which stimulates their primal overt base sexual urges and raw sexual desires. This sexual reaction is called a 'supernormal stimulus' which is defined as 'an exaggerated response to a stimulus to which there is an existing response tendency, or any stimulus that elicits a response more strongly than the stimulus for which it evolved'.

**AUTONOMOUS SEXUAL RESPONSE** – In neurophysiological terms, bodily functions such as sexual responses are involuntary reflex events in response to a stimulus, the same reflex-driven system that underlies heart rate, digestion, and perspiration. Sexual arousal is housed in the autonomic nervous system. Sexual organs are designed to react to stimulation in particular ways – and that stimulation is meant to induce pleasure. The individual organs are not designed to differentiate between types of touch and the response is an automatic reflex. With alcohol intoxication or an alcohol/drug combination, this greatly enhances the sexual stimulation and sexual sensitivities a woman feels, provoking her body's autonomic sexual reflex to actively participate having sex.

If a woman is extremely intoxicated and/or under the influence of drugs like Ecstasy or LSD, in most cases she will not be able to prevent an orgasm from occurring due to the drugs greatly heightening arousal and the sexual and sensual effects the drugs also greatly increase, usually with a woman experiencing several intense orgasms.

Alcohol intoxication and over-indulgence of psychoactive sex enhancing drugs causes a woman's higher brain functions to be repressed, which allows their raw primal sexual urges and impulses to be fully unleashed – subsequently dominating their actions. If a woman has a naturally high libido, her sexually responses will be drastically escalated.

The majority of women in their prime sexual years, when subjected to intense physical sexual stimulation are unable to suppress instinctive arousal, nor able to suppress the subsequent autonomous orgasm that usually occurs, even if the cause of the sexual stimulation is by force. Unwanted arousal and orgasms during rape are examples of an involuntary physical response due to the autonomous sexual response. A survey of available research indicates over a quarter of rape victims are induced into climaxing and this percentage is believed to be actually higher. In rape counseling sessions, this is usually the most devastating subject to address with the victim, rape trauma syndrome, to convince her it was an involuntary physiological response in which she had absolutely no mental or bodily control over.

**THE EFFECT OF ALCOHOL UPON WOMEN'S AROUSAL** – Under moderate intoxication (0.8%) women can control their arousal. However, while women who are moderately intoxicated are able to successfully control their arousal levels as effectively as sober women, women that are highly intoxicated (10%) cannot do so. With this increase of blood alcohol content, unlike men, there is no alcohol-induced diminution in genital arousal; women do not possess an effective capability to control their arousal response at higher blood alcohol levels.

For women, alcohol makes a woman feel more relaxed and in turn, be more sexual. Alcohol is a social and sexual "disinhibitor" because it increases sexual arousal and desire due to alcohol greatly stimulating the production of testosterone and estradiol. Testosterone controls in part the strength of libido in women and this causes an increased interest in sex.

Moreover, alcohol lowers sexual inhibitions, and with enough alcohol consumption, lowers it to the point that very little or no discretion is used when approaching or choosing sexual partners. Extreme alcohol intoxication reduces and can completely eliminate a woman's self-awareness – an alcohol blackout. With extreme alcohol intoxication or an alcohol/drug combination, most women the next day cannot recall their rape, nor recollect the events that happened during the last few hours leading up to their rape.

The effects of alcohol and drugs reacting with each other is termed “synergistic”, an enhancing effect. Most commonly used in the clubbing/dance scene are drugs like Mephedrone, Ecstasy, LSD, or the Flunitrazepam class of drugs – otherwise known as roofies. Along with alcohol, these drugs are commonly known and used as date rape drugs.

FREE WILL – the capacity for one to choose his or her course of action. Free will is closely related to two other important facts: freedom of action and moral responsibility. The frontal lobes serve the brain and personality, acting to process, integrate, inhibit, assimilate, and remember perceptions and impulses.

Disturbances in brain functioning, be it due to drugs, alcohol, injury, tumor, stroke, emotional trauma, seizures, or electrode stimulation, directly affect specific aspects of consciousness, including what has been referred to as “free will”.

The loss of free will are individuals who were compelled to behave against their will, who lost control over their will, or who suffered a complete loss of free will. The most common examples is the individual who is intoxicated or is under the influence of psychoactive drugs.

HIGH LIBIDOS – Research studies have been conducted on women with naturally high libidos, and on women who are hypersexual (or nymphomania) due to their physiology – but not due to a psychosexual behavior disorder. A high libido is distinguished from nymphomania if a woman can maintain control over their behavior and actions, versus a woman who cannot themselves control and restrain their sexual needs (nymphomania). These studies show women with high libidos excrete sex pheromones and copulins that are more intensely concentrated and thus more potent, that can readily sexually affect men and women in close proximity.

HORROR MOVIES AND AROUSAL – Watching horror movies has been well documented as having a significant positive correlation between adrenaline and attraction, which means as level of adrenaline increased, so did the level of attraction, including significant increases in arousal. It's very natural for horror fans to be on the lascivious side. After all we spend so much time scaring ourselves with false starts that our bodies need some place to go with that pumping blood and flowing adrenaline. Sex is the only natural outlet. (I suppose you could go on a killing spree, but wouldn't you rather just get naked and hook up?)

So embrace what horror movies are: sex, violence, nudity and scares. In the words of Bela Lugosi in Ed Wood: “Take my word for it: If you want to make out with a young lady, take her to see Dracula.”

Of course, if Bela Lugosi was living today he might say: “If you want to make out with a young lady, take her to see *Zombie Strippers!*” *Zombie Strippers!*: A more perfect example of the pairing of sex and horror I cannot imagine.

Or consider the 2011 best seller erotic romance novel and 2015 hit movie ‘Fifty Shades of Grey’ in which a woman explores her dark desires with a billionaire. It is notable for its explicitly erotic scenes featuring elements of sexual practices involving bondage/discipline, dominance/submission, and sadism/masochism. Your significant ‘other’ may want to have her own dark desires opened and

explored!

**HORROR MOVIES AROUSING WOMEN** – A woman's innate character is to seek what is forbidden and challenging. Movies and novels with fantasy themes including fantasy sexual themes stimulate the creation of fantasy thoughts, which is further compounded in this already formed female mindset. This includes women who watch horror movies.

While this may seem disturbing and weird, it has been well researched with several studies that most women who watch horror movies become aroused. This includes hard-core sex movies that have science fiction, fantasy or medieval themes, movies that include themes of space creatures and aliens or mythical creatures such as satyrs and centaurs raping and ravishing women, including horror sex movies with monsters raping and ravishing women.

This is an entirely perfectly normal female mindset and assists with one's healthy sexual relations with their partner.

These type of movies influence part of our secondary nervous system that is responsible for directing our "fight-or-flight" instincts. This peripheral nervous system also plays a role in our sexual arousal. Being scared is a nervous reaction and is physiologically stimulating, sexual arousal often occurs. Our pulses and respirations start increasing as does the production of adrenaline which starts pumping through our bodies surging energy levels, and along with fear, also causes one to become horny and aroused.

**PARANORMAL ROMANCE IN NOVELS AND MOVIES** – One of the interesting things that sex researchers around the world have noted, as indeed fans of romance fiction and women's erotica literature have realized, during the last few decades, romance fiction has evolved as much as other genres.

Normative heroes and heroines and the accompanying sex between them, have been joined by sexual relations with gods, goddesses, werewolves, vampires, shape shifters, unicorns, centaurs, satyrs, dragons and aliens to name but a few. Although these new protagonists function under the same laws as more normative characters, it is plainly obvious that this additional trait seems to belong dominantly to paranormal romance fiction – the bestiality genre.

In folklore and literature, bestiality is often romanticized seduction and coitus by a large, virile beast of an ultimately not unwilling human female! The animal may represent the power of free unrestrained and totally intense sexuality being imparted to the woman and the woman being set free in her own unrestrained sexuality to revel in the ultra-taboo, bestial wildness of raw primal sex! All these different protagonists symbolically represent powerful hyper-potent male creatures having extremely intense passionate ravenous sex with human females!

By drawing attention to women having consensual, or initially not so consensual, sexual relations with another species, it is seen by sociologists as an empowering mode of modern sexuality for female literary characters as well as the female reader! To a lesser extent, newer science fiction genre during the last thirty-five years has contributed as well with aliens, creatures, and monsters ravishing women in novels, graphic comics, and movies.

Hence, romance fantasy and women's erotica novels have long been creating another in-road for bestiality by planting the seeds of curiosity, fantasy, and desire in female readers, and it is becoming a mainstream social norm as exhibited by the rapidly increasing sexual fantasy genre geared toward women readers involving various creatures and animals.

For years, romance fiction and women's erotica literature by far has made up the largest share of

genre fiction on the market, allowing women to freely explore their hidden sexual desires and fantasies without risk of physical harm or social rejection, allowing them to be more creative in their own sexual lives. Fantasies are an essential part of our sexual repertoire and is associated with a healthy, happy sex life.

The ability to fantasize, to daydream, to explore internal worlds of imagination is a valuable, even critical component of the human mind. It reflects our ability to manipulate thoughts, ideas, perceptions and reality, all within the private confines of our own minds. Sexual fantasies are inherent extensions of our capacity for creativity, the very imaginal creativity that is present in the worlds of artists, painters and composers.

Sexual fantasizing can be healthy, particularly for a reasonably healthy couple that are open to each other's fantasies and even fetishes who use their increased excitement to move toward rather than away from the partner.

The content of these fiction books, movies and adult comics influence the thoughts and perceptions of millions of readers and viewers around the world, making it into a very powerful social medium, therefore influencing the perceptions that readers and viewers have about social constructs and relationship standards and expectations. It has been well researched and documented that explicit sexual writing in this genre of books including graphic comics and movies which include bestial or other-worldly creature content, subconsciously lead women to lose their own sexual inhibitions and be willing to explore new possibilities in their sex life!

A woman's innate character is to seek what is forbidden and challenging. Movies and novels with fantasy themes including fantasy sexual themes stimulate the creation of fantasy thoughts, which is further compounded in this already formed female mindset.

MODERN TECHNOLOGY AND SOCIETY - Modern current technology and societal changes has contributed to a dramatic societal change during the past century. Women are liberated and more accepting of sexual open-mindedness, sense of sexual adventure, sexual confidence, and sexual variation among many others.

Since the advent of the Internet it has provided an additional and significantly larger environment for individuals to discuss all sorts of activities, including sexual behaviors. The Internet accommodates a huge and wide assortment of pornographic materials oriented toward an individual's sexual needs. In this regard, the Internet has made a fundamental contribution by connecting people who share certain ways of understanding these practices, structured around a new expression of identity, precisely at a time when sexuality has become one of the core defining elements in individual identity. And it is not constrained to just the Internet as exemplified in the rise in furry fandom costumes, furry conventions, comics and videos. Furies agree that they share an interest in fictional anthropomorphic animal characters that have human characteristics and personalities and/or mythological or imaginary creatures that possess human and/or superhuman capabilities. Corroborating this, studies have documented that women gain sexual gratification from inserting different styles of dildos. This may explain the large worldwide market for replica dog and other anthropomorphic dildos.

WOMEN'S AROUSAL WATCHING PORNOGRAPHY - While social constructs, stereotypes and pressures have certainly played a role in keeping women from being comfortable with porn in the past, the impact of those factors are diminishing over time. This is consistent with recent polls of women which showed millennials watched the most porn: 57 percent of respondents who enjoyed porn solo were aged 18-24. Among younger women, there's less and less concern for such constructs, and more openness to erotic material and who are more comfortable with their own

sexuality.

For the past four decades, numerous studies have been conducted on women's arousal watching pornography. It was determined women tend to have more erotic plasticity than men — that is, they're turned on by a wider variety of things.

For example, while men tend to show physiological arousal only in response to erotic films depicting their stated sexual orientation, studies utilizing thermographs and plethysmographs—a device that sits inside the vagina and measures genital blood flow, revealed that straight women show similar physiological arousal patterns when watching clips from gay-male, lesbian, and straight pornography – including watching animal mating.

The great majority of women who have participated in sex surveys reported watching porn as a “fantasy escape” and it has helped them relieve stress. For many women, same-sex porn provides an opportunity to imagine what it would be like to be with another woman, even if they consider themselves strictly heterosexual.

**PORN MOVIE INDUSTRY EXAGGERATES ACTOR'S PENIS SIZES** - Research has determined that the average size of a male porn star is seven inches in length and close to five and a half up to six inches in girth (two inches in width). It is the rare actor that has a penis length greater than seven inches. Those profiled having much larger penises were mostly revealed to having fake prosthesis attached, to appear thicker or longer or both.

The average erection measures 5.1 to 5.5 inches, more toward the lower end of this range. The average circumference, or girth, of a resting penis is 3.7 inches (9.31 cm); for an erect penis, it's 4.6 inches (11.66 cm). A further breakdown is: Around 6% of men (or 5 out of 100 men) have a penis measuring between 6.25' and 7", 2.27% of men have a penis between 7.25" and 8", 0.7% of men have a penis measuring 9", 0.1% of men have a penis larger than 9".

**PSYCHICAL BESTIALITY** - is the practice which yields erotic gratification or sexual stimulation as a result of behavior in which animals figure, but in which there is no direct physical sexual contact between the human and the beast. This would include, for example, sexual stimulation, sometimes to orgasm, as a result of watching animals copulate with one another – a practice to which has been given the formidable nomenclature “mixoscopic zoophilia”. Sexual stimulation is derived by watching exhibitions of bestiality, masturbation fantasies of animal-human or animal-animal sex relations, day-dreaming to orgasm, or excitation with bestiality fantasies. Bestiality themes in books, comics, art works, photographs or videos provide an erotic stimulus. Erotic dreams with bestiality being the subject of the dream and dreams of humans being raped by beasts induce erotic stimulation and nocturnal emissions.

#### **WOMEN'S AROUSAL VIEWING SEXUAL IMAGES AND READING LITERATURE DEPICTING BESTIALITY**

As noted in the section above, numerous studies show women exhibit physiological arousal watching or reading pornography. Inherent biological impulses spontaneously bubble up despite the sexual subject they may be viewing or reading.

What turns women on is different to what women wish turned them on or how they politically or socially feel about it; women have a natural arousal response built-in despite the sexual subject.

Sex studies and surveys have repeatedly confirmed one unusual fact – bestiality is the most common uncommon turn-on. It is believed that innately recognized sexual features such as an erect penis, even out of their usual human context, stimulate women.

Erotic imagination, sexual curiosity, and sexual arousal commonly overrides the natural disgust response, researchers have found and allows women to willingly engage in behaviors that they might normally find repugnant.

One-half of a couple may induce the other to watch or read pornography depicting women having sex with an animal. The female half of the couple may acquiesce due to curiosity or be drawn into it by the other partner who encourages it as an entertaining novelty. This in part may interest a woman to satisfy that curiosity.

Repeatedly watching videos or reading stories of this nature may desensitize the woman of this particular sexual act or they may become more tolerant of the act. Eventually it may raise her tolerance to the activities depicted so she may engage in them, either willingly to some extent or with some degree of coercion to bend or break what amounts to a misbegotten social taboo.

Again, part of this may be a curiosity factor to find out for herself the pleasure a woman exhibits in this sexual act in videos and stories is actually factual. Some researchers attribute it to the embodiment of that primal animal urge to be fucked so thoroughly by such raw animalistic power that it unleashes a woman's own deep-seated primal sexual desires and responses that gets them aroused. It's the nature of the human psyche to find the taboo thrilling, even erotic.

This outdated socially taboo erotic act may influence the wild, erotic nature that is innate to most women's subconsciousness and consciousness. A woman's wild erotic nature may emerge in animal fantasies, which enables a woman to revel in the ultra-taboo, bestial wildness of the fully unrestrained primal sexual act itself.

**BESTIALITY** - Existed as a rather widespread practice in all the nations of antiquity of which we have adequate records. Where it is not specifically mentioned, it may be legitimately inferred on the basis of the over-all archeological evidence. In ancient Egypt, the animal aspects of the gods insured that bestiality would be practiced both for religious and magical purposes. The representation of the Egyptian gods as beings of part-human forms was linked - a further impetus to bestiality - to the belief that living animals partook of the divinity of the gods and goddesses whose forms they shared.

This leads us to the realm of Greek and Roman mythology which is considered by scholars to provide the best evidence for the thesis that the incidence of bestiality among the ancient Greeks and Romans was high, and that the attitude toward this form of sexual expression was of wide-spread acceptance. Greek and Roman myths contain many stories of gods who assumed the shape of animals in order to mate with mortals.

The satyr, a mythical being, half-goat, half-man, was noted for his virility and lasciviousness, and who exercised it freely with humans, nymphs, and other creatures. Bestial intercourse related by the historians and mythologists: among them, the mating of Semiramis, legendary foundress of Babylon, with a stallion. From the union of Pasiphae and the bull was born the Minotaur, and the mythologists credited other bestial unions with bringing them into the world. Satyrs, Centaurs, and other strange and monstrous creatures. Author Robert Burton (*\*Anatomy of Melancholy\**) adds to the list, saying that "women are inflamed with mad passions for beasts, hence Minotaur's, Centaurs, Unicorns, Silvanuses, Sphynxes, etc.

Of the three great ancient civilizations here dealt with, the Romans were the most lavish and factual in its recording of both public and private bestiality. In the case of the Sybarites, the Greek city of Sybaris, a whole population was given to it, noted for their sodomies and copulations with canines (as were the Moors in later times). On other occasions, bestiality was a spectator sport, as in the case of the exhibitions staged at the Roman Games; sometimes it was the voluptuous indulgence of

noble Roman ladies; and sometimes even emperors were involved. The Roman emperor Nero, disguised as a wild beast, once invaded the arena at the Games to assault members of both sexes, a performance he concluded by casting off his costume and publicly falling into the embrace of Doryphores, his male lover.

For the Roman Games, male animals of all sorts were trained from the earliest possible age to copulate with and even forcibly rape girls and women. Bulls, giraffes, leopards, cheetahs, wild boars, zebras, stallions, donkeys, huge dogs, various kinds of apes, and other animals were taught to perform these functions. Some of the more trainable and enthusiastic ones were further tutored to commit sodomy on human males and females. Especially popular at the Games were representations of scenes from the sexual lives of the gods, a particular favorite being Pasiphae and the Bull.

From the ancient world up through our own time, in all countries – though more frequently in some than in others – bestiality was practiced, thought about, dreamed of, and emerged as myth, fairy tales, folklore, literature, painting, and sculpture. In modern times, the practice of bestiality has been reported with a greater thoroughness than was the case in the ancient world, and this despite the fact that in the West at least the practitioners have grown considerably more furtive.

Certainly, the past two hundred years have nothing to compare with the spectacular bestiality events of the ancient Roman Games, a phenomenon unique in all of history. In more recent times, fiction and folklore have provided most of the imaginary accounts of bestial intercourse, again reflecting the “real world” cravings and behavior of mankind. It is, of course, true that mythology fiction and folklore have provided most of the imaginary accounts of bestial intercourse, again reflecting the “real world” cravings and behavior of mankind.

This then leads us to a summation of the most recent studies of zoophilia since 1985. This summation indicates reported sexual fantasies having sex with animals (76 % males and 45% females) and watching other humans have sex with animals (35% males and 40% females).

The summation of studies conducted since 1985 found that in any general demographic population, overall rates of persons engaging in bestiality range up to 55 percent, with 37 percent of women in any general population having engaged in bestiality. What this means is 1 in 8 women have interacted sexually with an animal. So the gossip or outlandish rumor overheard at a party or amongst friends has a great chance of being true, more so, unknowingly, one or more of your friends may have engaged in sex with an animal!

Having fantasies about things we would never endorse or choose to do in reality, are not necessarily signs of psychological disturbance. As far as people being considered deviant having sexual relations with an animal, recent research indicates the majority of people engaging in sex with animals do not suffer from a clinically psychological significant extent, and their social and

occupational life etc. is not necessarily impaired. The majority of men (67%) and women (82%) placed themselves on a satisfaction scale anywhere from “extremely happy” to at least “generally satisfied/pleased”.

Additionally, studies have found that people who participate in bestiality, almost 50% were college graduates or above, 16% work in computer-related fields, 11% are artists, about 27% are students and about 7% work in animal-related fields, 9% work in animal-related fields and 18 % in the medical field. Bestiality is a sexual activity practiced by all sorts of demographic groups.

Still, there is a strong influence of old religious and outdated moral values/codes, condemning any kind of sexual contact with animals. Therefore mentioning bestiality frequently evokes rather

emotional and extreme reactions. Even when scholarly research in this area is published, authors are faced, depending on the results, with criticism, and not just from their peers.

With the zoophilia or bestiality rate increasing in today's modern digitally connected age, researchers argue that zoophilia could be considered as an alternative sexual orientation. Zoosexuality needs to be understood within the context of recognizing new emerging sexual identities that are no longer restricted by a patriarchal system centered on reproduction.
