Introduction: Megan is 19 years old and in top shape. At five foot two inches and 103 pounds, she had nice shapely legs, a beautifully round and perky ass, her stomach was toned, and a pair of firm B cups. Her skin was soft and tan, with dark green almond-shaped eyes and long black hair with a slight curl.

She will be trying to enjoy her summer vacation before her senior year of high school, but unfortunately, she will have a few adventures on the way.

Megan decided to take a morning jog at 5 am. She wore a small pair of runner shorts and a black sports bra. After putting on her shoes, she bolted out the door to start her run. It was still pretty dark outside, but she wasn't too worried, seeing that she lived in a peaceful area. She decided to go down the bike trail, keeping a decent pace as she jogged past all the trees and bushes.

As she got about a half mile down the trail, she heard a sound. It sounded like something was running through the bushes on the side of the trail. Megan looked behind her, could not see anything, and just chalked it up to her imagination. So, she continued to run. Soon, she heard it again, and when she looked back, she saw the bushes on the left side of the trail shaking. This spooked her, and she started to run fast. The sound could be heard again, but it was more rapid this time as if something was trying to keep up with her pace. Megan picked up the pace, running as fast as she could. After running about a quarter mile, she could no longer hear anything and stopped to catch her breath. Whatever it was, she figured she must have lost it.

Megan slowly walked down the path as she tried to catch her breath. Her body was tensed up and shaking from being so spooked. She looked at her watch and realized she had only been running for half an hour. It was starting to get a little light out. If she walked the rest of the way down the trail, she would get on the highway and go home. She figured this would be the best way to avoid whatever was back there.

As she made her way closer to the trail's end, something appeared about four yards ahead. She couldn't tell what it was; all she could see was its silhouette. Taking a few steps back, she tried to decide whether it would be a good idea to turn around and run. The silhouette started to walk towards her. Fear overtook her, and she didn't know what to do; she could only slowly step backward. It started approaching at a quicker pace. Megan tried to do the same but lost her step and fell backward. She landed hard on her ass.

As soon as she was able to look up, it got closer. Now, she was able to see what had been chasing her. It was a massive dog, the biggest dog she had ever seen, easily twice her size. It was a Neapolitan Mastiff with thick black fur and a giant head. Megan started to tremble in fear when she saw his huge red veiny cock hanging from him. It was slightly erect, and Megan feared what the beast intended to do with that massive thing.

Before she knew it, the creature's huge head was now sniffing over her fit and petite body. She trembled as its nose hovered over her, sniffing almost every part of her young body. It sniffed at her neck, then went to her chest, its nose slightly pushing into her right breast. It went down and started to sniff her bare stomach. It must have liked the smell of the sweat cause it started to lick her abs with its massive tongue. The tongue was very powerful, and Megan could feel its strength as it slid across her stomach, slightly making her body move.

Then, it decided to go lower. This alarmed Megan, and she started to scoot away from him. This

upset the beast, and he let out a low growl. She froze as she heard this. The dog went back to sniffing at her crotch. His nose pushed right into her, sniffing rapidly. The dog liked it and started licking her through her small shorts. Its saliva drenched the crotch of her shorts, making them more impressionable and easy for them to be pushed to the side. Megan remembered that she didn't have any underwear on as she felt his tongue started pushing into her pussy.

Megan tried to hold her composure as the beast violated her with the giant tongue. But she couldn't stop herself from squirming. Each lick seemed to have gotten deeper with each swipe. She started to feel her body began to betray her as she felt an orgasm begin to build up. This caused her to squirm her petite body even more.

She tried hard to fight it, but as his tongue made its way deeper into her, it dawned on her that it would be a losing battle. The dog wanted more of this sweet young pussy, so he tried to get in deeper. Megan soon found her entire crotch was in the dog's mouth so he could get in her even more. Her ass rested on his lower jaw, and she could feel his canines slightly touching her lower stomach.

Megan started to moan as her body quivered inside the creature's mouth. It's tongue snaking around every crevice of her. Her gorgeous legs started to kick and flail as the dog picked her ass up about two feet off the ground. Only her upper back and head rested on the ground. The orgasm begins to build, and Megan starts to lose herself. She let out a loud gasp as her body exploded in climax.

Her body started to shake violently and soon went completely limp. She never experienced such an intense orgasm in her life. Her whole body was numb and unable to move as the dog still had her in his mouth, tongue deep inside her, snaking around rapidly.

The beast released her body from his jaws after getting more of the young girl's flavor. Her limp body dropped to the ground. She was still in shock at what just happened to her. She tried to get up, but as soon as she was on her hands and knees, she felt the jaws of the beast grab her tiny waist and lift her in the air. After experiencing such an intense orgasm, Megan did not fight her. So, she had no choice but to let the dog take her. This monster still had more plans for this girl's young body.
