This eBook contains taboo adults only erotica.

Parts of this story are not fiction...

Note To Readers - If you ever want to get your wife or girlfriend to have unconventional sex, our advice is don't bring it up, don't talk about it, and whatever you do - Don't ASK! A woman either does it initially as an experiment when she is exceptionally horny for sexual release, or she could be encouraged by a very close friend or spouse, or come across it on the Internet stimulating her imagination and curiosity.

## **CHAPTER ONE**

I will preface this by saying my wife and I both are very open minded about sex and my wife was bisexual until we met, but at no time had either of us ever considered what you are fixing to read about...

Before Alexa and I met, she had gone all the way with just one boyfriend and that was back in her senior year of high school after he had gotten her very drunk and coerced her into having sex. She emphatically stated he was lousy and clumsy, and more than a bit 'small', and they only did it that one time. The experience did not do anything for her because he popped off in his condom just trying to get the head of his cock into her tight pussy...

Subsequently since that disastrous experience, Alexa preferred getting her freak on with chicks, much to the great disappointment to any guy who ever laid eyes upon and/or tried hitting on her!

To this day, I'm still amazed it was I that Alexa fell for and married! We had met through mutual friends during our sophomore year at the university and got married immediately after graduation before we both started graduate school.

Alexa is now 28 years old with a stunning athletic statuesque physique - and the girl knows how to use every inch of that magnificent killer body!

She keeps it in prime condition by going to the gym for weight training every other day and jogging nine miles on alternate days.

She is possessed with the lissome grace of a dancer - curvy, a slender waist, tight, cute ass with buns hard as steel, a wide thigh gap and full breasted.

Alexa is one of those rare women that simply would get more beautiful with age! Five feet nine inches tall, 127 pounds, large but extremely firm perky double D breasts that seemingly defy gravity!

Incredible cerulean blue eyes, perfectly tanned skin, rock hard abs and long athletic legs that go on forever. A stunning, incredibly beautiful woman who turns the heads of both men – and women wherever she goes!

Back when she was attending the University of Texas in Austin, Alexa had most of her pubic hair removed by laser, leaving just a small hollow **V**, which seemly points in the direction of her most erogenous areas. We have a full and complete social life, as well as an extremely active and varied sexual one...

Overall, a combination that produced a tall, svelte package with exquisite cascading hair, with a face that begs for attention, and an irresistible body that you wanted to embrace!

Alexa is also easily excitable and devoid of inhibition...

My beautiful wife is not only blessed with the ability for multiple orgasms but an ease in achieving them! Even after being together for eleven years, Alexa still keeps it spicy and interesting – sex is never boring or routine! She is always imaginative, always coming up with something new.

More than once I idly wondered if Alexa was perpetually horny!!! Alexa loves daring erotic lingerie, explaining it is a big turn-on for her as well as for me! She also greatly enjoys porn movies, she is the one that usually streams them, again surprising me with her choices!

The adult videos Alexa rents and streams on our 120-inch 8K UHD flat screen television are definitely not the artsy, couple type category of porn movies! They are very explicit hard-core sex movies, usually science fiction, fantasy or medieval themed, including girl-on-girl. Hell! Alexa even enjoys porn movies that has space creatures and aliens ravishing women, even horror sex movies with monsters ravishing women!

My wife and her friends tell me I am handsome, perhaps I am, but my innate modesty makes it embarrassing to talk about myself...

I am six foot two inches tall, blue eyed as is my wife but not as strikingly so as her eyes are!

I jog six miles every other day and lift weights on alternate days to keep my rangy body in shape, working on our hilly 875 acres in the Texas Hill Country also helps keep me in shape. Alexa says I play a classical guitar beautifully and have a good singing voice.

We have been fortunate in financial matters, so we have a lovely 4,600 square foot. custom-built home set on 875 acres in the Texas Hill Country, with a barn, stable and workshop. A year-round creek flows through our property that comes from a set of springs also located on the property.

To beat the Texas heat, we had a large, custom designed, lagoon style horizon pool constructed, complete with multi-tiered waterfall and a spacious hot tub. Additionally, we added an outdoor kitchen and entertainment area surrounding the pool.

Around our pool, with just me or when her girlfriends are over, Alexa wears extremely skimpy minimalist G-string unlined bikinis while tanning or in tan salons, with tiny teardrop bikini tops that barely covers her small areolas the tiny nipples of her large but very firm breasts! When wet, her daringly erotic bikinis become see-thru - but never does she wear these types of bikinis in public...

Frequently, with just me or when alone, Alexa will go totally nude by the pool since we have the large isolated ranch property with a controlled access gate. She has told me she loves the feeling of being outside totally nude, every slight breeze caressing her body.

However, Alexa wears her skimpy bikinis often enough to ensure she has tan lines, knowing how well I love the vivid contrasts on her lithe, hard-ripped toned body...

ALEXA

My wife's close girlfriends too, wear extremely provocative string bikinis at our pool, seemingly heedless of how much skin is revealed when I am around! Alexa having told me her girlfriends often go topless or sunbathe nude when I'm away from the ranch.

I have never told my wife but I'm sure she suspects I have gotten more than an eyeful several times having arrived home unexpectedly, including some full nudity by all the girls present. At times, I had to pretend to go back out and get back in the truck and drive away a bit then toot the horn to let

them know I was arriving!

Then there is the high definition surveillance system we have installed around the house and the stables that either my wife or I sometimes forget to turn off when her girlfriends come over...

Don't get the wrong impression, only on the privacy of our gated, secluded 875 acre property is my wife this casual and just with her girlfriends – and only when no other male guests are present.

After all, in Europe public nudity is common. We have been to the beaches at Ibiza Spain and Saint-Tropez France and seen a lot of skin, we also been to Tahiti where public beach nudity is commonly accepted

However Alexa was too modest to ever go topless let alone au natural at these resorts and beaches. The most she would do at these resorts would wear one of her skimpy minimalist G-string bikinis that had a thin lining inside.

Whenever we went to the beach or floated on one of the Hill Country rivers, Alexa wears a more slightly modest Rio style bikini with moderate bottom coverage. Still, every male and every woman who ever sees her in a bikini cannot help staring with envy or jealousy!

I truly believe there is not a lingerie or bikini model anywhere who has near the comparable hard, ripped, voluptuous, statuesque body as Alexa's – or her incredible beauty!

We are extremely fortunate our property shares a very long property line with a state natural area so we have thousands of acres to ride our two Arabian horses, both studs. Additionally, we have one unneutered male miniature donkey named Jake, who functions as an alarm donkey – loudly braying whenever someone drives up our access road!

Amazingly, the two stud horses and the miniature donkey all get along with each other. We got all three of them from a horse ranch located on the Pedernales River near Fredericksburg, owned by a marriage counselor who has a practice in Austin.

She and her husband specialize in raising very gentle, good-natured Arabian horses. One horse was glossy jet-black and the other a rich red chestnut.

Alexa graduated with an undergraduate and master's degree in four years at the top of her class at the University of Texas and is a very successful interior designer, which complements our marriage and our partnership as I am an architect.

We have been married for just over six years, together for eight, and we had a beloved Rottweiler from the start that unfortunately passed away a few months ago from cancer, despite cancer treatments at the famed veterinarian school at Texas A & M University, one of the three best vet schools in the country.

~~~~~

CHAPTER TWO - DOGGY BABYSITTING FOR A FRIEND

We have a friend that had gotten a Neapolitan Mastiff whom he named Max, short for Maximillian. However our friend had to temporarily move due to a job transfer overseas and couldn't take Max with him.

Because we were familiar with large dogs he asked if we would take care of him for the next couple

of years. He wanted Max to go to a good home with people that would take care of and love him until he moved back.

Alexa and I discussed it and decided yes we would. We knew Max and liked him. Plus we were to planning to get another pet so why not.

So Max came to live with us and immediately took to us and the house. He was a really good dog. He didn't bark, is very playful, and very protective of us both right from the start - especially Alexa.

Neapolitans are not the largest of the Mastiff breeds, but Max was right up there being thirty-one inches at the shoulder and weighing 169 pounds - a formidable tank of solid hard muscle and sinew with a coat that glistens under the lights.

One evening after an early light dinner with a bottle of wine that my wife mostly drank, I'm not much of a wine person, my slightly tipsy wife said she was going to take a shower.

While she did that I went to feed our two horses and donkey, then over to the work shop to continue some restoration work on an old jeep I was restoring.

The early Fall evening was cool and we had our windows open to let the pleasant breeze in. About half an hour went by suddenly I heard Alexa scream!

I couldn't understand what she was saying, the workshop where I was is about 250 feet from the main house. Then I clearly heard her screaming out,

"MATT! HELP MEEEE!" Then, Alexa let out an even louder shriek!

I was stunned for a few seconds by her loud piercing shriek then I wriggled out from under the old jeep as fast as I could and bolted from the workshop!

Off I went on a dead run as fast as I could. Once back at the house I didn't know what room she was in and called her name. No answer. Just muddled crying from our bedroom...

When I got there I was stopped dead in my tracks!

There was my nude wife on her knees, her head pushed into the corner of the bed and the night stand - and Max on top of her

FUCKING AWAY!

She was being fucked and fucked damned good and hard by huge MAX!!!

Alexa's exceptionally extraordinary tight wet pussy loudly slurping around the swelling canine cock as it brutally rapidly jackhammered in and out! Precum spraying out with each thrust evident of the copious amount being pumped into her...

I was so shocked it took me a few seconds to recover. Once I did I moved across the room to pull him off - but suddenly I stopped before I reached them..., hearing Alexa's moans..., not from pain or fear, but pleasure...

I know my wife's moans of pleasure, trust me. I didn't really know what to do now because despite her earlier shrieks for help, what I was now hearing and seeing, I think she was now *enjoying* it...

The huge dog was pounding her like a machine! His strength and lightning fast pace were unreal!

Alexa's eyes were closed, her mouth was open, her body was shaking and her heavy firm breasts were wildly jolting back and forth as the dog brutally fucked her without restraint like a jackhammer!

My wife's body was showing clear signs of sexual arousal...

Her tiny nipples were diamond hard and her labia was swollen and openly parted, she lustfully let out a moan, then another moan! Then I absolutely knew she was enjoying it! My beautiful wife's sexy slim hips further giving her away as she began lifting them to his hard inward thrusts...

So I just stood there in indecisive shock while this huge, powerful dog fucked my incredibly beautiful wife...

Max had a tight powerful hold around my wife's slim waist, slamming his hindquarters into her harder and faster, his cock stretching her tight pussy wide open for him as he brutally fucked my wife's naked body, the huge canine cock restlessly hammering into her exquisitely tight cunt! Alexa moaning over and over, as the dog fuck pumped harder and faster...

I wasn't naïve about bestiality, I and Alexa both knew all too well what it was, it's prevalent enough on the Internet. Mesmerized and totally confused by the scene, I suddenly lost my balance and stumbled..., Alexa, realizing I was there, began freaking out! Screaming for me to get the damn dog off her!

I couldn't tell if her shocked reaction was from me seeing her in this predicament engaged in a perverted sex act, or maybe she realized I had been standing there watching for a while - and her sexual responsiveness, or what! But whatever it was, she tried disguising what I have already observed by acting like it happened just moments ago yelling at me,

"OH FUCK! Get Him Off GET HIM OFF!!!!"

Still I hesitated as my wife again screamed out as the huge dog pumped hard and fast against her cute firm ass pistoning the noticeably swelling long red rocket in and out her tight pussy! His cock already spurting inside her! A watery stream of precum copiously running from my wife's pussy and down her legs.

The huge dog was rocking and tossing my wife to and fro, keeping her pinned in the corner!

"Not-UGH-a fucking-UGH-DOG!" she shouted!

PLE-PLE-UNGH!-SE! ST-AH-AH-OP HIM!"

All I could see was a red blur ramming up into her, the sloshing of their sex, copious fuck fluids dribbling out of her amazingly tight pussy...

I became aware that the sheer intensity and rapid fire of his long canine cock pumping into Alexa coupled with the taboo act itself caused un-natural feelings in me...

Suddenly aware even though I did not want to admit the fact that I was enjoying the spectacle!

"NO! OH! STOP!

FUCKING MEEEE!!!

OH! UNGH!!

UNGGHHH!!! UMMMmmm..."

Alexa begin pleading less and her strident tone had diminished to nothingness, and grunting and moaning became more and more as the long red swelling canine cock made her swollen protruding clit sing!

She was grunting, groaning, moaning more and more as I realized the huge dog was fucking her tight wet cunt closer to an orgasm with each thrust!

I then noticed Alexa was beginning to ride back on his cock..., that Max was now not doing all the work...

Alexa began breathing harder and faster, almost panting. Instantly I recognized what was happening, she was going to cum...

I knew she was close; it didn't take long... A few more fierce thrusts and she was gasping air into her lungs as her hips began bucking wildly....

"I'm gonna... AHHH!

OH... My... God!!! I'm *CUMMING*

OH FUCK I'M CUMMING!!!"

Suddenly my wife's lithe gorgeous body stiffened and then she screamed out! Her back arching she was climaxing so hard!

The huge dog's massive fleshy cock was plunging between her tightly clinging swollen pussy lips! He was stuffing nearly all his huge cock into her pussy with each powerful thrust of his haunches!

This beast was brutally fucking my wife hard and deep at an incomprehensible speed enhancing her huge orgasm!

Alexa was climaxing so hard all she was able to manage was dig her fingers into the carpet to cling to as huge dog continued his insatiable bestial assault! Her earth-shattering body-racking orgasm exploding through her taut body being prolonged by the massively huge cock pile-driving into her like a machine!

Alexa's moans were now stringing together in a long continuous one as I saw a growing, swelling, menacing looking knot forming at its base..., the swelling knot bumping her swollen protruding clit with every thrust as it rapidly slid into her tight pussy and then again on the way out...

The huge dog fucking her so hard and fast with the now added stimulation of his slowly swelling knot rapidly going in and out of her pussy, there was nothing Alexa could do but repeatedly orgasm...

"OHHH FUCCKKK! *CUUMMIINNGGGG!!!"*

Alexa shrieked as she again came all over the dog's huge rapine cock, her whole body shuddering with the force of her climax!

Max however continued to rhythmically violate my wife oblivious to her orgasmic screams Alexa made beneath him as she again climaxed! The wet squelching sounds of Max's cock pumping in to her tight cunt echoing in our large bedroom...

The huge powerful animal was now ramming into her ever harder as his knot kept growing ever larger! Now with some effort showing on Max's part as he repeatedly and rapidly pushed the still swelling knot in and pulled it out of her dilating vagina, but then it grew too large to go in but still he persevered...

Alexa's sopping tight sex sucked and slurped on his swollen turgid cock with each deep thrust! Occasionally she cried out as yet *another* huge climax tore through her trembling body...

Powerfully Max kept thrusting his hips forcefully against my wife's cute firm ass driving a deep grunt from Alexa each time, her grunts coming faster and faster...

It took Max almost a minute of working his swelling bulge against my wife's tight opening before she slowly started to further open up for the knotting...

As Alexa felt the huge bulk started dilating her like she had never been before Alexa began screaming in fear and building agony! Feeling her entrance being rammed slowly open as if the powerful dog was a hydraulic press and there was nothing she could do about it - nor did the thought cross my mind to try to do something about it as mesmerized as I was by this insanely erotic taboo scene...

Max's knot kept on swelling as his cock continued spurting hot pre-cum into my lovely wife. Her tight entrance was now dilated about three quarters of the way over the bulge of the knot when her entrance reached its maximum opening preventing the knot from fully going in...

The huge dog felt the resistance of the tight hole it was in and just pressed even harder! Straining to get his knot all the way into her extremely tight pussy! Alexa screaming ever more stridently as the knot made her entrance strain so much that it was white around the swelling knot!

Then my wife loudly shrieked as he pushed against her hard! Pushing and forcing the swelling knot through the tight entrance of my wife's spasming vagina! Pushing his knot fully inside her my wife then exploded with another orgasm!

Her entire body stiffened under the dog as Alexa almost howled as the remainder of the invading dog cock and knot gave her the most intense orgasm of her life that I have ever seen her exhibit!

Alexa bucked and heaved as her intense climax thundered through her helpless body!

"AHH-UNNGGHH! *CUMMINNGGG!!!*"

Then Alexa started screaming out, almost howling, as Max continued lunging with renewed effort...

"AHHHhhhhhhh! NO! No, no, no, no..."

The huge dog madly power-fucked her!

Alexa screaming in time with each pounding thrust of his still swelling cock! Her large heavy firm breasts jolting in sharp arcs with each powerful stroke! Droplets of perspiration dripped from her pale, pink tiny hard nipples. ...

"He-he-he's too b-BIG!!!"

Alexa began mumbling as the dog's knot kept swelling pressing inexorably against her G-Spot, pushing his cock even deeper and harder against her cervix...

Then Alexa let out another shriek! This one I clearly recognized as not being pain but orgasmic! Her body clearly visibly demonstrating she was violently climaxing – again!

Max stopped drilling my wife so hard now, beginning to pump his throbbing cock in short thrusts into her. Then, Alexa froze me in place as she passionately screamed out a loud drawn out,

OHHHHHFUUUCCCCCKKKKKKK!!!!

Alexa was fully tied now! No hope of the knot coming out anytime soon, his knot quickly swelling to full size inside her as quickly as my erection! Alexa's eyes went even wider as she felt this happening and she cried out in shock as her cumming vagina clamped firmly down on the huge swelling ball tightly locked inside her!

“OH SHIT OH SHIT! IT'S GETTING SO *HUGGGE!!!!*”

Alexa's body visibly violently trembling as she let out several deep “UHHHHH, UHHHHH, UHHHHH's!” as the huge dog *STILL* kept on fucking her with short jolting thrusts!

The huge cane cock was repeatedly being thrust inwards over and over and over into her! Copious watery precum dripping from her tight pussy and running down her widely spread thighs as the huge dog kept fucking her faster and stronger than was possible for any human!

Alexa's eyes were closed but her beautiful face and her grunts at the dog's every thrust told about the sexual abuse she was enduring...

Then, the Mastiff began exploding the full contents of its huge balls into my wife's exquisitely tight pussy...

Alexa let out her loudest lustful scream yet of

“OHHHHHFUUUCCCCCKKKKKKK!!!!”

Once again I was stunned by my wife's overwhelming sexual response having another body-racking orgasm!

More so, shocked seeing her swollen vulva visibly pulsating around the thickly swollen shaft that was buried in it, her sheath instinctively *milking* the ugly canine invader...

The swelling knot locked behind her pubic bone, I vividly imagined that the tip of the dog's penis was being pushed into her cervix! Opening a way for loads and loads of inhumanely hot sperm to explosively jet directly up into her uterus...

Alexa feeling the heat of the dog's warm semen spreading through her lower body started sobbing then softly moaning out, “*no no no nooo...*”

My wife repeating it over and over again feeling the huge dog emptying itself into her...

I noticed her vagina having an involuntarily sexual response feeling his copious hot cum being pumped into her, her vaginal muscles were *still* repeatedly clenching around the swollen shaft, *milking it...*

Her swollen pussy lips were straining around the hugely swollen knot, the huge bulk inside her causing her hard throbbing clit to clearly stand out!

Alexa's body was trembling as she just kept shaking her head in distress, kept on repeating softly in denial, *no, no, no*, as the overload of dog sperm started running down her thighs, bubbling out between the tight seal of her cuntal walls and the hugely swollen pulsating dog cock...

Still the huge Mastiff kept on slowly fucking her even as he continued ejaculating, pumping his huge copious load into her, it seemed, endless....

Then, Alexa's voice rose from a whisper...

"AHHHH! too... too... MUCH!!!" Alexa loudly mumbled with incredulity...

Astounded I watched as my wife suddenly began bucking her hips upwards uncontrollably into the massive shaft!

Alexa crying out as she came to the point of another climatic explosion!

Alexa began writhing and bucking uncontrollably as yet another massive orgasm took over her whole body...

"AAIIII!!!! AHHHHNNNNNGHHH!!!"

Suddenly, screaming out,

"Uhhhhhhhhhhhhhhhhhh!

OHHHHHHHHHH *FUCKKKKK!!!!*"

Unbelievably, Alexa's body began bucking like a bronco as she again climaxed!

The massive orgasm beaded sweat down her back and across her forehead, however, as the last waves of her orgasm swept through her, I could see shock settling in completely...

Alexa realizing that once again she had involuntarily climaxed in front of me - this time from the huge dog busting his nuts deep inside her...

Then Alexa started crying hysterically as the full impact of what had happened hit her..., what she was acutely feeling inside her..., the stark realization she had orgasmed, multiple times..., and that me, her husband, had seen it all...

Yet even then her mind wanted to deny that a huge dog had just fucked her brains out and blew his sperm deep inside her - no way could she not deny it feeling that huge knot locked and lodged tightly within her...

Feeling the warm, copious watery feeling in her flooded womb...

There was no getting away from the intense sexual feelings, then, Alexa broke down - shrieking at ME!...

"Oh Fuck You, You *BASTARD!* I Have Dog Cum In Me!

DOG CUM!

DAMN IT! WHY DIDNT YOU PULL HIM OFF ME???

How could you Matt... Why did you let this go on???

A Damn Dog RAPED and FUCKED ME!!!!

YOUR WIFE!!!

GET HIM OUT AND OFF MEEEEEE!!!”

Ashamedly, I then lied to my wife...

I told Alexa by the time I got there it was too late, that he was already locked in her, hoping she was so upset she did not remember exactly when I had arrived...

I then had to inform my very mad and extremely upset wife I couldn't get him off until his knot went down, that she would have to wait until it did...

She certainly didn't like that information! Alexa started crying again, asking how long that would take. I told her I wasn't sure but it shouldn't be too long...

The only thing Alexa could do was just kneel there with the huge dog on her back, speared between her legs by this *animal*...

With every single motion of the dog Alexa cried, gasped and moaned at the same time as she experienced sensations she had never felt before as his hugely swollen knot pressed and rubbed against her G-Spot provoking another two orgasms as she sobbed with tears running down her face...

About ten minutes later Max stepped over her and turned backwards, its rear leg lifting over her tight cute sexy ass as it turned, the knot rotation inside her slippery tight channel making Alexa scream out in sexual agony...

Max was now facing me and I wanted to punch him! However, I didn't because Alexa might get hurt if he retaliated. The dog was ass to ass with my lover, my wife!

Its hugely swollen cock locked tight in her cunt and she hanging from it! Locked to the huge animal behind her in the most intimately perverse humiliating way...

With her cute firm ass held up and her head down, watery dog cum now started running down from her pussy, across her muscular flat belly heading toward her breasts..

There was now enough room for Alexa to push herself up with her arms and brace her upper body on the bed...

Alexa had to spread her knees wide to cope with the sheer swollen bulk locked tightly within her... I saw her tear streaked face as she looked down between her legs.

Alexa tried to get up but the dog moved with her, the seal complete... Then I watched my wife slowly move her hand between her legs toward where she and the dog were united...

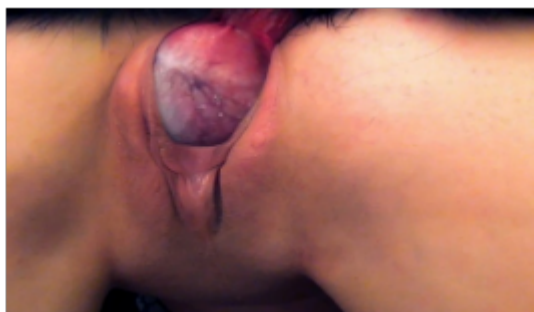

Alexa again panicked as she felt around her swollen cunt lips and then her stuffed slit, her fingers touching the huge hot swollen penis of the dog. Feeling the slimy dog cum covering every intimate part of her, I'm sure she acutely sensed how much of it was right up inside her at that moment.

I could see and also by the reaction on her face that she could still feel the huge canine cock spasm from time to time, still pumping even more animal cum deep up in to her sexual places. But the huge knot held her so completely that she could do nothing but stay there...

All I could do was try my best to comfort her. After about five more minutes, my wife suddenly started yelling as Max finally started pulling his still too swollen knot free...

"oh fuck! OH FUCK!! FUCK!!!.... AAARRRGHHHHH!!!"

Alexa grunting loudly as the Mastiff started pulling its knot and cock from her battered ravished vagina, the still too hugely swollen knot dilating her tight, narrow vaginal opening again...

Then Alexa began screaming even louder in pain with the increasing forced dilation, then, his huge crimson cock popped from my wife's tight pussy with a loud sucking sound!

Alexa shrieked as his knot came out of her but oddly, to my great surprise, she had another intense orgasm!

The long, red swollen shaft sinuously began snaking out of my wife's swollen cunt along with a huge gush of dog cum that ran down her toned thighs and long, pretty, athletic legs.

Momentarily stunned, I stood there as I stared at what had raped/fucked my beautiful wife!

The massive vein-ridged bloated redness that dangled garishly beneath him...

Knot and all, it must have been over nine inches in total length!

The still swollen knot, now down to the size of a large lemon, seemed to punctuate its sexual power...

I was in awe as I wondered how the hell the knot could have even fit inside my wife!

Wondering of the immense size it must have swollen to inside her!

I couldn't understand how it was even possible for Alexa to even pass something that large thru her extremely tight vaginal opening!

Hell! With his length and the shape of his cock, the tip of his cock had to have been buried past her cervix! Injecting all his dog cum directly up into her womb!

Alexa loudly groaned and I yelled at Max!

Max ran out of the room and I got on the floor to help my wife. I would deal with him later.

"Alexa..." I started, then I sighed... vividly remembering her extreme sexual responsiveness from the dog raping her...

How I had stood in shock seeing Alexa's sexual responsiveness..., then seeing her actually start *FUCKING BACK* before she realized I was there!

In my indecisive shock seeing her do this I had inadvertently allowed this huge dog to keep on raping her, then, witnessing the many intense orgasms she had...

My inaction in stopping it plagued my conscience, utter confusion seeing her sexual responsiveness, of her many orgasms - her many *huge* orgasms! I wasn't too sure of what to say?

Finally, but it had been only a matter of seconds of conflicted thought and emotions, I held Alexa tight, lifting her up and holding her, telling her I loved her and everything would be alright...

Alexa cried and cried. She finally calmed down and she said she had to take another shower and douche, which I understood perfectly...

I told her I was going to take Max out to the stable and keep him in one of the stalls until we can figure out what to do with him, agreement or no agreement with his owner.

Alexa replied,

"No, it's over and done with now, and Max wouldn't understand why he was outside in a horse stall. He just did what came naturally for an unneutered male..."

"Just keep him in the hallway for now and shut our bedroom door."

Alexa turned and went off to take a shower. Turning around and walking away, I saw rivulets of cum had coursed all the way down her long, tan athletic legs...

~~~~~

### CHAPTER THREE

I waited for my wife to get out of the shower. I heard the bidet going for quite a while, then the shower came on, hearing the water pump kick on for the full body spray option. The sixteen nozzles

that would blast every inch of her tall, lean gorgeous body with high pressure sprays.

I wanted to talk to Alexa and try to comfort her, but wasn't certain if she was up to it – or I, but I had too, my responsibility was to comfort my wife at all times...

I figured we both needed a couple of stiff drinks...

Opening the bedroom door, Max tried to get past to go back into the bedroom but I blocked him. He followed me as I went to the main living area, whining at me almost the entire time staying close to my leg, I guess sensing my mood...

I went to the bar and made up two very tall scotch and club sodas with ice in the largest tumblers we had, making Alexa's half scotch...

I myself shot back two hefty hits of the excellent single malt scotch, then, I took our drinks into the bedroom to wait on Alexa to emerge from our master bath.

Alexa came out wearing one of her short thigh-high thin silk robes, thin enough with the backlighting to see the robe was all she wore. Alexa hesitated looking at me, then became visibly upset again...

I went to my wife gathering her in my arms and she started crying. I asked if she wanted to talk and she nodded yes.

I handed her drink and again she surprised me by the long pull she took, emptying half the tumbler...

The stiff drink seemed to restore some of her fortitude, still I noted how tightly she held her glass...

I gently asked her,

"How in the world did you get into that position with Max?"

Alexa told me that she had taken off her rings like always does to put on lotion, she stumbled, tipsy from the almost full bottle of wine she had with dinner, and one of the rings fell off the bedside table and rolled under the bed...

"When I was in the shower I got horny and played with myself a bit then I held off climaxing waiting to jump you when you came back from working on your old jeep..."

When I got down and started under the bed to pick up my ring Max suddenly mounted me! At first I didn't act to get him off of me, figuring it was just a normal thing that dogs do and that he would stop in a moment, then his front paws wrapped around my waist and his claws began scratching into my thighs!

I was in a terrible position and he was far too big, strong and heavy for me to push him off and away from me!

All I knew was that I was trapped with my head and shoulders under the bed and a huge, powerful heavy dog kept me pinned in place despite how hard I tried to get up!

Then he began furiously humping me and he pushed me up against the bed!

I could feel the wet tip of his cock wildly jabbing all over the place, hitting in-between my ass

cheeks, my inner thighs – every thrust getting intimately closer! His cock was squirting precum all over my ass and pussy! Then, the tip of his cock jabbed at my anus a couple of times... I felt the tip penetrate! I jerked up to get it out of my ass but that move just aligned it with my pussy and then, then, he was FUCKING ME!

Oh god, he went berserk once he felt he had it in me!

Slamming its entire length in and out with each stroke!

He was fucking *hammering* my pussy with incredible speed and power!

His cock felt even longer than you and you are pretty considerable! After the initial shock of feeling his actual penetration, with incredible sexual horror, I realized it was beginning to feel amazing but it was also abhorrent knowing what was causing it!

Then I felt my pussy starting to be stretched and I am pretty sure that with each thrust his cock was getting ever bigger! His paws were gripping my waist with an unbreakable hold and I could feel him trying to push deeper.

I've never been fucked this hard or this roughly before...

Nor had I ever realized it was possible to be fucked like this...

To my great disbelief, I realized it was extremely pleasurable...

I felt my body involuntarily responding sexually!

Rebelling against my mind's rejection of the situation even though I felt my pussy getting tighter from the swelling of my vaginal tissues by the rushing inflow of blood and hormones suffusing them despite my repulsion at the forbidden act happening to me!

And, and, then I found myself going to that place only a woman who is getting fucked hard and fast can go...

I tried denying what I was feeling! Trying to repel instinctual sexual feelings knowing it was wrong. but I, I just *couldn't*!

The sensations was totally overwhelming! It felt so primal! So visceral!

While it was happening, I kept asking myself over and over,

'What the hell's wrong with me?

I'm being raped by a dog and my body is getting turned on by it???'

I realized I wasn't in control of my body anymore! Things were just happening and my body was instinctually sexually reacting to the intense fucking I was receiving!

Belatedly I realized that the bottle of wine I had drunk had heightened my sexual sensations of Max's huge cock rapidly raping in and out of my pussy transforming an otherwise horrific and disgusting experience into an intensely pleasurable one...

I was shockingly unprepared and distressed of the rapidly escalating wanton sexual need I felt quickly arising within me on a level so deep within, so primitive, that I could do nothing to control it,

let alone suppress it...

As he continued fucking me I knew I would be cumming soon on this damn raping dog cock! Already I had felt my long delayed impending orgasm when I was in the shower rapidly escalating to a peak far faster than I had ever felt before...

Oh Matt, I feel so ashamed and completely degraded!

I'm totally confused how my body could betray me by becoming so aroused by an animal *fucking* me...

Perhaps I shouldn't have drunk that almost entire bottle of wine..." she said.

I held Alexa replying,

"Honey, it wasn't your fault, the wine certainly amplified what you were feeling, you well know how horny you get when you have been drinking.

Besides, Max is a very large, powerful animal and you were in a vulnerable accessible position, plus you were trapped where you could not get out. I daresay any woman being in that position, naked and trapped the way you were, would have had the same thing done to her, nor would she be unable to suppress involuntary arousal..."

I tried rationalizing with Alexa that she is an incredibly sexual woman, easily multi-orgasmic, and she must have to be one of those women who cannot control their sexual arousal despite what is causing the stimulation, like some rape victims who cannot help climaxing despite the awful circumstances, and alcohol and/or party drugs just hastens sexual effects.

Our bodies instinctively respond to fear and our bodies instinctively respond to sex. Our bodies instinctively react! They do so uniquely and often entirely without our conscious permission or intention.

That some rapists do their damndest to ensure their victim climaxes so they will be too embarrassed to report their rape and later, having to testify in a courtroom admitting that they had climaxed.

"Honey, you can't help having a natural instinctive bodily response that you had absolutely no physical or mental control over!

The sexual stimulation was just too overwhelming! The physical sensations completely overriding and fully suppressing your mental inhibitions..."

"Yesss... that must be it... Alexa softly replied, adding,

"My legs were forced wide apart, I was being wildly brutally fucked with unbelievable bestial energy that was rapidly driving me towards an unnaturally powerful climax! I, I knew inevitably that I was going to be forced to cum on this huge, damn raping dog cock...

Never have I been able to stop an orgasm once I felt a climax building!!!

And I couldn't resist climaxing, more than once...

And once I had my first orgasm, there was no stopping the others...

As we both well know, I'm easily multi-orgasmic...

The stimulation of his rapidly thrusting odd feeling cock while squirting hot precum into me was unlike anything I had ever felt before, even with those fantasy dildos I have, I guess the difference is that it was a real cock...

Then in addition, when his swelling knot began surging its way back and forth through my tight entrance, I had never felt anything so unique! The incredible pleasure this sensation was creating totally displaced any rational thought of how wrong this was...

Then sheer mass of his uniquely shaped cock, expanding me from within felt so pleasurable odd, unlike a man's penis, yet the alien sensations only made my pussy constrict even more...

Then when he fully knotted me I felt as if I was bursting I was so stuffed and stretched!

The knot lodged within me was exerting enormous pressure in my pelvis and was still growing!

And his knot was placing unrelenting pressure and rubbing against my G spot stimulating me to have more orgasms!

I still can't believe it swelled up so big inside me and I was able to take it all!

Once he knotted me, I could feel the squirting tip of his cock pushing way past my cervical opening!

Feeling his hot sperm exploding directly up into my womb, feeling an intense liquid warmth spreading with a growing pressure in my womb he was pumping so much into me! His cumming seemed to go on *forever*...

I'm, I'm just so damn confused and upset that despite my screaming denial in my mind, how could this have been so incredibly pleasurable - being *raped* and *fucked* by an *animal*???

Especially my overwhelming sexual responses to it!

What I was feeling was overriding all rational thought...

Matt, I have to admit that over the years, when my girlfriends and I have been drinking quite a bit, our talk gets pretty rowdy and raunchy...

Occasionally they had cattily talked about knowing girls who had willingly, or unwillingly, done this... and of course more than once you and I have come across *those* websites while searching for an adult movie to watch...

Yet I still can't believe this actually happened to ME!"

A renewed onslaught of emotions slammed Alexa as she started crying again and I went to hold her tightly.

I again apologizing to Alexa for not getting to her sooner...

I shushed her while stroking her hair, trying to keep her from talking further about it - for my own selfish reasons...

Alexa graphically discussing what it had felt like had caused my own involuntary arousal - again!

My wife's thin diaphanous silk robe was loosely tied with a sash, most of a bare firm full breast exposed, the thigh-high length revealing glimpses of her naked glorious hairless pussy every time

she shifted her hard, ripped statuesque body – all contributing to my increasing arousal!

In a seemingly vain effort, I tried to suppress my own impulse knowing how wrong it would be of me at this moment to make a sexual move with my incredibly gorgeous wife...

Alexa then finished her drink in another long pull, demonstrating the shock she was still in. She looked at me hesitating...

“Honey, do you mind fixing me another drink, with a little bit more scotch? I, I think I need it, I still need another stiff drink to help me calm down...”

“Sure sweetheart, you certainly need a little medicinal help to get you to relax and clam down. Just talking about it only helps so much but that is not what you need right now, not immediately after what just happened... Later, more talking will be good though...”

I went back to the bar and made her another drink, just like she requested, the tall tumbler three-quarters full of single malt Glenfiddich 30-year old scotch, the rest ice and a bit of club soda. I made myself another as well.

~~~~~

CHAPTER FOUR

I went back to the bedroom. Again Max tried to get into the bedroom. I shut the door in his face, Max pitifully whining on the other side.

Alexa was standing at the big bay window gazing out at the approaching storm, her arms wrapped around herself. Understandably, Alexa took another long pull, drinking about a quarter of her drink while standing there.

I dimmed the lights to better see the coming storm and keyed some soft music to help Alexa relax, then we laid on the bed and held each other, drinking our drinks. Listening and watching the storm rolling in over the hills through our floor to ceiling wall window – and Max whining outside our closed bedroom door...

It started raining, then thundering and lightening, and one thing Max was afraid of was storms...

He began making a hell of a ruckus outside the closed bedroom door. With the crack of thunder from a nearby lighting strike he began barking and howling and pawing at the door. So Alexa said to let him in before he scratches the door, that everything would be fine until the morning.

I let Max in and he jumped up on me happy as hell!

I pushed him down and told him over and over what a bad dog he was. He put his tail between his legs and ran to my wife for protection.

DAMN! Alexa is going to flip!

However, she told Max to go into the corner and lay down on his bed and he did as he was told.

Alexa said she was still upset with what happened, but she didn't blame him, really...

Her statement confused me...

Then she clarified it...

"After all Max was just being a dog and didn't know any better, just sexual instincts for an unneutered male dog who had smelled my female arousal from playing with myself in the shower..., and you know how intimately nosy he is with me, sometimes an embarrassment when my girlfriends are over when he pokes his nose where it doesn't belong..."

After about twenty minutes, Alexa had demolished three-quarters of her stiff drink in her quest to quell her nerves.

Max let out a whimper and Alexa looked in the corner where his bed is and Max was still there looking at her with doleful eyes, shaking with his nervousness from the loud storm. He started whining at her. Then surprising me Alexa called,

"Max, Come here boy..."

Max came slinking over to the side of the bed where my wife was, probably a combination of the booming storm and knowing that he was in trouble because he had been yelled at. Max cowered and whined each time he heard thunder, his whole body shaking with the noise. Then my wife surprised me again, Alexa encouraged him to jump up on our king-sized bed which he did and pushed in between us and laid down beside her. She took his head and told him he was just a big puppy, but he was wrong. What happened was wrong.

Alexa was laying propped up on the pillows, her robe half open, sash fully undone, one full very firm breast totally exposed and most of the other. One gloriously long, toned athletic thigh along with her fabulous pussy also fully exposed.

Then, all of a sudden, Max started licking Alexa's neck in gratitude, I think...

Alexa let him lick her neck but as he began licking further down reaching the top of her full, firm bare breast she slowly pushed his huge head away - but not before I saw her tiny nipple grow diamond hard...

Max resettled on the bed laying down, his huge head right by Alexa's knee.

Max was visibly trembling from the raging storm that was giving us quite a light show with numerous booms of thunder. Alexa started lightly stroking his head trying to calm him while she gazed outside at the storm sipping the remainder of her drink.

A few minutes passed then I couldn't believe it! Max's tongue came out and gave Alexa's leg, starting at her knee, a long, slow, coarse upward stroke...

I watched my wife very intently to measure her reaction...

Startled, Alexa slightly flinched jerking her leg and Max stopped, Alexa giving Max a sharp look but she didn't reprimand him, relaxing again...

Alexa finished her drink then silently reach over for my glass that still was a bit less than half full...

After a few moments, Max gave Alexa's leg another tentative lick, in response Alexa slightly tense up then released it. Max briefly halted, but then resumed very slowly licking the inside of Alexa's leg by her knee!

Alexa subsided lazily leaning back against the pillows drinking my tumbler of whiskey as Max started languorously licking her leg, incrementally licking ever higher...

To my immense amazement Alexa let down her resistance a little more as she gazed out the big floor to ceiling window at the spectacular storm now lighting the hillsides with bright flashes with accompanying loud booms that shook the house, her legs ever so slightly opening a bit further as she relaxed more and more...

Max's long powerful tongue was languorously lapping slowly, left and right, back and forth...

I could only assume by Alexa's fully relaxed languid pose with her short silk robe now completely open exposing more than half of her beautiful, hard-ripped body – including her glorious pussy, that her two tall stiff drinks she had drunk in the course of forty-five minutes, about a pint of scotch in all, had done its intended job – helping to calm her.

Plus Alexa still had most of a full bottle of wine coursing through her that she had with our light dinner a little more than two hours ago. Now my gorgeous wife appeared to be completely relaxed – and I'm sure she was way more than just tipsy...

Don't get me wrong, Alexa enjoys a glass or two of wine every so often with meals, but she is more of a social drinker, however when Alexa has her best girlfriends over for a long weekend she and her girlfriends become party drinkers and they get drunk and wildly cut up like they use to do while at the university.

I assumed Alexa feeling the strong slow licks from his powerful tongue on her legs, it was nearly comparable in feeling to the massages that she so greatly enjoys me giving her, especially the sensual kind with lots of oil...

Max was slowly licking ever higher up her inner leg, seemingly intent on covering every inch, then, his slowly encroaching tongue lapped out hitting her left upper inner thigh...

As Max continued languorously licking Alexa's upper inner thigh, seemingly involuntarily, stunned I watched as Alexa's legs slowly were spreading ever wider apart on their own volition, then, her knees began inching out, opening herself up even more...

Recalling Alexa's earlier sexual responsiveness to her doggy rape – and her incredible resulting orgasms, an unfathomable dark unnatural sexual desire began welling up inside me seizing total control to the point that I decided to say nothing and stop nothing...

An insatiable, undeniable, sexual curiosity as to what extent Alexa would allow Max's lasciviously licking tongue to advance...

~~~~~

## **CHAPTER FIVE**

Very lightly I started caressing Alexa's lustrous hair to get her to fully relax and completely give in to the sensations of Max's licking, caressing her arm as well, with feather soft touches on the edge of her bared firm breast – and subtly making her aware I knew fully that Max was ever so slowly inching his long powerful tongue towards her most intimate and erogenous area...

Several moments passed as his slowly encroaching tongue crept higher up my wife's toned inner thigh, then Alexa whispered,

"Matt..."

Alexa softly breathed out...

"Ssshhhhh..."

I softly schussed her, then whispered,

"So far, you've enjoyed your legs being lick, if it still feels good keep enjoying it!

It's okay..."

"Yes, *but*..."

Alexa never finished her sentence. Instead, she tossed back the rest of my whiskey, emptying the glass and setting it on the table, then after a lingering glance downwards at Max languidly licking her upper inner thigh, she turned her gaze back to the large bay window and the tumultuous raging storm outside...

Max's tongue slowly licked ever higher, Alexa's eyes have gone to being half-closed, her legs fallen completely open, tongue incrementally nearing the widely spread juncture of my wife's open thighs...

Ashamedly I knew I was taking wanton advantage of Alexa's very inebriated and exhausted physical and emotional state caused by her earlier turmoil...

Acknowledging that for this moment, I had become a suddenly selfish deviant bastard!

Her dear loving husband who would do anything for her! Who would be willing to give his life to save hers!

Yet this uncontrollable undeniable abnormal sexual urge had me firmly in its clutches! To once again see my incredibly sexy gorgeous wife in a real-life despicable bestial sexual fantasy...

I was in too much shock the previous time to see it for what it really was...

An amazing sight to behold!

One of the world's most incredibly beautiful women with the hottest sexiest body, convulsing as a thunderous earth shattering orgasm slammed her body and rocked her world!

Vivid remembrance of Alexa continuing to work her hips up and down *fucking back* against the massive canine cock thrusting into her!

Watching it as it was thrust in and out of her exquisitely tight cunt with long, long rapid brutal strokes with loud wet squishing sucking noises on each thrust and withdrawal!

I noted Alexa's tiny nipple on her double D bared breast was growing turgid, getting diamond hard, more telling - her hairless vaginal folds were slowly swelling from arousal, the edges just beginning to openly part, reveling a glistening hint of moisture within...

My hand was still softly caressing the edge of her bared breast with feather touches. I started easing my hand toward her tiny hard nipple...

Alexa is one of those women who loves having her breasts and nipples played with. As her passions mount, she loves for me to gradually to get rougher, gently pinching her nipples...

She has even contemplated getting her nipples pierced!

Several of her girlfriends telling her how much it incredibly adds to sex, especially if she also had her clitoral hood pierced as well! Her girlfriends having described to her how the stud rides directly against a woman's clitoris in the missionary or cowgirl positions. Her girlfriends have told her no woman can resist the incredible stimulation and can't help but have multiple intense orgasms...

Oh, yes, my dear sweet sexy wife had confided to me which of her girlfriends have had clitoral piercings, and of course I could easily tell which ones had their nipples pierced from the outlines of their skimpy bikini tops, and of course the high definition surveillance system around the house had frequently recorded them around the pool topless or completely nude when I was away!

Still, I refrained from any overt sexual moves, just letting the tip of my finger occasionally brush against her hard nipple, wanting Alexa to fall irrevocably deep into the indulgence of the caresses and the effects of the alcohol suffusing her gorgeous, hard-ripped voluptuous body...

Granted, Max was taking his own sweet stimulating time getting to Alexa's most intimate and erogenous area that lay fully bared...

Currently, he was slowly licking the large adductor muscle of Alexa's upper inner thigh - so near yet so far!

His tongue just about two inches from her gorgeous hairless pussy - but now with very obvious telltale effects...

I glanced over at Alexa...

Her eyes were closed, jaw tense, her tongue in cheek with trepidation, one hand slowly curling into the sheets... I looked down, her vaginal folds were still swelling, labia lips now fully openly parted, glistening with moisture...

Max's tongue languidly crept ever closer, his tongue, now two, no, now one inch from Alexa's wetly glistening pussy, my wife's swelling clitoris was beginning to fully emerge from its hooded enclosure...

Another quick glance at Alexa...

Her body began trembling, her flat muscular abdomen repeatedly tensed hard and her hard nipple breasts began rapidly rising and falling as her respirations visibly increased...

Glancing between her outstretched thighs I could see her full pouting pussy lips getting wetter as they glistened with anticipation, one hand was tightening her grip upon the sheets, her other hand sliding onto my upper thigh, perfectly manicured nails starting to press in...

My fingertips lightly began rolling her tiny hard nipple, her breath caught, her back slightly arching...

Alexa began slowly sliding her other hand up under her robe fully uncovering her other breast, reaching for her nipple, tweaking it...

For several moments, Alexa and I both worked her beautiful, firm perfect breasts, tweaking her hard tiny nipples, her visible arousal and her intense concentration with what was going on above, and below, growing by the second. Then...

Before Alexa could react to close her legs, Max's giant powerful tongue snaked out and ran the length of her small vaginal slit from her anus to her pelvic bone...running over her now fully protruding clit like an electric shock eliciting a loud gasp from my wife!

The surprise froze her long enough for Max to get in yet another powerful swipe of his long tongue...

Another small gasp came whispering out between Alexa's sensuously slightly parted lips...

Nails suddenly pressing deep into my thigh! Her body instantly tensing again...

Shivers began racing over her flat taut belly and across her trembling tits!

With the next swipe of the Mastiff's powerful pressing tongue Alexa twisted slowly against the mattress Alexa letting out a low sexual moan!

Then Max slowly swiped up right in-between the lips of her now swollen and fully openly parted labia, then, over her swollen protruding clitoris...

A deeper moan this time emerged from Alexa as her body arched for a moment then fully relaxed...

Astounded, I watched as Alexa slowly opened her legs even further! Fully allowing total access to her tight, beautiful, hairless cunt!

Max slowly licked Alexa's pussy, noticeably getting a little bit ever more energetic!

Successive strokes of his tongue came in an ever faster and steady pattern, my wife moaning with each swipe of his tongue, Alexa tilting her pelvis upwards with each swipe! It seemed this dog had perfected the art of cunnilingus!

I looked at my beautiful wife; Alexa was biting her lower lip with rising sexual tension, her respirations noticeably increasing...

Another long swipe of his powerful tongue directly up her open furrow...

*"Ummmmm!"* Alexa's head began rolling back, her long toned tan legs began quivering as she struggled to hold her widely spread thighs open to the dog's powerful lingual caresses...

Max's tongue was long and rough and seemed almost prehensile as the tip repeatedly snaked up beginning at the open cleft of her tilted up tiny cute ass, over her tight anus, through the muscles at the opening of her tight cunt, repeatedly trying to drive the tip into her vagina, then moments later, continuing up through her parted labia and over her swollen, protruding clit! Then, renewing the lingual cycle all over...

Alexa softly grasped my hand looking at me and said,

*"This is so wrong, but it feels so damn incredible!"*

Then she began asking me to forgive her, over and over...

I softly told her everything was all right, no harm is being done, if it feels good, just relax and keep

enjoying it...

I have to admit it was making me incredibly hot; watching my incredibly beautiful, hard body, voluptuous wife squirming with ever-intensifying incredible arousal, my words seemingly releasing her inhibitions.. She began tilting her pelvis further upwards pushing her pussy towards his now eager tongue, then, Max began concentrating on her swollen, protruding, throbbing clit...

*"Unnnnngggg,"* Alexa moaned, her toes curling, spreading her legs as far apart as she could! Her breathing grew even more heavy, her writhing's causing her unbelted robe to slip completely to either side of her firm toned body, both large, firm double D breasts now totally exposed in their full glory, rising and falling with her rapidly increasing respirations, her tiny nipples diamond hard...

Although quite out of the ordinary, what turned me on about it was the idea that my wife could be so "game" for sex that she'd get off doing it with a dog!

*"Ummm.... OOooooohh... OOOHHH! OOOHHH!"*

*"Ohhhh, My GAWD!"* she loudly moaned out!

Alexa's stunningly gorgeous lithe body suddenly writhed up in a great, passionate clench, relaxed, then she began *going with it...*

Mechanically rolling her hips! Following that great tongue's long, wiggling, pressing drag through her hotly incredibly aroused glorious pussy...

Alexa husked out it felt incredible...

Squirming in intense desire as the huge dog's inescapable powerful tongue probed between her exquisitely sensitive labia lips and the muscular tip of his tongue eagerly dug into the tight opening of her wet vagina while she was shaken by additional shuddering orgasms that mingled shameless guilt and wild wanton abandon! All the time partially reclining back against the pillows watching the dog's powerful tongue fuck the tip into her!

Alexa was seemingly blind with lust! I could feel her heart thumping with perverse passion! She had displaced my hand and had been pulling at her tiny hard nipples of her heaving breasts, but then she reached down with both hands to pull her tight sex open even wider for the powerful swiping tongue of the lusting animal...

The show between her long, tanned athletic legs was fascinating and it got to where neither she nor I could take our eyes away...

Alexa's knees began to slowly rise, toward her breasts and she spread her legs completely open for a full oral assault upon her heated loins...

Almost unconsciously, she again reached for her protruding tiny nipples with both hands as she watched Max between her raised spread legs...

The dog moved back in, licking faster, loving what he was doing, with her knees up to her chest he was slithering his powerful tongue over her tiny pulsing anus as well as pussy! My lust soaring witnessing her allowing the huge animal to dig his tongue into her pussy and ass!

Alexa was staring at this huge dog eating her out, her senses greatly heightened to this new world she was being exposed to...

Then Alexa looked further down and let out a soft gasp, actually seeing it for the very first time, her eyes taking in the massive organ that had grown out of its sheath... It was red, wet, and pulsating; there was no mistaking what that massive member was - and what it was ready for...

"Geez, he really is *hung...*" Alexa softly said. Then she hesitantly asked,

"How, how big was he when he pulled out of me?"

In a low voice I told her "knot and all, it must have been at least over nine inches in total length, nearly an inch and a half longer than me..."

When he was finally able pull his knot out of your tight pussy, it was still swollen to the size of a large lemon...

I couldn't understand how it was possible for you to even pass something that large considering how extremely tight you are! I still can't help being curious wondering the immense size it must have swollen to when it was locked inside you..."

"I, I think it must have swollen to the size of an baseball the way it felt... It also was exerting tremendous pressure on my G-spot causing me to have very intense orgasms..." My wife responded. Then she added,

"Your wonderful fat long cock is the biggest thing I ever had in me, none of my 'toys' are that long or as wide as you..."

Suddenly Alexa turned her head away and stared at me sharply, her eyes burrowing into mine...

"MATT!" she said in a harsh slurred whisper, "Don't even think it!

I can't believe I even letting him do this to me as it is..."

Alexa huffed in an indignant slurred voice even as Max continued his ministrations, then suddenly, another orgasm swept through Alexa's body...

"Oooohhh...Honey...I...uh...uh...uh..." My sexy wife had such a beautiful wild lustful look on her face...

"Oooohhh...Matt Kiss Me! Nnnnn...nn..nn..nn...m..m..m..nnnn!"

When she wasn't kissing me desperately, her head was thrown back. Sometimes her breath would catch in her throat, but mostly, Alexa moaned madly from the oral being performed upon her...

Then Alexa arched her back in a sharp orgasmic clench, seeming to hang by her hard nipples from her pinching fingertips, her face in ecstasy! The big tendons inside her thighs stood out, corded and tight with sexual tension. Slowly her orgasmic spasm left her, trembling, wanting more...

"Ohhh, Matt, I..."

I can't *help it*...

His tongue feel so incredibly wonderful...

~~~~~

CHAPTER SIX

I could see Alexa was torturously conflicted...

Never had she been sexually hesitant – especially when she has been drinking!

Clearly the two and a half stiff 20 ounce tumblers that contained mostly scotch whiskey that Alexa had drunk had her in an intoxicated state, slurring her words, lowering her inhibitions as demonstrated by allowing Max to be intimate with her despite Max having raped her less than two hours ago! My gorgeous wife's unrestrained sexual passion was fully on display! Her gorgeous sexy body was literally quivering with lust...

Seeing the sexual inferno welling up inside my incredibly beautiful sexy wife, my own lust had escalated to where it knew no boundaries – especially with the knowledge how incredibly sexually wild and insatiable Alexa can get at times – and this had become one of those times!

Alexa slowly closed her eyes, I saw her trying to form the word 'NO', but she couldn't vocalize it, in the highly aroused state she was in? No, not a chance...

My own unbound arousal overrode common sense and future repercussions watching the amazingly intense sexual responsiveness of my incredibly sexy wife! Despite the wrongness of it, taking advantage of my drunk wife and her lowered inhibitions, I absolutely had to know how far she would go! I decided to push her just a bit...

I reached a hand down, extending one, long, thick, finger...

Upon feeling my finger begin sliding into her, Alexa instantly started humping her tight pussy hard onto it! Fucking it! Deeply moaning with intense desire...

I started finger pumping her hot wet tight pussy, Max working his tongue all around her protruding, throbbing clit...

I extended another finger, the tip touching her tiny tight anus, Alexa instantly bucking to get it in...

No, not a chance...

Her thought of saying 'NO' trying to form on her lips immediately swept away when I began finger fucking her hot, highly aroused wet pussy, Alexa totally overwhelmed by the unbearable intense urges sweeping through her...

Again her thought of saying 'NO' banished! Forgotten completely upon feeling the tip of my finger pushing against her tight anus, her full concentration to get it worked into her too...

"OOOMMMHHH!..OOOHHH FUCK!!..FUCK!!!..FUCK!!!"

Alexa began chanting in a husky screaming moan! She couldn't talk!

"AAAhhh!! AAAhhh!! AAAhhh!!!"

Her writhing was intense and powerful! Whipping her loins up and down as she fucked my two long thick fingers while Max concentrated on her clit...

Alexa shot a hand out and grabbed my painfully throbbing erection and immediately started furiously jerking me!

Max suddenly stood up, rocking the bed with his 169 pound weight, he shifted his huge body but kept lapping away at Alexa's unbearably aroused pussy...

I saw that Max's cock was still partially out and within grasp of my wife's hand...

With my other hand, I gently pried her hand off my raging erection and slowly guided it over to Max's cock...

Alexa's eyes widened as she saw where I was guiding her hand...

But I didn't have to guide her hand all the way...

Unbearable sexual curiosity and the novelty of it, my wife herself slowly reached for his muscle, wrapping her fingers around his red rocket, her hand beginning to explore his pulsing swelling rod...

Alexa started slowly jerking it, making more emerge.... And out it came; three inches, four. Five. Seven, his erection becoming truly awesome - and two plus more inches still remained hidden away, waiting for an opportunity to burst out...

Max starting to hunch slightly... Suddenly, a jet of hot precum shot out giving one full firm breast a broadside! Alexa gasped from the heat and volume covering her hard-nipple breast, her eyes glued to the dripping liquid coursing off...

As Alexa slightly shifted her body so did Max shift again placing his front legs on either side of my wife's slim body, now standing between her widely spread legs and partly over her with his huge broad head facing toward us...

Alexa still kept holding his cock and slowly jerking on it..., seemingly mesmerized by it as she stared in disbelief she was holding and jerking a huge throbbing animal cock longer than her husband's own nearly eight inch long cock and jacking it off...

~~~~~

## **CHAPTER SEVEN**

I slid a hand under my wife's cute firm ass and very slowly began lifting her lovely cute ass up till her pussy was just a few inches from the tip of his cock and held her up in place...

Max's cock was still pointing down but I saw my wife subtly shift her hand to aim it directly towards her hotly aroused pussy...

Her labia lips fully swollen and openly parted with intense arousal, her clit totally swollen and fully exposed! Alexa, intently staring at what she was doing, kept slowly jacking the long canine cock that was visibly swelling increasing in thickness, the tip a scant three inches from her openly inviting pussy...

Alexa was about as sexually exposed as a woman can be!

Her long toned athletic legs spread widely apart and her slim hips up and suspended by my hand. Her hot tight cute ass was very firm against the palm of my hand. With the tip of one extended finger I began teasing her hot moist pussy making her moan and undulate her hips trying to manipulate my finger into her inadvertently bring her pussy, her undulating hips intimately bringing her pussy closer to the tip of Max's cock!

With Alexa's continued jerking of his cock, jets of precum again started jetting out...

Alexa letting out a low, deep lustful moan of intense desire as jetting precum began bombing her throbbing clit with liquid heat, drenching her swollen, openly parted labia folds...

Oh, Oh my God..... This feels *sooo fantastic*.... she husked out slurring her words.

Incrementally so she would not notice, I resumed lifting her lovely cute firm ass upwards as the tip of his red rocket unerringly zeroed in towards her tight entrance...

Then a powerful explosive jet of precum scored a direct bullseye against the entrance to her tight pussy! Alexa instantly deeply moaning with the sensation while at the same time her hips bucked in an autonomous sexual response further pushing her pussy even closer to the source...

I lifted her pert cute ass up just a bit more...

Feeling just the very the tip of his cock begin nestling in at her exquisitely tight entrance Alexa let out another a deep, lustful groan, then another powerful jet of hot precum was directly injected into her vaginal entrance...

In lustful amazement I watched my wife's hips repeatedly buck up in involuntarily sexual response seeking the sexually stimulating source, her actions actually causing the hot squirting tip to just barely enter her! Desiringly Alexa lustily moaned feeling the barest of penetrations...

Softly, Alexa whispered,

"Matt, I, I think I want to, to, let him *fuck* me... *again*...

Just this one time, *willingly*, so I can forever put this crazy curiosity out of my mind - and I know yours as well having let things again go this far! I can feel how hard and throbbing your huge wonderful cock is reacting..."

I couldn't believe it!

My gorgeous incredibly sexy wife was going to let Max fuck her again - this time willingly!

Suddenly my heart was pounding and I got butterflies in my stomach!

My mind was reeling as I watched the unbelievably erotic act began unfolding before me as my incredible wife started gently undulating her hips up and down moving just the tip of his copiously squirting hot precum cock an inch or so in and out of her exquisitely tight pussy!

I was dying to know what was going through her gorgeous mind!

What does a woman think about when she decides to allow her body to be used for mutual sexual pleasure - *by an animal*???

Was she thinking of anything at all or was she merely responding to her highly aroused sexual neediness in her intoxicated state and lowered inhibitions?

There would be no love or tenderness in this coitus, only savagely raw physical bestial gratification!

Did this excite her? Seduced by the taboo nature of what was about to happen and of having her own intense sexual cravings satisfied?

Was she thinking about his big, fat long cock and how it would feel again filling her exquisitely tight pussy as it throbbed and twitched locked tightly within her as his swollen knot rubbed her G-spot while pumping his voluminous hot seed deep up in to in her womb?

God, I wished I could hear her thoughts!

Alexa and I were on an entirely new journey! We were about to voluntarily fully enter a world of a societal taboo that previously we only laughed at when we frequently came across it while searching for a porn movie to stream...

Bestiality! To have sex with an animal seemed to be extreme, but what has been happening already was a path from which Alexa, in her intense drunken arousal and lowered inhibitions, there was no turning back from! She was seduced! Totally! Completely! And *willingly* this time...

I didn't say a word, instead, I leaned over and kissed her deeply and passionately, she moaned into my mouth as I kissed her, feeling her humping her hips a bit harder and faster on the tip of Max's precum squirting cock easing more into her, with her other hand she again reached for me, grasping for my own raging, throbbing nearly eight inch long cock...

She resumed jerking me, already slick with precum... We broke the deep kiss - or rather I did, afraid she was going to make me pop off I was so incredibly horny! Then, I slid the rest of her short silk robe off her incredible hard-toned body...

I thought she would probably give in...

Alexa is an incredible sexual woman, a wanton wildcat in bed who knew no boundaries, no limits! Especially when she has been drinking!

Correctly I anticipated how her unbearable arousal and sense of sexual adventure would not be put aside once she felt the tip of Max's cock squirting her pussy with hot precum, then how she wouldn't be able to resist, *at all*, once she felt his hot squirting tip directly nestled at the entrance to her tight pussy, the sensation which will rekindle the memories of the intense sexual gratifications she had earlier experienced...

And now, it was...

~~~~~

CHAPTER EIGHT

I felt Alexa raising her hips further up! Humping her slim hips sliding about two inches in and out of her pussy, Alexa gasping out...

OH DAMNNN! THAT FEELS *SOOO FANTASTIC!!!*

Her pussy was completely drenched in hot precum, both of us heedless of the liquid mess that was being created on our bed...

Alexa tried humping her pussy further onto the squirting tip of his cock, trying to get more of it in but she was at the maximum extent she could raise her body up even with me assisting with my hand under her cute ass. With a lustful disappointed groan Alexa drop her hips slightly dislodging the tip of Max's cock from her pussy....

Instantly Max began pulling his huge bulky torso forward while enthusiastically he began wildly thrusting his hips at Alexa's hotly aroused loins searching for her inflamed sex! Alexa suddenly became rigid feeling the savage sexual attack with his thrusting seeking red rocket!

Everything was happening so fast now!

Max was frantically trying to again find the entrance to her exquisitely tight pussy with little success. When Max arched his back humping I could see his penis swelling and squirting in the pocket between their two bodies. The tip of his penis was jabbing Alexa slightly above her pubic mound spraying copious pre-cum on my wife's muscular flat washboard belly.

I watched in amazement as Alexa clinched her tight butt and arched her back, pushing her pelvis up against his belly! When Max's hips pulled back his penis slid over her protruding clitoris then down between her swollen openly parted labia with the pointed tip positioned to reenter her! Shallowly he thrust forward again just barely penetrating into her hot, moist, velvety tight vagina...

Max shallowly began humping her a bit, teasing Alexa even further, but hardly more than two squirting inches was again slipping in and out of my wife's incredibly tight entrance vaginal entrance...

MMM! MMM! MMMM!!!!" This feels so, so *fantastic!!!* Alexa drunkenly slurred.

Alexa bit her lower lip again in intense sexual concentration as she further arched her back trying to get more of his hotly squirting cock in to her!

Stunned amazement I saw total lust and desire completely take over her lovely face, maybe three inches now slowly thrusting in and out, clearly seeing wanton lust taking full control of my incredibly gorgeous sexy wife...

Exasperated, Alexa suddenly blew out a loud sexually frustrated sigh!

She crawled out from under Max and quickly slipped off the bed and got down on the floor on her hands and knees! Her body trembling with anticipation! I grabbed a pillow and placed it under her hands in case she wants to rest her elbows. Without her noticing I then grabbed my cell phone off the night stand table and set it to record! Max excitedly jumped off the bed and went right to her. He aggressively mounted Alexa! His furry chest slamming down on her back!

"OHHH!" she cried, bending under his 169 pounds of weight causing her to tilt her cute firm ass upwards as her knees spread widely apart.

My heart seemingly paused that this was really happening!!!!!!

Max's front legs repositioned around her narrow waist holding her tight and immediately he pulled her slim hips back into him...

Alexa's eyes were wide open and so was her mouth as she hung there, waiting...

Then Max's instincts took over and he began to pump and thrust his swelling red rocket! Frantically humping Alexa searching for the hot wet target of Alexa's now willing tight cunt!

Repeatedly he missed his willing target as his powerful hips rocked rapidly relentless in his frantic humping, lunging forward trying score!

His hard visibly swelling cock gliding over both my wife's tiny exquisitely tight ass hole and tight pussy poking away several times at each tight entrance making her squeal!

Alexa shifted her body so Max could have a better aim holding her breath with anticipation until he neared his mark... Once he did, Alexa actually rolled her pelvis up and pushed back centering and aligning the trajectory....

The sudden look of surprise on Alexa's face told me that he had found her...

The loud piercing sexual squeal that erupted from my gorgeous athletic wife was exquisite in sound piercing the air in a shrill and desperate shriek!

"OHHHHHHH *FUUUCCCKKK!!!*" Alexa shrieked out feeling just over nine inches fully burying itself in to her tight womanhood in one thrust completely filling her up! Plunging straight to the end of her welcoming tight vaginal sheath!

There was not a shadow of a doubt that Max's thickening long male muscle was fully inside her!

She was *fucked*.

No way could Alexa stop what was happening – *again!* Max was too powerful!

Hell! I don't think even I could break his foreleg hold tightly wrapped around and under my wife's slim waist with his single-minded focus on fucking and if I tried I'm sure I would have gotten bit in the process and maybe Alexa too!

As Max instantly began to brutally pound Alexa fucking my wife harder than I ever dared Alexa cried out with each impaling thrust,

"OHH! OHH! OHH! OHH! OHH!!!"

Max was fucking her with berserker frenzy! Savagely ravaging her tight pussy with renewed vigor. Alexa's cries were loud and strong but her tone reflected more disbelief than anything else! It sounded more like a feeling of incredulity that she was actually doing this AGAIN!

The extremity of *again* having societal frowned upon intercourse with an animal – this time of her own volition! Too much for her to absorb! And I felt the same way...

Watching my gorgeous sexy wife kneeling upon the bedside area rug, head down, cute firm ass tilted up into the huge rampaging canine cock thoroughly ravishing her, Alexa's tall, slender, athletic frame jerking with the brutal pounding jack hammer thrusts of the swelling canine cock going in and out of her loudly squelching wet tight pussy at an lightning fast pace, her firm double D breasts jolting in fast sharp arcs with each fast brutal thrust, seeing her full acceptance of *willingly* being fucked by an *animal* as lustful moans and gasps of pleasure came again and again from her openly parted sensuous lips, it, it was more than my own libido could handle...

My hand went down grasping my own raging cock and I started jacking it...

Alexa's cries were softening a little. She was taking her brutal fucking extremely well despite being utterly helpless beneath the huge Mastiff, but still bravely bracing herself as she fully took him keeping her cute firm ass tilted up into his swelling rampaging cock....

Alexa gasped out how big his cock already was and how much it was swelling filling her! She yelled

at Max to 'Fuck My Tight Cunt! Knot Meeee!'

"FUCK ME! FUCK ME!" Impassionedly Alexa loudly wailed repeatedly as her tight pussy was savaged by the violent bestial fuck-strokes of the huge dog...

This huge dog, *again*, on top of my gorgeous wife pounding away at her! Punishing her superb body as he drove his swelling rod into her as deep and hard as he could! He was fucking her, banging her, hosing her, screwing her with every considerable bit of animalistic sexual strength he possessed!

Max was in a world of his own, aloof and concentrating, completely unaware of the erotically lustful artwork he was helping to create of the permanent memory in my mind - along with the cell phone recording in 4K ultra-high definition...

The short dark fur of his 169 pound powerful well-muscled body was uniquely dissimilar in contrast to the incredibly beauty of my tanned, athletic nude wife who was head down and ass tilted up below him as his ever swelling canine cock rampaged in and out of her dripping tight cunt! Max had overpowered and sexually dominated Alexa completely, male over female, fully thrusting nine plus inches of his sex machine inside her loudly squelching tight pussy with relentless abandon! He was brutally screwing her and screwing her hard! Harder than I had ever dared! Amazingly Alexa was holding up enduring his beastly assault and she was taking what he was giving her without complaint, submitting herself for the incredible fucking she was receiving...

It was primal lust in its purest sense - HERS!

DAMN! With a sense of awe I thought that I've never seen pussy get fucked that hard or as fast except in those few brief beast clips that my wife and I had watched out of curiosity and amusement!

I could see the sensations overwhelming Alexa - willingly this time! The sexual sensations sweeping through her like never before! It was both mental and, of course, physical...

And right away!

Her body began trembling, a prelude to an orgasm, then, it was upon her before she even knew it!

It spread through her body like a lightning bolt! Barely she had time to cry out,

"OH FUCK! MATT! I'M CUMMMING!!!

NNNNNNNNNNNN OHHHHH *FUUUCCCKKK!!!!*"

Alexa's gorgeous body once again begin its familiar dance with her earth-shattering body racking orgasm!

Her gorgeous athletic lithe lean body bucking and gyrating, throwing her head up and down, her body shuddering and quivering as she lost all control as her hips repeatedly bucked hard up onto the rampaging red rocket brutally assaulting in and out of her pussy...

Her fabulous large firm breasts jumping forward and back as they jolted in the air below unfettered in their beauty jolting in perfect timing with the rest of her body!

Watching Alexa's beautiful face as she displayed her passion openly, her mouth wide and gasping, her expression nearly desperate as she felt intense orgasmic sensations sweeping through her...

"AAGHH!! AH! SOO BIG! AH! OH YEAHHH... *FUCK ME!*"

"Ugh, ugh, *ahhhh...*" Alexa moaned out loudly over and over again as I watched with envy as Max literally plowed his ever-swelling nine plus inch long canine cock repeatedly into Alexa's gorgeous body, violently fucking her with the blind determination of an animal seeking to satisfy his primordial yearning for sexual pleasure and release!

Max's huge balls where lewdly swinging between his legs slapping my wife's cute firm ass as I listened to the sloppy, wet slurping sounds emanating from their conjoined genitals.

Alexa writhing and squirming like a woman sexually possessed under his firm muscular massive body as she strained to accommodate his wild thrashing as the huge Mastiff brutally used her body to satiate his bestial lust - *and hers!*

I grabbed my cell phone and knelt down, my heart pounding with arousal! There it was. Max's big red fucking machine disappearing again and again between the sopping, dripping swollen folds of Alexa's tight, little entrance! Copious doggy precum dribbling out! Her large clit hard and swollen protruding completely exposed from her hood! Alexa pressing her body down so her hard clit rode upon his rapidly thrusting shaft! I watched and carefully recorded for a long moment capturing every intimate erotic detail! Even recording the beads of moisture glistening on my wife's gorgeous body as incompatible male and female anatomies brutally pounded together in sexual fusion...

I set my cell phone back to catch the whole scene then I moved toward the front of Alexa and knelt in front of her. She leaned forwards and started hungrily sucking my raging throbbing nearly eight inch long cock!

I could loudly hear Max's huge canine cock rhythmically hammering back and forth inside her well lubricated sex making loud slurping noises! Only a jack hammer could have rammed her incredibly tight cunt faster! Alexa's prolonged moans around my two inch thick shaft rattled in step with each of his thrusts. Then she jerked her mouth off my cock but still kept rapidly jacking it as she loudly moaned out,

"Oohhuuhhohhhuh!" she rambled, "FU-UH-CK! F-FUCK *FUCK MEEEE!!!*"

Oh, OOH, OOOH, YESS!! *OOHHHHH...*

FUCK, FUCK, FUCK!! AAAHHH!! AAAHHH!!" Alexa repeatedly screamed and screamed as her hips rose and fell and rose again with each powerful thrust into her!

"OH DAMN! HE IS ALREADY TRYING TO *KNOT MEEEE!!!*"

Alexa screamed out feeling the pressure building and building against her incredibly tight narrow vaginal entrance as the huge dog brutally banged away at her forcing her to dilate to accept her knotting...

I saw Alexa trying to relax, let her body be visited, but she was jacking my cock furiously hard betraying that she was anything but relaxed!

My desire to blow my load all over my incredible gorgeous wife warred with wanting to see her knotted...

And during all this, Max was still brutally fucking Alexa's brains out!

I rose up grabbed the cell phone and knelt behind Alexa. I could see the knot forming, my eyes widened at the thought that it was going to get much, much bigger - and it was going to go *inside*

my wife whether she wanted it or not!

I saw Alexa bracing herself...

She was splaying her knees and legs as widely apart as possible, opening for him, yielding, as the massive knot began relentlessly incrementally invading, Alexa began squealing with her forced dilation, her squeals becoming ever higher in pitch...

"OHHHH!!!"

The knot seemed to visibly grow in front of my eyes even as he pushed it against her forcibly *prying her open!*

"Ohhhh JEEZZZ!!!" Alexa's voice broke as she sobbed at the discomfort...

But Max's pushing was brutally relentless ignoring her cries as he continued fuck-lust dictating his natural tendencies ...

I could see my wife's tight narrow vaginal entrance dilating, giving in to him, opening as the big red bulge began to incrementally disappear into her, a loud keening coming from Alexa rising in pitch as her vaginal opening was forced to open ever wider...

Then Alexa loudly screamed as suddenly the knot fully entered and stayed in...

Instantly Alexa's body began tensing as yet another sudden huge orgasm washed over her with the full knotty insertion...

"Ohhh, Matt... Oh FUCK!!! It's, It's So BIG!

And Its Getting BIGGER!"

My wife's jolting movement from still being fucked was different now, Max's cock now fully locked into her, her entire long lithe body jerking with short violent jolts as the huge dog kept pounding his hips into her, brutally lust-fucking her like the animal he is seeking release...

"OH! OH! OH! OH! OH!" Alexa crying out with his renewed savage thrusting...

Alexa tried staying with him now trying to pump her hips in unison right along with him! Trying to adjust to the growing width of his still swelling knot inside her...

His hips began jackhammering with Alexa with more brutal force than ever!

"OHHH! OHHH! OHHH! OHHHH!" The short thrusting strokes was a little different now, and their bodies jolted almost in unison now that they were tightly locked! Alexa's body jolted even more violently with the power of the huge dog's savage brutal fucking as his tight lodged swollen knot jerked her back and forth at their intimate point of contact...

Watching Alexa now, I had to wonder how much more of this my wife could take! For sure her pussy is going to be incredibly sore afterwards for days! Not that she had a choice now...

"OH FUCK! HE IS SO DEEP IN ME!

OH! OH! OH! FUUCCKKKK!!!

THE TIP OF HIS COCK IS STARTING TO FUCK PAST MY CERVIX!!!!”

By Alexa’s intense concentration and her actively fucking back as hard as she could, I knew she was *totally* given to what they were doing...

At this point I couldn’t believe the sight in front of me! My incredibly gorgeous wife was bucking uncontrollably as hard as she could to get his doggy cock buried in her deeper yet!

Alexa was shoving her irresistible cute, hard-as-steel ass back at him as hard as she could to try and get him to go deeper but then suddenly she sensed him starting to blow his load deep into her!

Max gave an even more violent thrust making Alexa scream loudly!

Max again humped her brutally hard ramming into my wife all the way to his balls!

Alexa gasped loudly crying out again this time with pleading desperation!

Then her eyes shot wide open wide staring straight ahead...

“Ohhh! FUCK! Oh, I feel him... *cumming*! RIGHT NOW!!!

OH FUCK! HE’S CUMMING INSIDE MEEE!

I FEEL IT!!! I FEEL IT!!!”

HE IS FUCKING SHOOTING UP INTO MY WOMB!

And as Alexa felt the jetting hot spurts exploding directly up into her womb she was sent over the top once again...

“Oh FUCK!!! I’M CUMMING TOO!!!!

OH, JEEEEEZE! OHH!! NNNNNNNNNNNNNNNNNNN!!!!”

Then, a piercing scream came out of my wife that could have woke the dead as she her orgasm peaked!

“NNNNNNNNNNNN!!!!” she screamed out!

“*CUMMMMING!!!*” Alexa hoarsely squealed out, barely able vocalize from the intensity of the massive orgasm that was in the process of rendering senseless! My wife climaxing just as intensely as the first time we ever had sex!

Once again her entire long, lithe gorgeous body quivered and quaked...

Her muscles losing control as they began to spasm, her vaginal muscles visibly *milking* his shaft in an autonomous orgasmic reflex...

Then my wife’s body *again* began to dance...

Her neck and shoulders jerking...

Orgasmic throes once again ripped through her tight, lithe voluptuous body shaking her with uncountable force! She had gotten off again! Incredible!

Alexa riding the throes of it, nearly collapsing, but keeping her elbows locked and her pelvis tilted upright for Max to finish pumping her...

This is so incredibly hot! The most fucking erotic thing I've ever seen!

The thought of Max fucking my gorgeous wife with his huge long cock forcing her to repeatedly climax and then cumming in her and forcing her to climax TWICE was driving me wild!

My swollen cock was painfully throbbing vividly imaging his huge cock swelling and squirting in her gorgeous tight body pumping her full of his copious ejaculation! Alexa's pussy still visibly involuntarily contracting *milking* his swollen cock welcoming his voluminous hot seed into the depths of her femininity...

I knew nothing would ever be the same...

No, not after this....

A stream of cum began leaking from the tight seal between my wife and the hugely swollen knot dripping on the floor forming a puddle, evidence of how much was being pumped into her.

"Ohhhh, *Fuucckkk* Matt," Alexa moaned softly and slowly slurring her words...

"Oh Yes, honey, you certainly did!" I husked out at her...

Alexa tilted her head, a quirky sly drunken grin developing on her lovely face, her long luxurious blonde hair cascading around her lovely features...

Breathlessly she whispered "Ohh... I, I... did, *didn't* I..."

"Ohhh, Matt..... I can hardly believe it....."

"Honey, you were superbly perfect!" I replied,

"It was the most incredibly erotic thing I could have ever imagined or be lucky enough to see!" I added.

Max The Mastiff now still, rested on my wife's back. His cock firmly lodged in my wife, amazingly her hips were still pushing against the giant dog shaft to the rhythm of her slowing orgasm!

After a couple of minutes Max dismounted my wife only to be stuck ass to ass!

My wife collapsed onto her firm bountiful chest, her ass up in the air hanging by the hugely swollen knot stuck inside her...

"It must be really tight in there..." I commented.

She closed her eyes and nodded.

"There's a tremendous lot of pressure," she said, "It's the cum or the knot. I'm not sure which. His knot keeps rubbing against my G-Spot every time he moves and I, and I think..."

Ohhhh, *ummmmm... Fuuuccckkkk!!!*"

Amazingly I watched as my wife climaxed yet again from his knot rubbing her G-Spot!

Over the next several minutes Alexa's body would occasionally tense, quiver then shake with several mini orgasmic spasms before she finally went completely limp under Max's motionless body.

As minutes passed Max continued ejaculating his copious seed directly up into my wife's womb. Alexa looked like she was in some kind of euphoric coma ignorant of the rest of the world. She kept squeezing and flexing her tight butt checks while gently rocking her hips into Max forcing his knot to rub against her G-spot. Periodically she would tremble and shake as if electric shocks were racing through her body as mini-orgasms coursed through her exhausted body...

~~~~~

## CHAPTER NINE

Then I got an idea...

My cock was copiously weeping with my own precum, my incredibly wife almost blew me to completion but I wanted to see her get knotted so we stopped. I moved behind Alexa and with my index finger I began rubbing my precum with the tip of my finger in little circles around her tight anus, then with some difficulty, I eventually was able to slowly begin working my finger into her tightly clenching pulsating rectum finger fucking her ass! This new intruder to her body made Alexa start squirming and moaning again...

Just inside the clinched sphincter muscles of her cute muscular butt I could feel a large ball that was Max's knot in her pussy! Filling her vagina and pressing against the wall of her rectum. It was *HUGE!*

I knew his knot was supposed to continue swelling inside a female after he became tied but I never realized how big he would get!

I turned my hand palm side up, rotating my finger in her tight butt, to see if I could feel how big he'd become. Alexa started squirming and began moaning again; I could feel her body pulsating around my finger as her rectum repeatedly squeezed and clenched my probing digit.

*His Knot Was As Big Around As A Baseball!*

Alexa began stirring again. Moaning and whimpering as her arousal quickly renewed!

I could feel Max throbbing in her pussy as he still kept on cumming inside her!

Knowing his huge knot was firmly pressing against her G-spot I gently applied pressure upward knowing it would increase the pressure of his knot and hopefully Alexa's pleasure...

Alexa stiffened then cried out as her body convulsed with another intense orgasm!

I couldn't help grinning!

Her tiny puckered anus was tenaciously clinching tight around my finger like a vise!

Keying on Alexa's positive reactions, I slowly began thrusting the tip of my finger, soon I was able to thrust my whole finger in her tight ass! Soon Alexa again came intensely hard on my finger! It felt as if her tight ass was going to pinch my finger off!

Max and Alexa remained conjoined in their taboo lover's embrace for what seemed like an eternity! Each obviously basking in the euphoria of the physical pleasures only their bodies could

share.

Max stirred a couple of times, arching his back and moving his hips which only served to re-affirmed his knot was still way too large to be freed from the exquisitely tight embrace of Alexa's sore cunt as her womb continued greedily drinking in his voluminous hot seed.

Each time Max would test their bond Alexa would whimper then tense her body in response to his movements. A weak, muffled cry echoing in her throat as his knot pressed against her G-Spot making her firm thighs shake and her legs and cute firm ass tremble.

I'd never seen a woman convulse with such raw physical pleasure like this before much less for so long!

The thought of her ecstasy being the result of a dog using her for their mutual sexual gratification was more than a bit humbling!

Then Max began leaning, pulling forward...

I looked between my wife's widely spread thighs to see her swollen labia rising outward between her thighs as it was being pushed and spread apart from inside her body!

The sight of his knot pushing and stretching her vaginal opening seeking release took on the kinky appearance of the birthing of his obscene penis as his ungodly knot began visibly crowning!

An incredible amount of copious sperm suddenly gushed, sprayed and bubbled around the still swollen orb with loud slurping noises as Alexa's incredibly tight vagina finally ejected the bestial intruder. As the still too hugely swollen knot suddenly popped free Alexa cried out with one last scream, surprisingly it was an oddly combined scream of pain and another orgasm!

Max's swollen penis was still big and red and angry as it emerged, hanging toward the floor now, his knot reduced in size to that of a large lemon. But most exciting was the gusher that erupted from

Alexa's honey chamber! The cum splashed out of her in a torrent! So much so that it pooled on the throw rug underneath her knees.

DAMN this was intense! Beads of sweat were rolling off my wife's gorgeous body! That bastard animal literally fucked her brains out - AGAIN! I couldn't get over the length of his nine plus inch long cock that Alexa had somehow taken fully inside her and his still quite swollen knot the size of a lemon! This was the hottest, most erotic thing I had ever seen!

With Max now out of her, Alexa had collapsed onto her elbows breathing hard...

~~~~~

CHAPTER TEN

Suddenly my wife reached out grabbing and holding me tight with tears in her eyes...

"Matt, *FUCK ME...*" she drunkenly slurred...,

"I need to know you still *love* me as much as you did after all this..."

Damn, I couldn't believe Alexa was ready to fuck again! Not after witnessing her having nearly a dozen screaming intense orgasms! She had to be and looked exhausted!

But where the hell was this sudden insecurity coming from? Alexa is the most confident, intelligent woman I had ever met in addition to being the most gorgeous! She knows how much I truly love and adore her and I would do anything for her!

"Honey, I will always love you, no matter what! I promised you that when we married! Nothing's Changed!" I told her.

I had no problem giving her what she wanted...

My cock already had sprung to raging hardness! Painfully throbbing! I wanted so badly to fuck my gorgeous sexy wife! **HARD!**

Now I'm fortunate to be not average in size either, sporting a cock nearly eight inches in length, and quite thick compared to others, two inches thick...

"*Please Matt Fuck me... Fuck me now...*" Alexa quietly cried.

I rolled my wife onto her back and knelt between her widely spread legs until my swollen cock was poised to enter her tight cunt, she could feel the blunt head of my cock resting at the sopping wet entrance to her vagina. She looked at me; her eyes looking straight through me...

"Fuck me... Fuck me... Do it... Fuck me... Don't Hold Back! Show me how much you love me..." Alexa breathlessly pleaded as she began rocking her hips back into me...

I couldn't stand it anymore; I needed to fuck her now. Staring back into the depths of the abyss of her blue eyes I began pushing my cock into her, pleasantly pleased her exquisite tightness still remained.

I started fucking away! Quickly pounding away at her like rabbits fucking! Fucking her harder than I have ever dared! Alexa fucking back with everything she possessed!

Her wet, tight cunt felt like heaven to my aching throbbing cock! Alexa repeatedly gasping every time I drove my cock into the hilt the tip banging against her cervix, Alexa never breaking eye contact as she dug her nails deep into my hips urging me to fuck her even harder!

I started fucking my wife for all I was worth! Harder than I ever fucked her before, not holding back! Slamming my painfully raging cock into her again and again and still Alexa urged me to fuck her even *harder* by furiously slamming her pelvis up into me!

I grunted and snorted like the animal I'd become as we fiercely took our mutual pleasure from each other!

Just when I thought my heart was going to explode in my chest I felt my body squeezed by rapturous vice as my soul was ripped from inside me to shoot through my cock and explode into her tightly clasping convulsing volcanic cunt!

I experienced a climax just as incredibly intense as the very first time we ever had sex with each other!!!

Alexa had her own explosive climax at the same time too! Her's went on for a long time as a woman's does, cascading orgasms rolling her letting the wildcat in her emerge; her nails raking my back leaving furrows!

Her heels behind my thighs kicking me hard spurring me on to keep fucking her incredible sexy body and exquisitely tight pussy to prolong her intense cascading orgasms! I could feel blood seeping from my back as her tight pussy repeatedly spasmed around my cock, then, Alexa purposely clenching it over and over again, *milking* every drop from me...

The rhythmic thumping of my pounding pulse in my ears was almost deafening as I lay on top of Alexa trying to catch my breath! Our eyes remained locked in a hypnotic trance as her body shuttered beneath me with another orgasm as I felt her tight pussy once again repeatedly spasm around my cock! The expression on Alexa's beautiful face was a mixture of pleasure and pained exhaustion. She felt like an extension of my own body as my cock remained semi-rigid in her hot, silky tight cunt. My body pressing down against hers as her extraordinary firm double D breasts resisted and pushed me back with every breath she took, her tiny diamond-hard nipples like pin pricks against my broad chest...

My cock felt every subtle movement of her firm, athletic body amplified through her exquisitely tight cunt; the quivering of her rock-hard flat abdomen, the rapid beating of her heart, every gasping breath of air she took.

I didn't want this to end! I wanted to stay inside her and make her cum for me over and over again in reaffirmation of our great love for each other. I slowly gyrated my hips using my cock to churn the cum in her vagina as it flowed and oozed between us. In a desperate attempt to remain hard I tried imagining Max's huge knot when he was buried inside her as his cock spewed his hot seed. But my vain efforts were for naught as my cock was done...

Reluctantly I rolled over onto my back pulling my limp cock from her vagina, a slimy trail of cum following my cock as it slid across her thigh.

We both cuddled each other on the floor for some time eventually calming down, then we headed off to shower together, Alexa cupping her hand against her pussy to prevent any more cum from gushing out of her until she could get to the shower and douche. There was already a copious stream coursing down both her legs, in addition to the large puddle saturating the bedroom throw rug...

~~~~~

## CHAPTER ELEVEN

Once out of the shower, Alexa told me that after she had time to calm down, she couldn't believe she had been fucked by a cock even longer than me and was by far the best fuck she ever had - except for me!

Not that Alexa had ever slept around, just the one other guy before she met me, her high school ex-boyfriend that she briefly gone all the way with who had popped off in his condom just trying to

enter her exquisitely tight pussy – but not counting the girls she had slept with – and their dildos...

“Matt, I know it wasn’t natural, something that society frowns upon, but you know how horny I get when I’ve been drinking, and I got pretty drunk after the first time with Max...

I, I couldn’t help myself remembering how it felt..., especially amazing was feeling his cock expanding and lengthening inside me, the knot stretching my pussy unbelievably beyond anything thing I had ever felt! Then, feeling powerful jets of copious hot precum and cum squirting directly past my cervical opening and up into my womb!

It was like a hose going off in me he was so deep! Then his swollen knot pressing and rubbing against my G-Spot kept provoking me to have more orgasms...”

“Honey, I have to say, you looked incredibly erotic! You sent my arousal skyrocketing to the stars! Especially seeing how intensely you responded!” I replied.

Alexa looked at me in absolute shock, and I shrugged saying,

“What? It was unbelievably hot seeing an incredible gorgeous woman, yourself, doing what you did – especially your screaming orgasms!

Most men would be lying if they hadn’t at least once fantasized about their hot wife or girlfriend doing this...

“YOU’RE JOKING?” Alexa loudly exclaimed.

“No honey, no joke” I replied as I pulled her to me and kissed her deeply, and she kissed me back...

“*Fine*, I admit it was intense, but I still can’t believe a dog fucked me... *twice!* And I still can’t believe I *willingly* let him the second time...” Then Alexa trembled....

“But, I, I have to get past the fact it was with a *DOG...*” Alexa said with a low voice, slightly slurring her words.

“Why? What so different if you had gotten yourself off with one of your toys or vibrators instead?” I asked.

Alexa made a face, but then slowly nodded...

Then Alexa glanced away, not meeting my eyes as she hesitantly stated,

“Only if you are okay with it... I, I think I might want to do it again...”.

“I can’t help it! IT WAS SO FUCKING *INTENSE!!!*”

“The overall experience was overwhelming primal!

Hard, Powerful, Raw, Intense S-E-X!

A huge inhumanly hot fat long continuously squirting cock fucking me senseless!

And Matt, I can tell by your physical reaction you sure enjoyed it as well! You fucked me with incredibly intense passion!”

What could I say? I had just watched my gorgeous wife, after initial resistance, *willingly* let a huge dog fuck her with a huge cock and not only did she liked it, no, loved it – but so did I!

So I told her,

“I found it incredibly sexy and extremely erotic! It’s something I can’t adequately explain. It was so visceral and primal seeing an animal, a large animal, having a crazed, uncontrollable sexual desire for a human woman... an extremely beautiful woman! YOU!

And it was made even more so by your incredible sexual responsiveness of a huge dog repeatedly pounding his massive pre-cum spurting cock into you with lightening quick thrusts – and your tremendous orgasmic responses from it!

No wonder those women enjoy it so much that we saw when we watched those beastly flicks for kicks!”

Then I recalled hearing something back when I was attending university,

“Honey, back when we were attending the university and we have yet to meet, my girlfriend at the time convinced me to go with her and some of her girlfriends to listen to a human sexuality lecture given by a renowned and very popular sex therapist and researcher by the name of Dr. Kate Temple. There was something that Dr. Kate stated that I have always remembered:

‘If it physically and mentally harms no one and no thing, and is safe and consensual,

Do what feels good...!!!

Don’t over-think it!

Open your mind and just go with the moment!

Let your body and mind indulge in what it is naturally craving at the time!’”

Alexa’s jaw suddenly dropped staring at me then she burst out laughing!

“DAMN MATT! I attended the same lecture with some girlfriends of mine too!

Afterwards it was all my girlfriends and I could discuss off and on for the next several days! Trying to divine exactly what Dr. Temple meant by ‘*no thing*’! The discussions got pretty risqué and extremely graphic when we began knocking back drinks and getting drunk, and we came up with some pretty crazy ideas!

Oh dear sweet husband of mine, one of those ideas my girlfriends and I discussed is what occurred tonight...

Some of my girlfriends said they have other friends that had accidental, and not so accidental, intimate encounters with dogs, and in one case, a pony. However, I have my suspicions..., I believe some of them may have been relating their *own* experiences...

Their accounts were just too *detailed*...

Shortly after we completed our beautiful ranch house and the horses and the miniature donkey were here and my girlfriends had been over for a ‘girls only’ weekend and were partying down, they saw the dangling cocks on the horses and Jake the donkey and started making extremely drunk sexual

comments about their cocks...

Saying things like,

Damn, their cocks look just like human ones, just vastly oversized...

Wonder what it would feel like being fucked by one of those monster cocks...

All that power ramming in and out with incredibly long thrusts...

The massive load of cum exploding so deep inside where no man has ever reached before...

But here's the thing Matt, the odd thing about it..., subsequently whenever I have my 'girls only parties', they get to a certain drunken point and the subject always invariably comes up again!

And oh, the drunk slutty jesting insinuations about me and Jake! The outrageous dares they toss out at each other and at me involving Jake!"

I looked at my incredible gorgeous wife, she looked back at me grinning, then we fell into each other's arms laughing...

For the rest of the evening, every time I looked at my beautiful sexy wife, I imagined her naked and on all fours, her legs spread wide apart, her exquisitely tight pussy stuffed full of big, hard doggie dick - and every time I thought of it I grew a boner the size of Texas!.

That night, I fucked my gorgeous wife three more times!

Damn! We hadn't fucked this hard and this enthusiastically and this many times since the first time we ever had sex! Dang, we were both incredibly sore, especially Alexa!

Just before we went to sleep, I told Alexa that if she decided to fuck Max again, to please let me watch them!

Giving me a shy sideways glance - and my beautiful, sexy, outgoing wife is anything but shy! Alexa replied,

"I, I think this was just a one-time thing..."

I'm incredibly sore, hell, I was sore after the first time with Max, but mostly Max was overpowering and dominating me with only one primal instinctive goal fully occupying his mind that he wouldn't be deterred from. It made me very uncomfortable feeling I was overpowered and couldn't do anything to stop him, like a rape situation where I couldn't stop a rapist..."

I woke up the next morning before Alexa and suddenly remembered *my cell phone!*

Damn! I eased out of bed and grabbed it off the floor. It had shut off due to low battery. Glad I saw it before Alexa did and her figuring out why it was propped up on the floor where last night's action took place! I took it to my office and charged it up. Yep, several gigabytes of video were recorded in clear 4K ultra high definition. I created a secure password protected folder on our home server and uploaded the video then deleted it from my cell phone.

~~~~~

CHAPTER TWELVE

The next day I asked Alexa if she was still okay with Max staying and she smiled saying “no problem at all...”

But never have I seen her so embarrassed when I mentioned it!

A few days later I had to go see a client at his ranch, where his 9,400 square foot custom home was being constructed to check on some architectural details.

When I got home that afternoon Alexa wasn't around. I went into my office at the end of our house then I heard Alexa scream! An *orgasmic* scream...

I went into the master bedroom and there was my nude wife, upper body propped on the bed, knees on the floor, Max once again brutally pounding away at her tight dripping cunt...

Alexa was so caught up in her intense fucking she didn't notice that I had walked in on her having sex again with the damn dog!

I just stood quietly there watching them, watching my wife repeatedly hugely climax from a damn dog *fucking* her, as conflicting emotions began roiling me...

Once they were finished, Alexa finally noticed me standing in the doorway. She immediately blushed giving me an embarrassed, sheepish smile...

“What happened to my request that if you decided to *fuck* Max again to please let me watch?” I asked with a bit of heat in my voice.

“I'm sorry honey. I was just so damn horny! I'm at my monthly peak!” Alexa replied. Then she added,

“While you were gone I did some research on the web. I found out that dogs have an innate ability to quickly recuperate and engage in intercourse time and again, able to do it several times a day... Within minutes, they can recover and fuck again! Then I watched a couple of vids, read a couple of stories of, well, you know...”

I got incredibly horny, and, well then, you just saw..”

Exasperatedly I replied,

“The other night you told me you thought it was just a one-time thing...”

“Honey, I just told you, I was incredibly horny and you were gone longer than you said you would be and I, I couldn't wait... Please don't be upset!”

By now Alexa could tell I *was* upset. I had to walk away before I blew up at her...

Shooting her a glare I looked down at the mess on the bath towel she had laid down before she and Max got *busy*...

I shook my head. I turned and walked away without another word, then Alexa realized I was really, really upset. My wife called after me a couple of times to come back but I kept on walking...

I left the house to go out to stables to check feed inventory.

I found myself becoming even more upset..., shock catching Alexa *fucking* the dog, *again*! Really upset despite our discussion the other night with me even rationalizing it to her as her getting off

with one of her dildos...

My gorgeous wife having sex, without me...

The cold hard fact she was doing it with a *dog*! A huge dog with an equally *huge* cock a little more than an inch and a half longer than my own generously sized cock, *fucking her...*, and that blasted knot of his provoking orgasm after repeated orgasm from my gorgeous wife...

Alexa getting herself off with one of her dildos while I was away was one thing - she could fuck herself as much as she wanted to with her dildos and it wouldn't ever bother me, it was exciting imagining her doing it, especially recalling she use to do it with her hot girlfriends when we were at the university...

However, an unreasonable feeling was surging through me, the feeling similar, no, make that identical, as if I had caught her fucking another *man* - no matter how implausible that was because we love each other so dearly!

I just couldn't shake this irrational feeling! It was completely seizing me, a sudden surge of intense irrational irritation boiling up!

Then I began blaming myself...

Damn! This is all my fault! I even encouraged her to do it again the second time!

Facilitating it by telling Alexa to go ahead and let Max lick her the other night knowing how drunk she was, her inhibitions lowered, how incredibly horny she gets when drunk. My own damn libido fully in charge that evening watching my stunningly beautiful oh-so-sexy nude wife doing something incredibly erotic and her own incredible sexual passions that had erupted!

Still, the very unsettling fact remained harboring inside me that my wife had decided to do it again when I had been away...

It didn't take long to check feed inventory. We always made sure we kept a good stock in supply. I went into the stable office and poured a stiff drink, then went out on the small veranda attached to the stable by the office and sat down, staring off in the distance...

A while later, I guess after she got getting cleaned up and dressed, Alexa came out to the stables after seeing me sitting on the veranda...

Quietly my wife sat next to me, concern and worry clearly evident on her lovely face. She reached over taking my hands in hers, incredulously asking if I was upset!

I just silently looked at her and then resumed gazing off in the distance. Then I said,

"Alexa, I guess it is the fact that you did it without me being present...

Even though it is an irrational feeling, it's as if I caught you fucking another man...

As we discussed a few nights ago, if we both know you enjoy it, then why not?

But today, as many times as I can repeat it myself 'it's with a dog and not another man', I still just can't eliminate this feeling that it is with another man...

And mostly I blame myself for encouraging you to do it again the second time caught up as I was in

my own libido driven sexual fantasy of you making an incredibly erotic fantasy come to life, which then encouraged you to do it again when I was away...

Just don't get so caught up with Max that you forget about me..." I softly said.

Alexa gave a little gasp hearing my words, then she quickly stood up and plopped herself into my lap hugging my neck fiercely...

"Oh Matt my dear, sweet handsome husband!

You are the only man, woman - or beast who will ever fulfill all my needs!

YOU are the only man I had ever wanted - and always will!

You ought to realize that by now! You knowing I only ever had one serious boyfriend back in my senior year in high school, and he was the one guy before I met you that I ever got *barely* intimate with - to my great regret!

Matt, I told you at the beginning our relationship that my high school boyfriend was lousy at sex the one time we tried to do it! Popping off in his condom just trying to enter me! And he was inconsiderate of what I was feeling or what I wanted - and he was well below average in size, unlike your very impressive well above average size...

As I told you we only did it that once, and that was after he applied extensive pressure and got me drunk -and once was enough for me to fully realize he was the type to take advantage of a woman! Even as far as coercion and using whatever means to do so, alcohol, or drugs...

And you know I immediately broke up with him a few days later after he started shooting his mouth off that he finally got to fuck the hottest girl in school!

That is when, and where, my predilection for women fully arose and kept me well satisfied until that special forever someone, YOU, came along...

When we got engaged and then married, I promised with all my heart you will be the *only* man I will ever love and always be faithful to - No Matter What!

FOREVER!

Matt, it could've have been one of those mechanical fucking machines doing me instead of Max, except a machine can last as long as I want and doesn't hurt!

With you, you can last much, much longer and bring me to more incredible orgasms than Max!

Most importantly, it wasn't human, and it wasn't YOU my dearest and forever love...

With you the erotic lingerie I wear for us is appreciated!

With you, we can do different things sexually to our great mutual benefit!

With you, we make love!

With Max the emotional attachment isn't present...

So, all in all, it's YOU I prefer - I Always Have! Always Will!"

Then Alexa stood up and sat in my lap and said,

“Okay, I will not let Max fuck me again unless you are present, that is, if it still upsets you then of course I will not do it anymore...”

“No honey, like I told you the other night, you looked so incredibly sexy! It was the hottest most erotic thing I had ever seen! An unbelievable fantastic fantasy come true! It only bothers me if you do it when I’m not with you...” I replied.

“Okay Matt, from here on out I will only allow Max to do me when you are present, deal?”

Alexa solemnly extended her hand out for me to shake. Instead I grabbed it pulling her forward back into my lap as we fiercely embraced each other with me saying,

“Alexa I’m still just as crazily in love with you as I was eight years ago – and I always will be!”

With shinning eyes brimming with tears, Alexa replied in a choked voice

“Me too my dearest and only *forever* love!

If you could only sense the extent of the deep love I have for you and always, always... will! Just YOU!”

Alexa suddenly brightened and stated,

“Don’t worry I have it all figured out!”

I asked her what she figured out. Alexa replied that I would have to wait until after dinner and she would show me...

Now I was dying of curiosity! Alexa has an incredibly imaginative mind, a great boon to her with her interior designing, but an even more active sexual imagination...

~~~~~

## CHAPTER THIRTEEN

After dinner Alexa took me by my hand to the bedroom, with Max..., she took my clothes off and told me to sit on the edge of the bed. Then she treated me to a strip tease, then, Alexa knelt and started jacking Max’s cock till it fully emerged...

Even having seen it three times now, I still couldn’t believe how fucking *huge* it is!

Alexa got a small cloth measuring tape from a drawer and measured from behind the knot to the tip – just a bit over nine inches! Then she knelt before me and jacked my cock to a full erection and then Alexa measured me...

“Hmmm, Matt, you are just right at eight inches in length but you have a much thicker shaft at two inches except for Max’s knot when it fully develops. Did you know that only 2.27% of men have a penis between seven and a quarter and eight inches in length, and that the average size of a male porn star is seven inches in length and close to two inches in width? I discovered that when I was doing my *research* earlier...

So sweetheart, not only are you fortunate to have a much more larger cock than the majority of men,

not only in length but also width, but also that I'm extremely fortunate to be married to YOU!"

I said, "okay, is that what you have figured out?"

"No there's more, you'll see..." Alexa stated with a wicked smile.

Incredulous I watched as my gorgeous wife again started jacking Max's cock to get him stimulated. When Max's doggie dick was nice and ramrod hard, Alexa leaned back and stared at it in amazement...

The blazing lust in my wife's eyes was absolutely phenomenal...

Then Alexa pulled herself up, then leaned over the bed with her head inches from my still hard cock. With her knees on the floor she then widely splayed her knees apart raising her cute firm ass high up in the air and then patted her ass for Max to mount her...

Max immediately went to her, mounting her and instantly jabbing his monstrous cock directly into her my wife's already wet tight cunt which he happily started rapidly fucking to my wife's immense delight!

Watching a huge dog with an equally huge cock brutally fucking my gorgeous, athletic, voluptuous, statuesque wife was insane as was her enthusiasm - and I was loving it!

I felt intense arousal! I had become completely absorbed watching what was admittedly an incredibly arousing, debauched erotic scene involving my extremely beautiful wife being violently fucked - and she fucking back just as violently!

Alexa's voluptuous hard toned lithe athletic body being violently jolted back and forth with each brutal pounding thrust I found myself swept up in the allure and fascination of the raw primal *hard* fucking taking place right in front of me - and Alexa's incredible orgasmic responses! Her tight little snug pussy squeezing and sucking at his expanding red rod! Then my gorgeous wife took me into her mouth...

Repeatedly bringing me to the edge then stopping then resuming again...

It wasn't long before my incredible wife had several more body racking orgasms and she became a limp, spent rag - and Max the Mastiff was still going strong!

I repeatedly heard loud wet squelching PLOP PLOP PLOP noises as Max's swelling knot was being rapidly thrust in and then yanked out my wife's tight pussy causing her to climax again! After several moments of these intimate noises suddenly Alexa screamed and climaxed yet again at the same time Max managed to shove his swelling knot into her and lock her up tight!

Max kept thrusting away but now with hard, powerful short thrusts into Alexa!

My wife started to buck and moan again around my cock as she repeatedly lost concentration sucking me as the pressure of the knot on her insides obviously was furiously rubbing against her G-Spot as she came again and again vaginally knotted to this huge animal...

She slipped a hand between her legs and started flicking her clit as Max continued humping away! Her fingers pinching her clit and rubbing it in fast circular motions with every thrust as Max continued riding her hard...

Finally, Max began pumping his hot, copious load deep into her womb – and Alexa had one last screaming climax...

“Yes... YES... OH FUCCKKK YES!!!” Alexa orgasmically screamed out long and loudly...

Alexa collapsed into a sweaty heap. I could see her hard muscled butt cheeks contracting as her pussy repeatedly clenched around his embedded doggy cock, *milking* it....

About five minutes later, Max slowly pulled out of Alexa, she let out a painful gasp when his still too swollen knot popped out of her tight cunt forgetting to hold him inside her until it had reduced to a manageable size...

Again I couldn't believe my eyes! How the hell did Alexa ever manage to pass that still hugely swollen knot! Again, it had only reduced to the size of a very large lemon before it was forcibly pulled out of her incredibly tight, narrow pussy! Not only that but be brutally pounded with a cock over nine inches long and immensely enjoy it!

Max went over to his bed and laid down...

My raging nearly eight inch long cock was rock hard!

Again I felt this incredible primal lust suffusing my body to take my wife fast and hard, to fuck every possible orgasm I could out of her gorgeous body!

Alexa smiled at me and winked...

I asked,

“Why are you winking at me?”

Alexa had a big grin on face and replied,

“Come do my tight ass Big Boy, we both know how much you love fucking it – and how much I enjoy you doing it!”

WOW! Alexa only wants me to fuck her tight cute ass only after she has had several drinks so she can relax enough to enjoy it!

I scrambled up as fast as I could and grabbed the bottle of Bad Dragon Cum Lube out of her bedside stand; I lubed up my cock and then with ever increasing pressure, started pushing the broad head of my cock against her incredible tight anus...

The head of my cock suddenly broke into her ass making her loudly scream!

Slowly I started thrusting away! Incrementally burying my two inch thick cock deeper and deeper into her tightly squeezing convulsing ass...

After I worked my thick cock about half way in I couldn't control my raging lust anymore then shoved the rest of my nearly eight inch long cock in causing Alexa to again loudly scream but also climax!

I pumped her spasming, tightly clenching ass like a madman! Hard and roughly I pounded her amazingly tight ass! Fucked her so hard the bed was violently jolting that she was leaning against, furiously working her clit my incredible wife came twice more! A few minutes later explosively I

blew a huge load nearly eight inches deep up into her! Alexa screaming with yet another orgasm feeling my hot load blasting way up into her rectum! Then, she very briefly passed out her orgasm had been so earth shattering intense!

My cock went flaccid and slowly slithered out of her tight ass...

Her pussy pumped full of doggie jism and her tight ass full of mine... Just thinking about it incredibly started making me hard all over again! Then Alexa regained her senses but still stayed in a kneeling position as she resumed toying with her still hard clit...

~~~~~

CHAPTER FOURTEEN

Then my wife reached her hand out and started stroking my cock, her expert manipulation quickly brought it to raging life!

"Lay Down" Alexa commanded...

I positioned myself flat on my back on the bed. Alexa moved to her hands and knees, straddling me, her steaming tight dripping pussy instantly seeking my already throbbing erection...

As she slowly began engulfing my thickness, Alexa gave me a quirky grin...

"I want to be DP'd by you *both*..." she huskily said to me...

"WHAT??? You want Max to fuck that incredibly tight ass of yours!" I exclaimed incredibly.

"I think so. It's the one thing we haven't done yet and I want to see what it feels like..."

We have done it with small dildos before but it wasn't a real, squirting cock, and I will certainly never, or will ever, desire to share my bed with you and another man to find out what it feels like!"

I turned toward the dog and said,

"And what do YOU think, Max? Her cute little ass is pretty nice, isn't it? It's fantastically tight too!"

Alexa humped herself earnestly onto my resurgent long, thick cock, a look of expectancy of her impending double carnal coupling upon her incredibly lovely face...

Well yes, my gorgeous wife does get so incredibly, nearly insatiably horny when she begins her monthly ovulation...

So Alexa was about to be sodomized for the second time! This time by Max while she was fucking me! An act, which I must admit, I was finding ever more erotic as each second passed!

"Honey, are you really sure about doing this? You know how he goes all berserk brutally fucking your tight pussy. You are really tight back there, you can barely take me, then there is that huge *knot* of his..." I asked.

Alexa nodded, then said,

"Matt, I've realized that I love being fucked *hard*! For some reason it makes me even more horny!"

Then my incredible wife bent down and began earnestly kissing me! Feeling her hot passion flaming to an inferno by the microsecond!

Breathlessly she broke off the kiss and stated,

"We've never done this before, and as I just told you, I will never *ever* invite another man into our bed..." she mused.

"Maybe..." I said breathlessly, "if you enjoy it we should add it to our repertoire..."

Alexa gave me one of her sexy saucy grins and replied, "I'll volunteer..."

Then she leaned down toward my face, looking me in the eyes. "I love you, Matt," she said.

"I love you, too my one and forever love!" I replied.

The bond between us was stronger than ever! And with her doing this I thought it would enhance it even more. Alexa gave me strength, and I knew I did the same for her. And between the two of us, we could journey to sexual heights that many people would never dare to try.

And this was going to be one of them...

"Come Max" Alexa commanded...

Max jumped up on the bed moving behind Alexa, stepping between my wife's widely spread knees as Alexa straddled me...

I could tell by her expression that it was about to happen...

Alexa was biting her lower lip now in consternation...

It all happened so fast.....

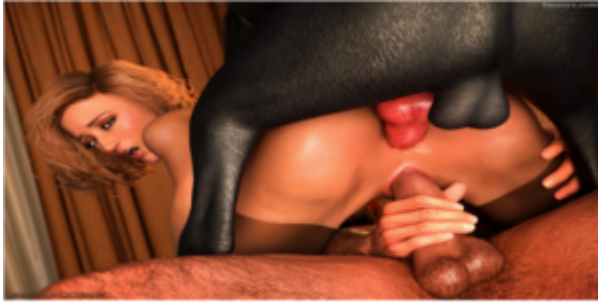

Max's chest came down hard on her back, and his front legs gripped her around the waist. The sudden combined weight of Max and Alexa nearly knocked the wind out of me pushing me down into our mattress, but I recovered quickly, bracing Alexa...

I then realized that if Alexa suddenly changed her mind now it was still going to happen! With her weight on top of me and Max's weight on top of her I had at least 296 pounds pressing me deep into the mattress making it almost impossible to move!!!

I felt Max's hips start to rock, seeking... I felt Alexa rotating her hips up a bit...

"OHHHH!" Alexa cried at the top of her lungs!

Max didn't hesitate for an instant. With total wild bestial abandon Max started to fuck my wife's tight ass! Brutally pounding her cute tight ass relentlessly driving his rod nine plus inches deep into the tightness of my wife's wonderfully tight ass!

“OH! OH! OH! OH! OH! **FUCK!!!**” Alexa cried helplessly as she gripped my shoulder tightly, her nails digging painfully deep as she tried bracing herself against the huge dog’s powerful assault on her backdoor!

Alexa was butt-fucked!

Max’s front legs had her pinned tightly within his encircling grip around her slim waist. Alexa was helplessly sandwiched between the two of us! I couldn’t resist anymore, I started thrusting up into her exquisitely tight pussy...

“OH! OH! OH! OH! OH!” her cries continued in time with each of the thrusts into her, unable to do anything but submit to the intense sexual punishment she was getting in both of her exquisitely tight places! I saw Alexa gritting her teeth, bravely fighting to get into some semblance of rhythm with the double fucking she was receiving...

OH FUCK I FEEL HIS KNOT ALREADY FORMING!!!

I could feel it too, sort of. Or so I thought. The stroke had shortened a little and I felt resistance inside her each time he thrust forward. I wondered if he’d be able to get it in. There wasn’t much room in there with me inside her too...

The feel of his ever swelling knot became more and more obvious as the bulge grew in size and prominence, I wondered how long it would be before he tried to push it in...

Too much longer and it would swell too large to get past Alexa’s tight sphincters! No sooner than I had thought this when I felt his thrusting became really hard! Repeatedly banging his swelling knot against Alexa’s tight anus brutally trying to force it in...

Alexa again braced herself against me knowing this wouldn’t be easy! Her nails digging even more painfully into my shoulders as Max kept brutally bashing the ever swelling knot against the tiny entrance of her tight anus, I could see the pressure became overwhelming for Alexa, her nails now biting excruciatingly deep into my broad shoulders.

“OHHH DAMN DAMN DAMN!” Alexa cried out! Wincing, tears started forming.

She lifted her head, gritting her teeth and squeezed her eyes shut, trying to force herself to relax. Alexa began to pant, I saw tears begin running down her face as Max kept the pressure building. I realized it was too much for her, she was really going to be hurt! I needed to stop this! I prepared for a mighty lunge up from the bed when...

“OHHH FUCK! FUCK! FUCK! *IT’S GOING IN!!!!*” Alexa loudly screamed out!

“AH! Almost there...,”

“OH DAMN ALMOST *IN!!!!*”

Alexa let out a piercing shriek of pain!

“OHHH FUCK IT’S IN!!!”

She didn’t have to tell me! When it went in I suddenly felt her exquisitely tight pussy instantly become impossible tight! I could now barely thrust my cock into her pussy!

Without hesitation Max began to fuck her again!

It felt quite different this time. This time he was locked inside Alexa’s tight ass and there was no more sliding in and out.

Now her entire body jolted with him as he pounded his hips against her ass! I hardly had to thrust at all! He was moving her now insanely tight pussy up and down my cock! Alexa’s large firm double D breasts bashing me in the face beating me up!

However the jarring effect upon Alexa was much more punishing, Max was forced to make shorter strokes than when he was fucking her pussy.

His embrace around her waist seemed even tighter as he brutally fucked Alexa’s tight ass. I was lying motionless on the bed but Alexa kept her fingers and nails dug painfully deep into my shoulders as her body jerked forward and back with each hard thrust from the huge powerful dog.

Then Alexa began to shake violently..., Max’s strokes were becoming more shorter, harder and coming ever faster! Soon I was able to adjust to the pounding rhythm, thrusting my long thick cock more forcefully into her my wife’s insanely tight pussy...

“NNN! NNN! NNN! NNN! NNN!” Alexa could only grunt rapid-fire as the double strokes from Max and I seesawed in and out of her.

Alexa’s head was rocking and her long blonde hair was flying forward and back. Her voluptuous firm breasts wildly jolting in short arcs from her double pounding as they continued beating me in the face. Suddenly Alexa jerked her head up! Her eyes welling up as she yelled,

“Ohh! OHH! HE’S CUMMING!!! HE’S CUMMING IN MY ASS!!!”

That was my cue to begin forcefully fucking her pussy as best as I could with that huge knot swelling ever larger in her exquisitely tight ass hampering my own thrusting!

I felt a sudden shudder ripped through Alexa’s entire body...

“OHH FUCCKKK I’M..... I’M CUMMING!!!

“I’M CUMMING TOO!!!”

Oddly I had found a matching physical pleasure in what I and this huge dog was doing to my gorgeous horny wife!

Then I was coming hard making me yell out too!

My own climax was just as intense as it had ever been! My hips continued thrusting up hard into Alexa making her scream out again and again with each lunging thrust into her glorious tight pussy! Tears streamed down her beautiful face as her fingernails bit even deeper into my shoulders drawing blood...

Max was still pumping his voluminous hot sperm into her tight rear, her small back doorway sealed shut, no place for it to go except further up in her! Sooner or later something would have to give...

But it didn't, not for a while...

My feeling of engorgement grew only for a few more moments longer, Max finally stopped moving. Alexa held still, gasping, letting her head drop for a moment, before lifting it again and giving me a wan, weary smile. Then Max moved lifting off her and turning away!

Alexa letting a loud piercing painful shriek!

Alexa was thoroughly tied...

For the next several minutes Max remained tied to Alexa, his cock nine plus inches up her tight ass - and his hugely swollen knot keeping it there! I think my incredible wife did not think this all the way through...

While a woman's vagina is designed to be elastic to give birth, the human rectum is not...

When the time came for the pullout, it was going to be extremely difficult and extremely painful than when it came out of her pussy...

Every now and then Max moved just a little, and I was reminded that we were still not completely finished with our little DP union with my insatiably horny beautiful wife! His swollen knot keeping my cock trapped in her tight pussy!

Amazingly Alexa gently began rocking herself against the both of us!

I watched mesmerized as her most perfect, large firm breasts with her tiny diamond hard nipples swayed above me with her exertions to get herself off just one more time...

Then her lips were on mine, kissing me hungrily...

I met her kiss, eager to share my mouth with hers, my tongue reaching out as hers reached in. She groaned lustfully into my mouth as another orgasm over took her.

Finally we eased apart, both of us coasting on the sweetness of our exchange.

And the timing was perfect also, since Max began to fidget, and I was pretty certain he and she were about to separate.

Hurriedly I told Alexa to reach behind her with both arms and grab his hind legs to keep him inside her until she felt his knot had gone done enough to ease out with out too much pain and discomfort.

Alexa did as I suggested, her full body coming down on top of me as she reached behind her. Alexa held Max for a few more minutes, then hesitantly, she slowly let go of his legs...

Max moved again, and I felt Alexa being pulled slightly backwards as she let out a loud groan. Her groan became a painful shriek as she raised herself up on her elbows! Suddenly there was an audible pop and Alexa let out a low groan as she collapsed back upon my chest. Moments later Alexa exclaimed,

"Oh geez! he's pumped my sore ass so full it feels like I received an enema!"

And with that, she quickly rose up and dashed off to the bathroom!

Alexa spent a long time in the bathroom. I heard the toilet finally flush, then the shower came on, and stayed on and stayed on...

I got up and went into one of the guest bathrooms and cleaned myself up then got back into bed. Alexa finally emerged from our master bath, walking very slowly and gingerly. She eased into bed and went to cuddle me. As I held her Alexa stated,

"That was a mistake..., letting Max knot my ass, he made me bleed, and the pain when he pulled his knot out was beyond unbelievable..."

I, I mistakenly thought since you just fucked my ass with your wonderful thick long cock I could handle it, but even though his knot had shrunk down, it was still waaay too large when he pulled it out and it really hurt and made me bleed some, I won't *ever* let him knot my ass again!"

~~~~~

## CHAPTER FIFTEEN

A few weeks later, one evening as a bit of prelim, we got online and started looking around on the internet for porn videos, and of course we got redirected to those, you know, websites...

I think we were both really surprised to see there were so many good-looking women, even gorgeous women like my wife, who get a special thrill out of having a huge non-human penis pumping in and out of their eager hungry cunts...

Alexa seemed especially enthralled, pushing me out of the chair and taking over control of the computer...

When I saw her repeatedly click on video links for women with horses, ponies and donkeys I was a bit shocked but I hid it well ...

We came across what one noted sex researcher and psychologist stated:

"Countless women find pleasure with dogs. Just because some thing is taboo does not lessen the pleasure, in fact, it may increase it. There is a saying that forbidden fruit tastes the sweetest.'

Throughout history these acts have not always been taboo.

It is only taboo with the current narrow-minded culture of today's society. With the advent of the Internet, once again it is becoming an ever more common practice as evidenced by the plethora of websites devoted to it, and with time comes acceptance.

For men, it is the extreme eroticism and enjoyment of seeing their wife or girlfriend intensely pleased in ways they themselves cannot do, often fantasizing themselves in the role of the animal, the stand-in for the male phallus so forcefully and pleasantly pleasuring the wife or girlfriend.

In most instances, men themselves experience a primal sexual urge welling up within them which then leads to very intense follow-on sex.

This increased sexual passion is automatically triggered due to an autonomic primitive biological and sexual response that still resides within all men termed 'Sperm Competition Cue'.

All across the animal kingdom, when a male sees another male mate with a female, this triggers greater sexual arousal in the viewing male so that he might pursue sex more vigorously and produce more sperm than his competitor in order to increase his chances of impregnating the female."

After we read this Alexa looked up and gave me a look, grinning...

I remembered one time while Alexa was still on the floor on all fours, I very aggressively took her from behind, slamming my raging nearly eight inch long erection into her with one powerful thrust making her loudly scream but also making Alexa instantly climax!

The article went on to state that,

"The main thing is destructive jealousy is not a factor as it would be if another man was involved, also the threat of affection and love developing is non-existent as well as it would be if another man was involved."

There was a link to another scientific article by this same researcher/psychologist published in The Annual Review of Psychology and we clicked on it.

The article stated,

"The most powerful sexual organ is between our ears, not our legs. Sexual fantasies are maps of desire, mastery, escape and obscuration; they are the navigational paths we invent to steer ourselves between the reefs and shoals of anxiety, guilt and inhibition.

Sexual fantasies and erotic dreams, especially when accompanied by orgasm and perspective can help to release the stress and trauma of the past. They can also help you relive good sexual memories. Everybody fantasizes if he or she is sexually alive.

A woman's wild erotic nature often emerges in animal sex fantasies which connect us to our animal nature. Having animal sex fantasies doesn't (usually) mean you want to have sex with animals in real life. You may just revel in the sexual fantasy of ultra-taboo, bestial wildness.

A review of research studies over the past 35 years show an average of 45% of all women have fantasized about having sex with animals, while the only other popular sexual fantasies mentioned by 40% of women, involved watching other women having sex with animals. Horses, donkeys, dogs and dolphins figure commonly in women's bestiality fantasies, donkeys predominantly due to the

multitude of Tijuana sex stories that have been around for several decades.

Women having sexual fantasies that include animals is a safe mental escape from the pent-up physical and mental stress imparted by outdated and misbegotten society rules, regulations and imposed values, and societal psychological conditioning - the human sexual oppression that lurks within us!

It is our subconsciousness casting off the bonds of sexual denial and constraint to free the inherited genetic relic of our base primal nature that over the centuries we were forced to both deny, ignore and suppress due to the inverted precepts of religion and patriarchal and/or puritanical societies."

~~~~~

CHAPTER SIXTEEN

After reading this Alexa said,

"Honey, I have an idea...

You know how my five best girlfriends really love to party at times...

You have seen how wildly uninhibited they can get when we are all out clubbing and dancing. Well that is nothing compared to what they do here at the ranch when you're not here! Especially when I hold a weekend 'girls only' party!

You know they all have high-stress jobs and they love coming out to the ranch to unwind. They really love our ranch, the complete privacy it ensures, the pool, hot tub and outdoor entertainment system, riding our horses.

On occasion, they like to use some Ecstasy and get really wild and crazy! Completely cutting loose in the safe environment that our ranch provides!

When I have these girls only parties at the ranch, not only do they love to sunbathe nude by the pool, we also love to dirty dance nude with each other all covered in suntan oil...

You should see how hard they work at trying to persuade and entice me into doing things with them that I no longer do since we got engaged and then married...

I must admit, we, myself included, let our hands and fingers roam quite freely while dancing...

But that is as far as I let myself go, as I have told you, your my one and only...

However, that's not all...

You are well aware of the oddity of a few of my dildos, they are not anatomically correct, human wise that is..."

"Yes honey, I assumed you like the different textures and shapes for the pleasure they provide for you." I replied.

"Matt, back when all my bi-sexual girlfriends and I met either in high school or at the university and began our 'get-togethers', it became a game who bought and wore the most erotic and daring lingerie.

However, the real game was who brought the most outrageous dildos - fantasy and anthropomorphic! There were even a few times the dildos were clearly of equine and canine in nature...

Honey, that game still continues whenever I have one of my 'girls only' parties here at the ranch...

When they are drinking and popping Ecstasy at the ranch, it is quite shocking how dirty and raunchy they get! Hell! On every occasion at my parties, they still bring out new dildos to see who has the most shocking, outrageous dildos!

And as it was back when we were attending the university, it still goes on now, and the dildos do not go unused...

You know we like to sunbathe nude together by the pool and get in the hot tub as well, then at night, we wear our newest most erotic lingerie to show to each other...

Depending on how much drinking, carousing, and popping Ecstasy has occurred, as the BORG said in the Star Trek movie "Resistance is Futile!"

They all make it a game of goosing each other with dildos, day and night, seeing how far they can get them in - and they have nailed me more times than I can remember!

I have always managed to just break free from them ganging up on me and going much, much further!

Later on when I go to bed, I have to get myself off with one of my own dildos while I imagine my big, handsome husband is fucking me with his fat, nearly eight inch long cock!"

With some amount of surprise, I processed all these new revelations that Alexa imparted that she has never quite fully disclosed in such intimate detail...

Alexa's five best friends, and they are all long been best friends with each other through their university years, two of them back to high school. All are drop-dead gorgeous, two are married and three are still single.

All five had always shamelessly openly flirted with me to Alexa's immense amusement, she even encouraging it to my great embarrassment!

I was well aware how slutty they acted with each other, especially when they have been drinking - but they were not sluts, not with men anyway...

Alexa has told me that each of her five girlfriends, at most, have had sex with only two guys, learning like she did, that a woman can be just as good, or better a lover as a man is! Her three still single girlfriends still were having women fulfill their sexual needs until the right man comes along - like I did for her!

When we were first dating and I became aware that Alexa was bisexual, Alexa had stated in a matter of fact tone that she and her girlfriends were not sluts and were not about to go out trolling for a man for a one-night stand just to temporarily satisfy their horniness!

They all agreed that by doing it with each other it would later on negate the uncomfortable inevitable questions every future boyfriend or husband asks,

'How many guys have you had before me? How was he compared to me? Were any of them bigger? How much bigger? How did it feel? Did he make you cum? How many times?'

Alexa then continued with her idea, breaking my musing and vivid imagination of what all the sexual antics had been doing to each other all these years...

"Matt, there is a full moon coming up in three weekends. It has been awhile since I have had a girls only party, and they all have been pestering me to have one! Hopefully they will get as carried away like they always do...

I don't care that some naysayers don't believe about the effects of a full moon and moon madness, but I do know that I always seem to be especially horny when there is a full moon - as do my girlfriends!

It never fails that at least two of my girlfriends will bring Ecstasy to party with, plenty for everyone, especially since it has been awhile since we have all been together. I will make sure the party gets especially wild and crazy and see if I can get them to open up and talk, and maybe...

Because we all clearly remember each time someone did bring one of those animal shaped dildos..., and I did tell you that with the novelty of their odd shapes, they did not go unused...

When the time is perfect - drunk, high on E and horny! Maybe a little encouragement by accidentally streaming one of *those* movies on the outdoor television by the hot tub\pool, see if any of them have known someone who actually has done it with a dog, or even a pony or horse! Or may be having actually seen it in person and not some Internet movie!

See if they will talk about what it would feel like, maybe even get one or more of them to even admit that they themselves had actually done it! And if they had if they ever thought about doing it again...

There have been several times they have made ribald sexual jokes about not only Max but our miniature donkey and our stud Arabian horses when they have wandered up to the pool area looking for treats, making joking references about Tijuana and Boy's Town donkey shows...

More so, on a couple of occasions when they have been especially drunk and/or high, they have dared each other to touch their cocks! Then upon doing so, daring each other further to jack them off...

Can you imagine my very drunk, high and high nude gorgeous girlfriends jacking off Jake or one of our stud Arabian stallions?!!!

Drunkenly giggling and laughing with what they were doing!

It was clearly obvious when they did do it I could tell each time they were all enthralled feeling the real life huge cocks in their hands! Feeling the erections growing, their ribald comments, actually 'accidently' letting their stiffening erections brush up against their nude bodies while jacking them...

Unfortunately, each time they have broken it off before any of Jake or any of the Arabians ejaculated...

Perhaps a little more alcohol and pharmaceutical help can encourage one or more of them to see it all the way through, and maybe more...

I mean there *is* Max and Jake with his fourteen inch long cock that looks just like a human cock, all

pretty and pink...”

DAMN! I mean DAMN! My incredibly gorgeous incredibly sexy wife was talking about the amazing crazy sexy things they did back while we were attending the university and still do at the ranch with her ‘girls only parties’ - and I have always been told to make myself scarce for those weekends!

I was surprised Alexa has never mentioned any of these more intimate details to me, she never held back regaling me with stories of the sexual hijinks of her gorgeous bi-sexual girlfriends. Of course I knew about them, not all the surveillance video around the house had been erased after one of Alexa’s ‘girls only’ parties...

I do not know if Alexa realized she inadvertently had revealed that she too had probably tried out the novelty of the animal shaped dildos...

I also believe her sexual curiosity was fired up by hearing and seeing her girlfriends taunt and dare each other to jack off Jake our miniature donkey and our two stud Arabians and they actually did!

I also believe it also explained her less than strident reactions when Max first fucked her, then, her subsequent responsiveness to it...

Her girlfriends must have triggered something in Alexa some time ago with those anthropomorphic and fantasy dildos, lighting off some deep-seated primal sexual urges, which over time, grew ever stronger, more desirable...

Then Alexa continued, startling me out of my musings saying,

“Of course you will have to make yourself scarce that weekend so they can get as wildly uninhibited as possible... but I will fill you in on the verbal details. And of course, you can always tap in to our high definition security surveillance system remotely using the Internet if you wanted to...”

Damn again! If I knew all this had been occurring I would have done that long ago!

Then like a sudden lightning bolt from the blue, my incredibly lovely wife shocked me by wondering aloud...

“I wonder if our miniature donkey Jake would actually fuck me, if it is alright with you? I think it would be great fun to see if he would...!”

I looked at Alexa with incredible amazement!

My beautiful oh-so-sexy wife had developed a very bright, anticipatory gleam in her eye along with a quirky smile gazing up at me...

~~~~~

## **EPILOGUE**

Alexa never let Max fuck her tight ass anymore, his still too swollen knot hurt too much that one time when he pulled it out making her bleed.

The next few months my gorgeous wife only allowed Max to fuck her four more times when she was at her horniest time of the month! However we both noted Max started to get more aggressive and domineering.

Each time Alexa and Max got it on Max grew ever more aggressive, not listening to commands, and he started pulling his knot out waay too soon despite Alexa trying to hold him in place with her hands causing Alexa pain and making her bleed, so my wife made the decision to stop having sex with Max which I have to admit was a bit of relief. It was that blasted huge knot inside her rubbing against her G-Spot that triggered orgasm after orgasm that disturbed me.

I admit I was beginning to feel a bit insecure, I wanted to be the only one that gave my beautiful wife orgasms and feel her clench and writhe under me when she did.

But now Jake, our miniature donkey, well that is another story...!

~~~~~

END NOTES

Okay readers, time to dissect this story. The following is a brief summary of information from research articles and from medical, mental health and drug websites. Any medical, mental, social, alcohol or drug effects mentioned in the story are based on scientific research.

CONSCIOUS and SUBCONCIOUS LARGE PENIS ATTRACTION - Numerous research studies over the years show women have a conscious and subconscious attraction to large penises. Researchers theorize that this is a natural effect of human instincts, emotions, evolution and survival, and that this trait is engrained into the female psyche. To prove this hypothesis some research studies have used computer generated images of nude men of various heights, builds, and penis sizes but not in other qualities like facial attractiveness and hair to make the subject as asexual as possible to gauge women's responses.

Other studies have women reading or listening to literature with characters with, small, average and

large penises and gauging their physiological responses.

These studies concluded penis size along with body shape is influential in determining attraction. Women's apparent interest in penis size explains why human males have penises that are larger in proportion to body size than the penises of other animals.

The hypothesis is that since penises would have been readily visible for much of human evolution, prehistoric women would have selected for larger penises through sizing in addition to being associated with more orgasms, and this trait is still engrained by evolution into today's female psyche subconsciousness. Everyday examples of this evolutionary remnant:

being at the beach or at the swimming pool and observing women surreptitiously checking out a guy's 'package', or women checking a male model advertising close-fitting underwear. It is naturally instinctive for women to do this upon seeing an attractive man, or a man with a much larger than normal bulge in his swimwear or underwear.

This evolutionary large penis size preference and associated primal sexual excitation trait, along with sexual inclinations, proclivities, thoughts, urges and impulses are part of our female heritage and genes, deeply embedded within our brainstem and limbic brain, often termed our "reptilian brain." Both these brain structures are the oldest and most primitive parts of our brains and are largely unchanged by evolution - and they control our most base primal urges, including sexual arousal. Since early humans didn't wear much clothing, male penises were obvious to women. Women chose their mates based on their physical size and the size of their genitalia. Thus sexual competition was and still is a key evolutionary driver via natural selection. These evolutionary decisions influenced the promulgation of bigger penises in the human species via natural selection. Longer penises evolved to deposit semen in the deepest parts of the vagina to promote more effective sperm retention. Other studies indicate that evolutionary preference for a larger penis might arise because penis size is associated with higher rates of vaginal orgasm, thereby creating deeper bonds and enhancing reproductive success.

When compared to other primates and other species not of the primate family, humans by far have the longest penises relative to body size. A wide penis puts more pressure on the vestibular bulbs situated on either side of the vaginal opening, which gives a pleasurable feeling of fullness at the vaginal opening.

A wide penis also creates more tension on the labia, which, in turn, causes more tugging and movement at the hood covering the clitoris. This adds stimulation to the clitoris in addition to the surrounding tissues.

Women who use or on occasion use psychoactive sex enhancing drugs, these drugs synergistically enhance sexual arousal as well as their drug-altered perceptions of an over-sized penis. Women are even more affected when these penises began achieving erections, women then are substantially greatly affected feeling these oversized erect penises touching and rubbing against their bodies while dancing, evoking primal sensations of extreme masculinity and power - a natural autonomic sexual reaction still ingrained within the female body from their earlier primitive selves.

Subconsciously their thoughts are attaching themselves to the supersized penis a man possesses and therefore its inherent ability to give pleasure which stimulates their primal overt base sexual urges and raw sexual desires. This sexual reaction is called a 'supernormal stimulus' which is defined as 'an exaggerated response to a stimulus to which there is an existing response tendency, or any stimulus that elicits a response more strongly than the stimulus for which it evolved'.

AUTONOMOUS SEXUAL RESPONSE - In neurophysiological terms, bodily functions such as sexual responses are involuntary reflex events in response to a stimulus, the same reflex-driven system that underlies heart rate, digestion, and perspiration. Sexual arousal is housed in the autonomic nervous system. Sexual organs are designed to react to stimulation in particular ways - and that stimulation is meant to induce pleasure. The individual organs are not designed to differentiate between types of touch and the response is an automatic reflex.

With alcohol intoxication or an alcohol/drug combination, this greatly enhances the sexual stimulation and sexual sensitivities a woman feels, provoking her body's autonomic sexual reflex to actively participate having sex.

If a woman is extremely intoxicated and/or under the influence of drugs like Ecstasy or LSD, in most cases she will not be able to prevent an orgasm from occurring due to the drugs greatly heightening arousal and the sexual and sensual effects the drugs also greatly increase, usually with a woman experiencing several intense orgasms.

Alcohol intoxication and over-indulgence of psychoactive sex enhancing drugs causes a woman's higher brain functions to be repressed, which allows their raw primal sexual urges and impulses to be fully unleashed - subsequently dominating their actions. If a woman has a naturally high libido, her sexually responses will be drastically escalated.

The majority of women in their prime sexual years, when subjected to intense physical sexual stimulation are unable to suppress instinctive arousal, nor able to suppress the subsequent autonomous orgasm that usually occurs, even if the cause of the sexual stimulation is by force. Unwanted arousal and orgasms during rape are examples of an involuntary physical response due to the autonomous sexual response. A survey of available research indicates over a quarter of rape victims are induced into climaxing and this percentage is believed to be actually higher. In rape counseling sessions, this is usually the most devastating subject to address with the victim, rape trauma syndrome, to convince her it was an involuntary physiological response in which she had absolutely no mental or bodily control over.

RAPE FANTASIES - It's common knowledge as well as scientific fact that every woman has fantasized about some explicit sexual fantasy. In our minds, we can engage in risky behavior without consequences and indulge our inner freak without judgment, allowing a woman to have the wild, dirty, raunchy ravenous sex she craves, without having to suffer the guilt that might follow. And this includes coerced or rape erotic fantasies. There are different levels of desire and of fantasy. Fantasy and sexual assault in one form or another are pretty common, but does that mean that any of us want to go out and be sexually assaulted? No, it doesn't.

The realm of arousal and the realm of fantasy can tell us something about ourselves psychologically without indicating that we really want to experience that thing, far from it. It's the idea that the feeling of being desired is a very powerful one, a very electrical, sexually intense stimulating one. And at least at the fantasy level, that sense of being wanted, and being wanted beyond a man's self-control is a really powerful sexually stimulating influence.

A notable finding is that women who reported being less repressed about sex were more likely to have erotic sexual fantasies, including rape fantasies, but were also more open to erotic sexual fantasy in general, and more likely to have consensual fantasies. Women who have frequent sexual fantasies also tend to have more positive attitudes toward sex and have a high self-esteem.

A University of North Texas study showed that overall, 62% of female participants reported having a rape fantasy of some type. Being taken forcibly is a fantasy that most couples and people have and

many have experimented with it and even found enjoyment in “rape fantasy”. This study and similar women sexuality studies show that over recent decades, instead of being driven by repressed sexuality, changes in attitudes toward sex have led to an ‘openness to sexual experience’, thereby rape fantasies derive from a generally open, tolerant and guilt-free attitude toward sex. The majority of women who imagine fantasy rapes are not fantasizing about a real life rapist – strangers, they are in context imagining a boyfriend, a lover, a husband taking them forcibly. Moreover, women fantasize about this and encourage their significant other at times to take them hard and rough to spike their mutual sexual fulfillment of each other, to strengthen the emotional bonds of their relationships and their complete trustworthy intimacy of each other by fully and freely unleashing their sexual passions for each other.

FEMALE BISEXUALITY – Humans have had to adapt to a wide variety of ecological niches and we have done so with remarkable success. This is in part due to women’s sexual plasticity, which allows women to calibrate their sexual behavior to fit their environment. Same-sex and bisexual desire in women are two very visible products of our innate variability. Extensive research over several decades has well documented that female bi-sexuality is definitively considered by the scientific and medical community as the norm.

Female bisexuality is as natural a sexual expression in women as is heterosexual behavior.

Dominant bisexual genetic traits start emerging in the teenage years, coinciding with the beginning surge of our sexual hormones. Bisexual tendencies are compounded and enhanced by several factors: societal, lifestyle, biological, and environment.

In regard to female sexuality, women are more fluid in their relationships with other women as we crave friendship, affection, and beauty. They are more open with each other, more comfortable with their nude bodies around each other, as well as being nurturing creatures. This makes women easier to approach to each other, and for women, it is more socially acceptable to be openly bisexual.

Research has shown that for most women possessing a high sex drive, there is an association with increased sexual attraction to women. Women have the capacity to fall in love with each other, which certainly removes obstacles that may stand in the way of letting bisexual feelings developing.

In human evolutionary history, female bisexuality has been positively selected or given preference over heterosexuality. It is so common because it serves a function – the fact that men love it is a clue. To apply a modern analogy, most men are massively aroused by girl-girl sex as are most women, as the enormous popularity of lesbian porn attests, as does marketing surveys as to what type of porn women buy.

Bisexual women are more orgasmic, fantasize more about sex, and are more open to sexual experimentation. Usually bisexual women tend to be Type A/B personalities, more energetic and have high metabolisms. Compared to their heterosexual counterparts, bisexual wives have more stable, robust marriages, with marital sex that is more adventuresome and imaginative. This is because male infidelity is less of an issue because of the wild imaginative sex that a bisexual wife brings into the marriage!

THE EFFECT OF ALCOHOL UPON WOMEN’S AROUSAL – Under moderate intoxication (0.8%) women can control their arousal. However, while women who are moderately intoxicated are able to successfully control their arousal levels as effectively as sober women, women that are highly intoxicated (10%) cannot do so. With this increase of blood alcohol content, unlike men, there is no alcohol-induced diminution in genital arousal; women do not possess an effective capability to control their arousal response at higher blood alcohol levels.

For women, alcohol makes a woman feel more relaxed and in turn, be more sexual. Alcohol is a social and sexual “disinhibitor” because it increases sexual arousal and desire due to alcohol greatly stimulating the production of testosterone and estradiol. Testosterone controls in part the strength of libido in women and this causes an increased interest in sex.

Moreover, alcohol lowers sexual inhibitions, and with enough alcohol consumption, lowers it to the point that very little or no discretion is used when approaching or choosing sexual partners. Extreme alcohol intoxication reduces and can completely eliminate a woman’s self-awareness – an alcohol blackout. With extreme alcohol intoxication or an alcohol/drug combination, most women the next day cannot recall their rape, nor recollect the events that happened during the last few hours leading up to their rape.

The effects of alcohol and drugs reacting with each other is termed “synergistic”, an enhancing effect. Most commonly used in the clubbing/dance scene are drugs like Mephedrone, Ecstasy, LSD, or the Flunitrazepam class of drugs – otherwise known as roofies. Along with alcohol, these drugs are commonly known and used as date rape drugs.

ECSTASY – Known as: E or MDMA (or in America and Australia as X or XTC). Ecstasy is usually sold in the form of a tablet, or powder in a capsule, and can be obtained in a liquid form. It is a psychoactive/psychotropic disinhibitor drug that has both stimulant and hallucinogenic properties. Imparts an altered state of consciousness and while under the influence changes the way a person feels and thinks.

Ecstasy causes the brain to release its ‘feel good’ chemicals dopamine and serotonin. It eliminates anxiety and causes extreme relaxation. It also increases a person’s susceptibility to peer influence.

Sound and lights are enhanced along with the stimulation of a high energy level and euphoria, the reason for E’s popularity with clubbers, along with a person’s enjoyment of being touched while under the influence of Ecstasy because the experience is magnified. Ecstasy greatly increases female arousal and libido with an increased sensitivity of touch, greatly reduces one’s inhibitions, and prolongs sexual endurance. In women it reduces resistance, promotes sexual disinhibition and enhances receptivity to being sexual and enhances the sensual aspects of sex.

Ecstasy profoundly increases female lubrication, desire, satisfaction and orgasms are greatly intensified and prolonged.

Because Ecstasy is a disinhibitor it has been linked to causing people to act against their considered rational judgment by engaging in regrettable sexual encounters and also to rapes in which drugs are used as weapons. Oddly while Ecstasy has a profound sexual arousal and enhanced libido effects upon women, women experiencing more and stronger hallucinations and a more intense euphoric drug high than men, with the majority of men it has the opposite effect and tends to inhibit erections.

WOMEN’S AROUSAL AND SUNTANNING – It’s common for women to become sexually aroused while laying out in the sun getting a sun tan. This is because intense sunlight boosts endorphins and testosterone production along with Vitamin D3, which is actually considered a hormone and not really a vitamin! It is a pre-cursor for the hormone testosterone. The boost in production of these hormones stimulates the “Breed and Feed” part of the parasympathetic nervous system and also increases the sex drive, resulting in increased sexual desire and genital arousal. Additionally, intense sunlight has a positive effect on melanin by stimulating its release from melanocytes, which also increases sexual arousal and appetite.

One of the building blocks of melanin is tyrosine. Tyrosine also has a tie with increased libido, because tyrosine is a building block of L-dopamine. L-dopamine promotes sexual motivation and genital reflexes. Research has found that an hour of sunshine can boost testosterone production by 120 per cent. The combination of sun and alcohol will intensify arousal.

SOME WOMEN CAN REACH ORGASM THROUGH BREAST STIMULATION ALONE - In a 2011 study published by the Journal of Sexual Medicine, female participants were asked to lie inside an fMRI (Functional Magnetic Resonance Imaging) machine and alternate between stimulating their cervix, clitoris, vagina and nipple for 30 seconds each, with a 30 second rest in between.

Researchers discovered that stimulation of the nipple activated a part of the brain called the genital sensory cortex, which is the same brain region activated by the stimulation of the vagina and clitoris — meaning a woman's brain seems to respond to nipple stimulation in the same way it responds to genital stimulation. Practiced nipple play from yourself or your partner may be enough to lead to the ultimate happy ending.

HORROR MOVIES AND AROUSAL - Watching horror movies has been well documented as having a significant positive correlation between adrenaline and attraction, which means as level of adrenaline increased, so did the level of attraction, including significant increases in arousal. It's very natural for horror fans to be on the lascivious side.

After all we spend so much time scaring ourselves with false starts that our bodies need some place to go with that pumping blood and flowing adrenaline. Sex is the only natural outlet. (I suppose you could go on a killing spree, but wouldn't you rather just get naked and hook up?)

So embrace what horror movies are: sex, violence, nudity and scares. In the words of Bela Lugosi in Ed Wood: "Take my word for it: If you want to make out with a young lady, take her to see Dracula."

Of course, if Bela Lugosi was living today he might say: "If you want to make out with a young lady, take her to see *Zombie Strippers!*" *Zombie Strippers!*: A more perfect example of the pairing of sex and horror I cannot imagine.

Or consider the 2011 best seller erotic romance novel and 2015 hit movie 'Fifty Shades of Grey' in which a woman explores her dark desires with a billionaire. It is notable for its explicitly erotic scenes featuring elements of sexual practices involving bondage/discipline, dominance/submission, and sadism/masochism. Your significant 'other' may want to have her own dark desires opened and explored!

HORROR MOVIES AROUSING WOMEN - A woman's innate character is to seek what is forbidden and challenging. Movies and novels with fantasy themes including fantasy sexual themes stimulate the creation of fantasy thoughts, which is further compounded in this already formed female mindset. This includes women who watch horror movies.

While this may seem disturbing and weird, it has been well researched with several studies that most women who watch horror movies become aroused. This includes hard-core sex movies that have science fiction, fantasy or medieval themes, movies that include themes of space creatures and aliens or mythical creatures such as satyrs and centaurs raping and ravishing women, including horror sex movies with monsters raping and ravishing women.

This is an entirely perfectly normal female mindset and assists with one's healthy sexual relations with their partner. These type of movies influence part of our secondary nervous system that is responsible for directing our "fight-or-flight" instincts. This peripheral nervous system also plays a role in our sexual arousal. Being scared is a nervous reaction and is physiologically stimulating,

sexual arousal often occurs. Our pulses and respirations start increasing as does the production of adrenaline which starts pumping through our bodies surging energy levels, and along with fear, also causes one to become horny and aroused.

MODERN TECHNOLOGY AND SOCIETY - Modern current technology and societal changes has contributed to a dramatic societal change during the past century. Women are liberated and more accepting of sexual open-mindedness, sense of sexual adventure, sexual confidence, and sexual variation among many others.

Since the advent of the Internet it has provided an additional and significantly larger environment for individuals to discuss all sorts of activities, including sexual behaviors. The Internet accommodates a huge and wide assortment of pornographic materials oriented toward an individual's sexual needs.

In this regard, the Internet has made a fundamental contribution by connecting people who share certain ways of understanding these practices, structured around a new expression of identity, precisely at a time when sexuality has become one of the core defining elements in individual identity. And it is not constrained to just the Internet as exemplified in the rise in furry fandom costumes, furry conventions, comics and videos. Furies agree that they share an interest in fictional anthropomorphic animal characters that have human characteristics and personalities and/or mythological or imaginary creatures that possess human and/or superhuman capabilities. Corroborating this, studies have documented that women gain sexual gratification from inserting different styles of dildos. This may explain the large worldwide market for replica dog and other anthropomorphic dildos.

WOMEN'S AROUSAL WATCHING PORNOGRAPHY - While social constructs, stereotypes and pressures have certainly played a role in keeping women from being comfortable with porn in the past, the impact of those factors are diminishing over time. This is consistent with recent polls of women which showed millennials watched the most porn: 57 percent of respondents who enjoyed porn solo were aged 18-24. Among younger women, there's less and less concern for such constructs, and more openness to erotic material and who are more comfortable with their own sexuality.

For the past four decades, numerous studies have been conducted on women's arousal watching pornography. It was determined women tend to have more erotic plasticity than men — that is, they're turned on by a wider variety of things. For example, while men tend to show physiological arousal only in response to erotic films depicting their stated sexual orientation, studies utilizing thermographs and plethysmographs—a device that sits inside the vagina and measures genital blood flow, revealed that straight women show similar physiological arousal patterns when watching clips from gay-male, lesbian, and straight pornography - including watching animal mating.

The great majority of women who have participated in sex surveys reported watching porn as a "fantasy escape" and it has helped them relieve stress. For many women, same-sex porn provides an opportunity to imagine what it would be like to be with another woman, even if they consider themselves strictly heterosexual.

The porn industry is notorious for exaggerating the penis size of actors. Still, there has been enough research over the years to determine that the average size of a male porn star is seven inches in length and close to five and a half up to six inches in girth (two inches in width). It is the rare actor that has a penis length greater than seven inches. Those profiled having much larger penises were mostly revealed to having fake prosthesis attached, to appear thicker or longer or both.

The average erection measures 5.1 to 5.5 inches, more toward the lower end of this range. The average circumference, or girth, of a resting penis is 3.7 inches (9.31 cm); for an erect penis, it's 4.6 inches (11.66 cm). A further breakdown is: Around 6% of men (or 5 out of 100 men) have a penis measuring between 6.25' and 7", 2.27% of men have a penis between 7.25" and 8", 0.7% of men have a penis measuring 9", 0.1% of men have a penis larger than 9".

PSYCHICAL BESTIALITY - is the practice which yields erotic gratification or sexual stimulation as a result of behavior in which animals figure, but in which there is no direct physical sexual contact between the human and the beast. This would include, for example, sexual stimulation, sometimes to orgasm, as a result of watching animals copulate with one another - a practice to which has been given the formidable nomenclature "mixoscopic zoophilia". Sexual stimulation is derived by watching exhibitions of bestiality, masturbation fantasies of animal-human or animal-animal sex relations, day-dreaming to orgasm, or excitation with bestiality fantasies. Bestiality themes in books, comics, art works, photographs or videos provide an erotic stimulus. Erotic dreams with bestiality being the subject of the dream and dreams of humans being raped by beasts induce erotic stimulation and nocturnal emissions.

WOMEN'S AROUSAL VIEWING SEXUAL IMAGES AND READING LITERATURE DEPICTING BESTIALITY

As noted in the section above, numerous studies show women exhibit physiological arousal watching or reading pornography, including pornography with implied or actual bestial themes. Inherent biological impulses spontaneously arise despite the sexual subject they may be viewing or reading.

What turns women on is different to what women wish turned them on, or how they politically or socially feel about it; women have a natural autonomous arousal response built-in despite the sexual subject.

Sex studies and surveys have repeatedly confirmed one unusual fact - bestiality is the most common uncommon turn-on. It is believed that innately recognized sexual features such as an erect penis, even out of their usual human context, stimulate women. A 2011 study on the pornography viewing habits of female adults documented that 16.5% of female pornography consumers reported that they had recently watched pornography involving sex with animals. Erotic imagination, sexual curiosity, and sexual arousal commonly overrides the natural disgust response, and researchers have found that this allows women to willingly engage in behaviors that they might normally find repugnant.

One-half of a couple may induce the other to watch or read pornography depicting women having sex with an animal. The female half of the couple may acquiesce due to curiosity or be drawn into it by the other partner encouraging it as an entertaining novelty. This part she may like to satisfy that curiosity. However, repeatedly watching videos or reading stories of this nature may desensitize the woman to this particular sexual act, or they may become more tolerant of the act. Eventually it may decrease her inhibitions to the activities depicted so she will engage in them, either willingly to some extent, or with some degree of coercion to bend or break what amounts to a misbegotten social taboo.

Again, part of this may be a curiosity factor to find out for herself if the sexual pleasure women exhibit in videos and stories is actually factual. Some attribute it to the embodiment of that primal animal urge to be fucked so badly by such raw animalistic power that it unleashes a woman's own deep-seated primal sexual desires and responses that gets them going.

It's the nature of the human psyche to find the taboo thrilling, even erotic. This socially taboo erotic act may influence the wild, erotic nature that is innate to most women's subconsciousness and

consciousness. A woman's wild erotic nature may emerge in animal fantasies, which enables a woman to revel in the ultra-taboo, bestial wildness of the fully unrestrained primal sexual act itself.

BESTIALITY - Existed as a rather widespread practice in all the nations of antiquity of which we have adequate records. Where it is not specifically mentioned, it may be legitimately inferred on the basis of the over-all evidence. In ancient Egypt, the animal aspects of the gods insured that bestiality would be practiced both for religious and magical purposes. The representation of the Egyptian gods as beings of part-human forms was linked - a further impetus to bestiality - to the belief that living animals partook of the divinity of the gods and goddesses whose forms they shared.

This leads us to the realm of Greek and Roman mythology which is considered by scholars to provide the best evidence for the thesis that the incidence of bestiality among the ancient Greeks and Romans was high, and that the attitude toward this form of sexual expression was of wide-spread acceptance. Greek and Roman myths contain many stories of gods who assumed the shape of animals in order to mate with mortals.

The satyr, a mythical being, half-goat, half-man, was noted for his virility and lasciviousness, and who exercised it freely with humans, nymphs, and other creatures. Bestial intercourse related by the historians and mythologists: among them, the mating of Semiramis, legendary foundress of Babylon, with a stallion. From the union of Pasiphae and the bull was born the Minotaur, and the mythologists credited other bestial unions with bringing them into the world. Satyrs, Centaurs, and other strange and monstrous creatures.

Author Robert Burton (*Anatomy of Melancholy*) adds to the list, saying that "women are inflamed with mad passions for beasts, hence Minotaur's, Centaurs, Unicorns, Silvanuses, Sphynxes, etc.

Of the three great antique civilizations here dealt with, the Romans were the most lavish and factual in its recording of both public and private bestiality. In the case of the Sybarites, a whole population was given to it, noted for their sodomies and copulations with canines (as were the Moors in later times). On other occasions, bestiality was a spectator sport, as in the case of the exhibitions staged at the Roman Games; sometimes it was the voluptuous indulgence of noble Roman ladies; and sometimes even emperors were involved. The Roman emperor Nero, disguised as a wild beast, once invaded the arena at the Games to assault members of both sexes, a performance he concluded by casting off his costume and publicly falling into the embrace of Doryphores, his male lover.

For the Roman Games, male animals of all sorts were trained from the earliest possible age to copulate with and even forcibly rape girls and women. Bulls, giraffes, leopards, cheetahs, wild boars, zebras, stallions, donkeys, huge dogs, various kinds of apes, and other animals were taught to perform these functions. Some of the more adaptable and enthusiastic ones were further tutored to commit sodomy on human males and females.

Especially popular at the Games were representations of scenes from the sexual lives of the gods, a particular favorite being Pasiphae and the Bull.

From the ancient world up through our own time, in all countries - though more frequently in some than in others - bestiality was practiced, thought about, dreamed of, and emerged as myth, fairy tales, folklore, literature, painting, and sculpture. In modern times, the practice of bestiality has been reported with a greater thoroughness than was the case in the ancient world, and this despite the fact that in the West at least the practitioners have grown considerably more furtive.

Certainly, the past two hundred years have nothing to compare with the spectacular bestiality events of the ancient Roman Games, a phenomenon unique in all of history.

In more recent times, fiction and folklore have provided most of the imaginary accounts of bestial intercourse, again reflecting the “real world” cravings and behavior of mankind. It is, of course, true that mythology fiction and folklore have provided most of the imaginary accounts of bestial intercourse, again reflecting the “real world” cravings and behavior of mankind.

This then leads us to a summation of the most recent studies of zoophilia since 1985. This summation indicates reported sexual fantasies having sex with animals (76 % males and 45% females) and watching other humans have sex with animals (35% males and 40% females).

A summation of studies summation conducted since 1985 found that in any general demographic population, overall rates of persons engaging in bestiality range up to 55 percent, with 37 percent of women in any general population having engaged in bestiality. What this means is 1 in 8 women have interacted sexually with an animal. So the gossip or outlandish rumor overheard at a party or amongst friends has a great chance of being true, more so, unknowingly, one or more of your friends may have engaged in sex with an animal!

Having fantasies about things we would never endorse or choose to do in reality, are not necessarily signs of psychological disturbance. As far as people being considered deviant having sexual relations with an animal, recent research indicates the majority of people engaging in sex with animals do not suffer from a clinically psychological significant extent, and their social and occupational life etc. is not necessarily impaired. The majority of men (67%) and women (82%) placed themselves on a satisfaction scale anywhere from “extremely happy” to at least “generally satisfied/pleased”.

Additionally, studies have found that people who participate in bestiality, almost 50% were college graduates or above, 16% work in computer-related fields, 11% are artists, about 27% are students and about 7% work in animal-related fields, 9% work in animal-related fields and 18 % in the medical field. Bestiality is a sexual activity practiced by all sorts of demographic groups.

Still, there is a strong influence of old religious and outdated moral values/codes, condemning any kind of sexual contact with animals. Therefore mentioning bestiality frequently evokes rather emotional and extreme reactions. Even when scholarly research in this area is published, authors are faced, depending on the results, with criticism, and not just from their peers.

With the zoophilia or bestiality rate increasing in today’s age, researchers argue that zoophilia could be considered as an alternative sexual orientation. Zoo sexuality needs to be understood within the context of recognizing new emerging sexual identities that are no longer restricted by a patriarchal system centered on reproduction.

MINIATURE HORSES, MINIATURE DONKEYS, AND ARABIAN HORSES

Falabella Miniature Horses are the smallest of the miniature horse breeds having an erect penis length on average of twelve inches in length with a penile girth of five to six inches (Approx. 1.5 inches wide to 2.0 inches wide)

Miniature Donkeys on average have an erect penis length of fourteen to sixteen inches with penile girths of six to seven inches (approx. 2.0 inches wide to 2.25 inches wide).

Arabian Horses are the smallest of the large breeds of horses with an erect penis length of fourteen to eighteen inches with penile girths of five to seven inches (approx. 2.0 inches wide to 2.25 inches wide), so a woman can accept insertion but has to be mindful controlling the thrusting and how much is going in.
