Chapter 1 - Maya meets Mr. Horse

Maya could not sleep. Her husband was lying next to her and had been sleeping for the last two hours, but she couldn't fall asleep herself.

The 30-year-old busty (E-cup) brunette was horny. But not just ordinary horny, Maya was shamefully horny. Because while her husband was sleeping soundly next to her, it wasn't him she was thinking about, nor was it another man. No, she was thinking of the horse dick.

Ashamed, Maya lay lasciviously and thought about the huge horse dick she saw earlier in the day, when she and her husband and two children passed by a farm that had a dog and pony show outside the city. She lay thinking about how, among all the other horses, she spotted this big, black stallion, and his huge and thick horse member, unwashed and stinking, hanging limply under his big body.

Maya had never had animalsex or any bestiality fantasies before, but when she saw the stallion and his huge cock, it was as if lightning struck her. It tickled between her legs, and she suddenly became red in her cheeks and wet in her panties.

At first she had thought it was a coincidence, and more because of the embarrassment of having to look at a horse's dick while surrounded by other people. But now, as she lay in bed, the horse's dick reappeared before her inner eye.

She was ashamed. "I am a married woman. Why can't I get that horse dick out of my head" she thought as her pussy oozed with lust. She wanted to be fucked, but she didn't dare wake her husband, as she was ashamed that it wasn't him, but the thoughts of a horse's cock that made her horny. She almost felt like it would be mental infidelity if she seduced him into sex, and then thought about the horse dick along the way. No, she had to do it herself. Shameful or not.

Maya therefore slowly crawled out of bed and slipped silently into the bathroom, where she switched on the light.

Her panties were almost soaked with pussy juices from her horny pussy and she slowly pulled them off as she sat down on the toilet seat. She brought one hand down to her pussy and it gave her a jolt as her clit was more sensitive than it used to be when she was horny. She began to play with her clit with one hand, her thoughts focused on the stallion and his wonderful cock. She envisioned him with his handsome, big, muscular and black furry horse body. She brought her other hand down to her pussy and stuck three fingers up her vagina and began fingering herself as she imagined the stallion breeding a mare. The mare quickly began to disappear in her thoughts, and Maya now saw herself lying on all fours, while the large dominant stallion began to breed her. "Mmmmm aahhhh.. yes breed me you horny stallion! Fuck me! Fuck me! Who is your mare!" she thought as she masturbated violently. After a few minutes she could feel the orgasm approaching and she moaned out "Uuuuhhh Mr. Horse!!" and she finally came to a great orgasm that made her shake so violently that she slid off the toilet seat and ended up on the floor.

For the next few days, Maya didn't really think about the stallion or his sexy horse dick, but she walked around with a strange feeling in her body. This only worsened when she had sex with her husband. Even though he did all the right things, she just felt weirdly unredeemed and uninterested throughout the act. It was like something was missing.

A few days later, Maya happened to have time off from work early, and she therefore chose to go for a drive in the car outside the city. She happened to drive past the farm where she had met the stallion, and saw that many of the animals were still there. Suddenly she could feel butterflies in her

stomach, like she was a teenager in love, and she hoped to meet the black stallion again. She didn't quite know why. She could just feel a sense of longing towards him.

Maya parked the car and walked towards the field where some of the horses were grazing. She could not immediately spot the black stallion, but she walked a little around the enclosure where the horses grazed. Suddenly she saw him.

He was standing over by a barn, grazing with his back to her. Maya didn't know what she was doing, but just instinctively she went towards the barn. When she got there, she could see that the electric fence went all the way up to the barn, so she could only stand along the short end of the barn, some distance from where the stallion stood. Maya tried to call him to her. She tried offering him some grass, but he just looked up at her without much interest. Maya suddenly had a kinky idea. She didn't know where it came from, and if it was the stallion's intoxicating presence that made her do it, but after making sure there were no people around, she reached under her shirt and lifted her big E-cup breasts up over the top of the shirt. Oddly enough, she didn't feel stupid at all, even though she was standing there by a barn in front of a horse with her two big breasts hanging out.

And it had an effect on the black stallion as well. He spotted Maya's large naked breasts, and curiously went over to her to examine them more closely. Maya could feel his deep breath on her bare nipples as he took his big horse head all the way up to her exposed bosom.

After he had "scented" a little on her big soft breasts, the black stallion suddenly stuck out his long and rough tongue and slowly started to lick Maya's big soft breasts. It was a strange but amazing feeling to have her breasts licked by the big stallion and his long rough tongue. Maya closed her eyes and moaned involuntarily as she enjoyed the stallion's lovely licks on her breasts. "Mmmm.. You like it, Mr. Horse? It was these two that got your attention. You naughty boy... mmmm" Maya didn't quite know why she was dirty talking to him. He was a horse after all. But it just felt right. She also didn't know why she called him "Mr. Horse". But then again, she didn't know his name either, and even if he wasn't human, he was a mister in some sense.

Maya opened her eyes again and looked down under the stallion's big belly. She saw his long big cock hanging there, but it wasn't completely limp. In fact, it looked semi-rigid as it started to point upwards. "Mmmmm... Oh my, so my breasts makes you horny, Mr. Horse?" Maya flirtatiously. She couldn't take her eyes off his semi-hard cock. Her pussy was overflowing with lust at the thought of her, a woman, making him, a stallion, horny only with the help of her breasts. That was so kinky and hot. Her hornyness, which earlier in the week had been associated with shame, was now replaced by pride. Pride in being so sexy she could make a stallion horny.

She knew at that moment that she had to serve her breasts to his divine horse cock. He was going to fuck her breasts.

Maya took a few steps back to assess the situation, and the black stallion was displeased and surprised to be torn away from his licking of her bosom. Maya considered how she was going to gain access to his horse cock when there was an electric fence between them. Maybe if she lured him closer?

She sat down on her knees in the grass and grabbed her breasts with her hands. Then she started massaging them in front of him while giving the stallion naughty looks. Mr. Horse went wild in the heat, and went right up to the fence. His huge cock grew beneath him and it began to increase in both length and width. Now it stuck out between the fence, and Maya went on her knees slowly towards the big prancing horse dick. It was huge and her two hands could barely cover the big cock head. She slowly began to touch his big horse cock and immediately drops of clear precum started to

drip from his cock head.

Maya was more horny than she had ever been before. And with her right hand she led the big throbbing horse cock down between her big breasts, and then she let her left hand slide down into her wet panties.

Although the stallion's cock was huge and stiff, it was still flexible, and it was relatively easy for Maya to get it between her large breasts. She rubbed it up and down between her big soft tits and it was clear the stallion loved it. Meanwhile, Maya masturbated like crazy, as this was the most erotic moment of her entire life.

It didn't take long before the stallion began neighing restlessly and tripping on his hind legs. It was clear to Maya that he would soon cum between her breasts. She was also close herself, and she started dirty talking to him again: "Come on my dear! Cum for me, Mr. Horse! Cum for Mommy Maya! Fuck my big tits! Fuck my lovely tits, you horny stud. Oooh shit! Mr. Horse, you are gonna make me cum too. I will cum with you. Please, pump your horse sperm over me. I want your cum!" Maya tried to hold back her own orgasm, since she wanted to cum at the same time as the stallion, and just 30 seconds later she got her prize. Mr. Horse roared loudly and exploded between Maya's big tits. Huge amounts of thick horse cum sprayed everywhere from his roaring cock, and the stallion's cum sprayed over her breasts and face. When the first drop of semen hit her face, Maya had an enormous orgasm that made her trip over. While she was lying in the grass and shaking in spasms of ecstasy, Mr. Horse kept spraying semen all over her, so that her shirt and pants ended up also covered in horse jizz.

## **Chapter 2 - Maya serves her mouth to Mr.Horse**

The warm water ran through her long dark hair, and down her face, then ran down her body, splashing like a waterfall over her large and soft E-cup breasts. Maya stood quietly under the shower with her eyes closed and just enjoyed the lovely warm water on her naked well-shaped 30-year-old body.

After her first meeting with Mr. Horse, Maya felt much more aware of her body, and she saw herself as more feminine and sensual than she had ever done before. Maya had always loved sex, and in her young years had many different sex partners. But the fact that she had made a big black stallion horny, and even made him cum like crazy, with the help of dirty talk and her big breasts, made her feel like the sexiest person in the world. "No man can resist me." she thought, "not even a horny stallion and his big horse dick".

It was a nice naughty thought to think about, and it made Maya horny to think back on how Mr. Horse had emptied his large horse testicles by spraying semen all over her large breasts and her face. But these thoughts also made her uncomfortable, because she couldn't stop thinking about whether what she had done with Mr. Horse was infidelity. Had she cheated on her husband with Mr. Horse?

Was it even possible to call it cheating, when Mr. Horse was not a human? And when they didn't had sex?

The first few days after the episode with Mr. Horse, Maya had been ashamed, and had therefore deliberately tried not to think about him, especially when she had sex with her husband. She thought at first that this was just a one-off sexual experience that would never happen again, and that she had now tried it and didn't want to think about Mr. Horse and his horse dick ever again.

But as the days went by, Mr. Horse crept more and more into Maya's head during the day. The smell of his cum, and the feel of his tongue on her sensitive nipples, and the feel of his big, heavy cock between her breasts. She couldn't stop thinking about it.

Now she was standing under the shower and almost a week and a half had passed since her meeting with Mr. Horse, and she could no longer control herself. The water felt lovely on her body, and she couldn't stop thinking about how Mr. Horse had made her feel like a woman more than any man ever had.

Maya had to masturbate. Her pussy was so horny for Mr. Horse that she came almost immediately after she started touching herself in the shower. After a nice orgasm, she sat down in the bath. She was determined now. For the past week she had tried to deny it, but now she could no longer deceive herself. She had to see Mr. Horse again, and she had to see his cock again.

For the next few days, Maya thought about how she should approach this second meeting with Mr. Horse. She couldn't count on being as lucky as the last time, when she had had him to herself by the stable. She also knew that she wanted to try more with him and that she wanted to make sure she had more time with him without them being disturbed.

Via Google searches, she quickly found a solution. It turned out that the farm where Maya had seen Mr. Horse for the first time also had riding lessons, and was run by volunteers. Her plan was therefore to volunteer to look after the horses and fix their stable once in a while, and thereby perhaps get the opportunity to be alone with Mr. Horse undisturbed.

Maya's husband thought it was a good idea for her to volunteer at the farm, and a week later she contacted the farm and was hired as a volunteer.

Maya knew very well that she could not just be with Mr. Horse on the first day, and she knew that she had to build up some trust with the owners before she could try to be with Mr. Horse again. So she guarded herself with patience, even though it was difficult. Maya was at the farm twice a week, and for the first few weeks it was hard to be around Mr. Horse, and see his big muscular black horse body and long limp limbs and big balls, without being able to do anything about it. Every single time she had been at the farm, she had to masturbate in the car on the drive back home. Just being near Mr. Horse made her so insanely horny.

After three weeks, she finally got the opportunity to be with Mr. Horse again. It was late afternoon, when most of the horses were back in the barn. Maya went and cleaned up, and for the first time she had been allowed to close up and lock the riding school's area and grounds. Now was the opportunity. She couldn't wait any longer.

She put the broom down and went to the box where Mr. Horse was standing. Mr. Horse had become familiar with Maya in the last few weeks, but she was in doubt whether he could remember her from when he titfucked her breasts out behind the stables. After all, he was a horse, and maybe all people looked alike in his eyes?

Maya nuzzled him on his muzzle, and flirtatiously said to him "Mmmmm... Mr. Horse, do you know how much I've been thinking about your big lovely horse cock for the last month? I have missed it so much, big boy." she said, taking a few steps back while smiling cheekily at him. "But do you even remember me? Hmmmm... Maybe you can remember these two better?" Maya said in a naughty voice, and in one movement she pulled her two large breasts out over the shirt. The black stallion immediately became alert and neighed loudly and excitedly as he tripped around in his box.

Maya could see his big horse cock rolling out from under his stomach, and she knew that the sight of

her big naked breasts had excited the horny stallion. "Well oh my! You remember them after all, you horny stallion. Do you want to taste them again, Mr. Horse?" she told him egggingly, walking right up to him with her hands folded under her E-cup breasts like she was serving them on a platter for him.

The big black stallion immediately began to lick and suck on her soft breasts, as he had done at their first meeting, and Maya could feel how his licking made her horny. Her panties were already soaked with her wet horny pussy juices and she instinctively began to bring a hand to the wet panties to play with her clit.

That's how the two stood in the barn for a little while. Mr. Horse licked Maya's big breasts, while his cock grew bigger and bigger. And Maya masturbated to her heart's content. She let him suck and lick longer than last time, and that was perhaps the reason why his sucking increased in intensity. Mr. Horse became more and more restless, and began to nibble on Maya's breasts while he sucked on them like a madman. Maya could feel her orgasm creeping up, and when for a brief moment she saw Mr. Horse in the eyes and saw a passion and lust she had never seen before in her life, she could no longer hold back, and she came in a huge orgasm. Mr. Horse must have been able to feel her orgasm, because at the same moment he grabbed her big breasts hard with his teeth, which only made her orgasm stronger and longer.

When Maa had come down from her orgasm, she pulled her breasts to her and walked a few steps away from the black horse. She looked at him and could see the lust and the sexual frustration in his gaze. His member was huge and swayed back and forth as precum dripped from the flared cock head. "Oh, my dear. Would you like to cum too? Oh, Mr. Horse. I'm not done with you yet." Maya said and pulled off her shirt and bra completely, so that she was now bare-chested.

Then she opened the door to Mr. Horse's box and went in. It was as if he could sense that something was going to happen, because he suddenly calmed down as Maya walked up close to him. She nuzzled his back and kissed his muzzle. "Now it is your turn, sir. I know you want to pound my breasts again with that giant shaft of yours, but I think I'll let you have a little more fun today, Mr. Horse. You need to fuck my mouth. I want to taste your cum, you horny stallion." she said as she crouched under his huge muscular horse body.

Maya grabbed Mr. Horse's huge equine cock, and with both hands she began to caress his member. The precum down from his tip into her hands, and with her hands she rubbed his own precum onto his own cock. She played with Mr. Horse's dick with her feminine hands for a few minutes, but in the end she couldn't control herself and had to taste the horse's dick. She stuck her tongue out and slowly and gently licked the stallion's big throbbing cock. Mr. Horse gave an excited whinny and backed away a little. "Don't worry, honey. The feeling may be new, but you will love it, Mr. Horse." she said, grabbing his cock again with her hands.

Maya let some precum run down her right hand, and then she licked it off her hand and tasted the precum more thoroughly. It was more smelly and musky in taste than her husband's precum, but she liked the taste nevertheless.

Then she guided his strong horse cock in between her big breasts. "Mmmm.. it would be a shame not to let you fuck them again, just for a bit, now that you love them so much." she said laughing. Mr. Horse quickly began to titfuck Maya's breasts all by himself, as he could clearly recognize the feeling of her soft bosom pressed against his huge member.

Maya thought it was a fantastic feeling to feel Mr. Horse pound her breasts again, and she was on the verge of getting carried away and just letting him cum between them again. But she controlled herself. She wanted him in her mouth. She wanted to suck his majestic horse cock.

Then, to Mr. Horse's great frustration, she pulled his big stiff horse cock away from her breasts, but hurried to put her lips on his flared cockhead instead. His cockhead was huge compared to her husband's, and slowly Maya opened her mouth to make room for the horse's cock in her mouth. She yawned loudly and the horse's cock slowly but surely slipped past her lips and into her mouth. Now she began to suck the dick as best she could. Long calm movements with the whole head, so that she sucked thoroughly back and forth on the horse's cock.

It was delicious and incredibly horny to suck cock on a big horse, and Maya again felt a lust mixed with pride in her femininity. Again she had to masturbate, since it was so kinky to sit under Mr. Horse and suck his huge horse cock.

After five or six minutes, Mr. Horse began to whinny more and more leagerly, and Maya could feel how he became uneasy again and how he began to make fucking movements with his hips. Mr. Horse now pulled the dick in and out of her mouth himself, and every time he thrust it into Maya's mouth, it was with more and more force and speed, almost dislocating her jaw.

"Oh fuck yes! He wants to fuck my mouth like it was a mare's pussy. Fuck yes!" thought Maya hornily, while she tried to open her mouth as much as possible so that Mr. Horse could deepthroat her mouth. She groped her own wet clit as she let Mr. Horse pound his member roughly in and out of her mouth.

A few minutes later, Maya could feel the horse's cock throbbing inside her mouth, and she knew that he would soon cum and she would taste horse semen for the first time.

She thought that a good mare's pussy would contract and massage the stallion's cock to stimulate it more, and she would also offer this to Mr. Horse. Therefore, she began to suck harder on his big horse cock, so that her lips contracted around his huge member and the big cock head, which was halfway down her throat.

Suddenly Mr. Horse exploded in Maya's mouth. It happened faster than she had expected, but like a good and loyal mistress, she swallowed his cum, however Mr. Horse continued to pump load after load of strong and heavy horse cum down her throat.

The feeling, the taste and the perverseness of swallowing horse semen made Maya reach her second orgasm, which was so intense and powerful that it made her fall backwards and pass out for a short moment. When she regained consciousness shortly after, she could feel that Mr. Horse was still pumping sperm all over her face and breasts. She looked up at the horse's cock where the semen finally just dripped out, and then she took one hand and wiped the semen from her breasts, after which she licked it off her hand. "Thank you, dear sir!" she said with a wink and a smile.

Chapter 3 - Maya is bred by Mr. Horse

It was a quiet night. Maya could hear that her husband had now fallen into a deep sleep, as he was snoring quietly and peacefully. Maya was wide awake. She had no time to sleep. She had a task to do, and it had to be done in the dead of night. She turned and looked at her husband. He lay there sleeping so peacefully and unsuspectingly. He didn't know what his horny wife had done, and what she was going to do. Was it wrong of her? Doubt and shame suddenly came back to her. Was she cheating on her husband? Could it even be categorized as cheating?

Maya was unsure of what to think about it. But she wasn't in doubt about her feelings. In fact, for the past two weeks she had been quite clear about where she was emotionally in all of this. Even

though it took her a long time to admit and acknowledge it, she had no doubt: She was in love with Mr. Horse.

It was strange to think that she was in love with an animal, a horse, a stallion. But it was also incredibly naughty and kinky to think about. Her shame and doubt began to disappear, and her lust began to surface. "It's not really cheating, when I love Mr. Horse," thought Maya, "I'm just with the one I love the most. Mmmm... oh fuck how I love him. My stallion, my Mr. Horse!" It was a different kind of love than Maya had experienced before. First and foremost because the one she was in love with was a horse, but also because the love had grown out of a sexual attraction first and foremost. That was also why Maya initially didn't quite want to admit that her attraction to Mr. Horse was more than just sexual attraction.

She had now been a volunteer at the farm for four months, and every time she had the chance to be the one to close up and lock the horse stalls, she and Mr. Horse had continued their little game. Mr. Horse was allowed to lick Maya's large E-cup breasts, and she would then let him fuck her mouth until he pumped gallons of horse semen down her throat. At the same time, Maya couldn't take her eyes off Mr. Horse during the day when he was out riding, or just running around by himself on the meadow. She had begun to notice how handsome he was, and how well-behaved a horse he was.

The situation that made Maya realize that she was definitely in love with Mr. Horse, was one day when she passed the enclosure where Mr. Horse was walking with a mare. Suddenly, Maya saw that Mr. Horse and the mare were starting to mate. A feeling of envy, jealousy and failure erupted inside Maya. She felt betrayed, and couldn't stand to see her stallion mate with some willing mare. Later, on the way home in her car, she cried as if it had been her husband who had cheated on her. She wanted Mr. Horse for herself, she wanted to be his girlfriend, his wife, his mare. No one else was allowed to have him.

While Maya thought back to how she had finally confessed her love for Mr. Horse, she had now gotten out of bed and sneaked into their home office without waking up her husband. In there she hid a huge horse dildo that she had been masturbating with for the past two weeks. It was nice to have her own horse cock in the house, in case she got horny. It was great to masturbate with a horse dildo, and she always had such wonderful orgasms with it. But the reason she had gotten the dildo was first and foremost to make her pussy ready to be fucked by Mr. Horse. Ever since she had sucked Mr. Horse's cock for the first time, she knew she wanted to be fucked by his big cock. But shame and doubt had postponed it several times. But for the last two weeks she had been sure that this was what she wanted. But she had to train her pussy so that it could handle him. It was no use if her pussy couldn't take his huge horse cock, because then he might never fuck her again. Then he might take a mare instead. No, her pussy has to be the best he's ever had. Once he'd fucked Maya, he wouldn't want to fuck anyone else again. "And none of the mares have such big breasts as me. And he can't do without them." Maya laughed to herself as she lay down on the floor. She was only wearing an old t-shirt and her panties, so she lifted the panties aside and began to rub the flared head of the horse dildo on her clit. "Mmmmm... Mr. Horse, breed me!" Maya moaned softly, and then she began to fuck herself with the dildo.

A few days later, Maya again had the job of closing and locking up the horse stalls. It was evening, as there had been a riding competition during the afternoon and early evening at the farm, so her husband knew in advance that she would be home late. Maya had masturbated with the horse dildo three or four times a day the last few days, as she wanted her pussy ready for tonight. Tonight she would be bred by Mr. Horse.

All day at the farm, Maya walked around and was constantly horny. Every time she met Mr. Horse, she blushed and got butterflies in her stomach. Maya had put on her most beautiful flowered dress,

which really showed off her cleavage. Not because there was a riding competition, but for Mr. Horse's sake. When evening fell and she was about to close the horse stalls, she went on her usual rounds, and ended up inside Mr. Horse's stable. He stood and whined when she entered the stable and locked it from the inside. "Hey, handsome guy. Did you miss me?" Mr. Horse stomped restlessly and excitedly. Maya walked all the way to his box, and could already see from a distance that his enormous equine penis was hanging out semi-erect. He was horny for her as well. He wanted to breed her. As Maya got all the way to the box, Mr. Horse stuck his head out to Maya and stuck out his tongue. "Oh my darling. Do you like my dress? You want my breasts, right, honey? Mmmm.. You can have anything you want. I'm yours, Mr. Horse." she said lustfully, and kissed him on the mouth.

Even though they had never really kissed before, tonight it was like they were two young lovers who could not resist french kissing each other. Mr. Horse's long rough tongue licked all over Maya's face until it found its way to her mouth. Maya enjoyed french kissing with a horny stallion, and her panties were now soaked with pussy juice.

After they had kissed for a minute, Maya pulled her head away from his. She looked at him cheekily, while she brought a finger up to her mouth and bit it in a cheeky and flirting way. "mmm.. Do you want my breasts, Mr. Horse? Do you want to suck on Maya's lovely big tits?" Mr. Horse squealed lustfully, and Maya let her dress fall, leaving her only wearing a thong. The busty brunette walked over to Mr. Horse and offered him her breasts so he could lick and suck them. As so many times before, Maya had to masturbate while she stood there and had her breasts licked by the lovely horse tongue. She buried one hand in her pussy, and after just two minutes she had a huge orgasm. "OOHH! I AM CUMMING, MR.HORSE!" she cried out, as she staggered a few steps back, legs shacking, almost not able to keep her footing. She stood there for a moment, feeling the the orgasm subside, as pussy juices leaked down her legs, almost like cum dripping from her pussy. After a little while, she walk up to him again, but instead of letting Mr.Horse lick her breasts again, she gently grabbed his head with both of her hands and looked Mr. Horse directly into the big horse eyes. "Mr. Horse" she suddenly said in a serious tone "I love you. I want to be yours forever. I want to be your girlfriend... No, I want to be your wife, Mr. Horse. Please make me your human mare. Please breed me. Fuck me! Impregnate me with your foals! I love you so much, Mr. Horse." she said and tears came to her eyes. This was so romantic. She was right here with her true love, her Mr. Horse.

It was as if she could see deep within Mr. Horse's eyes that his feelings were mutual. He remained completely still for a short moment, and Maya opened the door to the stall, and pulled him out into the stable's hallway. She calmly led him over to a large box, where there were a lot of old saddles and riding gear. She kissed him on the muzzle, and in front of him she took off her thong. Then she lay down with her back on the large box, and spread her legs in front of him. She could smell the horny scent of wet pussy herself, and thought that Mr. Horse could undoubtedly smell her lust as well. "I'm yours now, Mr. Horse. Take me as you want me," said Maya, looking up at the enormous black stallion who stood enthroned above her. She could see under his belly that his horse cock was big and stiff, and that pre-cum was already dripping from the large cock head.

Mr. Horse stood for a long time, looking at Maya as she lay there in front of him. Maya suddenly wondered if he understood what she wanted, or if she should turn around so he could take her from behind, like he did with the mares. But then suddenly Mr. Horse lowered his head down to her wet steaming pussy. He buried his big mouth in her pussy and started licking her pussy juices. "AAAAAAAHH HOLY SHITT!!" Maya exclaimed when the horse's tongue started playing on her pussy and clit. She couldn't lie still at all when Mr. Horse licked her in such an intense way that she had never tried before. It was wildly intense and naughty to feel his long rough tongue on her pussy, while he buried his muzzle down into her clit. She could feel a new orgasm emerging, and just as Mr. Horse let the tip of his tongue penetrate between her labia, Maya exploded in a violent orgasm while she screamed "AAAAHHHHH MR. HORSE! FUCK FUCK YEAH!!! I'M CUMMING!!!!". Mr.

Horse just kept licking her pussy, and it made her orgasm continue for longer than she had tried before. She shook epileptically all over, and could not moan anything other than “fuck me! Fuck me! FUCK ME NOW!!”.

Mr. Horse suddenly pulled his head to him. He looked down at Maya again, and she opened her eyes and looked up at him, smiling. “That was wonderful. My pussy is yours now. Take her! Breed me and my pussy, Mr. Horse. Please! Fuck me!”.

And just then, Mr. Horse got up on his hind legs and whinnied loudly, and even in her waning orgasm, Maya was briefly afraid that he would trample on her. But Mr. Horse put his front legs down on the box right next to Maya’s head. Then he moved his whole body up over hers. His enormous cock was now hanging over her. She looked up at it. It was enormous. Could she take it all in her little human pussy? She would soon find out.

Mr. Horse lowered his hind body down, and Maya lifted her lower abdomen up so that Mr. Horse could reach her pussy. His enormous horse cock hit her labia, and it began to rub up and down her wet pussy. “Uuuhh.. I’m almost too wet and slippery for you. Here, let me help you, my love,” said Maya, as Mr. Horse looked down at her. For a moment they looked into each other’s eyes, Maya grabbed his big stiff member and guided it down to her vagina. To get the horse’s cock in position by her entrance, Maya had to put her feet up on the box, so she ended up standing in a bridge formation under Mr. Horse. It was difficult to be in this position, but she would do anything for him to be able to enter her.

The cock head was enormous, and even though Maya had practiced with the horse dildo for several weeks, it was still a difficult exercise to get his big flared cock head properly into her vagina. She let the cock head slowly press on the vaginal opening, and after a few pushes, Mr. Horse finally slid up inside her. Maya exclaimed a loud “OH GOD!!”, when she finally felt her horse lover’s enormous cock penetrate her pussy. Mr. Horse whined loudly, but he seemed to understand that Maya wanted to control the pace at first. He just looked her deep in the eyes while Maya slowly let her pussy get used to the gigantic horse cock. Maya had never felt so full, and even though it squeezed and pinched a bit, it was also incredibly naughty, and her g-spot was stimulated a lot. She began to relax more and more, and her pussy got more and more used to the big horse dick. Then Mr. Horse began to move and make fucking movements with his hips. “So now you want to fuck me yourself, huh? Ok. Then take your human mare! Fuck me, Mr. Horse!” Maya said lustfully, and released her grip on his big cock. Mr. Horse understood this as a sign that he were allowed to fuck her as he liked, and he immediately began to thrust hard into her. “AAHHH FUCK FUCK FUCK!” Maya screamed while Mr. Horse fucked her pussy with hard, strong thrusts. Pain and pleasure were fused together, and Maya felt her pussy burning with lust and pain. But that was how she wanted it to be. She wanted Mr. Horse to fuck her hard and rough. She wanted to be his fuckdoll, his sex toy, his cumdumpster, his brodmare.

Maya tried to grab Mr. Horse’s waist with her hands, but he fucked her too hard and rough for her to get a hold of him. Mr. Horse whined loudly, clearly enjoying the fact that he could finally fuck this busty human and her tight, wet pussy. Again, Maya could feel another orgasm beginning, and she looked up at Mr. Horse. He looked down at her, and just then she realized how feral he was. She was lying on a box in a stable and being fucked by an enormously large and insanely masculine black stallion. She saw his passion and manliness in his eyes, and she knew exactly why she was in love with this horse. And then she came for the third time. Maya screamed at the top of her lungs as her pussy contracted in the biggest orgasm she had ever experienced in her life. “FUUUUCKK!! I LOVE YOU MR. HORSE!!! AAHHHHHUUGHHHH!” she screamed, and orgasm after orgasm rolled over her, like waves crashing against the rocks. Mr. Horse could feel her pussy contracting, but he just thrust into her even harder and faster. His cock had now penetrated her cervix, and the head of

his flared cock was now on its way up into her uterus. The feeling that Mr. Horse's cock was now penetrating deeper into her body and mind than anyone else had ever done made her cum again, and this tenth orgasm made Maya faint with Mr. Horse's big cock still deep inside her.

Several minutes passed before Maya regained consciousness, and she could hear Mr. Horse whining louder and more restlessly than before. She looked up at him, and knew immediately what was going to happen. Just the thought of it made her cum yet again, because she had been dreaming of feeling his cum inside her for so long. "YEEES!! Cum inside me! Pump your sperm deep inside me, my love! Fuck I'm cuming again! YESSSS" screamed Maya, as her pussy clenched in spasm around the enormous horse cock, which simultaneously exploded and pumped liters of horse cum deep into her uterus. Mr. Horse whinnied loudly and he continued to pump cum into Maya's pussy for almost five minutes straight.
