BEASTIALITY STORIES

My parents weren't home, so I decided to sit in my bed and finger my tight, virgin pussy. I've always felt the need to fuck something ever since puberty. I've been an actual hornbill since then. I was searching for something to get off to, but nothing was working. The closest I got to somewhat feeling good was furry porn. Then I had a wild idea. I slowly typed in 'Beastiality porn,' and so many results came up. I decided to click one, clicking on the first video titled 'SMALL DOG EATS PUSSY OF A TIGHT BABE.'

At first, it was kind of exciting, but then her moans filled the air of how good his wet tongue was eating her out. I gaze over to my big white Alaskan Malamute, Percy, who is lying in the dog bed beside my bed, fast asleep. I stopped the video and crawled down on all fours near her, looking at her all over. I waited about 2 minutes for her to wake up, my naked body sitting in front of her, now, no longer on all fours, but with my legs spread apart and playing with my breasts in front of her. She looks at me, looks at my dripping pussy, then at my face again.

I slightly tap on the top of my pussy and say, "Come here, pretty girl."

And she rushed up, hunkered down, and began to sniff my pussy. As instinct, my hips thrust up into her snout, and that's when she started licking aggressively at my clit. I moaned at the top of my lungs, bucking my hips at every lap she took, and I got very close to cumming; then, I heard my bedroom door creak open; I jumped up and looked behind, covering myself with my hands. It's my twin brother, Leo.

"What are you doing, Lilly?" he asked, his words harsh.

"Nothing!" I say frantically.

He walks to the opposite side of the room, which is the side I'm on. "Really? It looks like you're getting Percy girl to eat you out," he chuckles.

I've always been sexually attracted to my brother, but this was embarrassing to be caught doing.

"I'm experimenting," I say, standing up, covering my privates from him.

Percy begins licking my leg, jumping up, and trying to hump it.

"Well, it looks like you got her all worked up," he says.

"Yeah. I guess so," I say, dropping my hands to my sides, my gaze dropping to Leo's boxers.

"Let's see if you can take her AND me," he says coldly, whipping out his 8-inch throbbing cock.

"What? W-wait," I say as he pushes me on the bed, and Percy jumps up and starts licking away at my clit.

Leo sticks his fingers in my tight cunt and thrusts them rapidly in and out. I let out loud moans; he then swaps his fingers with his tip as Percy begins smothering her snout in my clit, making me scream. Leo thrusts completely into me, stretching me out. After about 5 minutes, the pleasure is too much for me, and I cum everywhere, holding Percy's face down into my pussy, making me scream as Leo thrusts into me, then releasing all his cum inside of my loosened pussy. Percy then comes up and licks my face, her tongue going into my mouth and mine going into hers.

“Good girl, Percy,” Leo says, putting his hand on her head as she then comes and licks his cum off of my pussy. “And you’ve been a good girl too, Lilly,” he says.

I am completely distraught and out of breath; I just lay there for a bit.

“Hey.. can we do this tomorrow?” Leo asks

“What?” I say.

“Just one more time.”
