BEASTIALITY STORIES

My name is Staci Adams. I am 18, 5'9," with short blonde hair and big blue eyes. I have been modeling since I was 16, so I stay in shape. My legs are long, lean, and muscular, but my large 36c breasts and young athletic body are normally what gets me my modeling jobs. It was the summer after high school when my life got twisted. I volunteer at the local animal pound on the weekends. I've always had a soft spot for animals needing human assistance. I also thought volunteering would look good on my resume and college application. Little did I know that I would be helping the animals in multiple ways.

I went to work on Saturday Morning. I was planning to stay for a couple of hours. Then, I would meet some friends of mine up at the lake. I was wearing a short sundress over my new red string bikini. When I got there, only one other person was in the building. Dr. Graham. He was a local vet who volunteered at the pound as well. As we spoke, I watched his eyes drift to my large breast. My large hard nipples were poking through the thin fabric of my Bikini top and sundress. I was a little embarrassed, so I crossed my arms quickly, hiding my hard, large nipples. While we were talking, Dr. Graham got a phone call from his client.

"I'm sorry, Stacie, but I have to go. I have a long-time client who is having issues with their dog. I'll try to be back early this afternoon so you can still head out with your friends," he said.

"Ok, no problem; I'll see you when you return," I said.

Dr. Graham instructed, "Remember to feed the dogs in the back of the kennel. I haven't had a chance to get to them yet."

"Sure thing," I responded.

As soon as Dr. Graham left, I called my friends, letting them know it would be late if I could make it out to the lake that day. I then went to the back of the kennel, grabbed a bag of dog food, and headed back. All of the dogs were barking like crazy as I passed each cage. It didn't bother me. I was used to it. I knew it was the dogs' way of saying hello.

When I reached the back of the kennel, there was a 12' by 12' enclosure with three dogs. These dogs were all mutts. Dr. Graham called them big brutes because they were each easily over 110-120lbs. At the time, I felt bad for them because I knew that they were going to be neutered before we put them up for adoption. Normally, we wouldn't keep so many big dogs in one enclosure, but we were limited in space, so we had no other option. I opened the door to their cage and walked in (making sure to shut it tight so they couldn't get out while I was feeding them). I had named each of them. Buster was the biggest, followed by Mac and Joker. I had never had any problems with these dogs, so I was unprepared for what would happen. As I approached the dog bowls, the dogs walked towards me.

'They must be hungry,' I thought.

I bent over and began to pour the dog food into each of their bowls. Out of the blue, I felt something lifting my short dress and sliding up my muscular thigh before finally rubbing my ass. It was Buster. He had managed to get his head under the back of my dress. I didn't think anything of it. I continued to pour the dog food. Then I felt a warm wet slap hit the crotch of my bikini right on top of my clit. The unexpected attention my clit received sent chills through my body. Not knowing what to do, I froze in that position. Buster began licking away at my bikini bottoms. Suddenly, I felt his tongue go under the fabric of my bikini. His rough warm tongue slapped my clit a couple of times then it began

to enter inside the lips of my tight, cleanly shaved slit.

"What the hell?" I said as I stood up. I dropped the bag of dog food and used both hands to get Buster away from me. I was in shock. My clit was throbbing. I could feel myself getting a little wet. "Bad dog!" I yelled.

I then bent over and picked up the dog food bag. As I did, I felt something pulling on the thin fabric of my sundress. I looked over and Joker was tugging away at my dress. I tried to slap him with my free hand when, all of a sudden, Mac grabbed the other side of my dress and began pulling. I dropped the bag of dog food, spilling it everywhere. I could feel the fabric ripping. I had to leave, so I moved toward the door. Buster quickly jumped in front of me.

"What's happening?" I thought to myself. "Stop it!" I yelled.

Then, with a few intense yanks, the dogs tore my sundress off me, exposing my young athletic body covered only with a red string bikini.

I stood before these dogs, my young, tan, athletic body hiding under a little red string bikini. My large nipples were poking through the fabric of my bikini top. My nipples were as hard as rocks. My long blonde hair was in a ponytail. I began to think horrible thoughts about being attacked and left for dead by these dogs. Quickly, I made a move for the door. This time, Buster jumped up and snapped at me. Joker jumped from behind, knocking me on my hands and knees.

Joker immediately began biting the back of my string bikini top. Suddenly, I felt that huge dog rip my bikini top from my young body, exposing my large, perky breasts. My large, perky breast dangled under me as I sat there on my hands and knees, staring at Buster. Buster moved closer toward my face, growling loudly. Mac walked around me in a circle, staring at me like raw meat.

"Why are you doing this to me?" I said with a shaky voice.

I could feel Joker's tongue licking my muscular thigh, working its way towards my slit.

"Oh god, no," I screamed as his tongue began working its way underneath the fabric of my string bikini.

I let out a gasp as I felt his tongue reach my slit. Slowly and repeatedly, his tongue rubbed my clit. Mac walked over to my waist and bit down on one of the strings of my bikini bottoms. He stepped back slowly, untying my string bikini. Joker stopped licking me and tore my bikini bottoms off, leaving me completely naked.

"Oh my god," I screamed as I felt Joker begin to push his tongue in and out of my slit. I couldn't believe that I was being tongue fucked by a dog. I was so humiliated.

I lowered my head and began to cry. I wasn't sure what would happen to me, but I knew it wasn't good. Buster moved from in front of me and began walking next to me, licking my naked flesh. His rough, warm tongue rubbed one of my breast's hard pink nipples, making it even stiffer. Joker stopped tongue fucking me and walked around and stood in front of me. Buster stopped licking my breast and moved behind me. I felt his tongue slap my clit a few times, making my body jerk. Buster forced his head between my muscular thighs, forcing me to spread them so he could have better

access to my shaved slit.

It was then that I realized what the dogs had planned for me. I was on my hands and knees and completely naked. My young athletic body was theirs to enjoy. Then, without any warning, I felt Buster mount me from behind. His front paws were resting on my back. I began to panic. I couldn't get raped by a dog. He was not heavy; I couldn't push him off. I could feel something wet and slimy rubbing against my muscular thigh.

"Oh god, no," I said.

I lowered my head and looked between my legs. I was in disgust as I saw Buster's long and thick red dog cock rubbing my thigh. I tried to shake him off me. As a result, Buster bit down on my long blonde ponytail and yanked my head back so my eyes were facing the ceiling. I saw that our rear security camera was pointing directly down on the cage that I was in.

"Oh my god, this whole thing was being recorded," I told myself.

Buster's doggy cock kept poking around my slit, trying to find the opening. I was wet from the tongue fucking, but his cock was so huge that I still wasn't sure he would be able to fit that thing in me. Then it happened. I felt Buster's cock enter past the lips of my slit.

"NOOOO!" I screamed out.

Buster reacted by beginning to violently sink his cock inside of me inch by inch. I felt my tight little slit stretching to accommodate the thickness of his cock. My slit was wrapped tightly like a latex glove around his cock. I could feel the veins in his cock pulsing as he slowly stuffed more and more of his cock in me with each thrust.

I couldn't believe that I was being fucked by a dog. Buster finally released my hair. I lowered my head in shame and began to sob as my body bounced back and forth with each thrust of his thick dog cock. It hurt so bad I had only sex with one of my ex-boyfriends, and his penis was not nearly as large as this dog's. My large breast swung back and forth in rhythm with the thrust of his cock. My hard nipples rubbed the floor as I arched my back from the weight of the dog on top of me. Again I looked between my legs only to see his cock slide in and out of my helpless tight young, shaved slit. I noticed a large ball slowly moving up his shaft.

'His knot, of my god, he's going to try to get his knot inside of me. It won't fit. He can't,' I thought.

I lifted my head. Standing in front of me was Joker. He seemed to enjoy watching me get fucked by the Alpha male of his small pack. I could feel Buster's knot slamming against my tight slit. It was then that the reality of the situation hit me. There was no way out of this. If he couldn't get off inside of me, they would surely kill me. I felt broken. Knowing that I had no other choice, I began to spread my long, muscular legs as far apart as possible. Now with better access, Buster's cock was thrusting deeper inside of me than any human had ever been. I let out a grunt each time he thrust his thick cock inside of me.

I wanted to scream in pain as I felt his knot slowly enter and sink into my young slit. After a few minutes of slow and steady pumps, his knot was a good three inches inside of me. Suddenly Buster began fucking me fast and hard. My muscular ass bounced each time his body slapped it. My large breast swung back and forth as he stuffed me full of his cock. I couldn't believe that this beast was going to cum inside of me. Buster gave one last deep thrust and let out a howl.

Deep inside of me, I felt his thick cock twitch and pulsate as he began to shoot his warm cum inside my helpless young athletic body. I could fill his cum, filling my insides up. Then like a hose, his cum began shooting out of my slit down my muscular thighs. I felt so humiliated. I sat there as Buster slowly pumped his cock in and out of me, making sure to milk all of his cum inside of my body. When he was finished, we had to stay in the same position because his knot was inside of me. After a couple of minutes, his knot slid out of my abused slit. As it exited my body, it made a loud 'Pop.' I collapsed on the floor. When I looked up, I could see Joker's huge red dog cock was exposed.

'He is waiting for his turn,' I thought.

After about a minute, I tried to raise myself off the floor. I could feel Buster's warm load buried deep inside of me. Once I raised myself to my hands and knees, I felt Buster's cum leak out of my slit down my lean muscular thighs. I was so weak I could hardly move. Looking around the room, I saw a raised bench on the side of the cage where the dogs would sleep. I knew getting on the bench was the best chance to prevent the dogs from gang-banging me. I moved for the bench as soon as I had my upper body on the bench. Joker quickly approached me and began pulling on my long blonde ponytail.

"Not again," I said.

I tried to stand up. After I managed to stand up, I tried to turn around to slap Joker and have him release my hair. That was a horrible move. Once I turned around, Joker released my hair and pounced on me, knocking me back on the bench. His paws had my shoulders pinned against the cage. Joker had managed to get in between my long, tan, muscular legs. I quickly tried to close my legs and squeeze him. The result was Joker fiercely snapping at my face. I could feel his jaw snap shut right in front of my face. I suddenly stopped trying to squeeze him. Joker sat there growling at me, pumping his hips. His long thick dog cock was slapping my thigh, with the tip hitting remarkably close to my slit. Again, the realization that there was no way out of this. I knew that Buster's cum would make it easier for Joker to get his thick cock inside of me. So, out of fear, I gave in.

"You fucking mut. I'm going to kill you the first chance I get," I said.

Then I spread my long legs apart, making sure that Joker's cock would have access to my slit. I couldn't believe that I was giving myself to this dog. My young athletic body was his to use. Joker lowered his head so he was directly in front of my face. The head of his cock lined up with my slit. I looked around the room only to see the other two dogs staring at me. Then without any warning, Joker gave one violent thrust and shoved the first few inches of his thick cock inside my slit. I let out a yelp as I felt my slit begin to stretch, trying to allow his cock inside of me. Joker steadily pumped my naked body full of his cock. My large breast jiggled with each one of his violent thrusts. I looked up only to see Joker staring me right into my eyes while he raped me.

I was disgusted that this must be fucking me against my will. I tried to avoid making eye contact with Joker. As I looked over his shoulder, I saw that the security camera had a direct view of this dog pounding away at my naked body. I was so ashamed. Joker began to growl at me. I knew it was because I was keeping him from going deep inside of me, so I spread my legs wide apart. After a couple of deep hard thrusts, his cock was buried deep inside my helpless body. His cock was so deep inside of me it felt like he couldn't go any deeper. I started grunting with each one of his thrusts as that dog pounded my naked body into the steel bench. I looked at the ground only to see my torn dress and red string bikini lying on the concrete floor.

Then I felt it. The dog's knot was pounding against my slit. "Oh no, please, not again. I can't take it. Please stop!" I begged.

Joker's slobber fell on my large, perky breast. My nipples were being kept hard by rubbing his furry body against my large, bouncing breast. I let out a gasp as I felt his huge knot begin to work its way inside my young tight slit. I screamed out in pain as it sunk into my helpless body. Within minutes, his knot was several inches inside of me. 'Thank god I can't get knocked up by a dog,' I thought.

"Go ahead and cum in me, mutt. I won't be having your puppies," I screamed.

Deep inside, I knew that he was fucking me to fuck me, not to breed with me. All of a sudden, Joker started fucking me fast and hard. His cock was thrust deep inside my tight slit. His knot had worked itself about three or four inches deep inside of me. Joker got in my face and let out a loud bark. I felt his cock twitch and pulsate as he shot his warm cum deep inside of me. He filled me so full of his warm cum that it began to leak out of my slit onto the bench underneath me.

My breast continued to slowly bounce up and down as he milked his cock deep inside of my unwilling slit. I couldn't believe that I had been forced to look at the dog while he fucked me. I began to cry as he stayed on top of me since his knot was still buried in my womb. When his knot slid out of my slit, I just lay there, not knowing what to do. I knew that there was one dog (Mac) left that hadn't abused my naked body, so I knew the experience wasn't over yet.

After several minutes of crying, I decided to go for the door. I had to get out of there. My slit couldn't take any more abuse. I struggled to stand up. Once I was standing, I took a step towards the door. Immediately a rush of warm dog cum poured out of my slit and down my long, tan, muscular legs. I looked down to see a small pool of dog cum forming around my feet.

'If anyone found out about this, I would be known as the dog's slut for sure,' I thought.

Slowly, I walked towards the door, trying not to look at the dogs. Suddenly, Buster and Mac hit me from behind, knocking me to the ground. I landed on my hands and knees. Mac quickly mounted me from behind. His thick red cock was poking around, trying to find my slit. After a couple of seconds, his cock found my asshole.

"No!" I screamed.

Mac responded by attempting to shove his cock up my ass. He thought he was inside my slit, but instead he was in my ass. I had never had anyone fuck my ass before, and I sure wasn't going to let a dog fuck my ass. I tried to wiggle to get him off me, but he responded by pushing his paws down, nearly making me collapse. After about a minute, he had a good five inches of his long cock up inside my tight, virgin ass.

"Why is this happening to me? Please, I'll do anything. Just let me go," I screamed.

I knew they couldn't understand me, but I didn't know what else to do. I clenched my fist as Mac shoved his thick cock deep inside of my ass. My ass jiggled each time his furry body slapped it. I couldn't believe that I was being ass raped by a dog. Within a minute, I was firmly impaled on his thick cock. I knew that if his knot tried to go in my little asshole that it would tear me for sure. It wasn't long before I felt his knot pounding against my asshole. I panicked. Not knowing what else to do, I quickly fell to the ground and rolled over on my back.

"Please, no," I begged. Mac's cock was rock hard, and his knot was visible.

His cock was twitching. All of the dogs began growling at me and barking. I knew that I had to get Mac off, or I would be as good as dead. Mac walked over to me so his cock was above my face. I don't know what made me do it, but I opened my mouth and used my hand to gently guide his thick cock into my warm mouth. I thought that I was going to vomit. I knew that my slit couldn't take any more abuse and that he would rip me if he tried to get his knot inside my ass.

I slowly stroked his large cock with one hand while my head bounced up and down on his thick cock. Mac was panting while I sat there, sucking his doggy cock with a passion. I knew I could make it to the door to be free once he came. Mac's knot began working its way up his cock's shaft. I moved my hand, so it was behind his knot, stroking his cock. As a result, his knot was slapping my large lips.

'What do I do? If he doesn't get his knot in something, he won't cum. I have to let him cum in my mouth,' I thought.

I stopped sucking his cock and opened my mouth wide while I continued to stroke his shaft. Within a minute, his knot had gone past my large, pouty lips and was resting on my tongue. I felt like I had an apple shoved in my mouth. I started to gag as the head of his cock began going down my throat. With his knot firmly in place, I knew it wouldn't be long. To speed things up, I began stroking his cock fast with my hand, hoping to simulate what it would have felt like if he was inside of me. Mac began pumping his hips, forcing his cock further down my throat with each pump. His knot was now buried in the back of my mouth.

I couldn't breathe out of my mouth anymore. The dog's knot had made my mouth an air-tight chamber. It seemed like forever, but it probably only took a few minutes. With his cock buried in my throat. I felt it expand. Then without any warning, his dog cock began spraying his warm salty cum down my throat, quickly filling up my mouth. I continued to stroke his cock. Mac's knot kept his cum from leaking from my mouth. My eyes watered as Mac shot load after load of his warm salty cum down my throat. I started swallowing what I could while the rest was forced down my throat by his hose-like cock. It felt like I had swallowed a gallon of cum when Mac took a step backward and pulled his knot and long cock from my throat and out of my mouth.

As he did, a little cum leaked out of my mouth and down my chin. Once my mouth was free of his cock I gasped for air. I wiped my mouth with my arm. The taste of his warm cum was overpowering. I knew now was my chance. I quickly made my move for the door. I opened the door and ran out of the cell. As I shut the door, all three dogs pounced on it, but it was useless. They couldn't open the latch that kept the door shut.

I stood there naked. I had warm dog cum leaking down my muscular thighs and the taste of salty dog cum in my mouth. It took everything I had not to vomit. I remember wearing shorts and a T-shirt in my car. I begin to walk down the hallway towards the front. All of the dogs were barking. It was like they knew that I had just been made a bitch by the three big dogs at the end of the building. When I reached the front office, I saw Dr. Graham sitting in front of our security monitor.

"Nice show, Staci," he said.

Then he turned around and grabbed my arm, throwing me to the floor. He quickly laid on top of me and began sucking my breast while undoing his pants. I was too tired from the gangbang that the dogs gave me to fight back. "Please don't do this. Please stop," I begged.

Dr. Grahm grabbed a handful of my long blonde hair and forced me to look at him. "You think that you can give that sweet little cunt of yours to a couple of mutts and not me. You stupid bitch," Dr. Grahm yelled.

Then I felt the head of his cock press against my cum covered slit. "No!" I screamed.

"Take this, you fucking slut," Dr. Grahm yelled out.

Then with one violent thrust, he forced the full width and length of his cock inside of my young, shaved slit. My slit quickly wrapped around his cock like a tight glove. My breast bounced as he violently pumped his cock in and out of my body. I just lay there grunting with each thrust.

"If you go to the cops, I swear this little video of you and your new dog friends will be sent to your friends and family. I'm sure that there are plenty of guys that would love to see you get your tight little pussy pounded," he said.

Several minutes went by. Dr. Grahm would suck on my large pink nipples, then lean back and resume fucking me hard.

"Oh fuck I can't hold it back anymore," he said.

Then Dr. Grahm slammed his cock deep inside of my slit. I felt his cock begin to shoot his warm cum in me. He laid on top of me for a minute, sucking my large nipples until his cock went limp and slid out of my slit. He stood up, pulled his pants up, and got dressed.

"Thanks for the fuck, Staci. You have a nice tight cunt. I'll be having that again real soon," Dr. Gramh said.

I lay there crying as Dr. Gramh left the room. After a few minutes I got up, went to my car, and dressed. As I sat in my car, I could feel warm cum deep inside of me. The only question was is it was a man's or a dog's. I broke down and began to sob. I knew that my hell had just begun.

The End
