## BEASTIALITY STORIES

Lavinia was bored. It was summer and the excitement of being out of high school had worn off. She was alone in the family's small ranch. Her parents had gone into town for the afternoon and the ranch hand, Jeff, was off buying supplies. She had written in her diary, cleaned her room and finished her chores and now had nothing to do. Lavinia didn't feel like calling any of her girlfriends and hadn't wanted to go shopping with her parents. She was too restless for such things.

In fact, she had to admit she was horny. Though only 19, Lavinia had already experimented with sex. Her late boyfriend Jake had convinced a not unwilling Lavinia that she was old enough to start learning about such things. They had started with heavy necking in her bedroom one night when her parents were out of the house. She had let him pull down her top and touch and suck on her large breasts. Though at first frightening, his caresses had soon made her relax. Lavinia had large sensitive nipples and when Jake had taken them into his mouth she hadn't been able to suppress a moan. Thoughts of taking it one slow step at a time had dissolved and she offered no protest when Jake had put his hand up her skirt and began caressing her pussy.

Lavinia began to feel a warm glow spreading through her lower body and found herself panting heavily. Jake had been quick to see her weakened resolve. With his free hand he had unbuttoned his jeans and freed his hard cock. He grabbed her small hand and placed it on his throbbing dick. She instinctively began to pump it. It was hot to the touch and very smooth. Lavinia looked up at Jake's face. It was red and he was breathing heavily. "That feels so good, baby", Jake muttered. She responded to his words by stroking him harder. Her other hand reached up to one of her breasts where she caressed it and pulled on the nipple. She had had no idea her breasts were so sensitive. Watching her play with her breast seemed to make Jake even hotter. He began to move his body between her legs and began to remove her panties. Lavinia had managed to muster enough willpower to tell him to stop. "No Jake! It's too soon for that." He had looked dejected but seemed to feel better as she continued to stroke his cock. "Well at least take care of my problem here", said Jake pointing to his hard on. He got up on his knees and moved his body in front of Lavinia's head. His hard cock was now just inches from her face.

Lavinia looked up at him questionally. "Just lick it a little, baby", Jake pleaded. He then reached down with one hand and put a finger inside her pussy. Lavinia felt a shock go through her whole body. As Jake began pumping his finger slowly in and out of her pussy, she lost all desire to be good. She stuck out her tongue and licked his red dick. Moaning softly from the intense feelings coming from her pussy, Lavinia began licking up and down the full length of his cock and then bent her head to lick his balls. With Jake's encouragement and instructions, Lavinia took Jake's hard dick into her mouth. She would suck it down as far as she could and then bring it back up and lick the head. Jake's finger was now causing sensations she had never thought possible. Her hips were bucking against his hand and she couldn't stop making moaning and grunting noises. Jake's other hand was busy roughly kneading her breasts and pulling hard on her nipples. Though she was sure this would have hurt any other time it had felt great at the time. The feelings continued to build until she thought she would surely explode. Just when she thought she couldn't take it anymore, her whole body crested like a wave hitting the beach. She felt her pussy contracting as she screamed around the hard cock pushing in and out of her mouth. The feeling slowly abated until she was left with just a warm glow. "All right, you got yours baby, now it's my turn", grunted Jake.

He grabbed her head with both hands and began pistoning his dick into her willing mouth. After that intense orgasm she was willing to do what it took to please him. "I'm coming baby", Jake screamed. She didn't really know what to expect so she was surprised as the first shot of cum hit her in the throat. Jake shot another large load of cum in her mouth before Lavinia pulled his dick from her mouth. She continued stoking his dick and was surprised when a third shot hit her directly in the

face. Jake grabbed his dick and stroked off another spurt onto her upturned face. He then leaned back a little and shot three more spurts onto her tits. Jake finally quit cumming and collapsed beside her. Lavinia still had a mouthful of sperm. She wasn't sure what to do with it. She didn't want to hurt Jake's feelings so she swallowed it. It wasn't bad at all. Warm and a little salty. She bent down and licked the rest of the cum off of Jake's softening cock.

Jake sighed and smiled at her. "You like the taste of that?" She nodded at him and continued to lick his cock clean. She liked the taste but she mostly wanted to make him feel good. "Why don't you lick off the mess on your tits then", Jake suggested. Lavinia's tits were large enough to reach to her mouth. She lifted her right breast up to her mouth. A large glob of thick sperm clung to her nipple. She stuck the nipple in her mouth and sucked the cum noisily off of it. She then ran her tongue over the nipple, surprised at how good it felt to suck her own tit. Jake watched her lick the cum off her other tit. There was still cum clinging to nose and chin from when he had shot on her face. "That is beautiful baby", Jake said. She looked up at him and smiled.

Lavinia was awoken from her daydreaming by a loud neighing. She thought she had better go investigate but was now very horny from her memories. She ran a hand under her braless blouse and caressed her breasts and nipples. She briefly considered masturbating but decided it was too hot. Instead she went outside to see what all the fuss was about. Lavinia ran to the barn and opened the door. The family's new, young stallion was kicking his stall and neighing loudly. Lavinia knew what the problem was. The family mare was in heat and the young stallion was smelling her scent. When this happened yesterday, the ranch hand Jeff had calmed the horse down by talking to it and brushing its coat. Lavinia grabbed a brush and carefully went into the animal's stall. Though not full grown, the stallion was big enough to hurt her if he rammed into her. Lavinia began speaking soothingly to the animal while she started to stroke its coat with the brush. The horse calmed somewhat but was jumpy. Lavinia continued to stroke its coat working down the side of its body.

As she approached its hindquarters Lavinia gasped in surprise. The stallion had a huge erection hanging from its belly. "The thing must be 15 inches long", muttered Lavinia to herself. She continued brushing the animal's coat working up a sweat on the hot day. She couldn't get the sight of that huge dick out of her mind. That was all she needed was to see a huge dick when she was already so horny. As the sweat poured down her chest she decided to cool off a little. She removed her shirt and poured some water over her head and upper body from the horse's water trough. The cold water felt good and her nipples stood up like pencil erasers. However, the stallion became agitated again because she had stopped her brushing. He bucked up and whinnied loudly. Lavinia rushed back to calm him down. She couldn't help but look under his belly again. If anything the thing was bigger. "You poor thing", Lavinia muttered, "you're as horny as I am." She began brushing the animal's lower belly, crouching down to reach.

The horse's huge organ bobbed only inches from her hand. The horse, still jumpy, danced a step toward Lavinia knocking her off balance. She grabbed out to keep from falling and caught herself by holding onto the large hard cock of the stallion. Lavinia was embarrassed but didn't let go after she had caught her balance. She couldn't help but noticed that her hand fit hardly more than halfway around the big horse cock. She also noticed the stallion had quit fidgeting and was acting calmer. Maybe this was good for the horse. She slowly began to caress the big cock with her hand. Dropping to her knees, Lavinia wrapped a second hand around the monster and began tugging in earnest. The young horse dipped its head twice as if saying yes and blew air out its nose. "You like that don't you boy", whispered Lavinia as she continued to stroke the beast. Lavinia briefly considered stopping now before she got carried away but her horniness won over her caution. "Aw hell, why not", said Lavinia, "the horse seems to be enjoying it." Lavinia quit stroking the huge dick for a moment to take off the rest of her clothes. Now fully naked she moved under and in front of the horse so she was looking right at the huge head. With one hand stroking she dropped the other hand to her pussy

and found it was soaked. Oh great, thought Lavinia, I'm so hard up I'm getting turned on by a horse. She rubbed her hand over her pussy using her fingers to find her clit.

She felt a flush rise to her cheeks and a familiar warm sensation in her pussy as she rubbed the outside of her pussy and continued her hand job on the horse. The big dick was now fully hard as Lavinia sunk her middle finger up her pussy. "Oh god", she breathed as the pleasure began to mount. Lost in her lust Lavinia tried to stuff the huge cock into her mouth. She could just barely fit the huge head in. She begin licking and sucking on the big animal as she inserted a second finger up her pussy. She was getting very turned on now and concentrated on relaxing her jaw so she could fit more horse dick in her mouth. She was managing to fit about 4 inches of it into mouth now and she sucked as hard and as fast as she could. Her hand was a blur on the bulging shaft. She felt herself starting to crest and and stopped stroking so she could slip her other hand behind her and play with her asshole. She eased a finger in until she had it most of the way up her ass. This put her over the edge and she moaned around a mouth full of horse dick as she rode out her orgasm. Finally, the orgasm begin to subside and she pulled her hands away from her pussy and ass to caress her breasts.

She then grabbed the stallion's cock at the base with both hands and begin long slow strokes as she tried to stuff as much of its dick into her mouth as she could. After about 30 seconds of this Lavinia felt undulations beginning in the big dick. She pulled her mouth away just as the first spurt of cum shot from the horse's dick. She was too late to prevent a big gush of horse cum from shooting into her mouth. The force of the second blast would have knocked her backwards if she hadn't been griping the horse's dick with both hands. It hit her square in the face and soaked her. Rivulets of horse cum ran down her face onto her tits and stomach. She turned her head as the next spurt came. It hit her in the side of the head and soaked her long hair. She lowered the big dick so the next spurts could shoot over her bobbing tits.

Her tits were soon totally covered in horse cum. She dropped to her ass holding her legs in the air and let the last spurts of cum soak her pussy and ass. The giant thing finally quit spurting and Lavinia reluctantly let go of it. She looked down at herself and laughed. She was totally covered from head to pussy in horse cum. "Oh shit, how am I going to clean this up?", said Lavinia. A second later a towel landed on her lap. She looked up shocked to see the ranch hand Jeff standing there. "I never seen anyone calm a horse like that before", he said with smile. She started frantically cleaning herself off thinking she was really in for it now. "You're not going to tell Mom and Dad are you?", stammered Lavinia. "Maybe not", said Jeff. Lavinia looked up and saw Jeff had come forward to stand before her knelling figure. He had also pulled out his dick and was stroking it inches from her face. Lavinia didn't know what to do. If her parents found out about this they would kill her and probably get rid of the horse.

On the other hand she didn't know Jeff well enough to do what he obviously expected of her. Lavinia considered the problem for a moment and decided she didn't really have a choice. She swallowed the last of the horse cum in her mouth and slowly reached up for Jeff's cock. "That's right Lavinia, stroke it and suck it.", growled Jeff. Lavinia blushed, embarrassed but beginning to get excited as she sunk her mouth over Jeff's hard cock. "I hope you like it up the ass", said Jeff roughly as he begin thrusting his cock into the young girl's face. "Whatever you say", said Lavinia meekly as she smiled inside. This was turning out to be quite a day, she thought, quite a day.
