BEASTIALITY STORIES

Part One

It had been a while since I had fun with my four-legged friends.

Since my divorce, I have not had the opportunity of enjoying sex with many new K9 lovers. Thankfully, this all changed, and I had a fantastic session of hot, steamy sex over a weekend not too long ago. One of the men I previously had fun with had emailed me, generally inquiring about how I was but also putting forward a proposition for me. Dennis asked me if I was still into having fun with dogs, and when I told him very much, he told me he had two friends who were keen to meet me along with their pets.

This led me to travel to the Southwest Coast to meet three men and four of their dogs.

The men I would meet were Dennis, a man I previously met, and his pet golden retriever Lucky, James a very distinguished gentleman of 63 years old, and his two Alsatian dogs Riley and Gizmo, along with Malcolm (a married 55 year old, and fucking hung!) and his dog Beast (a bull staffordshire)

Malcolm's wife had no idea that he was visiting his friend to have sex. He had told her they planned a weekend of walking and exercise for their pet hounds.

Dennis and I arranged everything, and he told me to pack some sex toys and high heels and then informed me the men had all chipped in and bought some new lingerie from me to wear for the fun we were going to have.

It was all arranged for a sexy weekend.

The fun was to take place in James' home in a small town in South East England.

I made arrangements with my best friend Tracey so she knew where I was as I was a little apprehensive about meeting two new men. I needn't worry as Malcolm and James are charming, handsome and extremely sexy. I drove to James' home, having packed a suitcase which included plenty of vibrators, dildos, and two pairs of high heels, one black and color and one red, along with my usual toiletries.

On arriving in the village where James lived I was surprised. I was pleasantly surprised at a beautiful detached four-bedroom house with a secluded garden at the rear as I drove onto his driveway. All three men came out the front door to meet and greet me as I pulled up, all three introducing themselves and each gentleman kissing me on the cheeks, telling me they hoped I had a pleasant journey, and complimenting me on my figure, looks, and outfit.

As I was driving a little distance, I had worn a simple, tight-fitting T-shirt and black skirt that was just above knee length, seamed black stockings and a suspender belt, and a pair of heels that weren't too high for driving in.

James welcomed me to this home and offered to carry my suitcase in for me.

It was nice to be reacquainted with Dennis. He was a little more forward than the other two in planting a small pack on my lips rather than on my cheeks as the other two men had done. I was shown into the hall area telling James he had a beautiful home.

He told me that it was one of the few things his ex wife hadn't managed to snatch from him laughing as he did so. There was no sign of any of the four dogs at this moment in time but I could hear them playing out the back of what I would find out was an extremely secluded garden with high hedges and fencing all around.

James showed me upstairs to what was going to be my room, a lovely ensuite bedroom with a big double bed. The other men followed him and me up the staircase. Me being complimented on my legs and stockings as we did so.

On the bed was laid out two sets of lingerie: One white set, matching bra and see through panties, stockings (seamed and with a dotted pattern on them) and matching suspender belt.

The other set was a purple set of lingerie, again seamed stockings with a bow motif on the heel, suspender belt basque this time and a laced pair of purple see through knickers.

"I hope we can have some lovely fun," James told me. Dennis has told Malcolm and me all about you, and quite honestly, we cannot believe our luck, having someone as pretty as you come to have some fun with us and our pooches!"

I thanked them for the compliments and the presence of the lingerie.

"I hope you guys will like me dressed in them as much as I am going to enjoy wearing them for you and, of course, the boys I still have to meet."

At this point, all of the men moved into the bedroom and individually told me how much they were looking forward to the fun we would have. "How do you want to play this, Anna?" Malcolm asked. "Do you want to come downstairs and meet the boys now, or do you want to get changed first?"

I then blatantly said "Well first of all I wouldn't mind a kiss to welcome me and a bit of fun with you three hunks!"

They all smiled with Dennis saying to the others, "I told you she was hot to trot." He was the first one to move forward towards me planting a kiss on my lips. I responded by opening my mouth wide. Our tongues met and we snogged passionately. whilst doing so I opened my legs to allow him to fondle up my skirt.

His hand went instinctively to my pussy rubbing my mound through my panties.

"Oh god, ohh yes!" I moaned aloud, "Can you feel how wet I am?"

"She's fucking soaking boys!" he said to the other men, "her cunt is steaming wet already."

The next few minutes we kissed in turn, each man taking his place as they all had a feel of my knicker clad pussy through my soaking panties, felt my tits up and stroked my legs and we exchanged frantic passionate kisses our tongues slipping and sliding inside each other's mouths.

The guys were all developing hard ons in their trousers and as we kissed I rubbed each one in turn with my hand, feeling their girths and lengths. "I can't wait to get these big hard cocks in my holes and in my mouth!" I said to them, "Why don't you three pop downstairs and I will change into one set of this sexy lingerie and come down and meet you and the four boys then we can start the fun and games in earnest!"

I was offered a drink and asked for a gin and tonic which James kindly brought upstairs for me so

that as I got changed I could sip on my raspberry gin as I increasingly got horny and hornier. The guys all went downstairs and I could hear them go outside into the garden and start playing with the four dogs.

I felt like such a slut as I stripped off and began dressing for what I knew was going to be a fantastic fuckfest with the three men and their four pets.

To start with I chose the white lingerie set, tidying myself up first in the bathroom applying new makeup and lipstick, redoing my hair and to pigtails then I got dressed in the bedroom and slipped on the sexy set. I had a little fiddle with my clit as I put the sheer panties on and to finish off I placed my black high heels on my feet.

I admired myself in the mirror unashamedly feeling sexy. I was wearing a pair of black high heels, the white seamed and patterned stockings. suspender belt, matching bra and nothing else.

Walking out the bedroom and down the stairs I got that usual tingle and feeling of excitement that I do when I dress up for fun and the anticipation of what was about to happen.

ON getting downstairs I walked through a spacious living room which had a big TV on one wall. The TV was already playing some very hardcore action. On the TV a stunningly beautiful blonde woman was on all fours in a pair of green stockings and high heels with a dog pounding away behind her whilst another one bounced around. She was taking a good hard fucking and the sound coming from the TV have been increasingly turned on as I stood and watched the action before moving out through the kitchen and into the back garden.

I was met by the stunning sight of all three men, now fully naked with rock hard cocks. "Blimey," I said, "you guys are fast workers. Oh and I love the film on TV!"

James laughed saying, "Well we decided to make ourselves comfortable once we waited for you and don't worry there is no danger of anyone seeing as no one has a view into our garden from the neighboring houses."

"It's a good job!" I laughed, "you three standing there looking all gorgeous and here I am dressed like a fucking slut for you! Hope you like, and like my hair and make up." The men told me e loved the lingerie on me and Dennis said he loved me in pigtails, "Like a proper little schoolgirl slut!" he said wickedly.

Almost immediately all four dogs ran towards me and for the first time I was to meet them all. The two alsatians, Dennis' dog Lucky and a very frolically Staffordshire terrier.

"He's an excitable boy isn't he?" I said as he was already pushing against me and shoving his snout to my crotch area.

"He can probably smell that delicious wet cunt of yours," Dennis said crudely, "and if he is like me, he can't wait to get his tongue around it and cock up it!"

"Oh blimey you are feeling fruity as well" I said laughing as I said so.

"Oh come over here and I'll show you exactly how fruity I am feeling!" he said.

I walked over towards him and once again was greeted by a passionate kiss and was complimented on how the lingerie looked on me.

"You like my legs and tits in this slutty outfit. You wanna fuck me, fuck me like a cheap tart?" I asked brazenly.

"Oh fuck yes, you look amazing. Now get on your knees and suck my cock you dirty piece of cunt!" he said forcefully.

"Oh you think I'm that easy do you love?" already moving myself into the position I had been asked to assume.

"Oh we know you are Anna," he replied, "look at this boys, she's already on her knees. Now fucking suck it bitch!

I immediately began to lick the tip of his cock and kiss the end and began licking and lapping up the full length before engulfing it fully in my throat and then I began bobbing my head back and forward as I sucked hard on his cock.

"Oh fuck yes Anna", he moaned. "I told you boys she's amazing and he's got an amazing mouth."

The four dogs were still bounding around me with Beast the bull terrier particularly keen on trying to mount me already from behind.

"Well he's a keen boy isn't he!" I smiled in between sucking on Dennis's cock.

"He is that!" James laughed and with that he moved towards me and Dennis moved out the road as I moved from paying attention to Dennis's cock to my first sampling of James's. Again I licked and teased the end first before working him hard and then sucking his cock deep into my mouth and my lips engulfing it leaving red lipstick stains on his thick, hard shaft as I kissed, licked and lapped at this man's stunning and throbbing prick.

It was then Malcolms turn and I got to savour his massive cock. He was easily the biggest of the three men and I told him that I was loving having such a big one and I couldn't wait to have it stretching me out.

Me acting in such a filthy, slutty manner in the garden had my fanny absolutely frothing and my nipples stiff and hard in my bra.

After sucking each of the men's cocks I got up and was again surrounded by the four dogs as they began pawing up on me and nudging me in a playful manner.

At this point Malcolm had moved towards me and for the first time I had his hands on my bare, wet cunny. He slipped his hand down and inside my panties and began playing with my wet slit. I moved back slightly and lent against the shed, parting my legs to allow him to fully begin, using his right hand to rub around my clit hard as his hand was still down my sheer thin panties.

"Oh yes, that looks absolutely amazing," Dennis said.

I looked across to see Dennis and James slowly tugging on each other's cock. "Oh yes guys, that's kinky, I love to see that!" I panted.

They replied, "So you like seeing men play with each other's cocks do you bitch?" I said very much so in reply as I was panting heavily now had three fingers inserted up my wet cunt and was finger banging me hard as I lent against the shed fence.

"Can you hear how wet I am? I said.

"We certainly can," the men all said in response, "and I think the boys are also getting excited by the sounds and smells as well", Dennis added.

Each of the dogs was now trying to muscle in on the action.

Malcolm slowly eased my panties down my legs until they were around my ankles again. I spread my legs wider this time to allow him good access and to really have a good go at my cunt. "Oh yes, fuck it, fuck it hard you bastard," that I said "make me absolutely soaking wet so I can take a cocky easily."

I stepped out of my knickers leaving them lying in the garden and we decided to move inside for our first full fuck session.

I was felt up constantly on the way back through the kitchen and into the living room by each of the men in turn and the dogs bounded around me as we made our way into the living room where the porn was still playing on the TV. The scene had moved on and the beautiful blonde was now spread legged on a settee with a dog pounding in between her legs in a missionary position, she was dressed in only a pair of green high heels.

"She is absolutely stunning" I said motioning towards the TV. James then told me he had several of this particular woman's online videos that he bought from the internet and her site and she enjoyed fun with many dogs and also a partner.

"I think we should try and get you in a similar position," he laughed.

I sat on the settee as instructed spreading my legs wide apart, my heels into the carpet and I looked across at the men and asked wantonly. "Human cock or dog cock first, what do you think?"

"Oh me first!" Dennis said as he muscled his way in between my legs and slowly began licking at my wet pussy running his tongue up and down my gash and finding my rock hard, aching clit. At the same time Malcolm offered me his massive cock to suck as he stood on the settee. I now had Dennis lapping at my pussy and I was delightfully sucking hard again on Malcolm's massive cock.

Dennis then motioned himself in front of me and slapped my wet pussy with his cock, before easily sliding his length up me and he began fucking me in earnest.

"Go on fuck the dirty bitch!" James said, standing at the side watching. My legs were spread wide apart, my stocking and suspenders taught as I sat on the settee and then was slowly pounded in and out by Dennis. I continued to lick and suck on Malcolm.

As soon as Dennis pulled out Beast the Staffordshire bull terrier was at my pussy. He began licking at me and I moaned in delight as his tongue found my wet gash and he began slipping and sliding it up and down my increasingly sopping cunny. My bra was removed at this point and my tits got some much needed attention.

I panted, "Oh he's a fucking good licker!" parting my legs wider for him. "Oh yes, go on boy lick my fucking hot wet fanny!"

He continued to do so for a couple of minutes before he then began to try and mount me in this same position.

"Let's see if we can get you a little bit more comfortable sweet heart so he can give you a really good pounding," James said.

With this I was encouraged to actually sit on the back of the settee, my legs spread wide, my heels dug into the cushions, and the dog was placed in between me in the missionary position as I sat upright. He began humping away his cock popping out of its sheath, jabbing against my clit and pussy lips until I felt him fully slam home and his cock slid up me for the first time.

"Oh fucking hell yes!" I said. "Go on boy fuck me ... FUCK ME" I almost screamed.

He wasn't able to fully knot and tie me in this position but his cock was no fully out its sheath and as he pounded away, every now and again he would find his aim and slammed up me easily his full length and is knot sliding in to my wet quim, before you he bucked back and withdrew. As he was doing so his cum was spraying out, coating my cunny and my stocking's in his slimy thin batter.

"Oh yes, he is fucking cumming loads, go on boy cover me in your fucking cum!"

All of the men were now wanking on each other as they watched Beast fuck me intensely.

intermittently for the next few minutes he slid in me easily and once his cock was fully up me it felt incredible to be impaled by such a big thick dog cock again. it was one of the first times I was fucked in this position and it really is a good one for getting a dog to pound away, but it's difficult to get them to knot you fully in this position because they keep pulling back as their bucking.

This continued for a few minutes with Beast fucking me. I was covered in his hot cum as he pounded me, covered in his cum and my own sticky juices. It was being spayed over my cunt lips, my pussy mound and down onto my stocking and legs. The stockings were coated in jizz and spray for my own pussy and he was fucking me furiously.

Once he had pulled out fully he was moved out the room by James and Malcom replaced him in front of me he slid his massive cock up me for the first time using the dog spunk as lubricant as he began fucking me in the same position.

"Oh fuck yes, give me that big cock! I hope you're enjoying my wet fanny. It's been well opened by Beast and it's cum covered and sticky. His hot fucking spunk is all over me! Now go on fuck it you cunt! Fuck it really hard!" I begged as I began building up to my first climax.

Malcolm announced that he was going to cum and ask me where I wanted it. I told him to cum up me. "Cum up my wet cunt you bastard, right up my cunt!" as he pounded me furiously.

We changed position slightly as he pulled me down from sitting on the back of the sofa and lay me down with my legs high in the air so he was able to penetrate me really deeply and pound me.

"Oh hell yes, Oh fuck you're going to come out my mouth!" I said, "Your cock feels so big and massive. Oh fuck yes Malcolm, give me it, give it to me. Go on fuck my pussy harder! Go on keep going you're going to make me cum off as well," I panted in between his violent thrusts.

He was screwing me hard in this position with my legs up very high. James was standing at my face wanking furiously and telling me to suck his cock.

I opened my mouth willingly and started sucking his cock quickly as he also announced that he was going to spunk up as well. Malcolm continued to pound me as I felt his spurts beginning to be shot up me as he emptied his balls up my fucktube for the first time. He flooded my cunt with his hot

sticky cum, adding his huge, white thick load to the cum from Beast that I had already taken.

"Yes, take it you filthy slut!" he said unloading up me.

"Give me a good fucking, give me your full fucking load!" I said disgustingly as he continued to pound me spurt after spurt flooding my womb.

James announced he was cumming as well and began spunking heavily right across my face. His first ropes splattered across in a diagonal rope across my lips and cheek up to my eye.

"Ohh yes, cover me darling!" I said. "I love it!" as he again began spurting his second and third ropes in the same manner, with delicious white sticky trails now right across my face in three distinct ropes. His fourth splattered me, fully square on the lips with his fifth and sixth being directed onto my hair and the top of my head.

"Fucking hell, your cumming gallons!" I said, adding, "go on cover me you bastard. Make me look like a filthy cumslut!".

Malcolm had finished emptying his balls up me, and as soon as his cock was withdrawn he moved up to my face once James had finished unloading over me. Malcolm and James then offered me their pricks to clean and suck.

My cunny was oozing Malcolm's jizz as one of the Alsatians moved in and began licking at my dripping pussy.

"Oh good boy!" I said, "eat that cum from me!" as he was licking up my pussy lips and devouring my cunny intently.

Once I had finished cleaning Malcolm and James up, I was positioned on all fours on the floor in front of the TV where the blonde was now taking a doggystyle pounding from another dog's cock. Riley the Alsatian who had been licking me was positioned behind me as he mounted me with Dennis guiding him towards my hole as he began bucking at me.

After a few thrusts I felt his cock slip from his sheath and probe my wet quim easily and so slam is full cock length was up me and he was soon fucking me in earnest.

I was on all fours with my legs spread wide, my suspender belt had come adrift from my stockings and they were rolling down by my ankles. My heels were still on as this dog began giving you really good seeing too from behind.

James then took over guiding him and making sure he stayed in position where Dennis moved to my head and offered me his cock to suck.

"You look gorgeous" Dennis laughed. "There is spunk literally dripping from your face and you're fanny and your cunt sends absolutely sopping wet as it is being fucked hard."

I smiled at him as I began licking the end of his cock, "Okay then, why don't you add some more spunk to my face and make me even prettier?" I laughed.

"Oh that's no problem!" he smiled back at me and I sucked on him as I was pounded from behind by Railey until Dennis also announced that he could hold back no longer.

"I want it all over my face as you guys watch!" I said. "I want you to fucking cover me in your hot

spunk and then let the dogs lick it off before I am fucked by the last two of them!"

I was feeling hot, on heat and a right dirty slut at this point.

After having sucked on his cock for just a matter of a couple of minutes he withdrew and pumped furiously and then unloaded a huge amount of spunk all over me. His first rope splashing right across my head and landing on my back, his second and third equally forceful splattering my face and running down and dripping onto the carpet. The last three ropes of his were directed expertly across my cheeks as I told him to cover me in his hot cum.

Riley was now fully knotted and had turned around to face the other way, his big dog cock emptying his balls right up me as I was covered in sticky cum at one end and being flooded at the other.

"Anna, you look amazing," James said to me standing at the side, "god you are covered in cum," he said as I turned my head to him and smiled. "It is literally plastered all over you!"

"Just how I like it!" I said licking my lips and feeling the salty taste on my tongue. "I fucking love cum. I love it all over me and I love it up me."

Underneath me Malcolm was playing with my clit trying to bring me off for a second time.

"Yes, if you keep doing that I'm gonna cum over this dog's cock as well," I said. "He's fucking huge and I can feel him pulsing and flooding me."

"You should see the view from back here James replied,"there is dog spunk literally oozing out the side of his knot. He's flooding you so much your stockings are covered in his cum, most of it dogs plus a lot of it is your own juices!" he laughed.

Malcolm was now expertly working my clit with his finger and thumb again as he brought me to climax again as I continued to lick the salty spunk that was running down my lips with my tongue.

I was in full slut mode now. Tits swinging as my bra off, legs trembling. Dressed like a slut and acting like one.

"Oh yes guys, I'm fucking cumming again!" I said. "I'm fucking cumming all over this dog's cock and I want to be your whore. I want more cock up me, and I want more hot cum on me. I'm a fucking dirty slut for you all to use. Oh fuck yes, I'm a fucking slutty cunt who needs cock and cum. I need to be fucked hard and I am a dog whore and a bitch. I'm a filthy fucking cunt!" I said as I came off heavily.

My language was shamefully filthy. I was so turned on I was panting like a bitch on heat.

Slowly and gently Riley's big knot was eased out of me with a plot and audible plot and then the inevitable gush of dog cum and juices running out of my pussy and dripping onto the carpet and running down my legs onto my stockings.

I was still on all fours when I felt Lucky the Golden Retriever licking at my pussy from behind before he started to mount me and began pounding away at my absolutely frothing wide open wet gash. Wrapping his front paws around me, hugging me tight.

"Oh fucking hell," I said, "here we go again!" Spunk was still dripping off my face as Lucky began pounding at me and was guided into me expertly by Dennis, his big long cock easily slipping up me and knotting me easily.

"Dog number three for you bitch!" Dennis said proudly as his dog was now fully knotted and tied. "You're gonna be well bred by the end of this session you dog bitch!" as he continued to guide his own dog easily into me and made sure he stayed put.

"Oh I am!" I said proudly. "I'm going to be a lucky, lucky girl and have lots of your hot cum all over and in me. Oh that's it boy keep filling me up. oh my god he's amazing as well!" I panted my lust still fully enveloping me.

Riley's big dog cock was swinging between his legs as he was guided to my face and I was told to clean him. "Go on lick and suck on his cock, just be gentle with him but giving a good clean you dirty bitch!"

I was now on all fours. My head had been put down slightly with my bum high in the air and the Golden Retriever fully knotted, his front paws around me and his hind legs off the ground at the back. In this position Riley lay down in front of me which allowed me to lick and kiss and suck his cock in a comfortable position.

"Oh my god! He is still cumming!" I said as I licked at his cock and small jets of his opaque, thin cum splattered across my face and into my mouth. "He's fucking incredible!" I said laughing.

"I think you'll find you'll just keep cumming and cumming," James said to me, "and I think you'll find we will be doing the same for you!"

Each of the men were now beginning to sport hardening cocks once again.

I remained on all fours with Lucky pumping his seed into me adding his to that with Malcolm's Beasts and Riley's.

"Breed the bitch!" Malcolm said disgustingly as he slowly worked on his cock to get it stiff.

Lucky was guided slowly out of me this time with less of an audible plop, my cunt was so wet, wide and frothy he slid out easily making farting noises as his cum and my own juices leaked out of me. Once again pouring down onto the carpet. He instinctively licked lapped at the carpet licking at his own spunk and my juices before running his tongue up my gash and I shivered as he did so.

"One more dog cock for you to take for this session!" Malcolm said, as he slowly wanked. "time for Gizmo to get his go on this filthy bitch!"

I was in sheer slut heaven and disgustingly said to them, "How do you want to see him fuck me boys, what position do you want him to do me in?"

Malcolm responded, "I think she should do you missionary like Beast did so we can really get to coat your fanny and legs in his hot spunk again."

I was helped up again, cum dribbling out of me and down my legs in snail trails of cum, the cum on my face now matted and dripping all over my chin and tits.

I was helped into position once again on the back of the sofa, again my legs spread wantonly wide, both stockings now down around my ankles, with my suspender belts just dangling free.

My cunt was red, wet and split wide open as Gizmo lapped at it gently firstly. He then lapped at it with his tongue and then was helped into position so he could begin pounding me from the front.

In exactly the same way that Beast had given me his cock, Gizmo was finding his aim every now and again with each thrust, but in between pulling out me and sending streams of his thin hot cum all over me. He fucked at me for several minutes my fanny was on fire and squirting and the sound of him hitting home and plopping noises each time he entered me.

"Oh he's finding that wet pussy easy isn't he," James said again, wanking on his massive hard cock as he said.

"Oh he's a good boy," I once again panted. "He's fucking me so good, aren't you boy! That's it fuck me well. Good boy, good boy ... that's it fuck me, fuck it hard and cum all over me!"

I could feel another orgasm building up inside me and really wanted to cum off heavily this time as I was being screwed by one of the dogs.

"Pound it, fuck me, fucking use my cunt, oh fuck yes. Go on boy make me cum, fuck it!" I said loudly

He was stabbing at me. His cock was occasionally slapping against my clit before sliding home into my wet fanny hole.

My climax began and I started shaking violently and cumming off for the third time.

"Oh god yes Gizmo, give me it, slap it against my wet clit ... Oh shit, oh fuck I am cumming again!"

I was pounded like this for a few minutes until my orgasm crashed over me, squirting my cunt juice all over me and the dog pounding me. His big cock was dangling between his legs once he was pulled away from me, and I instinctively dived off the settee and began sucking at this dog's cock as he laid down on the carpet to rest.

"You greedy bitch!" James said to me watching me suck and slurp at Gizmo's cock as he too continued to send small spurts of thin doggy cum into my mouth and across my face.

Amazingly I was positioned onto all fours by Malcolm as I sucked on Gizmo's cock and he slapped my red pussy with his big hard cock again before slamming it home and fuckingly furiously in a doggy style position.

"I'm gonna fuck you till I cum again Anna you bitch!" he said, "and then we can rest before session two for you!"

His massive cock slid in and out easily there were so much cum up me and my own juices had made me so wet he slid in and out easily.

He did me for a good few minutes until he said he was going to shoot and that he was going to spunk all over me. On a thrust he pulled his cock out and spunked all over my ass back giving me his second load of the day.

Immediately after he stopped cumming, Beast began lapping at it on my arse and back savouring Malcolm's hot spunk.

James then went to Malcolm and began licking and sucking on Malcolm's softening cock.

"Oh yes, that is really kinky!" I said. "I'm loving seeing that!" I smiled, "I had no idea you guys were bi!"

It had been an amazing first session. I was absolutely exhausted. My fanny had taken an absolute

pounding.

I totally was covered in cum, it was dripping out my pussy, coated on my back and splattered all over my face or was sticky in my hair. My stockings were also coated in cum and completely adrift from my suspenders and my tits had spunk dribbling down them.

It was an amazing session and immediately following me being helped up I had a nice hot shower to get clean then we enjoyed a small drink and a bit of rest and recuperation before our second session with me dressed in the purple lingerie.

That next session included some DP action with me taking each of the men's cocks up my ass as the dogs took turns to fuck my wet pussy at the same time, and more hot sticky spunk being splattered all over my cunt, legs and face.

Part Two

Once we had all recovered, I enjoyed a relaxing shower. Then, it was time to dress for part two of our sordid, sexy fun.

For this session, I would wear the purple lingerie set provided for me by the men.

After a couple of drinks the men asked me if I was ready for a round two.

I told them I could not wait and that I had thoroughly enjoyed our first bit of fun and games. "I hope to be climaxing just as much in the next few hours," I said to them.

"We hope so, too!" Malcolm said.

"I hope you guys can give me just as much spunk as well," I shamelessly said, licking my lips as I did so.

"You needn't worry about that, darling," Dennis responded. "Between us three and our four boys, we will have you full of cum and well coated in just as much of it as you can handle!"

"I certainly hope so," I smiled back, "You know how much I love being showered in your hot sticky white spunk and how much I want my pussy, ass, face, and tits all plastered in it."

"Oh, you dirty bitch," James smiled, "you genuinely fucking love it, don't you!"

I walked over and gave him a big, wet kiss, sliding my tongue deep into his mouth. On parting, I looked at all three of them.

"You all know how much of a slut for cock I am, and I want used fucking hard, so get those cocks nice and stiff. I'm going upstairs to change, and I need to be satisfied when I get down. I need fucked hard!"

I went upstairs, and for the next 30 minutes, I prepared myself and got ready for our second session.

Firstly I applied my makeup, once again adding bright red lipstick to my lips, completing the slutty look with dark green, dusky eyeshadow and heavy mascara on my eyes. My bald pussy was dripping wet already as I slipped on the lingerie set. Feeling the anticipation growing once again,

I admired myself in the long, full-length mirror again, twirling to get a view of my butt. Intermittently sliding a hand down inside my panties to rub my clit

On my feet, I wore a pair of red high heels strapped around my ankles. My legs were encased in the seamed and patterned purple stockings, held in place by the suspenders from my Basque top. My tits were aching and heaving in the three-quarter cup Basque. My pussy and ass were covered in see-through laced purple panties. My hair was up in a single ponytail, And around my left ankle, I wore a silver chain anklet. I decided to take two of my toys downstairs with me. My long, thick purple vibrator and my second toy was my fist-shaped Black Hand.

I once again made my way down the stairs, my hand intimately slipping inside my panties to play with my rock-hard clit.

On entering the living room, I found all three men fully naked.

Once again, I was complimented on my looks and the lingerie I was wearing. I thanked the men in turn, telling them I felt very sexy and loved seeing them all naked. The four dogs were lying around the living room resting. On entering the room, all four approached me, sniffing at my legs and interacting.

On TV, another porn scene was playing. This time it was a film of the same blonde woman but this time with a male partner alongside the two dogs.

"Oh, this looks like it could be fun!" I said, "I hope she's going to get a good, hard cocking from all three of them."

"She certainly does," James told me. "We were just discussing that we hope for this bit of fun, we will be able to join one of the dogs in fucking you at the same time, just as this bitch is about to receive."

I suggested we briefly sit down and watch the film to get ourselves in the mood. However, the men's cocks were already beginning to stiffen as they filthily commented on my stocking-clad legs and how much they loved seeing me dressed up.

"You look so fucking hot all slutted up in that lingerie Anna," Dennis said as I gave them a twirl to show off the see-through panties that were encasing my ass.

"I hope you can see how fucking wet I am already," I said, pulling them deep into my crotch area as I sat down. The material slipped into my wet cunt, my fanny lips engulfing them and coating them in my slimy cunt juices.

To calm things down a little bit, the four dogs were removed into the kitchen area as there was every chance that they were going to become over-excited, and there was plenty of time for them to be given me a good fucking I was told!

Once the dogs had been removed, I settled onto a chair in the living room as we all started watching the scene unfold on the TV screen. The blonde was sucking her partner's hard cock as one of her dogs was licking furiously at her pussy as the other one bounced around. She was dressed in a pair of pale blue stockings, a bra, and heels.

I told them I would play with myself for them and perform as we watched the movie. They all started to slowly touch each other's cocks telling me how much they looked forward to seeing me toying with myself and working my wet cunt.

Once I had sat down on the armchair, I spread my legs wide apart, hooking my left leg over the soft chair arm.

"Oh yeah, Anna baby, spread those legs nice and wide!" Dennis said as he slowly took hold of Malcolm's thickening cock.

I slipped my right hand inside my thin, laced panties. In circular motions, I rubbed my clit as I watched the hardcore action playing on the TV and the three men sitting slowly, playing with each other's cocks.

"Oh fuck yes," I gasped, flicking my tongue over my lips and nodding my head, "I fucking love seeing you play with each other!" as I easily slipped two fingers deep inside my sopping wet pussy. "Can you see me finger-banging myself inside and through panties?" I said, licking my red, slutty made-up lips again as I looked at them all. "My fucking cunt is on fire for you all already."

Onscreen, the blonde was now lying on her back with a dog face fucking her, his hard cock slamming in and out her gaping mouth and spraying her face with his thin cum as her partner licked her wet pussy out.

"Ohh fuck yes," I repeated, "Oh God, yes, yes," I said. "I want to try that later. I would love to have my face fucked hard by one of our dogs. It will be even better if one of your rock-hard, thick cocks is pounding me at the same time!"

It was fueling my desire, and I was feeling filthy.

I reached over and picked up my purple vibrator and slowly began to tease my wet pussy through my thin, lace panties. I moaned and was in a state of slut heaven as the hum of the vibrator throbbed against my clit and wet pussy lips.

"That looks amazing, Anna," Malcolm said as he slowly wanked his cock with his left hand and James' cock with his right hand, staring at me intently as he did so.

"I'm so fucking turned on already, boys," I said as I slowly began to slide my panties to one side, exposing my open quim, and started to rub my thick purple vibrator up open down my wet glistening slit.

"Anna, you look soaking wet!" Dennis said, slowly wanking his cock. "Oh my God, look how wet you are already."

I teased my pussy lips with the length of the vibrator before slowly nudging its thick head against my wet fanny opening. I began sliding it back and forth, up inside my wet, dripping cunt and then along the length of my slit once again.

"Oh, just watch how much of this fucking thing I can take," I said, sliding it deeper and deeper into my wet quim.

My legs were once again spread wide apart, this time both legs hooked over the arms of the chair as the humming vibrator slid in and out my wet pussy, filling me up with each stroke. Each of the men once again took turns in holding each other's cocks and wanking on them. On the TV screen, the blonde was now on all fours with her boyfriend fucking her from behind as she sucked deliciously on one of the dog's cocks.

"The fucking dirty bitch," I spat the words out in my lust-filled state. "I love watching this whore

getting a good fucking. She is so sexy and dirty!"

As they all sat, now each one with their hands all over another guy's cock, Malcolm said, "And we love watching our dirty bitch fucking herself as well!" laughing as he looked in my direction.

The purple vibrator was now sliding easily into my wet cunt as I was taking its full length, so only the control was visible as I slammed it in and out furiously.

I was closing in on an orgasm.

"I'm going to fuck myself to climax like a cheap slut for you all," I said, "then I want cock. I want lots of cock."

The guys moved closer to me, and all stood close, standing sporting full erections.

"We're all going to cum over you, Anna," Dennis announced. He was sweating and slurring his words, in a state of lust himself. "We decided we're going to spunk all over you first, then watch the dogs fuck the shit out of you, which will get us all hard again for us to join in."

I smiled, "Oh, so you can use me for target practice all you want, boys," I said once again, popping my tongue out of my mouth and licking my lips in a circular motion.

"You're gonna cover me in your hot cum ... Oh yes, you're gonna splatter me in spunk, you bastards. Fucking do it, cover me, plaster me in your hot fucking cum, you bunch of dirty cunts!"

My orgasm was close as my purple toy plowed in and out my wet fanny, my juices once again spraying, my stockings beginning to be splattered in them.

"Look at that filthy fucking bitch," I said, looking at the TV. Her boyfriend was now cumming over her ass, coating it in his goo as her face was being covered in the thin cum from the dog.

"I'm going too, oh God," I panted. "I'm going to cum off so hard. Oh fuck yes, you dirty bastards turn me on so much."

The toy was now pistoning in and out of my wet, slimy fuckhole, my juices spraying.

Each of the men had moved even closer to me, now circling me on the chair and each one furiously working on their cocks.

"Look at me as I cum for you!" I said. "Look at me cumming and fucking cover me, cover me. Cover me in your hot, sticky cum, you dirty bastards. Oh fuck, use me, use me as a fucking spunk slut, a spunk target!"

As I was climaxing, my legs dangling over the arms of the chair and my cunny just spraying everywhere, I was gasping, panting, and swearing incoherently.

"Fuck, oh yes, I'm a cunt, a slut ... oh God fuck yes, oh shit, bitch, oh fuck cum, cum, bastards ... oh fucking hell..."

I was swearing and panting in utter slut delight.

I pulled my panties back over my cunt, the toy still up my gaped cunny but now hanging out the side of my purple panties...

Each of the men began shooting off almost simultaneously. Malcolm's big, thick long cock first shot ropes of cum all over my legs and my stomach. Dennis pumped his cock furiously, fisting cock and showering hot thick ropes all over my Basque tits and neck in his hot thick cumload. James was also pumping his hot throbbing knob fast and hard as his spunk began to splash out. Thick ropes splattered first my leg and then my pussy area and my knickers which were now sodden in my juices and coated in spunk.

"You dirty bastards!" I said, again licking my lips. "Go on fucking cover me, splash me with it all. Fucking shoot it all over me! Go on, give me all your hot fucking cum, you dirty bastards!"

Each of the men was still cumming, rope after rope splashing across me and covering me in streams of thick, white sticky cum.

My stockings were covered, my Basque covered, my panties covered, my tits and neck covered.

"Now let me suck you clean!" I said to each of them, and with that, they moved around to the side of the chair and, in turns, stood on a small footstool to present their cocks to me to clean.

I still sat spread-legged on the chair, my purple vibrator still stuffed up my cunt as each of the men slapped their hard pricks against my face, and I sucked the remnants of the white sticky, salty spunk from their cockheads.

"Oh, you taste delicious," I said, sucking hard on Malcolm's long cock. "Look how much fucking jizz you have given me!"

I was cum soaked, and I loved it.

I then took turns sucking and cleaning Dennis and James, each of them replacing Malcolm on the footstool to get me their softening cock to suck. The vibrator was slowly sliding out my pussy, and it was coated in my wet slimy juices.

"You can clean this as well, you dirty fucking bitch!" James said to me, removing the thick toy from my fanny and bringing the sticky-coated toy up to my face. I popped my tongue out and ran it along its length, savoring my fanny juices. Malcolm had slowly scooped a little bit of spunk for my right leg and was now motioning me to suck his fingers clean as well. After having cleaned my toy, slurping on my pussy juice, I sucked on Malcolm's fingers, sampling the sweet, salty taste of his cum.

"Look how much cum you have given me!" I again said looking on admiring my coated purple lingerie set. It was dripping from my tits, and a small rope was also running down my neck. Each of the men, in turn, gave me a passionate kiss on the lips, and unexpectedly, James then licked the spunk rope from my neck, scooping it up with his tongue and then French kissing me.

With me still covered in the guy's hot cum, I was asked if I was ready for more action but this time with the four dogs. I agreed and enthusiastically told the men that I could not wait, as I now wanted plenty of cock to satisfy me.

James went into the kitchen area to bring the four animals back into the main room as I straightened myself up.

I was still fully dressed, albeit rather sticky, with my lingerie having taken quite a splattering. My panties were now back on fully, and I quickly tidied my hair and put on some more red lipstick.

As I was doing so, the four dogs bounded into the room, and it was evident that they were all overly

excited, potentially from the smells of sex that permeated the room.

I stood beside the chair I had been sitting on for the previous fun as they all rushed at me excitedly, knocking me backward onto the chair. This was followed by the two Alsatians (Gizmo and Riley) all pawing up at me and my stocking-clad legs and beginning to nudge their snouts toward my pussy.

With these big dogs taking the wind out of me and knocking me over, the Staffordshire Bull Terrier (Beast) joined in, and I was surrounded by three of the four dogs.

I managed to struggle back to my feet, but I was immediately pounced on by Beast and then by the Golden retriever (Lucky). Each of the four dogs was sniffing at me intently and licking at my stocking-clad legs and pussy area. Gizmo had found my wet pussy first, licking and lapping at my panties, obviously savoring the cum and juices that were still evident on them.

It was obvious all dogs were extremely excited, and as once again I tried to stand up, I was knocked over, this time onto the floor. Beast started humping at my legs once again. This lovely dog's cock was once more popping out its sheath, and small sprays of thin cum beginning to splatter against me.

"Oh, the boys are very excited!" I smiled, trying to struggle to get myself up. Once again, I was knocked immediately back to the floor by the two Alsatians, with each of them frantically licking me. They started licking around my Basque, and then they both found my tits until each of them was licking my aching titties and then up to my face.

"Naughty boys!" I laughed, loving this mauling by the horny hounds!

I instinctively opened my mouth, and in turn, each of the dogs found their aim licking into my open, wide, and receptive mouth as I responded with my tongue, and we shared a doggy French Kiss. I was French kissing dogs dressed in sexy lingerie with an audience of three men, and I loved it! My cunt was fucking dripping!

The three guys were sitting watching the action, telling me how hot it looked as I was being groped, mauled, and licked, and I was sluttily kissing each of the dogs collectively as a pack.

Beast had once again found his way to my pussy and was lapping furiously at my honeypot through my panties. I tried once again to get up, but this time was knocked onto all fours by Lucky, who immediately took the opportunity to climb onto my back and begin humping me.

At this point, my panties were still on, although with the licking from Beast and from the licking they were occasionally getting from the other dogs, they were soaking wet and being moved aside. My wet slit peeked out, and his cock now and again jabbed against my quim and lips, jabbing against my hard clit.

I struggled to my feet and tried to begin to remove my knickers down my legs.

I was desperate for cock.

Having gotten them halfway down my legs with a swish, I was once again knocked over, this time falling back onto the chair, my legs going wide, pulling my panties taught around my knees. Beast didn't need a second opportunity, and he immediately began nuzzling me as his snout found my now bare pussy and began lapping at me in earnest.

"Oh yes!" I gasped as his tongue roughly ran along my wet slit. "Oh good boy, good boy, lick that

pussy, oh fuck yes!"

The guys had all got up from the settee, and all now had hard cocks once again.

Malcolm came to the side of the chair I was sitting in, stood on the footstool, and presented his big, red, hard cock for me to suck. With Beast now lapping away at me, I began sucking Malcolm's hard cock once again. Dennis quickly replaced him and then James as they all had me slobbering over their rock-hard pricks once more as Beast was eating me out, his tongue probing my wet cunny and lapping at my clit and slit.

They then withdrew to watch the dogs again going at me like a pack of ravenous beasts.

Beast continued to lick my cunt, Gizmo was trying to hump one of my legs, as Lucky and Riley bounced around me until Riley managed to get his nose in beside Beast, and I had two dogs licking at my frothing, sopping, open pussy.

"Oh fuck me, yes! Oh yes, go on, you fuckers," I said. "Oh my God, two dogs licking my cunt. This is amazing!"

The guys were all now once again wanking.

I was struggling with the power of the dogs, and I was desperate to get my knickers off so they could get at me.

James moved Beast out of the road to let me at least get my knickers down. I got them as far as being off my right leg, but they were still left dangling around my left ankle, tied up in my high heel, as I was once again pounced upon.

With my panties now at least off me, I was able to spread my legs wide, and Beast again needed no second invitation. This time he jumped up at me once again in the missionary position with me spread-legged and began humping at my pussy area. His hard cock slipped easily in me as he began fucking me once again with my leg spread wide, stockings clinging to the suspender Basque, and my panties dangling around my left heel.

"Oh fuck yes, he's right up to me again!" I said. "Oh my God, I love his cock. Fuck me, boy, oh yes fuck me!"

On pulling back for one of his thrusts, James suggested I try the face fucking position that I had alluded I wanted to try earlier. It took all my strength to get up. As I stood up between the four dogs, I was knocked over again onto the floor as I tried to move towards the settee to lie down.

During this brief period, I had two of them trying to hump my legs, one trying to nuzzle in between my thighs and lick my pussy and the other one bouncing around my head.

I was being gang fucked and mauled by these four dogs.

With a little help from the three men, I was lying on the sofa with my head hanging from one of the cushions. Beast was positioned in front of me, his big cock still sending spurts of jizz spraying my face. "Give the dirty little slut a facial," James laughed, wanking his hard cock, as I took a few good shots across me.

I licked my lips, smiling, "The more the fucking better!" I said.

James held him as I opened my mouth, and within seconds this dog was now forcibly face fucking me. I took his cock deep in my mouth, and he thrust back and forth.

"Anna, you sexy dirty slut!" I heard Dennis exclaim. "Look at you being face fucked by a dog!"

I couldn't see anything as my eyes were closed, as my mouth and throat were taking a serious hard humping from Beast's cock. Now and again, he would withdraw, and I was receiving a nice sticky facial, his hot thin cum being sprayed across me.

The next thing I felt was a tongue on my pussy, and I briefly looked up to see Dennis eating me out as Beast continued to fuck my face. The other three dogs were excitedly moving around, nudging at my Basque and tits.

Dennis licking my pussy didn't last long as he, too, was bundled out the road by the dogs as they frantically licked at me.

The dogs were taking control!

I had beast face fucking me and the other three dogs trying to lick my pussy at the same time. I managed to gobble, "I want fucked!" and the men once again moved the dogs out of the road to allow me to get into position for my canine lovers.

I was placed on all fours facing the TV. The blonde woman was now taking a lovely double cocking from the two dogs.

Within seconds of being placed onto all fours, the three men once again presented me with their cocks to suck. As I took Malcolm's full length into my mouth, I was mounted from behind by Riley. The horny Alsatian began humping at me as I continued to slobber wantonly and drool over Malcolm's big hard cock.

"Oh yes, boy fuck me, fill me up," I said, glancing backward. Dennis was helping the dog find his aim as his cock slotted into my wet fanny easily, and he began pounding at me. "Yes, yes fuck me good and hard. Use my fanny!" I panted in between sucking Malcolm's massive cock as I began experiencing another orgasm as Dennis played with my clit.

I was still sucking hard on Malcolm's cock as Riley began knotting me. As he began tying, he was pumping me full of his hot cum. Once again, delicious noises emanated from the room with squelches and farting noises as this dog's big cock filled me up, and he came heavily inside me. I was climaxing hard, my legs trembling. The suspender belt on my left leg had come unhooked from the Basque as I was being fucked hard from behind by the Alsatian and continued sucking hard on Malcolm's hard red cock. James repositioned it for me, fastening the stocking back to the clasp.

"We must have you looking your best?" he chuckled.

With me fully tied on Riley, his hard pulsating and pumping cock filling me up, James took his place at my head, and I began sucking on him as Malcolm moved to one side.

Then unexpectedly, with me sucking on James and Riley now knotting me and his front paws over my back in an embrace, I glanced to the side to see Dennis not only one wanking on Malcolm's cock, but he began sucking on it.

James's hard cock was slapping around my face. I told them how hot it looked.

"I fucking love seeing you suck and play with each other's cocks!" I said.

"And we love to see you fucked by dogs!" Malcolm laughed and replied.

After a few minutes, Riley slipped out of me with an audible plop once more, and his cum gushed from my open pussy and down onto the carpet, coating my legs and stockings in the process. Still on for all fours and shaking from my climax, the other three dogs were at me like hungry beasts on heat. I had noses pushed into my wet pussy area as they licked furiously, and each one was trying to mount me, pushing each other out the road as they each tried to climb on board and fuck me.

Malcolm then had the idea of trying a DP.

He helped me to my feet, more cum gushing out like a river and dribbling down my legs which Beast eagerly lapped up.

"Let me get my cock up your arse!" Malcolm said. "Then we can see if we can get one of the boys to DP you with me."

Standing up, my suspenders were again fastened onto my stockings, and my nylons straightened. Hot, sticky cum was everywhere, dripping down my thighs and coating my purple stockings, and pooling on the carpet, the dogs lapping at every drop they could find.

Malcolm sat on the settee and asked me to position myself over him as he wanted to slide his cock up my asshole.

A little bit of lubricant was applied to his hard cock to ease its access to my shit box. Standing over this hunk of a man and facing into the room, I eased myself down until his cockhead was nudging against my anus.

Slowly I sat down, his bulbous, red cockhead penetrating my anus, and slowly began to ease myself down onto his hard knob. "Oh, that looks amazing!" James said from the side, "Watching his cock disappear up your ass is amazing." I planted my heels on the floor to make me steady as I slowly slid down inch by inch on his throbbing member.

"Nice and steady!" I panted, "Nice and steady you're too fucking big to take in one go, so let me just ease myself onto you." I continued slowly, moving up and down gently, taking a little bit more of this man's cock up my ass each time I did so.

"Just a little more, you slut!" Dennis said. "Almost, you've almost got him fully up there." He moved towards me and slowly, with two fingers, massaged my hard clit. This helped open my cunt up even more.

"Anna love, your fucking fanny is on fire! And so fucking open," he laughed, showing me his wet sticky fingers.

"Hot and full of fucking cum!" I told him, licking my lips seductively, "And I want more."

With a final small movement, I had Malcolm's full length up my ass. His balls nestled against me as I slowly moved up and down his cock length.

I was beginning to get dizzy and feeling like I was going to cum again. "Oh, that's fucking amazing. Oh, God, yes. My fucking ass is full, oh fuck yes, give me it. I love having my ass fucked. Oh my God, yes, I fucking want it so bad."

I continued to dig my heels into the carpet and moved gently up and down on his cock until Dennis said, "Okay, let's get a dog up your pussy as well."

We shuffled back ever so slightly to allow me to spread my legs wide in an attempt to get a dog onto me from the front, as Malcolm's cock was still deep up my ass.

Beast was chosen, and as he moved towards me, he instinctively began licking up my pussy slit, finding my clit once again with his rough tongue. As he was licking, he was lapping occasionally against Malcolm's balls and cock, and he laughed, saying that it was feeling rather nice.

James lifted Beast so his paws were on me, occasionally brushing against my tits and Basque as he began trying to stab and jab his cock towards my splayed open pussy.

With just a little bit of repositioning and me opening my legs a little bit wider, Beast's cock was soon being stabbed at me, his hard cock slamming into me as he thrust back and forth. Once again, he was spitting his thin come all over my open cunt and spraying my stomach with his jizz, until finally he found my quim and 'slam' his prick slammed up me, his warm, thin cum spurting up me as he fucked me hard.

"Is he in yet?" Dennis asked, working slowly on James's cock.

I panted and looked at him, "Oh fuck yes, I have his cock up me. Oh yes, I got his fucking massive cock right up me now. Oh, oh my God, I am fucking stuffed and full of cock, and I love it. Go on, boy fuck it, fuck my cunt, boy. Oh, fuck me like the dog slut I am!"

This continued for a while as he continued to pound back and forth, not being able to knot me fully in the position he was humping me in, with his full cock length and knot slamming into me now and again in between jabs, ramming against my clit and slit.

With his cock fully up, Malcolm said it felt amazing and that he could feel the dog every time he penetrated my cunt.

Beast was cumming almost constantly, either spurting over me, coating my stomach, Basque, and cunt, or when he was in me, he was cumming inside me, joining that of his pal Riley in breeding me.

In this position, with Beast fucking me hard and Malcolm's big cock buried up my ass, I began climaxing heavily once more.

"Fuck it, fuck my wet cunt. Use it, oh God fucking use me, use my cunt. Oh fuck yes, I'm cumming again, oh God. Oh fuck I am such a fucking slut!"

I was feeling disgusting, perverted, and utterly in slut heaven.

Malcolm announced that he couldn't hold back any longer and that he was going to cum. "Oh yes, please fill my ass up," I begged.

"That's it mate, fill the little slut up!" Dennis said.

Beast was tiring, his tongue hanging out, panting. His cock still sprayed my stocking-clad legs as he moved away.

Gizmo was as soon as my cunt, licking me hard and intensifying the orgasm that was crashing over me. I had started cumming heavily with Beast's cock pounding in and out, and now Gizmo's rough

tongue was making my clit throb and lapping both my juices and Beasts as my orgasm continued crashing over me.

"Oh hell, I am cumming so fucking hard! I panted, my legs trembling as Malcolm was filling my ass up.

"Oh, keep cumming, Anna, you slut!" he said." Oh my God, keep fucking up and down on me." I was moving slowly, and his big cock was pumping his seed deep into my arsehole.

Gizmo was again humping at my leg, and Dennis helped him to position so that he, too, could begin trying to DP me. The big dog struggled to find much purchase, and occasionally his cock jabbed against my clit a couple of times. He managed to penetrate me fully as his cock slammed in and out my cunny, my frothy juice spraying everywhere as my orgasm continued to crash in violent waves over me. My arse was being filled with cum, and the dog was fucking me and filling my cunt up. Occasionally the thin dog cum splattered my fanny and stomach as the hound withdrew. I climaxed heavily, my leg shaking, my eyes rolling in my head.

"Oh yes, this is fucking incredible," I gasped in utter delight. "I am fucking loving this. Oh my God, I'm such a slut for cock!"

I licked my lips instinctively with Dennis telling them he was going to fuck my face and cum all over me. Malcolm's cock was slowly softening up my ass as Gizmo continued to try and ram his huge dog cock home. My legs and my pussy were quivering now. Dennis fed me his hard cock, and I sucked hard, back and forth, spitting on his long cock and covering it in my slimy spit.

"I'm gonna fuckin' cum, you dirty tart!" he said to me. "I'm gonna cum all over your fucking pretty face." As my head bobbed back and forth for a few delicious moments, I took it in three holes and airtight!

Malcolm's cock still up my ass, Gizmo fucking my wet, sloppy cunt, and Dennis in my mouth. My purple stockings were splattered in sticky cum, my Basque covered in dog spunk as well, my tits aching, and my nipples stiff and erect.

I sucked hard on Dennis's cock, then withdrew it as he wanked off into my face telling me what a filthy dirty bitch I was. Again, I licked my lips like a dirty, cheap tart, ordering him to do it.

"Go on then, fucking do it! Cover me in your fucking hot spunk ... Go on, use me. I want it all fucking over me, you bastard!. Cover my face, cover me in your hot spunk as your friend pumps his fucking baby batter up my arsehole, and one of the dogs fucks my wet pussy! Come on, give it to me, big boy, give me your fucking cum."

The dirty talk, the sight of me in the lingerie acting like such a slut, the sounds from the room and from the TV (where the blonde was taking a hard pounding from two dogs) all added to the amazing sex scene we were enveloped in. Dennis began shooting hot ropes of cum all over my face and hair.

He plastered my face in his white sticky spunk, ropes splattering against my cheeks as it ran down off my chin and onto my tits and Basque.

Gizmo continued to try and screw me but also was now licking at the spunk that was falling from Dennis's cock, licking on my tits and face.

With Dennis still cumming, I opened my mouth to receive Gizmo's tongue as we once again were French kissing. I loved getting off on his tongue, and he licked and kissed my face as we snogged.

Dennis continued to pump his cock, the last couple of spurts splashing right across my face and also the dog's snout. Malcolm's cock began to slide out of my ass. As he moved away, I had half expected cum to start dribbling from my ass, but he had pumped it so deep I could feel it deep inside me, and no way was coming out.

Gizmo continued snogging me, savoring the cum as I was moved once again into the middle of the floor. My legs were trembling, and my knees were shaking.

My legs kicked wide once more.

Malcolm knelt, lay down on the floor beside Beast, and was soon joined by Gizmo Riley lying in the corner looking shattered.

I instinctively began kissing and sucking on Malcolm's cock, then moved to each of the dogs in turn and began sucking on their big, hard cocks, which were still fully out of their sheaths.

I was asked if I could take two cocks in my mouth at the same time. I smiled and said I would certainly try it.

We positioned the two dogs side by side. I brought my head back and forward, nuzzling my chin into their fur as I deep-throated both of them, managing to take both their cocks and their swollen knot into my mouth, gagging as I did so.

I slowly sucked and licked up and down their cocks which were still spurting lesser amounts of thin cum now and again.

In this position, with the two dogs together, I tried to get both of their cocks in my slutty mouth at the same time. I struggled to do so but managed at least to pouch them in my mouth for a brief period but didn't want to hurt them, so I continued to work on them independently for a little while longer, loving being a dog slut and whore for dog cum once more.

While sucking on their cocks and licking around Malcolm's balls and cock area on all fours, I felt James position himself behind me. "I'm gonna fuck you slut. Fuck you and fill you up. James slipped inside easily, his hard cock sliding up me and sloshing around my fanny.

I was on fire. My cunt was gaping so wide and full of spunk. I once more spread my legs as he gripped me. He began fucking me hard. Disgusting farting noises filled the air as he banged in out me. He took hold of my hips, giving it to me hard, saying he was going to cum.

"Oh fuck, Anna. I'm going to cum all over you, gorgeous, sexy bitch," he said as he continued banging me and then, at the last minute, pulled out and began spunking heavily all over my ass and onto my stocking-clad legs. "Oh, you fucking whore, take it. Go on, take our fucking cum, you dirty gorgeous fucking slut!"

His hot spunk splattered against my ass and joined the dogs in covering my stockings and legs. No sooner had he emptied up me than Lucky was placed on my back. "Oh fuck," I gasped as he began to screw me on all fours, cum soaked, and my nylons now clicked and laddered in several places. He knotted me easily, and as he did so, I was maneuvered around, Malcolm sitting on the settee, legs up as he asked me to lick and clean his balls and arse!

My tongue worked overtime, licking at his ballsac, then probing his ass and rimming him.

Lucky was deep in me, adding his batter to my well fucked and gaping cunt. He plopped out, cum

gushing out me as I continued my ass rimming on Malcolm.

I was shattered, the men were shattered too, as were the lovely dogs.

I had taken Dennis's heavy load all over my face. James had just unloaded all over my ass back and stockings. Malcolm's cum was safe and deposited deep up my arse.

All of the dogs had fucked and bred me up my cunt. I was covered, cum soaked, the lingerie coated and ripped. Cum was in my hair; my face was a mess, and spunk was dripping down my chin and tits.

It had been an amazing second session, and amazingly I had managed to keep my high heels on for the full entire fuck session!

After sucking a little bit on James's softening cock to clean him up, we sat and had a quick drink, me still in the lingerie. The dogs were resting, panting heavily as they recovered and the men told me what an amazing time they had enjoyed.

We had one drink, and then I suggested cleaning up and showering. It was a lovely feeling to be so wanted and admired and desired. I was helped up the stairs by all of them men, fondling me as we went.

I showered, dressed in a casual bathrobe (naked underneath) as we sat, had a few more drinks, and then decided to have some food.

I stayed the night and slept in the bed in the spare room, each of the men joining me at one point for a cuddle, a kiss, and a play. I was fucked again by all three men before leaving the next day, but we didn't have any more dog sessions on this occasion. We've already planned to keep in touch, and I will be going back for more doggy fun.

Next time, I am hoping potentially for even more dogs but we will have to see. James has suggested that he has a friend with a couple of dogs, and ideally, we would like another woman to join us as well.
