BEASTIALITY STORIES

My 18-year-old boyfriend Jim (I'm also 18) knew I was sexually innocent when we first started dating. We met as teens at our Catholic high school and spent two years dating and teasing each other before things started heating up. At the beginning of our relationship, I was content with kissing, necking, and heavy petting- never letting him touch my privates or see me naked. Never before had I even touched myself! Jim, though, was a typical horny guy — confessing to me that he looked at his dad's porno movies and magazines almost daily, and he masturbated to the thought of having sex with me. Once we both turned 18, we decided to take things up a notch.

Jim coaxed me into opening up sexually as time went on, telling me his fantasies and what he longed to do to me, saying he wanted to give us a family and be with me forever. One day after school, we were at his place on the couch when he started rubbing my crotch through my white cotton panties. His sudden touch initially surprised me but began making my juices flow. We locked eyes in a heated gaze.

"What are you doing, Jim?" I asked.

"I'm rubbing your pussy, Elizabeth. Tryin' to make you feel good..." he said, cupping my pubic mound. "This is your pussy, it belongs to me."

"My vagina?" I said, giggling.

"Your cunt. Your pussy. Your fuck hole. Come on, Elizabeth, we're not at church right now... You should allow yourself to be pleased. You should tell me everything you can think of that could please you, and I will see what I can do," Jim said as he continued rubbing my "pussy" through my white cotton panties. I smiled at him. He was making my panties wet, for sure! I could feel the viscous fluid making my sparse pubic hair moisten against the fabric.

"That feels good, definitely," I replied.

"I can do so much more, Lizzy... Why don't you let me?"

"Well, I don't know, I don't think I'm ready to go too far..."

"What, you don't trust me?" Jim asked, looking somewhat hurt. I looked back at him, smiled, and spread my legs wider for him. He continued rubbing along my moistened slit through my panties. Suddenly, I felt his finger slip inside my panties, making me jump a little. I was still wearing my uniform- plaid skirt, white knee-high socks, white buttoned-up shirt, and navy-blue tie. He began kissing me as he rubbed my pubic mound and up and down my slit, slipping his fingers in and out of my panties to feel my moistened sex. I kissed him back, feeling his manhood bulging in his pants, pressing against my belly. He still had his uniform on, too.

He took his other hand and began rubbing my small, budding breasts with it as he kissed me. His efforts did feel good. I can't deny it! Then, to my surprise, he took one of my hands and placed it on the bulge in his pants! On his hard penis! It felt like steel in his trousers. He smiled at me, asking me if I'd keep touching it. I gulped and nodded reluctantly — I didn't know how to stimulate a penis properly!

Jim guided my hand all over his throbbing bulge, kissing my neck passionately as he continued fingering me. It was hot! I didn't want to go further, so I stopped him soon after. He was very frustrated, to say the least. I watched, shocked when he unzipped his pants and proceeded to take his cock out anyway, even though I told him I didn't want to do anything else! My eyes were wide as he stared back at me, his hard meat in his hand. He began jerking himself off steadily while locking eyes with me. I have to admit, it was pretty hot seeing a cock for the first time. The tip of it was all

red and dripping pre-cum, veins bulging throughout it. He had a pretty good-sized cock for an 18-yr old!

"Come on, Liz, let me cum on you," Jim said through gritted teeth.

"What? Where?" I exclaimed.

"Let me cum on your pussy," he said, breathlessly pumping his meat next to me on the couch. I was hesitant but eventually laid back and hiked my skirt up a little. Jim stepped up in between my legs and continued pulling hard on his dick. His eyes were gazing hard into mine. I jumped as I felt him pull my panties to the side and press the head of his cock against my wet lips.

"Jim, what are you doing?" I said, confused and a little nervous.

He grunted, continuing to pump his cock as his cockhead was pressed right up against my wet slit. I moaned involuntarily as he rubbed his meat all up and down my pussy, from clitoris almost to asshole. His balls hung low and jiggled with his dick-pumping efforts. Never before had a penis touched my vagina! His rod was slick and hard, veins coursing throughout. It looked to be about 7" or so.

His face contorted, and he groaned loudly, his cock touching my clit as he pumped it over me. Suddenly I felt streams of liquid coating my slit, all up and down my gash! He was cumming on me! Jim continued grunting breathlessly, pumping his meat a few more times, rubbing his semen into my cuntlips with his hard cock. His prick was still touching my wet slit as he bent down and kissed me hard. Jim then pulled my panties back over my pussy mound, keeping his cum sealed up in my panties.

Eventually, I let him go down on me, and he eagerly ate my pussy out while fingering me hard. I had never had an orgasm before, and Jim was determined to give me one. He started going down on me every night after school, making me crave his oral attention throughout the whole school day. He finally succeeded in making me cum one evening while I was spread out on my bed, my parents in the other room. I had to put a pillow over my face to muffle my moans as he made my body writhe before him.

I decided to return the favor, and he taught me to give him head and praised me as an "excellent cocksucker" and "a natural, with perfect dick-sucking lips!" We would sixty-nine each other, but I didn't want to go any further than oral sex. Jim wanted to teach me the pleasures of sex, going on about the joys of vaginal and even anal sex! He had tried it a few times with another girl (that he was screwing the whole time we'd been dating, I later found out).

Jim was constantly trying to persuade me to have sex with him. He wanted my virginity badly. I had wanted to save myself for marriage. Still, after we graduated High School, I eventually gave in to Jim's incessant begging for my cherry. It took place in his bedroom, with me lying quietly on my back as he rutted away on top of me, taking my innocence. I wasn't on birth control, so he had to pull out and cum on my belly. The first few times weren't very pleasurable- Jim didn't last very long. He eventually got better the more we had sex, and I grew to enjoy it more, too!

I told him I didn't want to have anal sex and made myself clear about it. A year or so after graduation, we were at his place drinking some of his dad's alcohol and having a fairly fun time when I guess I fell asleep. I must have been pretty tired that night, as I had only had a few drinks. I last remember talking to Jim on the couch as we drank.

When I awoke later, I was in the bedroom, on his bed! My eyes opened blearily, widening with

surprise as I realized I was naked. Jim was on top of me, I suddenly realized, and his penis was inside me! It wasn't in my pussy, either! He was fucking my ass!

I felt so groggy, so heavy, I couldn't even move my limbs or speak. My eyes were teary, and they stared up at Jim's, pleading for him to stop. He smiled down at me. After a few minutes, I was able to squirm around on the bed, but Jim was stronger than me and kept pounding my ass as I lay folded up beneath him. The pain in my ass was like a searing iron surging into my guts. I began whimpering and moaning as I lay prone, weak and tired.

Jim gasped, and I felt his cock pulsing in my chute, suddenly unloading his semen deep within my bowels. He was grunting as his cock pulsed within me. I stared up at him, shocked. After a few moments, his breathing getting calmer, he began pulling his cock from my ass. It felt like he was ripping my insides! I squealed while he pulled his member from my bowels, cum dripping from the head of his dick. He slapped my ass cheek with his prick after he pulled it out of me, leaving a trail of cum on my butt.

Later, after I had regained full consciousness, Jim and I had a long talk about him fucking my ass. He convinced me that I told him I wanted him to fuck me up the ass while we were drunk, and he was simply obliging with my wishes. It was dubious, but then again, I had been pretty intoxicated that night. So I forgave him — but I told him I didn't want him fucking my ass again!

We had a pretty happy relationship, having sex fairly regularly through our college years together — I'd say at least 5 times a week. He got me to confess to some fantasies (like sex in the lecture hall at school) and told me some of his own — like his fantasy of me in a nurse uniform. Then he asked me if I'd ever thought about being tied up...

I was surprised. No, I'd never really considered it. Jim told me I should succumb to him and let him have complete control over my pleasure. That I should trust him... I was hesitant, though I did love him and had never been with anyone else. The thought of me being bound to a big bed with silken ties while he had his way with me was kind of sexy...

One night, we were drinking some of Jim's dad's cheap liquor back in Jim's old bedroom, sitting on his four-poster bed as we talked and kissed. After we got pretty buzzed, he brought up the idea again of tying me up. Since my inhibitions were lowered and I was feeling frisky, I relented. Jim was thrilled. He went to his dresser and got two handcuffs and a velvet blindfold. My heart started beating fast — I'd never been restrained before while making love.

Jim stepped over to me and began kissing me all over as he laid me down. I wore a floral dress, a white lace bra, white matching panties, and a nude pantyhose. He took the dress and bra off and kept my pantyhose and white panties on. He kissed my arms and freckled D-cup breasts, holding the handcuffs. He affixed me to the bed posts with my arms stretched behind me. I could feel the bulge in his pants rubbing against my thigh.

After I was handcuffed to the bed, he took the blindfold and put it over my eyes. My heart began pounding, not knowing what he would do next. He began sucking and kissing and fondling my breasts and flicking my nipples with his tongue. My little pink nipples were hard with his oral attention. He kissed a trail down to my belly button, making me shiver, and then stepped away from me. I heard him walk away from the bed and retrieve something before walking back and standing before me.

Suddenly, I felt metal against my crotch, and I gasped. After a moment, I felt Jim cutting away the fabric of my pantyhose and then cutting a hole in my panties, leaving my glistening pussy exposed

through the fabric. He bent down and began tonguing my cunt, making me moan loud. His fingers flicked at my clit and played with my cunt. They delved into my slit, wiggling around, getting my pussy excited. Jim inserted another finger into my cunt and licked hard at my clit, and soon I shouted out that I was cumming. An orgasm shot through my legs and throughout the rest of my body, making me tingle.

Jim stepped away after making me cum, and I heard him unzipping his pants. He was then rubbing his exposed cock against my pantyhose-covered foot! I could hear him groaning with pleasure as he slapped his hard meat against my soft little foot. He let my foot go, and I could feel him getting on the bed. His tongue was again on my nipples, making me moan in my post-orgasm state. I felt his hard prick and big softballs against my thigh. Then his cock was against my wet gash, exposed through the hole cut in my pantyhose and underwear. Jim slapped his cock against my pussy lips, getting his meat wet, rubbing it all over my slit and clit as he kissed my breasts, neck, and shoulder.

I felt his cockhead at the entrance to my cunt, and after a moment, he sunk himself fully inside of me up to his balls. He grunted as he slammed himself into me. I moaned beneath him as the weight of his body on top of mine crushed me against the bed. His cock was delving deep into my pussyhole, the veins of his shaft stimulating my pussy walls. He was soon shoving his hard meat in and out of me, making me moan and writhe underneath him. I felt him nearly pull his cock out of me before jamming it hardback inside me. His fingers strummed my clit, and I felt yet another orgasm building.

I screamed out that I was cumming, gasping beneath him for breath as his cock plunged in and out of my wet hole. His balls pressed up against the pantyhose, ramming his cock as far up inside his teen girlfriend as he possibly could. He continued reaming my pussy for ten more minutes, sometimes pushing my legs back almost behind my head so he could screw me while I was folded up like a pretzel. He was sucking my little nipples hard as he pounded me with all his might.

Suddenly, I heard someone else in the room clearing their throat! Someone had been watching us fucking! I gasped, shocked that Jim was letting someone watch us making love. Jim paid no attention. He kept pounding my pussy hard with his 7" rod — he had developed an impressive libido.

"Hold on, Dad, I'm almost done!" said Jim.

"Jim, what?" I said, confused, as Jim continued fucking me. Jim covered my mouth with his hand, and suddenly, I felt his prick throbbing inside me. He was cumming in my pussy! Deep up in my womb! I wasn't on birth control; my conservative Catholic family was against it, so Jim had always pulled out.

I was shocked. He held his hand over my mouth as he continued releasing his seed inside me, his prick deep in my cervix, the cockhead throbbing as his sperm erupted inside his teen girlfriend's womb. When he pulled his hand off my mouth, I began yelling.

"What the hell, Jim?! You came inside me! I told you I'm not on birth control! What the fuck!" I shouted angrily. Then, Jim stepped away from the bed for a moment to get something from his dresser, then came back and shoved a red rubber ball gag in my mouth! He took the blindfold off, and I blinked as my eyes re-adjusted to the light.

I realized moments later that there were a few people in the room who'd been watching Jim's sperm up in my pussy — it was his dad and his step-brother Josh! Their eyes were on my exposed teen tits and the cum leaking out of my freshly fucked twat. I squirmed on the bed as Jim's dad stepped up, pulling his cock from his trousers and taking his shirt off to show his hairy chest. He pulled off his pants and boxers, holding his stiff 8" meat in his hand. His enormous balls were covered with dark hair. I opened my eyes wide as Jim's dad walked in front of me, holding my legs wide apart, his hard

prick poking against my leg as he leered down at me.

The ball gag muffled my cries as Jim's dad began rubbing the head of his prick against my pussy slit. Jim's cum had made my cunt very wet and accommodating for more meat. I moaned into the gag as Jim's dad's prick sank into my pussyhole with one fast and hard stroke. He groaned on top of me, his hairy body pressing me down hard beneath him as he held my legs open wide. With his cock still stuck deep inside me, I felt him ripping the pantyhose slightly, making the crotch hole bigger around our rutting genitals.

To my horror, he then withdrew his cum soaked prick from my pussy and began forcing it into my asshole! I shrieked into the gag. No, no anal! No!! The older man fucked my raw ass hard with his cum coated meat, making me whimper with the pain. It felt like his prick was pulling on my insides as he nearly pulled his cock out, then it felt like my ass was on fire as he stabbed his prick back deep into my bowels. I began crying as the old man fucked my asshole hard.

"Dad, I told you she doesn't like anal, you jerk," said Jim.

"Fine, fine," grunted his dad, abruptly pulling his hard dick from my rectum and shoving it mercilessly back up into my poor unprotected cunthole! I cried out into the gag as Jim's dad fucked my pussy hard after anally raping me. He was pulling my asscheeks apart to sink more and more of his meat inside my womb. I writhed in disgust as he began licking and sucking my nipples and kissing my neck as he pounded me. The old man fucked me for several more minutes, his disgusting mouth all over my body. He stared into my eyes hard as he suddenly shouted that he was cumming — No, no, Jim's dad was ejaculating up in my womb, too!! I was horrified at the thought of getting pregnant.

After Jim's dad pulled out, Jim's step-brother Josh quickly got naked and began pumping his hard dick in his hand. Josh was so young, a high school freshman! His prick was about 6 1/2" long, as hard as steel. He didn't even have hair on his balls! Before Josh could fuck me, Jim told him to insert a big pink rubber dildo plug in my ass. It made me cry as it painfully sank deep into my rectum, making my pussy even tighter for Josh's cock.

The young teen stood over me on the bed, cock in hand, about to shove it into my cunt. My ass was impaled on the huge dildo as Josh bent down, placing his hard dickhead at the entrance to my womb. He grunted and shoved his cock up hard into my wet pussy. The giant anal dildo was causing my pussy to constrict painfully around Josh's prick.

"Damn, her pussy is so tight with that giant butt plug, guys!" said Josh. "You gotta try it!" They all laughed while my eyes widened with fear. Josh fucked my pussy hard and fast, full of energy and stamina. It seemed like he could go all night. He pushed my legs up over my head and fucked me while I was all folded up, finally letting his sperm flood my womb while he was deep, deep in my hole and staring directly into my eyes. Tears were trickling down my face, cum oozing from my cunt. Josh smiled as his cock throbbed and jets of cum were released in my unprotected hole. It felt like he was releasing a copious amount of sperm up in my hole.

After that, Jim and his dad took turns fucking my sperm-filled cunt while the giant dildo was in my ass, but neither of them came. Instead, Jim's dad pulled the butt plug roughly out of my ass and then slid underneath me, sticking his cock into my asshole again! I squealed into my gag. His prick was inside my chute a few inches, and it was agony! My ass was so tight around his 8" of meat. He pulled me hard on top of him, stabbing his prick inside my ass up to his hairy balls.

He fucked my ass while below me for several minutes until Jim got on top of me. I was confused until

I saw Jim take his prick in his hand and raise it to the entrance of my pussy. He was about to fuck my pussy as his dad fucked my ass! I cried out, but they ignored my protests. Jim's cockhead parted my wet pussy lips, then easily sank inside my wet, sperm-filled hole. In moments, both Jim and his dad were pounding my holes simultaneously while Josh watched, jerking off.

Both of my holes were so full, so stretched with hard cocks, I could feel my belly hard with their meat. As much as I wanted to deny my orgasm, feeling sexually violated, I couldn't hold it back much longer. As Jim and his dad fucked me like animals, their hard cocks sawing in and out of my sore holes, a strong orgasm began surging through my body, making my stocking-covered toes curl. I was pressed hard between the men, a fuck sandwich, cum oozing from my cunthole and down onto Jim's dad's balls.

The men rutted away in my holes for about 20 minutes, leaving me gasping for breath between them. Jim released his cum up in my womb yet again and then pulled out so Josh could take his place up in my cunt while their dad fucked my asshole. Josh pounded me hard and fast, his pubic mound grinding hard against mine, smashing my ass harder against Jim's dad's pelvis, allowing his prick to delve further into my shit chute.

Soon, both pricks were exploding nearly simultaneously in my holes. Jim's dad was flooding my rectum with a heavy load of sperm while Josh was depositing his semen yet again in my unprotected womb. I stared up hatefully at Jim as he blew me a kiss. Josh pulled his dick out of my pussy, and it was glistening with sperm. Cum oozed out of my hole onto the prick of Jim's dad, who soon pulled himself out of my ass.

Jim left the room and returned shortly thereafter with his huge pet German Shepherd on a leash. The animal was large and powerful — my eyes widened with fear as Jim led it over to the bed. I tried shutting my legs, but Jim's dad and Josh held them wide open for the dog. I screamed into my gag, terrified.

"Eat her, Max, eat her fucking cunt, come on boy, do it, eat her snatch!" urged Jim, encouraging his dog to lick the cum from my cunt. I shrieked and squirmed as the dog began licking his long pink tongue at my wet pussy slit. His nose was cold on my hot sex. He sniffed my asshole, licking the leaking cum from my ass before slurping up at my cum filled cunt again. His tongue coated my slit with saliva, making me wetter. As disgusting as it was, the dog's oral efforts did feel rather good...

Max's tongue reached deep into my slit, licking the cum that was oozing freely from my cunthole. He was doing a surprisingly decent job cleaning me up. My initial squeals of repulsion eventually turned to moans of pleasure as the beast licked me out. Never had I even considered fucking around with an animal! Max was good at cunt eating! I was in a pleasurable delirium as the big dog continued coating my entire wet gash with his saliva, making my clit stand hard with the stimulation.

Suddenly, Max pulled his nose away from my cunt and jumped up onto the bed — he began humping my leg! I gasped in my gag. All the guys laughed and stood around with their hard dicks. Jim was going to pull Max off the bed, but his dad told him not to — instead, he told Jim to get the camera!

"Come on, Jimmy, it'll be fun, you know it!" said his dad, laughing. "Max won't hurt her, we'll just let him hump her a little, it'll be funny!" he said. My heart was beating hard and fast. Max was humping my leg and my hip as I squirmed under him. Jim's dad helped the dog get into position over me as I looked up fearfully at him. Max was so excited he was humping at me even as the collar was holding him.

Jim walked into the room as his dad was trying to get Max into position over my pussy. He had a

camera in his hand and began taking pictures of the dog humping around me. Josh and Jim walked over to the bed to hold my legs open wide for the dog to hump at my pussy.

"You sure about this, Dad?" asked Jim.

"Yeah, son, don't worry, he ain't gonna fuck her, just hump her, we'll take some pictures of it for blackmail purposes!" he laughed.

The sons continued holding my legs wide apart for the big German Shepherd to hump at me. They tore my pantyhose, the hole now huge, and I felt the animal's fur against my thighs. I screamed beneath the beast as it wrapped its forepaws around my hips, claws digging into my skin hard. Max was panting — he seemed determined to fuck me, not just hump me!

Jim's dad was pushing Max's ass down so that his sheath was pressing against my pussy mound. The dog humped at my crotch, and I shrieked into the gag, tears welling in my eyes. Max was holding my hips tight, in position to make me his bitch! I began breathing hard, panicking, as the animal continued humping at my pussy mound. My breath then caught in my throat as I felt a bone-hard nub begin extending from his sheath. His prick was coming out! No!! I squirmed in vain on the bed, restrained and held wide open by the men.

The dog kept pressing himself against me, his hard meat coming out another inch, rubbing at my wet slit. My pussy was so wet that the few inches of his prick that had extended was wildly rubbing all along my pussy gash, getting wet with my pussy juices. I jumped as it stabbed at my clit hard. Then the animal pushed his cock down further into my slit, and suddenly, knowing he was inside a cunthole, began humping me with a jackhammer-fast pace.

I screamed into my gag as the animal's prick began extending inside my pussy, seeking my womb. The guys were jerking their pricks and snapping pictures. It was disgusting. A dog was violating me after being violated by these men! Max panted on top of me, drool dripping onto my little nipples. He stayed wrapped tight against me, his huge balls slamming into me with the force of his thrusts.

His prick was getting even longer, reaching deep into my pussyhole. His thrusts were so fast, so powerful, nothing a man could match. As his meat grew inside me, I could also feel the knot at the base of his cock growing inside me as well — he was trying to plug me up like a bitch! I groaned as the knot expanded even more, pressing hard against my pussy walls. The prick searched out my cervix, looking to flood my insides with seed.

After a few more minutes fucking me with a frenetic pace, Max's cock was reaching deep into my womb, and his knot seemed to have grown to the size of a grapefruit up in my pussy! I was groaning with the pleasurable constriction of my pussy around the dog meat. I was unable to deny the pleasure of the animal's raging member up in my aroused cunt. An orgasm was building within me; I couldn't believe it; the dog was about to make me cum!

The orgasm that shot through my body was the most intense I'd ever had. My belly was swollen from the knot and cock within me, the dog now going still over the top of me. I was grinding my hips, trying to take as much dog meat as I could as my orgasm began erupting from within me. The gag muffled my cries as my orgasm surged through my body. As my climax shot out through every nerve in my body, Max began flooding my womb with his sperm. I moaned, feeling a gallon of hot cum inundating my hole.

"I think he's cumming in her!" Josh yelled. The guys all laughed, taking pictures of the sperm oozing from my hole and the dog stuck securely inside my cunt, his balls pressed against my butt. They all still had hard cocks, so they walked up to my face and began jerking off as the dog's cock throbbed

its last spurts of cum in my womb.

Jim was the first to release his cum all over my face, cum shining on the red ball gag in my mouth and getting all over my cheeks. Josh came up next and released a massive load all over my face and my chest, slapping his prick against my cum soaked skin. Max meanwhile panted on top of me. Their dad finally added his cum to my face, getting it in my eyes and hair. I stared up at them as they smiled down at me, rubbing the last drops of sperm from their cocks as I lay knotted to their dog.

When Max finally pulled out of me, his huge knot released a flood of semen all over the bed, a puddle of dog cum forming beneath my ass. The feeling of the cock and huge knot pulling from my womb was so painful that I passed out.

Eventually, when I came, I was cleaned up and back on the couch, my mind hazy. Jim and I had a long talk, and I asked him if his dog fucked me. He told me that Max did indeed fuck me after I asked for Max to fuck me. When I was drinking, I begged Max to fuck me. My memory was hazy after the drinking — I knew we had sex, and I remember lots of cum, dog cum... I had gotten drunk and committed bestiality! Jim told me I loved it, though. He also told me I begged him and his dad to double-penetrate me and said I wanted to do it all the time!

I began fucking their dog regularly while Jim and his family watched, and I did enjoy it and was thankful for Jim talking me into exploring the pleasures of the body. Months later, my belly began swelling — I had gotten pregnant! It didn't stop me from fucking the dog as often as I wanted through the pregnancy. Once I let Jim and his dad fuck me simultaneously, double-penetrating my pregnant holes.

I grew to thoroughly enjoy the creampie — though I preferred the dog's since he could sperm a whole lot more than the guys could!

The End
