BEASTIALITY STORIES

In the vibrant heart of a scenic metropolis, tucked between towering monoliths and bustling boulevards, resides an esteemed zoo. This is the workplace for a charming young woman named Jidi. Jidi is an ethereal beauty of 18 years old, hailing from Thailand. Her physique is slender and graceful, encapsulating all the exotic allure her homeland has to offer. High cheekbones accentuate her face, while her almond-shaped eyes glisten like precious gems under the sunlight. Her lips are full and inviting as they curl into an enticing smile that whispers tantalizing promises of unimaginable delights. The slight arching of her eyebrows embellishes her enchanting gaze even further as it draws one's attention towards those dark depths which are framed by long lashes fluttering upon each blink. A waterfall of sleek black tresses cascades around her shoulders before tumbling down to hug the small of her back in a seductive veil. Each movement she makes causes these silken waves to ebb and flow like liquid obsidian - adding another layer to this mesmerising tableau that is none other than our Thai goddess, Jidi.

Her perfectly curved frame and graceful demeanour stand out among the diverse array of animals she cares for during the day. Jidi's love for these creatures transcends mere duty it is a deep-seated passion that drives her to seek solace amongst them even after night falls. As twilight descends upon the zoo, casting shadows that dance across enclosures like ghostly whispers, most of the staff bid their farewells and retreat to their homes. But not Jidi - she lingers behind, drawn by an irresistible urge to be alone with the animals under cover of darkness.

The warm night air caresses her skin as she moves stealthily through familiar paths towards a particular enclosure that houses zebras. The striped equines have always held a special fascination for Jidi in particular, she has been curious about the intricacies of a zebra's anatomy, especially its unique appendage. With each step closer to their habitat, her heart quickens with anticipation and excitement at the prospect of being so close to these majestic creatures.

Carefully concealing herself amidst foliage near the zebra enclosure, Jidi watches in awe as they move gracefully under the moonlit sky. Their distinctive stripes shimmer in the pale light like ribbons woven by nature itself. She feels a connection with them unlike any other animal AND humans alike - an inexplicable bond that beckons her closer.

With bated breath and trembling hands, Jidi waits until all signs of human presence fade away into silence. When finally left alone in this nocturnal sanctuary with only animals for company, she dares to step forward into their world.

As the zebras graze peacefully, unaware of the clandestine encounter unfolding just beyond their gaze, Jidi takes a moment to survey her surroundings, ensuring she's alone before proceeding with her plans. Satisfied that no one else is nearby, she makes her way to the fence surrounding the zebra enclosure, drawn to the comforting feel of rough wood beneath her fingertips as she leans against it. With a mixture of excitement and trepidation, she slides down onto a nearby bench, her heart pounding against her chest like a wild stallion's hooves on the turf. The warm night air caresses her skin, sending shivers down her spine as she prepares herself for what lies ahead.

With a steady hand, she unbuttons the top of her worn denim shorts and slowly unzips it. Each metallic rasp of the zipper seems to echo in the stillness of the night.

Slowly, teasingly, she eases the fabric down to her thighs, A beautiful firm teenage ass bounces out, revealing a tattoo of a horseshoe on one cheek. she lifts up her hoodie, revealing a glimpse of tanned skin underneath. She slowly tugged it down a bit, exposing A delicate heart-shaped patch of shaved pubic hair. a symbol of both beauty and desire. The moonlight casts a silvery glow on her supple

curves, offering an enticing view to anyone who might chance upon the scene.

Lost in the moment, Jidi's eyes flutter closed briefly before opening again with determination. With a steady and determined hand, Jidi slips her thumb beneath the waistband of her shorts, pulling it down all the way down to her ankles and her feet with precision as she casts a furtive glance around. Sensing the thrill of potential discovery heightens her arousal, spurring her on in this daring act. The warm air kisses her exposed skin as she stands partially undressed, clad only in socks and shoes and a dark grey oversized hoodie. Even a large hoodie can't hide her big, soft, firm teenage breasts.

This semi-nude state adds an element of raw sensuality to the scene as Jidi revels in the forbidden pleasure of being half-clothed yet fully exposed. She stands there with her shorts pulled down to her thighs, massaging her breasts with one hand, while the other lifts the large hoodie so she can show her delicious pussy to the zebras. With eyes closed, she bites her lower lip and moans.

As Jidi glances around nervously, her heart racing with a heady mix of excitement and apprehension, she slowly opens her backpack, the sound of the zipper heightening her senses as she scans the area for any prying eyes. With a determined yet slightly shaky hand, she retrieves a large bottle of lubricant from within the depths of her bag. The plastic container gleams under the moonlight, its promise of slick pleasure sending a thrill down her spine.

Her fingers tremble in excitement, as they trace over the smooth surface of the bottle. Despite the nervous energy coursing through her veins, there's a sense of liberation in this clandestine act. The warm night air seems to whisper encouragement as she prepares to indulge in forbidden pleasures under the watchful gaze of unknowing zebras.

The moon bathes the scene in a soft, ethereal glow, illuminating Jidi's figure in a halo of silver light. The warm night air caresses her skin with a gentle touch, carrying with it the heady scent of arousal that mingles with the sweet fragrance of grass and dirt. The breeze whispers teasingly, lifting tendrils of her hair as she stands at the edge of desire.

With an unwavering gaze fixed upon the zebras just a mere meter away behind their subtle enclosure, Jidi's fingers dance across her eager flesh. She teases and caresses her wet pussy with deliberate intent, each stroke sending waves of pleasure coursing through her body. The zebras watch on with curious eyes, their presence and sounds adding an electrifying tension to the already-charged atmosphere. Their proximity only serves to fuel Jidi's desires further as she revels in this forbidden moment under the watchful eyes of these majestic creatures.

Locking eyes with the zebra, Jidi spreads her legs invitingly towards him, a sultry smile playing on her lips. Her fingers glide through her drenched folds, teasing the zebra as she brings them to her lips, tasting the intoxicating essence of her own desire. A soft moan escapes her throat, muffled by the sinful act of sucking on her glistening finger. The zebra watches intently as Jidi's actions become bolder and more wanton, lost in the throes of passion and surrendering to the primal urges that drive her wild.

As Jidi caressed her deliciously wet pussy, she notices the zebra's evident arousal at the sight. The unmistakable bulge in his loins grows more prominent, elongating and curving towards the ground under its own weight and size. It's long and thick as it hangs there. The thick veins glisten in the moonlight as it sway gently back and forth with the zebra's small movements. It grows longer with each passing second.

The girl becomes drenched with desire as she gazes upon the long black cock hanging there, lonely and eager for play. With a gasp, she succumbs to the overwhelming pleasure building within her.

Her head falls back as Her pussy squirts uncontrollably in anticipation. a loud moan escaping her lips while the zebra neighs approvingly.

With a mischievous glint in her eye, Jidi unveils a large dildo, black and pink, resembling a massive equine cock. A soft gasp escapes her lips as she lightly bites down on the plump flesh of her lower lip, savouring the anticipation that coils within her. She teases herself by sliding the phallic toy between her slick slit, each pass eliciting an electrifying sensation that heightens her arousal. The moment of truth arrives as she guides the dildo with deliberate precision into her eager pussy, relishing in every inch it slowly delves deeper inside. Her moans crescendo in tandem with each thrust, locking gazes with the zebra whose approving snorts and hoof stomps create an unspoken understanding between them. It's as if he comprehends the depths of her desires and reciprocates this primal connection—a shared moment of raw sensuality transcending species boundaries.

Since the first time Jidi laid eyes on an equine's majestic member, she harboured a deep-seated fantasy of being filled by something as grand and awe-inspiring as a stallion. Growing up in the city, devoid of natural access to equines, she embarked on a journey that led her to secure employment at the local zoo—an opportunity that now unfolds before her like a dream come true. The allure of these magnificent creatures beckoned to her primal desires, fueling an insatiable curiosity that drove her to seek out this forbidden pleasure. As she tends to the animals within the zoo's confines, Jidi finds herself drawn closer to fulfilling her ultimate fantasy—a rendezvous with a creature so powerful and untamed, promising an experience beyond compare.

Jidi's exposure to explicit films featuring equine encounters has ignited a primal fire within her, fueling her desire to explore uncharted territories of pleasure. The acquisition of dildos crafted in precise emulation of different equine members allowed her to delve into sensations previously unknown, igniting waves of ecstasy and climax that left her yearning for more. Despite the intensity of these experiences, a lingering sense of incompleteness persisted within Jidi, particularly when engaging in anal play—her favoured realm of exploration.

It became evident to her that true satisfaction lay beyond the realm of artificiality it resided in the primal connection with an authentic entity exuding raw desire. Drawing from her intimate encounters with these toys, Jidi comprehends the necessity for a gradual journey towards fulfilling her deepest desires. Starting with smaller counterparts before transitioning to full-sized replicas, she embarks on a path marked by anticipation and self-discovery, preparing both body and soul for an encounter like no other—a union that promises fulfilment surpassing all previous boundaries.

Jidi reclines with her head arched back, positioned on the bench with both feet planted firmly, offering an unobstructed view of her glistening, swollen folds adorned by the sizable equine dildo. Her hood is drawn over her head, allowing her long brown locks to cascade gracefully down either side of her neck and rest upon her ample bosom. The delightful expanse of fluffy heart-shaped pubic hair is prominently displayed for an eager zebra who attentively observes the girl's display. With a finger caressing her tight rear entrance, Jidi moans wantonly like a harlot in heat, surrendering to the primal urges surging through every fibre of her being. Each breathy gasp echoes in tandem with the rhythmic thrusts she administers upon herself, amplifying the sultry symphony that envelops them both in a realm where desire reigns supreme.

Jidi sensually withdraws the dildo from her wet pussy, teasing it along the crevice of her buttocks while locking eyes with the zebra. In that intense gaze, she perceives a silent agreement between them the zebra comprehends her unspoken desires.

His majestic member emerges fully and begins to stiffen under her watchful eye. The sight of his alluring cock sends Jidi into a frenzy of excitement. Without hesitation, she eagerly forced the dildo

deep into her rear entrance with a loud gasp. Instantly, waves of pleasure crash over her as she reaches an explosive climax. Her puffy pussy contracting almost spasmodically around the absence of the toy. Releasing the dildo, it is promptly expelled from her tight backside as she succumbs to overwhelming sensations. The zebra remains transfixed in profound fascination at this spectacle before him—a fusion of primal desire and uninhibited lust. Jidi's moans harmonize with the rhythmic pulsations of her quivering derriere, lubricant trickling forth as a testament to their shared ardour.

The zebra neighs loudly, his impatience evident as he vigorously stamps his hooves against the ground. Jidi gracefully rises from the bench and approaches the zebra seductively, a sly smile dancing on her lips as she entices him with a beckoning finger. With delicate hands, she grasps the zebra's head and sensually kisses his muzzle while emitting soft moans. "Awwww, Are you so thrilled to see me, my dear friend?" she purrs teasingly, her body squirming with arousal.

The zebra whinnies and nods in approval, lowering its head to sniff at Jidi's crotch. She joyfully lifts up the hoodie so he can see and smell wherever he wants. She pushes her pelvis forward invitingly while tightening the hoodie behind her back and resting her hands on her ass, feeling the animal's warm breath caress her heart-shaped pubic hair. She becomes dripping wet as the animal sniffs between her legs, igniting a primal desire within her. Feeling a curious and eager tongue parting her slick folds and delving into her pussy, Jidi tilts her head back and arches her back in sheer pleasure, moaning softly.

She struggles to stand upright, bending her knees and parting her legs wider, offering the zebra unrestricted access to her sweet, moist pussy. As she leans forward, her eyes fixate on the sizable black member swaying in sync with the zebra's movements, oozing precum. Jidi is overcome with ecstasy at the sight of the throbbing cock. She boldly lifts the zebra's head and sensually teases its tongue with hers while playfully questioning if she should climb over the fence for a closer encounter. Unable to tear her eyes away from the big black cock, she feels herself dripping with anticipation. Oh God, I want that cock so badly, she moans to the zebra.

She releases his tongue and climbs hurriedly and somewhat clumsily over the fence. Now, she is mere inches away from the massive cock. Dropping to her knees beside the animal, she eagerly runs her hand over the pulsating head of the cock, feeling the precum squish between her fingers.

Smearing it all over the head and up along the shaft, she is impressed by its size while thinking that this is what she has fantasized about for so long. Finally, her dream is about to become a reality. Jidi glances furtively around, ensuring once more that she is indeed alone. She's acutely aware that society would deem her actions taboo or wrong, but this desire has been a part of her for years – an irresistible urge that she simply can't ignore.

As she stands there with the magnificent member so close to her face, the heady scent of arousal fills her senses. The primal lust within her overwhelms any rational thought, and she finds herself drawn to the alluring sight of the massive, delicious horse cock. She starts touching herself as she strokes admiringly up and down the zebra's shaft.

Jidi savours the sensation of the long, weighty cock swaying gently as she vigorously shakes it. The sheer heaviness and massiveness of it send tingles of excitement through her body, making her tremble with anticipation. She can feel the droplets trickling from her, a physical reminder of her intense arousal. Deeply fascinated by the experience, she feels her heart beating faster and harder with each passing moment.

A warm flush spreads through her core as she becomes consumed by desire. Unable to resist, she continues to shake the large, heavy cock with fervour. Her excitement peaks at the thought of it

soon entering her. Every drop of precum that drips from the cock as she shakes it only adds to her pleasure.

Jidi's breath catches in her throat as she watches the large, heavy cock sway back and forth with each vigorous shake, the weight of it causing a ripple-like effect that sends shivers down her spine. The sheer massiveness of the cock, combined with the veins and an impressive amount of precum that drips from it with every movement, leaves her utterly captivated. Her heart beats faster and harder, the rhythmic pounding a testament to the intense desire coursing through her veins. With each passing moment, the warmth inside her core intensifies, leaving her trembling with anticipation. Jidi can't help but moan and breathe heavily as she continues to shake the cock, the sight of the precum dripping from it only adding to the growing intensity of her pleasure.

The zebra bends its head down towards Jidi who sits there in awe, mesmerized by the large cock as she plays with it. The zebra nudges Jidi playfully but gently on her side. She turns around to face him directly in his black muzzle, smiling broadly before kissing him. He lowers his head slightly further down so they lock eyes with one another. He neighs suggestively. Jidi understands and Without breaking eye contact and without blinking, she demonstratively slides the cock into her mouth. He neighs appreciatively and stamps his hind foot gratefully.

She opens her mouth wide and manages to push the entire head of the cock into her mouth on the first attempt. She is surprised by how easy it was, feeling that the head of the cock is much softer than she initially thought - somewhat spongy with a rubbery texture. She can't believe she's actually doing this. Releasing the cock, she rests her hands on her thighs as she feels the cock slide a bit further into her mouth, starting to glide down her throat. Oh my fucking god, she thinks, I'm deepthroating a horse, while feeling the cock slide down into her throat effortlessly.

She closes her eyes and savours every moment with the large cock in her mouth. She can feel all precum sliding down into her stomach before grabbing hold of it and pulling it out with a loud gasp of satisfaction. Still locking eyes with the zebra, if she didn't know any better, she would think he was smiling at her. Moaning and spitting and gasping for air, she asks him if he wants to fuck her - while there's a fine mixture of spit and precum hanging between his cock and her mouth.

The zebra nods approvingly with its hind foot. Jidi hums with joy as she crawls beneath the zebra and lays on her stomach, presenting her ass high in the air. The zebra takes a step forward so that its cock meets the wet lips of the girl and parts them with its large cock head. Jidi goes into complete ecstasy as she feels the cock with its warm precum pressing against her little sweet pussy. She seductively shakes her ass. The zebra understands the hint and gently pushes his cock further past the wet lips and into the girl's pussy, causing her to cry out in pleasure.

The cock slides into the pussy with a wet sound. The zebra's eyes widen as he realizes what is happening. He bends his head down as far as he can to see if he can spot the girl beneath him. She lies with her face turned to the side, moaning and drooling. The zebra picks up the pace and fucks the girl senseless. The large cock presses so much on the inside that her asshole clenches tightly, squeezing out all the lubricant that was inside, dripping onto the cock and down Jidi's hips. Suddenly, the zebra neighs loudly, and Jidi can feel herself being filled with warm cum. She feels the cum being pushed out between her pussy and the cock, running down her thighs and into her shoes before the cock goes limp and slides out of her little pussy.

She lies there with her ass in the air, massaging her pussy while zebra semen gushes out of her. The zebra moves slightly to her side, she can see all that cum on his cock, realizing how deep he was inside of her - making her even hornier. It doesn't take long before she feels a warm and soft muzzle sniffing her asscheeks,

and a long tongue eagerly licking in her wet crevice. Jidi barely manages to turn her head to see who it is before she feels a long eager tongue sliding into her smooth asshole.

The girl moans loudly and writhes in pleasure it's another zebra that wants to join the fun. She feels the long tongue playing deep inside her asshole while experiencing a new orgasm. The orgasm causes her to clench her pussy so much and uncontrollably that whatever cum was inside gets squeezed out down her thighs.

Afterwards, she stands up feeling the tongue being pulled out of her ass. She turns around, and kisses the zebra on his velvet muzzle, telling him he must come along. She spots some hay bales by the stable where she sits down. Spreading her legs and leaning back slightly, she sweetly and enticingly says, come here horsie, come here.

The zebra comes walking expectantly towards Jidi with satisfaction evident on its face as it positions itself between her legs. She feels the tip of the cock pressing against her wet lips and places a hand on it saying playfully but firmly oh no, not there, while pushing it down slightly so that it aligns itself with and presses against her wet asshole.

Now she is excited. This is what she has fantasized about the most since she found out that humans could have sex with horses. She doesn't have much time to think before she feels the head of the cock slowly pressing in. She revels in how delightful and arousing it feels as the large head stretches her ring more and more as it begins to slide into her. Suddenly, the ring opens enough for the entire head to squeeze into her ass. Jidi throws her head back and moans and squeals in pure pleasure. The zebra pauses a bit, letting the girl enjoy the moment before he slowly but firmly pushes his cock up into her ass as far as she allows him.

The sight of the girl lying on the hay bales with only shoes and socks on, wearing a big sweater pulled up to her chest, with a large zebra lying on top of her belly is like something out of a fantasy. The girl moans loudly and rhythmically with the zebra's movements as he lies on top of her with his cock deeply planted inside her ass. The zebra looks very pleased lying on top of the girl's belly, chuckling lightly.

The zebra's fur rubs against the girl's belly. Jidi adores feeling the soft fur gliding over her bare lower regions and abdomen. Finally, she gets to feel what she has fantasized about for so long - the thick veins massaging her asshole every time he pulls his cock back and in again. She holds her hands under her knees and keeps her feet as far back as she can. There isn't much she can see, but she loves the little glimpse of his big equine cock being rammed in and out of her asshole like a piston. She moans sensually, savouring every passing moment.

As the zebra whinnies and tenses his body, Jidi can sense how her entire ass is being filled with warm liquid. Oh, my God, oh, fuck yeah, she says in a breathless whisper, He's releasing inside me! He's emptying himself into my ass! She becomes utterly euphoric as she feels all the seed filling up the depths of her derriere. She revels in the exquisite sensation and sultry sound of the seed oozing out between her tight asshole and the sizable member that continues to pump seed up into her bowels.

Jidi revels in the moment as the zebra finishes emptying himself inside her. She feels the large cock becoming slightly flaccid in her ass, relishing the weight of the animal on her belly as it breathes heavily and squeezes out the last drops of seed. She savours every pulse of the cock deep within her ass before it slowly begins to withdraw. The girl adores the sensation of the thick, bulging head being pulled out of her rear, with warm cum already flowing from her ass.

The moment she has been eagerly anticipating has arrived – now comes the part where the head exits. It's a bit larger than the rest of his cock, so it gets stuck for a moment. Jidi places her feet against the zebra's hips and pushes him backwards she moans with pleasure as she feels the head pressing against her asshole from within. With a loud plop, it tears out, spraying cum from her butt. The sound of all that seed splashing on the concrete floor is incredibly arousing for both Jidi and other zebras watching nearby. Jidi lowers her feet and luxuriates in feeling and hearing horse semen flowing out of her ass onto the ground.

It doesn't take long before a new, eager zebra steps forward and positions himself over Jidi, effortlessly burying his cock deep inside her wet pussy before she fully comprehends what's happening. Despite the surprise, she relishes every moment of it. She enjoys being fucked in her cunt intensely, allowing her little butt to relax for a while after taking quite a pounding. The sensation is exquisite as the zebra thrusts vigorously, filling her with pleasure beyond words.

The first zebra begins to show interest in Jidi, approaching her with a curious gait. She lies there shamelessly enjoying being ruthlessly fucked by the massive beast, as cum drips out of her ass.

Turning her head to the side, she catches sight of the first zebra standing there with a semi-erect cock, snickering suggestively. She can see the deliciously large member swaying from side to side, its shaft glistening with cum and juices from their earlier encounter semen still trickling down. Jidi lures him closer with her finger. He positions himself beside Jidi's head so she can grasp his cock and slide it into her mouth. With one zebra inside her pussy and another in her mouth, the girl moans loudly in harmony with the powerful thrusts against her small cunt by the large zebra lying on top of her abdomen.

The zebra neighs loudly and ejaculates, filling the girl's lower body with warm semen. Jidi throws her head back in pleasure, gasping and moaning as she feels the zebra fill her pussy completely with cum. Simultaneously, the second zebra explodes, filling Jidi's mouth and face with hot horse sperm. Overwhelmed by the intense orgasm she experiences, Jidi is left speechless by the sensation of being drenched in ecstasy. She feels like the luckiest girl in the world amidst this wild encounter.

She sits up, wiping the cum off her face and glances around. Spotting a zebra that hasn't been released yet, she says sympathetically, Poor thing, are you just standing there watching? I can handle another round. Turning around, she grabs her buttocks and presents her wet butthole in hopes of enticing the zebra towards her.

It doesn't take long before she hears the sound of eager hooves against concrete and feels a warm muzzle between her buttocks followed by a long tongue sliding into her asshole and up into her rectum. Jidi arches her back as much as possible while pushing her ass out towards the zebra. She grips onto her buttocks as the zebra plays with its tongue inside the girl's ass. Trembling with pleasure, she moans like a cheap whore. Then she feels the tongue slide out along with cum and saliva.

Before she can think further, the zebra rears up and places its front legs over Jidi's shoulders. Feeling a large stiff cock seeking assistance to find the right hole, Jidi takes hold of it and guides it to her ass. It slides in effortlessly straight into her bowels where it belongs. Standing there upright with a wild zebra in her ass when another zebra places its front legs on Jidi's shoulders again but this time from the front. Oh my god, thinks Jidi, am I going to be fucked by two horses at once?!? Without further thought, she feels the zebra penetrate her tight wet pussy it slides right in causing screams of pure pleasure and delight from Jidi.

The zebras have found their respective holes and increased the pace. Jidi has never felt so used

before and loves every second of it. It feels so good to have a horse cock in each hole. She explodes in a wild orgasm, squirting uncontrollably and screaming loudly as the zebras pump her full of cock. The girl's crotch is so wet that when the eager zebra pulls his cock out of her pussy, it slips into her ass along with the other zebra. The girl screams in ecstasy. She can't believe she has two zebras in her ass. She loves feeling them move back and forth like pistons inside her ass, massaging her insides in a way she could never have imagined.

She realizes she no longer has her feet on the ground. She is solely resting on the two zebra cocks deep inside her ass. Both zebras start neighing and whinnying violently before they both explode, spraying her ass full of hot horse cum. She can feel them pulsating like a firehose up into her belly, while it oozes out between their cocks in her stretched asshole. All she can do is hold onto the ears and mane of the front zebra as they continue to pump their seed deep into the girl's ass.

She feels both cocks stop spurting and become flaccid. Her heart is pounding faster than ever before. She is incredibly satisfied. She feels one cock slowly start to pull out of her ass, the other following suit. Then with a loud pop and a subsequent splash, one cock falls out of her ass along with a lot of cum, and the back zebra climbs off the girl gently. Now she stands there face to face with an emptied and content zebra, feeling the large member slide slowly down the anal canal.

With a loud and wet plop, she feels the cock leave inside her as the cum gushes out of her little asshole. The zebra jumps off the girl gently and neighs gratefully before walking away. She leans forward slightly, placing her hands on her thighs, enjoying the sensation of warm equine cum flowing out of her ass. I'm such a dirty whore, she mumbles as she squeezes out the last drops.

Jidi's every desire has been fulfilled. She is so satisfied. She tells the zebras that they will meet again soon and winks at them. As she lifts one foot over the fence, she feels the delightful sensation of more cum leaving her ass. She looks at the zebra and blows a kiss to him. Bending down by the bench to pick up her pants and dildos, she feels something warm and relatively hard pressing between her cheeks and into her asshole. She had completely forgotten about the elephants standing right next to the zebras. Before she can think any further, she feels a curious trunk wriggle its way into her anus and up into her ass. She blushes a bit as she realizes what's happening. The feeling of an elephant's trunk wriggling up her ass reignites her arousal. Turning her torso to watch the elephant playfully exploring her backside. Eagerly, she thrusts out her rear end as much as she can, welcoming the intrusion. A guttural moan escapes from her lips as she feels the elephant's trunk slide further up into her ass, twisting like an eel.

As the elephant's trunk slithers deeper into Jidi's ass, she lets out a gasp of surprise and pleasure. The sensation of being filled up by such a large and powerful animal overwhelms her with lust.

Despite her poor rear end being thoroughly ravaged, she craves more. Turning with hunger in her eyes, she breathlessly tells the elephant that she wants more. Determinedly climbing over the relatively low fence and into the elephant enclosure, she scans the area and spots two elephants looking curiously at her. She hopes they welcome her as she turns her back to them. Lying down with her upper body on the ground, she lifts her backside as high as possible, hoping they get the hint. It doesn't take long before she feels a curious trunk sniffing between her cheeks. Grasping her buttocks, she spreads them as wide as possible. Suddenly, a trunk slides into her wet pussy.

She bites her lower lip as she feels the trunk smoothly gliding through her pink lips. Moaning and breathing heavily, she tilts her head slightly to look behind her. The elephant stands on her side, she watches as the long trunk skillfully twists to the side and into her pussy. Her fingers claw at the ground uncontrollably grasping grass and dirt. What about my ass? I want something in my ass! Give me something in my ass! she moans. To her joy, she feels another trunk playing between her cheeks. Before she knows it, it probes into her anus, eagerly playing around in the rear opening for a few seconds. It feels like a wriggling fish stuck in her ass. She moans loudly and uncontrollably from pure pleasure, just managing to turn her head to the other side to look at the other elephant before feeling it determinately pressing its trunk as far up into her ass as physically possible.

She gasps and breathes heavily as she feels them play enthusiastically with each of her openings. She remains in total ecstasy, her face buried in a tuft of grass, surrendering completely to the animals behind her. She hopes they never stop.

With a sudden, unexpected movement, both elephants withdraw their trunks from Jidi's well-used holes. A mixture of equine cum and saliva drips from her abused holes. She loves the sensation, especially the sound of the trunks popping out of her body. She lies there, enjoying the suction sounds of her ass uncontrollably opening and closing while she gently caresses her pussy.

Suddenly, she feels a trunk caressing her waist, gently wrapping around it. In an unanticipated turn of events, a third elephant, polite but firmly, starts lifting her from the ground. He flips Jidi upside down so that only her lower body is exposed to their eager eyes. Her beautiful pussy and her gaping ass glisten enticingly in the dim light, slick with arousal and calling out for further attention. The large hoodie falls down, revealing a pair of big but firm perfect breasts that sway in rhythm with the elephants' movements.

Without wasting another moment, both elephants take turns inserting their trunks like pistons into Jidi's wet asshole - each animal taking his time to explore the inside of the teenager's ass. The sensation of being filled and stretched so hard sends a fresh wave of pleasure coursing through her body as she moans in unabashed delight.

With every movement of the elephants' trunks inside her, Jidi is awash with ecstasy. The sensation of being filled to capacity by these magnificent creatures is more intense than anything she's ever experienced.

It's primal and pure, an experience that makes her feel alive in ways she never thought possible. Every nerve ending in her body seems to be humming with satisfaction as waves of pleasure pulse through her from head to toe.

As the elephants take turns, their trunks moving rhythmically within her ass, Jidi feels a whirlwind of sensations. There's the fullness that comes with each thrust, stretching her in ways she never thought possible. There's also the friction - rough yet oddly comforting as it rubs against her

sensitive inner skin.

And then there are those moments when they pause to press their trunks deeper inside her. The anticipation is almost unbearable but when they finally push further into her, filling every inch of space within her ass, it leaves Jidi gasping for breath and crying out in ecstasy.

Her body trembles from the sheer intensity of it all. She loves not being in control anymore. She only sees her hair and hands as they hang down, brushing the ground as she sways from side to side, feeling how the elephants have claimed her body. She is their toy now. There's nothing she can do while they use her ass as a playground... and she fucking loves it.

The sensation in Jidi's ass is an overwhelming mix of pleasure and intensity. The elephants' trunks are thick, filling her completely. Every time they thrust their trunks deeper into her, she could feel the stretch – a delicious tension that makes her gasp with delight. It's a fullness unlike anything else, pushing at her limits and yet leaving her craving for more. And then there's the texture – rough yet oddly stimulating as it rubs against the sensitive walls of her ass. Every movement sends sparks of pleasure, making every fibre in her body buzz with anticipation. It's an intoxicating combination – one that leaves Jidi writhing in pleasure as she surrenders to this wild and primal experience. One of the elephants pushes its trunk deeper down into her ass, playfully wiggling its way in her intestines until it finds the sphincter, probing gently but not enough to break through. It twists its trunk like an eel inside her. Oh fuck! Oh god yes! That feels so fucking good! She arches her eyes and screams and moans loudly in disgusting pleasure.

As the elephants continue their relentless exploration of her ass, Jidi feels a familiar heat building within her. It starts as a small flame in the pit of her belly, growing stronger and hotter with every movement of their trunks. The sensations are too much – the fullness, the stretch, the friction – all combining to push her over the edge. Suddenly, she's there – on the precipice of an orgasm unlike any other she's ever experienced. And then it hits her – a tidal wave of pleasure that crashes through her body without mercy. Her muscles contract around their trunks as waves of pleasure pulse through every nerve ending. She screams out in pure bliss as each wave seems to be more powerful than the last. Her body convulses uncontrollably under them as they continue to fill and stretch her ass even during this intense climax. The feeling is almost too much for Jidi, overwhelming yet utterly satisfying at once.

The first elephant slowly and contentedly pulls its trunk out of Jidi. The third elephant turns her around and gratefully places her down on the ground, while the second elephant still has its trunk in her ass. Exhausted but satisfied, Jidi kneels on the ground as the elephants gently withdraw his trunk from her ass.

The cool air against her exposed skin is a stark contrast to the warmth she's just experienced. One of the elephants tenderly drapes its trunk over her shoulder – it's slick and smooth after having been so deep inside her ass. As she runs her hands up and down its length, she can't help but crave more of that intoxicating pleasure.

The third elephant immediately begins to playfully tease at her entrance with its trunk. Slowly but surely, it starts pushing into Jidi's wet gaping ass again. Her cries of joy echo through the space as the elephant enthusiastically explores this new playground.

As the elephant's trunk delves deeper into her ass, Jidi can't help but moan like the whore she is. The sensation is nothing short of intoxicating – the fullness, the stretch, and that delicious friction against her sensitive walls. Unable to resist touching herself, she reaches down to caress her swollen wet folds. Her fingers glide easily over her slick skin as waves of pleasure radiate from both

ends. Inside her ass, the trunk twists and turns in a rhythm all its own. It explores every nook and cranny with unerring precision, sending sparks of ecstasy shooting up Jidi's spine with each movement.

The sound of hooves behind her catches Jidi's attention, and she turns to see a zebra that has managed to cross the fence into the elephants' enclosure. The sight of her lying there with a large trunk in her ass clearly excites him. The elephant withdraws its trunk from Jidi's ass, leaving both animals free to gaze at the gaping hole that is still dripping with their combined juices.

Without wasting any time, the zebra positions itself over Jidi and easily slides its large semi-hard cock into her waiting ass. She has her hand between her legs, using a few fingers to make sure he finds the right hole. Jidi moans loudly as she feels yet another equine cock filling her up. Once he bottoms her, she can feel a curious trunk exploring her pussy - lightly tracing along her wet lips before delving deeper into her folds. She's in ecstasy - filled by a thick zebra cock in her ass and an eager elephant trunk playing in her pussy. It doesn't get better than this, she groans happily.

In an unimaginable scenario, Jidi finds herself experiencing a wild and intense pleasure. The massive elephant trunk fills her pussy completely, stretching it to its limits and providing sensations she's never felt before. At the same time, the zebra's large cock persistently thrusts into her slick ass with eager enthusiasm. Each deep penetration sends waves of ecstasy coursing through Jidi's body as the zebra pulls out only to slam back in again, expelling thick streams of hot cum inside her each time it reaches full depth.

Caught in a rhythm of wild ecstasy, Jidi feels the elephant's trunk and zebra's cock moving synchronously within her. The sensation is overwhelming, driving her to lose all sense of time and space as she squirts uncontrollably with each thrust. Her breath comes out in ragged gasps as waves of pleasure surge through her body, causing an intense orgasm, unlike anything she has ever experienced before.

The zebra lets out a loud whinny before driving its cock as deep into Jidi as possible. She loves the sensation of feeling the warm zebra cum filling up her ass entirely. There's no more space inside her. almost all the cum he shoots inside her gets squeezed out between his cock and her asshole, creating loud slurping sounds in those moments when there's a small gap between his large cock and her once-tight asshole. He neighs and whinnies loudly as he pumps her teenage ass full of his cum. She can feel an intense pressure as the cum breaks through her rectum, entering her stomach and floods into her belly.

Jidi can feel the taste of zebra cum on the back of her tongue. The combination of this and the elephant's trunk playing with her pussy leaves Jidi in a state where she loses control over her body. She lays on the ground, held upright solely by the large zebra cock inside her and the eager elephant still exploring her insides. Suddenly, she senses that the zebra has finished unloading itself. Its cock starts to soften and it begins to pull out from deep within her. Jidi can feel every vein on its long and fat member as it slowly withdraws from inside her. The elephant manages to retract its trunk first, making it slightly easier for the zebra to extricate itself. The zebra's cock is now completely limp but its large head remains lodged in Jidi's stretched asshole like a stopper in a bathtub drain. Unconcerned about this predicament, the animal simply steps forward over Jidi causing his flaccid member to lay between her buttocks partially draped across her back. With a sudden tug, like uncorking a bottle of champagne, his bulbous head tears free from Jidi's tight rim with an audible 'pop'. A torrent of warm cum pours out from what was once an innocent teenage ass.

Lying there utterly exhausted with her ass in the air, Jidi's asshole spasms uncontrollably. It clenches and gapes wide open as thick, warm zebra cum continues to leak out. Despite her spent

state, she feels proud and impressed with herself for what she's just done.

Feeling rather naughty and dirty as she lays there with her ass in the air, feeling the warm semen trickle down the insides of her thighs and into her shoes. Then she feels the elephant's trunk playfully exploring her exposed ass again.

She starts to feel tired, but at the same time, it feels so fucking good, that she lets him do as he pleases. She playfully shakes her ass while giggling. She moans like a cheap whore as it slowly penetrates back inside her ass. As it curiously probes around inside of her, Jidi experiences a peculiar but incredibly satisfying sensation when he begins sucking out all of the cum from deep within. Suddenly he pulls his trunk completely free from Jidi's abused hole only to mischievously squirt the remaining fluid onto Jidi's face.

Somewhat shocked but satisfied, Jidi begins to lick the cum from around her mouth. She sits up and wipes off as much as she can with her hands. The elephant, being quite the gentleman, offers his trunk for support as she rises from the ground. He takes a good sniff at her pubic hair before letting her go. Jidi giggles and thanks him before heading over to the bench where her clothes are laid out.

Jidi sits by the bench, her body still tingling from the intense encounter with the animals. She slowly slips on her shorts, feeling a mix of satisfaction and excitement for what had transpired. The memory of being pleased by such majestic creatures lingers in her mind as she brushes off any remaining dirt and grass from her knees & hands. As she stands up, a mischievous smile plays on her lips. The moonlight bathes her in a soft glow as she gazes out into the night, feeling alive and exhilarated. With each step towards home, zeJidi carries with her the thrill of forbidden pleasures and a newfound sense of freedom that only comes from embracing one's deepest desires.
